

OIL MEN WATCHING LOCKHART TEST AND SCURRY COUNTY WELL

HIGHLY FAVORABLE SHOWS AT LOCKHART HEUSINGER; SCURRY WELL TO BE GIVEN SPECIAL ACID DOSE

Oil interest in Colorado was divided Thursday morning as oil men and others watched closely developments at the wildcat H. L. Lockhart No. 1 A. R. Heusinger on Bob Scott land just over the line in Howard county and at the Robinson Bros. No. 1 Martin in southwest Scurry county.

The Lockhart wildcat, which is located 330 feet out of the southeast corner of section 67-29, W&NW, was drilling in lime at 2,525 feet Wednesday night at 6 o'clock. Six showings of oil had been encountered, there having been heavy gas pressure at one showing. Showings had been logged at 1,445 feet, 1,475 feet, 1,315 feet, 2,104 feet, and other depths. The gas show was at 1,475 feet.

Interest in the test is running high and many local oil men were predicting a good well. George Rinear of Colorado is drilling contractor. Bob Scott owns the land, and it has been leased to H. L. Lockhart, who works with Colorado as headquarters.

Meanwhile, preparations for re-acidizing the Scurry county test were going forward, held up momentarily by the surprise reaction of an oil sample to a bottle acid test Wednesday afternoon. The oil turned to a thick heavy grease when treated with the acid. Chemists were at work Thursday morning on a solution to be used with the acid to keep the oil in the well from solidifying when the acid treatment, which will be a heavy one, is administered.

This well is located in section 147, Block 97, H. & T. C., and has been of considerable interest here because surrounding leases are held by the Cantrill, P. K. Mackey, R. A. May, the Magnolia company, and others. It made 25-30 barrels a day after being shot with 300 quarts of nitrolycerine nearly a month ago. An acid treatment of 1,600 gallons was given two weeks ago, but was not satisfactory. Workers have been busy since then running pipe for re-acidization.

Also being watched here is the Standard of Texas No. 1 W. P. Foster, a rank wildcat located 1,650 feet from the west and north lines of section 44-29-1n, T. & P. It is drilling in hard lime at 2,912 feet Wednesday, and at that depth had a showing of 8 gallons of oil and 12 gallons of water in four hours.

Sidelights On Cotton Production In 19th District Reveal Many Interesting Facts

By George Mahon
The 1937 West Texas cotton crop has received a lot of publicity. I have noted the claims of various West Texas counties. In fact, I have been making some bold claims myself among my colleagues in Congress who represent cotton areas. Some of them charged me with being overly enthusiastic in some of my claims in behalf of my Congressional District. However, with the aid of the Bureau of the Census, I have been able to establish them, and I think you will be interested in the facts which I have just received from the Bureau.

The 25 county 19th Congressional District of Texas led all other Congressional Districts in the nation in the production of cotton in 1937 according to the latest Bureau of the

TASK OF GETTING WORK SHEETS ON FARMS UNDER WAY

SHEET MUST BE FILLED OUT ON EVERY FARM IN CO. WHETHER IN GOVERNMENT PROGRAM OR NOT

Task of securing a work sheet on every farm in Mitchell county for 1937 is now underway at the county agent's office.

Farmers have been signing the work sheets since Monday morning and signing will continue through Saturday, according to John Mogford, assistant in charge of agricultural adjustment in the office of B. J. Baskin, county agent.

These work sheets do not place the signers under any obligations concerning the 1938 program. Mogford points out. Farmers who signed work sheets for the 1937 program need not sign another sheet. Farmers who did not sign a work sheet in 1937 should call at the office before it closes Saturday.

Members of the county committee have been instructed to fill out work sheets for all farmers who have not signed by Saturday night. Mogford says. Sheets filled out by the committee will be sent in unsigned.

Only purpose of the government in requiring these sheets, according to Mogford, is to secure base figures for working out the 1938 program.

No Details Available So Far On Death Of Coloradoan In Shanghai, China, On Jan. 31

Nearly a week of anxious waiting had brought Mrs. R. F. Hargrove of Colorado no detailed information Thursday morning about the death of her son, Garrard Hargrove, 41, in Shanghai, China, on Jan. 31.

Mrs. Hargrove received a message from the navy department at Washington last Friday afternoon informing her simply that her son was dead. The message said that no details were available, other than that he was dead. Telegrams and cablegrams sent by both Mrs. Hargrove and the navy department have brought no additional information.

Hargrove had lived in Shanghai since 1933 when he was given a furlough from the navy after nearly 20 years naval service. He and his wife operated a cafe in the International Settlement before the recent outbreak of Sino-Japanese hostilities. A letter written to his mother a few months ago said that he and his wife had "lost everything" during the fighting in Shanghai.

The last visit which Hargrove made to Colorado ended nearly a year ago. He was here in the home of his mother from October 15, 1936, until February 14, 1937. He was born and reared in southern Mitchell county, joining the navy early in the World war and remaining there after the war closed. He was stationed in Asiatic waters from 1920 until his furlough in 1933.

Survivors include his mother, his wife and the following brothers and sisters: Mrs. C. C. Eudy of Colorado, Mrs. Paul Holden of Big Spring, P. H. Hargrove of Asperment, R. P. Hargrove of Chalk, Ross Hargrove of Vincent, and Paul Hargrove of Aruba, Netherlands West Indies, South America.

GAS BURNS SUSTAINED ON JANUARY 7 FATAL TO MRS. J. D. WILLIAMS, SR., SATURDAY; FUNERAL AT GRANBURY

Gas burns sustained a month and a day before proved fatal Saturday afternoon to Mrs. J. D. Williams, Sr., 58, in a local hospital. She died at 2:45.

Mrs. Williams was burned on Jan. 7. She was found shortly after noon on that date with her clothing ablaze, apparently caught from the melted hose of a gas plate which stood on the floor in front of her chair. She was slumped unconscious in the chair when neighbors discovered her. Clothes which had been boiling in a tub on the gas plate had burned to a crisp, and the heat from the dry tub had apparently melted the hose, causing the gas flames to leap out. A large hole was burned in the floor beneath the plate.

Later, after regaining consciousness, Mrs. Williams told her family that she remembered nothing after 9 or 10 o'clock that morning, when she sat down by the stove to rest and warm. She remembered feeling dizzy. She had been in the house alone all day, her husband spending the day at the veterinary hospital which his son, Dr. J. D. Williams, Jr., operates. Mrs. W. E. Wirtz, a next-door neighbor, and her father-in-law, E. W. Wirtz, found Mrs. Williams. They forced their way into the house after being advised to do so by Mr. Williams when they informed him by phone that Mrs. Williams did not answer their calls.

Mrs. Williams was born Cora Maud Lambert in Hood county, near Granbury, on Aug. 30, 1880. She lived in and near Granbury all her life until she and Mr. Williams moved here See GAS BURNS, Page 5

BAPTIST W. M. S.

