MAN WHO STARTED SALT WORKS IS VISITOR HERE

The man who established Colorado's original salt works more than half a century ago was a brief visitor in Colorado last Thursday.

The visitor was P. R. Blount, now of Alba, Texas. It was his first visit in Colorado in 40 years, and he found the town very different from the Colorado he knew.

He talked with R. O. Pearson, whom he knew in the old days, and asked about many of the old-timers. Most of them, Mr. Pearson later said, have died.

The salt works which Blount established here was located southwest of town, and was the first salt works in Texas.

NOTICE TO CITIZENS LIVING IN STOCK LAW DISTRICTS OF MITCHELL COUNTY, TEXAS

Recently there has come to this office many complaints of live stock running at large on the roadways in those precincts and sections of the county wherein a Stock Law is in force.

Art. 1370a of the Penal Code of Texas reads thus: "Whoever shall knowingly permit any horses, mules, jacks, Jennets, and cattle to run at large in any territory in this State where the provisions of the laws of this State have been adopted prohibiting any of such animals from running at large shall be fined not less than five nor more than two hundred dollars."

Art. 1370a of the Penal Code of Texas further reads: "Any person owning or having control of any horse, mule, donkey, cow, bull, steer, hog, sheep, goat or any other live stock who permits the same to traverse or roam at large, unattended, on the right-of-way of any designated State Highway in this State where the same is enclosed by fences on both sides shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding Two Hundred Dollars."

Thus reads the law under which you live and which you by vote placed on your district and part of the county. Since such is the law all are expected to abide by it so long as the same is in force.

The custom of turning stock out into lanes and roads is one attended with much danger to the traveling public and most especially is this true if such stock are permitted to run in and upon the roads and highways at night time. One who does this runs the risk of getting his stock killed or crippled and the further risk of perhaps causing the death of a neighbor or traveling motorist.

Please read the law as herein quoted and use your best efforts to live up to it and remind others of the great danger to life by permitting such custom in violation of law.

I trust that this reminder may prove sufficient and that this office may not be called upon to enforce the above laws by prosecution.

HERE'S WHAT MITCHELL FISHERMEN MAY LEGALLY DO DURING 'CLOSED' SEASON

If these first warm days stir up your fishing urge, here's what you may legally do in Mitchell county during the March-April closed season on croppie and bass, according to an associated press story from game law headquarters in Austin:

"Suckers, buffalo, carp, shad and gar may be taken with a wire rope or gig in Mitchell county during the two months."

Counties named with Mitchell in this classification are Blanco, Gillespie, Kendall, Llano, Mason, Denton, Bosque, DeWitt, Fisher, Hardin, Chambers, Jefferson, Nolan, Orange, and Parker.

The entire article dealing with the fishing law follows:

"The men and women who cast artificial lures for Texas' millions of game fish will get a rest during the March and April closed season on croppie and bass."

"The general law, statewide in application, prohibits use of artificial baits and catching or attempting to catch these species."

"There are variations, however, in 24 counties the season will not open until June 1. These include

Armstrong, Briscoe, Carson, Castro, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

"Numerous modifications due to special laws should promote the nirrod to consult a game warden when the fishing urge becomes too strong, advises Will J. Tucker, executive secretary of the game, fish and oyster commission."

"In counties closed only to bass and croppie, other fish may be taken, except where prohibited by local regulations."

"In Archer, Baylor and Wichita counties, bass, perch, bream, croppie and catfish cannot be taken from the Wichita river, Lake Kemp and its diversion lake. In Bandera county no fishing is legal until May 1."

"Bexar county's law closes its waters to bass, perch, croppie and catfish until May 1."

"Suckers, buffalo, carp, shad and gar may be taken with a wire rope or gig in Blanco, Gillespie, Kendall, Llano, and Mason counties. Similar restrictions apply in Bosque, Denton, DeWitt, Fisher, Hardin, Chambers, Jefferson, Mitchell, Nolan, Orange and Parker counties."

