A WARNING TO THE RICH.

(By O. M. Thomsen.)

O, ye rich men, woe unto you,
You are a weed and howl in vain
For your seed cannot ever
From the power of the flame

You have heaped and hoarded riches
And the hoarding caused us pain
Now the flames are in your grasp
On the scorching, burning flame.

We have given other warnings,
But advice you would not heed
Now you are in a plenty
You would satisfy your greed.

You profess to be a Christian
(In the church—sing in the choir
Then proceed to snub your neighbor
And keep back the laborer's hire.)

And you say you give us justice
When you hold within your hand
All that which is right and longeth
To the brotherhood of man.

Must we gather of earth's blessings
At your feet, then pile them high
Let you revel in the luxuries,
While we starve and rot and die?

Do you think there is no limit
To your avarice in this life?
Do you bid us for our actions
When you cry and rail our brain?

Do you expect us like dumb cattle
To submit and slave for you,
Serving, toiling for your comfort
You big dog, producing less?

You have raped and spoiled our homes
Made them desolate and bare
Then you bid us for our pleading
Nor to hold the orphan's tear.

It is our flesh you seek to grieve
Harrass us with shot and steel
You've made us mad, now we rebel
We feel our sense and reason reel.

Hear the child's sobbing, weeping
Shivering, freezing in the cold
While you rack your brain daylong
Why did you bid us for our gold?

He is right to make you crimson—
Make you hide your needs in shame
Send you to that dreary region
There to baffle amid the flame.

But your day of peace is ending
See! Behind the coming night
Outrageous manhood is arising
It must have that which is right.

Beware! Beware! In our madness
We may stamp you throes to dust
We demand industrial freedom,
By the gods; have it we must!

Do you doubt this, my prediction?
Lift up the eyes of the poor
Look into his peering visage
See those faces stern and pale.

See you not those surging millions,
Hear you not their tramping feet
In their eyes the fire of anger,
Hear you not their grinding teeth?

Though their vanguard is not perfect,
Nor by throbbing music swayed,
What care they for style and order?
They are not on "dress parade."

From the earth that aways above them
Plays no dirty party tag,
But the gentle summer zephyr
Blows and waves a blood red flag.

It's the flag of every nation,
It's the flag of truth and right,
And its wavy in the sun light
Signifies the worker's might.

From its folds it speaks a message,
Message to those in the night,
'Tis the cheering proclamation,
"Workers of the world unite!"

C. A. Head, one of Mills county's
best men, was here from Center City
the first of the week and renewed his
subscription to the Eagle.

State Press in Galveston News suggests that the country merchant might cripple the efforts of the traveling grocery drummer by more generally publishing their own price lists. The suggestion approaches the consumer with a direct price and assures him that nothing like it can be found in the small stores. The consumer having nothing to guide him in a denial, is induced to believe what the salesman tells him. Publicity is a mighty force, and the merchant who has prices, is usually wise in taking the public into his confidence. —Cherokee Chief.

A SAD DEATH.

News was brought to the city Sunday morning that C. R. Leverett, whose ranch is some twenty-five miles from town in the neighborhood of Atherton, had shot himself, and that he died in a few minutes after the act. His family and friends are distressed at this action and the only reasonable supposition is that he was temporarily unbalanced. He has for years been one of the most prominent and prosperous ranchmen in the county, owning some- thing more than five thousand head of sheep, and quite a large herd of cattle, besides other stock, a fine piece of land, a well-equipped ranch, etc. He had only recently purchased a neat home in this city, and moved his family here that they might have the advantage of the school and good society.

Mr. Leverett was one of nature's noblest, honorable, truthful, sober, industrious, energetic and progressive in his methods. His death falls like a pall over the city community.—Lampasas Leader.

Mr. Leverett was a brother of Messrs. W. H. and L. W. Leverett of this county.