The Baptist W. M. S. enjoyed their regular missionary meeting in the home of Mrs. T. J. Riden Monday afternoon with Mrs. J. C. Hall the president in charge.

The following program was rendered: Song, "My Faith Looks Up To Thee"; prayer, by Mrs. M. H. Godfrey; devotional, Mrs. J. L. Pratt; topics were: "The Homeland Fifty Years Ago," by Mrs. John Johnson; "The Home Mission Beginnings," by Miss Jeter; song, "America, the Beautiful"; "Home Missions Saving the Homeland," Mrs. Lester Jarrett; The Life of Mrs. D. D. Cooper, an outstanding Indian Missionary, was given by Mrs. R. E. Bennett, and was made especially interesting from the fact that Mrs. Cooper was converted under the influence of Rev. A. C.

Miller, one of our former pastors. A duet, "Living For Jesus," was sung by Mrs. Dan Butler and Mrs. F. J. Reddin. After a short business session and the welcoming of our new pastor's wife, Mrs. Godfrey, into our society we were dismissed with prayer by Mrs. J. L. Pratt.

During the social hour the hostess assisted by Mrs. John Johnson, Mrs. R. K. Thornhill and Mrs. Dexter Taylor, served delicious refreshments to 32 members and 2 visitors. A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word--not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

CARE OF CHICKENS IS PLAINVIEW TOPIC

Discussions of the care and management of chickens were heard when the Plainview Home Demonstration club met last Wednesday with Mrs. Tom Daughtrey. Plans for a home-made brooder house were shown by Miss Vara Crippen, county home demonstration agent. The house could be made by using two boxes and a common kitchen lamp. The women were told that chicken houses should be either built so that they can be moved or so that clean dirt can be put in it at regular intervals. The importance of keeping an abundance of warm or cool water out for chickens at all times was stressed. Members were told that the

chickens should receive one wet feeding of mash each day, but no more should be put out than the chickens will clean up at one time. The club will meet next Wednesday, Feb. 16, with Mrs. J. C. Franklin.

GAS COMPANY HEAD SAYS RR COMMISSION 'PLAYING POLITICS'

Charges that the Texas Railroad Commission is playing politics with the gas industry were made by L. B. Denning, president of the Lone Star Gas company, in replying to the commission's offer to fix rates in incorporated cities and towns. "The commission's statement," said Mr. Denning, "is misleading and deceptive and apparently issued for political purposes. This is a political year and the Railroad Commission is starting early to use the gas industry for its own political ends, since the gas industry is the only public utility in Texas under State regulation. We deny that the Railroad Commission has the authority to exercise any original jurisdiction in

incorporated cities and towns. Original jurisdiction over gas rates is vested in the cities and towns by statute. The commission can only exercise appellate jurisdiction in such cases. This proposition has been definitely settled both by statute and judicial decisions in Texas. The procedure suggested by the commission will result only in extravagant litigation and useless waste of the funds of both the taxpayers of the State and the gas consumers. The commission's investigations into the rates of the companies comprising Lone Star Gas System have in many instances resulted in increased rates. In some instances the increases were put into effect pursuant to court orders and in others by the commission itself. "In all cases where the commission has attempted to reduce the company's rates, extended litigation has resulted. Only three cases have been tried to date. In one, the Federal court held for the company. In the other two, juries in the district court at Austin found the orders of the commission unjust and unreasonable."

any one of 12 of the 15 states, other than Texas, listed by the Bureau of the Census as cotton producing states. The crop of 1,133,531 bales exceeded that of such states as Louisiana, Tennessee, South Carolina, and North Carolina.

West Texas has achieved a dominant place in cotton production in a relatively short time. It is interesting to compare the 1,133,531 bales of the 1937 crop to the 60,000 bales produced by these 25 counties in 1907, the 34,107 produced by them in 1917, and the 460,466 bales produced by them in 1927.

With the aid of the Department of Agriculture experts in Washington, I have been trying to figure out some of the things which could be done with 1,133,531 bales of cotton. If it should be manufactured into bed sheeting 81 inches in width, it would reach around the earth 16 times. It would be adequate to supply every woman in the 19th District with 100 dresses, every man with 100 shirts, and every household with 100 bed sheets, and enough would be left over to supply every woman in America

outside the West Texas area with 13 cotton frocks. This further fact is interesting: The average consumption of cotton for all purposes in the United States is 25 pounds per person per year. On this basis, the 1937 crop in the 19th District would be adequate to supply the people of the District for 88 years.

and physical, for boys and other young people. This service, he pointed out, would emphasize the spiritual growth. Basing his remarks on the passage, "And it came to pass that the Lord called Samuel," the speaker said that God calls men first to salvation through the preaching of his word and the faithful witnessing of those who have known Him, with the resultant bringing of conviction by the Holy Spirit. The second call, that to consecration, is inseparably involved with the first call to salvation, the Rev. Mr. Patterson declared. "An unconditional surrender is the only kind God will accept," he said. God's call to service was the third call outlined. The speaker urged the boys to "tie your lives onto a great cause, for God has a place for each of you." Speaking of so-called "youth movements," the Rev. Mr. Patterson said: "Youth is marching in every land, but in so many lands it is marching under the wrong banner. . . . Under Hitler in Germany, Mussolini in Italy, Communism in Russia. . . . We should be grateful that in America we have the freedom to lead our boys and girls to Christ. . . . And when they accept Christ as their saviour, then their four-fold growth has truly begun."

THOMPSON SPEAKS AT CC LUNCHEON CLUB ON TUESDAY

WORK, AIMS OF CHAMBER'S AGRICULTURE, LIVESTOCK COMMITTEE TOLD; JUNIOR CC MEMBERS GUESTS

Things which the agriculture-livestock committee of the Colorado chamber of commerce is doing and intends to do were outlined by C. C. Thompson, chairman of the committee, in a talk at the chamber of commerce luncheon club Tuesday noon.

Thompson said that a live-at-home program is to be urged for farmers in the county. He told of plans for the Colorado Fat Stock show on April 11. Machinery has already been set in motion for this show, which will be open for exhibition of calves, lambs and pigs being fed by Mitchell county boys under the supervision of the county agent or any vocational agriculture teacher.

Members of the Junior chamber of commerce were guests at the luncheon. Charles Root, president of the Junior chamber, made a brief talk on what his organization hopes to accomplish and introduced his fellow workers.

Attendance prizes were drawn by Archdeacon J. W. Hayes, Fred Cravy, and Dr. W. M. Elliott. They were contributed by Dr. Oscar Rhode, L. J. Taylor and Dr. Elliott. Forty people were present at the luncheon, and the work of Marvin Majors as attendance chairman was credited with much of this increase.

