A great many Mills county people have been in San Saba this week at-

M. L. Mitchell and wife were here from Bell county the first of the week visiting relatives. They went from here to Winters to visit Mrs. Mitchell's parents, Mr. and Mrs. L C. Chapman. Officens of Goldthwaite should remember that the law forbidding horses running at large in the corporate limits is now in force and there is a fine coming to those who

J. M. Skaggs left Sunday night for New York to buy fall goods for the Goldthwaite Mercantile company. He expects to be away a month and his wife and sons will spend the time with relatives in Lampasas.

The protracted meeting that was held in the Baptist church here for a week or more closed Sunday night and Rev. Baten left on Monday morning's train for his home in Brownwood. The meeting was interesting throughout and was well at-

The ordinance prohibiting cows running at large in the city limits will go into effect at the first of the onth. This will be a good e for some enterprising citizen of the territory adjacent to the city to start a dairy and deliver milk and butter in the town. This would be a great convenience to most citizens and would be a paying business.

In the primary election in Gregg county Geo. W. Little, a brother of L. H. Little of this city, was nomi-nated for sheriff by a vote that was decidedly complimentary to him, being but 40 less than the combined vote polled for his three opponents. Evidently the Little family stands as high in the estimation of the folks at Longview as they do at Goldthwaite.

IT PAYS TO PAY CASH

# OUR BUYER HAS GONE TO NEW YORK

BUT IT IS SUMMER GOOPS....

We are selling now and you need not imagine we are short of goods in any line. We have our big store room filled to its capacity and we are going to sell these goods while they are seasonable. Everything here is new and good and when you get a bargain here it is a bargain indeed. We are especially anxious to have the Ladies look through our stock now.

To buy our stock of Fall and Winter Goods and he knows how and what to buy for this trade and we expect to have the largest and best stock of Fall and Winter Goods ever carried in this House.

# GET THE IDEA...

That we are not receiving new goods now and that we are only busy endeavoring to sell the goods we bought early in the season. We are now showing some especially attractive new goods. You must see our stock- to appreciate just what advances we have made in the last few months.

A GOOD MEETING. The Baptist meeting at Rock Springs, conducted by M. Lee Lackey, closed last week. There were ten conversions and fourteen additions to the church at that place. The church was greatly blessed by such a revival and much revived. It was good to see our children and neighbors' children brought to a knowledge of God's personal love to them. We believe other good seed have been sown that will do untold good. We find Brother Lackey a zealous Christian man, one who is fearless to declare the divine gospel in its purity and simplicity and leaves the result with God. We recommend him to any church or community who want a revival meeting.

The Cemetery association held and decided to have the work in time yet, in order to keep the grounds in good condition. The markers on each grave.

# THE COUNTRY DRUG STORE

Goldthwaite, Texas, August 4, 1906.

The election in over and as good Americans let's all try and be satisfied with the results. It may be kinder hard to stand some things, but it will be easier for you who drive over dusty roads to stand the results if you will paint your buggy or wagon with Crescent or Trojan paint and the only place to get it is at my store. If you like the results or don't like them, it will be both pleasant and profitable to put a brand new dress on your house or barn with Crescent Cottage Paint. And you must not look at the outside altogether, but let your wife or daughter come and select a nice room of wall paper from my immense stock. Yours for Business,

Friend Austin: "I finished yesterday testing the samples of Flour you sent me and found as you stated that 839 wood Thursday for a visit to the you had made quite an improvement in the L. B. grade, in fact the last sample of L. B. grade you sent is as clear and of as good color under the slick as the first sample of Cake Flour, and the last sample of Cake Flour was extra nice. I tested it against the best flour I could find here (Ashville) from Kentucky and Tennessee, and we get the best flour from their best mills, and the Cake Flour was the whitest both under the slick and in the dough; and the cleanest from specks. If you keep that flour up to the sample you sent me you need not fear any mill getting your trade. I would like to see samples of the flour when you get to grinding on all new wheat; I have saved some of the last samples to see what the difference will be.
