

PRESBYTERIANS TO LAUNCH A TEN-DAY REVIVAL ON SUNDAY

LOCAL PASTORS WILL PREACH UNTIL DR. ELLIOTT GETS HERE FROM ADLANTA, GA., ON WEDNESDAY

Going ahead with their original plans in spite of the illness of their pastor, Dr. W. M. Elliott, members of First Presbyterian church will launch their 10-day spring revival Sunday night.

Three local pastors will substitute for the Presbyterian pastor in conducting services of the revival until Dr. Marion Elliott arrives from Atlanta, Georgia, on Wednesday.

The Rev. C. E. Jameson of First Methodist church will preach for Sunday night services. Archdeacon J. W. Heyes of All Saints' Episcopal church will speak Monday night, and the Rev. A. L. Haley of First Christian church will fill the pulpit on Tuesday night.

Dr. Marion Elliott, son of the pastor and his wife, is well-known in Colorado, having lived here as a small boy and again during his college vacations. He is said by those who have heard him to be one of the most inspiring speakers ever to have filled a Colorado pulpit.

For the past three years he has been pastor of the Drued Hills Presbyterian church at Atlanta, and before that was pastor of the Fifth Avenue Presbyterian church at Knoxville, Tenn. He is a graduate of Park college, Parkville, Missouri, of Davidson college at Davidson, North Carolina, and of the Presbyterian Theological seminary at Louisville. He has twice done graduate work at the University of Edinburgh in Scotland, the first time on scholarships received from the seminary at Louisville.

His first period of study in Scotland was ten years ago, and he returned there for a few months two years ago. He is now working on the thesis for his Ph. D. degree from the university at Edinburgh.

Dr. Elliott will come here without his wife and two children, a boy of seven and a girl of three. He will take over the revival at the Wednesday night service, and will continue through the following Wednesday. Morning services will be held after his arrival, but not before. Evening services will be at 7:30, morning services at 10 o'clock.

Thos. Dawes is to be choir director, and he invites singers of all churches to assist in song services during the meeting.

WTCGA MEMBERS URGED TO ATTEND MEETING HERE SATURDAY AFTERNOON

All members of the West Texas Cotton Growers' association in Mitchell, Howard, Martin, and Midland counties are reminded to attend the district convention at the courthouse in Colorado at 2 o'clock Saturday afternoon for the nomination of candidates for area director.

E. Barber of Spade is the present director and will be in charge of the election. Candidates nominated here will be voted on at the annual members' meeting at the courthouse in Abilene on April 12.

RURAL SCHOOLS TO HAVE INTERSCHOLASTIC LEAGUE MEET HERE THIS WEEK END

Rural schools of Mitchell county are to hold their interscholastic league meet at Colorado High school Friday and Saturday, according to Roy Davis Coles, county superintendent of schools and director-general for the rural division of the county league.

Athletic and track events of the meet are to be held Friday on Cantrell field under supervision of F. M. Simmons of Lone Star. Literary events are to be held Saturday.

THREE NAMES FILED FOR CITY COUNCIL

Three names have been filed to date with J. F. Merrill, city secretary, for two city council offices to be filled in the city election on Tuesday, April 5.

Roy Dozier and Charles Moeser have filed for reelection. The third candidate is R. H. Smith, local groceryman.

COLORADO FFA BOYS PLANNING TO EXHIBIT OVER SIXTY ANIMALS IN FAT STOCK SHOW HERE APRIL 11

More than 60 animals—calves, hogs, and lambs—which are being fed as FFA projects this year are to be exhibited by Colorado High school vocational agriculture students in the Colorado Fat Stock show on April 11, according to F. C. Shillingburg, FFA sponsor.

Thirty-nine calves are being prepared for the show by Thomas Aycock, Murrell Blasingame, Duff Chesney, James Cox, Frank Geiger, Calvin Jarnigan, Olen Lawrence, Tommy Owens, Oscar Roberts, Corley Rogers, M. A. Webb, Charles Stevens, H. W. Venus, Nathan Welch, Fred Jones, Jack Long, Jack McCordle, Marshall Moore, Edward Roach, Clay Smith, Waddell Strain, Leroy Thompson, Raymond Uzzie, and Harry Weber. Strain will show three calves, all the others either two or one.

O. B. Trulock, Jr., is to have two registered Hereford bulls in the show. Lambs are to be shown by J. P. McCabe, Fred Jones, Ross Glover, Lee Brown, Harry Weber, and Charles Stevens. Brown is feeding four, McCabe three, and the others two each, making a total of fifteen.

H. W. Venus and Dillard Yarbrough will show two hogs each and Kay McCarty one. These animals will be in addition to those shown by the Westbrook High school FFA boys and 4-H club boys of Mitchell county, the latter working under direction of B. J. Baskin, county agent.

The show is being sponsored by the agriculture and livestock committee of the Colorado chamber of commerce, C. C. Thompson being committee chairman. It will be open to all Mitchell county boys feeding animals under either FFA or 4-H plans.

FARMERS OF COUNTY VOTE 'YES' ON THE COTTON REFERENDUM

TOTAL OF 862 VOTES CAST OVER COUNTY SATURDAY; ONLY 94 AGAINST

Farmers of Mitchell county voted 89% "yes" in the referendum held Saturday on whether or not compulsory cotton quotas shall be a part of the new farm bill.

A total of 862 votes were cast, according to figures announced Monday afternoon from the office of R. J. Baskin, county farm agent. Of this number 768 voted yes, 94 no.

The vote by boxes was as follows: Westbrook (including all farmers living in commissioner precincts 2 and 3)—149 yes, 10 no; Loraine (farmers of commissioner precinct 4)—257 yes, 44 no; Colorado (commissioner precinct 1)—352 yes, 40 no.

J. L. Pratt was referendum chairman at Loraine, W. C. Farrar at Colorado, and H. L. May at Westbrook.

News reports stated that quotas had carried 12 to 1 over the entire nation.

The organization owns two gins at Colorado, Farmers No. 1 and Farmers No. 3, and one at Buford. U. D. Wulfjen is president, J. F. Bodine vice-president, Jas. T. Johnson secretary. These and W. W. Porter, D. P. Smith, G. W. Plaster, and J. E. Hale compose the directorate. Dorn has been manager for several years.

KIKER ATTENDS LECTURE ON SERVICE AT HOUSTON

A. D. Kiker of the Kiker & Son funeral home was in Houston last Friday to attend a service lecture and demonstration sponsored by the National Funeral Directors' association in cooperation with the state association.

The six-hour school dealt with ways in which funeral directors may give better service without increasing the cost of their work to the persons whom they are serving. Earl T. Newcomer of Cincinnati was in charge.

About 200 funeral directors attended the Houston meeting. Three meetings were held in Texas with a total attendance of over 750.

REV. MR. HALEY ON BIG SPRING LIONS PROGRAM

The Rev. A. L. Haley of First Christian church was in Big Spring Wednesday noon to present a "magic" program at the Big Spring Lions club luncheon.

He and Mrs. Haley are returning to Big Spring Thursday night to attend a taffy pull for First Christian young people.

OVER 400 FARMERS AT MEETING IN THEATER ON FRIDAY AFTERNOON

Over 400 farmers of Colorado and vicinity gathered at the Elitz theater Friday afternoon at 3:30 for a meeting called by E. J. Baskin, county agent, and members of the county AAA committee to discuss the cotton marketing quota election coming up on Saturday.

The meeting was held by Baskin and John Mogford, assistant in charge of agricultural adjustment in Baskin's office, and A. K. McCarty, member of the county committee. The theater building will seat 406. It is said, and it was filled to capacity for the session. Baskin and Mogford, with the assistance of members of the county committee, had held meetings at Loraine and Westbrook on Wednesday. The Loraine meeting was attended by 275, the Westbrook meeting by 175.

Jack Helton, Lions president, was made chairman of the general committee in charge of the campaign here. Others on the committee are J. C. Richardson as vice chairman, D. M. Merritt as treasurer, and Walter Whipkey as publicity director.

Fifty-five per cent of the money raised in the campaign is to be kept here for use in benefitting Mitchell county children. The remainder goes to the Texas Society for Crippled Children.

In addition to making plans for this campaign the club witnessed the traffic safety film of the Texas Coca-Cola company, brought here for a Friday afternoon showing under sponsorship of the Junior chamber of commerce.

Ed McCurtain of Big Spring, field executive for the Buffalo Trails council of Boy Scouts, was a visitor.

CAR REGISTRATIONS FAR AHEAD OF THOSE FOR MARCH 15, 1932

Car registrations on March 15 this year were considerably in advance of those on the same date in 1931, according to Roy Warren, tax assessor-collector.

With the registration month half gone, the total number of licenses issued stood at 315 at the close of Tuesday's business. Last year on March 15 the total was only 185.

Even so, there are at least 2,000 vehicles in the county to be registered in the next 15 days, Warren estimates. The deadline for buying licenses is March 31. This means that the office will have to average around 143 licenses per day for the 15 latter days of March.

ONE HUNDRED STUDENTS FROM TEN TOWNS EXPECTED HERE FOR TYPING AND SHORTHAND TOURNAMENT FRIDAY

Around 100 typing and shorthand students for ten high schools in this area are to gather at Colorado High school Friday afternoon at 2:30 for the school's first annual invitation tournament in typing and shorthand.

SMELL OF PRINTER'S INK TOO MUCH FOR ATTORNEY GENERAL

The traditional "smell of printer's ink" got the best of Attorney General Wm. McCraw for a few minutes while he visited in the printing shop of The Colorado Record Friday morning.

A hand-fed job press was going while McCraw talked with the printers. Suddenly he said, "I haven't fed a press in 15 years," and proceeded to see if he still had the knack. Evidently he has, for the sheets he fed were good enough to be included in the completed "job."

LIONS TO SPONSOR EASTER SEAL SALE CAMPAIGN LOCALLY

MONEY RAISED WILL BE USED FOR BENEFIT OF CRIPPLED CHILDREN

Campaign to sell Easter seals in Mitchell county for benefit of crippled children in the county and state will be sponsored by the Colorado Lions club, according to a vote taken at the club's luncheon Friday.

The sale campaign is to start April 1 and continue until Easter. It is being promoted by the Texas Society for Crippled Children in cooperation with the crippled children's division of the State Department of Education. Vedder Watson of the State Department of Education was in Colorado last week conferring with local business men in regard to the campaign.

Jack Helton, Lions president, was made chairman of the general committee in charge of the campaign here. Others on the committee are J. C. Richardson as vice chairman, D. M. Merritt as treasurer, and Walter Whipkey as publicity director.

Fifty-five per cent of the money raised in the campaign is to be kept here for use in benefitting Mitchell county children. The remainder goes to the Texas Society for Crippled Children.

In addition to making plans for this campaign the club witnessed the traffic safety film of the Texas Coca-Cola company, brought here for a Friday afternoon showing under sponsorship of the Junior chamber of commerce.

Ed McCurtain of Big Spring, field executive for the Buffalo Trails council of Boy Scouts, was a visitor.

FORMER COLORADOAN IS ELECTED PRESIDENT OF WEST TEXAS TEACHERS

A former Coloradoan, Hayes Holman, now superintendent of schools at Post, was elected president of the West Texas Teachers' association at the final session of the organization's annual convention in Big Spring Saturday afternoon. Holman was principal of Junior High school here for several years before going to Post.

John E. Watson, superintendent of Colorado schools, was one of the principal speakers on the convention's Friday program. Colorado teachers who attended the convention Friday included Mrs. Floyd Guinney, principal of Hutchinson school; G. D. Foster, principal of high school; Miss Pearl Traylor, primary school principal; and Miss Lenora Cook, member of the Junior High school faculty.

COLORADOANS PLANNING TO GO TO FORT WORTH FOR CREDIT GATHERING

Tentative plans are being made by several Coloradoans to attend the semi-annual conference of Credit Bureau Secretaries, Credit Managers, and Credit Merchants of district 2 in Fort Worth Sunday.

The fall convention of this group was held in Colorado last September. At that time Max Berman was elected on the board of directors of the Associated Retail Credit Men, and Mrs. C. W. Cook of the Colorado Retail Merchants' office was elected vice-president of Texas Retail Credit Bureau Secretaries.

Mrs. Cook is slated to discuss the topic "Legal Questions," at the Sunday afternoon meeting of secretaries. Among those planning to attend from here are Mr. and Mrs. Cook, Max Berman, "Doc" Wimberley, and Mr. and Mrs. Lee Carter.

'WILD LIFE WEEK' TO BE OBSERVED LOCALLY UNDER DIRECTION OF J. A. PICKENS; COMMITTEES ARE NAMED

"Wildlife Week" is to be observed March 20 to 26 in Colorado and Mitchell county under the direction of the Colorado Wildlife Committee, headed by J. A. Pickens, Colorado groceryman, as chairman.

This observance will be held in cooperation with the remainder of the nation. Purpose of the week is described thus: "To give thought to the importance of wild life conservation and to the protection of our invaluable but inarticulate friends of field and stream."

Other members of the local committee in addition to Pickens are R. F. Fee, representing the Colorado chamber of commerce; Jack Helton, representing the Lions club; J. M. Herrington, representing the Boy Scouts; Howard Rogers, representing the American Legion; E. Barber, Spade community; S. A. Martin, Lo-

raine; C. C. Berry, Cuthbert; Van Boston, Westbrook; U. D. Wulfjen, Seven Wells; Basil Hudson, Buford.

A steering committee composed of J. A. Pickens, R. F. Fee, J. M. Herrington, S. A. Martin, E. Barber and Carl A. Blasig met in the Colorado Chamber of Commerce office Wednesday afternoon to plan a proper wildlife week program.

The local committee is acting as a unit of the National Wildlife Federation and the Texas Wildlife Federation. This federation for the preservation of our wild life friends resulted from the First North American Wildlife Conference, held in Washington, D. C., at the call of President Roosevelt in February 1936.

The president of the national federation is Jay N. Darling of Des Moines, Iowa.

CONVICTIONS NUMBER FOURTEEN AS SPRING TERM OF COURT ENDS

SEVEN PRISON SENTENCES ARE HANDED DOWN; NINE DIVORCES ARE GRANTED ON CIVIL DOCKET

Spring term of the Mitchell county session of 32nd district court ended this week, leaving behind it a record of fourteen convictions out of fifteen criminal cases tried during the four weeks.

Prison sentences were passed in seven of the convictions, and suspended sentences in seven others. The only acquittal was in the case of D. Selvidge of Hobbs, N. M., on a charge of driving while intoxicated. This case was tried Friday.

Two of the prison sentences were given to the Williams brothers, Nat and Edd, on Monday. Each was sentenced to two years in Huntsville on burglary and attempted burglary charges. The two were charged with entering the J. D. Woods filling station here on the night of March 3 and attempting to enter other business houses. They were indicted by the grand jury within less than 24 hours after the alleged offenses. Both have previously done time in Huntsville, according to Dick Hickman, chief of police.