Leverett, whose ranch is some twenty-five miles from town in the neighborhood of Atherton, had shot himself, and that he died in a few minutes after the act. His family and friends are distressed at this action and the only reasonable supposition is that he was temporarily unbalanced. He has for years been one of the most prominent and prosperous ranchmen in the county, owning some- thing more than five thousand head of sheep, and quite a large herd of cattle, besides other stock, a fine piece of land, a well-equipped ranch, etc. He had only recently purchased a neat home in this city, and moved his family here that they might have the advantage of the school and good society.

Mr. Leverett was one of nature's noblest, honorable, truthful, sober, industrious, energetic and progressive in his methods. His death falls like a pall over the city community.—Lampasas Leader.

Mr. Leverett was a brother of Messrs. W. H. and L. W. Leverett of this county.

J. H. RANDOLPH.

Referring to the above I solicit the patronage of the public. I will carry a full supply of lumber and other building material and will extend all accommodations consistent with conservative business methods.

Never neglect your health. If you are always a tired, or have pain in the back, urinary disorder, dizziness, or nervous spells it's time to act. These are all symptoms of dangerous kidney troubles and you should use a remedy which is known to cure these troubles safely and surely. Doan's Kidney Pills is that remedy, and if you wish to be cured of kidney trouble without experimenting, do not fail to use it. Others have been cured and cured permanently. Why not follow the advice of a Texas citizen and be cured yourself?

G. C. Browning of Dallas book-keeper for Betterton & Morgan, 188 North Jefferson St., residing at 184 South Harwood St., says: "In the spring of 1902 I started through our Dallas papers that Doan's Kidney Pills cured me of either weakened or over-excited kidneys which had annoyed me far too long to be pleasant. A remedy which can be depended upon to do all that is claimed for it, deserves not only the endorsement of the public, but the re-endorsement of me. I gladly allow my opinion to be used as a recommendation of Doan's Kidney Pills for another year."

PETITION FORWARDED.

A petition to the Santa Fe Railroad officials asking that Antelope Gap be made a flag station for the early morning passenger train and the night train has been forwarded to the proper parties. The company's agent at this place, Mr. J. W. Butz, gave the petition a strong endorsement and we can depend upon him to exert his energies to have the request granted. It is of importance to the people of Goldthwaite as well as those of the Antelope Gap neighborhood that the place be made a flag station, for the present arrangement does not allow the through trains to stop at that station.

REMARKABLE CURE OF RHEUMATISM.

Mr. Michael Doran, employed by the American Bridge Co., Youngstown, O., writes: "I want to say for the benefit of my fellowmen that I have been suffering for a long time with acute rheumatism in my knees. I had tried every kind of remedy, including an expensive course of electrical treatment, but all of no avail. One day at the suggestion of my druggist I took a bottle of Paracamp to try. The effect of its use was magical. I got relief at once, and after taking three or four bottles I believe I am permanently cured. It is certainly a wonderful remedy, and upon my advice a number of friends have tried Paracamp, and the verdict is unanimous that it will do all that is claimed for it." Don't suffer from Rheumatism, Lumbago, Sore and Stiff Joints. Use Paracamp. It has cured others and will cure you. Your druggist will sell it to you on a guarantee of satisfaction or money refunded. No cure, no pay. Get a bottle today. Trial size 25¢ family size 60¢ and \$1.00. If you have never tried Paracamp we will send you a trial size free. Write to-day. The Paracamp Co., Louisville, Ky.

A CHICAGO ADVERMAN OWENS HIS ELECTION TO CHAMBERLAIN'S COUGH REMEDY.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for afflictions of the throat and lungs," says John Shreck, 223 So. Dear St., Chicago. Two years ago during a political campaign I caught cold after being overworked, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's cough remedy. I took two doses that afternoon and could not believe my senses when I found the next morning I was able to talk and largely subsided. I took several doses that day, kept right on talking through the campaign and won the election. This remedy is for sale by all druggists.

PICKENS SPRINGS.

Editor Eagle: Well, as it has been so long since I had a chance of writing to the old Bird I thought I would do it. I would like to help one of the best county papers I ever read.

Corn planting is the order of the day with most of us, although your scribe has done planted. But it is not always the early bird that catches the worm.

