Female Suffrage Stamps.
The new French postage stamps represent a young woman resting her hand on a tablet bearing the words: "The rights of man." This has suggested a clever notion to Miss Hubertine Auclet, a French woman who favors equal rights. At her own cost she has caused to be printed a large number of stamps showing a young man resting his hand on a tablet bearing the words: "The rights of woman." Miss Auclet has mailed hundreds of letters to all parts of France, each letter bearing one of her stamps alongside that demanded by the postal authorities. Other female suffragists are calling for supplies of the stamps for use in their correspondence.

WASHBOARD.

Editor Eagle:
Seated comfortably by the luxurious fire place this cold night I shall take pleasure in representing Washboard in Eagledom again, after some delay.

The past few days has been winter indeed.
On the night of Jan. 2, the L. T. L. medal contest at Indian Gap was pronounced a rare success. The contestants being young girls between the ages of 13 and 17. Having been well trained by our worthy Mrs. Stoddard, these young ladies all acquitted exceedingly well. The medal was awarded to Miss Clara Roe. All members of the L. T. L., about 30 in all, marched, each carrying a flag. The twelve nations were represented, some beautiful songs were rendered by the members, and I can safely say this was a really worthy occasion. I attended and am glad to have been highly enjoyed by all present.

Last week Mrs. Helen M. Stoddard and son, Bert, bade farewell to their unlimited number of friends at the Gap and will take up abode elsewhere. Mrs. Stoddard will remain in Texas for awhile; she designs going before the legislature in interest of girls' school of industrial arts at Denton, after which she and her son will visit various parts of the world before locating permanently. Realizing the mutual benefit their willing hearts and hands have proven to the young and old of Indian Gap and surroundings, their departure is sincerely regretted by all. While the Gap shall no longer be termed "their home" we hope to see them make us occasional visits.

John Fortune has purchased a new piano for his children.
Austin Boler, accompanied by his sister, Miss Pallas, visited relatives at Mullin Saturday night and Sunday.

I am glad to say that Mr. Jim Harris is able to be up again, even tho he has to use crutches.
T. B. Keel is arranging to open up business at the Gap at an early date.

Mrs. M. H. Germany and Miss Emma are visiting relatives at Mullin.
Pat White and family now occupy the house formerly owned by R. F. Swindle.

Mrs. R. H. Ferguson has just recovered from several days illness.
G. N. Staton is prospecting out near Mexico.

Will Page of Goldthwaite had business at the Gap this week. I understand he is to start in a few days for Reeves county to look out a location.
Grandma Fortune has returned to Montague county, after several months' visit with her sons in this community.

W. J. Boler and D. R. McCormick of Mullin were looking for cattle in this vicinity last week.
A. B. Gerrells happened on a painful accident one day last week while loading cotton. He attempted to catch a falling bale, sustaining an injured back. Messrs. J. O. Swindle, Will Mayfield and Hugh Price recently purchased new stump pullers.

Mr. and Mrs. E. E. Swindle are proud possessors of a fine boy.
Dr. Yarborough and wife have an heirless.

ENGAGEMENT EXTRAORDINARY

The beautiful, horrible and awe-inspiring are all combined in the wonderful handling of the electrical fluid in the famous Broken scene of Wm. Triplett Faust; beginning with the pale moon effect on the summit of the mount, then the tilting of electric fireflies, the owls with gleaming eyes the rising mists, obscuring the moon, followed by dull red glooms that seem to break like life, the coating of owls, the howls shrill and plaintive cry, the gleam then grows brighter, the wall of lost souls pierces the air, Mephistopheles, standing upon a craggy eminence with a flaming sword calls on his demons to begin their revelry. The trees take on the semblance of living things, the roots curl in and out like creeping serpents from behind the rocks, fibre twine and twist about to grasp, octopus like, the rash intruder, the rocks seem to assume human forms, distorted and deformed, half man, half animal, almost abhorrent. The witches dance around the boiling children of fire. The soul of the departed are half seen through the mist. Then the beautiful vision of Marguerite dispels this horror for a time when it fades from sight, midst the flashes of lightning and deep reverberations of thunder across the mountain tops, the storms gathering, the vague and shadowy forms fill about seeking shelter from the impending deluge. Mephisto, seated upon the rocky cliff, calls on the elements, the lightning cracks from the point of his sword, little blue flames appear from point to point on the rocks. An awful moment is then reached, when the sky begins to vomit forth a terrific rain of fire. All this is accomplished through the wonderful agency of lightening, subdued by man, and made to be his slave. Mr. Triplett carries everything to correctly represent the beautiful play of Faust. Tickets for this wonderful production are now selling at Miller's Jewelry Store.