During the final session Wednesday Judge A. S. Mausey granted two divorces, one in the case of Joe Church vs. Cynthia Church and one in the case of Lettie Ware vs. C. A. Ware.

A total of nine divorces were granted during the court term in addition to four other civil cases disposed of by the court.

JAS. E. BODINE AND JOE JACKSON WORKING IN LIFE INSURANCE

Announcement of the addition of Jas. E. Bodine to its staff of local representatives in Colorado has been made by the Great American Life Insurance company through its district manager, Joe Pond of Big Spring.

Also contained in the announcement is the name of Joe Jackson, also of Colorado. Jackson has been serving the company in this locality for some time, however.

**SPRING MEETING OF FOUR-COUNTY SONG GROUP HERE SUNDAY**

**TRIBUTE PAID TO MEMORY OF W. L. DOSS, SR., AUTUMN MEET IN SWEETWATER**

The spring meeting of the Four-County Singing association drew nearly 1,000 people from Mitchell and surrounding counties to the Colorado High school auditorium for an all-day semi-annual session Sunday. Highlight of the day for many was the afternoon period when tribute was paid to the memory of W. L. Doss, Sr., Colorado pioneer who was an outstanding singing convention leader of West Texas during his lifetime. When the fall meeting of the association was held in Snyder last September, plans were made to hold the spring session in Colorado in his honor. Mr. Doss died a month later.

With T. H. Westbrook of Sweetwater, president of the association, leading, the assembled singers dedicated three of Mr. Doss' favorite songs to his memory. These three were "Old Time Religion," "Nearer My God to Thee" and "In the Sweet Bye and Bye."

A quartet from the Stamps-Baxter song publishing house in Dallas appeared on the day's program at intervals. This quartet is one which broadcasts regularly over KRLD at Dallas. Wilbur Wilson, a teacher at the Stamps-Baxter song center, was also present. Wilson taught a singing school at Fairview in this county last year. Quartets were also present from Roscoe, Snyder, and other points.

Sweetwater was chosen as the association's meeting-place on the second Sunday in September.

**EARL GUNN HOME SOLD TO MAN FROM MIDLAND**

The Earl Gunn home at 521 Cedar street has been sold to Ira F. Lord and wife, Jesse, of Midland. Mr. and Mrs. Lord and their children have already moved into the house. It is said that Mr. Lord has oil and ranch interests in Midland county, while Mrs. Lord has ranch interests in Coke county, and that they plan to make their home in Colorado in order to be centrally located.

**SUMMARY OF TAX CONTROL PROGRAM OF EAST TEXAS CHAMBER OF COMMERCE**

(Reading time: 2 minutes)

We are convinced that informed public opinion is the only avenue through which we may hope to check the rising cost of Government. We believe the East Texas Chamber of Commerce can accomplish substantial savings for taxpayers through organized effort. We propose to work along the following lines:

1. Start "Back Home."
2. Simple and Accurate Local Tax Surveys.
3. We Have Had Experience.
4. Organized Local Committees to Appear at Budget Hearings.
5. Analysis and Recommendations on State Expenditures.
6. We Take No Part in Politics.
7. We Are Not Opposing Necessary Functions.

The chief burden of taxes is local. We are organizing tax control committees in every county in the East Texas region, which contains about 48% of the taxable values of Texas. Fifty committees already organized. 135 local Chambers cooperating. We expect to have 1,000 men working on local tax committees.

We are beginning surveys of local units of government. We will have simple statements of financial conditions which can be readily understood by everybody. We will send our trained staff men into a county only upon invitation of the local committee.

We made local tax surveys four years ago with limited funds and were able to win the confidence and cooperation of local officials who welcomed unbiased and competent fact-finding.

The budget law is good, as far as it goes, but there is no agency to see that taxpayers are informed and that they appear at budget hearings. Without such action, the law fails.

Next January at the regular session of the Legislature, which is as early as any changes can be made in administration methods at Austin, we expect to be ready with strong local backing from the counties to make some definite, practical recommendations for economic and elimination of waste.

**BOB SCOTT BUYS TRACT OF LAND FOR \$10,000**

In a deal consummated recently, Robert C. Scott, Mitchell and Nolan county rancher, became owner of two tracts of land composed of 652.7 acres lying in the southwest part of the county in Champion community.

Scott purchased the land from the McCelvey Loan and Investment Company for a consideration of \$10,000. The tracts are located in section 24 of Block X of the Texas and Pacific railroad company survey. One tract was composed of 252.7 acres, the other 400 acres.—Sweetwater Reporter.

**HOSPITAL NEWS**

Six appendectomy patients have been dismissed from the hospital during the past week.

Mrs. J. F. Rogers of Looney returned to her home Friday after having been in the hospital since an appendectomy on March 7.

L. A. Strain, Jr., appendectomy patient, was moved to his home at Fairview on Tuesday.

Arlan (Pete) Smith underwent an appendectomy on Sunday, March 6, and was moved to his home Monday of this week.

Mrs. Florence Oswald, appendectomy on March 9 went home Thursday.

Mrs. R. L. Basham, appendectomy on March 9, went home Wednesday.

Dr. W. M. Elliott, pastor of First Presbyterian church, was moved home Friday. He underwent an appendectomy on February 28.

The only two patients who were in the hospital Thursday morning following appendicitis operations were reported to be "doing fine."

One was Bobby Fee, 8-year-old son of Mr. and Mrs. Bob Fee. He was given surgery at 11:30 Monday night.

The other was James Wulfjen, son of Mr. and Mrs. U. D. Wulfjen, who had surgery Sunday.

Charles Holt of Sweetwater was an overnight patient in the hospital Saturday after he had several facial lacerations sutured.

Mrs. Jack Cox was in the hospital from Monday until Wednesday following minor surgery.

A near abscess was opened for Peggy Don Teel of Port Worth, granddaughter of Mrs. Leon Jenkins, Saturday night.

Miss Lottie Glover, who sustained serious injuries in the car crash which claimed the lives of her parents, Mr. and Mrs. Edd Glover, near Midland over a week ago, was moved to Root hospital from a Midland hospital on Friday. She underwent surgery for a jaw injury Thursday, and is reported to be doing satisfactorily.

**RANGE CONSERVATION TO COVER WHOLE STATE**

COLLEGE STATION.—The range conservation feature of the 1938 Agricultural Conservation program will be statewide in application instead of applying only to 173 counties in the western section of the state, as was the case in 1937. Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation committee has announced.

The announcement was made after word to that effect came to the committee, in session at Texas A. and M. College, from I. W. Duggan, acting director of the Southern Region of the Triple A.

Participation in the range program is limited to those ranchmen who carry out practices set forth in the program in areas where these practices are approved as of value. Slaughter said. He indicated that the 1938 practices would probably be similar to those of 1937 which included construction of water reservoirs, spreader dams and spreader terraces, terraces and contour furrowing and elimination of certain range destroying plants.

"Ranchmen in some sections of the state, such as the Gulf Coast prairies will probably find the provisions governing non-crop open pasture land under the farm part of the program more practical and attractive than the practices provided under the range feature," Slaughter pointed out.

"Owner of small acreages will probably not find it practical to enter the range program," he continued, "as the ranch allowance are relatively low and administrative expenses would use up most of the payments."

The range conservation feature has been one of the most popular and successful AAA programs. The Texas AAA office has received applications covering the participation of 18,306 ranches totaling more than 62 million acres, or over 75 per cent of all the range land in the 173 counties affected by the 1937 program.

**GRAPE POSSIBILITIES IN TEXAS ARE OUTLINED**

Because grapes ripen earlier in Texas than in California, from which the bulk of shipments is made, opportunities for expansion of this industry in Texas are promising, a report by the Texas Planning Board points out.

Texas in 1934 produced only 2,112 of the 1,775,168 tons in the United States, California contributing 1,544,000 of the total, the report adds. In 1933 California shipped 29,315 carloads out of a national total of 32,058; Texas shipped one carlot.

Movement of these shipments begins in July, reaching the peak in October. "Here lies Texas' opportunity," the report adds, "for tests at the Winter Garden station show that seedless grapes mature in June and harvest is completed before July 1." Only twenty-four cars in the United States are shipped in June.

Maturity depends on the amount of heat available during the period of development, the report adds. In Texas more heat is available from March to June than in Yuma, Imperial Valley or Fresno.

**USED CAR SCHOOLS ARE HELD BY CHEVROLET CO.**

DETROIT—Used car reconditioning schools, established by Chevrolet a year ago, are already functioning throughout the country with smoothness and efficiency, and returning tangible benefits to thousands of used car buyers in the shape of better value in the used cars they buy. This is the statement of C. W. Wood, director of Chevrolet's national service and mechanical department, who has just returned from several weeks inspecting the new operations in the field. . . .  
Wood has had charge of installing the schools, which W. E. Holler, general sales manager, created as a means of keeping needed emphasis on reconditioning. Key men from each of the company's territorial divisions in the field were brought to Detroit and Flint for several days' intensive study on servicing methods for various makes of cars, and on the use of specialized equipment devised for efficient, economical handling of the various jobs involved. . . .  
These men returned to their posts, and set up regular courses of study, making the training available to dealers' mechanics in each of the 47 zones. Dealers were urged to encourage their mechanics to attend the schools, and there was wholehearted response from the first, Wood reported. Sessions are held in the evening, many men driving from fairly distant cities to get the benefit of the expert advice, all of which is free. . . .  
"The program has 'caught on' remarkably," said Wood. "I have attended many school sessions, in various parts of the country, and I am always impressed with the serious purpose evident among the men. Reports of dealers on the improvement in their used car operations resulting from the training of their mechanics, has had the effect of keeping interest up, so that even today, with the novelty of the idea largely worn off, attendance is uniformly high." . . .  
Wood said that the development of time-saving and labor-saving equipment is proving a large factor in the effectiveness of the schools. . . .  
"Increase in the volume of reconditioning work has stimulated ingenuity, bringing about many improvements in tools and equipment," he said. "We investigate the merits of every new item in this line, and when a machine or tool can justify itself from the standpoint of time or labor saved—both of these factors being money—we recommend its use by dealers." . . .  
"Such equipment is introduced in the schools, and its use is taught the mechanics. They, in turn, generally lose no time in pointing out to their employers just what it would accomplish for them. The result is that hundreds of dealers have modernized their reconditioning shops, thereby placing themselves in a most advantageous position from the standpoint of their ability to do two major things: perform a more thorough job of reconditioning at the same outlay as before, or perform as good a job at substantially lower cost. Either advantage reacts in the end to the customer's benefit." . . .  
"Chevrolet's whole set-up in connection with used cars is designed to heighten the satisfaction derived by the used car owner. The public recognizes this, too, for Chevrolet dealers have sold over 100,000 used cars monthly now for an unbroken succession of 35 months." . . .

**COTTON LOAN TERMS INTERPRETED BY AAA**

WASHINGTON, D. C.—Agricultural Adjustment Administration announced Wednesday that growers who surrendered loan cotton to the Government under terms of the new farm act would not receive price-adjustment payments from a \$130,000,000 congressional authorization any earlier than other growers. . . .  
The AAA said also that such growers would not receive any larger payment than they otherwise would receive under terms of the price-adjustment payment program as outlined last fall by Secretary Wallace. . . .  
The new farm act carried a provision drafted by Senator Smith (Dem.) of South Carolina that would permit growers to surrender loan cotton to the Commodity Credit Corporation and receive, as soon as compliance with the 1938 cotton program was shown or marketing quotas were ordered, price-adjustment payments equivalent to 2c a pound. . . .  
"Since no appropriation has been provided out of which these payments can be made directly," the AAA said, "it follows necessarily that a cot-

**ton producer who transfers loan cotton to the corporation pursuant to this provision cannot receive the 2c payment unless he is entitled to a cotton price-adjustment payment pursuant to the provisions of the third deficiency appropriation act of 1937."**

**BITES FOR BABY JAMES MERRITT WALKER**

Rites for little 2-year-old James Merritt Walker, drowning victim in a watering trough at the farm home of his parents, Mr. and Mrs. Virgil Walker at 9 o'clock Friday morning were held from the Loraine Methodist church Saturday afternoon at 4 o'clock with the local Methodist pastor, Rev. J. A. Scoggins, assisted by former pastor of the Loraine Baptist church, Rev. A. C. Hardin of Post, officiating.

Prayer was offered by Rev. M. H. Godfrey, pastor of the Loraine Baptist church.

A church filled capacity crowd of local citizens comprising a number of out-of-county friends and relatives were present.

Shocked as word was received Friday morning of the tragic accident, neighbors, friends and the attending physician rushed to the Walker home where every effort was made to revive. Surviving are the parents and two brothers, Rodney Lee, age 10, and Jack, age 8. The baby who was born March 13th, 1936, was the third son.

Grandparents are Mrs. J. R. Burrus of Sweetwater and Mr. and Mrs. Lee Walker of Loraine to whose home the body was brought Friday afternoon.

Relatives from Ackerley were: Mr. and Mrs. Jess Coleman and daughters, Mr. and Mrs. Felix Bolinger and daughter, Mr. and Mrs. George Briston and son; Dr. and Mrs. H. B. Johnson of Crane; Mr. and Mrs. Sam Wolf and son of Ft. Worth; Mrs. J. R. Burrus, Rev. and Mrs. D. E. Dunlap and daughter, Dorothy Marie of Sweetwater; Mr. and Mrs. W. F. Johnson and son Dale, Mrs. Grace Jackson of Abilene; Mrs. D. L. Stevenson of Clyde; Mr. and Mrs. Jack Walker of Lubbock.

Interment under direction of G. W. Hendrick, local undertaker, was made in the Loraine cemetery.

Active pallbearers were: Claud Spikes, Edd E. Williams, Harold Martin, Henry Cook, Jr., Ira Coffee, Wade Preston.

Bearers of the lovely floral offering were: Miss Fern Coon, Mrs. L. J. Taylor of Colorado, Mrs. Paul Terrell and Mrs. H. W. McIntyre of Sweetwater, Mrs. Harold Martin, Mrs. Faye McCollum, Mrs. Bruce Hart, Mrs. Garland Cary, Mrs. Henry Cook, Jr., Santa Anna, and Mrs. Forest Porter.

**CLASS MEETING**

The Polyanna Sunday School class met in the home of Betty Johnson Tuesday afternoon, March 15th, with Betty and Elizabeth Hock acting hostesses.

The meeting entered into by prayer led by Iona Callahan was closed in an offer of prayer by the teacher, Mrs. R. E. Bennett. Roll call was answered by scripture quotation. Minutes of the last meeting read by the secretary were approved and new and old business was attended to.

