

### Feuding Element To Add Zest To Friday Game With Loraine

**Wolves Will Enter Second Conference Tilt With Cox At Quarter, Ballard At End**

The feuding element which has always marked athletic contests between Colorado City and Loraine will add interest to the district 6-A grid battle between the Wolves and the Loraine Bulldogs on Cantrill field Friday night. The game will be called at 8 o'clock.

It will be the Wolves' second conference game. They defeated Merkel's Badgers 12-0 last Friday night. The game will mark the third conference encounter for the Loraine team. They tied Toby two weeks ago and lost last week to Snyder's Tigers, 48-0.

Coach Jack Christian of the Wolves plans to make further lineup changes for the Loraine game. Burl Ballard, who has been playing quarterback, will be shifted to end position while Junior Cox, formerly at end, will be moved to quarterback. Ballard was out of last week's game.

Paul Boyd Hunter will be back in the starting lineup at tackle after having played as substitute last week. Sam Majors, Jr., is slated to start at guard, but if he does not his place will be filled by Louis Bodzin.

### Mitchell Grains And Feedstuffs Exhibited At The Dallas Fair

An exhibit of Mitchell county grain sorghums and feedstuffs has been arranged at the State fair in Dallas by Joe C. Williams, county agent.

In the exhibit, Williams has displayed white kafir from the W. T. Brooks farm, red kafir from the Albert Erwin farm, white maize from the Lee Strain farm, heart from the Ed Strain farm, and cane from the Marion Hamrick farm.

Williams and his wife spent the latter part of last week in Dallas arranging the exhibit in the fair's agricultural building.

### Legion Bodies Are Making Plans For Armistice Events

Armistice observance plans of the Oran C. Hooker post, American Legion, and the legion auxiliary were launched at meetings of the two bodies Tuesday night.

Committees were appointed to arrange for the reveille and breakfast with which Legionnaires will open the day and for the bean feed with which they and the Legion women will close the day.

### Philco Speaking System Used At Grid Games Here

Loudspeaking equipment supplied by the Philco company was used at the game with Merkel last Friday night and will be used again at the Loraine game this Friday night.

Use of the system on the car on which it is mounted is through courtesy of J. Riordan & Co., local Philco dealer.

### Eugene Haley Is Featured On Lion Luncheon Program

A humorous lecture by Eugene Haley on "Psychology For the Business Man" featured the Lions club program Friday.

The club is running an attendance contest which began three weeks ago and is to run for 32 weeks.

Guests introduced were Joe Pond of Big Spring and R. M. Halstead of Austin.

### Show Room Leased For Buick Cars

Show room of the Richardson Motor company on the east hill has been leased for the exhibition of Buick cars.

W. C. Davis, who is local representative of the Jack Carter Buick agency of Odessa, has charge of the show room.

### Westbrook-Forsan Six-Man Game Here Saturday Night

**Championship Of District At Stake In 'Revenge' Battle**

With their championship hopes at stake, Bill Pletcher's Westbrook Wildcats will battle the Forsan Buffaloes in Colorado City's second six-man football game on Cantrill field Saturday night at 8 o'clock.

The Buffaloes are now leading in the over-100-enrollment division of district 12, having lost no games. The Wildcats are in second place, having lost but one game and that one to the Buffaloes, 22-7, early in the season.

Wildcat fans point out that the Westbrook team has grown considerably stronger since they last met the Buffaloes. The Wildcats will be out for revenge, both for the defeat they received from Forsan early this year and for the walloping they took last year.

A victory for the Buffaloes here Saturday night will clinch the district championship for them. A victory for the Wildcats will tie the two teams, making another playoff necessary.

Coach Pletcher believes his Wildcats have "a good chance" to win if his star backfield, Junior Oglesby, can be back in the game by then, and a "fair" chance if he can't. Oglesby was injured in practice early this week.

### Mrs. Bernice King Made Nurses' Superintendent At C. L. Root Hospital

Return of Mrs. Bernice King, the former Dorothy Carter, to the staff of the C. L. Root Memorial hospital and her appointment as superintendent of nurses was announced this week by Charles Root, manager.

Mrs. King was in charge of surgery at the hospital before her marriage a few months ago. She and Mr. King returned from Abilene last week and are now living here.

### Brother-in-Law Is Killed In Wreck

Neta Mae Davis and her sister, Mary Dell Davis, who came here recently from Stanton to live, received word Monday that Rev. Clayton Martin, husband of the latter's twin sister, had been killed instantly in an automobile wreck at Statesboro, Ga.

No further word had been received Wednesday afternoon, and the two sisters do not know whether their sister, the former Fannie Belle Davis of Stanton, was with her husband at the time of the wreck or not.

Rev. Mr. Martin leaves Mrs. Martin and an 8-month-old daughter in addition to two sons by a previous marriage.

### Peach Blossoms At Goss Home In October

With mid-October in sight, there are peach blossoms in the yard of the T. J. Goss, Sr., home.

Goss has a peach tree which has been blooming in spring and again in September for the past few seasons, but this is the first time it has ever bloomed as late as the second week in October.

### Applications For 1939 Soil Conservation Checks Started As Parity Payments Near Finish

Applications for 1939 soil conservation payments were being filled out in the Mitchell county AAA office this week as 1939 parity payments in the county neared completion.

Only 39 checks, representing approximately \$6,000, are still to be received in the parity payment division, according to information received at the office. To date 1,930 parity payment checks amounting to \$149,663.78 have been delivered in the county.

The soil conservation payment for the county under the 1939 program will total approximately 50% more than the parity payment total, according to estimates. This would make the soil conservation total around \$225,000.

### Advance Plans For Annual CC Banquet Are Set In Motion

**Gerald C. Mann Again Invited To Address Gathering; Seven Directors Retiring**

Advance plans for the annual banquet of the Colorado City chamber of commerce, now rounding out one of its most active years, have been set into motion.

The banquet will be held during the first two weeks of December, the date to be determined by the convenience of Attorney General Gerald C. Mann, who has been invited to be the main speaker.

Mr. Mann was scheduled to address the banquet last year but was prevented from attending at the last moment by the illness of a friend who later died.

Directors have voted that the seven outgoing directors shall act as a committee to nominate 21 members from whom their seven successors will be elected. The seven whose terms are expiring are Dr. W. S. Rhoads, P. K. Mackey, Lee Carter, Bob Fee, Truett Barber, A. E. McClain, and Wm. Brookover.

### Final Rites Held For Mrs. O'Keefe, Who Died Suddenly

Final rites are being held at the Marcus Gap Methodist church near Comanche this (Thursday) afternoon at 3 p.m. for Mrs. Alice Belle O'Keefe, 49, wife of J. C. O'Keefe of near Coahoma.

Mrs. O'Keefe died at her home at 5:45 Wednesday morning after an illness of only 1 1/2 days. Death was attributed to a heart attack. The O'Keefes lived in Colorado City for four years, moving to the oil field near Coahoma last May. Mrs. O'Keefe belonged to the Colorado City Methodist church.

Born July 25, 1890 in Texas, Mrs. O'Keefe's marriage took place in Comanche county 28 years ago. The family lived in Comanche county and Cross Plains before coming to Colorado City.

Survivors in addition to Mr. O'Keefe are a daughter, Mildred O'Keefe of the home; the father, J. H. Dupree of Zephyr, Texas; six brothers and a sister. Three O'Keefe children are dead.

The body was carried overland to the Marcus Gap in a Payland ambulance. Payland Funeral service had charge of arrangements.

### Baptists Attend Fluvanna Meeting

A group of local Baptists went to Fluvanna for the monthly workers' conference of the Mitchell-Scurry Baptist association Tuesday.

Going from here were Rev. and Mrs. T. A. Patterson, Rev. F. E. Swanner, Mr. and Mrs. Fred Whipkey, J. T. Daughtrey, Mrs. Ray Richardson, Mrs. A. L. Whipkey, and Violet Mooser.

The next conference will be held a week early, on Tuesday, Nov. 7, at Westbrook.

### Half-Sister of Col. C. M. Adams Succumbs

Col. C. M. Adams received word during the week-end of the death of a half-sister, Mrs. Mary Adams Taylor, 59, in Los Angeles, Calif.

Mrs. Taylor was at one time a society reporter for The Dallas News, following in the footsteps of her mother, Mrs. Ora Adams, who was society editor of The News for many years after leaving Colorado City on the death of her husband, who was Col. Adams' father.

### Attendance At 'Play Night' Is Increasing

Attendance at the second business men's play night sponsored at the junior high school auditorium each Tuesday evening was twice as great this week as it was last week, according to Truett Fulcher, city recreational director.

Twenty-five took part in the two hours of recreation Tuesday night. A number of volley ball games were played. Hours are from 7 until 9 o'clock.

### Drive For Scout Budget Set For October 18, 19

**Quota For Colorado District Is \$700 This Year**

Drive for the 1940 budget of the Colorado City Boy Scout district will be made Wednesday and Thursday, Oct. 18 and 19, according to Clarence Cook, district finance chairman.

Cook plans a meeting of interested business men in his office Monday morning at 10 o'clock to discuss plans for the drive.

Quota for the district is \$700, slightly above that of last year, Cook says.

### Presbyterians To Launch One-Week Revival Sunday

**Rev. J. J. Mueller To Preach For Services Which Will Be Held Each Evening**

A one-week series of meetings is to be launched at First Presbyterian church with the Sunday morning service.

Services will be held once daily, at 7:30 p.m., all during the week. The meeting will come to a close Sunday night, Oct. 22.

Preaching will be in charge of Rev. John J. Mueller, pastor of the church. An evangelistic theme will be followed.

Song services and music will be in charge of Thos. Dawes.

Organized personal work among both men and women of the church will be emphasized during the revival, according to plans. Personal contact work will be discussed at a meeting of men and women church leaders on Sunday afternoon.

### Funeral Thursday For Mrs. Webb, 78, Of Near Westbrook

Funeral services for Mrs. Julia Adeline Webb, 78, who died at the home of a son, Harvey Webb, south of Westbrook in Mitchell county at 3 a.m. Wednesday, are being held from the Baptist church at Crisp, Texas, at 3 p.m. Thursday afternoon (today).

Mrs. Webb had been ill for about six weeks. She had lived in Mitchell county for 10 years. Born in Florida on March 14, 1861, she came to Texas as a bride with her husband, the late J. A. Webb, and settled at Crisp, near Ennis. Mr. Webb died in 1918.

Survivors are: Three sons—Harvey of Westbrook, W. R. of Jordantown, and J. W. of Lake Arthur, N. M.; six daughters—Mrs. W. B. Winters of Jordantown, Mrs. John H. Dean of Longview, Mrs. Emma Bradbury of Wilmington, Calif., Mrs. H. C. Noel, Mrs. R. S. Westfall and Mrs. Fred Finley, all of Ennis. There are 33 grandchildren and 14 great-grandchildren.

The body was carried overland to Crisp in a Payland ambulance. Payland Funeral Service has charge of arrangements.

### Attendance At 'Play Night' Is Increasing

Attendance at the second business men's play night sponsored at the junior high school auditorium each Tuesday evening was twice as great this week as it was last week, according to Truett Fulcher, city recreational director.

### Sale Of Stock In Recreational Lake Due To Start Soon

**Proposition Made By C. C. Thompsons Is Approved; Details To Be Worked Out**

Sale of stock in a recreational lake corporation for Colorado City is to begin as soon as a definite contract can be worked out between the lake committee of the chamber of commerce and Mr. and Mrs. Chas. C. Thompson, owners of the desired site, it was announced this week by H. B. Spence, manager of the chamber of commerce.

A plan has been worked out whereby stock, which will sell for \$100 a share, can be paid for in 12 monthly payments drawing 5% interest, according to a committee report made to chamber of commerce directors by Dr. R. D. Bridgford. Stock will be negotiable and profit-sharing.

Chamber directors have approved the decision of the committee to accept a proposition made by Mr. and Mrs. Thompson offering 250 acres at \$12.50 per acre, with an option on whatever additional acreage may be needed.

The proposed site of the recreational lake is on Camp creek seven miles south of Colorado City; the dam to be built a short distance from where the creek joins the Colorado river.

### Second-Round Matches Underway In City Golf Tournament Thursday

Second-round matches in the Colorado country club's annual city golf tournament were underway Thursday.

Only one match, Bob Battle vs. James Cook, remained to be played Thursday noon in the championship flight. E. C. Nix defeated H. E. Grantland, 5-4. Percy Bond defeated Sam Bodzin 4-2, and Grover Williams downed Q. D. Shepperd, 2-1.

In the first flight Steve Bodine won over H. B. Spence, 1 up, and Abe Dolman defeated John Shropshire, 2-1. Second flight matches gave victory to B. D. Smith over J. Lee Jones, 2-1. Gene Smith over Harold Bennett, 1 up, and Bill Craig over Henry Vought, 4-3. Several first and second flight matches are yet to be played.

Three third-flight matches played by Thursday resulted as follows: J. C. Davis defeated A. A. Herrington, 3-1; Pete Warren defeated R. R. Lacey, 2-1; Malcolm Mayes defeated Jack Helton, 4-3.

### Tickets For Episcopal Book Review on Sale

Mrs. Earl Powell of Stanton is to give the review on Margaret Armstrong's much discussed book, "Fanny Kemble." Tickets are 25 cents apiece.

### Two Month Drouth Broken As Rains Cover The County

**Moisture Insufficient But Encouraging; An Inch Is Maximum**

Breaking a two-month drouth which had reached the acute stage as far as stockmen were concerned, rains gauging from .75 of an inch to an inch covered Mitchell county Sunday evening and early Monday.

While not sufficient to be of any lasting benefit, the rain brought a great measure of encouragement.

Overcast skies which prevailed during the early part of the week were still giving promise of more rain Thursday morning.

The fall in Colorado City gauged .82 of an inch. Buford residents reported around an inch. "Good rains" were received both east and west of Colorado City. Renderbrook ranch in the southern part of the county reported .75 of an inch.

Falling softly, the rain did little damage to ripe feed and cotton still in the fields, farmers believed, although the cloudy days and lower temperatures since the rain have slowed the maturing and harvesting of cotton.

Stoves and coats have been much in evidence here since the rain, aided by a mild norther which blew up Monday night, brought on nippy fall weather.

### Cotton Harvest Up Nearly 2,000 Bales In Spite Of Rains

In spite of rains and cool weather, Mitchell county's cotton harvest total climbed nearly 2,000 bales during the past week, a checkup made Thursday revealed.

Total for gins at Colorado City, Loraine, Westbrook and Buford had reached 13,087 bales Thursday, as compared with 11,322 bales for the previous Thursday.

Colorado City gins had received 6,170 bales, those at Loraine 3,686 bales, those at Westbrook 2,129 bales, and that at Buford 1,102 bales.

Local receipts were divided as follows: Farmers gin, 540; Producers gin, 1,532; Colorado gin, 650; Mitchell county gin, 780; Concrete gin, 1,550; Browning gin, 1,118. The staple was bringing between 8.25 and 8.30 and seed was down to \$24.

### 'Welcome' Sign To Be Modernized

"We Welcome You To Colorado," the sign which swings across Second street, will begin to look more like it means what it says in the near future.

Chamber of commerce directors voted Monday night to have the sign modernized, neonized, and otherwise improved. The word "City" will be added to the town's name.

### Hearing On Soil Conserving Area Granted For Oct. 20

**Gathering To Be Held In District Courtroom At 2 p. m.; All Landowners Urged To Attend**

Hearing on a soil conservation district recently applied for in Mitchell and adjacent counties has been granted by the State Soil Conservation Board for 2 p.m. October 20 in the district courtroom at Colorado City.

Petition for the hearing was filed Sept. 19 through the Colorado City chamber of commerce, bearing the signature of more than 50 landowners controlling some 720,000 acres in Mitchell, Sterling, Coke, Nolan, and Scurry counties.

The territory will include all of Mitchell county and those portions of surrounding counties lying in Lone Wolf draw and the watersheds of the following creeks: Champion, Silver, Doyle, Ross, Beals, Morgan, and Willow.

All farmers and landowners of the affected area are being urged to attend the hearing, which will be conducted by members of the state board. Notices of the meeting are being posted over the county this week by H. B. Spence, chamber of commerce manager.

The board will consider information gathered at the hearing, along with general interest and need, in granting or refusing an election on the establishment of the district.

Mitchell county's soil conservation committee includes J. C. Hall, chairman; T. J. Gross, Sr., E. Barber, and T. R. Haggard.

### Data Necessary For Bridge And Underpass Is Being Assimilated

Preliminary data necessary for the drawing up of plans and specifications on the Highway 101 bridge and underpass projects is being assimilated by Chas. T. Trickey, engineer who was located here recently by the state highway department.

The bridge, which will replace one washed away in the June flood of the Colorado river, and the underpass are to be two separate projects, but members of the highway department have indicated to Judge A. P. King and others that contracts on the two will be let at the same time.

Cost of the bridge is to be \$85,000, with the city supplying \$7,500 and the county \$22,500. The underpass will cost \$75,000.

### Baptist Meeting Is To Continue Through Oct. 22

A series of autumn revival services got underway at First Baptist church Sunday morning.

Rev. F. E. Swanner, pastor of First Baptist church, Paducah, arrived to take charge of the preaching services Monday night. The pastor, Rev. T. A. Patterson, had charge until his arrival.

Services are being held twice daily, morning services at 10 o'clock and evening services at 7:30. Prayer meetings precede each service.

Chester Thomas has charge of the adult choir. Mrs. Jas. K. Polk of the junior choir. The meeting is to continue through Sunday, Oct. 22.

