

### BUILDING GOODWILL GIVEN AS GOAL TO WHICH PUBLIC SHOULD STRIVE TO ATTAIN

#### Closer Relationship Between Citizens Of Area Sought By CC; Attention To Be Given New Comers

The chamber of commerce could not direct its attention to a more successful objective than that of building for a more universally cooperative understanding as between the citizenship of this and other communities in this area, speakers addressing the CC luncheon club meeting Tuesday noon announced.

The question was introduced by Dr. W. M. Elliott who explained that he had realized importance of such a campaign after conferences with officials of the chamber of commerce and business men. The minister changed that Colorado business and professional interests had become neglectful, to some degree at least, to this social and economic duty and were destined to lose thereby unless definite steps were taken to bring closer understanding of all interests into being. J. Ralph Lee was presented as principal speaker on the question. Lee suggested that Colorado business men had better awaken to the importance of building a closer relationship between themselves and their trade clients. He stressed good results that should come from a series of community meetings, as suggested by Dr. Elliott, in which the merchant would sponsor banquet affairs and take a rural citizen as his guest.

Reference to these get-together meetings as held in other sections of West Texas were referred to. Reports indicated they had proven successful and resulted in attaining much good toward the end, such as that of a unity of purpose in promoting the best interests of every industrial and economic enterprise represented in the trade territory. E. R. Bibby, Doc Wimerley, Carl A. Blasig and J. Y. Fraser were other citizens to speak on question, all of whom stressed merits of the undertaking. "You need not concern yourself in the fact that people are going to other places to trade," Bibby stated. "The modern age of motor cars and paved highways in which we are living naturally beckons the public to go places. While there they are going to look around and do some shopping."

### Recent Additions To Blotter Will Give Full Calendar For 32nd District Court

November term of 32nd district court to be convened Monday morning by Judge A. S. Mauzey of Sweetwater will, according to present prophesy of local public officials, develop into four weeks of crowded business, due to developments that in recent past have been reported and entered on the court blotter for investigation by the grand jury.

Civil matters will consume a considerable part of the court term, County Attorney B. F. Carter stated Tuesday morning. He referred to two causes that were expected to require the better share of a week in which to try. Others of minor import are pending on the docket. That the grand jury would report the finding of its usual quota of bills was suggested. Listed in that division

### PRICE PAID BY CHRIST FOR SALVATION OF MANKIND IS PORTRAYED BY PATTERSON

#### Interest Growing In Revival At First Baptist Church; Personal Campaign Taken To 400 People Thursday

The devotion that Christ entertained for humanity as reflected in his death and burial to be climaxed through his coming again on that day when time shall be no more is background for pictures being painted by the Rev. T. A. Patterson in delivery of sermon address in revival at First Baptist church. These themes are discussed at the evening services.

The pastor continues to lay considerable emphasis upon the call for personal service in the church, especially during days in which the revival campaign is under way. Through the medium of a well organized effort, with Sunday school officials and other religious leaders as captains, the minister hopes to contact every person within the community with a message of salvation and the appeal that Colorado people should rally about the cross of a crucified Saviour.

Thursday afternoon at 2 o'clock scores of church leaders met at the church and after having been organized into groups and assigned certain sections of the city, went out to tell the people about the revival and invite them to attend the services. Some 400 were contacted during the afternoon. Special attention was given to the suggestion that Baptist prospects be contacted.

The special religious services, opening Sunday morning in the church auditorium, is gaining momentum daily. Tommie Godfrey of Palestine, musical director and leader in personal work, stated Thursday morning. This is especially true of the evening services, starting at 7:30 o'clock. The morning services are beginning at 10.

The special prayer services convened in the church building at 7:15 each evening for 15 minutes of devotion are attracting large numbers of worshippers, Godfrey stated. The services are conducted by classes in the adult Sunday school department and by entire departments in other divisions of the school.

The musical programs given each evening before delivery of the sermon addresses is another feature of the revival that is playing an important part in the meeting, Godfrey continued. Godfrey, an accomplished soloist, is heard in vocal solo during each of these services.

"It is the sincere wish of Rev. Mr. Patterson that this revival be extended to include every citizen of this community within its embrace," Godfrey said. "We are engaged in the business of pointing a lost world to Christ and shall realize success in that ambition if the people of this community place themselves without reservation in the hands of God."

The revival is to continue through Sunday, November 10.

### COTTON RECEIPTS BOOSTED TO OVER 21,000 BALES AS IDEAL WEATHER CONTINUES

#### 2,995 Bales Received During Week Ending Tuesday At Noon; Crop Is Two-Thirds Harvested In County

Continued favorable weather conditions has progressed the Mitchell county harvest through another week to boost total for the season to 21,151 bales, it is shown in report announced at noon Thursday from the Record office. A total of 2,995 bales, as compared with 2,933 for the previous week, were received during the seven days.

Estimates on state of the harvest indicate that the crop is two-thirds gathered. Should that figure be sustained as the season is closed the present crop will have yielded 31,726 bales. The figure is considered conservative by other local sources, some of whom place production estimate at 35,000 bales.

Local cotton quotations have registered a gradual decline during the seven days. Seven days ago staple was bringing an average of 8 cents. Today the figure has been lowered to 7.40. Seed, however, remains unchanged on the market and Thursday noon was bringing \$18 a ton, a price reported regularly for the past few weeks.

The six gin plants in Colorado reported 9,070 bales ginned, as follows: Farmers Cooperative, 1,369 bales; Farmers Gin Company No. 1, 718 bales; Farmers Gin Company No. 3, 1,700 bales; Colorado Gin Company, 1,960 bales; Concrete Gin, 2,503 bales, and Williams & Miller, 1,720 bales.

Loraine plants had received 5,884 bales; Westbrook 3,352 bales; Buford, 1,195 bales and Valley View and Hyman, 1,350 bales.

Another few weeks of fair weather and the harvest will be over, or at least down to the stage in which only scattered remnants remain in the fields, a local gin manager suggested. As a rule farmers delivering their cotton here have gathered bulk of their crop.

#### REV. MR. HEYES NAMED RECTOR OF ALL SAINTS' EPISCOPAL CHURCH HERE

Members of All Saints' Episcopal church have received word that the Rev. J. W. Heyes of Greensboro, Alabama, has been appointed as their minister by the Rt. Rev. E. Cecil Seaman of Amarillo, bishop of the North Texas Missionary district of the Protestant Episcopal church.

The Rev. Mr. Heyes will also serve the churches at Coleman, Sweetwater, and Stamford. He and his family will live in the rectory at Colorado. They are due to arrive about Nov. 1.

All Saints' has been without a minister since the Rev. Alex B. Hanson resigned to go to Concordia, Kansas, in February.

### H. Wolk, Retired Merchant, Buried At Calvert, Texas

#### Former Colorado Citizen Is Taken In Death After Lingered Illness

H. Wolk, for several years engaged in the mercantile business at Colorado, died Sunday morning at the home of his son, Joe Wolk, in Calvert. Mr. Wolk had been in ill health for some time. He and Mrs. Wolk had gone to Calvert for a visit when he was stricken.

Funeral rites were held at Calvert Monday morning with burial in a cemetery there. He is survived by his widow, the son and one daughter, Mrs. Gussie Taube of Calvert.

A native of Russia Wolk came to America in 1898 and had spent a number of years in business. He and family located at Colorado in 1924 and made this community their home until Mr. Wolk retired a few years ago. Mr. and Mrs. Wolk had during recent years maintained their residence in California, at Colorado and Calvert.

Deceased served as a youth in the Russian army and often told friends of his experiences in the Tsar's fighting forces. He was 63 years old. Mrs. Wolk arrived in Colorado late Tuesday and spent a few days here looking after property interests of the estate. One of the best business buildings on West Second street, that occupied by the Gem theatre, is owned by the family.

### WILL JINX OF OTHER DAYS RETURN AS WOLVES FIGHT FOR 6-B PENNANT FRIDAY

#### Colorado Expected To Divert Ill Omen Into Victory As Roscoe Eleven Is Engaged In Crucial Battle

The jinx of other days that brought his ill omen into play against Colorado as the locals met Roscoe's Plowboys in conference disputes, will be turned into victory here Friday night if Jack Christian's pack display the offensive and defensive strategy under which the Wolves paraded to decisive wins over opposing elevens in games already played at Cantrill Field.

But will the Wolves overcome that jinx, is paramount question running the gauntlet in mind of Colorado fans on eve of the crucial fight. All are agreed that the game is the most important to be played on calendar of district 6-B this season and that the club to come from the field with laurels of victory will continue with easy strides to the area pennant.

Colorado will be smarting under sting of defeat at hands of the Plowboys in 1936 and 1935, two seasons intervening since the Wolves stepped down out of Class A rating to return to their former berth in the lower bracket. However, the Wolf machine for 1937 is stronger than in either of those seasons and Roscoe has not shown the power that was built into her grid organizations of the recent past.

Roscoe held Colorado to a 40-0 scoring affair in 1935. It was in that year that the Plowboys fought their way to the district crown. Last year the Plowboys came to Cantrill Field to again rout the Wolves. The score this time was 25 to 0 with Wallace Gray, Plowboy end and a former Colorado youth leading his mates in the slaughter.

Both elevens are to enter the battle in the Roscoe-Rotan battle, played on the Yellowhammer stadium, the Plowboys won 19 to 0 through a schoolboy spectacle in which both elevens fought doggedly. Dopesters can figure out the potential strength of the opposing teams for themselves. As seen by this department Colorado will win by one touchdown.

"The Plowboys are fit as a fiddle and ready for the Wolves," Squib Carruthers, coach, announced Tuesday. He stated that Wallace Gray, the flashing backfield star who led his colleagues in rout of the Wolves a year ago, along with Doyle Fitts, another star in the backfield, would be in the starting line-up. He determined to win and they will be supported by every ounce of enthusiasm that ardent fans of the rival clubs may be able to muster.

#### ANOTHER CAR THEFT IS REPORTED POLICE HERE

Local police were informed Monday morning that a 1937 Ford Tudor sedan had been stolen in Sweetwater. The machine, owned by Roy Pendergrass of Sweetwater, was taken from its parking place in the business district at about 8:30.

Colorado car owners are again cautioned as to dangers of having their machines stolen unless precaution is used. Several cars have been reported stolen in this part of the State during the recent past.

#### TWENTY DRUNK CHARGES CALLED DURING THE DAY

Sweetwater courts are evidencing no let-up in drive against intoxication in that city. Monday a total of twenty defendants charged with the offense of being drunk were brought into police and justice court. All of them entered pleas of guilty and were assessed fines of \$14. Most of the accused paid off. The others were sent to jail.

## Seven From BPW Club Attend 5th District Parley

Seven members of the local Business & Professional Women's club attended the annual meeting of the fifth district, Texas Federation of Business & Professional Women's clubs, in Stamford Saturday night and Sunday.

They were Mrs. Ida Kirschbaum, Lillian Pond, Mrs. Iona Jones, Elizabeth Kirkpatrick, Mrs. Anna Ferguson, Mrs. W. R. Martin, and Mrs. Myrtle Crowder.

The Colorado club furnished two program numbers on the Sunday morning schedule and two at the Sunday luncheon. One of the luncheon numbers was a request repetition of a chorus number which Mrs. Martin singing solo parts. The other luncheon number was a comedy skit. Mrs. Martin was pianist for the entire convention program. She sang a solo on the morning program.

As president of the Colorado club, Mrs. Kirschbaum gave the club's report at the Sunday morning breakfast. During a business session Sunday Mrs. Ferguson was elected public relations chairman for the district, Miss Kirkpatrick finance chairman for the district.

The Colorado delegation attended services at the church of which the Rev. P. D. O'Brien, formerly of Colorado, is pastor.

The next district meeting will be at Abilene.

## James V. Payne To Marry Dallas Girl November 7

According to society items appearing in the Dallas Times-Herald recently, the marriage of James E. Payne of Colorado to Miss Addie V. Smith of Dallas is to take place at the home of the bride's parents in Dallas on Sunday, November 7.

Miss Smith is the daughter of Mr. and Mrs. Radell S. Smith of Dallas. She was reared there and attended S. M. U. after graduation from high school. She has been employed for some time in the office of Warner Pror, in Dallas. She is said to be an accomplished musician.

Mr. Payne is the son of Mr. and Mrs. J. I. Payne of Colorado. He has spent most of his life in and near Colorado, with the exception of a few years spent in Sweetwater. He is employed at the Col-Tex refinery. The bride-elect has been and will be honored at a number of social affairs in Dallas.

Miss Elizabeth Terrell, who has been employed in Fort Worth, is here for a visit with her mother, Mrs. R. B. Terrell.