IN MEMORY.

Miss Eliza Thomas Virden was born Nov. 27, 1861, in Pleasant Grove community, Mills county, and died Jan. 20, 1907, in the same community. Eliza had been in very delicate health for something over a year. She bore her suffering with great patience. She was a very obedient child and loved by all who knew her. She trusted in the promises of God and was prepared for death. Oh, how sweet it is to die in the Lord. When asked how she felt she would nearly always reply, "I am better now." She told her friends and relatives not to grieve about her while she was sick. May God bless and comfort the bereaved family and relatives. They have the sympathy of many friends. MRS. GEORGIA BAYLEY.

MULLIN.

From The Enterprise: C. J. Harrison was called to Temple the first of the week on account of the illness of Mr. Bennett Woods.

Miss Bessie Wilson happened to a painful accident Sunday afternoon, while on her way to the wedding in company with S. V. Williams, by being thrown from the buggy, caused by turning the corner too short. We learn at this writing that the young lady is doing as well as could be expected.

On Sunday afternoon at 1:30 o'clock, Mr. J. R. Clark and Miss Bessie Williams, accompanied by number of their young friends drove to the Methodist parsonage where Rev. W. B. Moon performed the marriage ceremony. Mr. Clark is one of our most enterprising young business men with a bright and prosperous life before him, while his bride is the eldest daughter of our townsman R. F. Williams. We congratulate Mr. Clark on winning such a fair helpmate for a life companion. Miss Williams was a valuable jewel in the case of Mullin's society.

J. W. Ruman, who recently bought the Clem Hancock farm in the Trigger Mountain community, called yesterday and entered his name as a reader of the Eagle.

The agent for the electric light machinery was here yesterday figuring with Mr. Geeslin. J. W. Patterson of the Payne community has a new boy at his house.

FARMING IS A BUSINESS

And should be conducted on the same sensible principles as a mercantile business. The farmer's work is not done when he has harvested and sold his crop. He must deposit the proceeds in a good safe bank and pay his bills by check against his account, just as a merchant does.

The bank is the farmer's best friend. It lends him the money to plant and harvest his crops and to hold his produce for better prices. It protects him from an extortionate credit system and guards safely his earnings. Every farmer should have a bank account. He should transact all his business through the bank and should become acquainted with the bank's officers so that they have no hesitancy in accommodating him when he needs help.

We welcome the farmer's account. We insure him absolute safety for his funds and we render him special services in many ways.

Editor Eagle:

As I haven't seen anything in your valuable paper for some time from this part I will try to give a few of the latest happenings.

We have been having some real cold weather lately, "hog killing" weather and people have taken advantage of it too, for we were getting hungry for 'back-bone and spare ribs."

Most everybody is through picking cotton and have commenced turning the soil for another crop.

T. P. Reed has moved into his new house and Mr. A. T. Sellers has his just about completed. They are both a credit to any community. There are many other improvements too numerous to mention.

Mrs Sykes came in from the Territory last Friday, and her baby has been quite sick with diphtheria this week, but at last report was getting along alright.

Our school is getting along nicely under the able management of Mr. Nealy Miller and Miss Lois Sykes.

Singing at J. W. Young's Sunday evening was enjoyed by a large crowd; also singing at Mr. Brooks' Sunday night was a grand success.

We have preaching twice a month, the first and second Sundays by Brother McAllister of Eastland county. He is an able preacher and a fine man. All are invited to come out to hear him. We also have Sunday school every Sunday morning.

NEGLECTED COLDS THREATEN LIFE.

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguard against colds. If they are maintained through the changeable weather of autumn, winter and spring the changes of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by R. E. Clements, Druggist, Goldthwaite and Mullin.

The Kilties have a world-wide reputation, having traveled over 250,000 miles, playing over 3000 concerts in Canada, United States, Mexico and Europe. REV. BAIRD DEAD.

