GOOD ADVICE. Do you want to earn a good salary as a bookkeeper or stenographer, or become a successful business man or

woman? If so, attend a good commercial school like the Tyler Commercial College of Tyler, Texas, which is receiving more calls for its graduates than it can supply. Have you read its great financial

inducement? If not, and you are interested in a commercial education, you should write for it. State whether interested in bookkeeping, shorthand, typewriting or telegraphy, and when you could leave for school should its proposition suit you.

The entertainment at Center City last Saturday night by some of the young people of that community was a decided success from every standpoint. The audience was well pleased and the receipts were satisfactory. Some of those who witnessed the performance induced the young people to come to Goldthwaite and repeat the program. While very short notice was given here that the entertainment would take place last night, the advance sale of tickets indicated that a large audience would be present. The Eagle was put to press before the time for the entertainment and, therefore, we cannot give a complete report this week.

Friend Wallace:

I have been so busy lately that I have not had time to write a letter to close today, after a term of five the people of Mills county telling months with Mrs. Hugh Carothers them of the many bargains I am offering in hardware, furniture and Mrs. Back and family of Fair coffins; will have a car of furniture in a few days and will be in a position to make very close prices on same. In fact, every one is stuck on my cash prices. It will soon be time to "get busy" seiling fishing tackie, ice "get busy" selling fishing tackle, ice cream freezers, milk yessels of all kinds and makes, which I have in stock at hard time prices. In fact, I have a nice assortment of seasonable goods of every description.

C. D. HAMMOND.

P. S. If any of your friends contemplate dying any time soon, I have some large size wash kettles suitable for the business. Yours for Hardware and Furniture.

BULL SPRINGS.

News is scarce, but as our community was not represented last week, we will give you a few

items this week.

The last day of March! One for we feel and know our loss is fourth of the year already gone, and it seems only a few days since the bells were proclaiming we were making new resolutions for the year. It would be interesting to know how many of us have been strong enough to keep these resolutions, but we fear that many of us are so weak that we let them go out of our minds the first temptation that came along.

Some are having to replant their corn, as the cold weather of last week killed what had come up.

Last Sunday morning Rev. Jim Sykes filled his regular appointment here by preaching an interesting sermon to a large audience, and in the afternoon the young people attended singing at Mr. Frank Bull's.

The mumps and whooping cough are prevalent in our midet at present, but we are glad to note that their victims are getting along nicely.

Quite a large crowd attended a social dance at Mr. and Mrs. Kauhs' one night last week.

The Bull Springs school will

view visited here last Sunday.

The election for trustees will be held at the school house rext Saturday morning. April 7, at 10 o'clock. All voters are requested to come out and elect us two trustees for the coming school year.

Miss Climie Caraway visited the Misses Kelly at Fairview last Saturday and Sunday.

We regret to learn that one of it is not serious.

Noah Karnes and family visited their daughter, Mrs. John Hill in the Browns Creek com- the work immediately. munity last Saturday.

Messrs. Hetherley and Lindsey of South Bennett visited their son and brother-in-law, Will Hetherley last Sunday; the writer was also a guest, and oh, how 1 did enjoy being with those old time friends.

Charlie Karnes had the misfortune to loose his pocketbook last Sunday, containing \$65.00, a note for \$30.00 and a gin receipt.

J. H. Harwell has his incubator running now on over 100 eggs. The writer had the pleasure of examining this mechanical hen. Mr. Harwell is a wide awake farmer as well as poultry raiser.

What is the matter with the candidates, are they all so afraid of each other that they wont leave town or what is it? We haven't seen a real live candidate out our way yet.

Mesers, Mayo and Sanders are grading the Harwell lane at this writing and they are certainly doing a good job, but not before it was needed, for this piece of road was in a bad shape. Our present county officials are to be complimented on the great improvement of the county roads.

We learn that Mrs. Scrivnor is quite sick at this writing.

Oscar Simpson and brother are putting in a fine lot of new ground on their father's place near Live Oak.

Success to the old Bird and its many readers.

The teeth often become decayed, holes form in them and toochache is a common occurrence. There is no such thing as blind teeth, as is often termed, it is either a rotten or a long tooth.