## Julia Mae Root, Bride-Elect Of Jimmy Cook, Shower Honoree At Majors Home

Continuing the series of social affairs honoring Julia Mae Root, whose engagement and approaching marriage to Jimmy Cook on November 6 was announced recently, a shower reception was given by Mrs. Sam Majors Wednesday evening. Mrs. Majors was assisted in making arrangements by Mrs. P. K. Mackey and Mrs. Ed Jones, Sr.

Baskets and vases of autumn roses, marigolds, winter daisies, and artistically arranged wild flowers filled the receiving rooms. On the mantle was a large vase of long-stemmed roses with ivy trailing around it, reaching out to baskets of flowers on bookcases on either side of the mantle.

Guests were met at the door by Mrs. J. G. Merritt and led to the receiving line by Miss Mabel Smith. In the line were Mrs. Sam Majors, Miss Root, Mrs. C. L. Root, Mrs. Faris Lipps, and Mrs. N. H. White. Mrs. Sefton Pickens presided over the registry.

Soft piano music was played by Mary Frances Mackey as the guests assembled. Fannie Porter sang at intervals.

Tea was poured in the dining room by Mrs. P. C. Coleman and Mrs. J. Lee Jones, each presiding over silver

services at either end of the lace-covered, candle-lit table. The centerpiece was of full-blown talisman roses mingled with lace fern in a bowl which stood on a mirror reflector. Golden tapers burned in double crystal candle holders at either end of the table.

The house-party included, in addition to those already mentioned, Virginia Reese, Emma Jean Morrison, Mary Ailene Mickle, Mary Frances Majors, Josephine Chesney, Francis Jones, Mrs. H. B. Broadus, Memphis Porter, and Mrs. Jack Cox. All were in evening dresses.

The honoree wore a moire evening dress in shades of roses. The square-cut neck was caught at either corner in front with rhinestone clips. The front of the frock was princess style, the back being caught in with a large sash tied in a large bow over zipper fastening.

An informal program was introduced by Mrs. Majors. Mrs. N. H. White sang "All For You" with Miss Mackey accompanying. Miss Mackey played an accordion solo. Mrs. Lipps also played piano numbers.

The gift speech was made by Josephine Chesney as the gifts were carried into the dining room by members of the house party.

## Busy Session Held By County Federation Tuesday; Mrs. McCleary Is Made Librarian

A busy session was held by the Mitchell County Federation of Women's clubs Tuesday afternoon at the city hall. Election of a librarian, giving of reports, election of a state delegate, and a resume of the president's objectives made up the fast-moving program of the afternoon.

The president, Mrs. J. A. Ferguson, featured the planting of more trees in an outline of the beautification campaign which she hopes to promote during the year. She urged clubs to have their delegates present at each meeting.

Reports followed. Mrs. J. W. Shepherd reporting as treasurer and Mrs. Leslie Crowder as chairman of American citizenship. Club reports were given by Mrs. J. G. Merritt for the Hesperian, Mrs. R. P. Price for the Zetaphian, Mrs. C. P. Garry for the Self Culture, Mrs. A. D. Kiker for the Daughters of the King, Mrs. Jeff Dobbs for the Art club, Mrs. Leslie

Crowder for the Business & Professional Women's clubs.

Voting on applications for the position of librarian resulted in the election of Mrs. J. E. McCleary from a field of five candidates. Mrs. McCleary will assume charge of the fiction library which the federation sponsors at the city hall November 1. She will succeed Mrs. Jewel Barrett, who resigned October 1.

Miss Vera Crippen, county home demonstration agent, told of her work and of her efforts to get clubs organized in the northeast part of the county. Mrs. Carl Blasig, wife of the chamber of commerce manager, was introduced by Mrs. H. B. Broadus. Mrs. Ed Jones, Sr., discussed an institute, and this was voted by the federation.

Members voted to send Mrs. Ferguson to the state meeting in Austin, paying her transportation expenses. Mrs. L. B. Elliott was elected alternate.

## Autumn Hues For Parties Given By Mrs. Ace McShan

Hues of autumn gave seasonal color to parties which Mrs. Ace McShan arranged on Tuesday and Wednesday afternoons. Chrysanthemums and marigolds were featured in house decorations, their colors being repeated in playing appointments.

Four tables of players were included in the Tuesday afternoon party, which honored Mrs. Dick Carter, a former Coloradoan who visited Mrs. Ace McShan during the early part of the week. High score prize went to Mrs. Joe Mills, low to Mrs. Earl Cramer. Mrs. Carter received a guest prize.

Other Tuesday players were Mesdames Ledger Smith, Harry Ratliff, Charles Mann, Jr., Ford Merritt, Ed Majors, D. H. Lewis, Oscar Price, R. J. Wallace, B. J. Baskin, A. R. Norred, E. S. McCord, James Herington, and John E. Watson; Miss Katie Buchanan.

The Wednesday party included five tables. Mrs. Blue Goodwin making high score. Mrs. Dudley Snyder low. Other players were Mesdames Bill Oswald, Jack Christian, Frank Kelley, Dick Carter, Bill Dorn, Randolph McEntire, Willis Jones, Henry Doss, Jr., M. O. Chapman, Lester Manning, Jack Mayes, Charles Moser, E. S. McCord, Jim Cantrill, Raymond Gary, A. C. Anderson, Jack Cox, and Ed Jones, Jr.

## Dr. J. D. Williams and Lubbock Woman To Marry Nov. 7th

Of considerable interest in Colorado and vicinity was the following story which headlined the society page of the Lubbock Avalanche-Journal Sunday:

"The approaching marriage of Miss Gladys Sanders of this city and Dr. J. D. Williams, Jr., of Colorado, Texas, was announced at a twilight tea given Saturday at the home of Mrs. C. C. Jobson, 1918 Seventeenth street. Hostesses were Mrs. Jobson and Misses Dorothy Levey, Hazel Duncan, Vera Periman and Opal Sloan.

"The wedding will take place on November 7.

"Guests were greeted by Miss Levey who presented them to the receiving line made up of Mrs. Jobson; Miss Sanders; Mrs. E. C. Harris of Sweetwater, sister of the bride-elect; Mrs. J. D. Williams and Miss Bobbie Williams, mother and sister of Doctor Williams.

"Mrs. Yancey Price invited guests into the dining room where tea was poured by Miss Sloan. She was assisted in serving by Mrs. Periman and Miss Mary Lou Jobson.

"The refreshment table decoration featured a miniature bride and bridegroom who were placed in the center of a huge rose arranged from many petals. Guests received the announcements on pink rose petals given as plate favors. The tea table and entertaining rooms were lighted with white tapers burning in crystal holders.

"Mrs. Carl Horton played piano selections throughout the evening.

"One hundred guests called. Farewells were said by Miss Duncan.

"Miss Sanders is assistant home demonstration agent of Lubbock county. She is a member of the Lubbock Business and Professional Women's club and the Kappa Gamma sorority."

## Business Women Have Breakfast Party Thursday

A breakfast party was the entertainment arranged for members of the Business & Professional Women's club Thursday morning by members of the publicity committee, Miss Cal Yates and Mrs. Anna Ferguson.

Guests met at the home of Mrs. Ferguson and then went to the Round Top for breakfast. Mrs. W. H. Turner was the only guest.

Members present were Mesdames Myrtle Crowder, Ida Kirschbaum, Iona Jones, and Ferguson; Misses Neta Mae Davis, Lillian Pond, Vera Crispin, Beatrice English, Hattie Tankersley, Alwilda Crostwaite, Sallie Miller, Pearl Traynor, and Yates.

## Mrs. Hank Bryant Is Shower Honoree

Honoring Mrs. Hank Bryant, who was Ruby Wyatt before her marriage Monday afternoon of last week, a shower was given by Mrs. Robert Baker and Mrs. E. H. Burnett at the home of Mrs. Joe Sheppard Wednesday afternoon.

Autumn flowers and Halloween symbols were used in house decorations. Mrs. Baker was at the bride's book. A program which included a reading by Donna Lee, a dance by Vivian Giddens, and a violin solo by Wilma Barnett was given.

Dressed as a Halloween "spook," Mrs. Chester Smith introduced the gifts by entering with a suitcase full of packages. The other gifts were carried in and opened.

## Mrs. Martin, Pupils On Snyder Tea Program

A Pan-American tea given by the Altrian club of Snyder last Friday afternoon featured Mrs. W. R. Martin and two of her pupils on its program.

Mrs. Martin sang a Spanish waltz with Mrs. Novice Rogers of Snyder accompanying her. Dana Marie Merritt did a Spanish dance and Gloria Martin sang a Mexican song. Their performances were given three times, since the guests came in relays.

## Bluebonnets Meet With Mrs. Barcroft

Eleven guests were included by Mrs. E. A. Barcroft when she entertained the Bluebonnets Tuesday afternoon. The playing room was decorated with winter daisies.

The guests were Mesdames R. H. Looney, C. E. Way, Y. D. McMurry, Sam Wulfjen, E. H. Winn, Frank Lupton, George Plaster, H. H. Bennett, D. C. Hendrickson, and C. E. Jameson; Miss Caroline Chambers. A salad course was served after the games.

## WOMEN IN THE STUDY CLUBS

### Hesperian

The first act of Shakespeare's "Henry VIII" was studied by the Hesperian club at the home of Mrs. Ed Majors Friday afternoon. Mrs. Sam Wulfjen was leader.

A synopsis of the act was given by Mrs. Bill Coffey. Mrs. John E. Watson gave "Delineation of Henry," and Mrs. S. H. Millwee had the topic, "Ecclesiastical Learnings, 1485 to 1600."

An interesting Better English drill was in charge of Miss Gladys Miller. Mrs. E. H. Winn and Mrs. Nat Thomas reported having visited the Coleman school and told of needs there.

### Self Culture

A health program was observed by the Self Culture club at its meeting with Mrs. M. J. Dawson Friday afternoon. Mrs. Dawson is now an associate member.

Health hints were given during roll call. Mrs. A. F. King discussed "Building Your Child's Character" and Mrs. Lee Phenix had the topic, "Heart Diseases in Children." Mrs. John Brown gave some answers to the question, "Should Mothers Be Willing Slaves?" Some things that should be known about cancer were sketched by Mrs. W. D. McClure.

The women discussed the meeting of the state federation in Austin November 8-12. A salad course was served with hot chocolate as the meeting closed. Mrs. L. B. Elliott is to be the next hostess.

### 1921 Study

Two plays, Sherwood's "Idiot's Delight" and Behrman's "End of Summer" were studied at the 1921 Study club meeting with Mrs. C. L. Root Friday.

Resumes were given by Mrs. Van Boston and Mrs. R. H. Ratliff, the former's being on "Idiot's Delight" and the latter on "Reunion in Vienna." Mrs. H. B. Broadus gave an estimate of Behrman.

### Shakespeare

Two guests, Mrs. Ledger Smith and Mrs. Lois Prude Bennett, were present when the Shakespeare club met Friday with Mrs. Thos. R. Smith. The lesson was led by Mrs. Frank Lupton, who substituted for Mrs. John L. Doss.

After the varied roll call the lesson on "Merry Wives of Windsor" was held. Mrs. Joe Smoot is this week's hostess.

LOCAL CIRCLE

The Local Circle of M. E. W. M. S. met with Mrs. J. M. Bruce and Miss Isla Bruce Monday, Oct. 25, with 25 present.

Halloween was emphasized in decorations of vases of yellow and brown marigolds and other autumn flowers, yowling black cats, broom-riding witches, etc.

Mrs. Harold Martin called the meeting to order and the hymn, "Take My Life and Let It Be" was led by Mrs. Hamilton Wright. Mrs. C. W. Palmer led in prayer.

Mrs. Roy Edwards brought the devotional lesson, Psalms 33, and in carrying out the theme, "Praise To God," read two impressive editorials, "Is Peace Any Nearer" and "Blessings That Abide."

Mrs. Tennis Wilson brought a comprehensive study of the status of "Women in the Church and Around the World."

"Blessed Assurance" was sung. Business included routine reports. Social service reported fourteen trays, forty-one visits, twenty-six floral offerings.

Plans for interior decoration of the church building were discussed and the motion by Mrs. Ed Williams to drop said plans as impractical with limited funds carried and all funds available to Local Circle with help from Gleaners and Willing Workers S. S. classes will be spent on interior of parsonage (which we are sorry to say has been badly neglected). Plans were made to paper, paint and refurnish the church home. A gift shower box will be sent to Rev. Kitchen and family.

The hostess hour consisted of fortune telling by a wise old witch (Mrs. Marshal Bruce), giving scripture quotations to verify her.