### Four From Here To Meeting Of Permian Basin Directorate

Four Colorado Citizens, Chas. C. Thompson, H. B. Spence, P. K. Mackey, and R. J. Wallace, are in Midland this (Thursday) afternoon to attend a meeting of the directorate of the Permian Basin association.

Thompson is a vice-president and one of Colorado City's three directors in the association. Mackey and Wallace being the other two. Spence is secretary-treasurer.

Organization of the association was launched during the Permian Basin Oil Discovery celebration here in August.

### Plans For Red Cross Annual Roll Call Are Going Forward Here

Plans for Mitchell county's part in the annual Red Cross roll call, which begins Nov. 19, continue to go forward, according to Dr. W. B. May, county Red Cross chairman.

Dr. May and Joe Jackson, who has been made county roll call chairman, and possibly other county Red Cross officials plan to attend a district conference in Big Spring October 17.

A movie short dealing with the work of the Red Cross is to be shown at the Palace theater Oct. 22 and 23, through courtesy of the theater management.

# Local Business Women Join in Observance of National BPW Week

## City's Earliest Business Women Are Dinner Topic

Business women of the Colorado City of today gathered around a banquet table Tuesday evening at the Colorado hotel and turned their attention to the Colorado City business women of yesterday as their contribution to the observance of National Business & Professional Women's week, which this year commemorates 100 years of progress made by women in the business world.

Highlight of the evening was a sketch of Colorado City's earliest business women by Mrs. J. Lee Jones, Sr., who was a charter member of the club 10 years ago.

### Some "Firsts"

Some of the "firsts" included in Mrs. Jones' informal talk were as follows: The town's first saleslady was Mrs. C. H. Earnest, then Fanny Craig, who was employed at The Beehive, a pioneer business establishment

belonging to the late Mrs. J. E. Riordan. The first woman "reporter" was the late Mrs. S. N. Sherwin, who wrote a column, "The Woman's Realm," for the old Colorado Clipper in 1894. A Miss Inez Butler was the first milliner, a Miss Dora Bronson the first dressmaker, a Mrs. Hughes was the first "tailorress." Mrs. D. T. Roeman, who still lives in Colorado City, was the first postmistress in the county, having been appointed at Cuthbert in 1891. Mrs. C. M. Adams was the first woman church clerk, and she still holds the position today.

Mrs. J. D. Williams, Jr., talked on the pioneer woman of yesterday, Rozelle McKenney on the "pioneer" women of today.

### Harvest Theme

Table arrangements carried out both the harvest motif and the theme of the national week. An old-time toy cook stove which has been in the T. L. McKenney family at Iatan for 80 years stood at one end of the table, a modern electric waterless cooker at the other. Pumpkins, apples, and other autumn fruits centered the table. Mrs. Williams and Miss McKenney were hostesses.

Places were marked for Mrs. M. L. Kirschbaum, Alwilda Crosthwaite, Mrs. Philip Berman, Eunice Locker, Hattie Tankersley, Mrs. J. Ed Richardson, Mrs. Williams, Mrs. R. D. Tiner, Mrs. Rees Jones, Miss McKenney, Vara Crippen, Elizabeth Kirkpatrick, Lillian Pond, Beatrice English, and Mrs. H. I. Berman.

### Sunday Service

Members of the club plan to further observe their national week with a breakfast at the Colorado hotel Sunday morning at 9:30, after which they will attend First Presbyterian church in a body to hear a special sermon by Rev. J. J. Mueller, pastor. In connection with the observance of the week, local club members have pointed out that 100 years ago there were only seven fields open to the

working woman, and that today women are engaged in 501 of the 535 classifications listed for all workers.

### Data On Local Club

Elizabeth Kirkpatrick has prepared the following data on the local club: The club was organized in April, 1929, by the San Angelo club with a charter membership of 26.

Presidents since the beginning have been: Mrs. J. E. McCleary, now of Lubbock, Texas; Mrs. Ruby McGill Dodge, now of Albany, Texas; Mrs. Leslie Crowder, Colorado City; Mrs. J. A. Ferguson, now of Sweetwater, Texas; Elizabeth Kirkpatrick, Colorado City; Lillian Pond, Colorado City; Mrs. M. L. Kirschbaum, Colorado City; Mrs. Rees Jones, now in office.

The club's main aim is to see a high school education made possible for every girl and its slogan is "Better Business Women in a Better Business World."

An education fund to assist girls in college work is maintained by the club, which has also assisted high school pupils at various times in business administration and other courses.

Cooperation with all civic and club organizations, including the chamber of commerce, study clubs, public schools, Red Cross and the Mitchell County Federation of Women's clubs, is a policy of the club. It belongs to the Fifth district of the Texas Federation of Business & Professional clubs.

Over one hundred women have been members during the ten years. There has been only one death—Mrs. Zilpha Morrison in August of this year. The other losses have been due to change of location.

### Present Members Listed

The present membership consists of: Mrs. Ruth Althart, Max Berman, Department Store; Mrs. Minna Berman, of Pick &

Pay Grocery; Mrs. Alice Berman, Ben Franklin Store; Vara Crippen, Home Demonstration Agent; Mrs. Myrtle Crowder, corsetiere with Spirella Company; Neta Mae Davis, City National bank;

Beatrice English, teacher in Junior High school; Alwilda Crosthwaite, Art teacher; Mrs. Rees Jones, primary teacher; Mrs. Ida Kirschbaum, Kirschbaum Dry Goods store;

Elizabeth Kirkpatrick, City National bank; Rozelle McKenney, Home Ec. teacher, Westbrook;

Mrs. Thelma McSpadden, housewife, formerly with T.E.S. Co., mother of club mascot, "Sandy"; Sallie Miller, Big Spring, cashier for one of leading grocery stores in Big Spring;

Lillian Pond, Community Natural Gas company; Mrs. Mozelle Richardson, Piggy Wiggly;

Hattie Tankersley, primary teacher; Deb Taylor, Texas Electric Service company;

Mrs. Maud Tiner, Tiner's Beauty shop;

Pearl Traylor, primary teacher; Eunice Locker, penmanship teacher, Junior High school; Cal Yates, teacher in High school; Mrs. Gladys Williams, housewife.

## Oldest Colorado City Study Club Starts 48th Year

Forty-eighth year of the Standard club, Colorado City's oldest study club, was launched Friday with a meeting at the home of the president, Mrs. P. C. Coleman.

Mrs. Coleman was the club's first president and is today its sole surviving charter member. She made a brief talk as the new year opened.

In line with the art study which the club has elected to follow this year, Mrs. C. M. Adams presented and discussed four well-known American paintings.

Mrs. Homer L. Hutchinson, Jr., was welcomed back into the club as an honorary member. She is to be the next hostess at the home of Mrs. L. W. Sandusky. Refreshments and a social hour closed the meeting.

## Federation Program For 1921 Study Club

A federation program led by Mrs. Chas. C. Thompson opened the new year of work for the 1921 Study club at the home of Mrs. J. M. Doss on Friday afternoon.

Following the club collect and the federation song, a symposium was held with discussions by chairmen of each of the nine departments of federation work—American Citizenship, American Home, Education, Legislation, Fine Arts, International Relations, Public Welfare, Press and Publicity, Junior Membership.

Mrs. W. W. Rhode and Mrs. Thompson made reports on Clara Driscoll day at Austin last week. Mrs. Harry Ratliff is to be the hostess this week.

## Legion Auxiliary Officers Installed

Formal installation of new officers of the American Legion auxiliary was held Tuesday evening.

Mrs. Logan Spalding read the preamble to the constitution, following which Mrs. J. G. Merritt acted as installing officer for the following: President, Mrs. A. F. King; secretary, Mrs. Spalding; treasurer, Mrs. Marie Dobbs; chaplain, Mrs. Will Womack; pianist, Mrs. Van Boston; Americanism chairman, Mabel Smith.

It was voted to buy 1,000 popples for Armistice. Each woman was requested to furnish two pies for the American Legion bean feed on Armistice.

The auxiliary voted to help supply Mexican school children with milk this year.

### JUNIOR Y.W.A.

By Edna Kate Fry, Reporter  
The Junior Y.W.A. met at 6:30 Tuesday, in the home of Mrs. John Lytle. It was a business meeting and new quarterly officers were elected. Alice Womack was reelected president; Doris Montgomery, vice-president; Sara Ann Pond, was reelected secretary and treasurer; Blanch Motley, worship chairman; Edna Kate Fry, reporter, and Inez Rogers and Basil McQuerry, entertainment committee. After the business was attended to we were served light refreshments. Doris Montgomery will have charge of the next meeting.

### LEAVING ON CRUISE

The H. A. Axtell family of Iatan, including two of the daughters, Jo and Ann, plan to leave Friday for Houston, from which point they will sail on a cruise of the Gulf of Mexico. They will be accompanied by Lydia Mae Viles of Fort Worth, who arrived last Friday on her vacation.

## Truest Aim Of Club Work Realized By Hesperians Through Their Student Loan Fund, Largest In Sixth District

Through their student loan fund, now the largest in the entire Sixth district of the Texas Federation of Women's clubs, members of the Hesperian club have achieved one of the truest aims of club work—that of service.

Six Mitchell county boys have already been helped to a college education through the fund, and three boys are using it now. It's just a coincidence that all the borrowers to date have been boys. Only one girl has ever made use of the fund, and that for just a month.

The fund now has \$378, having shown an increase of \$83 in the past two years. Mrs. Nat Thomas, new president of the Hesperian club, has had charge of the fund during those two years, and her main objective for the coming year is to increase the fund to \$400. Mrs. J. W. Randle, retiring president, is to have charge of the fund as Mrs. Thomas assumes the duties of president.

Every one of the six boys who have used the fund are "making good," a check-up indicates. The fund has never lost a cent on any loan, members say. Loans draw 4% interest.

Borrowers are chosen from among applicants on a basis of their record in school and in personal life and on a basis of their need. Two co-signers are required, but all borrowers so far have repaid their own loans.

An added inducement for early repayment of the loan after a bor-

rower has finished school and secured a job is the fact that he always knows that a younger person is waiting to use the money and that delay in repayment may keep that younger person from entering college.

No one has ever borrowed under \$100 from the fund. Loans average around \$150. The fund keeps moving, constantly, going out to a new borrower the instant it comes in from an old one.

The Hesperian student loan fund got its start when the club, which is now in its 47th year, cashed in on a \$50 Liberty Loan bond which it bought during the World War. Fifty dollars was added to this amount, and the first loan of \$100 was made to J. Lee Jones, Jr.

Borrowers after Jones were Samuel H. J. Womack, Murphy Byrd, Paul Sweatt, Elbert Sweatt, and John Tom Merritt.

Jones is now a successful lawyer in San Antonio. Womack has been employed for years with the Bureau of Standards at Washington, D. C. Murphy Byrd teaches vocational agriculture at Whitlair, near Leveland. Paul Sweatt is principal of the Vincent school in Howard county, and Elbert Sweatt, his brother, is principal of the Hyman school in Mitchell county. John Tom Merritt, who was graduated from Texas Technological college, Lubbock, last spring with a degree in chemical engineering, is employed at the Col-Tex refinery at Colorado City.

Using the fund this year are Quinton Hamrick, James Nunn, and Hollis Bledsoe. Hamrick is attending Texas Technological college at Lubbock. Nunn is in John Tarleton

at Stephenville, and Bledsoe is at West Texas State Teachers' college in Canyon.

Although a great source of satisfaction and pride, it's no surprise to members of the Hesperian club that all their student loan borrowers have had good records, both in college and in work after college.

"Only boys and girls who have what it takes to succeed can seriously consider using our loans," they say confidently, pointing out that the portion of the fund available for any one person during any one year is never enough to carry that person through the year unless he or she is willing to supplement it with personal effort.

Donations, personal assessments which members occasionally vote on themselves, and the interest are the only ways in which the fund has grown to its present figure. No "benefit" of any kind has ever been held.

Mrs. J. Lee Jones, Sr., who resigned from the club several years ago, was the woman who suggested the establishment of the fund and who led the work of raising it to \$100. Others who have had charge of it in years since include Mrs. S. H. Millwee, Mrs. J. G. Merritt, Mrs. J. A. Sadler, Mrs. Nat Thomas, and Mrs. J. W. Randle.

Several years ago members voted to dispense with refreshments at their weekly meetings and add the money thus saved to the fund. This move not only helped the fund and simplified the task of hostessing, but also proved that Hesperians have learned that true clubbing goes deeper than salad courses and discussions of the classics.

## Luncheon Honors Self Culture Club's New President At Home Of Mrs. Jackson

With Mrs. Joe Jackson and Mrs. Jim White as co-hostesses, members of the Self Culture club gathered at the Jackson home Friday for a luncheon honoring their outgoing and incoming presidents.

Lunch was served buffet style from a Madeira-covered table centered with bronze chrysanthemums. Guests were seated at foursome tables, where places were marked with autumn leaf cards and marigold corsages. Chrysanthemums, marigolds, and other fall flowers were used as house decorations.

Mrs. J. T. Howell presided. Mrs. H. B. Broadbuss said the invocation, after which Mrs. Dell Barber read the club collect. Mrs. Howell spoke as retiring president and introduced

## President's Dinner Formally Launches 47th Year Of Hesperian Study Club

Formally launching activities of their 47th club year, members of the Hesperian club and their guests honored the club's retiring and incoming presidents with a dinner at the Colorado hotel Thursday evening.

Mrs. A. L. Whipkey acted as toastmaster, and Mrs. J. D. Williams read the club's message as an invocation at the dinner. Vocal solos by Mrs. W. R. Martin and Gladys Miller, both accompanied by Mrs. James Payne, furnished entertainment during the dinner. Later Mrs. Payne played a piano medley of popular songs.

An outgoing president after two years of service, Mrs. J. W. Randle reviewed briefly the work of the club under her administration and thanked members for their cooperation.

Further enlargement of the club's student loan fund, already the largest in the sixth district, will be the main goal of the new president, Mrs. Nat Thomas, she outlined in her talk.

Mrs. Thomas introduced her officers as follows: First vice-president, Mrs. Rees Jones; second vice-president, Mrs. Alice Lockhart; corresponding secretary, Mrs. J. G. Merritt; treasurer, Mrs. J. D. Williams; critic, Mrs. S. H. Millwee.

## Home Missions Are Presbyterian Topic

Home missions were studied at the inspirational meeting of the Presbyterian auxiliary Monday afternoon.

After the devotional by Mrs. Roy Davis and a prayer by Nelle Rindland, Rev. J. J. Mueller gave a talk on personal work with emphasis on what can be done to further the success of the revival which the church is to launch Sunday.

Mrs. B. McQuerry led the program on the theme, "Winning America for Christ." Mrs. John Brown told of work among the Mexicans at Austin, Mrs. P. C. Coleman of work among the Italians, Mrs. Rudolph of work among the Indians, Mrs. Arlie Taylor of work among Mexican girls, and Mrs. A. H. Dolman of work among negroes at Turlock, Calif. Rev. Mr. Mueller led a prayer for home missions.

A canvass for subscriptions to the church paper, "The Christian Endeavor," was organized.

## BPW Delegates To District Elected

Delegates to represent the Business and Professional Women's clubs at the annual district 25 convention in Midland Oct. 21 and 22 were elected this week.

Mrs. Rees Jones is to be delegate, with Lillian Pond and Vera Crippen as alternates.

Introduced as a special guest was Mrs. Willis Shropshire, president of the Junior Hesperian club.

Hit of the evening was the description of all club members in original verse by Mrs. Bill Coffey.

The T-shaped dinner table was centered with a mass of snapdragons and fern, flanked by tall green tapers. Bowls of roses stood at either end of the speaker's table and another bowl arranged with green tapers on either side centered the other table. Rosebuds and cellophane packages of green and white mints were at each place.

Places were marked with autumn-leaf programs for the following:

Mrs. F. C. Shillingburg, Mrs. Arlie Martin, Mrs. Jewel Barrett, Princess Martin, Mrs. Bill Coffey, Mrs. E. H. Winn, Mrs. Willis Shropshire, Mrs. J. W. Randle, Mrs. Ed Majors, Mrs. Howe Mayse, Vera Crippen, Mrs. Rees Jones, Mrs. A. L. Whipkey, Mrs. Nat Thomas, Mrs. W. R. Martin, Mrs. James Payne, Mrs. J. G. Merritt, Mrs. J. A. #### DRIVE CAREFULLY

The bumper is more deadly than the bayonet, claims the Texas Safety Association, where our school children are concerned.

Parents are concerned for the future of their youngsters lest they grow up to be fed to the laws of Mars. The Association warns that our modern civilization with its fast moving traffic is proving the bumper fully as deadly as the bayonet.

This year approximately 3400 children will die beneath automobile wheels. The prevention, claims the association, lies in the education of both pedestrian and driver. We must stigmatize careless driving.

Cold steel is deadly whether in the shape of a bayonet or a bumper. The grim difference is that traffic can kill off our children long before they are old enough to go to war. For their sake—drive carefully.

Recessions and safety go hand in hand, the Texas Safety Association says, and points to the fact that during the post world war period of 1923 and 1924 when business let down, traffic deaths reached an all time annual record low of 196 and 324.

## KEEPING UP WITH COLORADO GIRLS AT TSCW

By Ruth Marian Elliott

The traditional Lantern Parade was really a thrill for those who had never seen one before. The blocks of sidewalk lighted by beautiful colored Japanese lanterns carried by students of the college was a wonderful sight. . .

Among the Colorado City girls were Mabel Ernest Cooper who helped distribute the lanterns, Frances Elliott who carried out the tradition by taking her three advisers and Ruth, Virginia Gurney, Erna Lou Merrill, Melba Slaton, Nina Laura Smith, Fae Porter and others were there. . .