The program was arranged by Dr. Oscar Rhode and L. J. Taylor, who will also be in charge of the next program. Carl Blasig, chamber of commerce manager, presided in the absence of J. Ralph Lee, who was to have presided at all February meetings.

IN FAST AND THRILLING
BOUT; JUNIORS DEFEATED**

Independent cage championships of Mitchell county in interscholastic League play were won Tuesday night by the Colorado Wolves for the senior division and the Westbrook Juniors for the junior division. Games were played in the Colorado High school gym.

The Wolves defeated Westbrook's senior team 25-24 in one of the fastest and most thrilling games of the local cage season. The score at the end of the first quarter was 4 to 5 in favor of Westbrook. It was 12-12 at the half, and 18-20 in Westbrook's favor at the third quarter.

Curtis Woods of Colorado and Cope of Westbrook were high point men, each making 8 points.

Westbrook's junior team defeated the Colorado High school junior team 23-10. Clayton Henderson was Colorado's high point man with six points, and Neal was Westbrook's with 12 points.

These two teams will play the rural champions at Colorado Friday night for the county championships. The senior winner will represent the county in the district meet at Abilene Feb. 18 and 19.

**FACULTY VICTORIOUS
OVER CHS SENIORS IN
HILARIOUS CONTEST**

In a fast, well-played, and hilarious game at assembly period Monday afternoon, the faculty basketball team of Colorado High school downed the senior team, winner of the inter-class tournament, 16 to 10.

Newby Pratt, assistant coach of the Wolves, was high point man, making 7 points. Others on the faculty team were Coach Jack Christian, Robert Coffman, F. C. Shillingburg, and Farris Bass, borrowed from Junior High school to fill out the quintet.

There were no substitutions on the faculty team, since there was nobody to substitute. Eight men were used on the senior team during the game, however, these including John Parquhar, John Mack Payne, Ernest Smith, Grover Williams, George Mallard, Van King, Quinton Hamrick, and Dale Simpson. The score at the half was 8 and 8.

The tournament was sponsored by the junior class to raise money for the junior-senior banquet. It was agreed that the class having the largest attendance at the tournament games would get half of what that class paid in. This was won by the freshmen, who had an average of 95 at each game. Games were played at assembly periods, and 5-cent admission charge was made.

**AMATEUR HOUR IS
GETTING PUBLICITY
IN REMOTE PLACES**

Colorado's "amateur hour" has been getting publicity in far-off places during recent months through an associated press story sent in by Carl Blasig, manager of the Colorado chamber of commerce.

A woman friend of the J. A. Sadler family has sent them a clipping of the story as run in the Corpus Christi Caller not long ago:

"Amateur Hour" connotes Bronx cheers or a shower of vegetables, yet 5,000 persons—more than the entire population of the town—gather Friday nights in the summer months at the large out-door amphitheatre at the Colorado Park to attend "Amateur Hour."

They call it "amateur hour" because their children, cousins, uncles, aunts, nephews and nieces are the actors and nobody thinks of "kin-folks" as being professional, especially since they work on the farm, in the store, or in the office all day. They enjoy seeing little Johnnie do a tap dance, little Anne sing a song, Cousins Tom and Harry do a skit, Uncle Dave play the fiddle, Aunt Sally give a reading, Niece Jane just back from college, give a dramatic interpretation, and Nephew Josephus, the community wit, pull a few razzberries.

The amphitheatre, hewn out of a rocky hillside, is fanned by cool evening breezes, adding physical comfort to entertainment. Tiers of native rock seats far enough apart to bed the little ones on a soft lawn, afford seating capacity for several thousand. But an additional thousand wooden seats on top of the hill failed to accommodate the crowd which overflowed on the grass-carpeted hillside during the 1937 season.

The Colorado Chamber of Commerce, sponsor of the programs, installed a loud speaker system to transmit every word of the program to the audience. Cash prizes of \$5, \$3 and \$2 are awarded the three winning performers, the audience making the selections by applause.

The "amateur hour" programs attract people from all sections of the town's trade territory and several thousand more seats will be carved out of the hillside for the 1938 season, the chamber announces.

VOCATIONAL AGRICULTURE

The Westbrook Vocational Agriculture boys went on a little tour Saturday, February 5. They went to Mr. Terrel McKinneys and pruned about fifteen trees, examined some chickens and looked at some live-stock. Mrs. McKinney fixed lunch for them and I think this is what the boys enjoyed most of their trip.

They next went to Mr. Jacksons and opened a trench silo and looked at the sheep and pig projects of his son Rufus. The boys then went to Mr. Dick Gregory's and judged two classes of beef calves. After leaving Dick Gregory's they went to the home of Mr. Homer Gregory and pruned a small orchard for him. They then went to Mr. Bobby Reesses' and ran two terrace lines and then went home.

The F. F. A. boys had an experience which was very interesting after getting home. They found Billie Waters two cows sucking themselves. He also has a pig which is fond of sucking cows.

Sunday, Feb. 6, Mr. Cox, Jack McDonald and Billie Waters went to Spade and Hyman and looked at some of the boy's projects.

FISHES FUN
Darrell was absent Monday morning with a bad cold. It seems to be better now.

Say, Myrlene, you and Virginia shouldn't be rushing things so fast. You should know your little nephews can't say "Aunt" yet.

The junior girls have started playing indoor ball. There is quite a bit of fuss over who is going to get their

way about where they are going to play. Two of our Freshman girls, Sara and Winnie Jo Bolin, are going to sing over KBST March 6th. Everyone be sure and listen.

The girls have quit basketball, and the ones that don't play indoor ball are going to play tennis and volleyball.

SOPHOMORE REPORT
Sir Boredom has been elected Sophomore reporter; but don't you worry, as arrangements are being made for his replacement. Fellow classmates, have a heart and turn this job over to some one better equipped.

Practice on our annual class play is well under way and the sophomores would like your attendance. Ten members of the class are in the cast. The date of presentation is yet to be set, but keep the play in mind.

In English 2, Monday, after some debate, we decided to form a class club. Results of the election of officers are: President, James Skelton; vice-president, Earl Neal; secretary and treasurer, Luke Northcut. A committee of four was selected by the officers to decide upon a name.

Other things of small importance were taken before the membership, but I really think we are putting one over on Miss Speights. I'm sure our knowledge of English was benefitted by the 45 minutes of English we spent in formation of the club. One of the name selecting committee has suggested "Spits Inc." Are there any objections from the teacher?

Algebra and History went through their regular routine this past week, and as usual are getting more complicated with the passing of each class.

James hands in the report that the girls are getting better looking every day, but Ruth says she can't say the same for the boys.

As you see, its dry enough, but you sophs asked for it. Drop in again next week when I'll try and see to some one elses presence—Van.

THE SEVENTH GRADE
The seventh grade was called to order Tuesday by the president, Ruth Berry. The following officers were elected for the coming month:

Margaret Waggoner, Librarian; Lee Ruddick, vice president. We wish to thank the past officers for their cooperation.