The hostesses were assisted in serving pumpkin pie and coffee by Mrs. J. G. Bruce and Miss Allie Mae Martin.

Mrs. Arlie Martin and Mrs. C. W. Palmer will be November hostesses 4 Monday.

GLEANERS BIBLE STUDY

The Gleaners Bible Study met Tuesday, Oct. 26, in the home of Mrs. Roy Edwards with 12 members present. Mrs. Ed Williams called the class to order and introduced the lesson, Deuteronomy 8 to 12 chapters.

Mrs. Williams, study superintendent, was assisted by the following sub-leaders: Mrs. W. E. Honea, Mrs. Earnest Meadows, Mrs. John Marshal and Mrs. Arlie Martin.

Mrs. C. W. Palmer led the opening prayer. Mrs. T. A. Martin dismissed the class with prayer.

The next lesson will be Deut. 12: 13-14th chapters at the regular class meeting Nov. 9.

LIONS ON THE GO EVERYWHERE, ATTORNEY NOTES

That Lionism is reflected in the same brotherly consideration and devotion to the work of service to others anywhere one may visit was suggested Friday by Thos. R. Smith, Colorado attorney who returned recently from Cincinnati, Ohio, where he spent two weeks attending sessions of the general convention, Potestant Episcopal churches.

Smith spoke of his having attended meeting of one of the Cincinnati clubs while visiting in the Ohio city.

GRID STAR OF '69 NOTICES CHANGES IN THE OLD GAME

DENVER.—A round-faced, hearty-voiced little man of 89 who played in the first known grid game ever held in the United States still thinks football "is a darned good game."

"But it certainly has changed since my day," says Homer D. Boughner, retired Denver insurance agent and building marble salesman.

His day as a grider began Nov. 6, 1869, when Boughner, Princeton '71, was one of the Tiger team which played Rutgers in the first intercollegiate football game on record.

Tomorrow, 68 years after, Princeton again plays Rutgers, but Boughner—he pronounces it "Bookner"—passed up his chance to be there.

"That's too far to go to see a football game," he said today.

In that first Princeton-Rutgers encounter there were 25 players on each side. The teams, more or less mapping out their rules on the spur of the moment, agreed the one first kicking the ball six times through the 25-foot-wide goal posts would be the winner.

Rutgers won the first game, 6 to 4. They played a return game a few days later and Princeton triumphed, 6 to 0. The players were all for playing the "rubber" game, but the faculty called "time" at that point.

"What do you think they told us?" Boughner asked. "That we were taking too much time for football at the expense of our studies."

The first Princeton-Rutgers game was played on the campus with anyone watching it who cared, but Boughner is not surprised when he reads that 50,000 attended this game or that.

"It's a highly interesting game, that football," he says.

HERRINGTONS VISIT

Mr. and Mrs. A. J. Herrington and daughter, Mrs. Lona Lee Jackson of Dilley arrived Saturday to spend a week or ten days visiting with relatives at Colorado. Mrs. Herrington, in poor health for some time, is improved.

INFANT IS STILLBORN

Burial service for the stillborn infant son of Mr. and Mrs. J. R. Kiser, Jr., who live 3 miles east of Westbrook, was held Wednesday afternoon. The child was born at an early hour Wednesday morning. J. R. Kiser of Westbrook is paternal grandparent. Kiker & Son had charge of arrangements.

VISITS HERE

Mrs. John Pond and daughter, Jean, of Roswell, New Mexico, were here from Friday until Monday visiting Mr. Pond's parents, Mr. and Mrs. Lewis Pond. From here they went on to Kingsville, California, to join Mr. Pond, who has been transferred there from Roswell.

VISITS GRANDMOTHER

Tagged with her name and destination, little Mary Ellen Jones boarded the morning train Wednesday to visit her grandmother, Mrs. Mary McComb, in Abilene during the remainder of this week.

Alfred Slay of Jackson, Miss., left Thursday morning to return to his home after spending ten days visiting with Colorado relatives.

Football

(Continued from Page One) Roscoe will be practically depopulated as citizens of that community follow their fighting schoolboys to Colorado. The same may be said of this town. A number of places of business will be closed for the game. It is accepted that the biggest gate in several years will be realized.

Comparison of the Colorado-Rotan game here on October 8 with the Roscoe-Rotan affair last Friday might indicate a better club for Colorado, in computing; the scoreboard result in cold figures and other factors entering into the two grid classics. On the other hand, this comparative record might not mean a thing.

However, the Wolves defeated Rotan 52 to 13 and during last half of the game Christian and Pratt used their second string men. A Jackrabbit or two entered the fight during fourth quarter. Had Colorado's best remained through the four periods Rotan would have, in all probability, failed to score and Colorado's point total would have been written in larger figures.

Roscoe's lineup against Colorado probably will be Broadwill, center; Toone and Coleman, guards; Ward and McVean, tackles; Parks and Wilkins, ends; Risinger, Fitts, Gray, and Emerson, backs.

Probable starting line-up for Colorado:

ends; Glenn Churchill and Glenn Hodges, tackles; Boone Jackson, Ernest Smith, Jack Smith and Tommy Chadwick, backfield; Curtis Wood, center; Van King and Joe Smallwood, guards.

Season figures on the rivals follow: Roscoe 7, Olney 24. Roscoe 25, Roby 0. Roscoe 38, Ballinger 0. Roscoe 41, Merkel 0. Roscoe 6, Baird 6. Roscoe 19, Rotan 0. Roscoe 136, Opponent 39.

Colorado 38, Stanton 0. Colorado 26, Hamlin 0. Colorado 39, Merkel 7. Colorado 52, Rotan 13. Colorado 14, Loraine 13. Colorado 169, Opponents 33.

One way through which goodwill may be cultivated would be to greet the new citizen to Colorado and impress him that this community is delighted to have him, Blaisig suggested. Thompson appointed a committee composed of Ralph Lee, Dr. Wm. S. Rhode and J. W. Randle to represent the organization in setting up this feature.

Good Will

(Continued From Page One) "What Colorado should do is to find out just what the people of this territory want and get it for them," Bibby continued. "We are not losing all through policy of our people in driving to another community to trade. I sell to visitors from our competitive trade centers regularly. They drive to Colorado, call in at the store and find some-

"EXCLUSIVE"

Palace—Friday and Saturday

October 29 and 30

A story of modern newspapers, full of extreme, inconsistent and unacceptable situations, Fred MacMurray, militant city editor of a righteous daily, turns down a job with the rival

sheet when it is bought by the city's leading racketeer. His sweetheart, Frances Farmer, daughter of his ace reporter and pal, Charlie Ruggles, joins the racket sheet and, as a girl reporter with suddenly acquired brilliance, becomes a cat's paw in a newspaper war, revolving around department store elevators. Just in time she sees the light, the frame-up is exposed, the villain and his publishing plant are wrecked by an outraged citizenry. Directed by Alexander Hall. Players are Fred MacMurray, Frances Farmer, Charlie Ruggles, Lloyd Nolan, Fay Holden, Ralph Morgan, Hatlan Briggs.

"LIFE BEGINS IN COLLEGE"

Palace—Saturday Midnight, Oct. 30

Sunday-Monday, Oct. 31 and Nov. 1

There's an entertainment touch-down in every foot of this delightfully nonsensical musical comedy, as the Ritz Brothers, more nutty than ever, are off on a long end-run to cement their standing as All-American merry-makers. It will roll up staggering boxoffice scores. The story has the timeliness of a college football background, yet is refreshingly different inasmuch as it burlesques this ancient theme even to the manner in which the inevitable big game is won. The Raving Ritzes are nobly supported by a competent cast, Nat Pendleton, as a naive, foot-

ball-playing Indian with an oil fortune, garnering most of the plaudits, along with Joan Davis as a slightly crazy coed. It is a picture made to measure for the experienced direction of William Selter and the old master squeezes the last drop of comedy from every line and situation. Players are Ritz Brothers, Joan Davis, Tony Martin, Gloria Stuart, Fred Stone, Nat Pendleton, Joan Marsh.

"SHADOW STRIKES"

Palace—Special Hallowe'en Midnight

Matinee, Sunday Oct. 31, 11:30 p.m.

Rod LaRocque carrying the masculine lead supported by Lynn Anders. "The Shadow's" one ambition is to discover the identity of the slayer of his father. After that cue to the theme he proceeds to interrupt a pair of safecrackers in an attorney's office and assumes the name of the attorney when the captain of detectives arrives. A call for the attorney's services leads him into the unraveling of the mystery of two murders and a brush with gangsters. In the climax the Shadow shoots it out with the gangster who is the murderer of his father.

"ANOTHER DAWN"

Palace—Tuesday and Wednesday

Nov. 2 & 3—Bargain Nites, 5 & 15c

In this picture, Warner Bros. endeavors to demonstrate how intelligent folk, two men and a woman, who are not given to hysteria, solve such a problem. Naturally it is a sophisticated film, and it is one in

which class patrons will find much to interest them in the way of storytelling technique, commendable acting and thoughtful arrangements of situations.

"A LAWMAN IS BORN"

Gem—Friday and Saturday

October 29 and 30

A better-than-average story with considerable feminine appeal takes this outdoor drama out of the "routine western" category. Johnny Mack Brown, an earnest and capable actor, gives another straight-forward performance and is ably supported by Iris Meredith, as the love interest, and by Al St. John, who supplies welcome comedy relief. Mary McClaren's powerful characterization of a stalwart western woman, merits attention. The plot deviates from the standard formula in that the hero comes into a small ranch town wearing the stigma of an outlaw and when the local sheriff is killed he is suspected. However, the murdered man's fair-minded sister, a power in the community, believes him innocent and has him elected sheriff. With her help he settles the trouble between rival ranch factions and sees that justice is done. Sam Newfield directed. Players are Johnny Mack Brown, Warner Richmond, Mary McClaren, Al St. John, Iris Meredith, Earle Hodgins, Frank La Rue.

Georgia includes 10,000 more square miles than does the state of New York.

Thousand Visitors Attend Chevrolet Showing Saturday

Four New Models On Display At Mills; Public Is Well Pleased With Cars

One thousand people of Mitchell and adjoining counties called at the Mills Chevrolet Company on East Second street Saturday to inspect the 1938 models, being shown here for the first time. L. Short, sales manager, stated later that citizens inspecting the cars were well pleased in the distinct improvements featured.

Four models, a deluxe sedan, a deluxe town sedan, a deluxe coupe and a master town sedan, were on display. All of the machines were delivered under previously executed contracts after the formal showing was over.

"The automobile for 1938 are distinctly the finest motor car ever built by Chevrolet and we predict all previous sales demands to be shattered as the new models are delivered to the trade during the ensuing 12 month period." Short declared.

HOSPITAL NEWS

Appendectomy patients have been dismissed this week as follows: J. W. Randle Sunday morning, J. J. Mahon on Monday, Weldon Mahon on Wednesday, Sara Reed of Hyman on Monday, Mrs. Charles Smith on Sunday, and Mrs. Frances Newsom on Thursday.

D. W. Moore of Spade continues to recover from a severe illness following surgery for a ruptured appendix. Mrs. Roy Davis Coles, appendectomy patient of last week, is to go home Friday.

Hope is now held for the recovery of Mrs. Boyd Blankenship, who was given surgery for a ruptured appendix last Wednesday night. A son, Howard Donald, was born to Mr. and Mrs. H. E. Bell of Hyman last Thursday evening at 8:10.

Mr. and Mrs. M. F. Feaster of Buford are the parents of a daughter, Jerry Agnes, born Saturday evening at 8:35.

W. H. Bell was returned to his home in Westbrook Thursday after being a medical patient in the hospital for a week.

Mrs. J. T. Newton of Loraine was given minor surgery Monday and went home Thursday.

Appendix of Thelma Sweatt, daughter of Mr. and Mrs. T. G. Sweatt of Westbrook, was removed last Thursday night. She is doing well.

Also doing well is Edna Standerfer, daughter of Mr. and Mrs. L. N. Standerfer of Biermeigh. She underwent an appendectomy Tuesday.

Mrs. A. L. (Bobby) Rees, who lives near Colorado and who is employed as old age pension investigator with headquarters in Roby, was given emergency surgery for appendicitis Monday. She is doing well.

A. B. Allen of Breckenridge is able to be up part of the time now. He is recovering from facial injuries received in a car crash west of here two weeks ago.

P. C. Hale of near Colorado is in the hospital as a medical patient.

Carlton Fuller, 9, son of Mr. and Mrs. P. D. Fuller of Cuthbert, was a medical patient in the hospital Sunday night and Monday.

Mrs. J. Ed Richardson was given minor surgery Friday and went home Tuesday.