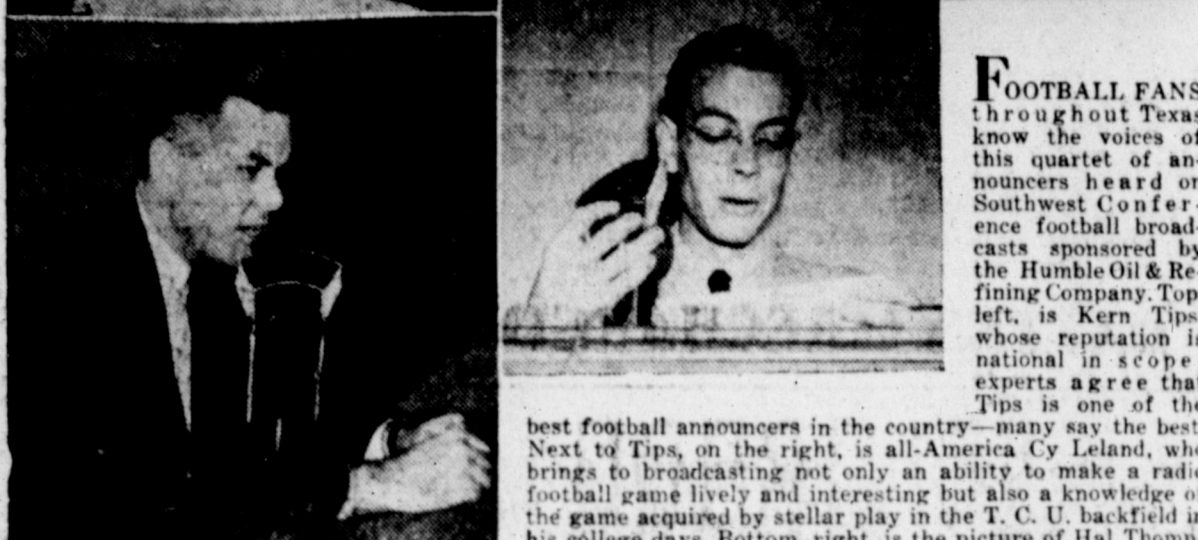

The long, long train of girls sang well-loved songs and gathered finally before the music building to sing together, then attend a free movie in the college auditorium. . .

After the movie all of the girls were invited to the girls' street dance in front of the auditorium to the music of Floyd Graham's Teacher College orchestra. . .

A Regional Club has been organized including all girls within a fifty-mile radius of Big Spring. October the ninth the Dust Bowl elected the following officers: President, Mabel Cooper; vice-president, Emma Mae Rowe of Big Spring; social chairman, Doris Wynne; treasurer, Roberta Ratliff; and secretary, Mary Beth Struggs of Midland. . .

The towns represented were Big Spring, Stanton, Garden City, Lamesa, Silver City, Midland, and Colorado City. Several outings and entertainments for the coming year are being planned and a special bus may be obtained for holiday homecomings. Mr. Thomas E. Pierce, a native of West Texas, is the sponsor. . .

## Introducing Saturday's Voices to Followers of Humble Company's Football Broadcasts

Football fans throughout Texas know the voices of this quartet of announcers heard on Southwest Conference football broadcasts sponsored by the Humble Oil & Refining Company. Top, left, is Kern Tipton, whose reputation is national in scope; experts agree that Tipton is one of the best football announcers in the country—many say the best. . .

Next to Tipton, on the right, is all-America Cy Leland, who brings to broadcasting not only an ability to make a radio football game lively and interesting but also a knowledge of the game acquired by stellar play in the T. C. U. backfield in his college days. Bottom, right, is the picture of Hal Thompson, Station WFAA's sports authority; this is his third year as Eddie Dunn, genial and well known radio personality who entered his second year on the Humble Company's football broadcasts this season. . .

## Frontier Roundup

The street was decked, and standing by. . .

I saw the gay parade. The winding train of folks, and things. . .

From which our land was made. Colors bright the law uphold. . .

And floating proud and free. To honor those who've gone before. . .

And lived for you and me. . .

A mellow voice, a song of faith. And shared along the street. . .

Hands reached out to clear a path. For slow unseeing feet. . .

Some were smooth and lily white. Others bruised and worn. . .

One was black, though reverent. Scarred by toil and torn. . .

Someone spoke, a hand reached out. To help make safe the way. . .

Just ahead a sudden drop. Before the blind man lay. . .

Rich or poor, in work or play. We share with those we meet. . .

Children play, and blind men walk. In safety down the street. . .

CLARENCE DOSSEY.

Fatigue is another accident cause that rides with the night driver. Reaction time may be slowed from one to three-fifths of a second. . .

Surgeons use silk for sewing up wounds; mountain climbers for their lifelines; aviators for their parachutes and for the suspension cords of their harness; fishermen for the strongest lines; and artillerymen for powder casing for great cannon. . .

Half second drivers can swing their foot from the gas to the brake while the car rolls 44 feet but add 198 feet for braking distance and the car will have traveled a distance of 242 feet before it stops. This is beyond the point of danger when seen at night. . .

### BAYLOR UNIVERSITY NEWS

Woman suffrage is again the issue. It has popped up good and strong in the Baylor University freshman class presidential election, with one coed and eight men students in the field—the first time in Baylor's 95 years a girl has been nominated.

The girl is attractive, brunette, Dorothy Kelly of Newgulf, near Houston. Her opponents are of varied types, three of them members of the fresh football squad.

The campaign really wasn't Dorothy's idea. Neither was it a scheme of the boy friend, for she had seen only once before the lad who nominated her. And even now, since the surprise of having her hat thrown into the ring, she is very meek about it all and is letting her friends do the campaigning.

Dorothy is capable of the situation all right. She was valedictorian of the Boiling high school last spring, and has entered Baylor with a law degree as her goal. To add to her popularity, she is drummer for the Baylor Golden Wave band.

And another thing in her favor, the election day was Wednesday, October 11, which happened to be her 18th birthday, and really wouldn't the Baylor freshman class presidency be a nice birthday gift?

It's going to take a lot of campaigning though to put a girl at the post. It has never happened before, and each of the eight boys in the race hope this year isn't an exception.

Other candidates are Arthur Boone of Jackson, Tenn.; Buddy Gatewood, Waco; Winston Robertson, Fort Worth; Ralph Phelps, Dallas; Buck Littlefield, Waco; Warrick Jenkins, Waco; Harold Howard, Houston; and Bill Olenbush, Waco.

### Free Novelty Acts At Sweetwater Show

SWEETWATER—Free novelty acts from the platform in the independent midway each afternoon and night during the Midwest Exposition at Sweetwater October 24 to 28 are said to be the first attractions of the kind ever offered at a fair in this part of Texas. Johnny Wise and Miss Jean Pettie are to be featured twice daily.

The opening night, set aside as old settler's day and school children's day is to feature an old fiddler's contest. Prizes of \$10.00 first, \$7.50 second and \$5.00 third will be awarded winners of the first three places. The contest is scheduled for 7:30 p.m. and is to be under the direction of L. M. Hubbard. Old time fiddlers in this section of West Texas are invited and urged to enter.

Official opening of the fair is set for 1:15 the afternoon of Tuesday, Oct. 24 following a novelty street parade in which prizes are to be awarded 24 winners in eight divisions. School children are to be admitted free to the carnival grounds and permitted to enjoy all shows and rides at 5 cents each.

Announcement has just been made of arrangements for Ace Lillard's "death defiers" to stage afternoon and night performances Friday and Saturday, October 27 and 28. These daredevils crash automobiles head-on, turn a burning sedan over going at a high rate of speed, drive one car in a jump over several automobiles, and otherwise thrill the crowds for an hour and a half.

All 1940 models of automobiles sold by Sweetwater dealers are expected

### to be shown in the first automobile exhibit at the Midwest Exposition in ten years.

The major portion of one of the large buildings is to be devoted to the automobile show. Another department expected to attract thousands of visitors is the exhibit of the latest developments in commercial and farm machinery by International Harvester Company and Baucom Implement Company.

The T. J. Tidwell Carnival Shows are to be in the midway, but shall occupy an area to one side and east of the fair buildings proper. The space used for the carnival last year will be devoted to car parking. A charge of only 25 cents is to be made for parking here under police protection. However, ample free parking space is to be available near the baseball field and swimming pool. Persons using the free parking area are required to pay nothing at all to enter the fair grounds. Total attendance of about 30,000 is expected.

### Dr. J. B. Tidwell, head of the Baylor University Bible department, is releasing his 12th book, Bible Lands and Places with Their Biblical Connections, this week.

He intends that the work be used as a textbook in one of his classes and as an aid to individuals in planning trips to Biblical lands or in studying of the regions though they cannot visit them.

That the United States is already at war with Hitler due to determination of democratic Americans to down Nazism was asserted by Frank Baldwin, Waco editor, as he addressed Baylor University students in a chapel hour.

The editor, who returned only a month ago from the warring countries, is beginning a series of weekly "classes" with the more than 2300 university students—terming it as "the only mass course on war and peace in any university or college in the United States."

Idealism and Christian principles were given by Baldwin as the only hope for world salvation.

"Don't forget that in the future a perpetual peace must be brought upon this earth. Slaughter might be necessary, and before it is attained we may find America holding the gleam of democracy in one hand while she slices out hearts with a bayonet in the other," he concluded.

An attendance of 1500 Texas college students at the Texas Baptist Student Union convention at Abilene, Nov. 3-5, was forecast recently by Charles Myers, Baylor University student and president of the state organization.

Charles A. Wells, world traveler and popular newspaper cartoonist and lecturer, will be the featured speaker. Others will be Frank H. Leavell, executive secretary of Southern Baptist student work and various religious leaders in Texas college centers.

A Round Up barbecue, with plenty of West Texas color, and a Christian student march of testimony are other features no the program.

Formation of a B. S. U. Alumni association, for campus religious leaders who have graduated but still are interested in activities on the campus, is planned also.

### Scurry County To Hold Product Show

SNYDER—Members of the Scurry County Products show central committee have completed plans to take care of from 6,000 to 8,000 people here the two days of Scurry county's second annual products show Friday and Saturday.

Entries received up to Friday night by Ray E. Dickson, secretary of the annual county show, indicated from 150 to 200 head of beef and dairy cattle, 100 head of horses and mules, 100 pens of chickens and 25 pens of turkeys will be exhibited at the two-day show.

A total of 72 community, farm crop exhibit, and boys' and girls' club booth spaces have been reserved at the Products show grounds one block north of the square. Twenty commercial booths have also been reserved for the Friday-Saturday event.

E. O. Wedgeworth of Fluvanna, director general of the free entertainment program both days of the show, states each day's program will begin promptly at 11:30 a.m. and run continuously until 10:30 p.m. Philco and Gulf sound equipment will carry the program, to be staged in Harley Sadler's show tent, to all parts of the grounds.

Permanent shed room at the grounds has been increased by 240 linear feet, and panel room for hog and sheep exhibited oubled.

Deputized National Guard members of Company G will be on hand to protect exhibits both days of the show. Those who have historical relics, rare quilts or other valuable articles can enter them in the show without fear of possible theft, E. J. Anderson, general show chairman, states.

### Snyder Tigers Seen As Threats In 6-A

Sports writers are referring to Snyder's Tigers as "big threats" in district 6-A football this year after their 48-0 victory over the Loraine Bulldogs last week.

The Colorado City Wolves are so far regarded, apparently, as an unknown quantity. After their 0-0 opener with Stanton, they held the Big Spring Steers to a 7-0 score in the next game. They were called "district threats" after that game. Favor ebbed again after their defeat at Monahan, then was turned back by their 13-0 defeat of Merkel last Friday. Their strength can perhaps be more accurately measured after their game with Loraine this Friday.

Rotan, last year's champion, will play Roscoe this Friday. Snyder will play Roby at home.

### HIGH SPOTS ON OUR N.Y.A. PROJECT

By Thos. A. Gracy, Supt.

The N.Y.A. began work again Wednesday for pay roll period Oct. 11 to Nov. 10 with six boys reporting for work.

"During our first period of work, Sept. 10 to Oct. 11, we completed sidewalks around the front of the new Junior High school building in Colorado City. This was a very good record since we had only 17 boys working and are allowed 40.

We are endeavoring to give a training program to our boys. For the object of this work is to prepare boys that have not had the advantages that others have had, to be able to make their own livelihood in life. The on-job training that we are giving them is instruction in carpentry, concrete finishing and general ideas about concrete equipment and carpentry tools. We have one hour and a half for off-job training and during this period problems concerning concrete and carpentry are brought-up, discussed and solved. The modern charts and diagrams of engineers are also studied. This is all under the direct supervision of our project superintendent, Thomas A. Gracy, from Abilene.

The project is under the sponsorship of the Colorado Independent school district. And our work is being done for the benefit of the students, for the faculty and every individual associated with the Colorado Junior High school. We cordially invite every person associated with the school, city or after all our N.Y.A. is a national agency and is a benefit to every one.

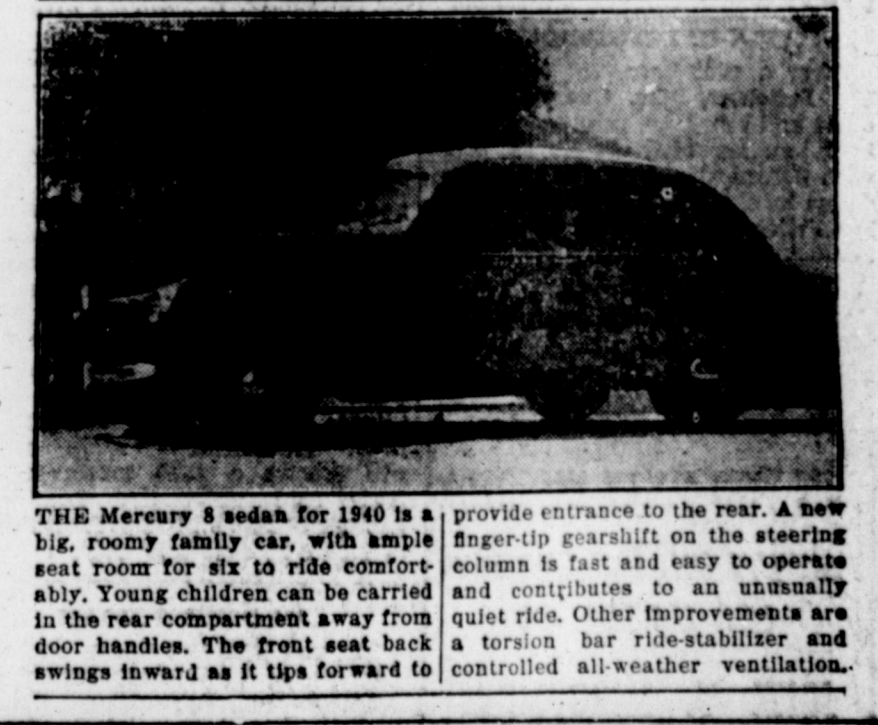

### MARINE ENLISTMENTS ARE STILL BEING SOUGHT

The United States Marine Corps is now making a methodical canvass of inland towns—particularly rural communities—with the view of finding the very best young men possible for enlistment in the Marines, Postmaster J. Y. Fraser stated.

Only 6,000 young men out of the slightly more than 108,000 increase in complements of all the armed forces of the national defense are authorized by President Roosevelt for the Marine Corps. Thus, only one out of each group of eighteen qualified applicants will be accepted for service with the "Leathernecks."

Requirements for enlistment remain the same—between 18 and 30 years of age, white, unmarried and without dependents, not less than 64

### Display Mercury 8 Sedan for 1940

THE Mercury 8 sedan for 1940 is a big, roomy family car, with ample seat room for six to ride comfortably. Young children can be carried in the rear compartment away from door handles. The front seat back swings inward as it tips forward to provide entrance to the rear. A new finger-tip gearshift on the steering column is fast and easy to operate and contributes to an unusually quiet ride. Other improvements are a torsion bar ride-stabilizer and controlled all-weather ventilation.

nor more than 74 inches tall, of good physical condition.

Postmaster Fraser also stated that he is being kept advised by the Marine Corps Recruiting District Headquarters of Dallas, of the requirements for enlistment, for the information of young men of this locality. Preliminary physical examinations may now be made by a local physician, after which the Dallas office will advise applicants whether or not to proceed to that city for final examination.

QUEER ACCIDENTS

School opening brings football fast on its heels. The early training camps of gridiron warriors found many odd accidents happening to the hasty athletes.

Queerer of all occurred in California to a football player plunging through the line with his mouth wide open. Eluding his tacklers, the dashing halfback had visions of his first touchdown when in flew a bee and stung him on the tongue!

In a University of Texas scrimmage a freshman player suffered a broken leg on the first play of an inter-squad game.

Yes, accidents seem to be queer and unpredictable things. But if you stop and analyze traffic accidents, you'll find that nearly all of them could have been prevented by a little care and forethought.

Plain old horse sense can prevent almost any type of accident, the Texas Safety Association says.

## State Fair Breaks Attendance Record

**DALLAS**—The State Fair of Texas opened last Saturday in Dallas as a precedent-shattering statewide showing of Concentrated Texas.

Opening day attendance, closely approximating the 100,000 mark, was the highest in its 51 years of activity. The crowds have held uniformly above records of last year during this week.

The State Fair broke a precedent in having as its guests more newspapermen than ever before, registration passing.

It broke a precedent in the wide diversity of its general livestock exhibits in all divisions. Its farm exhibits are the largest on record.