During the social hour interesting games were played, after which refreshments of cheese covered smacks, cookies and iced grapejuice were served.

Those present were: Frances Riden, Margaret Jarratt, Doris Mahoney, Opal Narrell, Mrs. Bennett, Iona Callahan, Elizabeth Hock, Betty Johnson.

KITCHEN STORAGE IS HYMAN TOPIC

By Mrs. Carl Lowry, Reporter  
Storage space in the kitchen was the topic for the Hyman Home Demonstration club when it met with Mrs. Otto Schuster.

Outlines on kitchen storage space were given by Miss Vera Crippen, county home demonstration agent. Mrs. Will Noack was made kitchen demonstrator for the club this year.

Plans were made to sponsor a small play and pie supper and to sell aprons and pot holders for club finances.

Seven members, the county home demonstration agent and one visitor, Mrs. August Speaker, were present. The next meeting will be March 18 with Mrs. Edgar Andrews.

Little Donna Roy Smith, 8-month-old daughter of Mr. and Mrs. Roy Smith of Odessa, spent the week-end with her aunt, Mrs. Burt Smith, and Mr. Smith while her parents attended the Fort Worth Fat Stock show. Mrs. Roy Smith was Ruby Green before her marriage.

J. S. FRANKLIN NAMES FAVORITE COTTONSEED

After trying Farris-Watson cotton seed on 35 acres of his farm last year, J. S. Franklin of near Buford plans to plant his entire cotton acreage this year to these seed.

Franklin picked 1,000 bolls of the cotton last fall for a test, and found that they weighed 16 pounds, or a pound for every 60 1/2 bolls. Using the two-row-skip-one method of planting, he harvested a bale of cotton to each 2 1/2 acres. The turnout was 38% lint.

**STERLING CITY THEATER BOUGHT BY COLORADOAN**

**E. H. CROW IS NEW OWNER; MARVIN MAJORS IS TO BE MANAGER**

Sale of the picture show at Sterling City to E. H. Crow of Colorado was announced Wednesday morning by the new owner. The theater is the only one in Sterling City and formerly belonged to a Sterling City banker.

Crow said that Marvin Majors of Colorado is to be manager of the show. Majors is to go to Sterling City early next week to make plans for taking over the show about April 1. He and Crow plan to make several improvements in the theater building.

Mrs. Majors and little son are to join Mr. Majors in Sterling City as soon as he can locate an apartment for them.

Crow plans to remain in Colorado for the present and continue his business interests here.

**ROGERS RAMBLINGS**

"He who waits to do a great deal of good at one time will never do any good."

We had 27 present Sunday in Sunday school and some very interesting lessons. Many of our members were absent due to the fact that there was singing at Colorado. We do want to urge each of you to begin coming to Sunday school. The Senior, or young people's class, is planning a "big time" for this week-end. Why? Because Ruby Gordon's group lost in our "100 per cent" contest and they are going to furnish the entertainment.

WHAT? Singing. WHERE? Rogers. WHAT TIME? 7:45 o'clock. WHEN? Sunday nights.

Folks you are really missing some good singing and a good time when you forget to be with us on Sunday nights. We have some of the best singers, leaders, and pianist you've ever heard. Come on over and see for yourself.

**SCHOOL NEWS**  
Everyone seems to have "gone after" the "Big Apple dance," so we have decided to fix our art room in the "Big Apple" style. Real soon we are going to ask you to come out and visit in our "Big Apple" art room. We have soap carvings, spool weavings, leather work, wood carved pictures, poultry forms of wood, various kinds of homes, clay models, and a few examples of nearly everything. Don't miss the chance to see all these things.

**KLEVER KEYHOLE**  
Hello everyone, here am I, back again and "packed" full of news. There were a few keyholes cleaned out last week-end and I heard plenty. I think the wind and sand were for me so they blew these keyholes clean. Now here are a few things that some of my good friends are wondering about.

**WE WONDER WHY:**  
1. Leon Callan is so worried about a certain trip. Is it possible that a bathing suit is bothering him?

2. Harlan tries to make dates with girls who already have dates. Is it "just his way"?

3. The south and east sides of the school building are warmer at night?

4. Frank has started playing with the "ball and jacks." Could it be the company he keeps? How about it Harlan?

5. The young people want to go to Christoval.

6. Some of the "kée-do's" tear up or destroy the paper before "mamma" and "pappa" get to "peep" at it. Is the Tattler telling too much?

7. Wyone was hobbling around on one foot. Could it be that Myrle called "frog" and didn't tell how far to jump?

We hope to find out about these things.

I promised a definition for kiss some time ago, but I "forgot" to put it in. I received a short note last week asking me to define it so here it is:

A kiss is an anatomical juxtaposition of two obicular muscles in a state of contraction.

**BTU TRAINING SCHOOL TO OPEN AT BAPTIST CHURCH MONDAY NIGHT**

A B. T. U. training school is scheduled to begin Monday evening at 7 o'clock at the First Baptist church. Similar schools are to be conducted in other Baptist churches throughout the Mitchell-Scurry Baptist association.

Classes will assemble for study each night through Friday night. It is the plan of B. T. U. officials of the First Baptist church to have three books taught for adults: "Growing A Church," "Making The Home Christian," and "The Junior and Intermediate Leader's Manual."

The young people will study the book "Training in Church Membership." The B. T. U. manual for their

respective departments will be studied by the juniors and intermediates. There will also be a course of study for the primaries.

The schools will be under the direction of a B. T. U. leader from Brownwood, Texas. Several of the local workers will be used as teachers.

**C. A. BARNETT MOVED TO ABILENE DIVISION**

C. A. Barnett, fitter foreman for the Community Natural Gas company since gas was brought to Colorado thirteen years ago, has been transferred to Abilene.

Barnett is to be in the division meter shops of the Community Natural Gas company in Abilene. He and Mrs. Barnett and their daughter, Wilma, moved to Abilene last Saturday.

**LARGE CROWD ATTENDS SALESMANSHIP SHOW OF CC TRADE COMMITTEE**

Two hundred and fifty Colorado business men and their employes gathered at the Gem theater Tuesday night to see a salesmanship picture sponsored by the trade and extension committee of the Colorado chamber of commerce.

The picture was made by the Texas Coca-Cola Bottling company. Max Berman is chairman of the committee which brought it here, other committee members being Clarence Cook, E. R. Bibby, J. W. Randle, Lee Carter, Jack Mayes, Jerold Riordan, M. L. Kirschbaum, A. C. Connell, J. F. Morris, W. R. Oswalt, H. I. Berman, A. K. Treadaway, Oscar Majors, T. M. Marsh, T. B. Russell, J. A. Pickens,

Charles Landau, Dudley Lee, and I. Tucker.

The picture dealt with methods of improving salesmanship, showing the importance of proper appearance, pleasing personality, and psychological approach.

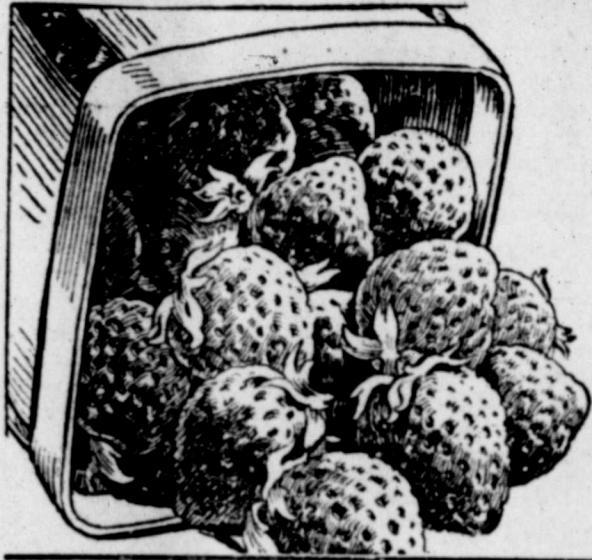

Use of the theater building was through courtesy of the R. & R. company and the local manager, A. E. McClain. Texas Electric Service company furnished the electricity.

## COL-TEX WINS SAFETY CONTEST WITH CYRIL REFINERY DURING 1937

Word has been received here that the Col-Tex refinery has won a safety contest with the Cyril, Oklahoma, plant, the contest being based on low lost-time accidents during 1937.

The Colorado plant had but one lost-time accident during the year. The following article about the contest is taken from the Col-Tex periodical, "The Safetygram":

"The 'Good News of 1937' came to us this week when we were notified that our plant won the Safety Contest with the Cyril plant for the year just passed.

"The records show that we suffered only one lost-time accident for the year 1937 which is a fine record when we consider that we had a total man-hour exposure of 204,359 hours. Naturally we are very proud of this fine record and it should make us all re-double our efforts for a better record this year.

"The only way we can continue to show good safety records is by the constant thinking, planning, and practicing of all the safety rules and regulations.

"As a reward for our fine effort for safety, we are to be given a banquet, dance, or some form of entertainment by the company, which event will be announced soon.

"So, congratulations to all who helped to make our last year's fine record, and may we all continue to work for an accident-free plant. There is a certain pride of accomplishment in any job well done, but let's not get cocky over our past achievements—remember, constant vigilance is the price we must pay for safety."

### HERE FOR WEDDING

Mr. and Mrs. A. O. Jones and family of Burlington and Mrs. John H. Doss of Fort Worth were here Saturday for the marriage of Lillian McCordle to E. B. Van Winkle. Mrs. Jones is the sister of the groom, Mrs. Doss of the bride.

## COLORADO COUPLE INVITED TO DALLAS FAIR FEATURE

DALLAS, Texas.—Mr. and Mrs. J. R. Pickens of Colorado, who recently celebrated their golden wedding anniversary, have been invited to participate in "Golden Wedding Day" at the Golden Jubilee Celebration of the State Fair of Texas.

Invitation to the couple has been sent out by Otto Herold, president of the State Fair of Texas, who announced that Saturday, October 22, has been designated Golden Wedding Day. Couples throughout Texas and the Southwest will be invited to participate in the celebration.

In addition to those celebrating their golden wedding days this year, the invitation will be extended also to those couples who are celebrating anniversaries of more than fifty years of married life.

Complete plans for the day have not been worked out, but each couple invited to participate will be mailed passes to the Golden Jubilee Fair, at which time a complete program will be announced.

Other golden wedding couples of the county will doubtless receive the same invitation.

### DAUGHTER TO HOLMANS

A daughter who is to be called Jerry Joan was born to Mr. and Mrs. Hayes Holman of Post, former Coloradoans, in a Lubbock hospital last Thursday night at 9 o'clock. She weighed 6 pounds 14 1/2 ounces. Mr. Holman was principal of Junior High school here for several years before becoming superintendent at Post. Mrs. Holman is the former LaVada Baze of Colorado. Maternal grandparents are Mr. and Mrs. John R. Baze of Colorado, who visited Jerry Joan and her mother in Lubbock during the week-end.

## DEATH STRIKES TWO TIMES IN ONE WEEK IN COLORADO FAMILY

Death struck twice in the Don ('Little Doc') Lee family last week to claim his life and, a few hours later, that of his daughter, Hester Darlene, 13 months.

Lee, who was 33, died at his home here Thursday afternoon at 3:15 after a long period of ill health. His daughter had been seriously ill in an Abilene hospital for over two weeks at the time of his death. She died Friday night at 11:30.

Lee was the son of the late Dr. R. E. Lee of Colorado, who died in March, 1937. He was born at Windsor on Feb. 13, 1905, and had lived in Colorado over 18 years.

Funeral services were held at 2 o'clock Friday afternoon at Kiker chapel with Woodie Holden, minister of the Church of Christ, officiating. Pallbearers were John Hale, Sam Hale, John Holt, Harold Watson, A. C. Craig, and Jack Richardson. Burial was in the Colorado cemetery by the side of Lee's mother, Mrs. Betty Lee, who died several years ago.

Last rites for Lee's daughter were held Sunday afternoon at 2 o'clock from Kiker chapel with the Rev. A. L. Haley of First Christian church officiating. Burial was in the Colorado cemetery beside Dr. R. E. Lee.

Lee's survivors in addition to the daughter who later died are his wife, the former Eva Smith of Colorado; another daughter, Donna, 8, who lives with her mother, Mrs. Minnie Kidd Lee, in Colorado; two brothers, Ernest Lee of Georgetown and Earl Lee of Colorado; and one sister, Mrs. O. C. Cox of Colorado.

Kiker & Son had charge of funeral arrangements in both instances.

## SPRING-LIKE DAY BRINGS DEATH TO SMALL SON OF VIRGIL WALKERS, LORAIN

The spring-like sunshine of last Friday morning, with a small white kitten as perhaps a contributing factor, brought death to little Jimmie Walker, two-year-old son of Mr. and Mrs. Virgil Walker of Loraine.

Because the day was so mild, Mrs. Walker allowed Jimmie to go outside and play under her watchful eyes. Losing sight of him for only a few minutes, she went in quest of him, and found his body lying face-down in a shallow tank of stock-water in a pasture adjoining the yard. It is said that the child had not been out of the house much more than 15 minutes.

Efforts at resuscitation were applied by members of the Loraine fire department and others but failed to revive the child. The belief that Jimmie might have followed his little white kitten to the tank was expressed, since he had never been to the tank before.

Funeral services were held at 4 o'clock Saturday afternoon from Loraine Methodist church. The Rev. J. J. Scoggins, pastor, and the Rev. A. C. Hardin, Baptist minister from Post, conducted the service. Burial was in the Loraine cemetery.

Survivors are the parents, Mrs. Walker being the former Isla Burrus of Loraine, and two brothers, Rodney Lee, 10, and Jack, 8. Mr. and Mrs. Lee Walker of Loraine are paternal grandparents. Wylie Walker and Jack Walker, both of Loraine, are uncles.

## LOWER LOANS MORE THAN BALANCE LOWER DEPOSITS AT BANK

Loans over \$100,000 less than those of a year ago more than balanced lowered deposit figures in the report of the City National bank at the call of the comptroller on March 7.

The bank quoted loans and discounts at \$602,769.81, as compared with \$703,817.76 on March 31 last year. The loan and discount total, however was \$70,494.77 more than on December 31, 1937, figures at that time being \$532,275.04, the lowest in 10 years.

Deposits in the bank were listed at \$1,054,900.01, a figure \$54,404.90 less than that for March 31, 1937, and \$91,285.28 lower than that on December 31.

## 60 ATTEND JUNIOR CC SAFETY SHOW AT PALACE ON FRIDAY

Sixty or more people attended the Palace theater showing of the traffic safety movie brought here by the junior chamber of commerce Friday afternoon at 5 o'clock.

The show was in charge of A. B. Crowder, manager of the Coca-Cola bottling plant at Sweetwater, having been made by the traffic safety department of his company. Mr. Powell, member of the state highway patrol, talked about 15 minutes on traffic safety rules.