Rev. John C. S. Baird died at his home in Madill, I. T., last Friday night, after a short illness. His death was entirely unexpected, even to the members of his household, as his sickness had given no cause for alarm. He was seated before the fire and his son was preparing some medicine for him when death came. His children here, D. V. Baird, Mrs. Nowell and Miss Mildred Baird, were notified of his death and left on Saturday morning for Madill to attend the funeral.

Mr. Baird was known personally and well to nearly everybody in this section, he having been engaged in the ministry in this and adjoining counties for a long term of years. He was pastor of the Methodist church at Brownwood at one time and served numerous other churches in this district. A few years ago he moved to the Indian Territory and had been engaged in the ministry there until this year, when he retired. To every one here who knew him the announcement of his death brought deep sorrow, for he had the love and esteem of everybody. He was an ideal Christian and a model citizen and the world is better because he lived in it and is saddened because he has died.
Miss Amy and Messrs. John, Harry and Orin returned here with their brother and sisters and will make their home in this county.

CEMETERY MEETING.

This will be a very important meeting, as the association has been organized just one year and officers are to be elected for the ensuing year. The Eagle wishes to commend the splendid work of the association. The thanks of the entire community are due the members of the Cemetery association, especially the officers and committees, for they have done work that reflects credit upon the town as well their own.

WOODMEN MEETING.

The Woodmen of the World held their regular meeting last Saturday night, at which time two new members were initiated. Ten others were elected to membership by ballot and one by card.
The clerk was instructed to mail notices to members each month informing them of the amount of their dues, and the date on which they must be paid. It was decided that the clerk should not be required to call on members in person to collect their dues, and this rule will be enforced hereafter. If Mr. Frizzell is not at his office in the court house his books and receipts can be found in Dr. Wilson's office.

J. H. Frizzell and W. P. McColloch were appointed a committee to see how many lodge badges were in possession of members. All those who have badges belonging to the lodge are requested to report to this committee.
The resolution to change the meeting nights from Saturday night to Monday night was deferred until next meeting.

LET THE ENTIRE SOUTH REJOICE.

The entire south should feel proud
of the fact that it is the possessor of
America's greatest commercial
school. The January enrollment of
the Tyler Commercial college of
Tyler, Texas, surpassed in numbers
that of any other American college.
More than 500 enrollments of new
students were recorded during the
month, which is more than the num-
ber enrolled by any other commercial
school in the U. S. and more than
double the number enrolled by any
other southern commercial school.
This new famous institution opened
its doors to the public just seven
years ago. It has had a rapid and
continual growth each year. Its
wonderful success is due mainly to
its use of the famous Byrne Simplified
Shorthand and Practical Book-
keeping and business training. Its
employing none but the very best
and most progressive teaching talent,
its progressive, honest business
methods, its deep interest in its stu-
dents, not only while in school, but
in placing them in positions and help-
ing them to succeed after graduating.
This institution can now point with
pride to its graduates in the highest
positions in every walk of commer-
cial life. Its courses of bookkeeping,
business training, shorthand, type-
writing, telegraphy and station work
are the most thorough and complete.
Let the entire south now rejoice that
it can boast of not only one of the
largest commercial schools in Amer-
ica, but one of the most thorough and
practical, one that is enabling young
men and women to more than triple
their earning capacity, and one that
holds that all true education is
based on character and honesty, a
school that strives hard to strengthen
each and every student morally as
well as in the technical and practical
knowledge of bookkeeping, business
training, shorthand, typewriting and
telegraphy.

**A NEW YEAR
RESOLUTION.**

Resolve that during the year of 1907
you will deposit your income in the
bank and pay all bills by check.
At the end of the year, or at any in-
termediate time, you can refer to your bank
and check books, see just what your
income was, the amount of your ex-
penditures, what they were for, and
you will have a receipt for all pay-
ments made.
Just try this plan for a year. We do
not think that you will want to go
back to the old haphazard and risky
way of carrying your money in your
pockets and paying bills with cash
no chance of an error in making
change; no chance of being robbed
and an absolute record of every
transaction.
You will be pleased if you try this
plan with the
**GOLDTHWAITE
NATIONAL BANK.**

NEIGHBORS GOT FOOLED.