Its first few days have been acclaimed uniformly by visitors as the greatest presentation of Texas and the best balanced program of amusement and education ever offered in the Southwest.

This great center will run full blast with every show and every exhibit intact until the closing bell at midnight of October 22. On the first day it presented a complete show. It will be complete when the last visitor passes through the turnstiles.

Saturday will witness in the Cotton Bowl the annual clash between the Universities of Texas and Oklahoma, the outstanding grid event of the season. Monday is Negro Day, when Wiley College and Prairie View will clash with a section reserved for whites.

## Wolves Show Fight Enough To Balance Blunders As They Defeat Merkel 13-0

A pack of Wolves who fought so hard that fans could minimize their blunders downed Merkel's Badgers 13-0 on Cantrill field Friday night in their first conference match of the season.

Frequent penalizing on both sides dulled the game and cost the Wolves two touchdown scores.

First downs were eight for the Wolves, seven for the Badgers.

The Wolves' first tally was made in the first play from scrimmage when Jack Smith ran approximately 65 yards for pay territory.

A second first-quarter touchdown made by the Wolves on a pass by Grubbs to Cox to Glover was voided because the passer was less than five yards behind the line of scrimmage.

Merkel then took the ball and made two first downs, showing Frazier and Bryant up as a dangerous passing combination. Colorado City's line did not tighten sufficiently to stop the Badgers and take the ball until the second quarter. Then they tallied three consecutive first downs with Smith and Glover starting in ball-carrying.

Bodzin and Caffey drew fan praise with their defensive tactics in the third quarter. It was during this quarter that the Wolves made their second voided touchdown when Glover ran 60 yards early in the period for the Merkel line. The referee ruled that he stepped out of bounds in making the run. There was also a penalty for holding.

Second touchdown for the Wolves was made in the fourth period on a 40-yard pass from Grubbs to Cox. The point was kicked but voided because the ball was unintentionally moved.

Ross Glover captained the Wolves during the game. Starting line-up, slightly different from that in previous games of the season, was as follows: Murrel Blassingame and Louis Bodzin, g; Clifton Caffey and Harold Jones, t; Sam Coker, c; O. C. Cox, Jr., and Horace Wood, e; Ross Glover and Earl Neal, hb; Johnny Grubbs, qb; Jack Smith, rb. Paul Boyd Hunter and Jack McCorkle were the only substitutes used.

Merkel's starting line was: Gilbreath and Bland, e; H. Davis and Coats, t; Fowler and Rister, g; Andrews, c; Frazier, qb; Bryant and Rutledge, hb; Smith, rb. Officials: Sellers, H-SU, referee; Little, Howard Payne, umpire; Moser, ACC, head linesman.

## FFA Sweetheart Contest Is Now In Progress Here

Contest to determine who shall be FFA sweetheart of Colorado City vocational agriculture classes is now underway and will continue until November 7, according to F. C. Shillingburg, vocational agriculture instructor.

Each class is sponsoring a candidate, Jean Morrison being the candidate of section B of Agriculture III while Verna Campbell is the candidate of section A of the same group. The Agriculture I group is sponsoring Fay Franklin.

The winning girl will receive an FFA sweater. Money raised through the contest, in which anyone can vote at a cent a vote, will be used to buy the sweater and to take the FFA boys to the Southwest Exposition and Fat Stock show in Fort Worth next spring.

## Frank Kelley's Lady Diana, Palomino Mare, Sold To Jerry Sadler

Sale of his 2-year-old three-gaited Palomino mare, Lady Diana, to Jerry Sadler, railroad commissioner, has been announced by Frank Kelley, Colorado City horse fancier.

The sale was consummated while Lady Diana was being shown at the all-Palomino exhibit of the West Texas Fair in Abilene last week. During that exhibit Lady Diana became the first Palomino to ever show in fine harness in a national horse event.

Foaled and raised at Colorado City, Lady Diana is by Anacacho Ruben of the M. T. McLaughlin Diamond M stables at Snyder, and is a granddaughter of Edna Mae's King, a show stallion that sold for \$40,000 by Francis Walters, who has charge of the Colorado City Frontier Round-up barn where 16 head of fine horses are being trained.

## Baron Smith's 'Jackrabbits' Become Wolves In The Making As They Wage Griu Battles

Normally a Jackrabbit does not grow up to be a Wolf, but those Jackrabbit football players of Baron Smith's are different—they are Wolves in the making, and from them will come Colorado City's football stars of tomorrow.

The Jackrabbits, composed of high school and junior high school boys 15 years of age and under, are fighting out a good record for themselves this year, although they have not won a game so far.

Last week they played the Big Spring Junior team and held it to a 19-19 tie. The week before they played the second string of the Lorraine High school squad and lost 7-0. Friday afternoon the Jackrabbits are to play Hermleigh's first string at Hermleigh.

In the Big Spring game the score was 12-7 for the Jackrabbits at the half and 19-13 in their favor until the final quarter, when Big Spring scored a final touchdown.

Junior Sadler made all three touchdowns for the Jackrabbits, and Tommy Ratliff plunged for the only extra point.

Starting lineup for the Jackrabbits included: Dudley Chesney, lc; Marshall Montgomery, lt; Howard Stewart, lg; Chas. Sellier, c; Dick Gregory, rg; Johnny Doss, rt; Burnes Williams, re; Sadler, qb; Ratliff, hb; Finis Shurtleff, hb; Wayne Wood, rb.

Jackrabbit substitutes are: Edwin Bodine, Troy Franklin, Coy Lovins, Manfred Hardegree, Dwayne Feaster, Larry Dorn, Jack Montgomery, Joe Bill Tandy, and Dudley Bush.

## Enthusiastic Crowd Sees Westbrook Down Coahoma In Town's First Six-Man Grid Game

An enthusiastic crowd of Mitchell countians, with a sprinkling of visitors from Roscoe and other points, saw Bill Fletcher's Westbrook Wildcats wallop the Coahoma Bulldogs 58-32 Thursday night in the first six-man football game ever played on Cantrill field.

The game, which was a district 12 conference match, made six-man football fans out of hundreds of Colorado Citizens who had never seen a six-man game.

Brilliant performances were turned in by Fletcher's three backs, Red Davenport, Burl Claxton, and Junior Oglesby, the last-named being especially fast. Davenport

and Oglesby shared ball-toting honors.

Both Coahoma and Westbrook did considerable passing. Two of Westbrook's touchdowns resulted from long passes completed from Claxton to Davenport.

Starting lineup for Westbrook included Rufus Jackson and Pete Hines, ends; Calvin Boston, center; Davenport; Claxton, and Oglesby in the backfield. Substitutes were O. D. Kite, James Skelton, and Pete Lambert in the backfield, Bud Moore and Bub McDonald as ends, and Gerald Anderson as center.

Coahoma's starting lineup was: Hull and D. Tonn, ends; Johnson, center; Munroe, Baker, and J. Tonn, backs.

## Universal Credit Continues Expansion Program

New Local Office Opens In Big Spring, Texas

In an interview with Mr. G. B. Strong, Dallas branch manager of Universal Credit company, on the announcement of the opening of a new Universal office in Big Spring, Mr. Strong stated that this office will be of tremendous value to the dealers in Ford products and their customers who reside in this trade area.

Nationwide public acceptance of "Universal's" low cost, exclusively Ford finance plans and Ford dealer cooperation has made possible the continued expansion of "Universal" service throughout the past eleven years.

More than 4,000,000 buyers of new and used cars from Ford dealers have used "Universal" time payment plans. This remarkable growth is largely due to "Universal's" interest in the goodwill and satisfaction of the customer. More than 50% of the customers of "Universal" represent repeat users of the service and repeat buyers of Ford products.

"Universal" has been repeatedly responsible for the reduction of finance costs for Ford product buyers. The large volume of business developed has made possible constantly improved plans, providing low cost financing for the Ford purchaser desiring to buy out of income.

Operating offices now total 172 complete units throughout the nation, 126 of them having been placed in operation in the past four years.

Big Spring, Texas, is the location of the one hundred seventy-second office of "Universal."

Universal Credit company serves the time sales requirements of Ford dealers and Ford purchasers exclusively. Through Universal plans the customers of Ford dealers are assured of a courteous, confidential service. A truly helpful credit service with friendly treatment, is the business philosophy behind "Universal" credit operations.

A number of local people have been engaged for work in the Big Spring office; others have been transferred from Dallas with their families and will make their home in Big Spring.

The Big Spring office of Universal Credit company will be located in the Petroleum building, Fifth floor, 120 West Second street. Telephone 1700 and 1701, LD 11.

Mr. R. H. Seawell, Jr., a man of long credit experience and with a knowledge of modern motor car merchandising, will be in charge of the Big Spring activities of "Universal."

## DEATH Stalks When You Clean Clothes At Home

Don't clean your clothes at home. Records reveal that scores of persons are fatally burned while attempting this dangerous practice. A tiny flame or spark—even static electricity when rubbing clothes—will ignite gasoline vapor! Be wise—Let us clean your clothes.

**PICKED UP ALONG THE NEWS PATH**

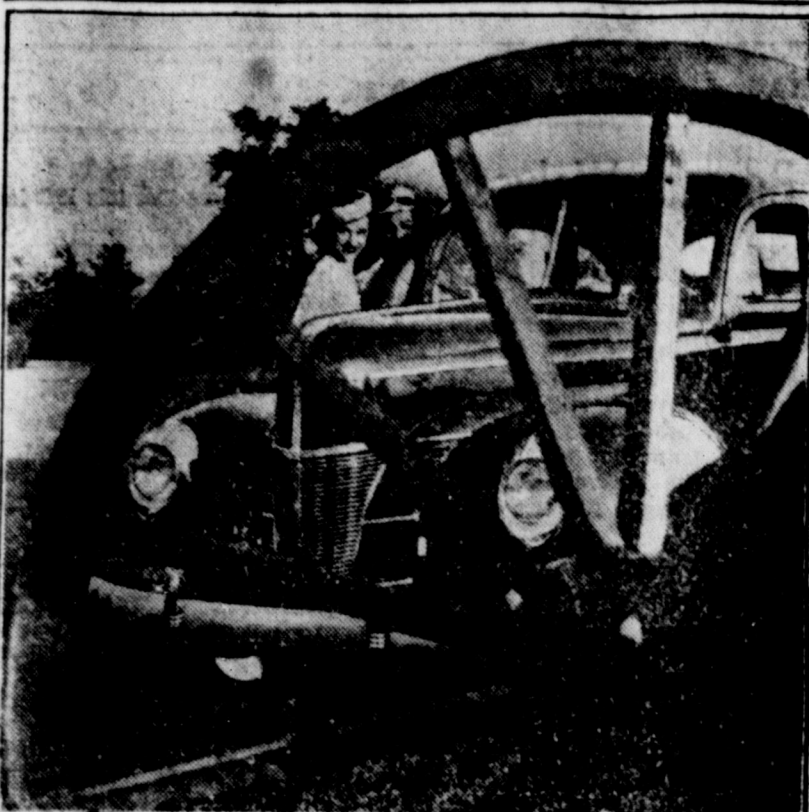

Now that November is just over the hill, so to speak, what are you going to do about Thanksgiving? . . . It seems we Texans can take our choice of the two considered dates—November 23 and November 30. . . . By tradition, as you know, Thanksgiving has fallen for years on the last Thursday in November. . . . President Roosevelt's decision some time ago to move Thanksgiving day up a week to help business has been sanctioned by the governors of 22 states. . . . Governors of 24 states, however, are holding to the traditional date. . . . One state, Mississippi, was undecided at the last report. . . . Texas will use both dates—or either of them, whichever way you prefer to put it. . . . But you'll have to decide which day you want your turkey, unless you're luckier than the common herd and have more than one. . . . Incidentally, the master mind of The Record office has decided that we'll observe the good old final Thursday. . . . He could doubtless give you several good reasons for this, but the hired hands know that only one of them really counts—the fact that there's a little game on between the Aggies and Texas University on Nov. 30. . . .

The popular idea that the German people are suppressed and unhappy and held under the Hitler regime only by fear is somewhat exploded in an article which Miss Lorene Hahn, housekeeper at the Colorado hotel, recently clipped from her hometown paper, the Wellington (Kansas) Daily News. . . . The article is an interview with a Miss Margaret Hinrichsen, who nurses in a Wellington hospital and who is an acquaint-

ance of Miss Hahn's. . . . Miss Hinrichsen recently returned after spending the summer with her family in Hamburg, Germany. . . . She stated in the article that "Germany is prepared for a long, hard war, and the German people will fight for Hitler to the end. . . . Admitting that she went to Germany with the conviction that the intense loyalty of her own family to Hitler was more dictated than voluntary, the nurse returned with a firm conviction that in the minds of the vast majority of Germans there is a love, an adoration of Hitler which is almost inconceivable to an American." . . . There is not the least thought in the minds of Germans that any war will be a complete and smashing victory for Hitler, Miss Hinrichsen maintains. . . . She came home on the Bremen in late August and her "most wonderful experience" when she could again set foot on American soil. . . . Her interview closed with the emphatic statement that "we can live in peace over here. I can't see why in the world there is anything in Europe worth fighting for."

When an actor can simulate an emotion so convincingly that it is mistaken for the real thing, he's supposed to have reached the height of acting ambition. . . . But when Eugene Haley did this very thing on the Lions program Friday, that was something else again. . . . Haley was on the program for a discourse on "Psychology of the Business Man." . . . Folks familiar with Haley's presentations knew that it would be a "take off" in some fashion or another and were prepared to enjoy

**Here's First Glimpse of 1940 Ford**

THE wheels are turning at the big Ford Rouge plant and off the assembly lines are coming these new Ford V-8 cars for 1940. Illustrated is the front end of the deluxe Ford V-8. The new cars are big, substantial and powerful in appearance. Front end designs are distinctively modern, bodies gracefully streamlined. New features include a finger-tip gearshift on the steering column, a controlled ventilation system, improved double-acting hydraulic shock absorbers and Sealed-Beam headlights. Deluxe cars have an improved spring suspension, softer springs front and rear and a new torsion bar ride-stabilizer. Emphasis in interior styling is on fine appointments and upholstery.

themselves. . . . But evidently there were some present who weren't in this class, for when Haley's remarks began to blunder, his voice to quaver, his knees to shake, these began stifling their laughter and averted their

eyes uncomfortably, unwilling to watch a fellow being in the throes of what they thought was very real stagefright. . . . Somebody should have told them about Haley's recognized ability to say anything he wants to say as well as he wants to say it, anywhere he wants it said. . . . Then they could have gone ahead and laughed. . . .

The rat circus in the northernmost Max Berman show window was at once a delight to children and rather a despair to their parents Saturday night. . . . The despair was because the children protested so actively over being taken away from the window, once they'd gotten a look at what was going on. . . . During the day the rats were on a strike, it seemed, but when nighttime came they began to romp. . . . They were such tiny rats that we kept wondering what would be their reaction to one of those barn rats of ours. . . . It would probably be on the order of the hen's reaction to the ostrich egg. . . .

A cruise of the Gulf of Mexico sounds highly interesting—and that's what the H. A. Axtell family of Iatan, including daughters Jo and Ann, are to have in the near future. . . . Rumor is that on their return to Mitchell county, Jo Axtell, who formerly attended the Oklahoma State College for Women, will leave for New York and Cleveland to do some special study before taking a position in the East. . . .

Already well-known hereabouts for his oil and golfing activities, Obie Bristow of Big Spring will soon be known as a football commentator, according to reports. . . . Bristow, who used to coach at Big Spring, now gives a weekly grid broadcast over Big Spring's radio station, KBST, each Thursday at 7 p.m.

Frankly, we don't endorse this story, but they're telling it for the truth: A certain Colorado City man read a headline saying, "War Is Being Waged on Malaria," and then searched all subsequent editions in a vain effort to learn how the poor Malarians were getting along. . . .

Our Gilbert Quinney—at least, he used to be ours—was the subject of this story which appeared in the Lubbock Avalanche-Journal shortly after the death of Floyd Gibbons, famous war correspondent: "A Lubbock man, Gilbert R. Quinney, 2301 Eighteenth street and employed at Mark Halsey Drug store No. 1, was a member of the U. S. Marines, sixth regiment, when the late Floyd Gibbons, famous Chicago Tribune war correspondent, lost his eye. 'I was a sergeant of the 82nd company, sixth Marines and Mr. Gibbons was attached to our battalion, the third of the regiment, when he lost his eye,' Quinney said. 'It was on either June 6 or June 8, 1918, at Belleau woods. He received the injury to his eye when he was rescuing Major Berry, commander of the 97th company. I think Major Berry was either killed or lost a leg later in the war.' Quinney said he remembered Gibbons being attached to the regiment as a correspondent, but that he did not know him personally. He was a sergeant of his company, which saw a great deal of activity during the battles at Belleau wood. . . ."

Our chamber of commerce has undertaken and accomplished many worthwhile things, but nothing that it has done in a long time has drawn so many fervent, even the unspoken, "hoorays" as will the announcement that the "Welcome to Colorado" sign over Second street is going to be repaired, modernized, and neonized. . . .

Although riding is the most generally accepted form of recreation on a ranch, Marion Chappell of New London, Connecticut, is a walking enthusiast and has hiked many a mile since she and her niece, Marion Elise Chappell, arrived at the Renderbrook ranch several weeks ago. . . . They are occupying the new home built on the ranch not long ago by Mrs. Frank Chappell and Mrs. R. L. Keeney, daughters of the late W. L. Ellwood and therefore co-owners of the ranch with E. P. Ellwood. . . . Marion Chappell is Mrs. Chappell's sister-in-law and the niece is her daughter. . . . The niece does the riding. . . . While attending the Hesperian banquet last Thursday night as the guest of Mrs. O. F. Jones, wife of the Renderbrook manager, Miss Chappell said that she had been greatly perturbed that day by the death of a little stray dog which had come to the house and which had been accompanying her on all her walks. . . . They encountered a rattlesnake on one of their walks. . . . The little dog got too near the snake and was bitten, later becoming so ill that he had to be shot. . . .