The seventh grade plans to draw names and have a valentine box Monday.

The seventh grade girls played basketball with Carr Tuesday and won. The score was 9-14.

Some of the seventh grade have their posters on the prevention of fire hanging up around the room. All of the seventh grade has to have a poster or 500 word theme on fire by the last of April.

Westbrook school plans to have a radio program the 6th of March in Big Spring. The seventh grade is to have a part in this.

THE JUNIOR NEWS
The Junior class was well represented in the Senior basketball game at County Meet in Colorado last Tuesday night. Sidney Jones and A. G. Board did the representing.

A. G. started the game off with a wham, by making the first goal. He and Sidney, as well as the other players, kept up the good work all through the game until their opponent, Lorraine, was defeated, the score being 28 to 13.

The Juniors had three weeks test in Geometry last Friday, and on Monday our instructor reported the grades as fairly good.

The Juniors are wondering when they are going to have that entertainment that is due them. What about it, Mr. Hood.

SENIOR NEWS
Catherine McKinney has been ill with influenza.

Alfred Taylor really can run—especially when a car chases him. Neal McCullough got his finger cut last Friday on a swing.

The seniors enjoyed the show that was given last Friday. Cecil McCullough, an ex-senior, has been visiting school. Modenia Elliott, Mary Frances Berry, Alfred Taylor, Leslie Bassinger and Chester Anderson were seniors attending a party given by Fionelle Davis last Saturday night. Melba Harris had visitors from Abilene Monday.

English 4 class had a very interesting debate Monday. Those who debated were: Rae Moody, Billy Waters, M. L. Cope, and Clarence Moore. Fionelle Davis acted as chairman.

INTERSCHOLASTIC LEAGUE WORK BEGINS
Westbrook school is getting everything in line once more to begin on the annual Interscholastic League work. Different teachers in both grammar school and high school will have charge of the different divisions. If you are interested in any phase of this literary, track, or other athletic contest, we urge you to find out who has charge of it and get started at once. These contests are open to every student in the school from the first on up and each one that decides to enter will be welcome to do so. The winning of the event is only half the good that one receives from it. The training, experience, and poise one receives from these things are alone worth the trying.

BASKETBALL SEASON ENDS TUESDAY NIGHT
The basketball season ended Tuesday night when the Westbrook senior and junior boys played the Colorado teams for county championship. The Senior boys defeated Lorraine last Tuesday night 28-13. The Junior boys defeated Lorraine also.

Tuesday night the Junior boys beat Colorado in a fast, good game by a good score. This leaves the Junior boys Independent county champions. The Junior boys have to play the rural winner to establish county championship. This game takes place Friday night at Colorado.

The Senior boys seem not to have broken the one point jinx that has followed them through the season, losing most of the games that they

lost by one point. The game was very good, one of the best this year. The score was 12-12 at the half and ended in a victory for the Colorado boys 24-25.

The girls ended their season last Saturday as they were eliminated in the tournament at Garner. They went to Garner Friday night and got their game by a forfeit from Coahoma. They played a practice game with Brown and were defeated 23-16. Then Saturday, deciding to go consolation, they found themselves facing Brown again and this time we found ourselves downed by 23-16.

BASKETBALL SWEATERS GIVEN IN CHAPEL WEDNESDAY
The sweaters ordered some time ago arrived and the sweaters were presented to the basketball boys and girls in chapel Tuesday.

The sweaters were presented to: Sydney Jones, Leroy Clifton, A. G. Board, J. K. Bolin, M. L. Cope, Earl Neal and Billie Waters, boys; and girls, Janie Lee White, Zella Ruth Smith, Iris Costin, Helen Moon, Elizabeth Young, Oleta Dockery, Annel Colebank, Opal Leach, Florence McCullough, Billie Bob Waggoner, Nita Bess Daniels and Dorothy Taylor. The sweaters that are to be presented to Billie Waters and Dorothy Taylor have not come yet as they were ordered late.

PICKED UP ALONG THE NEWS PATH

Refuge may be the most pressing need of this would-be columnist by the time this issue of The Record gets into full circulation. . . . That is, if we have room in this issue to use a certain story on Mrs. P. C. Coleman (and if it isn't in this issue it'll be in a later one, so I'll still be seeking refuge). . . . You see, Mrs. Coleman gave me orders some time ago not to use this story about her in the local paper. . . . Now, I'm usually one of the most obedient and tractable of reporters—a regular caspar-milque-toastish sort of newspaper person. . . . But this time I'm disobeying because I think readers of The Record will enjoy reading about the life of a woman as charming and as prominent as Mrs. Coleman. . . . We addressed Mrs. Coleman's paper, then changed the caption back to its "civilized" form. . . . We hoped he'd be down for a duel, but he wasn't. . . . Can't imagine how he found out it was just a joke. . . .

Just before Christmas I was handed a clipping by Mrs. Reagan Perkins (Mary Terrell), who was here from Waco for the holidays. . . . She had found it in a Waco newspaper and thought Coloradans would be interested, since it was about Dixon Wecker, who graduated from Colorado High school and went out into the world to become famous with his "Saga of American Society." . . . I didn't notice what the clipping was about at the time, and somehow it got away from me. . . . It turned up again the other day and I discovered that it dealt with his approaching marriage—a marriage that has been past for these many weeks. . . . Here's the item, belated tho it is (and I'll bet Mary Terrell Perkins thinks I'm a good one):

"Mrs. Eugenia Wecker, 801 James avenue, departs during the Christmas holidays for Denver, Colo., where she will attend the wedding Tuesday, Dec. 28, at 5 pm. of her son, Mr. Dixon Wecker, and Miss Elizabeth Parrar, daughter of a prominent Denver attorney. Dr. Wecker, who was at

home for a visit during the summer, has recently published a book, "The Saga of American Society," which has won wide mention and critical notice, and some of his articles have appeared in leading American magazines. He is a graduate of Baylor university, was a Rhodes scholar to Oxford, England, and has taken his doctor's degree since his return to this country. He teaches in the University of Colorado at Boulder."

Rumor has it that Jim Cantrill nearly went into the cow business during the Wimberley Hereford sale at Sweetwater Monday. . . . It seems that Jim was holding a seat for Frank Kelley, and raised his hand to catch Kelley's eye. . . . That was enough for the live-wire auctioneer, who pointed at him and said, "Alright, \$225 from that man there." . . . The tale has it that Jim couldn't muster up the voice to deny the bid—maybe he was rendered speechless by a prophetic vision of himself leading home a \$225 Hereford heifer to graze in the Cantrill back yard. . . . He's been quoted as saying that he never lived through any longer minutes than those that passed before the bid was raised and the aforementioned vision faded away. . . .

Collecting first editions of new magazines is Mrs. J. Ralph Lee's hobby. . . . She has several with high market value. . . . As Little as 3¢ per day!