HOME FROM MISSISSIPPI  
Lewis Pond, who has been visiting relatives in Meridian, Mississippi, for the past several weeks, returned home Tuesday night.

DALLAS CONTINENTAL OIL BUILDING  
TO BE GIVEN DAR CHAPTER  
Conoco Hospitality House At Texas Centennial Cost \$60,000 To Build

PICKED UP ALONG THE NEWS PATH

After many weary weeks in bed, Mrs. D. N. Arnett was able to sit up in a wheel chair Sunday. . . It was something of an occasion for her to be in her place at the family dinner table again. . .  
It was "golf as usual" for W. A. Crowder, pioneer Coloradoan, as he passed his 87th birthday in Monday's balmy sunshine. . .  
The new capes which band members will sport Friday night were made by Mrs. John E. Watson, wife of Colorado's school superintendent. . . Making 14 or 15 capes is quite a task, as the mamas who were dreading the making of even one will assure you. . . The aforementioned mamas are probably heaping silent blessings on Mrs. Watson's blonde head. . .  
The spotlight at the Frank Smith boarding house these days is held by red-headed little Eleanor Jetton, nearly one year old. . . She's the daughter of Mr. and Mrs. W. H. Jetton—Mr. Jetton is bookkeeper at Mills Chevrolet. . . All the boarders are delighted when Eleanor, who loves her food, even strained spinach, pounds on her high chair and shouts vociferously when the food isn't being offered quite rapidly enough. And then, when she has a new bite, she spreads her mouth in a two-toothed grin at the world in general—and all of the world that she can see grins back, for she's one of those irresistible babies. . .  
Something that I hated missing last Friday was the pet show which at Coleman school. . . Culminating their study of animals and pets, the pupils were permitted to bring their favorite pet to school and exhibit him, her, or it. . . I hear that those youngsters holding their ribboned cats and dogs were about the cutest things yet, and I don't doubt it. . .  
Prexy Anderson, Abilene Reporter-News sports writer, said (and he used bold face type to say it) that a certain West Texas coach drank "a gallon of water" during a recent hard-fought game in Sweetwater. . . Pshaw! The man's a pansy—just a plain pansy! Jack Christian can—and does, we betcha—beat that without even trying. . .  
Speaking of football—well, I'm speaking of football this week with my fingers crossed. . . My, but I'd like to see the Wolves take Roscoe's formidable Plowboys to a genuine cleaning! . . . But if they don't, here's what I shall try to remember: They've given us a good show this year, a far better show than we've had in many unhappy seasons, a far better show than anybody expected them to give with the experience and the weight they had. . . The old football spirit undoubtedly adds a certain something that nothing else can give to autumn enjoyment. . . We've had that old spirit this year. . . I, for one, have enjoyed it immensely and if Roscoe does what I, then I've still had that enjoyment. . .  
Early November—in fact, the first week-end in November—will see the ranks of Colorado's young "bachelors" thinned by at least three. . . All three will be marrying girls in widely separated places, and all the girls seemed to favor either November 6 or November 7. . . Two of the three men getting married that week-end are refinery employees—Jimmy Cook and Jimmy Payne. . . The third is Dr. J. D. Williams. . .  
The spooks will walk Saturday night, I guess, since Halloween comes on Sunday. . . 'Twouldn't be any fun for youngsters to do car-splitting things downtown unless there was a big crowd of ears to split, and there should be a sufficient crowd Saturday night, provided the weather man is kind. . .  
MRS. MCGUIRE RESTS WELL  
Mrs. Merry McGuire, pioneer Mitchell countian living in the Buford section, is reported to be resting in fair comfort at her home following a slight stroke of paralysis over a week ago.

### NEWS OF THE WESTBROOK SCHOOL

Editor: Elizabeth Young  
Reporters: Flonelle Davis, Lena Lee Bird, Iris Costin, Ruby Joe Fortune, Elzan Castleman.

**FACULTY ENTERTAINED**  
The teachers of Westbrook school were entertained by Mrs. Van Horn, October 18th, at the Oasis Cafe, with a dinner party. The menu:

- Creamed Potatoes
- Gravy
- Beets
- English Peas
- Waldorf Salad
- Ice Cream
- Coffee

After a delicious dinner, they all were entertained with games of forty two and bridge.

**SEVENTH GRADE**  
The seventh graders are out to win another contest. We won last year as six graders for Miss McMurry and we hope to win again for Mrs. Cope. The contest is for Parent-Teacher Association membership.

We appreciate the work of the Parent-Teacher Association of the past and we trust that we can depend on your cooperation again for the coming year. The dues are fifty cents a year.

Our room representative, Mrs. A. G. Anderson gave the Seventh grade six yellow and white narcissus bulbs. One has already been planted. The other five are awaiting the arrival of a flower bowl.

We still have hopes of getting our book shelf for our extra readers and encyclopedia. We hear it is under construction and will be completed soon.

The Seventh graders are planning for a few happy hours at Mrs. Copes

Friday evening at the Halloween party.

I'll be glad when Friday night comes. I'm ashamed of Virginia and Dick. Mr. Cox really believes in giving exams. Oh, well.

**FISHES FUN**  
Monday, Helen Mitchell started to school again after a few weeks absence.

The Freshman class is going to have a weiner roast Tuesday evening. We are going to Morgan creek about 6 o'clock.

Both teams of boys and girls were defeated in the volley ball tournament.

**Buy McCormick-Deering row binders for the spot cash, \$220.00 while they last. See us quick. Price Bros.**

**SOPHOMORE REPORT**

The Sophomores haven't been looking quite so gay this week, but they haven't got that "morning after the night before" look. I suppose this is the effect of the skating rink on them, but not on me, because I don't skate and neither does Ruth Smith, or do you, Ruth?

We lost our volley ball tournament with the Juniors by one point, although we did enjoy the games. We haven't got the report on the scores of the boy's games, but we did hear that they lost.

The Boy Scouts of Westbrook,

troop twenty three, wish to say that they are planning to sell popcorn and candy at the school play, which will be given Thursday night. They intend to buy equipment with the money they raise, so bring your extra nickels along.

We are sorry to hear that Thelma Sweatt underwent an operation for appendicitis last Monday week, but we are glad to hear that she is doing better and will soon be back in school. John Himes has returned to school after a serious eye injury.

**JUNIOR NEWS**  
The Junior girls won the High School Championship in volley ball. We played the final games with the Sophomores. Good work, girls! The boys also played some very good games. They were in the finals.

**Buy McCormick-Deering row binders for the spot cash, \$220.00 while they last. See us quick. Price Bros.**

**SENIOR NEWS**  
Hello, everybody! This is your old reporter (That is, what's left of her) back again. And is she glad? I want to thank everyone who was so good to me during my recent operation. Especially, the dear old Seniors. Gee, what pals they are! And the flowers they sent were really beautiful. I didn't realize until now what a really wonderful class we have this year. I only hope I can be to them what they have been to me.

We are very glad that three of our Seniors are in the school play. Everyone come and see them at Thursday night. Admission 10 and 25 cents.

What's this we hear about Billy and Frances? Billy, aren't you being a bit undignified? There are some girls in our own high school that are almost as beautiful as is Frances. Just take a look!

Many of the Seniors are going around with a regretful look on their faces this week since the skating rink left. But it isn't far to Big Spring! Our six Senior girls were both A and B teams. Each team had to be eliminated twice. Senior A was eliminated by the Juniors and Sophomores; Senior B by Sophomores and Juniors; Senior A defeated Freshman B; Senior B defeated Freshman B.

### LOONEY WOMEN ELECT NEW PRESIDENT AND DISCUSS WORK PLANS

Meeting in a called session at the home of Mrs. W. K. Miles, the Looney Home Demonstration club elected a new president and discussed plans for next year's work on Tuesday of last week.

Mrs. W. K. Miles was elected president to succeed Mrs. Bill Gale, who has resigned. Mrs. Trudo Webb was appointed secretary and Mrs. Ed Roach reporter to serve until regular election in November.

The regular meeting time was changed from Thursday to Wednesday. Members selected and ordered the play which they will stage during the play tournament on Nov. 17.

Program of work for next year was discussed by Miss Vera Crippen, county home demonstration agent. Kitchen work and poultry raising will be featured. Miss Crippen gave directions for preparing an insect paint and spray for chicken houses, the paint including two quarts of carbolineum to three gallons of gasoline for roosts and posts, and the spray including one quart of carbolineum to three gallons of gasoline for cracks and crevices not reached by painting.

Present were Mesdames Trudo Webb, Jess Thompson, Bill Gale, Ed Roach, M. A. Webb, and Miles; Miss Crippen. Mrs. Roach will be hostess on Wednesday, October 27.

### Rogers Ramblings

The Sunday school is doing fine work. They had 38 Sunday and are looking forward to a larger number next Sunday. Come and be with us!

The members of the Senior class decided on the contest winners Sunday. The class had been divided into two groups and each person was to read his Bible everyday. The group reading the most chapters during the last four weeks was to be entertained by the losing group. The entire class has read 894 chapters during this time and will be entertained by Leon Callan's group, with a Halloween party Thursday night.

### SCHOOL NEWS

Here at last! The one thing you've been waiting for, the sensation of the year! The first thing of its kind that you'll ever see and we dare say that you will never see its likeness again! The "Marionettes" have arrived, bringing with them their very finest entertainment including chorus girls, cowboys with their guitars and "prairie song voices," even the entire cast with some of Broadway's latest dance steps and song hits! These tiny dolls will furnish you about two hours of the finest and cleanest entertainment that you'll find anywhere. They are from 12 to 20 inches tall and can walk, dance, run, clinch and perform as one of your own children, or better still, as well as a grown-up. Come and see these little "zodies" present a true-to-life, play of "Jack and the Beanstalk." The stage will be 44 inches long and 19 inches high with good lighting, good voices, good view, and popular prices. This show is brought to you for only 5 and 10c Friday night, November 5th. Don't miss it! Get a way, get a ticket, get a date and be here when the curtain goes up!

We were very glad to have Ramey Jamison back with us today after a day of illness.

The school pupils were entertained in the home of Miss Moore by she and Mr. Sweatt Friday night with a Halloween party. By 7:30 o'clock the group of 20 had assembled and were ready for the "spooks." After many enjoyable games, contest, and a trip through the "Mad House" the guests were served cookies, candy and apples. Everyone reported a good time.

The Senior boys won the volley ball championship for the whole high school, defeating the Juniors in the finals.

Elton and Chester are "going to town" on us all. My goodness, boys! Open your eyes and maybe you'll like this old world right around you.

Several of our Seniors have an invitation to a Halloween party Saturday night. Everyone have a grand time but be careful!

**BASKETBALL PRACTICE BEGINS**  
Basketball practice began Wednesday at noon. Everyone seems interested and ready to begin. Everyone wants to start right into the big game and not be content to just pass the ball around as we must do for about a week. (I've got a feeling that the basketball girls and boys can be seen running around and around the courts at various times. Well, maybe we are short on wind.)

The basketball girls are already beginning to want new suits. The old ones are just about "played" out, so if any girl comes to your house trying to sell anything from magazines to popcorn, be sure to help her out!

I just heard that the Senior boys, the Senior girls and Junior girls are to have a game at Highland on Nov. 12. Alright, this is what you've been wanting. Hustle into practice and come out with some winning teams this year!

James Davis Host On 8th Birthday

The eighth birthday of James David Davis, son of Mr. and Mrs. David Davis, was celebrated with a party at the home of Dr. and Mrs. J. P. Johnson Tuesday afternoon.

Dark chocolate covered the birthday cake, which bore yellow candles to carry out a Halloween color scheme. The cake was served with ice cream, Halloween horns being favors, after the games.

Guests were Billy Dick Norred, Paul Mackey, D. H. and Frankie Snyder, Warren Neal Lacey, Frank Leslie King, Ellen and Dora Jane Bibby, Leora and Donald Allen Porter, Jean Ella and Patsy Paton Davis.

Mrs. George Wright and children returned Thursday to their home in Fort Worth after visiting in the home of Mr. and Mrs. Roy Morris.

**FFA BOYS TELL OF THEIR REACTIONS TO NATIONAL MEETING**

"You can't realize what a big thing you belong to until you've seen the National FFA convention as we saw it last week."

Thus did one of the four Colorado boys who attended the National FFA convention in Kansas City last week describe his reaction at a meeting of the high school FFA chapter Tuesday morning.

The four who attended from here—Raymond Fuller, Quinton Hamrick, Jack Long, and Virgil Easterwood—returned home Friday after a week in Kansas City. Fuller went as state FFA treasurer, Hamrick as president of the local chapter, Loug and Easterwood as members of the State FFA band.