A picture of Elmo V. Cook, former Mitchell countian who is now county agent at Eastland, appeared on the front page of the second section of Tuesday's Fort Worth Star-Telegram. . . . Cook was snapped as he helped to inspect some of Eastland county's famous peanuts. . . .

Sport-minded Colorado Citizens had suddenly become six-man-football-conscious last Friday morning after the Westbrook-

Coahoma game was played on Cantrill field Thursday night. . . . And a lot of local fans were trying to trade Bill Fletcher, Westbrook coach, out of those fast backfielders of his. . . . Namely, Junior Oglesby, Red Davenport, and Burl Claxton. . . . If the Westbrook-Coahoma game was good, those in the know say that the Westbrook-Forsah game, which will be played here Saturday night, ought to be more than good. . . .

Although they aren't newcomers to Mitchell county by about two years, we are just now learning about Mr. and Mrs. Howe Mayse, who live on—and own—what is known as the old Gage ranch down near the Byron Byrne ranch. . . . Mrs. Mayse, who is a Junior Hesperian, was at the senior Hesperian dinner the other night, wearing a black-skirted dinner dress with a red cherry-red balls. . . . She's quite attractive and unusual. . . . Our various inquiries since meeting her have revealed that she was a Midland girl before her marriage, that her husband was a San Angelo man, and that there's a two-year-old son in the family. . . .

About the most enthusiastic fan at the Colorado City-Merkel game Friday night was Doris Herrington, 2½-year-old daughter of County Clerk and Mrs. James Herrington. . . . It was Doris' first football game, and although she had to stop occasionally and stifle a big yawn, her big blue eyes were popping with interest most of the time. . . . She took as her yelling pattern the man just in front of her, Earnest Smith, and the folks 'round about had a hard time keeping up with her mimicry and the ball game at the same time. . . .

With three children attending Texas Tech, Mrs. Compton Fritchett is finding it more profitable all the way around to live in Lubbock these days. . . . Her banker husband goes up for the week-ends. . . . Dan, the only non-college child left in the family, is attending public school in Lubbock. . . .

A toy iron cookstove that has been in the T. L. McKenney family of Iatan for 80 years was used as one of the table pieces at the "100 Years of Progress" dinner of the Business and Professional Women's club Tuesday night. . . . The stove has skillets 'n' everything, even a little grate for sure-nuff cooking. . . . The stove was supplied for the occasion through Roselle McKenney, a daughter of the family and a member of the club. . . .

Nice rumors are going around about this new Chas. T. Trickey family who moved here recently from Dallas. . . . Mr. Trickey, you know, is a state highway engineer and has been stationed here to gather information preliminary to the drawing of plans and specifications on the new bridge and underpass which Colorado City and Mitchell county are going to acquire one of these days. . . . The Trickeys, it seems, have six children and are proud of it—and from what we've seen and heard of the children so far, their pride is justified. . . .

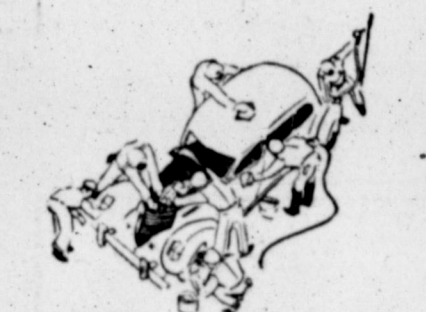

The two older daughters, Bernice and Mary Ellen, are in TSCW at Denton, the former a sophomore, the latter a freshman. . . . Peggy Jean is a sophomore in Colorado City High school, and Charles, Jr., is in junior high school. . . . Jerry and Mackey complete the family. . . . Jerry's a sixth grader, while Mackey is in the Hutchinson school. . . . The Trickeys are living in the T. C. Richardson home on Eighth street. . . .

Not more than a decade ago a teen-age boy came into the Jerold Riordan store wearing a very well-preserved hat which he said—and proved—was bought at The Beehive, a shop which Jerold Riordan's mother, the late Mrs. J. E. Riordan, operated here until 1885. . . .

One hasn't seen Roy Farmer about town so much recently as used to be the case. . . . It seems that Roy has started living up to his name in earnest and is now kept busy from dawn until dark hauling off the cotton which his and Miss Maude's farm southwest of Westbrook is producing right bountifully. . . .

When Corley Bozeman has worked two more years in the local postoffice, he will have rounded out a half a century of continuous postoffice work in the Bozeman family. . . . His mother, Mrs. D. T. Bozeman, was made postmistress at Cuthbert in 1891 and served in that capacity for years. . . .

**GO TO SAN ANGELO**

**FALL Round-Up!**

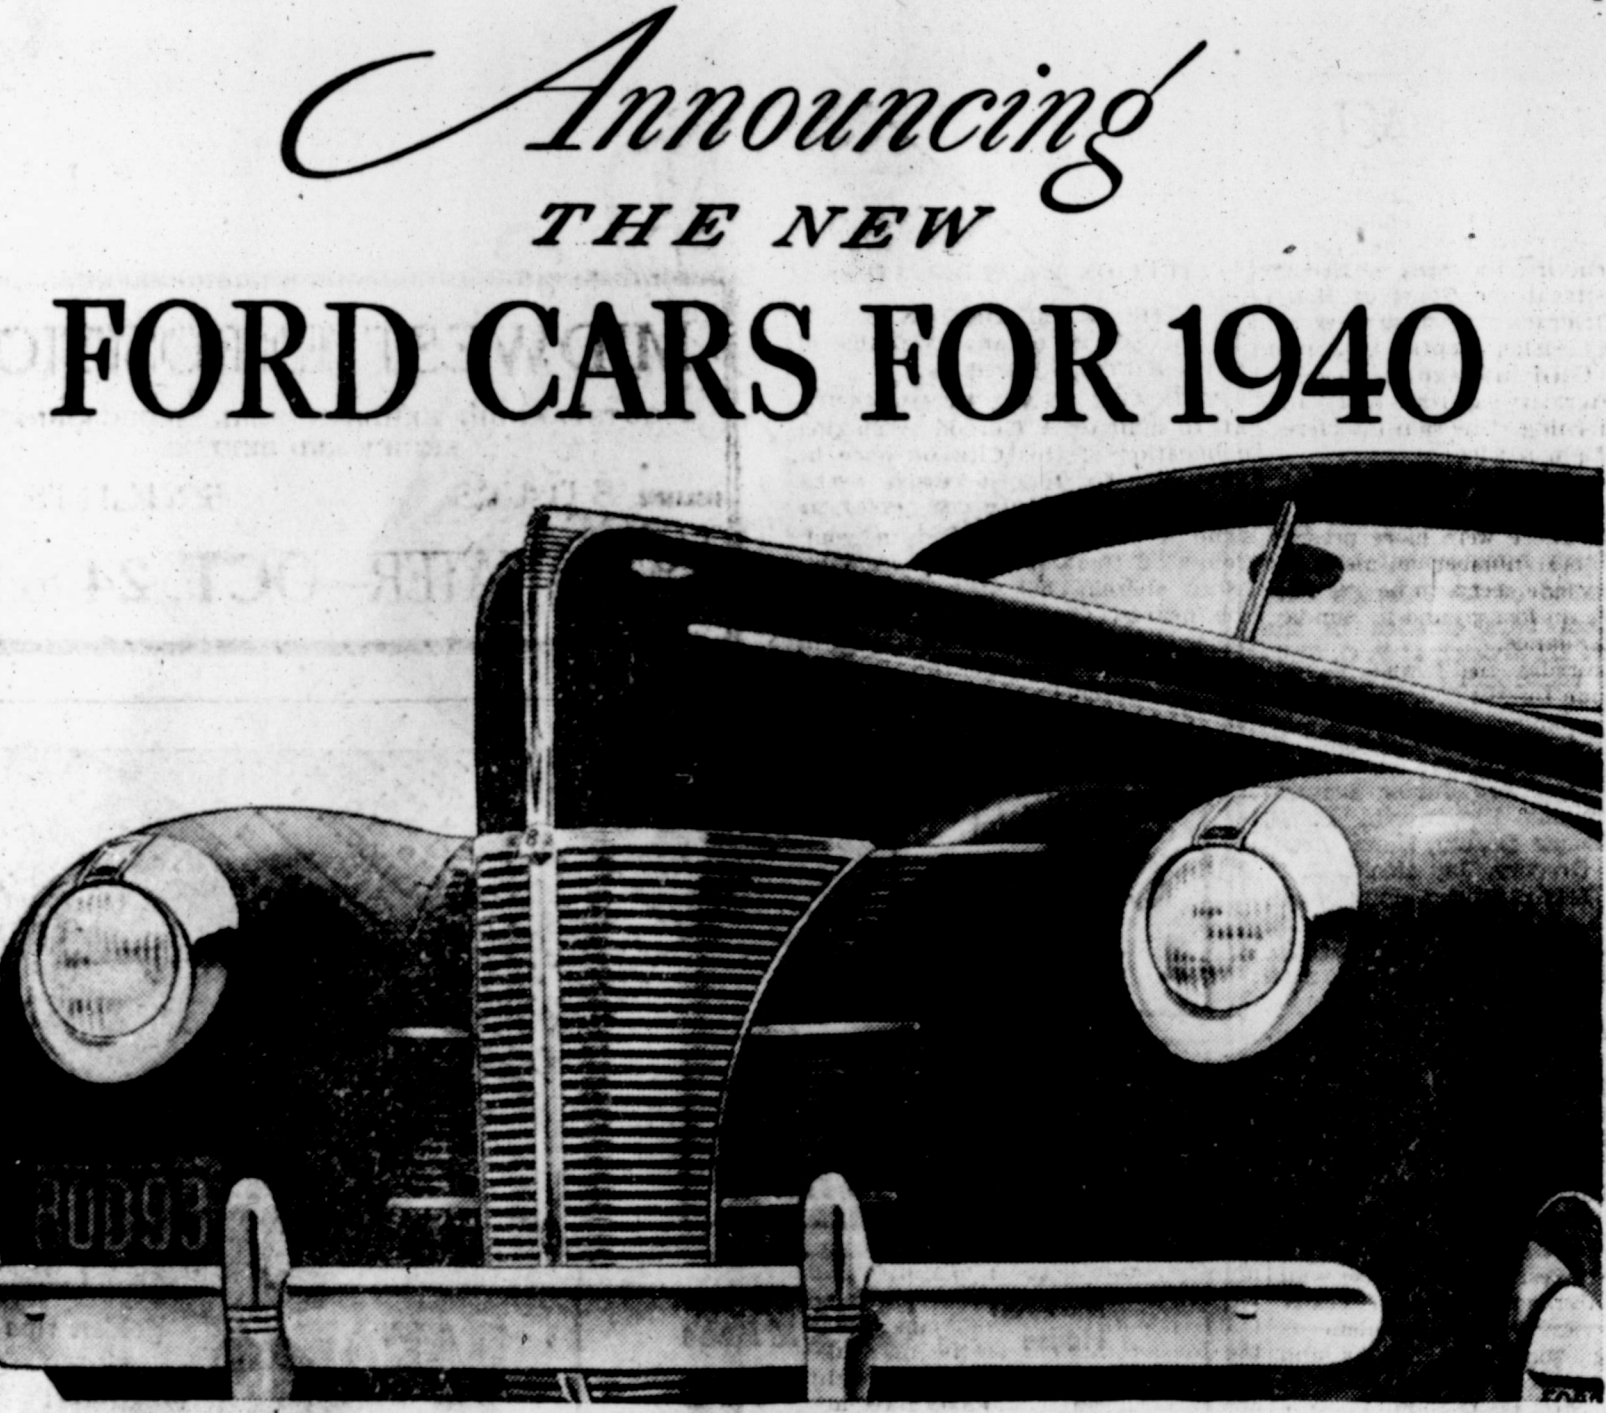

The title of this little piece doesn't lead us into a song about the lone prairie where the wild coyotes howl; on the contrary, it's to remind you that it's high time you rounded-up your car and herded it into a Humble Station for the servicing it needs for trouble-free Fall driving. . . . It's time to have your tires looked over, time to have your battery checked, your spark-plugs tested, your fan-belt looked at, your worn-out wiper blade replaced. It's time to clean and polish summer-dulled paint, it's time for a verified lubrication job, it's time to drain and change your crankcase oil. . . . Humble Stations, you know, are fully equipped and the men carefully trained to keep your car running right and looking good. Round up your car under the nearest Humble sign—soon!

## Darryl F. Zanuck's Production Of "Stanley And Livingstone" Has Spencer Tracy, Great Cast

**Adventurous Story Of Great Reporter To The Screen In Spectacular Film**

"Find Livingstone!" Exactly 70 years ago this October 16th, James Gordon Bennett barked these words at his crack reporter, Henry M. Stanley.

It was apparently the most hopeless assignment in all journalism. No one but a mad man would brave the terrors of unknown Africa to

STANLEY & LIVINGSTONE

hunt for a missionary-explorer from whom no word had come in two years.

How Stanley found Livingstone, how the world called the newspaperman "the most colossal liar of his age," and how he later became the greatest hero of his era, is the story of the 20th Century-Fox picture, "Stanley and Livingstone." It comes Saturday midnight, Sunday and Monday to the Palace theatre, an important event for Colorado City and a notable occasion for all.

Spencer Tracy, twice an Academy Award winner, portrays Stanley, Nancy Kelly, who rose into the front ranks of Movietown with her role in "Jesse James," and Richard Greene, who in a year's time has become one of Hollywood's top romantic

stars, are starred with Tracy. Another two-time Award winner, Walter Brennan, heads the outstanding cast which includes Charles Coburn, Sir Cedric Hardwicke (as Livingstone), Henry Hull and Henry Travers.

Henry King, who directed "In Old Chicago," "Alexander's Ragtime Band" and "Jesse James," was assigned the megaphone.

In 1937 Mrs. Martin Johnson, the famous explorer, led an expedition of 27 Hollywood players and technicians into the wild Tanganyika country of Africa. They began at Bagamojo, on the coast opposite the island of Zanzibar, and retraced Stanley's historic nine-months' trek in 1871. They spent five months in reaching Ujiji, the village where Stanley found Livingstone, filming the country, which had changed little

## Jackie Cooper Helps Cast Own Picture

For three of Jackie Cooper's gang in Monogram's "Streets of New York," studio casting directors have no difficulty, Jackie, himself, rounded up the fellows.

Buddy Pepper, who plays Flatfoot in this story of American youth coming Sunday and Monday to the Ritz theatre, is a member of Cooper's swing orchestra. Buddy, who attends Beverly Hills High School, is the pianist in the sextet and plays his second screen performance in "Streets of New York." He was seen as a jitterbug in "Gangster's Boy" starring Jackie. Another actor who has appeared with Jackie before is Bobby Stone, who was seen in "Gangster's Boy." Bobby is from Cleveland and six months ago landed in Hollywood after hitch-hiking it from his home town. He managed to get his first screen role in "Angels With Dirty Faces," after sneaking on the James Cagney set.

## Irene Dunn And Chas. Boyer Co-Starred In "When Tomorrow Comes" At Palace

Charles Boyer and Irene Dunne

Three great names combine to produce Universal's "When Tomorrow Comes," which comes Friday and Saturday to the Palace theatre.

The three are, Producer-Director John M. Stahl, and stars Irene Dunne and Charles Boyer.

For the past ten years Stahl's name has been prominently listed among the great directors of the screen. His "Back Street," "Magnificent Obsession," "Only Yesterday" and "Letter of Introduction" have ranked among the best pictures of their respective years. He is recognized as one of the screen's geniuses.

Miss Dunne, since her outstanding work in "Showboat," "Magnificent Obsession," "Back Street," and her more recent "Love Affair," is one of the great feminine personalities of pictures. And Boyer, who has supplanted Valentino in the hearts of American women, now ranks as tops among the male personalities.

"When Tomorrow Comes" links the players in a vital love story played against the background of the recent hurricane which devastated portions of New England. Boyer will be seen as a famous French pianist, while Miss Dunne is a waitress who meets and falls in love with him in seventy-two hours.

In supporting roles will be seen Barbara O'Neil, Onslow Stevens, Nydia Westman, Fritz Feld, Nella Walker, and Greta Meyer.

## FAIRVIEW FACTS

Four boys, Garlin Emfinger, Floyd Pond, Lloyd Cox and Wendell Willis of Boy Scout Troop No. 76 received awards denoting the rank of Second Class Scouts at the Court of Honor held in Colorado City last week.

Rev. Jim Fields, Baptist pastor at Fairview, filled his regular appointment at Fairview Saturday night and Sunday morning. The rain interfered with the night services.

There was a noted increase in attendance at Sunday school Sunday afternoon. There were more present than the total number in membership. Every one seems to be working hard to regain lost ground in Sunday school attendance.

Last Thursday night was regular meeting time for the Fairview school board. All members were present and transacted immediate business pertaining to the school.

If you have not noticed the flowers at the school building you are missing a treat. The flowers are now blooming at their best. The Parent-Teacher organization is proud of them.

The enrollment has increased at school. The enrollment now is 43. There are sixteen pupils in the primary room and twenty-seven in the intermediate room.

The Fairview Boy Scouts met Tuesday night in regular meeting. A good number was present and great interest shown.

October 26 is the date for the P.-T. A. and Boy Scout pie supper. Don't forget the date and make plans for attending this program.