SERVEL ELECTROLUX
THE Gas REFRIGERATOR (OR KEROSENE)

Operates on—NATURAL GAS . . .
KEROSENE (Cool Oil) . . . BUTANE
. . . BOTTLED GAS.

YOUR family needs the protection of Servel Electrolux, the Gas or Kerosene refrigerator, NOW. Taking chances with the foods you eat is dangerous business. 70 per cent of all sickness is caused by what you eat or drink. Food and milk spoil rapidly at kitchen temperatures. They must be kept cold! Servel Electrolux protects your family from sickness—by protecting your food from spoilage. Can you afford to take chances, when Servel Electrolux operates on as little as 2 or 3 cents a day? Protection for the price of a few sticks of gum!

HERE'S WHAT MRS. (DR.) E. P. GLENN, 876 HIGHLAND AVE., ABILENE, TEXAS, thinks of her Servel Electrolux: "We have had an Electrolux in our home for nearly two years; we get from it the most perfect refrigeration we have ever known. Our ice bills averaged \$6.00 per month, annually; another type of mechanical refrigeration cost us, for a two-year period, about \$8.00 per month. Our gas bill has increased only 14c per month average, in these two years. This period included the extremely hot August of 1936. Whether it is dairy supplies, or garden stuff, or meats; whether the food is cooked or raw, its quality and taste are unimpaired after waiting in Electrolux. This is an especial advantage over week-ends and holiday seasons. Like all good servants, Electrolux does its work silently; there is neither buzz nor drone to annoy the most susceptible nerves. Electrolux is the most easily cleaned, and the most easily kept clean of any kind of food-storage refrigerator I have known; and the defrosting is simple and adequate. Nor is there a consequent lowering of temperature to the detriment of foods. Nor the faintest of food odors. Who would wonder that we were glad that Electrolux found its place in our kitchen?"

This is because Servel Electrolux is a different kind of refrigerator—different from all others. Its freezing unit has no moving parts. It cannot wear. But moving parts do wear. Lose efficiency. Cost more and more to operate. Get noisy. Eventually wear out. Servel Electrolux has no moving parts. Just a tiny, silent gas flame takes the place of all that machinery. Gives you twice the ice the average family needs. Protection for meat, milk and left overs. Ice cream every day, if you like. And for 2 or 3 cents per day!

You don't "buy" a Servel Electrolux—it's an investment. A good investment, which not only pays back what you put in it, but pays a profit besides. It takes only a small part of that investment to put Servel Electrolux in your home. Why not NOW?

ROGERS RAMBLINGS

"THE PHANTOM BELLS"
You've read about this grand entertainment that was soon to be here. Well folks its here at last. "The Phantom Bells" will be heard, seen, and discussed Friday night at the Rogers school building so don't miss it. This play is composed of mystery, love, and comedy so each of you can enjoy it. A house that has been deserted for years, in the walls of which mysterious bells are heard to tinkle at night; a house where people mysteriously disappear, only to return apparently dead, and miraculously to life; a house where mysterious footprints end in the middle of the room as if the owner had suddenly sprouted wings and taken flight—these are a few of the things Laura Rhodes (played by Laverne Carpenter) and her young step-mother (Wyoone Harris) encounter when they arrive at "The House of the Bells," acting upon written instructions from Laura's father, who has been in Europe and intends to meet the two women in this apparently haunted house. After a large sum of money has been mysteriously done away with, and a number of long distance telephone calls made, supposedly from Mark Rhodes, a detective comes along only to tell that Mark Rhodes is dead and has been for several days before the calls were made. From then on things happen with such rapidity that you will be automatically held to your seats during the balance of the play. The surprising "end up" will leave you gasping. Don't forget the time, date, and place. Friday night at Rogers school building for 10c and 15c you can see the best play, drama, show or what not that been within your reach all season. Don't miss it!

SUNDAY SCHOOL NEWS
"How'er it be, it seems to me 'Tis only noble to be good."
We had a fine group at Sunday school Sunday and two new members in the Senior class. We are very proud of these faithful few and we hope that each one will continue to come and do his part. Come over folks and see if our Sunday school is what we say it is. We're sure of it, but you'd better pay us a visit and see. This Friday night at 8:00 o'clock. Just watch the people begin to flock into the schoolyard to see. The greatest show that is to be. With prices only 10 and 15 cents. You'll see more than 'the elephant jump the fence."
Don't miss it and hear people say, "That was a wow!"
But come along and see it. Then say, "And how!"

SCHOOL NEWS
"The world listens to a man who talks well."
Well, well we understand that J. P. didn't want his name in the paper this week and so we won't put it in. Linden was eating dinner with Ramey.
Mrs. Jamison: Are you sure you can cut your meat?
Linden: Oh, yeah, we often have it this tough at home.
We are wondering who answered their identification question correctly the other day when Miss Moore gave an art exam. "Horizon" and "pantalons" were two of the terms. "Horizon is the wooden part of the apple box pictures," said Louise Strain.
"Pantalons are things babies wear," said G. B. Hunt. But Milton McMahon seemed to think they were the place where the sky meets the ground. Which one Milton?
Louise Strain has taken a fancy to J. P. We wonder why. Could it be this and "where was it found, Louise?"
"Oh, J. P. with those dimples sweet, And that smile that wrinkles up your cheek, I'd like to say, 'Quite a surprise. But I think you have lovely eyes.'"
Mr. Sweatt has been teaching his English class how to write poetry. Now who could have written that? Girls! Girls!

EDITORIAL

MORE ABOUT BAPTISM—REVIEWED

By Jno. A. Thompson

Our columnist is to be commended in his desire to set forth truth and to expose error. Since the "Georgetown Sun" has such a wide circulation in these regions, certainly no error should be allowed to be printed therein and go unchallenged. But any thinker can see that the answer to the error should have been thru the "Sun" and not thru the "Record", since the error was published in the "Sun", if indeed it were an error.

Mk. 16:15

Certainly there is no reason for leaving out a part of this passage of scripture, but the peculiar part is why the scribe is worried about any of it, if indeed it is a spurious passage and does not belong in the Bible. The fact is, it is easier for him to turn infidel and say, "It does not belong there," than it is to reason carefully with what the Lord said.

Acts 2:38

Does it stand to reason that we cannot have a scriptural discussion to know the plan of salvation without going to the Greek? If that be true we may as well destroy our English translations of the Bible and all go to college and university to study Greek to read the Bible. But the only trouble with Acts 2:38 is that it does not fit into some man-made creed, hence our columnists and others try going to the Greek, seeking a change. Grant that the Greek preposition translated "for" is sometimes translated "because of". IT IS NOT SO TRANSLATED IN ACTS 2:38, and where is the man that will dare set himself against the conclusion of the scholarship of the world on the question? Why not be content with what the Bible says?