Arrangements for the show were in charge of T. J. Goss, Jr. It was run for members of the Lions club Friday noon. Bringing it here was one feature of the campaign which the recently-organized junior chamber of commerce has launched for greater traffic safety in Colorado.

## MEAT IDENTIFICATION TEAM OF LOCAL FFA IS FOURTH IN THE STATE

In competition with FFA teams from all over Texas, the Colorado High school meat identification team won fourth place in contests held in Fort Worth Saturday.

The contests were held at Armour & company's plant in connection with the Fort Worth Fat Stock show.

In addition to winning fourth place as a team, the Colorado group also furnished the third high point man in the state—Raymond Fuller, Fuller, Ross Glover, and James Cox composed the team. Hammond Padgett was alternate.

The boys left here for Fort Worth Friday noon with F. C. Shillingsburg, FFA sponsor, and Mrs. Shillingsburg, Raymond Fuller, who is State FFA treasurer, attended a Gold Key banquet for state officers while in Fort Worth.

Original plans to take the entire FFA chapter to the Fat Stock show were altered. Shillingsburg explained Monday. Several FFA boys saw the show during the week-end, however, at their own expense. These included Clay Mann Smith, Billie Bob McGuire, Corley Rogers, and Waddell Strain.

Dorothy Morrison, FFA sweetheart, attended the show during the week-end with her uncle, Earl Morrison, and her sister, Jean Morrison. Dorothy's expenses were partially paid by the FFA chapter.

## CC TRAFFIC COMMITTEE RECOMMENDS THAT CITY HAVE STOP-GO LIGHTS

Recommendation that stop-and-go lights should be installed for traffic on Second street was placed before the city council by a chamber of commerce committee when the council met in regular session Monday night.

The chamber of commerce committee appearing before the committee included Thos. R. Smith, G. W. Whitaker, Jerold Riordan, and A. D. Kiker. These compose the chamber's traffic safety committee.

Members of the council voted to take the matter under advisement. Other than hearing this committee, the council gave attention to only routine matters.

## MASONIC GRAND MASTER IMPROVES AT EL PASO

John Temple Rice of El Paso, Masonic Grand Master who became ill while in Colorado for a Grand Lodge zone meeting last Wednesday, is improving in Masonic hospital at El Paso, according to a letter received Tuesday by Jim White of Colorado from Mr. Rice's physician. White is a member of the Grand Lodge committee on work and a personal friend of Mr. Rice.

The letter stated that Mr. Rice is suffering from coronary thrombosis and about four weeks' rest will be required before he can resume his duties.

Mr. Rice became ill at his hotel room in Colorado late last Wednesday shortly after arriving here from Lubbock, where he had taken part in cornerstone laying ceremonies at Texas Tech on Tuesday. He was moved to Root hospital, where he was seriously ill for a time. Accompanied by Dr. C. D. Awe, who came here from El Paso Thursday morning to attend him, Mr. Rice was taken to Masonic hospital in El Paso by train Thursday night.

**LEAVE FOR STOCK SHOW**  
Mrs. R. H. Looney of Colorado, Mrs. Lula Mae Carlton of Big Spring, Mrs. Earl Jackson of Loraine, and Miss Caroline Chambers of Abilene left Wednesday morning to attend the Fat Stock show in Fort Worth.

### UNDERGOES SURGERY

Mrs. Foy Webb, who lives south of Colorado, underwent major surgery in a Sweetwater hospital Monday morning. She is reported to be recovering satisfactorily. Mrs. Webb was Frances Plaster, daughter of Mr. and Mrs. Tom Plaster, before her marriage.

### MRS. HYMAN HERE

Mrs. Harry Hyman of San Antonio, former Mitchell countian, made a visit here last Thursday and Friday, coming with Mr. and Mrs. Bob Scott of Brownwood.

### MOVED FROM HOSPITAL

Lloyd Mackey of Midland was moved from a Lubbock hospital to his home last week. He underwent emergency surgery for appendicitis in Lubbock three weeks ago. Mackey, son of Mr. and Mrs. P. K. Mackey, formerly lived here. His wife is the former Elsie Lee Majors of Colorado.

### IN SNYDER HOSPITAL

Listed among those dismissed from the Snyder hospital last week after medical treatment was Mrs. T. H. Greenfield of Colorado. Mrs. Virgil Moser was listed among those in the hospital for medical treatment, and P. S. Brown of Colorado among those who were recovering from surgery.

### RETURN TO OMAHA

Mr. and Mrs. Ross Daniels left Saturday morning to return to Omaha, Nebraska, after a week's visit here with Mrs. Daniels' mother, Mrs. C. H. Lasky.

WARNING IS ISSUED ON CIVIL SERVICE SCHOOLS

A warning from the United States Civil Service Commission in regard to "civil service schools" has been received at the Colorado postoffice by E. J. Moesser, local civil service secretary.

The statement follows: The public should not be misled by promises of Government positions by so-called "civil service schools". Their agents or their advertisements. No school is able to fulfill any such promises. The public is also warned against schools or agents that would lead one to believe that they represent the Government or are connected with the Government in any way, or that give assurance of success in passing civil-service examinations on the completion of their courses.

Extravagant claims of this type are bringing some such schools under Government investigation. Recently the Post Office Department issued fraud orders against a number of these schools denying them further use of the mails after evidence had been submitted that they had used the mails to defraud. In one of these cases prosecuted by the Government, the promoters of the school were later tried in criminal court and given jail sentences. The Federal Trade Commission also investigates complaints.

The aim of the Government is to protect the public against misrepresentation by any of these schools. It is of course impossible for the Government to secure or aid in securing the refund of money paid into the schools. The public is therefore urged to heed this warning and to cooperate with the Government by making inquiry in every case concerning such claims by civil-service schools or agents before enrolling for courses.

Caution is particularly made against claims by schools that their courses are required in order to take the examinations of the U. S. Civil Service Commission; that they are given advance information regarding civil-service examinations; that they have influence with the Federal Government to procure employment for applicants; that they can secure special advantages for those taking their courses; that they have been authorized by the Federal Government to give examinations. Such claims are false.

Anyone can obtain civil-service information free from the Secretary of the U. S. Civil Service Board at any first- or second-class post office or from the office of the U. S. Civil Service Commission at Washington, D. C.

Upon request, the Commission will place a person's name upon a mailing list to send him notice, without cost, of the next examination held for any particular position in which he is interested. The Commission will furnish upon request, sample announcements of any examination.

There's One BEST Way To do Everything

THERE are as many different ways to protect food from spoilage as there are to dress a baby. Many different refrigerators—and one BEST.

Some have just a FEW moving parts (to wear out)—Serval Electrolux, the Gas or Kerosene refrigerator, has NONE.

Some are quiet (while new)—Serval Electrolux is SILENT—forever!

Some are "economical"—Serval Electrolux operates for as little as 3 cents per day!

Most all provide some ice cubes—Serval Electrolux provides TWICE the average family's daily need.

Some have flexible rubber ice-tray grids—Serval Electrolux has flexible STAINLESS STEEL. Just a flip of the thumb, and out come the ice cubes.

Some get the cabinet interior cold WHILE RUNNING—Serval Electrolux keeps the interior always in the safety zone—steady, CONSTANT COLD.

Some have well-built cabinets—Serval Electrolux has outer shell of one-piece seamless steel—a cabinet built to last through the years, finished in lustrous Newton, that becomes whiter with age.

Serval Electrolux gives you a new KIND of refrigeration, because it is a different kind of refrigerator. Completely different in the way it operates, the way it protects your family's health, the way it saves. Serval Electrolux actually MORE THAN PAYS FOR ITSELF. Why not start it paying for itself, in your home—NOW?

Praise From Owners All Over West Texas

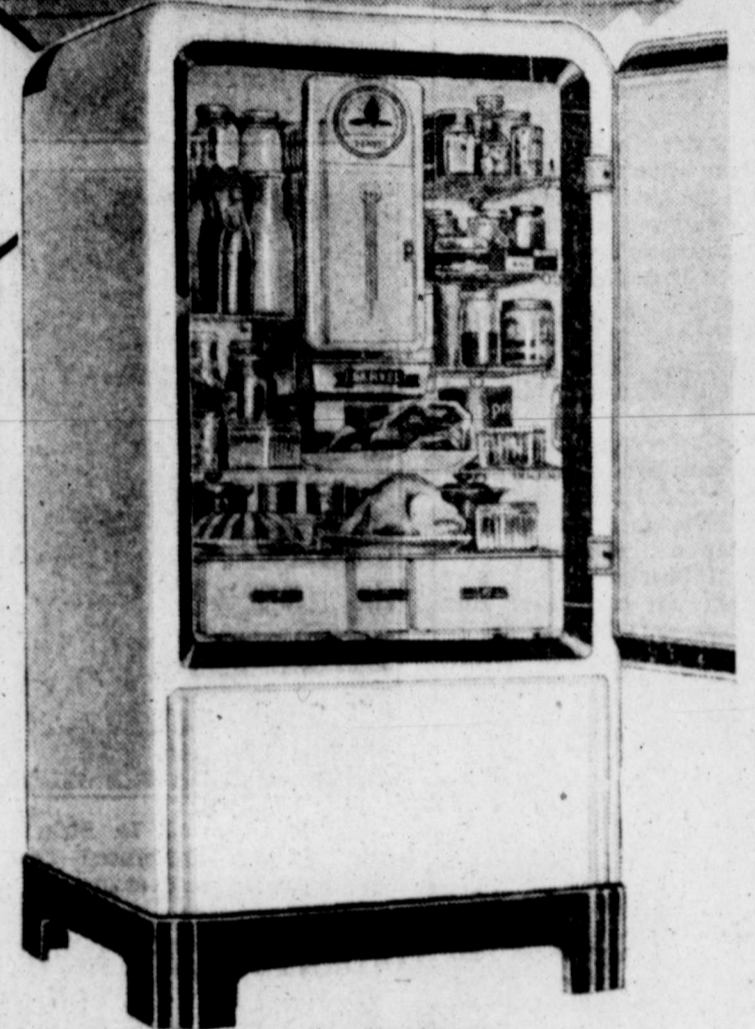

I have sold enough milk products alone, thanks to the way my Serval Electrolux keeps them sweet, to more than make the payments on it. It supplies more than enough ice cubes for our

MRS. J. L. BRANCH

family of five, and we have frozen desserts any time we want them. I can plan my meals two weeks in advance and buy my foods on specials, knowing they will keep fresh in our Serval Electrolux refrigerator. Yet the cost of operation is so low we scarcely notice the difference in our gas bill. It is easy to clean, inside and out. We feel that money invested in our Serval Electrolux is well used, because it more than pays for itself.

COLORADO, TEXAS

Two New Points

—now play a part in banking policy.

1. Public psychology has lost the element of fear which produced such uncertainty during critical periods in recent years. Public confidence has returned, particularly in respect to the banks throughout the country. As a result bankers know that their deposits will be stable, subject only to the normal currents of inflow and outflow. These changed conditions have enabled banks to return to a broader loaning policy toward their customers.

2. This return to normal sound banking conditions has been fortified in several respects by provisions in newly enacted banking laws. Without going into the technicalities, we might say that they create conditions which give the banks more "elbow room" in respect to utilizing their resources in granting second loans to their customers.

MAP IMPROVEMENT PROMOTES SAFETY

PONCA CITY, Okla.—A major improvement in automobile road maps which encourages the motorist to think in terms of reasonable driving time between given points rather than mileage to be covered, is announced by the Continental Oil Company in connection with the issuance of maps of the new type by the company's Conoco Travel Bureau at Denver, Colorado.

The new feature which will appear on the face of all Conoco maps consists of the addition of actual driving time in hours and minutes from town to town. These figures are printed in red ink and appear directly under each of the usual mileage figures which give the distances between cities and towns. A footnote points out that the driving time has been calculated for normal traffic conditions and dry roads and that allowances should be made by motorists who drive unusually fast or slow.

The improvement is also in use by one other major oil company and is understood to be under consideration by several others. This strong emphasis on reasonable driving time rather than the factor of distance-to-be-covered should do much to promote highway safety, say Conoco officials.

# 'The Barrier' and 'Hollywood Hotel' Featured Pictures at The Palace

## "Change of Heart"

Palace—Thursday, March 17  
 Another in 20th Century-Fox's parade of scoring program pictures, here is a human and humor-laden comedy of domestic quarrels and reconciliations sure to please all audiences. Gloria Stuart and Michael Whalen are convincing in the leads as the warring married couple, being given laudable support by Lyle Talbot and Delmar Watson, a promising youngster. Whalen, a high-powered advertising executive, is so overworked that his nerves and temper are always on edge. His wife, a golf addict, walks out on him. He sees the light, takes up golf and the inevitable reunion is negotiated through the cupid activities of a caddy and his dog. Production values, dialogue and direction are all of high order. Directed by James Tinling.

Players are Gloria Stuart, Michael Whalen, Lyle Talbot, Delmar Watson, Jane Darwell.

## "The Barrier"

Palace—Friday and Saturday  
 March 18 and 19  
 Producer Harry Sherman, well known to showmen in his money-making "Hopalong Cassidy" pictures, keeps faith with them in his first high-budget offering. The modern version of the Fox Beach favorite is sensibly adapted, directed with distinction and the entire cast is restrained and competent. Especially acceptable are portrayals by James Ellison as Lieutenant Burrell, Jean Parker as Lucia, Robert Barrat as John Doret, and Leo Carrillo as Colonel Doret. Andy Clyde ably furnishes the comedy relief as the sour-dough prospector. The picture rates a masterpiece spot on any program. Much of its charm is creditable to photography and the arresting scenic beauty of the mountain and forest backgrounds against which it is filmed. Directed by Leslie Selander.

Players are Leo Carrillo, Jean Parker, James Ellison, Robert Barrat, Otto Kruger, Andy Clyde, J. M. Kerrigan.

## "Hollywood Hotel"

Palace—Saturday, March 19  
 Sunday and Monday, March 20 & 21  
 A merry and slightly mad musical that doesn't overlook a single bet in any of the three categories—produc-

tion values, entertainment, content and exploitation possibilities—each of which is milked to the limit to furnish a hit of smash proportions and precedential revenue potentialities. Slightly imitative in some of its sequences, it takes these cues from situations which proved their worth in preceding pictures, particularly that part of the motivation which lampoons Hollywood and its denizens. In brief, it has everything, an unapproachable cast which functions delightfully, an overflowing measure of laugh-assuring comedy, catchy songs, impressive production numbers, and fast, showmanlike direction to mold these winning elements into a highly magnificent whole. Directed by Busby Berkeley.