All four of them urged their fellow students in vocational agriculture to work toward attending national conventions in the future.

This is the first time the Colorado High school chapter has been so well represented at a national convention.

**Baptist Circles In Session On Monday**

Four circles of the Baptist W. M. S. were in session Monday, the Bernice Neal Circle meeting with Mrs. H. P. Slagle, the T. E. L. at the church, the Dorcas with Mrs. G. C. Williams, and the Fidelis with Mrs. Dick Delaney.

The Bernice Neal devotional was led by Mrs. Anna Simon, seven members being present. A sweater was given to Buckner Orphans' Home. The next meeting is to be with Mrs. Bennett Scott.

Six attended the Dorcas circle. Mrs. Mary Lynch taught "Things We Should Know." The circle voted to go in a body to the school of instruction at Buford on Thursday. Mrs. J. T. Howell is to be the next hostess.

Sheets were given to Buckner Orphans' Home by the Fidelis circle. Thirteen members were present. They voted to sell Holland subscriptions again this year. A lesson on Isaiah was taught.

Seen at the Snyder-Lorraine game in Snyder were Mr. and Mrs. John R. Eaze, Mr. and Mrs. Q. D. Shepperd, Gus Chesney, Charles Moeser, James Herrington, Jack Herrington, Mr. and Mrs. W. H. Turner, Bill Cravy, Frank Bodzin, Hoyt May, Harold Bennett, and others.

**CHURCHES**

**FIRST PRESBYTERIAN CHURCH**  
—W. M. Elliott, Pastor  
Last Sunday was a good day at our church. Services were very well attended, the interest good. Our Sunday school fell down some in attendance. Let us see to it that it is not so any more. When we do, we let our church down, the Sunday school down and God down, Christ down and His Kingdom down. He did not let us down and never will. "Loyalty" should be every Christian's watchword.

Come to the Sunday school at 9:45 and to the church services at 11 a.m. and 7:30 p.m.

Young People let us not let the Young People's organizations down by your absence. It hurts the cause whenever you do.

**CALLED TO SAN ANTONIO**

Max Berman was called to San Antonio Wednesday noon by the continued illness of his sister, Mrs. Marcel Josephson of Snyder. He was accompanied by Mr. Josephson. It was said that Mrs. Josephson needed a blood transfusion and Mr. Berman went to supply the blood. Mrs. Max Berman, Mrs. H. I. Berman, and Mrs. Philip Berman have been in San Antonio with Mrs. Josephson since Sunday. They returned home Wednesday night.

**TEN THOUSAND PICKERS REPORTED IN DAWSON**

LAMESA.—"Ole King Cotton" reigned supreme here Saturday as 10,000 cotton pickers were being paid by cotton producers. Local bankers estimated the day's volume of business at \$175,000 through the two national banks alone.

The eight local gins have turned out better than 16,000 bales this week with 35,000 bales the total so far this season.

Dawson county's cotton crop was predicted at 100,000 bales.

**BANKHEAD TENANT ACT BE

**Three Planters Be In Charge  
As Security Program Is  
Organized, Area Leader  
Outlines Wednesday**

Provisions of the Jones-Bankhead farm tenant act are soon to be available in Mitchell county, Vernon Slocum of Snyder, rural supervisor for Mitchell and Seary counties, announced while in Colorado Wednesday.

Operation of the program will be by a committee of three planters to be selected through a series of preferential votes by Slocum, the State Security advisory committee and the secretary of agriculture. Slocum will nominate 12 farmers for the committee. The State board will reduce the number to six and the State secretary will conclude the eliminating process by selecting the three men. They are to be organized into the Mitchell county farm tenant committee.

"At the present time there are two important committees in Mitchell county delegated with responsibilities similar in many respects to those to be given the farm tenant group," Slocum stated. "One of these is the county advisory committee and the other the farm debt adjustment committee. The new committee is to function in capacities already assigned to both of those committees as well as additional duties to be prescribed under the new set-up," he stated.

"I feel that this committee will have an important civic duty to perform," Slocum continued, "and that it is necessary to have people of intelligence and responsibility nominated," he concluded in extending invitation that interested citizens co-

**Colorado FFA Boys See State Chapter  
Win Second Place At National Meeting**

The four Colorado High school FFA boys who attended the national FFA convention in Kansas City last week had the pleasure of seeing the Texas FFA win second place for work carried on during the past year—work in which the Colorado High school chapter did its part toward meeting all requirements.

The four attending the convention from Colorado were Quinton Hamrick, local president; Raymond Fuller, state FFA treasurer; Virgil Easterwood and Jack Long, members of the State FFA band. They returned home during the week-end.

Activities of the Texas State Association which brought them this award follow. The State President during the fiscal year for which the ranking was made was Tison Barnes of Kemp, Texas.

One hundred per cent of the departments of vocational agriculture in the State of Texas, or 449 to be exact, have chartered chapters of the Future Farmers of America. There are 17,730 boys enrolled in these 449 departments and 16,824 are members of their local chapters. Texas is not only the biggest state in the Union but it also has the largest F. F. A. organization. During the year just closed 64 new chapters were added to the roster and the membership was increased 4,793.

In addition 3,769 members advanced from Green Hands to State Farmer degrees and 112 were made Lone Star Farmers. During the year five received the American Farmer degree.

In Texas there are 2,810 honorary and associate members in the local chapters, to give Texas a grand total membership of 19,634 for 1937.

One hundred per cent of the chapters participated in its program of work. One hundred per cent of the chapters participated in leadership

activities of one kind or another during the year, 237 members in public speaking, 165 in debating, 1,737 in officiation at chapter meetings, 433 in dramatics, 108 in extemporaneous speaking and 132 in news writing.

Last year 441 chapters planned active program in home beautification and tree planting projects. Each chapter completely landscaped at least one farm home, 2,387 members landscaped their home grounds, 5,661 members set out native flowering shrubs on their home grounds, 7,869 members did something to increase home convenience and on George Washington's birthday, 1,192 members planted trees.

Nine of the 10 F. F. A. district in Texas have bands and each district is represented in the 100-piece State F. F. A. band which is representing Texas at the Tenth Convention celebration of Future Farmers of America in Kansas City.

In addition to news writing as a means of telling the world of their activities, 4,636 members participated in local shows, 2,300 in educational exhibits, 4,141 in school and county affairs, 3,876 in county fairs and 2,398 in other shows.

Last year 2,952 parliamentary procedure meetings were held on an average of 6 per cent per chapter in the State.

Three hundred thirteen of the 449 chapters have chapter libraries which loan books to chapter members.

Texas chapters have organized a Thrift Bank to encourage thrift and individual farming programs have provided opportunity for sale and sound investment of money saved. On last January there was on deposit in these Thrift banks a total savings of \$28,598.41 and there was invested in farming operations by these members of \$572,968.64, more than a half million dollars.

**'He Was Considered One Of  
Texas' Best,' Dr. Woods  
States In Address**

Dr. L. A. Woods of Austin, State superintendent of public instruction, offered strong tribute to the life of C. A. Wilkins, late high school principal, in an address at the Lions Club Friday.

"I have the information that since you last met the principal of your high school and the Lion who was to have directed this program today has passed beyond," Dr. Woods stated. "It was not my privilege to have known him intimately but I have visited in the school over which he presided and observed the excellent work being done under his leadership."

"He was considered one of Texas' best school men. In his death the Lions Club lost a valuable member, this city and county a good citizen and the school forces of Texas one of their best men," the speaker said.

Dr. Woods was introduced by Roy Davis Coles, county school superintendent. Other visitors included C. L. Kuykendall of Austin, associated with the department of public instruction; Miss Madge Stanford of Abilene, assistant State superintendent, and Mrs. Virginia Stanfield of Sweetwater, Nolan county school superintendent.

President Jack Helton announced that the special memorial program, announced for that meeting, had been postponed until Friday of this week.

**AMERICA HAS PROGRESSED  
AND HELD PEACE SCEPTRE  
ALOFT THROUGH EDUCATION**

**State Superintendent Woods  
Pictures Leadership Of  
United States As Sequel  
To Democratic Ideals**

"The ideals of citizenship have ever been supported by constitutional law and the sceptre of peace held aloft for the edification of other nations due to the fact the people of this country have supported the principles of government of, for and by the people, as prescribed in preamble to the constitution, Dr. L. A. Woods of Austin, State superintendent of public instruction, stated during two addresses in Mitchell county Friday.

"The American people have sponsored sincerely the principles of peace and carried that ideal in impressive hue across the seas as one of the citizenship standards cultivated by our public school system," the educator said as he spoke before the Lions Club here Friday noon. He pictured progress of education since the American Colonies had their inception as the sustaining foundation upon which a cultured and peace loving citizenship had stood through the generations.

"America does not want war and in the present crisis in Europe and the Orient popular sentiment in this country will lend encouragement to every practical means of adjusting national disputes and restoring tranquility to the world again," he continued.

Strong tribute was paid the forefathers of both the original United States and of the republic of Texas for their foresight in making adequate provision for the free education of the boys and girls of their generations and those to follow.

Education was making commendable strides in Texas today because of provisions made by the State when Texas was setting up her independence and entering the threshold of a free people, Dr. Woods suggested.

In delivery of principal address dedicating the impressive Buford school building Friday evening Dr. Woods again pictured America as an empire of peace loving people and a government ruled by all sovereigns alike and credited education for a major part in maintaining that high standard.

That Dr. Woods has done much to improve public education in Texas since he assumed the office as State superintendent in 1933 was asserted by Roy Davis Coles, Mitchell county school superintendent, in brief address at the Lions Club. Coles referred to progress of the school system in Mitchell county as an index to what had been done throughout the State.

The State official was returning to Austin after a tour over much of the Western section of Texas. Thursday before he had dedicated a new \$115,000 high school building at Kermit and since leaving his office several days ago had spoken before educational gatherings at several points in this area. He and party went to Abilene Friday night after the Buford school program.

High Praise To Set-Up Of  
Newest School Unit**

Giving high praise to the progressive-minded people of the Buford section of Mitchell county, Dr. L. A. Woods of Austin, state superintendent of public instruction, delivered the main address at the dedication program for Buford's new \$6,000 elementary school building Friday evening.

Auditorium of the new school was filled to capacity for the service. Music was furnished by the Colorado High school band under direction of R. P. Rose. Basil Hudson, superintendent of the Buford school, presided.

Other educational leaders present in addition to Dr. Woods were C. L. Kuykendall, head of the college division of the state department of education; Miss Madge Stanford of Abilene, district deputy state superintendent; Mrs. S. H. Stanfield, superintendent of Nolan county schools; Roy Davis Coles, superintendent of Mitchell county schools; John E. Watson, superintendent of Colorado schools.

In his talk Dr. Woods praised the modern new building, the community spirit which permitted the unanimous voting of bonds for it, the modern beauty of the recently purchased Buford school bus. He also discussed phases of education, especially rural education.

Residents of the Little Sulphur district made up a large part of the audience. Elementary students of Little Sulphur are attending the Buford school this year. Little Sulphur's teachers being included in the six-teacher faculty of the Buford set-up.

AGED 78, DIES FRIDAY  
AT PILOT POINT HOME**

Mrs. J. W. Porter, 78, mother of W. W. Porter of Colorado, died Friday of last week at the family residence in Pilot Point following a brief illness. Mr. Porter was present at the bedside of his mother at the time of her passing.

Funeral services were conducted from the home Saturday afternoon at 2:30 o'clock with her pastor, Rev. Lamar Hocker of the Pilot Point Christian church, assisted by Rev. Hubert Long of First Baptist church, Sulphur Spring, officiating. Burial was in a Pilot Point cemetery.

Mrs. Porter had lived at Pilot Point 60 years. She had been a widow during the last fifteen years of her life.

Survivors in addition to the Coloradoan include three sons, A. L. Porter of Fort Worth; R. L. Porter of Huntsville, and J. Frank Porter of Wesley, Oklahoma, and two daughters, Mrs. Hubert Long of Sulphur Springs, and Mrs. W. G. Harris of Roswell, New Mexico. Two sisters, Mrs. A. L. Wooten and Mrs. Clara Stoup of Pilot Point, 20 grandchildren and 4 great-grandchildren also survive.

Mr. Porter, called to attend his mother several days ago, returned to Colorado Tuesday morning.

**LOCAL TEACHERS TO BE  
REGISTERED AT ANNUAL  
CONVENTION IN ABILENE**

Mitchell county schools will have representation at annual session of the Oil Belt Teachers association in Abilene November 9. S. E. Pass, principal of the Abilene College Heights school and secretary of the association, stated Monday that approximately 100 principals and superintendents were expected.

The association embraces Mitchell and ten other counties in the area. Details of the program have not been announced.