School closed at this place last Friday.

There is one of the finest seasons in the ground that I ever saw.

I tell you Mills county is coming to the front as a farming country. All it needs to make it a successful farming country is diversification, and then the farming class of people can just tell the four cent cotton man to go off and soak his head. What we need is more corn and beans, more hogs, cows, chickens and orchards, live at home, board in the kitchen and sleep at the same place. To hurrah, for the Farmers Union, but I am afraid the good thing is going to go dead.

Cheer up you Union men, if at first you don't succeed, try, try again. I heard a man say the other day, "Oh, I don't think the Union did any good, although I belong to it." That man had cotton to sell. Now I want to say this to that man, if it had not been for the Farmers Union he would have gotten four cents instead of seven for the cotton he had to sell. So you see kind friend, the Union saved you three cents per pound, or in other words \$15 per bale. Now I want to ask a question, why can't the farmers do some good by forming a union? Everything from the barber to a railroad go hard in hand, why not the farmer? And remember farmers the king can do without a shave or a ride on the train, but he must have something to eat, and farmers where does that something come from? Why it comes from the field, of course, and then talk about us not being able to do anything, and because we did not get 10 cents per pound for our cotton just give up and say, "we can't do anything," for we did do something we kept cotton from going to four cents. I will ring up until I join the union.

We are informed that Grandma Johnson is quite sick with grip. Noah Karnes was a visitor in our community last Thursday.

Messrs. Davis and Wall both have new riding planters.

Mrs. Isenhower is visiting in Goldthwaite.

A good many of our people attended church at Trigger Mountain Sunday.

Mr. Allep and sons passed through our midst en route to their pasture, where they are dehorning and feeding their cattle.

Uncle Fred Boyes says he is in the lead for mill man, as he is going to planting.

Say, you people what is the matter with you having a rural route? It looks to me like we could have one if you would get up and hustle for it.

What is the matter with Uncle Sis? Anonymous I read your letter with much interest, as I have some kind friends and relatives in your section of the county. Hoping all a prosperous and happy year I am,

EUT LOVINGGOOD.

LETTER TO WILL H. TRENT.

Dear Sir: "It costs as much to put on poor paint as good"—a common saying and true—it costs much more to put on poor paint; more gallons.

Poor paint is paint and barytes or paint and sand or paint and lime or paint and chalk or paint and benzine or paint and water; these are the usual cheap paints, there are others.

It takes more gallons of paint and a cheat than of honest paint; and the cost of the labor of painting is so much a gallon—me labor costs as much as another for labor.

This is the way to reckon your coats for this year, but how about next year?

Paint Devoe, and next year coats nothing; year after next the same; the same for several years.

Paint anything else, and your coats recur according to what you paint with. Some of the mixtures wear one year; some two; some three.

It costs twice, three times, four times, five times, as much to paint with a cheat as to paint with Devoe. Yours truly, F. W. Devoe & Co.

District Attorney Jerome of New York has brought suits aggregating \$278,000 against the American Tobacco company, the Continental Tobacco company, the American Cigar company and the Florodora Cigar company, all subsidiary concerns of the tobacco combination, for alleged violation of the anti-lottery laws of New York state. The suits grew out of the guessing contests organized by the concerns.

The human race will be exterminated on this earth in the course of a few million years, according to Prof. Samuel Williston, professor of paleontology at the University of Chicago. While lecturing on the future of the earth's inhabitants, Prof. Williston declared that, in his opinion, instead of men at this future date, which he told the students would not come for something like 3,000,000 years, the earth will be dominated by birds.

Fistula, Pollivul and the Teeth a Specialty

Derangements of the teeth of the horse very frequently lead to grave difficulties, both local and constitutional. The teeth often become decayed, holes form in them and toothache is a common occurrence. There is no such thing as blind teeth, as is often termed, it is either a rotten or a long tooth. Ninety per cent of the horses that are fed condition powders to recuperate their health, need nothing but their teeth repaired.