Jesus' Baptism

Now Uncle Fred suggests that man ought to be baptized because he is saved, but he fails to list the scripture to prove it. Question: Can a man be saved if he fails to do that which he ought to do? I would not risk it. John's baptism was for the remission of sins. Mk. 1:4. Those coming to him for baptism were baptized for that purpose. Mk. 1:5. But Jesus was not a mere man. He had no sins to be forgiven, hence John said, "I have need to be baptized of thee, and comest thou to me?" Hence as sinful men we cannot follow the sinless Christ in baptism, that is to be baptized for the same reason that he was. But we are not accepting John and his baptism, but rather the Christ and the baptism taught by him. Why not do what the Lord says if you want to go where he is?

1 Pet. 3:21

It is amusing to see Uncle Fred try to "figure" away Peter's statement in this passage. Yet with all his figuring, whether literal or figurative or not figurative, the statement still remains, "whereunto baptism doth also now save you (not the putting away of the filth of the flesh but the answer of a good conscience toward God) by the resurrection of Jesus Christ." 1 Pet. 3:21. Certainly the blood cleanses, but has any one figured how man can contact that blood short of baptism? Jesus' blood was shed in his death, and we are buried with Him by baptism into his death. Rom. 6:4; there to have our hearts sprinkled from an evil conscience while our bodies are being washed with pure water. Heb. 10:22. If you can "figure" away the Lord's blood. Notice though Peter does not say "baptism only", but does say in baptism. He knew that baptism must be preceded by true faith in Christ, genuine repentance and the right confession, that is the Lord's plan to save. Mk. 16:15-16. Acts 2:38. Acts 8:35-39.

The Jailer

It is only natural that Paul did not tell the jailer to "Join a church", because Paul knew that there is only one church and you cannot join it. Eph. 4:4-5; Acts 2:47. But let's read about baptism. "And brought them out (Paul and Silas) and said, Sirs what must I do to be saved?" And they said, Believe on the Lord Jesus Christ and thou shalt be saved and thy house. And they spake unto him the word of the Lord, with all that were in his house, and he took them the same hour of the night and washed their stripes and was baptized, he and all of his straightway. Acts 16:30-33. Now who failed to read the rest of it? After this, he rejoiced greatly with all that were in his house, HAVING BELIEVED IN GOD." Vs. 34. Notice that the rejoicing was after the baptism, not before.

The Thief

It is doubtful if the thief were saved since two divine writers say that both thieves nailed on the Lord and reproached him in his death. Matt. 27:44 and Mk. 15:32. But saved or unsaved, he was baptized. He was a dweller of Jerusalem, or at least of that region, and John baptized. "All Jerusalem, all Judea, and all the region around the Jordan." Matt. 3:5. Did that mean every living being. No, for the Pharisees and lawyers "rejected themselves the counsel of God being not baptized of him." But the thief was not a Pharisee or a lawyer and more than that, Jesus made and baptized more disciples than John. John 4:1-2. Together they must have baptized all, including the sinful thief. But baptized or unbaptized, the thief lived during Jesus life on the earth, in which time he had "power on earth to forgive sins." Matt. 9:6. Since we are not thieves on crosses during Jesus day on earth, let us not try to be saved that way, but accept Christ's message for us.

Cornelius

Will Uncle Fred affirm that man must receive the baptism of the Holy Spirit in conversion? If he receives the baptism of the Holy Spirit he ought to speak with tongues as these did. Acts 10:46. He is not consistent to claim one without the other. But the baptism of the Holy Spirit was never given for remission of sins, directly. It was given to guide, to instruct, and Peter being guided by that Holy Spirit said, "Can any man forbid water that these should not be baptized—, then he commanded them to be baptized in the name of the Lord Jesus." Acts 10:47-48. But baptism in Jesus name is for the remission of sins. Acts 2:38, hence the reason for the command. Can a man be saved disobeying a command of God?

Mk. 16:16 Again

Now to get back to his "faith only salvation" our friend comes back to his so-called "spurious" passage, but it reads just the same. It is not necessary for Jesus to say, "He that believeth not and is not baptized shall be condemned," for certainly those who fail to believe are going to be damned, immersed or unimmersed. If Jesus used useless language like that one might believe the passage to be spurious.

Trouble With the Train

The trouble with Uncle Fred's train is this; according to his doctrine, "He that enters the train is already at his destination," that is as soon as man believes he has everlasting life. But baptism is not a seat in the gospel train to glory, but a means of entering the train. Christ is that Way or train, and you do not read about "believing into Christ", or "repenting into Christ", or about "confessing into Christ", but you do read about being "baptized into Christ". Gal. 3:27. Hence faith leads a man in repentance to confess the Master, then to be baptized for remission of sins, to enter the body, the church. The idea of "taking a seat" on the way to glory is not the Lord's doctrine. He wants men to be active, busy, serviceable always. Mk. 13:13.

Rom. 6:4

Can a man be saved without believing to the extent that he will show forth in baptism the death burial, and resurrection of Jesus. If as the columnist suggests, baptism is essential to Christian obedience, can a man be saved if he fails to obey that Christian essential? The fact is, that the more Christ's enemies try to reason his words away, the more clearly the fact remains that we must obey him in all things, baptism included!

"IT HATH BEEN SAID"

Is Nature the best place to gain knowledge of the Divine?
Hemmed in a box canyon eyes bright with fear,
He stood as though frozen, an enemy near.
Stood as God made him, a thing of the wild,
A fox true to nature to God reconciled.

A creature stood watching as though in surprise,
A gun at his shoulder and lust in his eyes.
Life seems suspended in this canyon of rocks,
Which is the savage the man or the fox?

"God created, creates, and maintains Nature" There is a deep sense of fitness and rightness in it all, a sense of tranquility. The laws of nature are kept inviolate until man enters the weed. Divine beauties, ears that hear not the pleasing melodies of nature. Thinking only of fulfillment of desire. Fear spreads like waves from a rock thrown into the placid surface of a quiet pool. The noise of fleeing animals, the flight of birds, mark the course of the unreconciled intruder in the wood.

An instrument the Master Musician alone can tune, can fit into the orchestra. Reconciled, in tune with nature, at peace with God, what tranquil peace and freedom these words suggest. Like the sunrise on a new day. Selfish desire brought into subjection to right Natures confidence may be gained by souls in tune. Song birds are known to seek haven in game restricted areas. If unmolested wild deer will feed at a farmers haystack. Wild animals perform only for their trainers. It is an individual trust.

The distance a bullet travels depends on the powder behind it. Many famous paintings owe their very existence to the delicate tracery of a picturesque background. In Sunday worship we declare our friendship with God, our daily deeds confirm it, to leave out the church would be like trying to place our seal on a legal document that does not exist.

P.S. I hope I am not a pest. These missives are conclusions reached in my studies of nature, and poems I write, passed on for the good they might do, and to be considered on their own merit. If for lack of space or any other reason they are undesirable, toss them in the waste basket.