### BAND GIVES CONCERTS

The Colorado High school band played a concert at Buford Friday night at the dedication of their new school building.

The band is now working to give a concert Friday, November 5. Every-one is urged to attend this concert as the money is to be used for buying uniforms.

Anna Don Snively, FRESHMEN ENJOY HIGH SCHOOL

High school is helping us grow up. When we came here we were "babies," as some said, and didn't know what to do or where to go. In six weeks' time, we have learned a good bit. The locker system is improving, and we have found where nearly every teacher's room is.

### INTERESTING FACTS ABOUT PUBLIC SPEAKING

More interest in public speaking was aroused when Miss Miller received a letter from the Abilene High school, inviting the speech class to participate in one or more programs over KREB, sometime in the future. The class feels sure that a number of the pupils will take advantage of this privilege.

The pupils have been studying diacritical marks, increasing their vocabulary, and writing short stories originated from a list of words taken from the text. The stories could be written of either sense or nonsense. They were read in class—and believe me—some "quite clever nonsense" was revealed.

### HOME EC NEWS

The first year girls are now confident that they know what to do when the toast burns or the eggs are cooked too hard. This week they served a breakfast in the department's dining room. Each one helped and should be able to give first class information on the project.

The H. E. IIA class made a field trip not long ago to the Piggy Wigly store. A thorough examination was made and notes were taken. The girls enjoyed the experience.

The first six weeks exams in the home economics course are passed. There was undoubtedly some cramming, but all want to make a good impression on the new instructor.

### SENIORS PLAN FOR FUTURE

The Seniors of Colorado High are looking far into the future, for already they are thinking of the time when they will announce their graduation from their dear old alma mater. Invitations for that exciting event have been selected by the class. However some of them may be useless if the less hopeful members do not ringer up and catch the step of the other in mastering the difficult lessons which are, it seems, unavoidable.

### OFFICE GIRLS

ATTENTION: If you would like to get a little inside "dope" on who does all the work in the offices of Colorado High school, here it is!

There are several competent girls working in the offices at the high school. The typists are Amarie Gann and Adeen Fry, and the girls who record the absences are Betty Hodge, Virginia Gurney, Doris Wynne, Fannie Fae Porter, Doris Montgomery, and Geneva Campbell.

Mr. Watson's typists are Frances Merle Cooper, and Marie Morgan. The mimeograph operator is Lucille Goode.

These girls will get some valuable experience which will be useful in later years when they shall attempt to obtain a position of this type.

### STATE SUPERINTENDENT VISITS HIGH SCHOOL

Superintendents seemed to be plentiful in C. H. S. last Friday. The superintendent of the school, Mr. J. E. Watson, was in charge of the assembly program.

The first speaker on the program was Dr. Woods, the State Superintendent of Public Instruction, who made a very inspirational talk, the subject of which was "Getting Rid of Giants in Life."

Other speakers were Mr. C. L. Kuykendall, assistant superintendent of the state, Miss Madge Stanford, deputy superintendent for this district, and Roy Coles, county superintendent.

## Citizens Of Ira Section Take Initiative In Drive To Grow Better Staple Cotton

The Ira community in southwest Scurry county twenty five miles northwest from Colorado, is taking the initiative in this area toward the goal of a one-cotton planting for 1938. Mass meetings have been held in this county recently at which the subject of an improved, standardized

cotton was discussed but so far no recognized program has been reported. After a recent meeting 30 farmers signed up almost immediately to plant at least three bushels of a standard long-staple seed, to be selected by a committee composed of J. E. Falls, D. E. Clark and C. D. Franks. Chairman Falls said that at least 50 farmers will probably sign for the single variety, and that most of these will plant more than the three-bushel minimum.

W. W. Headstream, Ira ginmer, has agreed to set aside special days for ginning the standardized cotton, and to build a large cotton house. Led by W. R. Lacey, county agent, and others interested in the better cotton movement, several communities of the county are expected to follow in Ira's footsteps.

Behind the better seed movement in the county lies the fact that ginners this year, for the first time in the county's history, are buying on a grade and staple basis in preference to the outmoded "hoground" buying; and the further fact that growers of long staple are making more money, year in and year out, than the growers of half-and-half and other varieties that have been popular in Scurry and other West Texas counties.

Catherine Slagel, MR. PRATT'S PRESENT PLAN

Colorado High school has been very glad to have with them this year Newby Pratt, As a graduate of McMurry College, Coach Pratt came from Loraine where he taught last year. His hobbies are hunting and all kinds of athletics. When Pratt was asked what some of his plans for this year were the answer was: "My plan for the present is to beat Roscoe and win the district championship."

Mary Price, F.F.A. PLANS

The Colorado F.F.A. boys are getting lined up nicely for the coming months of school. Each boy enrolled in vocational agriculture has three projects selected. Part of them are started but the larger per cent have not started yet because of difficulty in finding the quality of staff they are after. The field crop projects of course will not be started until in December or January. The boys have as one of their objectives this year to improve the quality of livestock raised in Mitchell county. They have made an effort to get some male hogs for this community. The Ag. III boys are considering getting a Duroc male and the Ag I boys are considering getting a Poland China male. These males would do much to improve the quality of pork produced in Mitchell county. From a survey the class learned that the most popular hog for pork production at present is the small bone type. The small bone hogs are a good lard type but they do not produce the quality of meat that one likes so well. It is the ambition of the class to produce a hog that will furnish a large amount of lard and quality meat.

Why Frances Brinkley doesn't answer all of those letters that he has been getting from Lubbock, Texas.  
Why Roberta Hamrick didn't go to Sweetwater with Everett Pond Tuesday at noon. What did Billie Henderson have to say about this? "Get thee behind me Satan."  
Why Freddie Watson runs a fresh air taxi every evening after school?  
Why Sonny Watson is taking to the brighter side of life lately. Say, Sonny, do you reckon that she enjoyed that sizzling clarinet of yours the other night at band rehearsal?

Why in the world did they ever let John Harold Colson into the Senior class? This is a mystery to us all.

Well, the old couple are pals now. Virginia Whipkey and Doris Richardson are the best of friends—We hope!

Here's what we all would like to know—Does Douglas Richardson have a better-half or does he?

SOPH NEWS  
Cora Mae Bodine spent the weekend in Austin and reports a jolly good time.

The circus was the principal cause for the sudden decline of Sophomore English and algebra grades the latter part of last week.

Beulah Francis breezed down to Dallas the other day just to be assured that there was nothing wrong with her big blue eyes.

"Beat Roscoe!" is all that the most avid of the Soph football fans can say or spell these days, while waiting breathlessly for Friday night. We expect a victory.

BEAT 'EM WOLVES  
Our hardest game of the season looms just before us, the highest barrier in our race for the district championship. Friday night on Cantrell field, the Wolves will clash with the Plovers, and the outcome of this conflict decides the failure or success of the 1937 Colorado High school football team.

We, the student body, want to hear no mush like, "They are bigger than we are, but we'll be out there

## Buick Deliveries Expected Set New High Year Record

Factory Is Operating At Full Speed In Race To Meet Customer Demands

FLINT, Mich.—The rate of Buick sales since the first of October, when 1937's were released to dealers, substantially exceeds that of the corresponding period a year ago, and is continuing at an accelerated pace, according to a statement today by W. F. Hufstader, general sales manager.

At the same time, it was disclosed that Buick production is averaging better than 1200 cars a day with a sufficient number of orders on hand to maintain capacity operation through the first of the year.

Average retail delivery figures, covering the first ten days of the month, show that 4,740 new Buicks were delivered to customers in the United States, as compared with 917 in the first ten days of October a year ago, Mr. Hufstader said. Sales for the period, were the best since 1929, a year in which Buick announced in August and full stocks of new cars were in the hands of dealers, and exceeded any pre-announcement volume in Buick's record.

Production of Buick cars for the week ending October 15th, totaled 6,093 units, an average of 1218 a day, and schedule for the current week calls for 6,109 units. Buick's production since January 1st, reached 172,477 on October 15th, and who heavy schedules for the remainder of the year, is expected to total between 255,000 and 240,000 by December 31st.

## Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling the germ-laden phlegm. The Medical Profession has for many years recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients and now in Creomulsion you get a real dose of genuine Beechwood Creosote which is palatable and can even be taken frequently and continuously by both adults and children.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel the germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed, and if you are not satisfied with the relief obtained, the druggist is authorized to refund every cent of your money. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief that you want. Adv

# All set? Listen: HERE'S THE ENGINEERING MUST STORY OF THE YEAR!

Featuring the DYNAFASH ENGINE and TORQUE-FREE SPRINGING—in the Most Modern Chassis in the World

YOU won't drive a hundred yards in a new Buick without realizing that something marvelously new and different is happening here.

It's something that happens in no other car, in no other engine.

Speeding through the intake manifold, the fuel charge hurricanes into the cylinder at something like 250 miles an hour.

Leaping to meet it is the piston, with a unique device called a Turbulator built into its face.

Then occurs something more than

high compression—literally cyclompression—as swirling gasoline vapor is compacted about the spark plug.

The spark sets off a fist-size hurricane—and gasoline gives up more performance than it ever gave up in a commercial engine before!

This livelier, smarter power might seem enough for engineers to lavish on a car in a single year.

But matching DYNAFASH power in importance is Buick TORQUE-FREE SPRINGING and its arrolite ride.

Take a Buick over a railroad crossing—around a curve—over bumps.

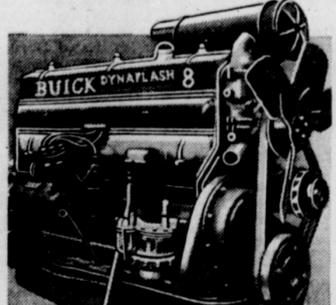

There's no thud and chatter, no tail-swing or roll; you cover rough going with the silk-smoothness of a panther on the prowl.

All because old-type leaf springs are gone! In their place, each wheel has a soft, shock-smothering cushion of stout coiled steel.

Skid risks are blessedly reduced. Rear tires last longer. The whole car handles more easily! That's TORQUE-FREE SPRINGING at work!

If it's power you're after, you'll want Buick's DYNAFASH engine. If it's comfort, you'll choose the TORQUE-FREE SPRINGING ride.

With either you get the other—plus half a score of features your Buick dealer is waiting to describe. See him now—for the engineering "must" story of the year!

### Don't put up with useless PAIN

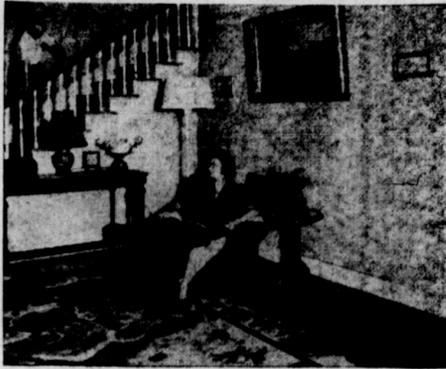

Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance.

Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from the food they eat.

We want to buy one hundred photos showing interior views of homes of this section. Each photo submitted must include a view of gas heating equipment. Note the sample below and read the five simple rules of the Contest conducted by your gas company.

A prize of \$10 will be awarded EACH of the TEN BEST PHOTOS submitted each week. At the close of the TEN WEEK PHOTO CONTEST four additional grand prizes of \$100, \$75, \$50 and \$25 will be awarded the four best photos submitted.

This sample photo shows a modern gas floor furnace installed in the living room of one of our customers.

### 5 Simple Rules of the "Heating Photo Contest"

1. All photos must include a view of the gas heating equipment used to heat the room or adjoining room in which the photo is taken. (See sample).
2. The house in which you reside must receive its gas service from one of the companies of Lone Star Gas System and all photos submitted in the TEN WEEK CONTEST must be taken in a home served gas by one of the companies of Lone Star Gas System. These companies are: — Lone Star Gas Company; The Dallas Gas Company; County Gas Company; Community Natural Gas Company; Texas Cities Gas Company.
3. Employees of any company of Lone Star Gas System and their immediate families and professional photographers or persons engaged in the business of making photographs for commercial purposes are not eligible to enter this Heating Photo Contest.
4. All photos submitted must have your name and address (including the town) PRINTED PLAINLY ON A SEPARATE PIECE OF PAPER AND PASTED TO THE BACK OF EACH PHOTO ENTERED IN THE CONTEST.
5. All photos submitted should be delivered to your local gas company office or mailed to LONE STAR GAS SYSTEM, ADVERTISING DEPARTMENT, 305 S. HARWOOD ST., DALLAS, TEXAS.