Miss Floy West spent the week-end with her parents near Haskell, Texas.

Mrs. T. E. Willis of Abilene is visiting her son Claude Willis and family.

Mr. and Mrs. O. L. Simpson were visiting in our community Sunday afternoon.

## CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Mitchell County, Greeting:

YOU ARE HEREBY COMMANDED to summon A. Gordon by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Mitchell County, to be held at the Court House thereof, in Colorado City, Texas, on the 5th Monday in October A.D. 1939, the same being the 30th day of October A.D. 1939, then and there to answer a petition filed in said Court on the 25th day of September A.D. 1939, in a suit, numbered on the docket of said Court as No. 5859, wherein Nannie Gordon is Plaintiff, and A. Gordon is Defendant, and said petition alleging that the suit is brought for divorce and restoration of plaintiff's title in real estate, setting up as grounds for a period of more than three years, and abusive treatment by defendant towards plaintiff during the time she lived with him as his wife; and alleging that at the time of separation there was no community estate between plaintiff and defendant, and that there were no children born to the marriage, praying for annulment of the marriage and for judgment holding for nought any interest defendant may have acquired in plaintiff's property by reason of the said marriage.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Colorado City, Texas, this 25th day of September A.D. 1939.

J. H. BALLARD, Clerk.  
District Court, Mitchell County.

## Mothers Help Girls

When girls are weak, run-down, nervous, subject to periodic pains, many a mother knows those may be only symptoms of functional dysmenorrhea due to malnutrition which many find are relieved by CARDUI. It helps build physical resistance through improved appetite and digestion. Also reported by many is that CARDUI, taken just before and during "the time," helps to ease the pain.

Nearly \$12,000,000 paid last year to Texas telephone people

Into pay envelopes for Texas telephone people last year went nearly 12 million dollars—wages to operators, to linemen and repairmen, to others in the far-flung brigade of Texas telephone people.

The largest item in the cost of furnishing telephone service in Texas is the wages paid to the 8,700 men and women who make Texas telephones talk. Of every dollar it cost last year to furnish telephone service in Texas, more than 40 cents went for wages.

Nearly 12 million dollars' worth of human energy and skill went into your telephone service in Texas last year . . . to the people who furnish you fast, accurate, and dependable telephone service . . . yet the cost of a telephone in your home is only a few pennies a day.

### SUBLIMEST OF ATTRIBUTES

Willingness to sacrifice for the good of others, which is impelled by overmastering love, is the sublimest of the attributes with which men are endowed.

Adjectives are incapable of conveying an adequate idea of the depth of the feeling that impels self-sacrifice.

Self-sacrifice for the good of others approaches nearer the profundity and sublimity of the feelings of the Christ than any other.

It is beyond the sublime. It is deeper than profundity. It is more heroic than heroism. More than any other, or all other virtues of man, it stamps him with Divinity.

It was this glorious attribute which impelled the Son of God to become the Son of Man, in order that the sons of men might become the sons of God.

Here again obtrudes the comparison of man with other living creatures, and here again we find that when we come to this and other attributes of man we see that he is infinitely superior to the best, yet he sometimes so far debases himself as to act like a beast.

Only man is capable of appreciating the beauties of Nature, the duty every one owes to his neighbor and the facts discoverable only by intelligence. The great eagle soars high up in the blue empyrean, but neither the dazzling sun, nor the perfectly arched rainbow, nor the twinkling stars interest him. He knows nothing of love and sympathy.

It requires God-like attributes to enable one to experience God-like emotions, and induce one to perform God-like deeds.

Another letter from our honey friend H. L. Baker. Can you tell what he is talking about? What had Paul to do with changing the Jewish calendar? We give the letter below:

Colorado City, Sept. 23.

Uncle Fred, a word:

I am not trying to get in print, in fact I want to ask you not to print this or last week's letter. I just wanted to know something of where the Jew's calendar has changed since the time Jesus was crucified. If you will I would like for you to explain that in the next Colorado Record.

A thought I am throwing in for good measure concerning the inheritance:

Paul says, "And if children, then heirs; heirs of God, and joint heirs with Christ; if so be that we suffer with him, that we may be also glorified together." Romans 8:17. We should note that Paul says, "If children then heirs," no one can say he is an heir of God unless he is a child of God. The doctrine of spiritual sonship was beyond the comprehension of Nicodemus and many who now try to explain do not know what they are talking about. Nicodemus could see only the physical side of being born again, and many go to the other extreme and see only the spiritual side, declaring the new birth is a miracle and altogether the work of God. Jesus said, "Ye must be born of water and spirit to enter the kingdom of God." But some say the water is non-essential. When men are born of water and spirit they are the children of God and therefore heirs of God. It was with this in view that Paul said, "Therefore we are buried with him by baptism into death; that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life." Romans 6:4. This is a plain statement of the facts in the case. When we are buried in baptism we then rise to walk in newness of life. This new life is the result of which Jesus said was in part by water and which Paul says is by baptism.

Thank you Uncle Fred. Throw this with last week's note in the waste basket. Please.

H. L. BAKER.

This commentator cannot answer the first part of Honey Baker's letter but as Mr. Baker believes baptism is essential to salvation and that sprinkling is not baptism we will endeavor to answer his second thought in the letter.

The act of baptism is a figure, of that which saves. 1 Pet. 3:21, showing forth to all observers four things: First, the death of Jesus Christ. Second, his burial. Third, his resurrection from the dead. Fourth, that he is alive since his resurrection. The only value of baptism is its teaching these four truths. They are four vital truths in the Bible; and a figure representing the tragedy of calvary and the glory of the resurrection is, in the realm of teaching, probably the greatest in all the world. This is the value of scriptural baptism.

New Testament church membership was the voluntary association of those who were saved by repenting of their sins and trusting in Jesus Christ. After being regenerated, pardoned of their transgression, made children of God and members of God's family, they followed the impulse in their hearts to join together to carry the news and blessings of Christ to others, even to the utmost bounds of human habitation. The great value of uniting together in such organizations as New Testament churches cannot be fully realized or estimated. It blesses everyone who is thus associated with others in the church. Each individual so associating with others carries blessings to those with whom he associates. The cooperation between the members strengthens and helps all the members. Such cooperation into organized church membership sustains in time of trouble and distress, and also, greatly encourages when prosperity comes to the efforts put forth by those engaged together in the Lord's work.

Baptism has nothing whatever to do with the saving of the soul. "The blood of Jesus Christ, His Son, cleanseth us from all sin." A cleansed person is saved, and the cleansing is not by baptism, but by the blood of Christ shed while suffering the penalty for sin. Church membership has nothing to do with salvation, for the same reason that salvation comes by the blood of Christ. Church membership has a great deal to do with personal experience, combating evil and giving the gospel of Christ to the world. This is the value of New Testament church membership.

A saved person may sow the seed of gospel truth, or do good deeds in the name of Christ and receive rewards for such sowing or good deeds. Receiving rewards for good deeds done in the name of Christ does not depend upon baptism, nor upon membership in a New Testament church. People should be baptized, after repenting of their sins and trusting themselves to Jesus Christ, but their salvation and their rewards do not depend upon their being baptized. Every child of God should join a New Testament church, but receiving rewards for doing good in the name of Christ does not depend upon joining any church. A converted person can do more good and help in many ways better after joining the church than before taking church membership, but neither being saved nor doing good depends upon membership in a church.

Now will you be good?

### FAMILY LIFE

We visited this week in the home of Mr. and Mrs. Joe Smoot. As we entered the home Mrs. Smoot was reading a magazine and she said: "I've just been reading about a married couple who have not spoken a word to each other for forty-nine years. Now that's my idea of a perfect set up."

"My idea of a perfect set up is for the husband to be as deaf as a post and for the wife to be dumb," Joe said.

"Well, our set up is fifty per cent perfect," said the little woman.

"I was dumb all right when I followed you to the altar."

"Followed is right," Joe said. "You were right behind me every jump."

"Well, get ready to jump again, for this paper weight I'm about to throw is not made of tissue paper," said the little woman.

The little woman put down the magazine and started to sing that old song, "I'm Building Up To An Awful Let-Down."

"I was just thinking," said the little woman, "that if I were a carpenter I would build a scaffold to drop you through."

"Don't talk like that," Joe said. "Don't you remember at our wedding you promised to take me as your lawful wedded husband?"

"I misunderstood," said the little woman. "I thought the preacher said 'Awful wedded husband.'"

"Didn't you know when you married me it was a sentence for life?"

"I still think that a girl should get a few years off for good behavior," said the little woman.

"Listen," Joe said, "you have made a monkey out of me long enough. I am getting out of this."

"Listen," said the little woman, "you were made a monkey long before I ever saw you, and you'll never be able to get out of it."

"I am going some place where I will be appreciated," Joe said.

"I am going to get ready right now and leave."

"Now, that's just too bad," said the little woman.

At this juncture this columnist writer said: "Will you please run and hide while I write my column? I am already late with it now."

Your two or three readers must get pretty tired of reading about what I said and what you said," said the little woman. "Why don't you give them some war news for a change?"

"Pardon me," I said just as sarcastically as I could, "just what do you call this that I am giving them?"

Joe said:

I've never had the last word

In all my married life.

It didn't take me long to learn

It belonged to the little wife.

I've never had the last word,

And very few, I ween,

Of first to last, and as for that,

Of any in between.

### ABOUT THE COLUMNIST—NO TALENT ESSENTIAL

Having been asked to advise "how" to write a column, this commentator is passing on advice received by him in the long ago, all of which holds good since there is little or no progress being made in column writing.

A good columnist must be resourceful. He's got to fill so much space whether there's anything doing or not that is worth telling. Wonder what Ben Franklin would think of some of our efforts.

Seems like the first thing to do to become a columnist is to buy a bunch of racy joke books. Some may not like it, but they'll read it. After reading it, they'll talk about the columnist, and the columnist thrives on publicity—good or bad.

Next, exchange with a number of papers having columns. Most of them are copycats anyway.

"The Best Jokes About Doctors" is a favorite book. Your doctor will get sore, but he will never advertise in your paper anyhow. The writer once gave the pedigree of a doctor's bird dog as "bromide of potassium dam borax of peruvian bark." He got mad. I mean the doctor—not the dog. The doctor said it was unethical for him to advertise. He classed it as medical advertising because his name was used along with medical names in the same paragraph.

The morticians, lawyers, preachers, and politicians are considered a fruitful field for columnist blasphemy. Switch around and let them cool off occasionally. Then's where your joke books come in handy.

Some columnists of assinine mind, impose on their alleged friends for jokes. The local boys stand the gaff because of free tickets to Dutch lunches, personal gifts of the publication, or just plain fear of having a skeleton drawn from the proverbial family closet. The following paragraph is a sample:

What local family man quickly discarded the lady he was dancing with at a night spot a few days ago when his wife suddenly appeared on the scene? A spasm like that will put fear in many a man's heart, but it's good column dope.

You wouldn't blame some guys for taking a sock at you—if there was anything to it. Usually there isn't. It's just a columnist's way of getting the folks to talking—and reading his column.

Another thing that's easy about column writing is that you don't have to know how to spell or write sensible stuff. Your readers will think you meant it all that way.

Then, too, if you write something that nobody understands—it's deep stuff, and you get a lot of credit you don't deserve.

If you don't happen to have the intestinal fortitude to mention local parties by names, use fictitious names. They will understand. At least a half dozen will point out a local personage each week and gloat over what you have said about them.

When it looks like you have run completely ashore, get on women's fashions. It offers a wide field for exploration and comment. You seldom ever go too strong. The bustle is coming in, and that is nothing as compared with men's styles of clothing.

If a man would look chic these days, he wears his shirt outside his trousers making him look like a cross between a Chinese laundryman and a Volga boatman. Or perhaps an art student from the Latin quarter minus his beret. Some prefer a marcel wave to the beret effect.

Cinnamon stick is the name of the newest makeup shades, one that is warm, spicy and makes the mouth look like some kid had poked his wet finger through a chocolate bar.

The best thing about writing a column is that no talent is required. At least no talent has ever developed in a column. For that reason, every publisher should run a column rather than the free advertising dope, one sees in many of our publications at this time.

### NOAH, TOO

When Noah sailed the water blue,

He had his troubles, same as you,

For forty days he drove the Ark,

Before he found a place to park.

—Anon.

### WHEN GRANDMA WAS A GIRL

They had no rats and Marcel waves or wasp-like figures then;

No high-heeled shoes or patent rouge made to deceive the men;

No purring language, mincing walk or gay peroxide curl—

No chafing dish flubdubbery, when Grandma was a girl.

Teacher: "Now can any member of the class tell me where we find mangoes?"

Oscar: "Yes, miss, wherever woman goes."

"Have you been through calculus?" inquired the college professor.

"Not unless I passed through at night on my way here," replied the new student. "I'm from Kansas, you know."

### NOTES ON COLORADO CITIANS AT H-S-U

By The Snooper

I know you people left behind wonder what the last year seniors are doing at college, so I'll let you in on a little gossip of Hardin-Simmons University.

The H-S-U. fish are learning, at least the upper classmen say there's a chance. Although a few of the collegiates came home this week-end they left enough behind to hold the fort down. At the skating rink Friday night we found Theda Howell still fussing because she couldn't get a good pair of skates to suit her. Saturday night we saw Shadrack with his best girl sat beside him on another guy's knee. We also found at the fair grounds Rozelyn Stafford prancing around with that good looking boy from her accounting class taking in Anson Weeks' Floor Show. How these freshmen do get around. While I was looking in on the negro football game Friday night I caught a glimpse of Marjorie Burgess and her roommate taking in this most interesting sight. I didn't see Frances Merle Cooper for she went home for the week-end; so did Theda Howell—and our McMurry student Adean Fry.

And that ex-graduate of Colorado City, Doris Wayne O'Brien, gets around with her two-year steady, and being a real pal to the fish of Mary Frances Hall.

What's this we hear of all the freshman girls having to wear their pajamas to the first home football game at H-S-U, which is next Friday. But I'll let you know all about that next week.

### HERE FROM ABILENE

Mrs. Harold Boney and daughters of Abilene were guests of Mrs. Boney's parents, Mr. and Mrs. Geo. Plaster, from Friday until Sunday, having come home from Abilene with the Plasters on Friday. Mr. Boney came after them Sunday.

PUT THE Sparkle  
IN THEM WITH HOT WATER

Automatically by Gas!

Glasses and china "come clean" quickly and easily, grease gives up without a struggle when there's plenty of piping hot water for dishwashing. And rinsed in really hot water, dishes practically dry themselves to a sparkling appearance! So many daily needs in the home for automatic hot water that going without such a service is not only delaying but expensive. To have hot water at the turn of the faucet there's nothing to equal the efficiency and great economy of an automatic gas water heater. If your present system is out-of-date or worn-out why not take advantage of easy terms being offered this month on the newest gas automatics?

SPECIAL TERMS THIS MONTH

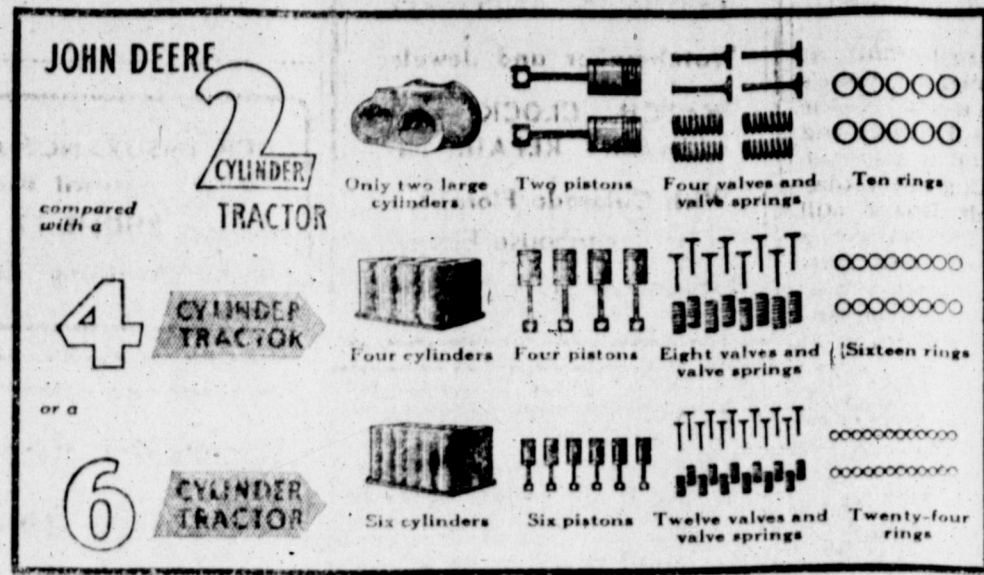

See your dealer or gas company now... learn how little each month it takes to own one of the newest automatic gas water heaters. Automatic hot water is a convenience no home should be without.

# A 16-Year-Old Principle

THAT IS STILL THE MOST PRACTICAL DEVELOPMENT IN TRACTORS

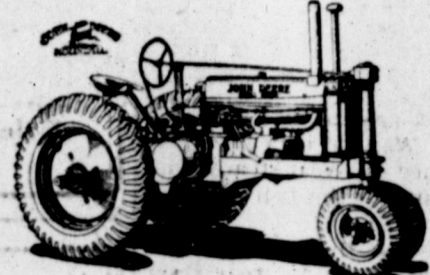

Sixteen years ago John Deere adopted the two-cylinder principle for the then budding Model "D" Tractor. Refined and improved, this same fundamental design is today embodied in the entire John Deere line of seventeen models—it is still the leader in the things you want most in a tractor, still unequalled for simplicity of construction, economy of operation, and dependability of performance.