Players are Dick Powell, Francis Langford, Lola Lane, Hugh Herbert, Ted Healy, Glenda Farrell, Alan Mowbray.

## "Paradise For Three"

Palace—Tuesday and Wednesday  
 March 22 and 23  
 Sparkling farce comedy of the pseudo-screwball variety of which so many have dotted the current production trend, this is pleasing general audience fare and will make a creditable mark for itself in the money department. An all-comedy cast performs in fine style. Production and direction are of the highest order. The action unfolds at a Swiss winter resort where winners of a slough contest are sent on all-expenses-paid trips as their awards. Robert Young, a penniless advertising man and one of the winners, is mistaken for an eccentric millionaire, giving rise to a number of laugh-insuring situations which bring the inevitable ending when he wins the boss's daughter and a job. Directed by Edward Webber.

Players are Frank Morgan, Robert Young, Mary Astor, Edna May Oliver, Florence Rice, Reginald Owen, Herman Bing.

## "You're Only Young Once"

Ritz—Sunday and Monday  
 March 20 and 21  
 A simple, engaging humanness that will strike a responsive chord in the hearts of most family audiences assures this of widespread popularity and stamps it as far and away the best program feature to bear Leo's

trademark in many a day. In addition it presents a one-boy comedy riot in Mickey Rooney, who is so natural and is obviously destined for stardom. The film is a sequel to "A Family Affair," with only one important casting change in that Lewis Stone succeeds Lionel Barrymore as the father—played with delicacy and understanding by this competent veteran. Story finds the Hardy family vacationing in California, with Stone plunged into the task of extricating his children from unsatisfactory romances. George B. Seitz directed.

Players are Lewis Stone, Mickey Rooney, Cecilia Parker, Fay Holden, Ann Rutherford, Eleanor Lynn, Sara Haden, Ted Pearson.

## SHOE SPECIALIST WHO IS TO BE HERE WRITES ARTICLE ON FOOT CARE

Facts about foot care are embodied in the following article written by Dr. L. H. Dennis, shoe specialist representing the makers of Conformal shoes, who will be at the Max Beriman Department store Thursday, Friday, and Saturday to demonstrate and fit Conformal shoes for Colorado and Mitchell county customers:

How many times have you heard someone say: "There's nothing really new under the sun"—and then set out to prove that even our latest scientific developments are really old ideas or principles dressed up in modern clothes?

Supporters of this theory will point with pride to this story which seems to indicate again that they are right

one of the most fascinating stories in the annals of modern science.

It concerns one of the commonest everyday items in your life—the shoes you wear. Their basic construction hadn't changed a bit in the last hundred years—until three years ago. Shoes are made in various sizes to accommodate various average types of feet. We've always had to get the size that comes nearest to fitting us and let it go at that. The trouble is that no feet are "average"—in fact, no two feet are alike, not even your own two! On top of that, 9 out of 10 adults have some sort of foot defects, from weak arches on down the list, which means that "average" shoes come further than ever from fitting us comfortably and correctly.

For years shoe designers and foot experts have been trying to solve the problem—building special lasts, special supports and other appliances in an effort to fit all the different kinds of feet more closely. But the ideal of fitting each individual foot's special requirements exactly and perfectly—the only way to insure complete foot comfort for everyone—still seemed as impossible as ever until...

Yes, amazing as it seems, Conformal's patented plastic insoles actually are molded by your feet into permanent, resilient footprints inside your shoes. After we soften the plastic material inside these special insoles, you merely put the shoes on and walk around for a few moments. Like magic, ever contour of your feet is reproduced perfectly in Conformal shoes, each foot molding its own individual impression as you walk. The plastic material soon becomes firm—but flexible again—and your shoes are now as personal as your fingerprints, molded to fit your feet and yours alone!

Let us give you a free courtesy fitting today. We do not ask you to take our word for it—come in and we will mold a pair of Conformals to

## NOTICE BY GUARDIAN OF APPLICATION FOR OIL AND GAS LEASE OF REAL ESTATE OF WARD

In the Matter of the Estate of Clay Mann Smith, Jr., a Minor, In Probate, No. 1935.

## STAMFORD CHURCHMEN GIVE NEW CAR TO REV. DICK O'BRIEN, PASTOR

The following story about a new car which men of the First Baptist church at Stamford have given to the Rev. Dick O'Brien, who went to the Stamford church from Colorado, appeared in Friday's Abilene Reporter-News:

"A minister's wife some times has her day. Mrs. P. D. O'Brien learned this week. While Rev. O'Brien, Stamford pastor, was preaching at a workers' conference in Moran, men of the First Baptist church presented a brand new four door sedan at the

parsonage. Mrs. O'Brien accepted the gift, and the minister's old car was driven away. He arrived home to find himself without a car, according to his version.

"Mrs. O'Brien will make the first trip in the new automobile. She will take a group of Hardin-Simmons university girls to an annual house party held at Seminary Hill, Fort Worth, set for this week-end. She is leader of district seventeen young people.

"Harvester's class of the First Baptist church, of which Rev. O'Brien is teacher, took the lead in purchasing the new car, with other churchmen cooperating."

**IT'S HOME TOWN SERVICE**

**SOUTHWESTERN BELL TELEPHONE COMPANY**

THE best thing about your telephone service is that it's home town service—tailor-made for you at the switchboard by people who live and work here.

Experts can develop better methods of giving you service. Scientists and engineers can contribute new inventions and developments. Western Electric can buy and manufacture economically for the operating companies of the Bell System.

And all of these things can—and do—help tremendously at the job of giving you good telephone service at a fair cost. Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

## EDITORIAL

## YOUTH

Future Farmers, Boy Scouts, 4-H Clubs

None of the civic and industrial activities of life has been neglected in the matter of Youth organizations. Possibly the success attendant upon the work of the religious bodies suggested the idea of organizing civic and industrial bodies in order that unified and cooperative power of the Youth of the land might still further achieve in constructive efforts.

One of the most notable Youth organizations that has ever existed, is the Boy Scouts of America. The Boy Scout movement was originated in England, founded by Sir Robert Baden-Powell, a General in the British Army, in 1908; and the Boy Scouts of America was incorporated Feb. 8, 1910. It was still further authorized by an act of Congress in 1916. The number of Scouts increased in 1937 more than 260,000; total membership is rapidly approaching 3,000,000.

Its purposes, teachings, activities and accomplishments fully warrant the use of the adjectives magnificent and splendid in reference to it as an organization. Many of the celebrated men and women of America take personal and active interest in this wonderful Youth organization. Among these is the President of the United States, who is honorary president of the national council. Their motto, "Be Prepared," not only means be prepared for success in whatever vocation in life the Scout may follow, but also to be prepared for good influence, for patriotic service, for good deeds and exemplary citizenship.

The promise made by every boy who joins the Boy Scouts of America is so significant of the aims and purposes of the organization, so fine in its suggestive implication for everyone, so impressive to those who make it and so meaningful to those who are interested in them that it is here given:

"On my honor I will do my best—to do my duty to God and my country, and to obey the Scout law; to help other people at all times; to keep myself physically strong, mentally awake, and morally straight."

The fact that the effect of membership in the organization has been so promotive of the development of moral fiber in those who are members, that they have found it less difficult to be obedient to the law of the land; that the temptation to indulge in activities discommensated by every principle of ethics is less appealing and that as the Scout grows into manhood he is much above the average as a rule for moral conduct and manly deeds, should and does commend the organization to every thinking person.

The youngsters who are members of these groups came from the farms and ranches. Their activities are such as to promote materially their qualifications for the work they choose as a life work. These organizations have received mention in previous articles in this space, but so impressive are their mottoes that they are repeated here. The 4-H Clubs have for their motto words from which they take their name—4-H: "I pledge my HEAD to clearer thinking, my HEART to greater loyalty, my HANDS to larger service, my HEALTH to better living for my club, my community, and my country."

Another of the wonderful organizations composed principally of young men who have selected agriculture for their life work is what is now a well-known national movement, already credited with having achieved much of a constructive nature, the Future Farmers of America. So fine has been the success of their activities that they may be said to be not only future farmers, but farmers of the present.

Their motto, another that implies in its meaning a determination to be a constructive force in the work of the Nation, sets for their object in no uncertain words: "Learning to DO, doing to LEARN; earning to LIVE, living to SERVE."

One of the factors bearing on the success of the work done by all these organizations of young people is the fact that the student who works at his business while he studies it is more impressed with its worth and importance than he would be if the act of doing the work for which he is preparing himself were not a part of the instruction.

The combination of WORK and STUDY is unbeatable.

If Pluto's pit is paved with good intentions, dogmatic theology probably supplies the heaviest paving stones.

## "JOHN HENRY"

The expression "John Henry" is slang, and it has been in use at least twenty years. It is in wide use among salesmen who have substituted it for the older expression, "John Hancock," meaning signature. Probably the similarity of Henry to Hancock suggested the substitution. The older expression arose from the prominence of Hancock's signature on the Declaration of Independence.

Hence the expression "place your John Henry on the dotted line."

## MAVERICK CATTLE

Before the Civil War, Samuel A. Maverick was a prominent rancher near San Antonio, Texas. In 1861 most of the cowboys of that region enlisted in the war, so that Maverick's cattle were left to run wild. When the war ended, there were tens of thousands of unbranded animals, and, in the roundups that followed, Maverick was the greatest claimant of unbranded cattle. So often was it said of stock that "these are Maverick's" that eventually all strayed calves and other unbranded cattle came to be referred to as mavericks.

One of our gentlemanly friends, reader of this column was airing his financial troubles this week and we asked him:

"Why don't you go to the bank and borrow money?"

His reply: "I did once, but I don't like their methods. They expect you to pay it back when you promised to."

In examination in the high school spelling class we found that quite a number of pupils found it difficult to determine which come first "I" or "E" in words like believe and deceive, relieve and perceive. Here is an infallible rule:

"I" BEFORE "E" EXCEPT . . .

W. F., St. John's, Newfoundland, confesses that he is "often puzzled over the sequence of i and e in certain words," and asks for a rule.

The answer may be found in Tudor Jenk's rhyme:

When ei and ie both spell e,  
How can we tell which it shall be?  
Here is a rule you may believe,  
That never, never will deceive  
And all such troubles will relieve,  
A simpler rule you can't perceive.  
It is not made of many pieces  
To puzzle daughters, sons or nieces,  
Yet with it all the trouble ceases.  
After C and E apply—  
After other letters I.

—Graphic Arts Monthly.

In the 50 years ago column of the Georgetown Sun we note the following:

"Messrs. D. H. Snyder and A. S. Howren have gone to Tom Green county to survey a large tract of land in which Capt. Snyder is interested."

## PROGRESS

"We must have the will to work, the ambition to overcome the obstacles ever present, whether times are good or bad. Our achievement of the past, the high standard of living of all countries, is the best possible evidence that we have both the will and ambition for far greater accomplishments. And, as a people, we know that to get something for nothing is an economic absurdity."

Friendliness! That word is the key to happiness! He who is friendly is loved by all alike. Perhaps you have had this experience. You were down in the dumps, feeling as low as fallen arches. All you needed was a smile, a cheery good morning, something to buck you up and remind you that you still had a few friends in the world. You saw a stranger approaching, and he passed, smiled, and said, "Good Morning." When the man only stared and passed on without saying a word, how did you feel?

Cotton has an interesting history. For many years it was called "wool cotton" in England. In the fourteenth century, a colony of Germans was brought to England by Edward III and sent into a barren part of the country to spin and weave woolen stuffs.

In those days shirts were woven of hair, and gowns were woolen. For some 200 years the woolen fabrics of Manchester were known as cotton. The words "cot, cottage, cothouse, coast, and cotton" all mean things placed alongside of each other, like straw in a thatch, fibers in a thread, and sea and land along the shore. About 250 years after the arrival of the German colony of cotton spinners of woolen stuffs, the hairs of the cotton plant found their way into England from Turkey. Although a vegetable had replaced an animal material, the old name of the manufacturing process stuck to the new fabric.

## "LIFE BEGINS AT 40"

The book "Life Begins at 40" has been widely read but here are facts that show that life begins at 50.

Jules Verne, author, gave to the world some of his best stories when past 70.

Plato was a pupil until he was 50, and did not begin to teach until past that age.

Philip Brooks was one of the world's most powerful figures in the religious and intellectual world when he was 60.

Ralph Waldo Emerson, American essayist, poet and philosopher, produced his "Conduct of Life" at 59.

Victor Hugo, foremost man of letters of his time, wrote "Les Miserables" when 60 years of age.

Socrates, a leader of Greek thought and culture, gave to the world his wisest sayings at the age of 68.

Noah Webster, when between 60 and 70, performed the Herculean task of his life in the production of his famous dictionary.

Bacon, whose works are widely read and admired, was 60 years of age before he arrived at the full maturity of his genius.

Gladstone, that grand old English statesman and one of the world's great patriots, was a potential figure in the political and educational life of Great Britain when he was 80 years of age.

Goethe, no doubt the greatest modern poet of Germany, wrote the first part of "Faust" when 56, and the second part when he was 82.

Voltaire, the French poet and philosopher, did his best work after 50, and at 84 produced his masterpiece.

Thomas A. Edison perfected some of his greatest inventions after 65 years of age. He once said: "Man's ingenuity and his courage to perform services kept him developing each day."

## STYLES

Ostrich feathers for women's hats are coming back in style. So are hat pins.

A casual reader of the style news finds himself entranced, now and then, by advance news of coming styles. Last week we ran across an old friend, the hat pin, which we are warned is coming back to keep hats in place on tops of women's heads, or wherever and at whatever angle they may be worn.

"The old fashioned hat pin in glorified form" say those in the know, which, roughly translated, means that the little gadgets will cost plenty of man's ducats. What is worse, they will likely stick in human eyes, the meat of modern mashers and occasionally the heads of those who rashly push them through what is often laughingly referred to as a hat.

A lady friend and reader of this column writes in to take us to task for always writing about ladies styles. She goes on to say, "Do the ladies make humor out of anything you wear? Do they indulge in frivolous remarks concerning your hat, which has seen better days and was not much of a hat to start with? Do they jeer at your shoes, which seem to abhor polish, or your collar, which is of the vintage of 1908? If they do not, if the ladies refrain from going funny when they see what you wear, why should you indulge in levity when looking at things the gentle gender puts on? As to hat pins, they are very useful, some of them ornamental. Or they were when women wore hair in a topknot. Now that they cut it off or train the hair to cascade down to their shoulders a hat pin is less useful, although such an instrument is still handy for use as a nutpick, or to yegg the baby's savings bank. The ladies are practical. They do not dress in heavy layers in summertime, although they do put on their thinnest stockings in winter. There used to be a disease called white swelling and we think it started with a chillblain on the leg. Sometimes we have wondered why the ladies never have white swelling. But that is not germane to the subject, which is hat pins. Gentlemen often wear scarf pins, which are useless except for ornament. Why doesn't somebody write a screed against scarf pins? Is it because hat pins are more amenable to ribaldry?"