The contest is for a TEN WEEK Period from October 11, 1937 to December 18, 1937 (inclusive). All photos submitted will become the property of Lone Star Gas System to be used as desired by the company. Photos entered in the contest will not be returned and weekly prize winners will be advised by letter. At the close of the ten week contest a complete list of prize winners will be available for your inspection at your nearest gas company office.

## John Brown has "a cold" . . . .

John Brown is a man you know. He guards against all things that might endanger his health and well being. He never steps on the soap in the bath tub. He is careful to observe all traffic laws. If he cuts his finger he immediately protects it against infection. John Brown is usually a careful man. — But today John Brown has a cold that threatens his future health.

Like many others who catch cold during the winter season, John Brown overlooked the dangers of a sudden change of temperature. Last night he went from his warm and cozy living room to answer the telephone in the UNHEATED, adjoining room. Today John Brown, careful in all other things, has a cold.

Guard against "colds" and the dangers of sudden changes of temperature that encourage them. HEAT YOUR ENTIRE HOUSE FOR YOUR HEALTH'S SAKE.

## First Winners In Lone Star Picture Contest Announced

### Details Of Interesting Photo Event Given In Display Ads In The Record

Ten winners for the first week of the 10 week \$1,250 amateur photograph contest being conducted by Lone Star Gas System were announced by judges this week, according to M. O. Chapman, local gas company manager.

The winners are J. D. Hall, Jr., Denton; Mrs. Stanley Fairly and Mrs. Mary Parks, Waco; Robert Schultz and M. Truman Seale, Wichita Falls; Emmett H. Karier, Fort Worth; Alfred B. Emrick, J. W. Blanton, A. G. Koenig, and George T. Hudspeth, Dallas.

Winning photographs depict comfortable and cozy living in Texas homes from bed room and living room to kitchen and play room. Scenes included gas radiators, floor furnaces, and radiant space heaters in conformity with one of the principal contest rules that some type of gas heating equipment be included in the scene submitted. Six of the ten winning photographs include children, adults, and animals, four were without any characters. All types of camera equipment from the inexpensive box type to more costly cameras were used in making the winning photos.

Contest rules provide that scenes must include a home scene with gas heating equipment and that the photographer be an amateur and not a professional. The contest closes December 18, when four grand prizes totaling \$250 cash will be awarded the four best photographs submitted during the ten weeks. Each week \$10 cash prizes are awarded for the 10 best photos submitted that week. A total of \$1,150 is still to be awarded.

Complete details may be had by watching company newspaper ads and from the local Lone Star Gas System office.

## GAS CUSTOMERS TO BE TAUGHT HOW TO AVOID FUEL WASTE

Methods of assisting consumers to reduce their gas bills by teaching them to avoid waste in operation of domestic appliances were studied by more than 400 Lone Star Gas System foremen, managers, and officials who have just concluded their seventeenth annual conference in Dallas, according to M. O. Chapman, local manager who attended the meeting.

Overheating during winter months, improperly adjusted and inefficient appliances, use of ovens to heat kitchens, failure to cut off appliances when the weather suddenly turns warm, unnecessary use of hot water faucets, and huddling in one or two rooms were discussed as some of the wasteful practices which cause consumers to use more gas than necessary.

"While the company is in business to sell gas, it does not consider wasteful practices by consumers profitable business and every effort is made to assist customers in using only the amount of gas necessary for proper comfort and convenience," he said.

Incorrect heating during winter months is not only responsible for some high bills, but it also is conducive to colds with resultant loss of time from the job as well as remedial costs, it was pointed out at the meeting.

"Odorizing gas has been an additional cost to the gas company, but if it proves beneficial to the consumer from the standpoint of avoiding accidents and aids in reducing bills by quick detection of leaks, the company will consider the added expenditure well spent," the manager said. "This is just one of numerous aids which modern natural gas service of Lone Star Gas System offers consumers in an attempt to help them get the most for their gas dollar."

## THE COLORADO THAT USED TO BE 25 Years Ago 15 Years Ago

### 25 YEARS AGO

One of the oldest stage lines in Texas, running from Mertzon to Fort Stockton, had just passed into history 25 years ago with the establishment of railway service along that route, according to The Record for Nov. 1, 1912. . . .

A crowd of young Buford people had "played snap under the romantic light of the moon" to bid farewell to Hallie and Lura Cunningham, Hallie leaving to teach at Gatesville and Lura at McGregor. . . .

Plainview Paragraphs said that Lewis Franklin had "filled his regular appointment at Mr. Pacey's home on Sunday evening." . . . Marvin and Jim Dorn had been to the Dallas fair. . . .

Cuthbert Cullings told that D. T. Bozeman had been to Colorado on Thursday and had lost a chicken coop on the way home. . . . Among Cuthbert citizens who had been to the Dallas fair were the J. C. Erwins, the S. L. Browns, Will Berry, Jim Badgett, and Jesse Strain. . . .

The J. R. Colliers had bought the home across the river on "the ledges." . . . Essie McGuire was recovering from an appendicitis operation in Abilene. . . .

### 15 YEARS AGO

Roxie Coughran and the smaller Coughran children had visited Sheriff Jim Coughran in an Abilene hospital. . . . Winnie Vaughan had gone to the Dallas fair with her aunt from Snyder. . . .

A. L. Whipkey and Lela Whipkey had been to the Dallas Fair. . . . W. B. Ralph and wife had been on a trip to New Mexico. . . .

Mr. and Mrs. Abe Dolman had a new son. . . . F. L. Aycock had died on Saturday morning. . . . Ed Jones had suffered a broken arm as the result of a kick-back from an automobile crank. . . . The accident had occurred at a Sunday school convention in Snyder. . . . Others who had suffered similar accidents were Aubrey Herrington and W. P. Luddek. . . .

Champ Carter was home from New Mexico. . . . John Arnett had been down from the Terry county ranch and reported that Dudley Arnett was liking ranch life. . . . John Moor and his wife and daughter had returned from a summer vacation trip to Vermont. . . . Capt. Jeffress was home from the Dallas fair and reported Wooten Jeffress doing well in business college. . . .

The non-inflammability of gas at the

Badgett No. 1 salt gusher in Mitchell county had been traced to a "subterranean air pocket." . . . So said The Record for Nov. 3, 1922. . . . Pressure in the well was dwindling steadily. . . .

Schools were to be closed all the next week for teachers' institute. . . . The Rev. and Mrs. M. C. Bishop, Mrs. E. Keathley, Tella Cook, Juanita Cook, and Annadean Smith were attending a church meeting in Coleman. . . .

Sixty people had attended a canning demonstration at the U. D. Wulfjen home. . . . Armistice day was to be observed with a parade and program, parade marshalls being Roy Warren and Irwin Terry. . . . Those who were to take part on the program were W. S. Cooper, L. W. Sandusky, Col. C. M. Adams, the Rev. Bishop, the Rev. C. L. Browning, Thos. R. Smith, and the Rev. D. R. Hardison. . . .

The "truth about the Ku Klux Klan" was promised at a political rally for George Peady, candidate for U. S. Senator, at the tabernacle on Nov. 3. . . .

Oscar Johnson had sustained a broken hip and other injuries in a fall from the old river bridge on East Second street. . . . He was helping demolish the bridge structure. . . .

A coffin had been found floating on the river near the South bridge. . . . It contained a "dead soldier"—an empty whiskey bottle. . . . Marguerite, 12-year-old daughter of Mrs. R. L. Womack of Cuthbert, had died

on Wednesday. . . .

Those scheduled to take part on the Epworth League and Christian Endeavor programs were Eloise Pond, Jessie Stell, Willis Jones, Raymond Clements, Marcella Price, Sallie Herrington, Tommie Smith, Agatha Plaster, Millard Smith, Bill Dorn, Hettie Irwin. . . .

### 10 YEARS AGO

The Colorado Wolves had been defeated 14-6 in a game at Sweetwater on Friday, and they were to meet Merkel on the next Friday. . . . County gins had received 17,315 bales of cotton. . . .

Mr. and Mrs. A. E. Maddin were to celebrate their golden wedding on Nov. 8. . . . Work was going forward rapidly on the grades for the new highway across Mitchell county. . . .

The approaching marriage of Mary Terrell and Resgan Perkins had been announced by Mrs. R. B. Terrell. . . . Friends of Mrs. F. B. (Aunt Rose) Whipkey had honored her with a shower on her birthday. . . . Kate Bean had had a Halloween party for her kindergarten. . . . Maurine Morris had been hostess to a birthday Halloween party. . . .

Sybil Dobbs of McMurry had been home for the week-end. . . . Mrs. Dewey Tidwell had been to Lubbock for the A. & M. football game. . . . Ruth Helton was to begin teaching in the Conaway school on Monday. . . .

Dale Hall and Abbie Sevier had attended the Tech-A. & M. game in Lubbock. . . . Robert Whipkey was

## THE CHANGING HOME

What is happening to the American home has aroused the attention of school and church for the past decade, both realizing that the responsibility for raising the family is being in large part passed to them. At the recent meeting of the Southern Medical Association in Baltimore, we find psychiatry turning a frown on the breakdown in the old, associations of the household.

Home, says Dr. William W. Young of Atlanta, was once a place where the multiplicity of duties kept everyone busy. Now we buy better and cheaper dresses at department stores and our bread and preserves from the store on the corner. Home is no longer a center of activity. "It is no longer a place to go to, but a place to go from."

The vaudeville jokester used to put it that home was the place we go when everywhere else is closed. There is more truth than fun in the two assertions, for a large part of the country is in the jazz age. There can be little question that the increase in crime is traceable to lack of useful employment for old and young alike. The machine age has taken home employment as well as outside work from many, for the home production of yesterday can be bought today either better and more economically or at much less trouble than if we do the work ourselves. What has become of home baking, of home sewing? Or, on the male side, how many home dwellers saw and stack wood or even know how?

Probably a restoration of home activity would decrease the markets of middlemen but, unless some such step is taken, we are likely to lose the thing that once made the Nation—the art of knowing how.

## HONOR TO MOTHER

Children these days are too busy attending bridge and neeking parties to pay much honor to mother. "I stood on the bridge at midnight"—No I mean I stood in the door one beautiful evening and observed my darling old gray haired mother looking about as she did a year ago with the exception of a few deeper wrinkles in her kind, sweet face put there by the never ending responsibility a mother feels for her brood. I think some times children are too self-centered in themselves to give thought and attention to gladden the weary minds and troubled hearts of those that love them most. They are living in the yesterdays as we are living in the todays, and our present will in the future be gone days to those that carry on after us. Just to hold the gauntlet old hand that filled the long black stocking hung by the fire place with pretty yellow oranges and shiny red apples, with assorted nuts, and a beautiful striped stick of peppermint candy, a flute, and a china doll sticking out of top of sister's stocking, all of it bringing a joy and ecstasy that can never be equalled, though a body have the laurels of the world laid at his feet. Yes, to feel the caressing hand that made these many blessings possible.

## STATE PRESS IN DALLAS NEWS NOT THERE

Editor Fred Whiskey, in *Colorado Record*: We have in our library a picture of the Texas Press Association taken at Corsicana in 1888 or 1889. Of the forty or fifty faces in the picture are but three who have not heard of some kind. Juan Hart was president and Fred B. Robinson of Waco, secretary. The picture is 45 or 46 years old and is of considerable value. Some time ago we clipped from *The Dallas News* this on the same subject: "The picture Mr. Everett found was one of participants in the Texas Press Association convention in Fort Worth June 26 to 28, 1894. Col. P. P. Holland was at that time president-elect of the association. A. C. Seurlock of Cleburne was president. Fred B. Robinson, still active at Waco, from where he pens frequent letters to the press, was secretary. Dallas County Tax Collector John M. Cullom, then putting out a paper in Garland, is also among those present. How times have changed is shown in the fact that of the fifty-one men pictured, all but seven are adorned with hair on the face in one fashion or another, sometimes in more than one!"

If the picture was made in 1888 or 1889, Mr. Whiskey, State Press wasn't there. Quite unlike a certain celebrated temperance drink, we read further down, that S.P. was one of the beardless members of the group. He was beardless, all right, because he wasn't old enough to own a beard. If a picture of him had been taken at the remote date you mention, Mr. Whiskey, he would have been shown seated in a high chair and gazing at the funny man who was telling him to watch for the birdie. In short, Mr. Whiskey, State Press was not in journalism at either of the date you give to the photographic relief. This defendant wishes to deny that he had even journalistic aspirations as long ago as that. He was, in the years stated, hoping to be either a policeman or a streetcar conductor. His ambitions were urban, but he wasn't urban himself. He got into the newspaper business later on, during a depression, when a hard-working youth was willing to try anything to make a living. This respondent doesn't claim to be a fledgling, but he denies being as old as Fred B. Robinson and John Cullom, who were, it seems, in the picture. The too general supposition that Methuselah and State Press were playmates together has got to be scotched.