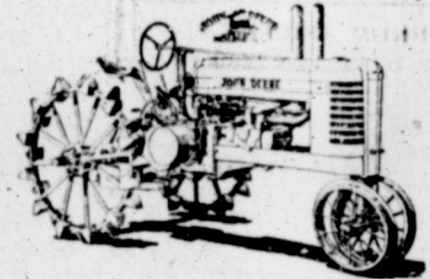

This two-cylinder principle gives you the practical advantages of fewer but heavier parts that last longer, short manifolding to burn the low cost fuels successfully, efficient trouble-free thermo-siphon cooling, a straight-line transmission of power with no bevel gears to consume power, and a belt pulley on the crankshaft—fundamental advantages to be found in no other tractor.

Now add the remarkable ease of operation of a John Deere Tractor, perfect vision to both sides of the tractor, short turning, comfortable seat, roomy platform, and one-man hook-up of implements and you, too, will join the thousands upon thousands of farmers who have made their power costs take a nose dive with John Deere Two-Cylinder Tractors.

Come in and let us show you why these features make a John Deere your best tractor investment.

Model A is a heavy-duty two-plow tractor powered to pull two 16-inch plow bottoms in average soil conditions.

Model "G", a powerful three-plow tractor for big row-crop farms. Handles four-row equipment with ease.

FROM THE SIDE LINES

Never let it be said that Colorado can't win the district!!! Perhaps it was a surprise to some few of you that the Wolves actually beat Merkel, but we C.H.S. students knew all the time that they would win the game because it was a conference game. Because the Wolves' present ambition is to win the district and what's more they're gonna do it!

Our star fullback, Jack (Bullet) Smith, started off with a bang by ringing up the first six points of the game the first play. He ran a mere thirty-five yards for a touchdown. . . .

A few minutes later one of our two star half-backs, Ross (Whizzer) Glover, went over the last white line after a sixty yard run, but evidently the referee didn't see it because the play was called back. . . . That's alright Ross we saw the play and we also saw that forty-five yard run for a touchdown you made that was called back still later in the game.

The fourth touchdown that was made (the second one that counted) resulted from a little forty-five yard toss from the arm of quarter-back Johnnie (Larry O'Brian) Grubbs to the stretched out arms of end "Dookie" Cox, who fell across the goal line.

Johnnie converted one of the two after-touchdown plays by kicking the ball between the up-rights for the thirteenth point. . . . Thus happily ended the first conference game for the Colorado Wolves with a decisive victory of 13 to 0 over the Merkel Badgers.

Those of you who didn't get to see the new uniforms of the band must come out next Friday night and see them parade around while the Wolves are whipping the sox off of Loraine!

Today advertising points the way to only real bargains.

PRESENTING: W. L. DOSS

Mr. W. L. Doss is a rather small man with dark complexion, brown eyes, and black hair. He wears glasses occasionally. His teeth are very bright. (They tell me he uses Lava soap for tooth paste!)

Mr. Doss' favorite pastime is hunting, and he likes bird-dogs. He tells us (and we wonder if he's joking) that he is a confirmed "jitterbug" dancer!

"Bill" Doss was born in Colorado City, and has operated the Rexall Drug for several years. The drug business has been his only occupation. Mr. Doss is the father of Willie Grace, who graduated from C.H.S. last year.

C. C. BERRY

Mr. C. C. Berry of the Fairview community was born in Baltimore, Maryland. At the age of two, he came with his family to live in Terrell, Texas. After living at Terrell for ten years, the Berrys moved to Fairview, here in Mitchell county. With the coming of this fall comes also Chester Berry's fortieth year in Fairview.

The schools of Terrell and Fairview furnished Mr. Berry's education. He didn't go to college and farming has been his only occupation. For hobbies he turns to fishing and deer-hunting.

Mr. Berry has one son, N. T., who went to school at Fairview and C.H.S. He went to Chicago, took an electrical course, and is now connected with a radio shop in Colorado City.

CHORAL CLUB NEWS

The Choral Club elected officers this week. They are: President, LaVoyce Short; secretary, Doris Lynn Brown; vice-president, Jan Lee.

The Choral Club has also given two performances. One was at the Lions club and the other at Junior High school.

ANNUAL STAFF PRESENTS PROGRAM

The annual staff presented their first program last week in assembly. Nancy Price, editor-in-chief, took charge of the program with the entire staff as her aides. Each class editor told us something of the improvements to be made in this year's annual.

A poster-size replica of the cover to the annual was shown. The cover is to be carried out in black and red, the school colors.

This program was well managed and proved interesting as well as informative. After the program was ended, annual questionnaires were handed out to be filled.

ANNUAL SALE STARTED OCT. 9

"Have you bought an annual? Are you going to buy one? How much are they? Get your money in soon. Buy one from me." All these questions and statements have been heard since the beginning of the week. The annual sale has begun.

Our annuals are selling for \$2.50, and if things keep running smoothly, that money will buy you a much better yearbook than last year's. It is hoped by the business manager that all money or deposits are in by January the first. Buy yours as soon as possible!

STOP NEGLECTING OUR DECALS

Do you realize that if every senior would sell ten decals (or stickers) that they would all be sold? These decals have been paid for at a loss, and the senior treasury suffered that loss. Now, if you seniors would cooperate, this loss would be covered and a profit made. People are clamoring for these decals, so get out and sell them to them!

CLASS PROGRAMS BEGUN

On Monday of this week the seniors put the first class program underway. These programs are a yearly event, and time does fly! At any rate, the time has come again for them, and the seniors started off with a swing and sway session of popular music. Let's hope the junior and sophomore programs are as successful as theirs.

SENIOR CLASS REVEALS TALENT

Members of the senior class showed their ability to compare with the most famous personalities in the world of popular music last Monday. We will wager that you didn't realize such talent as was unveiled in the senior program even existed. Guy Lombardo, alias Karnes King, was host to a number of guest celebrities on his local Colorado City broadcast. With the ease of a professional Karnes led his orchestra for the accompaniment to our own Andrews Sisters, Harry Landers, Freddie Watson, and Ann Axtell. Their contributions were "Well, All Right," and "Beer Barrel Polka." An entirely different tempo was added when Guy turned his baton over to Glen Gray, Walter Grubbs. Glen offered his two popular selections, "Sunrise Serenade" and "Woodchoppers Ball" much to the intense pleasure and delight of the audience. To top good with better, Ella Fitzgerald, our own Jean Morrison, was presented to

lead the orchestra in, and sing two of her current hits. They were "If That's What You're Thinking, You're Wrong," and "I Want The Waiter." When his guests had completed their offerings, Guy returned to end his first variety program with the ever-lastingly popular "Auld Lang Syne." Charles Nuckolls, the announcer for the evening signed off on a very successful senior presentation.

CAMPUS CAMERA

The first inning of your school Gosh-sip column this week reveals a bit of new about a former student of CHS, J. T. Williamson. The trombonist ultra ultra is already in high standing in Texas Tech's band. It seems he has nabbed solo trombone position and if you know anything about a band, you understand why we give this space in the C. C. . . . Walter Grubbs was on a spending spurge last week and passed candy (the kind you slap out of a penny slot apparatus) to fellow classmates, teachers included. The remainder he was forced to surrender to the aforementioned teacher. . . . Donations are in order to buy Clay Mann Smith a tin whistle that he sported at the anti-noise whistle he sported at the ball game caused some alarm. . . . May I use your compact? . . . How about using your comb for a minute? . . . Lend me a sheet of paper. . . . Have you ever noticed The One that Edna Davidson has attached? He's worth a little attention. . . . Billy Erwin was verra brava Saturday midnight. He went to frizz at the thriller and even took a girl. . . . See you at the Real football game of the season. The Colorado Wolves attack the Loraine Bulldogs in full force Friday night. . . .

JACKRABBITS TIE BIG SPRING DEVILS

Last Thursday night the Colorado High School Jackrabbits invaded Ben Daniel's Big Spring Devils. The Jackrabbits showed a vast improvement since they played Loraine's second string. The score was 19-19, Junior Sadler was the main offense and defense man for the Jackrabbits. He scored all three touchdowns and Tommy Ratliff kicked the extra point. All the Rabbits played a good game. This week the Rabbits play Fluvanna and this game will be a good one. More power to you Jackrabbits.

NEWS FROM JUNIOR HIGH SCHOOL

FOREWORD

The first issue of "The Tattler" is a little late appearing this year. We have all been very busy getting settled in our new building and getting our work started. The material that goes into this paper is furnished by the students of Colorado Junior High School; the student's name appearing with his contribution. Won't you help us make this a better paper by writing a poem, drawing a cartoon, sending in a news item or a little "chatter"?

THE PRESS CLUB

One of the first clubs organized was the Press club with Sarah Carter as editor of the paper. The paper has reporters for sports, assembly, chat, clubs, and jokes. Gwendolyn Carter and Gwendolyn Graves were appointed for special reporters. We hope that everyone will feel free to contribute any news he might have. This is your paper.

THE HOMEMAKING CLUBS

The first period cooking class or the Future Home Makers club met September 20, 1939 for the purpose of electing officers. They elected those people for office in the following order: President, Fay Franklin; vice-president, Betty Grubbs; secretary, Pannie B. Brinkley; treasurer, Jo Nell Posey; reporter, Louise Snowden; parliamentarian, Betty Lee Phenix. The committees are: Financial Committee—Chairman, Doris Lavern Hague, Dolly Ruth Jarman, and Gwendolyn Carter. The Social or Program Committee—Chairman, Reeda Belle Franklin, Pauline Almond, Frances Jenkins. Scrap Book Committee—Chairman, Doris Hunter, Louise Stokes, Marie Howell. Year Book Committee—Chairman, Mary Jo Oliver, Billie George Hammans, Rose Ratliff. They chose for their colors maroon and white. Their flower is the Baby Breath.

Margaret Cary

The second period cooking class or the Future Home Makers club met Sept. 20 to elect officers. They were

elected for office in the order that follows: President, Edna Mae Hamilton; vice-president, Juanita Brown; secretary, Betty Brown; treasurer, Billie Louise Smith; reporter, Margaret Cary; parliamentarian, Doris Marie Webb. The following committees were appointed: Financial committee, Social or Program committee, Scrap Book committee, and Year Book committee. We will select our flower, motto, and colors the next meeting.

Margaret Cary

The Clothing class or the Home Making club met September 21, and elected their committees and officers. The officers are as follows: President, Betty White; vice-president, Doris Newton; secretary, Unita Munn; treasurer, Dorothy Jean Ware; reporter, Louene Shaw, and parliamentarian, Tressie Adams.

The fee for each club member is three cents for the year. This money and other money which we hope to make during the year will be used to affiliate us with the Texas Future Homemakers and to send delegates to the different conventions.

ASSEMBLY PROGRAMS

The pupils of Junior High school enjoyed very much the talk that Rev. H. H. Black brought us. The name of his talk was "Honesty." We are all happy to say that we wish that Brother Black would come back sometime.

Louise Stokes

Wednesday, Sept. 20, the Junior High school pupils enjoyed a talk made by Rev. J. J. Mueller. The talk was about "Faith in Dreams." We all wish that Mr. Mueller might visit with us again.

Billie George Hammans

Friday, Sept. 22, we assembled in our nice new gymnasium to be entertained by Jeff Fowler's high school girls from Westbrook. We saw acrobatic stunts. We all enjoyed it very much and hope they will come again.

Willie Nell Grisham

The Dramatic club is increasing and improving more all the time. Monday, Sept. 25, the Junior High school pupils enjoyed having a five minute play and a poem presented by Mr. Haley's club. I am happy to say we are learning the Junior High school songs better all the time.

Reeda Belle Franklin

Wednesday, Sept. 27, Rev. T. A. Patterson of the First Baptist church delivered an interesting talk to the Junior High school pupils about "The Only Way to Get to Heaven." We enjoyed the sermon and wish that Mr. Patterson might visit us again!

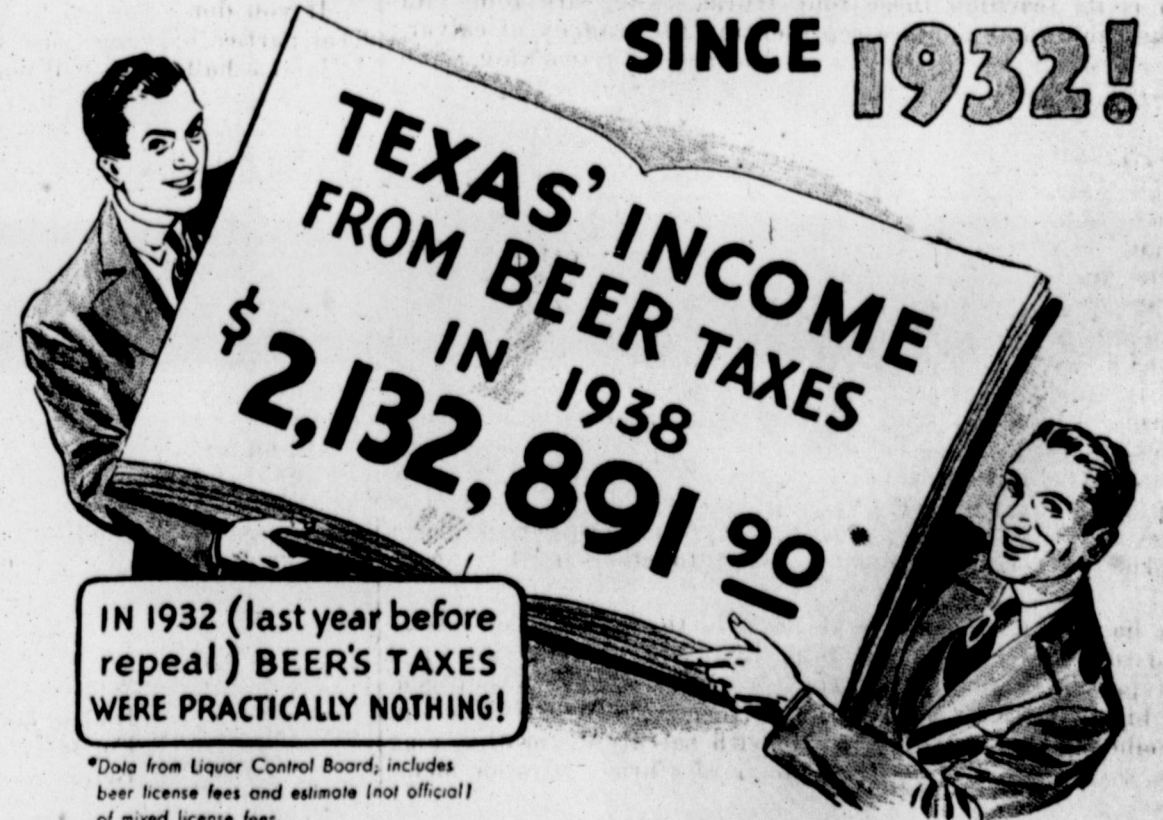

OUR NEW PUPILS

We are happy to have as new members of our classes Harvey and O. H. Griffith from Haskell, Jerry and Charles Trickey from Dallas, and Irene Wood from Roby. We hope that they will continue in the school spirits they already show.

THE RECORD . . . . . Facts That Concern You

## ONE INCOME THAT'S INCREASED MIGHTILY SINCE 1932!

IN 1932 (last year before repeal) BEER'S TAXES WERE PRACTICALLY NOTHING!

\*Data from Liquor Control Board, includes beer license fees and estimate (not official) of mixed license fees.

BEER helps even those who do not drink it! To the tune of a million dollars a day nationwide, beer tax revenue reaches back into every community, to help pay for relief, for public works, for education. . . . and to lift a burden that would otherwise rest directly on the taxpayers.

To this, add a million new jobs made by beer. And a 100 million dollar farm market. How can we keep these benefits. . . for you and

for us? Brewers of America realize this depends on keeping beer retailing as wholesome as beer itself. They want to help public officials in every possible way. They cannot enforce laws. But they can—and will—cooperate!

October 8 was Mr. Ed Roach's birthday, also Mr. Lusk Holman's. Mrs. Ed Roach cooked a fine dinner for the two.

Sunday school at Lowe was attended by a good sized crowd Sunday. Everyone is invited to come and be with us.

Mrs. Christine Rutherford and family and Erma Bell, Bobby, and Mary Ellen Crabtree visited in the Dennis Fortenberry home Sunday afternoon.

A nice rain fell in the Lowe community Sunday night. It was a welcome visitor.

Mrs. Brindle visited her parents, Mr. and Mrs. S. K. Palmer, Sunday.

Mr. and Mrs. H. F. Duffer were visitors in Big Spring Sunday. It might be of interest to some to know that Junior Duffer has been called to pastor the Baptist Mexican mission in Brownwood, Texas. Congratulations Junior.

Mrs. L. N. Saunders returned from Temple Sunday at 10:30 a.m. where she has been with her sister. We hope Mrs. Mitchell is improving.

Betty Jean Cockrell visited in the home of J. D. Fortenberry Sunday afternoon.

CLERGY MEETING

The Mitchell County Clergy association met Monday, Oct. 9th, in the First Baptist church of Colorado City. All the clergy of the county were present except two. Several very interesting subjects were discussed. The next meeting will be at the Methodist church in Loraine.

NOTICE

We'll be ready to care for all orders within the next few days and will rebuild and restock our yard just as rapidly as possible.

Our friends and customers will find our temporary office at the Berry-Fee Hardware Company.