## WOMEN IN THE STUDY CLUBS

## Standard

A discussion of her recent travels in Mexico by Miss Katie Buchanan was the program feature of the Standard club's lesson on "The Americas" at the home of Mrs. P. C. Coleman Friday afternoon. Mrs. J. Lee Jones was leader.

The club adjourned at five so that members might go to the Palace and see the junior chamber of commerce's traffic safety show. The next meeting will be with Mrs. Jones.

## Shakespeare

Current events were given during roll call of the Shakespeare club when it met Friday with Mrs. R. O. Pearson. Mrs. Jerold Riordan was leader.

Mrs. Riordan read to the women a newspaper clipping about the violinist nephew of Mrs. John Moorar, a former Coloradan. The nephew is now studying violin in New York City, preparing for his debut.

Refreshments were served after the lesson from "Twelfth Night." Mrs. Lois Bennett is to be the next hostess.

## Hesperian

"India" was the study topic for the Hesperian club when it met Friday with Mrs. J. D. Williams, Jr., as

hostess and Mrs. Nat Thomas as leader.

Cities of India were named in response to roll call. Mrs. Ed Majors read Mrs. J. G. Merritt's paper on "Ancient History of India," and Mrs. Bob Trotter read Mrs. J. E. Watson's on "Indian Art and Architecture." Mrs. S. H. Millwee had the topic, "British Rule in India."

An accordion solo, Korsakoff's "Song of India," was played by Mrs. Jimmy Payne.

The club voted \$1 to the district art loan fund. Members attended the junior CC safety show at the Palace at 5 o'clock. Mrs. Ed Majors is to be the next hostess.

## 1921 Study Club

Winifred Holtby's "South Riding" was discussed at the meeting of the 1921 Study club with Mrs. J. T. Pritchett Friday afternoon.

Mrs. Sam Majors presided while Mrs. Pritchett discussed "The Essential Pattern of the Novel," and also substituted for Mrs. J. M. Doss in pointing out the humanism portrayed in the book. Mrs. R. P. Price had the discussion, "Miss Holtby's Attitude Toward Death."

Donations of \$1 to the district art loan fund and \$1 to the district music loan fund were voted. Mrs. John Rector is to be the next hostess.

## HEEBIE-JEEBIES CURE

## Just Relax

## IN A SOOTHING WARM BATH

When a hard day leaves you with nerves on end or with a jittery case of the heebie-jeebies, try relaxing into the depths of a warm, soothing bath. Warm water rests tired bodies and nerves.

A new automatic gas water heater gives you and your family all the hot water you need—at any time—at little cost. It is completely automatic, requiring no attention on your part. If you're not now enjoying this great convenience, why not come down and learn how much your present heater is worth on a trade-in?

This is one of the newest models in gas-automatic water heaters. Built table-high and with porcelain top, it serves as extra working space in your kitchen.

## FAIRVIEW HD WOMAN IS PLEASED WITH BROODER HOUSE SHE HAS BUILT

"The brooder house which I built is certainly taking care of my baby chickens nicely," said Mrs. J. C. Womack, poultry demonstrator of the Fairview Home Demonstration club, when Miss Vera Crippen, county home demonstration agent, visited her recently. "I have lost only two chickens out of fifty, and I lost them when I first got them," Mrs. Womack explained.

She built her brooder house according to a plan in which scrap lumber may be used. It is made in sections, which enables it to be moved easily, and also makes it very easily cleaned. The bottom section, which is planned for the lamp, is made of 1 in. by 12 in. boards put together at the corners. The next section, which fits on top of the bottom section, has a removable tray made of tin. This tray forms the floor, and is covered with sand while in use. This makes it more easily cleaned and also makes a warm floor for the chickens' feet.

The roof is also in a separate section. Another section is made of wire, and is used with the brooder as a sun porch. This brooder is small, and will accommodate from sixty-five to seventy chickens, but may be built at very small cost, and the operation expense is very small.

**ILL OF FLU**  
Aubrey Herrington has been seriously ill of flu at his home here for the past week. He was not showing much improvement this week.

**SENIOR NEWS**  
 Flash! The annual is now under way! The Seniors have been working faithfully on their little year book, and they believe that it will be something really worthwhile, and something that will bring back pleasant memories of their "Senior" year in days to come.  
 This Senior class seems to have a good deal of talent in it if you will just notice, for the cast of the contest play is composed entirely of Seniors.  
 By the way, have any of you noticed Shirley Kiker's peeled chin? It really looks bad Shirley! We wonder if it could have been the "love bug" that bit her! No, surely he doesn't bite that hard! I wonder, could it be the aftermath of a picnic?  
 If you would get a glimpse of the public speakers, politicians, and big business men of tomorrow, you should listen to the senior declaimers who are entering the Interscholastic League meet. They should really get somewhere if they keep up their good work, for there are many excellent speakers among them, and many good declamations.  
 Lucille Goode.  
**JUNIOR NEWS**  
 The long time talked and hoped for event in the 1938 Junior's life has been set for Friday night May 13th. The class is not superstitious but they think the so-called unlucky day will bring the banquet luck. The scheme is to be planned and the committees selected in the very near future.  
 One of the class' best members, James Wulfen, underwent an appendectomy Sunday night. The Juniors hope he will get along alright and soon be back with them. He is reported to be doing as well as he possibly can.  
 Jimmy Harrison and Sam Richardson were in Abilene Saturday and they seem to think identification bracelets are in style.  
 Tennis seems to be in the limelight as a sport with the Juniors.  
 With Glover, Chesney, Chadwick, and Henderson the class hopes to get a long way in the coming track meet. The Spanish two classes were glad

to have Miss Smith back Monday after her recent illness.  
 The class is proud that Hardison Allmond is to be drummajor at the band contest in San Angelo. Laurels to Joe Lee for his work this year with the band and we are in hopes Hardison will do just as well.  
 The Junior English classes have taken up poetry and with spring so near they are simply carried away with it.  
 John Beal and Virgil Easterwood also spent Saturday in Abilene.  
 Dorothy Morrison spent the weekend in Dallas.  
 Dick Jones went to Lubbock and seems to have found a very pretty girl.  
 Dorothy Morrison received a new Bulova watch for her sister's birthday.  
 Virginia Whipkey.  
**SOPHOMORE NEWS**  
 Freddie Watson and Nan Price played tennis all day Saturday, then the next day their faces required several boxes of powder to cover the "bloom of the rose" (the red, red rose, we might say) which the sun had given them. If you don't get it, they were blushed as pink as any lobster. . . . Daffynition: mistrust—lady of the house. . . . The former ideal existence of Harry Etta and Dook seems permanently "phiff" or what do you think? . . . And then there was the convict who said 97668 was his pen name. . . . Harriet Ann is now being courted by a Buick (and whatta Buick!) instead of an Olds. . . . Advice to girls: Don't go out with tennis players—they like good rackets and play too many love games. . . . Did Buzz Major's romance go on the "rocks" last Saturday night? . . . The travel unit is most interesting, but it does take some figuring to know how much luggage to take on a plane when you are allowed only fifty pounds. The solution, take it or leave it, might be to pack a trunk and weigh it. . . . Once upon a time there was an army commander who was rotten to the corps. . . . In the English unit, Lucille Dockrey is planning a trip to Hawaii, while Harvey Hicks picks Mexico as his destination. Doris Flo Doss is doing it right, for she is circling the globe, and her world cruise sounds most enticing. . . . It is whispered (?) that M. A. Webb's name is Malcolm Alfonso. . . . More advice: Girls don't date swimmers, because they're all wet. . . . or bandleaders they take too many time outs. . . . Mrs. McQuerry, mother of Bazelle, can really make candy, say certain Soph boys. . . . And who said that eternal triangles are infernal triangles. . . . Miss Miller is offering a small prize to the student who makes the most attractive travel notebook. . . . Freddie ginned down to Comanche last Sunday but her only adventure was a flat tire. . . . Gean Morrison is wearing a tiny gold cross, gift of the Sub-Debs on her very recent birthday. . . . Daffynition: divan—how to enter a pool. . . . The weather—Yesterday: Wind; today: wind; tomorrow: wonder when that prof will stop talking? . . . Sophie are "shining" in tennis with Harry Etta, county entry in junior girls singles and Bobbie Lou and Ann the winners in girls junior double play.  
**INVITATION TYPING AND SHORTHAND TOURNEY**  
 Friday, at 2:30, Colorado High school will be host to typing and shorthand teams from surrounding schools entered in what is probably the largest Invitation Typing and Shorthand tournament every sponsored by CBS.  
 Twenty-five teams were invited to compete in the contests. Abilene, Merkel, Sweetwater, Roscoe, Snyder, and Odessa have made plans to attend, and several other teams are expected to take part.

# WE NEED GOOD USED CARS AND TRUCKS!

CHEVROLET DEALERS' USED CAR STOCKS WERE GREATLY REDUCED DURING NATIONAL USED CAR EXCHANGE WEEK

Now's the time to trade your car for a NEW CHEVROLET . . . Come in today and get our liberal offer

So great have been Chevrolet dealers' sales of used cars and trucks—so low is our supply of certain makes and models—that we need good used cars and trucks to balance our stocks. This means we are in an excellent position to talk "trade-in allowances" on the purchase of new Chevrolet passenger cars and trucks.

Come in—this week! . . . See the beautiful new Chevrolet for 1938—the car that is complete—and the new 1938 Chevrolet trucks—the thrift-carriers for the nation! . . . Learn how easily you can purchase a smart, new, modern-to-the-minute Chevrolet by letting us take your present car or truck in trade!

Awards will be made to individuals winning first, second, or third in each contest. The awards are tiny pins, gold plated metal going to first place winners, silver plated to seconds, and bronze plate to thirds.  
 Colorado's typing team consists of eight students and two alternates. Team members are those having the highest average on six tests taken to determine speed and accuracy. The eight team members were the top ranking typists of the eighteen typing students who took the tests. Listed by averages, highest first, the team is made up of Mary Price, Freddie Ruth Blackwell, Ruth McQuerry, Charles Hill, Harvey Cook, Anna Don Snively, Jack Womack, Henry Feaster, and alternates Clayton Henderson and Betty Jane Cook.  
 The shorthand team members are Frances Merle Cooper and Shirley Kiker.  
**FRESHMAN NEWS**  
 We didn't think the members of the Freshman class were such babies as to believe still in disappearances! Some seemed positive that one girl—just vanished, however!  
 As the Fish turn over another six weeks, they find only two more left. They are going to make the last count. Some have already guaranteed that there will be fewer failures and more students on the honor rolls, as a representation of the Freshman class!  
 Mary Price.  
**HOME MAKING NEWS**  
 Another week has rolled by, and more interesting work has been done in the home economics department. The first year foods class served a company breakfast Monday. Mr. Watson, Mr. Foster, Miss Yates, and Mr. Mason were guests. From what I hear, it must have been delightful! This week most of the first and second year girls have completed their dresses. Style reviews with class criticism proved helpful and most of the garments turned out nicely.  
 Nancy Price.  
**BAND NEWS**  
 Tuesday morning when the band met, Mr. Rose talked about going to the contest the 24th of April. It seems as if the members are very eager to go. The question came up about going to the contest and everyone said he would work hard so he would get to go.  
 Jimmie Harrison really has had some trouble with his drum. It seems to be "headless."  
 The band expects to start the "old drill" again in marching. It really is fun to march in the cool morning when the sun is shining.  
 There are to be band rehearsals on Wednesday and Friday evenings.  
 Frances Watson  
**TENNIS ENTRIES IN LEAGUE PLAY ANNOUNCED**  
 Elimination matches have been finished by both boys and girls in senior and junior singles. Ernest Smith will represent Colorado High in senior boys singles, while Jeannette Simpson will play senior girls singles. Clayton Henderson is winner in junior boys singles, with Harry Etta Landers junior girl representative. Bobbie Lou Cooper and Ann Axtell came out victorious in junior girls doubles. All of the winners have exhibited good form and excellent court strategy, and Colorado High expects her entries to bring back the bacon in tennis events of the approaching Interscholastic League Meet.  
 C. Slagle.

Come to your date early and leave early.  
 Always look your best.  
 Be polite to the girl as well as her parents.  
 I have noticed several girls reading this, so boys a hint to the wise is sufficient.  
 Ruth Hardison.  
**LA TERTULIA**  
 The third year Spanish club is continuing their study on "Zaragrietra" by Howland. They find this play very interesting.  
 The annual Spanish banquet will be held at the Colorado Hotel next Tuesday night. There will be a scavenger hunt before the banquet. Frances M. Cooper will be the only guest that will attend. She is to furnish some of the program. After the hunt and banquet it has been planned for the group to go to the show. The Spanish club hopes it to be a great success.

**AS DAYS COME AND GO WE WONDER WHY:**  
 Buzzy gets mad every time Seth has a date with Regal.  
 Doris was so dark under the eyes Monday morning. (Could James' catastrophe have had any effect on her?)  
 Theda Howell was wearing Hardison's "stick bug" Monday.  
**WE WONDER IF:**  
 Betty's going with Pete Sunday evening had anything to do with George's being absent on Monday morning.  
 The new nurses at the hospital had anything to do with Mary Aileen deciding she needed diversion.  
 Dook and Harry Etta are taking the path separately again.  
 Chic and Glen saw the "certain" girls they went to see in Fort Worth. Do Betty and Kass hope not?  
 A certain "Lefors" class ring has had anything to do with Freddie Blackwell remaining neutral.  
 Happy and Kasse Ann are as content as they appear to be.  
 Twid really went to Lubbock to see Mutt Hicks. Any other attractions, Twid?

**PUBLIC SPEAKING**  
 The public speaking class has been studying poetry the last week. All students memorized the poems of their choice. They were allowed to do this in order that they would be able to put their feeling into them and get more out of them than mere words. It was easy to tell the difference between those who memorized just for a grade and those who memorized because they enjoyed the poem and its meaning. There were all types of poems for the all types of personalities of the students; some were humorous and some were sincere. All of the students did nicely and showed much improvement since their first trial at this kind of work.  
 Marie Phillips.

**HOMEMAKING CLUB**  
 Thursday the Homemaking club assembled for an important meeting. Miss Cole, who presided as chairman in the absence of President Beulah Robinson, announced Irma Lee Lindstrom as the winner of the poem contest. Her prize will be a trip to Abilene where District 7 is going to conduct a radio program on March 30.  
 April 2 has been set as the date for our district's meeting, to which our Homemaking club will be hostess. The following committees have been appointed:  
 1. Program: Virginia Gurney, Betty Hodge, Nancy Price.  
 2. Hall hostesses: Billie Arnold, Mary E. Seth, Freddie Watson.