"Erath county is closed to perch and channel catfish in addition to bass and croppie until May 1."

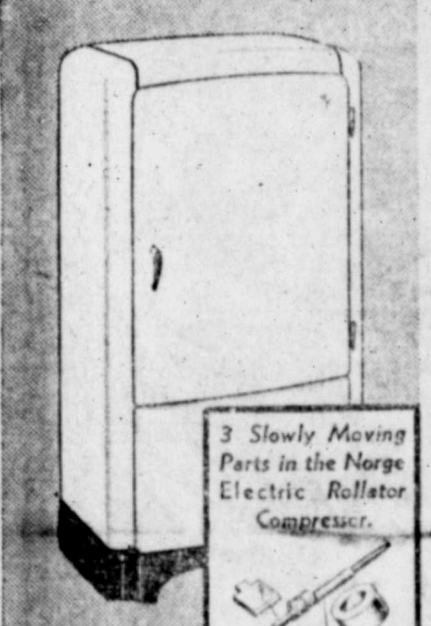

"Bass, croppie, white perch, calico bass and catfish cannot be taken legally in Gonzales county but suckers, buffalo, cap, shad and gar may be caught with wire rope or gig."

"Perch and catfish are protected in Guadalupe and Medina counties. In Upshur county it is lawful to take suckers with a trammel net during February, March and April in Gila lake and Glade creeks."

"In Young county bream cannot be taken until May 1."

STATE OFFICIAL HERE TUESDAY TO PLAN DRIVE FOR CRIPPLED CHILDREN

Groundwork for Mitchell county's part in the annual Easter seal sale for crippled children of Texas was laid when Veder Watson, official of the crippled children's division of the State Department of Education in Austin, was a visitor in Colorado Tuesday.

The Colorado organization which will sponsor the drive in Mitchell county is to be announced next week. Fifty-five per cent of the funds raised through the seal sale campaign is to remain in the county.

A press release from the Texas Society for Crippled Children, with which the state department of education is cooperating in this drive, explains the work as follows:

"The Texas Society for Crippled Children, which has helped thousands of Texas youngsters overcome physical handicaps in past years, is again organizing every Texas county for the annual Easter Seal sale for crippled children."

"Charles F. Ashcroft, of Sulphur Springs, president of the Texas Society, plans to raise \$50,000 in Texas to aid crippled children in hundreds of counties. Seals go on sale April 1, and the campaign will be pressed until Easter Sunday. . . From babies in arms to adults of 21 years old, the Texas Society for Crippled Children renders its services. Money received from the sale of Easter seals is applied to buying braces and crutches for crippled little ones, to pay their transportation to the nearest hospital where skilled surgical work is performed free of cost, and later to enter them into lines of vocational training which will fit them with suitable employment in years to come."

"The Texas Society for Crippled Children has as its principal support the sale of Easter Seals for Crippled Children. The purchase of Easter Seals will bring these children, patiently waiting for help, a step nearer to being self-sustaining and valuable citizens rather than charges on the state."

IN WHISKEY HOME
Mr. and Mrs. Dwight Burton of Oaktown, Ind., arrived Tuesday evening for a short visit with Mrs. Burton's aunt, Mrs. A. L. Whipkey. They have been on an extensive tour, first going to New Orleans, then to Florida, the lower Rio Grande valley, El Paso, and California. They left Los Angeles just a day before the flood. They are traveling in a deluxe trailer with all the conveniences of a home. Mr. Burton is a Chevrolet dealer, and is interested in oil fields in Indiana and Illinois. They said the Rio Grande valley was the best looking place they saw on their tour.

EUGENE HALEY HOLDS ONE OF TCU OFFICES

PORT WORTH—Eugene Haley, son of the Rev. and Mrs. A. L. Haley of Colorado, holds one of the 125 student offices on the campus of Texas Christian University here.

He is thus listed among the 10 per cent of the students who have been designated as "campus leaders."

