about the lot and in some way fell, breaking its thigh and sustaining some internal injury from which it died during the night.

Mr. and Mrs. P. M. Sandifer have received word that their daughter, Mrs. Henry Brown, who lives at San Angelo, is seriously ill, having suffered a relapse from an attack at which Mrs. Sandifer attended her, leaving her apparently on the road to recovery.

The Masonic lodge has purchased the property next to Nance's blacksmith shop on the west, formerly owned by Mrs. Weaver and will move it to the lots recently purchased from the railroad company which were formerly occupied by the brush arbor, where it will be remodeled and used as a residence. They will then move the old Christian church and Masonic hall from its location near the school house to the lot thus vacated on west main street where it will be repaired and put in first class shape. The upper floor will be used as before as a meeting place for the Masonic order.—Reporter.

HAMILTON.

The Hamilton postoffice has been moved to the new stone building on the south-west corner of the square.

J. A. Buller last week bought the A. T. Boyer two-story stone building on the south side of the square for \$3,000.

Dave Snel reports the cotton warehouse almost completed. It is of stone and is one of the best in the state.

It will be gratifying news to many hundreds of people to learn that our distinguished ex-governor and senior United States Senator, Chas. A. Culberson, will visit our city on the first day of the May picnic and deliver an address to the ex-Confederates, who have had that day specially set apart to honor them and the lost cause.—Herald.

The compress proposition is up

to us again. McFadden Bros. bought ten acres of land evidently with the intention of building a press, but they now claim that two bills have been introduced in the legislature adverse to the press business and they cannot build the press now.—Chief.

G. W. Long, one of the leading members of the Union for this county, informs the Leader that there has been raised by Lampasas contributions something over \$1,500.00 for a Farmers' Union warehouse at Lampasas, and that the citizens here will probably contribute a lot to the enterprise of sufficient capacity to make both the warehouse and a location for a cotton gin in connection therewith. —Leader.

Governor Campbell has submitted a message to the legislature recommending that it be made a felony for a man to violate the prohibition law in this state. If the law makers will be guided by the governor's advice there will then be no question about the enforcement of the prohibition law and the people of this state are entitled to just such protection as this law would give them. The way in which the liquor dealers have disregarded the will of the people in prohibition districts makes a demand for drastic measures and the Eagle certainly hopes the law will be enacted as recommended by the governor.

Editor Burger was here from Mullin yesterday in the interest of his paper and made the Eagle's pleasant call.

Chautauqua at Goldthwaite.

A gentleman was here this week in the interest of a chautauqua in connection with the Confederate reunion sometime about the first of July. He proposes to supply some extra good talent for the entertainment for seven days for \$300 and the entertainment of the people while in the town. He has other propositions, which is to provide the door receipts with local people, but some have thought it best to have the entertainments free to visitors and pay for the talent by subscriptions. It is likely the Confederate camp will contribute a part of the amount, as the chautauqua would bring many more people and cause them to stay longer than would the reunion of the camp without additional attractions, and the sale of privileges on the grounds would be worth a great deal more. The matter will be discussed by the camp in the meeting today and the representative of the chautauqua association will be here next week to make final arrangements.

Wonderful Eczema Care.

"Our little boy had eczema for five years" writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of blood medicines and body builders health tonics. Guaranteed at E. J. Adams' drug store, 50c.

According to advices from Japan Japanese forgers of Osaka have been arrested as a result of the discovery of a plot to sell forged war bonds to the Chinese frustrated a scheme to send \$1,000,000 worth of spurious notes to San Francisco for circulation in the United States. A mass meeting of citizens of Collin county was held at McKinney Monday afternoon to discuss the proposed raise in tax renditions throughout the state. Resolutions were adopted unanimously by the body opposing any change in the present rendition laws with reference to the assessed value of property; favoring stringent laws to reach all property that is now escaping taxation, such as, among other things, money and notes, but protesting "against greater burdens being laid on that property which never escapes the eye of the tax assessor."

"SAMSON" WIND MILL...

There are many windmills on the market—good, bad and indifferent. Some one of the good ones is made of superior material on a better plan and will give better service.

That one is the one the prudent buyer wants. It is his business, his duty, to investigate and find out which one of the many windmills offered him will give him the best service. We have been selling windmills for a number of years.

We have studied the problem very closely, and we believe that with all due modesty we can justly claim to know something about windmills. This experience leads us to believe that the "SAMSON" is the best windmill mortal man ever put together.

We believe that the intelligent buyer who examines the "SAMSON" can easily see why it is superior to all others. And that is all we ask—a fair and impartial investigation. We are perfectly willing to allow the "SAMSON" to rest upon its own merits.

IT DOES ITS OWN TALKING.