Congratulations, Business & Professional Women Oct. 8-15

AN ORDINANCE PROHIBITING INTERFERENCE WITH FIRE FIGHTING AND PROVIDING A PENALTY FOR VIOLATION

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO CITY, TEXAS:

Section 1. It shall be unlawful for any person to step upon, or to drive any vehicle upon or across, any fire hose of the Fire department of the City of Colorado City, while such hose is being used.

Oldsmobile To Present Three New 1940 Cars

Three stunning new "Styleleader" cars — bigger and better in every way — are soon to be announced by Oldsmobile for 1940. Included in this comprehensive new Oldsmobile line, which climaxes the 42 year history of America's oldest motor car manufacturer, are a brilliant new Oldsmobile Sixty, a distinguished new Oldsmobile Seventy and a larger, finer luxury car in the eight-cylinder field — the Oldsmobile Custom "8" Cruiser.

The Bigger and Better Olds Sixty The 1940 Olds Sixty, which again sells right down in the low-price field, is a bigger and better car in every way. Its wheelbase has been increased to 116 inches. It is longer over all by more than 8 inches. Its handsome new streamlined Bodies by Fisher are wider and roomier — more luxuriously upholstered and appointed. Its exclusive rhythmic ride has been further improved. Its famous Econo-Master engine has been stepped up to 95 H.P. with still greater savings in gasoline and oil.

Section 7. Any person violating any of the terms of this ordinance shall, upon conviction thereof, be deemed guilty of misdemeanor, and be fined in any sum not exceeding one hundred (\$100.00) dollars.

Passed and approved this the 9th day of October, 1939.

J. A. SADLER, Mayor.

ATTEST: J. F. MERRITT, City Secretary.

Oldsmobile Production Stepped Up 20 Per Cent

Production at the Oldsmobile and Fisher Body plants at Lansing was stepped up approximately 20 per cent starting Monday, October 2.

C. L. McEuen, general manager, on announcing the increase said, "The enthusiastic reception accorded the new Oldsmobiles by our dealers during the past week when the cars were first presented to them, has resulted in an unprecedented flood of orders. Likewise, wherever the car has been pre-viewed by the public, it has made an instant hit and resulted in a large volume of advance orders that we are anxious to fill as early as possible.

We are confident, after the first reactions to our 1940 line, that Oldsmobile is off to one of the best years in its history."

"This splendid reception," McEuen said, "has necessitated an increase in our production schedule starting the first of October. Our Lansing assembly lines have been building cars at the rate of 608 per day. Starting October 2, sufficient were re-hired at both the Oldsmobile and Fisher plants so that daily production was increased to 720 cars."

VISITS IN ABILENE Mrs. Sam Wulffen returned recently after a visit with her mother and other relatives in Abilene.

BAUMAN NEWS

The sixth and seventh grade classes of Bauman school organized an "Among Ourselves Club" last week. We elected the following officers: Juanice Bruce, president; Louella Bruce, secretary and treasurer; and Elvis Lee, reporter. We decided to change officers every four months.

Mr. and Mrs. Frank Crownover and Miss Annie Jarratt visited Mr. Non Jarratt and family Sunday afternoon.

Mr. and Mrs. J. L. Davidson of Lubbock, Texas, visited Mr. and Mrs. J. W. Lee and family last week-end.

Mr. and Mrs. Grantham from Lubbock, Texas, visited Mr. and Mrs. J. D. Yarbrough and family at Loraine.

Mr. and Mrs. R. B. Wiggins and daughter visited Mr. and Mrs. G. H. Hall at Lone Star.

Ernest Miles and daughter Dorma Lee Miles visited Mr. and Mrs. A. E. Miles and son W. A.

Mr. and Mrs. Lester Webb and daughter Mavis Marie and Miss Anderson attended the show in Colorado Wednesday night.

Mrs. Orb Richburg has relatives visiting her from Pylon this week.

The primary room of the Bauman school has been enjoying nature study this fall. One afternoon the intermediate room and the primary room made a field trip to the creek. We found some pretty leaves and rocks. In our room we are watching some ants build their home in a fruit jar of sand. We have a sweet potato growing in a fruit jar.

The first, second, third, and fourth grades have begun practice on the rhythm band. Last Friday six members of the rhythm band entertained several mothers in a chapel program. Isla Jean Bruce played a xylophone solo.

The primary room is studying about transportation this month. "Wheels and Wings" is our topic of discussion along with the study of earlier ways of travel.

Miss Anderson's and Miss Scisson's rooms went on a field trip to the Champion creek Monday afternoon. They brought back a collection of rocks, leaves, and plants for their study in Elementary Science.

Louella Bruce, Reporter.

Mr. and Mrs. Bill Honea visited Mrs. Malcolm Bruce who is recovering from illness.

SON IS BORN The Rev. and Mrs. Cone Merritt of Buford are parents of a son, Swyane Johnson.—Sweetwater Reporter.

The next meeting will be Monday evening at 3 o'clock at the church.

### IATAN-CARR HOME DEMONSTRATION CLUB

The Iatan-Carr Home Demonstration club observed the work of several outstanding club members in their Achievement Day program Thursday afternoon.

The members and their invited guests met at Mrs. C. V. Cox's at Westbrook at 2:30 p.m. Here they observed the many improvements that Mrs. Cox and her husband had accomplished in refurnishing the walls and woodwork of their home. They then went to the T. L. McKenney home at Iatan where they were shown a lovely new bedroom and

living room and other improvements made only recently. A new shower and a homemade battery brooder were also other accomplishments observed there.

The party then went to Mrs. Van Boston's at Westbrook where a recreation program under the direction of Mrs. Lee Coleman was held. Several games were played. As a climax of the afternoon a beautiful buffet luncheon was served. The centerpiece was a bowl of lovely red roses with tall red candles on each side. The menu consisted of chicken loaf, deviled eggs, string carrots, English peas, baked potatoes in half shells, cottage cheese, and tomato salad, olives, individual pumpkin pie topped with whipped cream, and coffee. The table was beautifully arranged and each dish tastefully and artistically arranged.

Mrs. Boston was assisted by Miss Roselle McKenney in the arrangement of the table. Each member donated an article for the meal. The following were present at this enjoyable occasion: Mmes. J. E. Skelton, Reba Gingerich, I. D. Lauderdale, Warren Costin, Frank Miller, Ollie Harris, T. L. McKenney, Lee Coleman, Oscar Cozby, R. M. Jones, Tom Jackson, Jake Rees, Douglas Barber, James Herrington of Colorado City, Mrs. C. V. Cox, H. Gainey, Witt Hines, Miss Rozelle McKenney and hostess, Mrs. Van Boston.

Mrs. Boston displayed her kitchen which she recently refurnished. The color scheme of red and white was carried out in this lovely kitchen. Electrically equipped it is not only attractive but very conveniently arranged.

Mrs. Fred Eikenberg, president of the club was absent due to illness. The vice-president Mrs. Frank Miller presided in her place.

A grab bag with each one present having a chance to grab provided interesting favors such as dish cloths, mops, brushes and paring knives, on leaving.

### GENERAL SCHOOL NEWS

Well after getting into the high lights of sports the Wildcats seem to want to go back and play under them again. So come out all you people again and see the Wildcats vs. the Forsan team Saturday night. Be present by 8 o'clock for it will be a game and how at Colorado City!

You should have seen Red go in that game. He surely stood his ground. When he got that ball he made the goal. Why he made a goal and they howled for Ogleby; well, I guess that was all right too but you should always give a person his place.

Every boy played a good game and I am sure he will do it again. But you surely had better watch for James, for when he plays, he plays. Now James don't get sore about your car and sparkplugs because I was only teasing.

After a very nice party at the home of Bonnie Mundell the crowd report a new couple. Also a Hawaiian skirt as a costume for the party. Now we wonder if Mr. Hood was there. Do you suppose this new couple could be Cattie and Geneva?

Well, well, well, we are here to tell or rather invite all you people to come out to the Senior carnival which will be the 21st of this month. Are we going to have some fun and how! I almost forgot about the basketball game Friday night at Garner. The girls will go to Garner for their first game of the season. Here is hoping they win. The Spade bus will run so that all the school children who wish to go may.

We are very proud that Mr. Hood has already got the school play started. I am sure he will make good progress with the characters—*he chose, because he picked some good ones.*

Remember our football queen contest; the contest closes the night of the 21st at the carnival and the queen will be crowned that night.

Our P-T-A membership drive also ends the 21st. Students, get your parents to join now.

**SOPH GAB BOX**  
 The Soph class is very nervous this week because we realize next week is six weeks exam. How we dread them.

Maybe the 9th grade class will not continue to boast of their beauty since we received our pictures. At least they don't need to. Ruby, what are you keeping that picture for? Could it be for Arnold?

Thursday night many of the sophs attended the football game. We had two yell leaders from our class. They were Sybil Claxton and Joan Hines. Maxine, don't be so stingy. Perry would like to have "another" picture of you.

We have chosen our candidate for football queen. It is Ruby Berry. Since she is a twin if she happens to get ill, we can easily replace her with her twin and never know the difference, unless Blue Hat or Arnold tells.

### JUNIOR NEWS

The Juniors are all looking rather down and out this week (I wonder why), haven't we had six weeks exams before. Now you won't have to study much only in History because Mr. Hood says he knows we wouldn't do such a thing as copy or maybe look over at your neighbor.

Say! Juniors are you going to let anybody beat our candidate for football queen? Don't forget to drop in your pennies and nickels for the one and only girl who should be the queen, Elzan!!

Some of the Junior girls could not get their basketball tennis shoes to fit. Say girls you had better get them limbered up for the game Friday night with Garner, because we don't want Friday the 13th to be our unlucky day.

The pep squad girls seem to be working hard on their drills. The Junior candidates for yell leaders are Mary McKenney and Louise Schafer. Now don't forget to cast your vote for them because they can really yell (especially when a horned toad gets after Louise). Don't forget to attend the football game Saturday night between Westbrook and Forsan.

P. S. Say, does anybody know where Miss Speights went over the week-end? I wonder if it's a secret.

Reporter: Kenneth York.

### SOPH'S (EXTRA) NEWS

Well, Joan must really want to get some freshman boy, or does she just want publicity. We wonder why O. D. likes for Joan to stay in the study hall so well every morning. Wonder if it is because she gets his lessons for him. Yvonne, don't you go falling for Earnest, because . . . well you know, might get jealous.

### SENIOR NEWS

The seniors have quite a bit of work ahead of them for the next two weeks preparing for the carnival which is to be October 21. We are planning to have a large crowd, and are doing our best to make everyone have lots of fun. The carnival will be similar to the one last year but we have lots added to it, for instance "A Beautiful Fortune Teller."

Howard Lee Boyd seems to be awfully grown-up lately. I wonder if it could be because of Joe Wynne. Howard Lee you had better talk this over with Jackie.

Say, Jamsie I think those new "overalls" look just fine. I don't blame you I'd roll the bottoms up 'cause they wouldn't be muddy too. Now Jamsie don't forget the proposition you and Skippy made, that she would wear hers some day too.

We have noticed lately that Bonnie Byrl is awfully interested in the ball playing of the girls the fifth period. That's O.K. Byrl we get the point.

Well this is I signing off 'till next time.

### SEVENTH GRADE NEWS

The seventh grade class went to Mrs. Witt Hines Friday evening on a picnic. We had a grand time. Mrs. A. E. Lowry, our room mother, took some of us. After playing awhile we were served a picnic lunch consisting of sandwiches, cookies, fruit and pop.

Dorothy Conaway was elected to be our representative for football queen. We are expecting her to run a good race.

Our class is getting member for the P-T-A, so far the following have paid their dues for the seventh grade: Mr. and Mrs. T. J. O'Connor, Mrs. Lowry, Mr. and Mrs. A. L. Lyne and Mrs. Witt Hines. We are expecting others to pay their dues soon. We want to win the prize offered the grade who turns in the most members.

# NEW 1940 CHEVROLETS ON DISPLAY SATURDAY, OCTOBER 14TH, AT MILLS CHEVROLET CO. SHOWROOMS

New 1940 Chevrolet Master 85 Sport Sedan

New 1940 Chevrolet Master De Luxe Sport Sedan

## Three Completely Restyled Chevrolets Will Make Formal Public Bow Saturday

DETROIT—Three completely restyled series of Chevrolet passenger cars, combining greater length and width with much more massive appearance, and embodying many mechanical refinements, will make their formal public bow Saturday at the National Automobile Show and in Chevrolet dealers' salesrooms from coast to coast. Overall length has been increased 4 3/8 inches, a change which makes the new line outstanding for its sleekness and grace.

Improvements, aside from styling, in which sweeping changes are made, include provision of Chevrolet's exclusive vacuum power shift as regular equipment on all models of all three series, helical synchro-mesh transmission with silent low and reverse as well as silent intermediate and high, and numerous revisions affecting safety, comfort, convenience, performance, and long life. Knee-action and shockless steering are featured on the Special De Luxe and Master De Luxe series, conventional I-beam front axle with semi-elliptic springs and airplane-type shock absorbers being retained on the Master 85.

Except for the difference in front suspension and the use of a slightly higher gear ratio on the Master 85, the chassis of the three series are practically identical. All are of the same wheelbase, and the power plant is the same throughout. It is the time-tried Chevrolet six-cylinder valve-in-head engine, revised in several particulars in the interests of silent operation, smoothness, and long life. These changes affect the oil system, the valve mechanism, and the camshaft, and in the two latter cases involve change in manufacturing practice as well as in design.

In appearance, the 1940 Chevrolet is new from bumper to bumper. Bodies, fenders, hood, and frame are completely re-designed, to embody low-slung grace. These changes result also in increased stability, since they lower the center of gravity of the car as a whole. Changes, except

cluding engine heat indicator, are included on all models, as are left-hand sun-visors. The Special De Luxe has, in addition, a right-hand sunvisor, special "T"-spoke steering wheel with horn-blowing ring, stainless steel window reveals, decorative door sill plates, and several other extra items.

All series for 1940 include sport sedan, town sedan, and business coupe. Station wagons are provided on the Special De Luxe and Master 85, and four-passenger coupes in the Special De Luxe and Master De Luxe. A coupe pickup and a sedan delivery are available both in the Master 85 and Master De Luxe, and a brand-new cabriolet, featuring extreme beauty along with high performance, is offered on the Special De Luxe.

Front fenders are longer, wider, and deeper, and sweep inward from the crown to the sides of the hood in an almost horizontal plane, without valleys. Streamlined headlamps, nearly 20 inches long, are nestled in the fenders at locations almost 10 inches farther apart. This mounting makes for maximum illumination, as well as full protection for the lamps, and easy access for servicing. The new sealed beam headlamp units combining lamp, reflector and scientifically-designed lens, are used on all models. Parking lamps are mounted between headlamp and outer edge of fender.

Safety, as well as style, is served by the new all-rubber-surfaced running boards with triple-peaked longitudinal ribs which parallel the body contours. The running boards terminate just short of the rear fenders for better drainage.

Above the running boards, the body rises in an almost vertical plane to the body belt, from which line it tapers inward toward the top. Slope of the windshield and rear panel is even more pronounced, both these members being inclined more sharply. The tempered plate glass rear window, used in all models except the new cabriolet, is of curved section, to blend with the side and rear contours of the body. Windshields are of new high test safety plate, and safety plate glass is used in all side windows and ventipanes.

Bodies are larger, inside and out, and are also more rigid. Seats are wider, and leg-room and head-room are increased. Wider doors make for easier ingress and egress. Numerous interior refinements, which vary among the three series, result in luxury, comfort and convenience unmatched in previous years' models. In the Special De Luxe series, these items include an illuminated clock recessed in the glove compartment door, and a light within the compartment which turns on automatically when the door is opened, regardless of whether the other car lights are on or off.

Springing has been improved for better balance between front and rear suspensions, and steering geometry on the Master 85 is revised for better steering. Gasoline tank capacity in all models except Business Coupe and Sedan Delivery is increased from 14 to 16 gallons. Trunk capacity is enlarged by the lowering of the car floor, the engine being inclined somewhat more toward the rear, to minimize the rear compartment floor tunnel. Trunks are larger, and are now illuminated through apertures in the rear of the recessed tail and stop lamp shells.

Rustproofing, heretofore confined to sheet metal such as fenders and hoods, is now applied also to the body, prior to application of Duco. Bumpers are standard front and rear, on all models except with station wagons, where bumperettes are provided at the rear. Bumper guards are furnished at front and rear on the Master De Luxe and Special De Luxe. Double windshield wipers, and a full complement of instruments in-

## New Chevrolets Are Praised By Local Men

Enthusiastic praise of the new 1940 Chevrolets was voiced by members of the sales force of the Mills Chevrolet company as they returned this week from a Dallas preview of the new cars.

In the group attending the preview from here were L. Short, J. H. Moon, and John Holt. They spent Monday and Tuesday in Dallas.

First local showing of the new Chevrolets will be held in the Mills Chevrolet show room Saturday.

Make it a daily practice to read the ads.

Please consider this a personal invitation to see the new 1940 Chevrolet. I know you will think it Chevrolet's best

## 1940 Chevrolets Make Their Bow

Three series of passenger cars, re-designed in the new "Royal Clipper" styling, and embodying numerous mechanical improvements to assure greater safety and comfort as well as finer performance, comprise Chevrolet's new line for 1940, introduced today. All series are much larger, overall length being increased 4 3/8 inches. The new exclusive vacuum power shift (lower left) is now regular equipment on all models of all series at no extra cost. Special De Luxe series, the Sport Sedan of which is shown at center, has a new T-spoke steering wheel with horn-blowing ring (upper right). Lower right, the 1940 Chevrolet six-cylinder valve-in-head engine, which has been improved for smoother, quieter operation, and extremely long life.