A recent survey disclosed that elective honors on the T. C. U. campus are almost equally divided between boys and girls, and between Port Worth students and those whose home is out of the city.

Sixty-three of the 125 offices are held by girls; and 69 office-holders live outside of the city.

Haley is vice-president of the Poetry club.

SENIOR SCOUT UNIT PLANNED HERE SOON BY LEADERS IN WORK

Colorado will soon have a Senior Scout unit to serve the older Scouts in the community. At least that is the present plan, according to Marvin Majors, district chairman of the organization and extension committee.

A cub organization that provides a program for boys from 9 to 12 has already been organized here. There are also three scout troops that serve boys from 12 to 18.

To become a Senior Scout a boy has to be at least 15 years of age and must be a First Class scout. He may join without having completed the tests for First Class but can only become a full fledged member on completion of that rank, according to Majors.

Field Executive Ed McCurtain recently attended a Scout Executives' Conference in Galveston and while there gathered material on the organization of Senior units. Dr. W. B. May, district leadership training

**MAN DRIVEN FROM SHANGHAI BY WAR
STOPS HERE AND RECOUNTS HORRORS**

A man who was driven from Shanghai, China, his home since he was 12 years old, by the Sino-Japanese war was a visitor in Colorado for a few hours Tuesday.

His name was Harry W. Miller, Jr. Until recently he was production manager for the Vetore soy bean milk plant in Shanghai. He was accompanied by his wife, and they were en route east after having landed in California on their return from Shanghai several days ago.

They stopped here at the Conoco station and talked for a long time with Bill Cravy, Conoco wholesale agent; Fred Cravy, operator of the station; and John Clark. These three passed the story on to The Record.

The horrors which Shanghai and China have suffered at the hands of the Japanese during recent months haven't been exaggerated by press and pictures, Miller declared, because they can't be. He had between 50 and 100 snapshots taken in the war-torn area to prove his statement.

Miller stuck to his business in Shanghai until his plant was bombed into disuse, he said. One morning a

Japanese bomb blew the kitchen from their house before they had gotten up, and that day they packed their personal belongings and took refuge aboard a United States gunboat.

What the Japanese didn't destroy with bombs they stole and looted, Miller says. After having conducted a prosperous business in Shanghai for years, he now finds himself back in his native land practically penniless. He faces the necessity of starting over in a land that has grown more or less strange to him through his long years in China.

After going to China with his parents when he was 12, Miller never returned to the United States except for his college years. He is around 35 now. His wife had just been in China six months when the war broke, however.

Those who talked with Miller said that his discouragement and his resentment of the Japanese were very evident. He has, however, acquired much of the stoicism of the Chinese, they said. He told them that he likes the Chinese greatly and was happy living in China.

**ILLNESS FATAL
TO L. L. WELCH
MONDAY MORNING**

**FUNERAL HELD AT SPADE FOR
MAN WHO HAD LIVED IN
COUNTY 36 YEARS**

A long illness claimed the life of L. L. Welch, 70, resident of Mitchell county 36 years, at his home in Colorado Monday morning at 5:25.

Funeral services were held Tuesday morning at 10 o'clock at the Spade Baptist church, with burial in the Spade cemetery. The Rev. A. C.

Hardin of Post officiated. Pallbearers were W. D. McAdams, Earl Jackson, Russell Hood, Marshall Webb, U. D. Wulfjen, and A. R. Northcutt.

Mr. Welch was born July 12, 1867, near Kerrville, Texas, being the youngest in a family of 13. He was married on May 3, 1887, to Stella E. Browne, whom he met while the two families were neighbors on ranches in the Los Arboles canyon, Coahuila, below the Rio Grande.

They moved back to Texas after a year in Mexico, living first in Llano county for 11 years, then moving in 1899 to the Nueces canyon in Edwards county. Mr. Welch engaged in freighting from Kerrville to Rock Springs while living in Edwards county.