It really looks like old man "depression" is being put to flight, as we note where two big dry goods concerns in St. Louis are going to pay bonuses amounting to \$140,000 to about two thousand of their employees, most of whom come under the head of "white collar" workers. All of which reminds us that old customs are again coming back.

Shipments of insects ready to battle Japanese beetles are being rushed across the Pacific in fast steamers. They are placed aboard planes at Vancouver and Seattle, where speed is required in their handling, as there is only a short time in which they can be shipped alive. These beetle foes are so much in demand that they are rushed from Yokahama to Morristown, N. Y., in eleven days.

## PRAISE FOR ROOSEVELT

Four years ago, O, New York, we took your Governor, a native son, from your midst, in whom your faith and confidence of State Government had been entrusted. Since then he has borne the affairs, the burdens of our United States successfully and incomparably and unparalleled during its economic history. Such record of service deserves an unquestionably meritorious commendation.

History's records do not reveal a more noble figure upon its illustrious pages than that of the Jewish law giver—Moses. History of our country does not yield, or show us a nobler or grander character than that of Franklin Delano Roosevelt. Moses, undiminished of early days, stands distinct against the background of times. Like Moses, although the only one yielded by the bullrushes, will Roosevelt not stand out as the Pyramids of Egypt, on the sands of time of this country's political and governmental history?

Augustinus, as all eminent leaders of the Protestant and Catholic faiths and sects will agree, was one of the first principals to regulate, interpret and form and carry on the organized church and live as a

Christian by the church. Likewise, only in organized government, Roosevelt with his "good neighbor" policy set forth live and let live ideas, set the stride for the people under democracy to turn from selfishness to charity, thereby attempting a more absolute sound democratic principle within our American society. Thus, an ideal, true American and an honest Democrat!

In view of the foregoing then, is it no wonder why there have been ironical political assertions endeavoring to name him as a dictator or a modern day Messiah?

## NEIGHBORLY NEIGHBORS

One man in speaking of the Good Neighbor Policy says it is his opinion that dealings among nations are based on the same principle as among neighbors who live in homes near one another. He says: "No more satisfying and comfortable feeling can be had than for one to know that his neighbors—the folks next door—feel kindly toward him and his household. The way to be a good neighbor is to attend strictly to one's own business and not meddle with the affairs of others. Beyond appraisal is the value of friendly association with a good neighbor." And this man is a good citizen and a good neighbor. Also a splendid woman asked that something be written on this subject of the Good Neighbor. She expressed appreciation of President Roosevelt's effort to bring this feeling about among nations. She alluded to the harmonious condition that has existed for so long between the United States and Canada, and asked, "Why don't all nations do as they do?" The reasons have been stated in this article.

The reason there is so often discord in families is that the Golden Rule is either ignored or defied.

Practice of the Golden Rule—"the Good Neighbor policy"—would comfort the hearts and help encourage those who constitute probably a majority of those who feel most keenly the world's disregard of the Good Neighbor policy, such as those Helen Hunt Jackson wrote about when she penned these lines:

Is it true, O Christ in heaven,  
That the holiest suffer most?  
That the stronger wander farthest  
And more hopelessly are lost?  
That the mark of rank in Nature  
Is capacity for pain?  
That the anguish of the sinner  
Makes the sweetness of the strain?

Only the Good Neighbor policy, the Golden Rule principle, can relieve effectually the sorrow and suffering brought about by man's inhumanity to man, and prevent war and enmity among neighbors and nations.

## A COMPREHENSIVE ANSWER

The answer the great Economist, Teacher, Friend and Savior gave to the lawyer who asked Him, "What is my neighbor?" was characteristic and comprehensive, for it not only answered the question but made a practical application of the answer at the same time. This was done by way of the famous parable of the man who "went down from Jerusalem to Jericho and fell among thieves." Probably in no other literature, sacred or profane, can there be found anything to match this marvelous recital of the principle involved—man's duty to his neighbor, and who his neighbor is.

The same reply can be made when the lawyer's question is propounded and this answer is applied to nations as well as to individuals. A principle that involves right, equity and justice among individuals has just as practical application to groups of men and women and to nations, otherwise it would not be a principle.

## NO SIDESTEPPING OF PENALTIES

He who does right only because he is afraid to do wrong, is both a fool and a coward. As long as men disobey the Golden Rule there will have to be criminal courts, criminal lawyers, jails, penitentiaries and all the paraphernalia that is necessary for trial and punishment of lawbreaker. This is because the violation of criminal statutes enacted by men is a violation of the Divine Law of right and wrong, if these statutes are based upon the Divine Law.

The Law of Right, the Golden Rule, is indeed the "Good Neighbor policy."

Every good deed is a neighborly deed, and every neighborly deed is a good deed. Thus we find that the Good Neighbor policy is in reality the Golden Rule principle, and the Golden Rule principle is of Divine origin, indorsed and proclaimed by Divinity Himself. It is in a way incorporated in the laws of Nature, otherwise it would not be operative.

The "Straight and Narrow Way" leads directly and always to your neighbor in distress. And as Jesus so impressively showed, every human being, suffering in mind or body, is your neighbor.

The basis of every kindness, of kindness itself, has its origin in the economics of the Golden Rule. Every little favor, every helpful deed, every word of sympathy has Divinity, Nature and economics back of it as a guarantee of its approval by every law of justice and equity.

## EUGENE HALEY DESIGNS TCUBROOM FOR MEN

FORT WORTH—Eugene Haley, Texas Christian University junior from Colorado, has announced that work will begin soon on the new men's club room at T. C. U.

Haley, who designed the room and drew up the plans, said the Student Council had agreed to donate \$150 and that the Administration agreed to furnish the same amount and labor for the project.

The purpose of the new club room is to give Fort Worth students attending T. C. U. a place to study and rest while at school. The room is located in the Administration building.

"The focal point of the room will be the fireplace, which will be a combination of wood and red brick," the designer said. "The walls of the room will be paneled in knotted pine, Venetian blinds to match the walls will cover the windows. We will have two bunks against one wall and a built-in bookcase on the opposite wall. Also included will be a game table for dominoes and checkers."

Haley has done several interior decorating jobs on the campus and is quite well-known for his ability in this field.

Cotton Acreage Is Cut Materially By Federal Operative

Two Million Acres Be Sliced From Crop Of 1938; Its Effect Here Studied

The AAA made a 2,000,000-acre reduction Monday in the cotton crop goal for another year. Secretary Wallace of the department of agriculture announced at Washington.

Farmers and other interested citizens here Tuesday were studying the material acreage reduction order in attempt to advance conclusions as to how far the control measure would affect Mitchell county. Detailed schedule under which the order is to operate may not be announced for several days.

Approving the 1938 agricultural conservation program, Secretary Wallace fixed its "goal" so far as cotton is concerned at 27,000,000 to 29,000,000 acres. The goal previously had been placed at 29,000,000 to 31,000,000 acres.

Officials of the agricultural adjustment administration said the change was decided upon because of the unusually large cotton crop this year. The goal is to be divided by areas and individual farms, and growers required to limit their planting to their share of it in order to qualify for government benefit payments.

Authorities estimated the reduction in the acreage goal would be about 680,000 bales less cotton, if yields next year averaged the normal amount to 170 pounds an acre.

In view of the government forecast of a 17,500,000-bale crop this year, AAA representatives said, the reduction was necessary to keep acreage "more in line with needs."

To prevent the acreage cut from diminishing federal rewards for cooperating growers, the rate of benefit payments was increased from 2 cents a pound to 2.4 cents on the normal yield of each acre.

Officials fixed a potato planting goal for next year of 3,100,000 to 3,300,000 acres, compared with 1928-1937 annual average of 3,346,000 acres.

The national goals and rates of payments established for other major crops were as previously announced. Corn, 92,000,000 to 96,000,000 acres; 10 cents a bushel. Peanuts, 1,500,000 to 1,600,000 acres; 0.2 cents a pound.

Greyhound's Super-Coaches Now in Service to El Paso, Los Angeles, Fort Worth, St. Louis and East

Greyhound's new Super-coaches are now in operation between Ft. Worth and El Paso. Besides providing the finest of all highway travel on this run, it completes a transcontinental Super-coach route from coast to coast.

Greyhound's Super-coaches are so utterly different from any previous type bus used in the industry that they involve radical departures in almost every detail.

The most important single change has been the placing of the motor in the rear of the bus. This arrangement means quieter operation, less vibration and complete absence of exhaust fumes. It also gives more space for passengers and adds to the riding comfort.

Another noticeable feature is the new high, comfort level for passengers. It is above the vibration line and permits passengers to look over the tops of passing private cars.

Special consideration has been given to the baggage space. Two large compartments, water tight and dust proof, have been built under the floor of the coach for suitcases, trunks and large parcels. The baggage rack on the roof has been eliminated.

The interior is modernistic and luxurious. A new system of lighting consists of a continuous circle of frosted glass tubing running entirely around the ceiling.

Deeply-cushioned individual chairs have been entirely redesigned for use in the new Super-coach. They can be made to recline in four optional positions for sightseeing, reading, relaxation or sleep.

Greyhound's new Super-coaches are modern and different, but in every respect they adhere strictly to the high traditions of safety and reliability which Greyhound has established in its nation-wide system.

INFANT OF FORMER COLORADOAN SAVED BY RARE OPERATION

The following item clipped from the Long Beach (California) Press-Telegram will be of interest to Coloradans who remember Jacob Shuford, father of the infant subject of the story:

"Jack Sidney Shuford, tiny mite of humanity, owes his life to the skill of medical science. He was born at Seaside Hospital on September 8, but was afflicted with atelectasis of the lung. He would have had no chance to live had it not been for the skill of hospital surgeons, and for the respirator, or iron lung.

"When Jack, son of Mr. and Mrs. Jacob Shuford, 327 Esther Street, made his appearance shortly after midnight, the doctors immediately noted that his lungs would not unfold properly.

"The x-ray showed the collapse of the left and deficient unfolding of the right lung. In a race with time, doctors rushed the baby to the surgery department where an emergency operation was performed. The operation consisted of the insertion of a bronchoscope, a tiny instrument only three millimeters in diameter, into the baby's windpipe. At the completion of the operation, the child was placed in the Drinker respirator and for fifteen minutes his life hung in the balance. Then the lungs, pumped to life by the iron lung, filled with air and the baby began to breathe. Doctors in the case are: Stirling Pillsbury, Roy Taylor and Clyde Harner, assisted by Charlotte Frye, nurse.

"According to nurses at the hospital, it was the first time that the delicate lung operation has been performed here, although such cases have been handled in Eastern hospitals."

HYMAN HOME DEMONSTRATION CLUB MET FRIDAY

Mrs. Edgar Andrews, Reporter The Hyman Home Demonstration club met with Mrs. Otto Schuster last Friday for their kitchen achievement program.

Roll call was answered with improvements I have made in my kitchen during this year. Luther Adkins entertained the club and visitors with accordion music. Then Mrs. Schuster invited all in to see her improved kitchen. Among improvements Mrs. Schuster has made in her kitchen are a work table with rollers that can be moved easily, a little shelf near the stove for her seasoning set and lamp, a kitchen stool, new conglom on the floor. Mrs. Schuster has running water in her kitchen and built-in cabinets that she has repainted, and she has fixed her windows so that they can be lowered from the top. Some kitchen aprons were demonstrated, also some school lunches and containers were demonstrated by Mrs. Frank Andrews and Mrs. Carl Lowery.

Refreshments of sandwiches, cookies, and coffee were served to Judge King, Luther Adkins, Mrs. L. P. Adkins, Mrs. Carl Lowery, Mrs. Frank Andrews, Mrs. Jim Boyd, Mrs. Shepherd, Mrs. J. T. Vest, Miss Vera Crippen, Mrs. Edgar Andrews, Mrs. Johnnie Schuster, Mrs. Walter Averitt and hostess Mrs. Otto Schuster.

The club will meet in November with Mrs. Edgar Andrews.

Governments Play a Part

—in strengthening the banking structure.

EVERY state charters state banks comprising the State Banking System. They are supervised under state laws that supplement and enforce accepted principles of sound banking.

Similarly the Federal government charters and supervises the national banks of which there are many in each state. It created the Federal Reserve System, composed of all National and many State Banks, designed primarily to coordinate and strengthen credit operations of banks; and created the Federal Deposit Insurance Corporation.

While the basic soundness of banks is created by the honesty and efficiency of their own managements, these various government measures brace the financial structure giving it added resiliency and usefulness to the public.