Sincerely thanking you for past favors I am
Yours very truly,
CLARENCE DOSSEY.

Exhibit of Old Glassware Added Interest To 1921 Study Club Meeting at Doss Home

An exhibition of early American glassware made the meeting of the 1921 Study Club at the home of Mrs. J. M. Doss Friday afternoon one of the most interesting club sessions of the year.

A number of interesting pieces were displayed in the exhibition. Mrs. A. C. Anderson had two covered preserve stands, both very old, the large one in prism design, the smaller one in thumbprint design. She also had a pickle dish and a glass platter.

Two pieces, a toothpick holder in thumbprint design and a vase in the New England pineapple pattern, were displayed by Mrs. J. M. Doss. The toothpick holder was her mother's.

A pontil mark made Mrs. U. G. Hardison's Bohemian red glass vase of unusual interest. She also had a silver caster in grape design.

The distinction of being listed in Mrs. Lee's book of Early American glass belongs to the glass sugar bowl in floral design displayed by Mrs. Ed Jones.

A butter bowl displayed by Mrs. W. C. Hooks is a collector's piece because of the very clear quality of its glass.

Two pieces of china, a tea pot and a Haviland plate, were brought by Mrs. Sam Majors.

A very rare old bowl in blue glass, opalescent at the top, was shown by Mrs. H. B. Broadbush. The bowl was brought from Wales by her grandmother, and was buried during the Civil war.

Mrs. R. P. Price displayed a small piece of pressed glass that belonged to the mother of Grandmother Runyan, who is herself about 90 years old. Mrs. Price also had a lamp of pressed glass.

One of the most interesting pieces was shown by Mrs. Ledger Smith, who brought a snuff box of red Venetian glass. It was given to her mother in 1890.

An epergne vase, which was old even when given to her when she was a little girl, was shown by Mrs. A. R. Norred. It is fluted at the edges and is of a rare amber not available any more.

Departing somewhat from the glassware note, Mrs. Van Boston brought a folding spoon and fork with bone handles. They were taken from the body of a dead soldier in the Argonne forest by Mr. Boston during the World War.

In connection with the exhibit the women had a program on "Art in the Home." Mrs. Norred was leader, and the topics were by Mrs. Hardison, who discussed "Time and Taste in Furniture," and Mrs. Anderson, who talked on flower arrangement.

Mrs. J. T. Pritchett reported the planting of 18 trees and numerous shrubs and flowers at the club's adopted school.

The club meets next week with Mrs. W. L. Doss, Jr.

Dr. Dodson, Late McMurry Instructor Once Pastor Here

Those Coloradans who can remember when Dr. B. W. Dodson was pastor of First Methodist church here some 25 years ago had a special interest in stories about his death on Saturday morning in an Abilene hospital.

Dr. Dodson, who had been head of the McMurry Bible department since 1932, died after a long illness. He was 71 years of age and had been a minister for over half a century. He was born in Missouri and was licensed to exhort in the Methodist church at Hot Springs, Ark., in 1885.

In January, 1926, he entered Vanderbilt university, where in 1931 he received the bachelor of arts degree. He was licensed to preach in the North High Street church in Nashville, Tenn., in 1887, and the year that he graduated from Vanderbilt he was admitted on trial in the Tennessee Methodist conference.

After nine active years in the ministry in Tennessee, Dr. Dodson transferred to the Northwest Texas Methodist conference—in 1900, before it was divided from the Central Texas conference. He served as pastor in Amarillo, in Clarendon, Colorado, Cisco, Memphis, then from 1914 to 1918 as presiding elder of the old Hamlin district. In 1918, he transferred to the North Arkansas conference, but after two years at Harrison he was back in Northwest Texas, preaching in Slaton, Snyder and Quanah pastorates. From 1927 to 1928, he was in Las Cruces, on transfer to the New Mexico conference, but in 1929 he came back, filling pastorates in Brownfield, Baird, and Anson.

He started to school again, graduating with the master of arts degree from Southern Methodist university in 1932. That fall he came to McMurry, where in 1927 he had been honored with the doctor of divinity degree.

Dr. Dodson was married to Miss Julia Etta Davies, June 21, 1888. They would have observed their golden wedding anniversary next June, had he lived.

He leaves five children—Mrs. A. A. Youngblood, Amherst; Ethel Dodson, Houston; Roy Dodson, Detroit; Warren Dodson, Snyder, and A. C. Dodson, Abilene.

Funeral services were held at St. Paul Methodist church in Abilene Sunday afternoon.

THERE'S A KNACK

to quick starting... here's how

Regarding the Ignition . . . Insert your key, but at first keep the ignition switch OFF.

Next—the Choke . . . Pull it out (unless it is the automatic type, of course).

Now for the Hand-Throttle . . . Move it to approximately one-third open position.

Then the Clutch . . . "Put your foot down" on the pedal and keep the clutch clear out.

Finally the Starter . . . After it has turned the engine three or four times, switch the ignition ON.*

If you do this with just anybody's gasoline, you will know that you gave it every chance. But do it with Special Winter Blend Conoco Bronze and you'll know you START! You'll notice you are always through with the starter and choke much sooner, saving your gasoline, your oil, your battery.

SENIOR NEWS
 The Seniors collected \$16.50 from the Cowboy Band concert Monday morning. This will help a lot toward going to Big Bend in the spring. They also are going to have a rummage sale Saturday downtown. If they keep up the good work, they might get to take their planned trip. On Monday or Tuesday of next week they plan to go on a hay ride and eat afterwards. There is a full moon that night so they should have much fun.

The Seniors have a new-comer to their class. Moncure Carter hails from Paschal High in Ft. Worth. She started to school in Colorado and came back to finish here.

JUNIORS' APPRECIATION
 The Junior class wishes to express its appreciation for the splendid cooperation of all the classes in the inter-class basketball games. The money that they received will go to the Junior-Senior banquet fund. The class thanks its classmates and hopes that they will be given genuine support for their activities.

FRESHMAN NEWS
 The Fish are sorry to lose all the basketball games they played during the inter-class tournament, but have something to be proud of: They

made \$9.45 for their treasury. By having many of the Freshman class attending the ball games, they took in \$18.90 thus receiving one-half of this amount.

Quite a few Freshmen were represented in the 'Best Dressed Girl Contest.' Some were: Phyllis Berman, Marian Britton, Margaret Henderson, Ima Lee Lindsay, Mackye Lovington, Blanche Motley, Mary Price, Johnnie Lee Weeks, Betty Whipkey, and Marie Womack.

At the Freshman class meeting Friday, while waiting for the bell, there was a little extra time. The following conversation took place:

Miss Yates: What is your name, boy?

Boy: Waddell Strange

Miss Yates: Are you Minnie Lee's brother?

