BARN BURNED. P. H. P. Holly's barn in the

Center City community burned Monday night, entailing & heavy loss to him and to Mrs. J. S. Casbeer, who owned the house. There were 150 hushels of cotton seed, about 125 bushels of corn and four sets of harpees belonging to Mr. Holly in the barn, on which there was no insurance. The barn was a real good one and the loss is considerable. Mr. Holly was here Tuesday buying harness and other supplies. He is confident that the fire was of incendiary origin, as he had been in the barn at 9 o'clock and there was no sign of fire at that time and he had no fire with him. At 10 o'clock Rev. Jas. Weems and Marvin Templin discovered the fire and awoke Mr. Holly. Had they not discovered the fire in time to assist in protecting the house and hay stack, it is very likely the loss would have been far more serious.

LETTER TO J. C. STREET

Goldthwaite. Dear Sir: It is a great thing for a merchant to have the exclusive sale in his region, of course) of anything

wanted by everybody.

There are two ways to treat such goods. One is: put the price up and make big profit. The other way is: be fair and make more.

Devoe is the paint that takes least gallons and costs least money a house, a job, a year, a lifetime—no matter how you reckon your costs, except by the gallons-Devoe is the care-taker and costs least

Don't forget that the principal part of the cost of paint is putting it on Less gallons, less cost. Don't forget that another principal part of economy is long wear; less cost and long

It is a great thing to have the exclueive sale of popular goods of goods that make friends, of goods that earlich both buyer, and seller. Devce is perhaps only ten per cent better than one or two others; but ten is a plenty-it's 200 or 300 better than many.

There's many a merchant wh asn't found-out his goods. It don't take a man long to find-out that Devoe is the least-money paint and why, no matter which side he is on Yours truly. F. W. Devce & Co. P. S.-J. D. Urquhart sells our paint