We give below a few names of representative men of our county, who have purchased Samson Mills in the last few weeks. Ask them how they are pleased with the "SAMSON":

Rev. C. W. MacCune, pastor of the Methodist church at Rising Creek has been transferred by Rev. Hoss to Thurber.

D. Ratliff, owner of the House building on Fisk and

street, informs the Bulletin that the plans are now ready for the forty room addition to the hotel.

Just before 2 o'clock Friday afternoon a most agonizing scream was heard which caused the citizens on Baker street to look in the direction of the Utterback hotel, where a sight met their eyes which they will not soon forget. Out in the middle of the street was seen a man wrapped in flames from his waist up. The man was Walter Nance, a young tailor in the employ of Blackshear, the haberdasher.

Nance was at the rear of Blackshear's when a bucket partly full of gasoline exploded, covering him with flames. As soon as he realized his condition he jumped from the building into the street where he was met then turned to the entrance where he was wrapped him in

their coats and smothered the flames. When the wraps were taken off it was found that his clothing had burned to his waist and the flesh was seared in a most horrible manner. Large pieces of the skin stuck to the wraps as they were taken off, and strong men turned away faint from the sight.—Bulletin.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's colic, cholera and diarrhoea remedy. During the third year of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by R. E. Clements, druggist, Goldthwaite and Mullin, Texas.

Goldthwaite Eagle

Change of Form.
 The change in the form of the paper is presented for the approval of the readers this week. The paper is not as complete as we had hoped to make it, but one of the Eagle's printers having been called away this week on account of a death in his family makes the office force short and the work has been somewhat hindered on this account. However, we will get things straightened out in a few days and will then be able to furnish the readers a much better paper than heretofore, for we can add pages instead of folding in a supplement each week. We expect to make the paper from eight to ten pages during the summer months and will probably increase to twelve or sixteen pages in the fall. Several hundred dollars worth of new material and machinery has been added to the office and more is yet to come. The people have been liberal in their patronage of the paper and in turn we intend to give them the best we can produce in the way of a local paper.

Death's Visit.

Little Ruth, the 8-year-old daughter of Mr. Jno. J. Cox, died at the family home in Temple Wednesday evening at 7 o'clock, after a short illness. Paralysis of the bowels is said to have been the cause of her death, and this followed an attack of the measles. The family have a great many friends in this city whose hearts go out in deep sympathy to them in this sad bereavement. Little Ruth was raised crops that baby and pet of the family annual income of a favorite among her acquaintances, and many outside the family circle wept when the announcement was made that that can be given was dead. If words of sympathy could alleviate the grief of parents and loved ones, indeed would the gloom be get any thanks for them from their hearts, but it is like a man in a hollow domestic broil. People offered by the visits of the black plumed messenger to their home can know how great is the grief that has come to this family.

A Good Cause.

The young men belonging to Mrs. B. A. Harris' Sunday school class are arranging for an ice cream supper in the Burdett building next Wednesday afternoon and night, the proceeds to go toward helping to buy carpet for the Baptist church. They will have a chocolate booth and stands for the sale of candy, popcorn, lemonade, etc., and each stand will be in charge of a young man and a young lady, every member of the class having invited a young lady to assist him in the enterprise. The boys are expecting to receive a liberal patronage and they will not be disappointed and they are deserving of such credit and praise for their efforts. Mrs. Harris is also entitled to the gratitude of these interested in the good cause, for she is assisting the boys a great deal in the management of the business.

County Court.

Criminal jurisdiction having been restored to the county court of Mills county, all persons interested are notified that said court will convene in Goldthwaite on May 6, 1907, and that process issued from district court in cases that have been transferred to this court will follow a transfer and no further process issue. Erom Moore Carothers.

The many friends of Moore Carothers will be glad to read the following letter from him to his parents, which Capt. S. M. Carothers has kindly furnished the Eagle for publication.
 Monterey, Mexico, April 27, 1907.
 DEAR PARENTS:—I guess you all would like to hear from me once in a while, so I will write again. I arrived here night before last at midnight; have been knocking around taking in a few of the many sights. This town is certainly a curiosity; has a population of about 75,000, situated in a low valley, surrounded by a chain of mountains. Some of them look like a black cloud arising. I am stopping at the Windsor hotel run by Americans; rates \$3 per day Mexican money. I guess I will stay here four or five days and then go on to the city. I like this country very well, but don't like the ways of the people although they treat you nice enough. It is pretty hot here in day time, but the nights are cool. There is not any smallpox here to amount to anything or in the city of Mexico either. Tomorrow is Sunday and they are going to have a big bull fight here, which I want to see.
 If you all want to write to me send your letters to the city of Mexico and I will get it. I. M. CAROTHERS.