Waddell: No, ma'am. I'm her sister!

Then he hastily changed it to cousin!!!

IN AND OUT OF C. H. S.
 Never let it be said that Colorado High school is not gifted with beautiful girls. If you've ever had this idea, back up a little. There were seventy-five of the best looking girls anyone ever clamped an eye on, on the stage last Monday night. New talent was discovered in new fields! Did you ever see such "scrumptious" evening dresses, such "harddoes" and the like of dresses from old trunks? Those gals though were an eye-full!

Early Monday morning I heard the sweet little earful that there was a wedding last Saturday night. Had you heard it? But they tell me that the "rice throwing" committee, awaiting outside the preacher's door was frantically disappointed when they found that "mah and wife" had given them the slip. I'm afraid the happy

couple had to pay with low tires, a rearranged engine, and messages in soap on their windows in their car.

The crowd at the Country Club went in big for "Truckin'" and the "Big Apple." Douglas, they tell me you're one of the big dancers of the season. What do you say, Beulah?

It seems that everything is taught the young people in our modern schools. But one lesson they don't teach and that is that you can trust only one end of a tube of tooth paste.

LITERATURE LEADS
 "News Notes," a magazine published by the Texas Library Association, gives news concerning the progress of Texas libraries. The magazine is published quarterly at San Antonio, Texas. Some of the articles in the magazine that are very interesting are: "Comments Concerning Texas Books," "Texas State Teachers Association Concerns Itself With Libraries," "With the Libraries of Texas," "Notes From Texas State Library Field." There are many more interesting articles that will be of interest to those interested in library development.

BAND NEWS
 We have all been waiting to hear what the contest number is and at last, Mr. Rose has told us. It is "Builders of Youth." Several remarks were made about the overture by some of the boys, but they will like the music much better when they have learned it.

Tuesday morning the band and candidates marched through town again advertising the contest for a band sweetheart. The contest is to close sometime this week and you shall all hear about it soon.

HOWL MEETING
 The Howl Staff met Friday morning at 8:30 in Miss Barrett's room. Assignments were made for the regular Howl reports. The staff discussed the Howl Magazine, which is finished. This magazine is written by the Howl reporters and contains an editorial, dedication, special features, a comic page, summary write-ups by the class

reporters, and other interesting material. Two hundred and forty copies were printed, of which 34 are sold to Freshmen, 60 to Sophomores, 100 to Juniors, and 38 to Seniors.

PRIZE WINNERS
 Monday night, Feb. 7, in the high school auditorium, the Best Dressed Girl Contest was a very successful program. Eighty lovely girls were sponsored by the business men of Colorado.

There were three main divisions consisting of sport or street, semi-formal, and quaint old-fashioned dresses. From the sports division one girl received a prize and one from the old-fashioned division. Twelve girls were picked from the semi-formal group and from these, the first, second, and third prize winners. They are as follows:
 Semi-formal, first—Mary Allene Mickle; second—Willie Grace Doss, and third—Helen Fae Rankin. Old-fashioned, first—Margorie Burgess. Street dress, first—Alecne Bodine.

FACULTY WINS
 The renowned faculty team engaged the Seniors, interclass champions, in a game last Monday. The game was fast, but the faculty almost bowled to the Seniors in endurance. Mr. Coffman's long shots, and Coach Christian's tosses were high points of the game. Mix-ups were frequent. High point man was Mr. Pratt, who made seven points. The faculty were victors, the scoreboard reading 10-16.

COUNTY CHAMPIONSHIP
 Tuesday night the Wolves were scheduled to meet Westbrook in a play-off for county championship. The winner of this game plays in the meet at Abilene on the 17th and 18th.

Keeping Up With Mitchell Girls At TSCW

By Nina Laura Smith

The past two weeks were supposed to be "dead week" and exam week, but T.S.C.W. was far from dead. One Thursday in assembly the whole student body was tense with excitement, for an announcement was to be made that would break a 34 year-old tradition. The president asked that the students remain quiet, however, as soon as they were out of the auditorium, two thousand voices were asking the same question—what do you think? Two thousand people wrote, phoned, telegraphed, or went home. If the request was not made in person, the letters went something like "Dear Mother: Please send... hurry." The post office was loaded with packages and signs went up in the stores—blue dresses, \$1.00. Why? The uniform is dead, after a ten-year illness.

T.S.C.W. was not dead for the Colorado girls by any means. Edna Earle Cox was joined in Denton by her parents and then spent the weekend in Dallas. Melba Slaton visited her home earlier in the week (one of those luckier people with the better exam schedules). Mabel Majors also left the campus for a brief holiday. Mrs. Thomas R. Smith visited Nina Laura for two days also.

Frances Jones, a former student of T.S.C.W., returned to school this semester. A sophomore, she is a piano major. Last year Miss Jones participated in a piano duet on the Freshman Stunt program. She also is a member of the Odeon Club on the campus. Last summer she studied in New York with Edwin Huges. She and Mrs. Jones visited in Fort Worth before coming to Denton. They were accompanied by Mrs. Pidgeon, who visited Mary Elizabeth at T.W.C.

Some of the Mitchell county girls are getting acquainted with new roommates. Frances Elliott and Edna Earle Cox have a new roommate, Erna Lou Merrill and Elizabeth Taylor, who live across the hall, also have one. In Lowry Hall, Nina Laura Smith has a new roommate, a friend of one of her neighbors, Mabel Earnest Cooper has moved also. Mary Alice Gunn and Walene Stevens, to be different, are making no changes.

The only Mitchell county girls to move to a different community are Melba Slaton and Laura McKenney. Miss Slaton now lives in Houston and is a neighbor of Frances Jones. Miss McKenney has moved to Fitzgerald. Nina McKenney remains for the present in their old location in Risk.

A visitor on the campus Sunday was Miss Octavine Cooper, a former teacher in Colorado. This was her second visit to T.S.C.W.

T.S.C.W. is a haven, not only for sons of A. & M., but also for vacuum cleaner salesmen. One of the latter was earnestly demonstrating his wares to the head housekeeper of Lowry Hall. Although he was momentarily embarrassed by forgetting some of his samples, he must have been persuasive, for the noise of the new cleaner has been ruining the reception of the radios ever since.

UNDERGOES OPERATION
 Mr. and Mrs. Lewis Pond have received word that their daughter-in-law, Mrs. John Pond, underwent major surgery in Kingsburg, California, last week. She had an appendectomy only three months ago. She is said to be doing nicely.

Mr. and Mrs. Russ Moody of Houston visited Mrs. Moody's parents, Mr. and Mrs. A. L. Whipkey, from Friday until Sunday.

COXES GO-VISITING
 Jack Cox of Plegly Wiggy and his family were out of town from Friday until Sunday, visiting Edna Earle Cox in TSCW at Denton. Mrs. Cox's mother in Dallas, and Mr. Cox's mother in Roce.