The Welch family settled in the Spade community on a corner of the Charlie May ranch when they came to Mitchell county 36 years ago. For two years Mr. Welch ran a star mail route from Colorado to Sterling City, using a large, white-topped hack. He began farming in 1934, following that occupation until he moved to Colorado a few years ago.

In addition to Mrs. Welch seven children survive Mr. Welch. They are Mrs. C. P. Gary of Colorado, Mrs. R. H. Bennett of Roscoe, Horace and Clarence Welch of near Colorado, Olin Welch of Plainview, W. P. Welch of Wichita Falls, and Mrs. James K. Avera of San Angelo. Two brothers, Josh Welch of Los Angeles and W. M. Welch of Concan, Texas, also survive.

Jones & Russell of Colorado had charge of arrangements.

**'LIGE' MCCRELESS
FOUND DEAD IN BED
AT McALLEN HOME**

**LAST RITES HELD AT DORN
FOR FORMER MITCHELL
COUNTIAN SUNDAY**

The end of life came peacefully to E. M. (Lige) McCreless, 89, long-time resident of Mitchell county, while he slept at the home of a daughter, Mrs. B. B. McGuire, near McAllen last week. He was found dead in his bed on Friday morning, after having been up and about as usual on the preceding day.

His was the second death of a Colorado old-timer to have occurred in the valley within the week. George Goodwin, pioneer of the Cuthbert section, died at Mission on Monday.

Mr. McCreless was familiarly known in Mitchell county as "Uncle Lige" and "Eli." He had been in McAllen since Christmas. During the past few years he had divided his time among children at Colorado, Sylvester, Stanton, McAllen, and other points.

Born in South Carolina, Mr. McCreless moved to Alabama while a boy, and was married there to Hannah Moore. They lived in Denton county, Texas, for several years before moving to Mitchell county soon after 1900. They settled in the Dorn section and lived there until Mr. McCreless' death in 1917.

The body was brought to Colorado on the 6 o'clock train Sunday morning, and funeral services were held Sunday afternoon at 2 o'clock from the Dorn church. The Rev. C. E. Jameson of the First Methodist church at Colorado officiated, being assisted by the Rev. J. T. Griswold of Clyde, who preached at Dorn often in years gone by.

Grandsons and grandsons-in-law were pallbearers. Burial was in the Dorn cemetery.

Surviving children are Mrs. Jim Turner of Sylvester, Mrs. McGuire of McAllen, Mrs. Rees Bedford of Buford, J. D. McCreless of Stanton, and Roy McCreless of Odessa.

Kiker & Son had charge of local arrangements.

**FUNERAL HELD SATURDAY
FOR MRS. CARSTENSEN OF
VALLEY VIEW COMMUNITY**

Funeral services were held from Kiker chapel in Colorado Saturday afternoon at 5 o'clock for Mrs. Susan Elizabeth Carstensen, 72, who died at the home of a son, John Moody, in the Valley View community at 2:30 Saturday morning after a 10-day illness. She had lived in Mitchell county 28 years.

Mrs. Carstensen was born in McClellan county, Texas, and was married first to B. M. Moody. After his death she married Andrew Carstensen, who died in 1912, a few years after the family moved to Mitchell county.

Ten children, five by her first marriage and five by her second, survive Mrs. Carstensen. The Moody children are John Moody of Valley View, Arthur Moody of Westbrook, Mrs. Myrtle Birdsall of near Colorado, Bart Moody of Wink, and Mrs. Nellie Harris of Patrick. At the Carstensen children are Sion Carstensen and Mrs. J. R. Hampton of near Colorado, Fred Carstensen of Stanton, Mrs. Grover Zerbst of Ferriday, La., and Mrs. O. L. Clemons of Wichita Falls.

The Rev. C. E. Jameson of First Methodist church officiated for the funeral service. Pallbearers were Leonard Henderson, Sam Bullock, Fowler Hayes, E. C. Whitehead, Herman Moody, and Buck Moody. Burial was in the Colorado cemetery.