**HAS 93RD BIRTHDAY**  
 Mrs. W. J. Miller, one of Colorado's earliest residents, celebrated her 93rd birthday in El Paso Sunday. Her Colorado daughter, Mrs. Y. D. McMurry, has been with her since being summoned to her bedside several weeks ago. Mrs. Miller is said to be somewhat improved at this time.

**MRS. SEAMON HERE**  
 Mrs. Larry Seamon of Fort Worth is spending this week with her mother, Mrs. W. W. Hatcher, after having accompanied her brother, Lynn Hatcher, from Fort Worth to his home in Monahans Sunday. Lynn Hatcher had been in Ft. Worth for treatment of a broken ankle.

### PICKED UP ALONG THE NEWS PATH

It's "Grandpappy" John Baze at The Record office now. . . . We co-workers with the aforementioned shop foreman did our best to be original about this grandfather business, but there just doesn't seem to be any word for it but "Grandpaw" or "Grandpappy" so that's that. . . . After long and serious consideration of the matter, the force adopted the rule (in Grandpappy's absence, of course) that each Record employee who becomes a grandparent shall set up the coo. . . . Since grandparent-hood is, at the best, several years removed from the rest of us, it seems to be a dandy rule. . . . The little mite of humanity who is the innocent cause of all this is, of course, Jerry Joan Holman, daughter of Mr. and Mrs. Hayes Holman (La-Vada Baze) of Post. . . . Grandpappy admits, with becoming reluctance, that she is "a pretty nice looking kid." . . . He and Grandmammy Dora visited the Holmans and their daughter Sunday at the Lubbock hospital where Mrs. Holman and the baby are patients. . . .

When Attorney General McCraw and his two assistants were in Colorado Friday morning the Whipkeys—Abe, Fred, and Walter—learned that one of the assistants, Dick Holt, used to be a little chap that they knew well back in West, Texas. . . . Holt is assistant in charge of oil and gas matters in the attorney general's office. . . . In connection with Mr. McCraw's visit and the story The Record is carrying about his feeding a hand press while in the shop, Bill Turner of the shop fore's is right provoked because the story doesn't mention that he was the fellow who was running that press and was therefore the fellow who gave Mr. McCraw permission to try his hand at press feeding. . . . Bill figures that if Mr. McCraw should be elected governor, it might mean something someday to be able to prove his statement that a Texas governor once ran a job press for him. . . .

Adhering to my long-established practice of not detecting story errors until they're too far gone for correction, I noticed after The Record was already in print last week that a CIA news article, sent from Denton, credited Mabel Ratliff (Sitter) Major, Colorado senior at CIA, with a

"high B" average for the term just ended. . . . A few hours before I had seen a letter which Dean White of CIA had written to "Sitter's" parents, Mabel and Ed Majors, congratulating them on Mabel Ratliff's having made a "straight A" card and inviting them to attend a service honoring her and other honor students on last Thursday morning. . . . I understand that she made this high average while practicing teaching and otherwise carrying an unusually heavy course. . . . "Sitter" is, to my mind, a rare being—namely, a highly intelligent woman who has personal attractiveness and a sweetness of manner and disposition which so many intelligent women seem to lose somewhere in the struggle for intelligence. . . . Incidentally, that nickname didn't come to her because of laziness or anything like that—it's what sister Mary Frances said when she tried to say "sister" at their introduction soon after Mabel Ratliff's advent into the Majors home. . . .

Here-and-there-about town: Carl Blasig, chamber of commerce manager, picking up a bag of groceries at a local cash-and-carry concern and starting to walk out, absent-mindedly, without leaving a check. . . . But he didn't get by with it—you seldom ever do in Safeway. . . . Wonder how Mrs. A. E. McClain, wife of the R. & R. manager, can always look so clean and neat and stylish, even in her favorite sport clothes. . . . A good way to get the town together—blow a locomotive whistle loud and long and hard. . . . At least it worked last Saturday noon, when the whistle of a switching locomotive in the yards here got hung. . . . So many though if the distress whistle at the refinery. . . .

Returning last week from a visit in Oklahoma City, Mrs. C. L. Root reports Bill and Maxine Hamburg and their young son planning to build a new home in the near future. . . . From the 54-year-old column of the Georgetown Sun we note: "T. S. Snyder left on Monday for a trip to his ranch in Mitchell county. . . . A letter received by Mrs. Jerold Rfordan from a Colorado pioneer, Mrs. John Moor, now living in Atlanta, tells of the acclaim being won by Mrs. Moor's violinist nephew, Jaime de la Fuente, who is being coached

by the noted violin teacher, Albert Spalding of New York, for his debut soon in New York. . . . Mr. Moor used to operate Colorado's most pretentious livery stables in the horse-and-buggy days. . . .

Freezing weather, accompanied by mist and sleet, swooped down on Colorado a year ago the early part of this week. . . . Remember when Marion Elliott, a tall, handsome youth with particularly nice hair, clerked in a local variety store during his summer vacation: from college? Now he's coming back here as Dr. Elliott, possessor of three degrees and almost a fourth, to preach for the pre-Easter revival at First Presbyterian church. . . . He started all this learning in Colorado when the Tommy Dawes home was a schoolhouse. . . . And the late Miss Manic Riordan was his first teacher. . . .

Did you see that picture of Loyse Jenkins in the Fort Worth Star-Telegram Wednesday? Loyse who's half of the "Jenkins Twins," you know, is now a hostess with Braniff Airways, as is the other twin half, Louise. . . . Loyse was shown in a picture with Braniff Airways officials as that famous company opened a new route through Fort Worth. . . . She looked in the picture, as if she's just as cute as I thought she'd be in the uniform of an air hostess. . . . I never saw a Braniff hostess, but I understand the uniforms are gray and red. . . . Louise and Loyse are daughters of Mr. and Mrs. Leon Jenkins of Colorado. . . .

### COLORADO BAPTISTS IN SNYDER AT ANNUAL MEET OF DISTRICT WORKERS

Headed by the Rev. and Mrs. T. A. Patterson and other church leaders, a number of Colorado Baptists are in Snyder, today (Thursday) to attend opening sessions of the annual convention of District 8 of the Texas Baptist convention. . . .

The district includes the Lamesa, the Mitchell-Scurry, and the Big Spring associations. . . .

The convention opened Thursday morning at 9:45 with a general meeting and Sunday school session. The Rev. Mr. Patterson delivered the convention sermon just before noon. . . .

Women and men are holding separate sessions this (Thursday) afternoon, the women meeting in W.M.U. organization and the men in Brotherhood organization. . . .

Mrs. Patterson, district leader for young people, is to preside at the Thursday evening session. She is presenting an original missionary pageant, "Send Me," using young people of Colorado, Roscoe, Lorraine and Westbrook. . . .

Various countries in which Southern Baptist do missionary work are to be represented in costume as follows: Jugo Slavia, Dorothy Nell Pugh; Roumania, Jan Lee; Italy, Margaret Smoot; Africa, LeRoy Thompson; Mexico, Charles Phoenix; Uruguay, Weldon Miles; Spain, Jimena Taylor of Westbrook; Chile, Evelyn Norton of Lorraine; Hungary, Hazel Farris; Palestine, Virgil Pickens; Syria, Ewel Dearen; Argentina, Meta Hudson; U. S. A., Luline Miles; China, Frances Merle Cooper; Japan, Lucille Goode; Brazil, Johnny Lou Callison. Edwin Pickens is to play the main part, that of an R. A. boy. Jack Smith is to be reader, and Ava Turner of Roscoe is to be pianist. . . .

An address by Dr. H. H. Muirhead, returned missionary from South America, will be featured in the evening program. . . .

Other outstanding denominational leaders slated to speak during the two-day program are: Dr. R. C. Campbell, Dallas, state executive secretary; Dr. T. C. Gardner, Dallas, state Baptist Training Union secretary; G. C. Hopkins, Dallas, state Sunday School secretary; Dr. Thomas H. Taylor, Brownwood, president of Howard Payne College. . . .

The Friday morning session will be devoted to B. T. U. work. . . .

### DEMONSTRATION CAR TO BE DISPLAYED LOCALLY

The Fairbanks-Morse dealer demonstration car will visit Kirschbaum department store arriving in Colorado probably Wednesday afternoon for an indefinite stay. M. L. Kirschbaum states that they will be able to keep this demonstration car for probably thirty days and work this immediate territory. He will be able to drive this car right up to the farmers' house and show him the various products of Fairbanks-Morse. . . .

This demonstration car is 26 feet long and is one of the most modern display cars on the road today. It has sound equipment and is also fitted for moving pictures, and is furnished with luxurious chairs and lounge. This display car is completely air conditioned. The display will consist of Fairbanks-Morse Conservador refrigerators in three models, radios, washing machines, electric irons, water systems, and a hot water and room cooler unit. It has its own power plant and light equipment. Refrigerators and radios can be demonstrated. . . . Mr. Kirschbaum states that they will serve ice cream to all who call to inspect these products, made right before your eyes in the Fairbanks-Morse refrigerator. . . . Mr. Albro, factory representative,

He's head and shoulders above mere "oil-changers" . . . because

## ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

Does Spring begin on March 20th? . . . or on the 21st? "Begin it today!" pleads your engine. "Bleed out my winter-poisoned oil. But this Spring help me with more than an oil-change. Change to Your Mileage Merchant! And that's changing to Conoco Germ Processed oil—the only way to change me into an OIL-PLATED engine."

You want this modern exclusive OIL-PLATING because especially in Summer your steady driving demands more than the plain old type of oil-film that slithers OFF the working parts like drops of

quicksilver. Exactly the opposite is achieved by the Germ Process—patented. It makes droplets of oil act like a billion tiny suction cups, powerfully attracted and OIL-PLATED to every working surface. . . . Never draining down, never inviting friction, no matter how many thousands of starts and thousands of miles you make all Spring and Summer. And you'll notice Germ Processed oil sticking so close to "Full"—even in older cars—that you'll want to be sticking to Your Mileage Merchant. Continental Oil Company

### Keeping Up With Mitchell Girls At TSCW

By Nina Laura Smith  
"The wander-thirst is on me and my soul is in Cathay"—so might run the thoughts of girls at T.S.C.W. Laura McKenney seems to have begun the outward bound trek by going to Waco for the week-end. Then off goes Edna Earle Cox to Dallas. The same week-end Erna Lou Merrill and Elizabeth went on a shopping tour to Ft. Worth and the next day Mable Majors went over to see some friend, but she did not expect to see the number of Coloradans that she saw. Ft. Worth also attracted Frances Jones, who got a brief vacation from classes on Friday. . . .

Francis had as her guest for the week-end Miss Bock, from the University of Texas, her former roommate. Miss Jones is also appearing in one of the student recitals of the music department, playing a piano solo. . . .

Events on the campus have included a performance of "Is Life Worth Living?" by the college Little Theater and a lecture by Mrs. Ruth Bryan Owen Rohde, former minister to Denmark. . . . Edna Earle Cox pulled a fast one on the rest of the Mitchell county girls when she managed an invitation to the dress rehearsal of the Little Theater play. She did not want her week-end jaunt to interfere. Incidentally her head is still the same size even though she has done something that few outsiders have. . . .

After all the strange varieties of weather at T.S.C.W. had their fling, it now looks as if spring is here to stay. The famous redbud trees of the campus are in full bloom and even the frogs in the ponds are croaking and Mr. Kirschbaum extend a cordial invitation to the public to inspect the Fairbanks-Morse refrigerator together with the other equipment in this car. It will be worthwhile to visit this display from an educational standpoint. . . .

with joy. In the morning the pleasant odor that greets one is of newly mown grass wet with dew—fine for white shoes. . . .

The last assembly was devoted to those who had won scholastic honors for the first semester. Mabel Majors, who made all A's, occupied one of eight chairs on the stage and was presented to the student body in recognition of her achievement. . . .

An apology is due to Mr. and Mrs. Stewart Cooper of Pecos. In mentioning their daughter, Mabel Earnest, the parent's names were omitted through negligence. Colorado still likes to claim Mabel as its own. Why are Erna Lou Merrill and Elizabeth Taylor seldom at home on Saturday and Sunday nights? . . .

### DICK MERRILL HAS 17 YEARS AVIATION WORK

Captain Dick Merrill, the only man in history to complete two round trip flights across the Atlantic, became interested in aviation during the World War. In 1917, at the outbreak of the World War, Merrill enlisted in the United States Navy, and was assigned to the aviation branch stationed at Pensacola, Florida. Five weeks later he was ordered to France and stationed at Dunkirk. . . .

To Merrill's disappointment his duties in France were confined to ground work. Although many aviation groups, which had enlisted after his group, were trained to fly, Merrill's group was not trained. He returned to the United States from France in December, 1918, and it was not until two years later that Merrill made his first solo flight. . . .

However, since 1928, Merrill's career as an aviator has been spectacular. He has successfully crossed the Atlantic ocean four times within one year. And he holds the world's record for the fastest two-way jour-

ney ever completed, his round-trip flight being made in less than five days. . . .

Captain Merrill says that Quaker Oats is a great breakfast to brace you up for a strenuous job ahead. It has been his favorite for years. . . .

### SHE STARTED HERE, IS NOW YOUNGEST IN OHS

A girl who started school in Colorado is now the youngest student in Odessa High school at only 12 years of age, according to the following item from "The Odesian": . . .

"The youngest student in Odessa High school is only 12 years old. Her name is Iottis Sanders, and she has been double promoted one from the third grade to the fifth grade. Entering school at the age of 6 years in Colorado, she is now in her first year in high school. . . . Her birthday is June 14. She will

be 13 years old after school is out." Lottie is the daughter of Mr. and Mrs. W. L. Sanders, who formerly lived here. Mrs. Sanders was Lawsie Dobbs before her marriage. . . .

### THREE FROM HERE ON HONOR ROLL AT TECH

Three young people from Colorado are listed on the fall semester honor roll of Texas Technological college at Lubbock. . . .

They are Betsy Lee, daughter of Mr. and Mrs. Fielding E. Lee, with an average grade of A; Rilla Catherine Payne, daughter of Mr. and Mrs. J. I. Payne, with an average grade of A; and Milton Bodzin, son of Mr. and Mrs. D. S. Bodzin, with an average grade of B. . . .

The song "Dixie" was composed in 1859 and used by the Confederates as a war song. . . .

**"QUAKER OATS is a Great Breakfast,"**  
says **DICK MERRILL, Trans-Atlantic Ocean Flyer,**  
who holds the All-Time Record for two successful Atlantic Round-Trips!