"I was literally coughing myself to
death, and had become too weak to
leave my bed and neighbors predicted
I would never leave. He alive, but
they got fooled, for thanks be to God
I was induced to try Dr. King's New
Discovery. It took just four one dol-
lar bottles to completely cure the
cough and restore me to good health."
writes Mrs. Eva Unepcher of
Grovetown, Stark Co., Ind. This
king of cough and cold cures, and
healer of throat and lungs, is guaran-
teed by R. E. Clements, druggist. 50c
and \$1.00. Trial bottle free.

Here at Home.

**GOLDTHWAITE CITIZENS
GLADLY TESTIFY.**

It is testimony like the following
that has placed "the old Quaker
Remedy" so far above competitors.
When people right here at home
raise their voices in praise there is no
room left for doubt. Read the pub-
lic statement of a Goldthwaite citizen:

Mrs. R. O. Campbell of Goldthwaite,
Texas, says: "I have been troubled for
several years with my back and
kidneys. There was a dull, throbbing
ache and bearing down pain across
the small of my back, at times so
severe that I could scarcely stand.
The secretion of the kidneys were very
irregular. I was doing about Doan's
Kidney Pills I sent to R. E. Clements'
drug store and got a box. After us-
ing them my back became stronger
the pain disappeared, the secretion
were corrected and I felt better in
every way. I think Doan's Kidney
Pills are splendid, as do other people
I know who have used them."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.
Remember the name—Doan's—and
take no other.

HUNTING FOR TROUBLE.

"I've lived in California 30 years,
and am still hunting for trouble in
the way of hernia, sores, wounds,
boils, cuts, sprains or a case of piles
that Bucklen's Arnica Salve won't
cure," writes Charles Walters of Al-
leghany, Sierra Co. No case hunting,
Mr. Walters, it cures every case.
Guaranteed at R. E. Clements' drug
store. 25c.

TO THOSE CONCERNED.

I have many unsettled notes and
accounts on hand that ought to have
been paid, and if you know how badly
the money is needed by me, you cer-
tainly would display sufficient sym-
pathy to pay up at once. Come, make
arrangements now; the papers are
all in my hands and it will be to your
interest financially to see me at once.
Respectfully,
J. D. CALAWAY.

RIISING FROM THE GRAVE.

A prominent manufacturer, Wm. A.
Fertwell of Incarnia, N. C., relates a
most remarkable experience. He
says: "After taking less than three
bottles of Electric Bitters, I feel like
one rising from the grave. My
trouble is Bright's disease, in the
diabetic stage. I fully believe Elec-
tric Bitters will cure me permanently,
for it has already stopped the liver
and bladder complications, which
have troubled me for years." Guar-
anteed at R. E. Clements', druggist.
Price only 50c.

A NEW MAP OF TEXAS.

The Houston Post has just issued a
new and attractive wall chart of six
pages, each page being 28x36 inches.
This chart contains entirely new maps
of Texas, the United States, the
Philippines, Panama and canal zone,
the world, Alaska, Hawaii, Porto
Rico and topographical map of the
Panama-Colombia district. In ad-
dition to the usual index and por-
traits of the presidents of the United
States, rulers of other nations and
flags of all nations. The Post at great
expense has added an entirely new
feature, it being shown on the first
page of the chart with the new map
of Texas.

**The map itself is entirely new, now
being printed for the first time. In
addition to the cities, towns, counties,
etc., every existing and new railroad
is shown, and surrounding the map is
a portrait of the three presidents of
the Republic of Texas, and in addi-
tion to these there is a portrait of
each of Texas' governors including
Governor Campbell. This valuable
alone makes the chart so feature
rich that it should be in every Texas home.**

The index to this map is so simple
a child may locate any given point
with ease. This valuable chart can
be gotten only through subscriptions
to the Post, it being given free with
a six months subscription to The
Post and Sunday Post for \$4.48, or
with The Sunday Post for \$3.00,
and Goldthwaite Eagle one year for \$2.00.

Chamberlain's Salve has done for me.
It has cured my face of a skin disease
of almost twenty years' standing. I
have been treated by several of the
best physicians as we have in this coun-
try and they did me no good, but two
boxes of this salve has cured me.—