Kiker & Son had charge of arrangements.

**PLAY WILL BE GIVEN
AT LANDERS TUESDAY**

A play, "Wild Ginger," is to be staged at Landers school Tuesday night, March 15, at 8 o'clock.

An admission charge of 10 cents is to be made. The public is urged to attend, according to Mrs. Opal Thraikill, principal of the Landers school.

**FUNERAL HELD TUESDAY
FOR AGED RESIDENT OF
THE HYMAN COMMUNITY**

Funeral service was held Tuesday afternoon at 3 o'clock at the Hyman Methodist church for Mrs. Nancy C. Gossett, 71, who died Monday at her home just over the Howard county line west of Hyman.

The Rev. A. L. Haley of First Christian church, Colorado, officiated at the service. Pallbearers were Jim Boyd, Carl Lowery, Forrest Hillard, and Lee Minor.

Mrs. Gossett was born in Coryell county on May 15, 1856. She had lived in the Hyman section for 13 years.

Survivors are four children: Mrs. C. E. Henderson, S. N. Riley of Brownwood, Mrs. Julia Wenaland, and Mrs. Sarah Kincheole of Goldthwaite. Five step-children also survive.

**TWO FROM HERE ON
HONOR ROLL AT CIA**

DENTON—Complying with grade requirements for the Honor Roll, Misses Mabel Majors and Nina Laura Smith of Colorado ranked with the upper fourteen per cent of the student body at Texas State College For Women. Honors were awarded them on the basis of their work during the first semester.

Miss Mabel Majors, the daughter of Mr. and Mrs. E. M. Majors, made her high B plus average in the Education Department; Miss Nina Laura Smith, who was among the leaders in the Journalism Department, is the daughter of Mr. and Mrs. T. R. Smith.

Jones & Russell of Colorado had charge of arrangements.

**14 CERTIFICATES GIVEN
IN METHODIST TRAINING
SCHOOL CLOSING FRIDAY**

Fourteen certificates were given at the close of the training school held at First Methodist church for Sunday school workers last week. The final session was held Friday night, the opening session on the preceding Sunday afternoon.

Five of the certificates were awarded for work done under the Rev. W. E. Hamilton of Lubbock, secretary of Christian Education in the Northwest Texas Methodist conference, on the "Life of Jesus." These five went to Mrs. J. T. Pritchett, Roy Davis Coles, Mrs. Lee Phenix, Mrs. Ed Richardson, and Mrs. Tom Manly.

The remaining nine studied "World Mission of the Christian Religion" under the Rev. Uel D. Crosby of Roscoe. Certificates on this book were awarded to Mrs. J. G. Merritt, Mrs. J. E. McCleary, Mrs. L. B. Elliott, Mrs. Jeff Dobbs, Mrs. J. W. Sheppard, the Rev. and Mrs. C. E. Jameson, and the Rev. and Mrs. Edward Sifford.

About 20 people attended the study sessions.

**SCHOOL OFFICIALS TO
ATTEND MEET IN BIG
SPRING THIS FRIDAY**

Headed by John E. Watson, superintendent, officials of Colorado schools are to attend sessions of the West Texas Teachers' association in Big Spring on Friday.

Those who plan to attend with Supt. Watson are the principals—G. D. Foster of the high school, J. V. Glover of Junior High school, Mrs. Floyd Quinney of Hutchinson school, and Miss Pearl Traylor of Coleman school.

Supt. Watson is scheduled to take part on the program of the day, addressing the gathering on "The New Curriculum in Retrospect and Prospect."

With the Oil Belt Teachers' association convening in Sweetwater Friday and Saturday and the West Texas Teachers' association in Big Spring on the same date, and with Colorado lying on the border between the two associations, local teachers had their choice of the two associations this year. A number of teachers plan to go to Big Spring for Saturday sessions of the West Texas group.