● You can't beat a Quaker Oats breakfast for that warm, friendly lift on a cold, cheerless morning. . . . It's rich in food-energy, rich in flavor, and costs only 1/2 cent per portion. . . . Besides, Quaker Oats is abundant in Nature's Vitamin B—the precious vitamin that doctors say you should have daily to combat nervousness and poor appetite! Give youngsters this Breakfast of Great Americans. Rich in food energy, Rich in flavor! The one and only Quaker Oats!

**SEVEN WELLS, PAYNE, LOWE**

**4-H CLUB NEWS**  
Thursday, March 10, Miss Crippen came out to Seven Wells. The two girls that had made their house coats showed them to Miss Crippen and she said they would have to take out some of their seams and do them over.

The meeting was called to order and we all said our verse and then went out and played a few games. Then we came back in and Miss Crippen examined our sewing boxes to see if we had everything needed. The way to build a brooder house was explained. Feeders and waterers were explained—how to build or what kind to buy. Miss Crippen suggested that we have our chickens separated from other chickens or mark them somehow and to feed them the right kind of food.

Our next meeting will be Thursday, March 24, with our sponsor Mrs. Ruth Powell.

**IT'S A BIG BONEY FOR MIGHTY LITTLE MONEY!**

ASK your friends, ask your neighbors, what they think of this '38 Buick, and they'll give it to you quick in six little words:

"It's a honey for the money!"

That's praise all right—but praise that still doesn't do this great car full justice!

For here's a traveler that would be a buy even if you had to pay a premium to get it!

It's a car with power like no other. Power literally born of the hurricane—power that makes gasoline deliver more—power that's smooth, willing, brilliant.

Here's a car, too, with an utterly different kind of ride. A ride that gentles every jar and jolt. A ride that's safer in nasty going, that gives sureness to control, that cuts down upkeep and makes rear tires last longer.

And here's a car that in addition sparkles with features as a Christmas tree sparkles with ornaments.

New quiet, from "silent zone" body mounding. New comfort, from deep, broad comfort-angled seats. New pride of possession, from style hailed as the smartest of the year.

Yet big and satisfying as this beautiful Buick is, a little money buys it! No more than you'll pay for some sixes. Less than for any other eight of its size.

So there's no longer any reason for not stepping up to the kind of car you've always wanted.

Go now and get the details from the nearest Buick dealer—see the car that folks just won't do without.

**BUICK SALES VOLUME SAID TO BE CLIMBING**

FLINT, Mich.—Buick dealers in the United States are doing a greater volume of both new and used car business than they did at this time a year ago, with February sales showing a consistent increase both over last year and over the preceding month, according to figures released today by W. F. Hufstader, general sales manager.

Domestic retail deliveries of Buick motor cars during the second 10 days of February totaled 3,169 units, Mr. Hufstader said, comparing with 2,860 in the previous 10 days and with 1,518 in the corresponding period a year ago. For the first 20 days of February, Buick's new car sales aggregated 6,029 against 5,620 in the first 20 days of January and 3,309 in the corresponding period of February a year ago.

The executive said that this volume indicates Buick will have experienced this year the best February since 1928. At the same time, he said, Buick continues to hold its high ranking in registrations in the country's major markets, holding fourth place in national registrations and attaining an even higher rating in New York, Chicago, Detroit, Portland, Ore., and a number of other large cities.

"This make of car not only dominates its price class, which includes all makes over the lowest priced groups, but is obtaining the largest share of the total automobile market in its history," he said.

He added that Buick dealers are in sound position with respect to used cars, stocks on hand being the lowest, in relation to the rate of turnover, they have been in the past four years.

Used car sales by Buick dealers during the second 10 days of February were 8,304 units, he said, comparing with 8,133 in the previous 10 days and with 8,647 in the corresponding period of February a year ago. During the first 20 days of February, Buick dealers sold 16,437 used cars compared with 14,302 in the like January period and with 15,033 in the first 20 days of February a year ago.

**NEW BUICKS SELLING ABOVE 1937 FIGURES**

FLINT, Mich.—Buick has registered 56,535 new cars in the United States since the announcement of the new models last October, compared with 56,123 cars registered in the corresponding period a year ago, according to figures made public by W. F. Hufstader, general sales manager.

While Buick has shown an increase over the new model sales performance of a year ago, Mr. Hufstader pointed out that this make has at the same time outsold all other makes of straight-eight automobiles and has equalled more than 64 per cent of the sales of all other cars priced at \$1,000 and over.

The 56,535 Buick registrations for October, November and December of last year and available registrations for January of this year compare with 38,364 registrations by nine other makes of eight cylinder automobiles and with 87,045 registrations by all makes of cars retailing at \$1,000 and over, Mr. Hufstader said.

The Westbrook Parent-Teachers Association met at the high school last Thursday with about sixty present. This is the largest attendance we have ever had. This fact, coupled with the obvious increase in interest is evidence that next year promises to be the best year in our history. We appreciate the interest that is being shown by the mothers of the community, and especially do we appreciate the attendance and interest of those mothers who come from other communities.

Mrs. Van Boston was appointed to investigate the possibilities of a summer round-up. It was decided to have an Amateur Hour the first of April and make a charge for same in

order to raise money to send the delegates to the district meeting in Del Rio. The following officers were elected for the coming year: Mrs. Jeff A. Jones, president; Mrs. Fred Eikenburg, vice-president; Miss Anna Speights, secretary; Mrs. Lee Coleman, treasurer; Mrs. I. D. Lauderdale, program chairman; Mrs. Foy Castleman, membership chairman; Mrs. Jack Hamilton, finance and budget.

After a very interesting discussion on "Education for Spiritual Values," by Mrs. Donelson, a salad course and coffee were served in the cafeteria.

The hostesses were Mrs. A. G. Anderson, Mrs. O. D. Huff, Mrs. Foy Castleman, Mrs. Luther Gilliam, Mrs. R. L. Terry, Mrs. Bob Bible, with the

able assistance of Mrs. R. G. Crouch and Mrs. I. D. Lauderdale.

The study group will meet in the home of Mrs. Van Boston, March 24th. Mrs. W. E. Donelson will lead the lesson on "The Family and Habits of Work."

Armstrong, Mr. and Mrs. Vance Armstrong, Mrs. Myron Fairchild and children, Mrs. Daltonaway and children.

### MY HOME

This house in which I dwell  
It's growing old I know well,  
It's my old, old slanting,  
I bought it from my auntie.

With the windows broken  
When it rains I get a soaking,  
The rooms are most bare  
But it's home sweet home, why  
should I care?

### THE PRETTY ROSE

The beautiful roses are in bloom  
Now the birds will come back soon.  
But when the roses are dying,  
The birds will quit flying,  
For they have flown back to the  
South.

But when the rose is in bloom  
They will come back soon,  
And happy are we  
To see the birds singing in the trees.

### VOCATIONAL AGRICULTURE

Friday, March 11, the Westbrook Future Farmers went to the Fort Worth Fat Stock Show. There were thirty-four boys who went. Also their teacher, Mr. C. V. Cox, Mrs. Cox and Claude Bradford, Mr. and Mrs. Rudolph Conaway and baby, and the F.F.A. sweetheart, Miss Elizabeth Young. They left Westbrook at 9:30 a.m. on the Dodge school bus.

The group went to Fort Worth by way of Ranger and Stephenville. They went to Cleco lake and ate their lunch at about 1:30. (Some of them were really ready for it.)

After eating part of the group went through the dam. Leslie Bassenger and Rufus Jackson rode for a little while in a boat and then everyone went back to the bus where several pictures were taken. Everyone then got in the bus and went to where the zoo was, then after seeing the zoo, left at about 2:30.

When they got to Stephenville Mr. and Mrs. Cox left their baby. After a drive around by the college we went on our way to Fort Worth. Upon reaching Fort Worth at about 7:30 where we were to spend the night, Mr. and Mrs. Conaway, Elizabeth Young, Mrs. Cox, and Billie Waters spent the night with relatives, and the rest slept near a small creek just south of the stock pens. Saturday morning the meat judging team judged in the packing houses. They haven't heard yet whether or not they placed. At 12:30 p.m. some of the boys, their teacher, Mrs. Cox, and Elizabeth went through Swift's packing house. After that they all went to the rodeo. That night some of the boys went to the picture show and the carnival. Others wandered around town.

Sunday morning after waiting a good while on Billie Waters and Leslie Bassenger they left the stock show grounds at 8 o'clock. Mrs. Cox went by bus to Stephenville Saturday evening, while the bus went back by way of Mineral Wells and Breckenridge. Miss Alta Lee Owens of Fort Worth, former resident and student of Westbrook, came home with her sister, Mrs. Conaway. When they reached Mineral Wells, some of them went into the Crazy Hotel, and drank some Mineral water. They were leaving when they saw two Colorado boys so they stopped and picked them up. They stopped at "Lover's Retreat" between Mineral Wells and Breckenridge, and took some pictures. Five of the boys went swimming and Elizabeth and Chester went wading. Chester dropped both of his shoes into the water. They ate lunch in Breckenridge and after another stop or two we reached Westbrook.

It can be said that this must be a pretty good old place because Saturday night Arthur May woke up and called his mother.

### SPORTS NEWS

It seems good to have some sports news to put in again, for the spring sports news is just starting. Tennis tryouts were held last week. The winners were Senior girls singles, Oleta Dockery; Senior girls doubles, June Shelton and Marjorie Hardcastle; Senior boys singles, Ray Moody; Junior boys singles, Van Boston; Junior boys doubles, Gerald Anderson and Jack Hamilton; Junior girls singles, Ruby Joe Fortune; and Junior girls doubles, Mary McKenney and Geraldine Eikenberg.

The Senior boys doubles has not finished being played off yet, but the boys in the finals are Billie Waters and Leecroy Clifton, and M. L. Cope and J. K. Bolin.

The senior girls volley ball teams have games both Tuesday and Wednesday nights of this week. They go to Pylon and Highland and to a tournament at Roscoe Saturday.

The boys are to attend an invitation track meet at Coahoma Friday and Saturday.

### OUT OF OUR NEWS BOX

John Turner is asked to please stop gazing at the girls. One certain one of them doesn't like it.

### SOPHOMORE REPORT

The latest news of the week: James Skelton was seen standing by a freshman girls desk and saying some-

thing. If you want to know anything else you will have to ask James.

The Algebra I class is getting into some problems they can work a little better. Maybe we can catch up on our notebooks now.

In world history, Mr. Hood says we are very annoying so he just gives us a lesson, and then makes us outline the lesson. Mr. Hood, why have it in for the sophomores. I know that it is not because we don't know our lessons.

In English we have been studying participles and infinitives, but the sophomores knew just as much about them before as they did after we started studying them. Ask some of the seniors if they like to help the sophs with their English.

Just fun: Rena seems to like to get stuck with a pen from the way she laughs.

John Bob likes for Jennie to slap him.

Choppie Reese is still undecided about his girl.

### SENIOR NEWS

Elizabeth Young, F.F.A. sweetheart, accompanied the F.F.A. boys to the Fat Stock show over the week-end.

Billy Waters who has been very ill, is now able to be back in school.

Catherine McKenney and Fionelle Davis won first and second places in the High School spelling contest.

Ethel Hoosier of Big Spring visited school Friday with Meiba Harris and spent the week-end with her.

The seniors were entertained by a party at Mr. I. D. Lauderdale's home Monday night. Those attending enjoyed a pleasant evening.

The Standard Tudor Sedan

The Ford effort to make your dollars buy a constantly better car is well illustrated in the Standard Ford V-8.

It has all the basic Ford advantages. It is built on the same chassis as the De Luxe Ford V-8. It gives you a choice of smooth 85-horsepower or 60-horsepower V-8 engines. But it sells at low prices, and includes bumpers, spare tire, cigar lighter, twin horns and other equip-

ment that make it a still bigger bargain.

With the thrifty 60-horsepower engine, the Standard Ford V-8 is priced especially low and gives the greatest gas mileage in Ford history. Hundreds of owners report averages of 22 to 27 miles a gallon—or even more.

Your pocketbook will approve of the Standard Ford in every way. And so will you when you drive it!

### SENIOR PARTY

The seniors of '38 were entertained with a Saint Patrick's day party at the home of Supt. and Mrs. Lauderdale, Monday night. Introducing a new game, "Cootie," to our parties, the party was a big success. After games of "Cootie" several other games were played and each winner added to his or her score. The final winners were Lena Lee Bird, and Billie Waters. They each received nice prizes.

After an evening of fun the following guests were served: Clarence Moore, J. K. Bolin, M. L. Cope, Leecroy Clifton, Billy Waters, Mr. R. G. Crouch, Chester Anderson and the host, Mr. Lauderdale; girls, Miss Anna Speights, Lena Lee Bird, Juanita Ruddick, Dorothy Taylor, Catherine McKenney, Elizabeth Young, and the hostess, Mrs. Lauderdale. The refreshments consisted of sandwiches, Jello salad, martini, cake and lemonade, all arranged in a Saint Patrick's fashion. Everyone present enjoyed himself very much.

This news concerns both the juniors and the seniors, both had a very prominent part. The junior class feeling very good after play practice Monday night decided to go to the home where the seniors were having a class party. The juniors walk bravely up into the yard and give fifteen raps for the juniors! After the party was over, and the crowd of juniors almost broken up, the seniors were ready for "something to do after the party, and vengeance on the juniors." Some of the juniors were still running around so the seniors decided, or must have, that we, the juniors, would be a good bunch to have a good time with. So over one little flat tire, and the air leaking out of several others, the juniors and seniors had a good natured "free for all" with fists and water under the Magnolia station and main street. The juniors were just a little stiff, I guess, the next morning, but had a very good time and think that the seniors were fair and square, and we mean it. Say, why in the world are we trying to get on the good side of them. Well, anyway, I make a mo-

tion that the juniors and seniors have a party together, maybe skating, and a show. That's just the way that some of us feel. How about the rest of you?

By Mrs. Ellis Grant  
"Storage Space Needed in My Kitchen" was briefly discussed by each member of the Carr-Iatan Home Demonstration club when the club met with Mrs. Tom Grant as hostess at the home of Mrs. Ellis Grant.

Miss Vara Crippen, county home demonstration agent, discussed "Storage in the Kitchen."

Refreshments were served to Mesdames J. Lee Coleman, R. M. Jones, Tom Jackson, T. L. McKenney, Hall, Bob Anderson, Tom Grant, Ellis Grant, and L. D. Walden, the last-named being a visitor. The club is meeting March 17 with Mrs. Hall.

ATTEND STOCK SHOW  
Mrs. J. M. Doss and Mrs. Chester Jones left Friday afternoon to spend the week-end at the Fort Worth Fat Stock show. They were accompanied as far as Stephenville by Mrs. C. A. Wilkins and Sonny. In Stephenville they were joined by Jesse Jones, student in John Tarleton, who went on to the show with them.