**THOMPSON AND OTHERS
ATTEND CEREMONY AT
TECH'S LIBRARY SITE**

C. C. Thompson, member of the board of directors of Texas Technological college, and several other Coloradans were in Lubbock Tuesday to attend the ceremonies marking the laying of the cornerstone of the new Tech library building.

Thompson was accompanied by Mrs. Thompson, Mrs. W. W. Rhode, Mrs. P. C. Coleman, and Mrs. Bert Smith. Also attending from here were Jim White, member of the Masonic Grand Lodge committee on work, and Benton Templeton, local Masonic leader. Grand Lodge officials had charge of the ceremony proper.

Gov. James V. Allred was the principal speaker at the cornerstone laying. Seven state officials, eight college presidents, and others were among the prominent guests.

The library, Tech's first major educational building since the completion of those included in the original college plan, is to cost \$275,000.

Thompson attended a called meeting of the board of directors of the college Tuesday morning at 10 o'clock in the office of Bradford Knapp. The cornerstone laying was at 2 o'clock in the afternoon.

**SEVERAL FROM HERE
TO HEREFORD SALES**

Although none of them did any buying, a number of Mitchell countians attended the Stribling Hereford sale and the Sweetwater Hereford association's sale last week.

Seen at the Stribling sale on Thursday were Otto Jones of the Renderbrook ranch; Frank Kelley, accompanied by Murray Johnson from the Magnolia company office in Dallas; Jim Cantrill, Obie Bristow, P. K. Mackey, and George Black.

Among those at the Hereford association's sale on Friday were Chester Jones, Lay Powell, Sam Wulfjen, Frank Smith, Bert Wulfjen, Everett Winn, and George Plaster.

LOYD MACKAY IMPROVES

Lloyd Mackey of Midland, former Coloradan, is said to be improving at a Lubbock hospital where he underwent an appendectomy two weeks ago. The incision had to be reopened a week after the operation, necessitating a longer stay in the hospital. Mackey is the son of Mr. and Mrs. P. K. Mackey of Colorado and the son-in-law of Mr. and Mrs. Sam Majors.

RETURNS FROM HOSPITAL

The Rev. A. D. Leach returned Sunday afternoon from Nicholas sanitarium in Savannah, Mo., where he had been receiving treatment for several weeks.

GOOD BREEDING IS THE FIRST REQUISITE FOR FINE CHICKS

POULTRYMEN URGED TO LOOK INTO PRODUCTION HISTORY BEHIND BABY CHICKS

Chicks bred to lay only 100 eggs can never develop into 200-egg hens, or even 150-egg birds. The best feeding and management program known can't make them do it. Neither will chicks from weak or diseased breeding stock grow and develop properly. Most poultry raisers now realize this.

Your big question is probably "How can I be sure that I'm getting good chicks?" The safest way is to depend on the honesty and reliability of your hatcheryman. There are certain things you should look for in buying baby chicks—such as vitality, breed characteristics, uniform size, uniform color, freedom from disease and the ability to live and grow. These features are largely the result of good breeding and will usually be found in all chicks produced by well-bred and carefully tended flocks. These should be the kind of flocks from which your hatcheryman gets his hatching eggs.

The laying ability of the flock which laid the hatching eggs determines the future laying ability of the chicks. This ability is bred into the flocks by the careful mating of breeders from high egg record stock to large, vigorous males out of heavy laying dams. It takes healthy, vigorous, large size breeders with plenty of stamina to develop heavy egg-laying ability.

Thus, when you start with chicks from egg-bred breeding flocks you have double assurance that they will be good chicks. They will have heavy laying ability bred into them and they will have a heritage of health, vigor and stamina on which you, by proper care and feeding, can build strong, sturdy pullets fit for early laying and heavy egg production.

Another feature which recent developments have shown is of utmost importance to poultry profits is the right feeding of the flocks producing the hatching eggs. Baby chicks start growing in the shell on the first day of incubation. By the 21st day they should be large and strong enough to crack their shell and step out.

The chicks you buy this year won't be day-old chicks. They'll be 22 days old. Actually, chick life begins shortly after the egg is placed in the incubator. Just think of all the food material that must be in the hatching egg! Proteins, carbohydrates, minerals, vitamins—enough of them for the chick to live and grow on for the 21 days before it's hatched. And even after the chick is hatched it must have a reserve supply of unabsorbed yolk in its body to carry it through the first few days.

Now a hen can get this chick-making material from just one source—her feed. If only one necessary ingredient is lacking, you get an inferior chick.

Embryo feeding is a fairly new development in the hatching industry. Its value has been thoroughly proved, though, so watch this point closely when you select your hatcheryman.

The actual job of incubating the eggs is really one of the hatcheryman's least worries. Automatic devices have just about made the modern incubator fool-proof. Hence, a hatcheryman should not be judged solely by the size of his incubator or by the elaborateness of his equipment. Neither does the price of the chicks determine their quality, although a quality chick is certainly worth two or three cents more than a cheap, unreliable chick.

In selecting a hatcheryman, you must look behind the scene. Find out where he gets his eggs. See how his chicks turned out last year. Ask your neighbors what their experience with this hatcheryman has been. Remember, the kind of chicks you get is largely determined by the breeding and feeding of the parent flock, before the eggs ever go into the incubator.

The big thing in brooding chicks is not how many chicks you start or even the percentage of chicks you keep alive, but how many good pullets you will have in the fall. Most folks start about twice as many chicks as they can handle. They get along all right while the chicks are small, but when the chicks are 6, 8 and 12 weeks old they don't have the houses or facilities to care for them properly.

Avoid crowding—Crowding in the house or crowding at roosting time or any change in feeding that allows the birds to even temporarily stop growing may have a very detrimental effect on the chick throughout its entire life. One of the best ways to avoid crowding and piling is to have low slatted roosts in the brooder house early.

Provide fresh water—Chicks need plenty of fresh, clean water and you can add to their growth and the effectiveness of their feed by making it convenient for them to drink frequently. Provide one-gallon drinking fountains for each 50 chicks and be sure to keep them filled at all times. To aid in preventing disease, add one-fourth measuring spoon of Purina Chlorona Powder to each ten quarts of water.

Logan's Feed and Hatchery has a limited supply of the Chick and Pullet edition of "Purina Poultry Book" on hand for free distribution. Call at once for your copy.

WESTBROOK METHODIST CHURCH

It is again that we come with pleasure to announce our regular church services. I believe that it should be with all Christians today, as it was with David of old, for he said, "I was glad when they said unto me, 'Let us go into the house of the Lord.'" Mind you I said all Christians for it seems that all not fruit bearing who belong to our churches, for it seems that in this day of much distress and when our people seem to be much disturbed and confused of mind with so many winds of doctrines. Again we should be so established in our faith that we could say with David, "In thee O Lord do I put my trust; let me never be put to confusion."

So if you have not been coming to church this would be a good time to begin. It would not only be of much good to you in living the Christian life but would be of much help to your pastor. It would show that you did have an interest in your church and the ongoing of the Kingdom of God who is always true to his promise.

R. B. WALDEN, Pastor.

METHODIST MISSIONARY MEET

DECLAMATION RESULTS
The declamation tryouts were held at the school auditorium last Monday night. There will be double representation in the county in all de-

climation events except the Grammar school boys and Grammar school girls. That is, the persons winning first and second will both be allowed to go to the county meet and compete with the other three schools there. The final results were:

Senior boys: J. K. Bolin, first; Winton Lee Coleman, second.

Senior girls: Dorothy Taylor, first; Fionelle Davis, second.

Junior High school boys: Calvin Boston, first; Wyatt Moore, second.

Junior High school girls: Winnie Jo Bolin, first; Sarah Bolin, second.

Grammar school girls: Bessie Taylor, first; Ruth Coleman, second.

Grammar school boys: Dick Wynne, first; Dale Northcutt, second.

VOCATIONAL AG. NEWS
The Westbrook Future Farmers went to San Angelo Monday, March 7, to judge livestock. Fifteen of the boys went in Mr. Cox's pickup. It was awfully cold going down there, as any of the boys will tell you.

The ones on the judging team were Billie Waters, M. L. Cope, and Ray Moody. Alvin Moody, Rufus Jackson, and John Hines judged as alternates. They do not know whether the team placed yet or not.

The Future Farmers are going to the Fort Worth Fat Stock Show Friday, March 11. The meat judging team will judge meat there.

THE SEVENTH GRADE

The Seventh grade called a class meeting Friday, March 4. A new librarian, Elizabeth Maine, was elected. We wish to thank Margaret who has been librarian the past month.

We decided to have a program once a month in our room. The following committee was elected to have charge of that the first month: Elizabeth, Velbert, and Dick.

Some of the seventh grade students are pleased with their report cards and some are not. Those that are not pleased will have to study a little harder next time.

Tonight is the try-out for the declamations. We hope to have some winners from this room.

Mr. Cox has promised this grade a picnic or a party if 50% of them attend church and Sunday school.

SENIOR NEWS

J. K. Bolin goes around singing "True Confession" very often. Can it be that he wants that "one and only" Sophomore girl of his to hear him? They are often seen sitting together in study halls.

Modena Elliott has "another" new boy friend. He is a Junior. She has so many we can hardly keep up with them.

Leecroy Clifton seems to be the wise crack of the senior class, but sometime he says things that almost get him in trouble. How about last Thursday, Leecroy?

Leona Moon has returned from East Texas.

Modena Elliott spent the week-end at Dorn with Virginia Dorn.

It seems two senior girls were quite surprised to see in the paper last week a notification of "war" between them. One of them accused the other of putting it in there. Things were explained and matters are all right (we hope). At least, that notification wasn't true.

We are very glad two of our Senior girls and a boy placed in declamation Monday night. Dorothy Taylor was first and Fionelle Davis second in the Senior girls division and J. K. Boling was first in the Senior boys division.

The Seniors have been trying to get up a skating party, but, so far, their efforts have been practically unsuccessful.

FISHES FUN

Another pupil enrolled here last week, Bernice Callorn. Our class has been increased from 43 to 50.

Two of the freshman boys, Floyd and Irvin have been sick with chicken pox. We hope they make a rapid recovery.

Last Friday night Geneva gave the freshman a party. It was supposed to be a surprise party but she found it out before night. There were several sophs and Juniors there and also some from Carr. Everyone had a very nice time.

Joe Edward Barren has been visiting our class with Walter this week.

JUNIOR NEWS

The thing that is top most on the mind of the Juniors these days (and we hope you remember it too) is our Junior play, "The Last of the Ruthvans." This is the cast of characters, according to their entrances.

Lady Helena—Oleta Dockery.

Grantly—Winton Lee Coleman.

Lord Alan—Weldon Strange.

St. Albans—Boyd Rae Anderson.

Rosamond Sylvesta—Geraldine Eikenberg.

Vicky Van Dyne—Iris Anne Costin.

Monica Sheridan—Bonnie Mundell.

Peggy Brent—Barjory Hardcastle.

Terence O'Rourke—A. D. Singleton.

The Stranger—Jack McDonald.

The Apparition—Opal Leach.

Winton Lee Coleman entered Senior declamation this year, and on their tryouts Monday night was second, and he had plenty of competition. Geraldine Eikenberg, another member of the Junior class entered the Senior girls and did very well.

Sidney Jones, a member of our class has the chicken pox. Get well, quick, Sidney, we miss you.

SOPHOMORE REPORT

We return for another week of study after last week's battle of "pupil vs. teacher." Yes, we all remember very well the past six weeks exams and from a certain yellow cardboard, the results of them show nothing satisfactory or pleasing. Just turn a 96 around and you have a good ex-
