BUSTER BROWN

A DELIGHTFUL FEELING.

HAVE YOU SEEN the new Fluffy Ruffle Skirts? In dark blue, brown and black Chiffon Panama, graceful and stylish, cut very full and smartly trimmed with bands of same material or silk, easily a \$10.00 value, we sell them for 5.50.

WOMEN'S WAISTS.

Blue, black and brown messilines, beautifully trimmed with tiny tucks and soutache in the new Greek pattern. Ecru and white silk lined net waists. Ecru net, the newest thing in the east, appeals to women and girls, not only of the east, but of the south and west as well. Why? Because of its beautiful rich color, its durability, and then it's always ready for street, church or evening wear. That "Fluffy Ruffles" scarf in shimmering silk or rich lace is the last touch needed to complete costume. For the girl who "dresses on dimes"—as it were—is dozens of lovely patterns in the new French mercerized gingham. Pretty and bright after they've been thro' the wash? Yes, "there's the rub," for the rub don't hurt them.

Many new and dainty designs in stiff embroidered collars are shown, to be worn with these are the new chiffon jibots and mid-get windsors, these are shown in plain colors from two to three inches wide with embroidered ends.

Togs for Tiny Ones

The little ones are ever welcome here and their wants have been noted and such beautiful dress goods and trimmings for them especially—Coats, hats, shoes and that

Famous Cadet Hose

Around the Globe They're Known, Loved and Worn—Queen Quality

One woman remarked that they were the "outwearing-est" shoes she ever saw. That's the point. They last and like a woman should do, they keep that trim, neat shape when old. Young Miss, if it's an extremely high heel and snappy toe, it's here for you. Young Lady, if it's a broad heel an extension sole, it's here for you. If it is the old who like that low heel and broad toe, it's here for you. The price, right of course

Married at the residence of Rev. A. T. Wilson last Sunday evening Luther Wilson and Miss Lucy Reese.

Huffman Brothers of San Angelo came before the meeting of the Brownwood Fifty Thousand Club yesterday and presented a proposition whereby it is proposed to develop the coal, mineral and oil prospects which they assert are in the northern portion of this county along the course of the Jim Ned.

Ray Harryman is out on crutches today as result of a race from the blood hound last night. He agreed with Sheriff Emerson to make a run and let the dogs follow him. When about a half mile out of town he stepped into a hole in the ground and sprained his ankle very badly. He just had time to climb a tree before the dogs came up.

Sheriff Emison was notified this morning that during last night at Grosvenor some one entered the field of Wiley Lancaster with a wagon and loaded up and hauled off something like 500 pounds of seed cotton that Lancaster had picked. The wagon and team could be traced to the public road and a man's track could be seen about the place where the cotton was loaded, but further than this there is no clew to the thief.

Conductor Sol Locket of the Santa Fe with headquarters at Temple was in Brownwood yesterday and stated to a Bulletin man that water conditions on the Santa Fe are worse than

Mrs. Gotoher was seized with a sudden and uncontrollable fear that the wagon could not escape destruction and she jumped from the seat to the ground, sustaining serious injuries. One of her legs was broken between the knee and the ankle and the broken bone protruded through the flesh. Other injuries were sustained, but this was the most serious.—Bulletin.

A concerted effort is now being made by the city and county to put the public square in Hamilton in proper condition and give our town a more sightly appearance. The commissioners court at the last regular session recognizing its duty to look after the county's property and to preserve and beautify the grounds surrounding the court house, authorized the expenditure of \$2000 or as much as was needed to grade the public square, provided the city would expend an equal amount.—Herald.

WONDERFUL REVIVAL

Many Converts to the Christian Religion.

CHURCH PEOPLE REVIVED

Great Interest Manifested By the People of the Town, Regardless of Denominations and Religious Professions.

The religious conditions have become so changed in Goldthwaite in the last three weeks that one can scarcely realize that it is the same place. Everywhere you go the subject of the conversation is the great revival and its results. Men who have never before professed a belief in the Christian religion are now enthusiastic in the cause and at each of the three daily services new converts are announced. These conversions are not all among the young people and the ladies, but some of the foremost men of the town have professed the faith and have taken their places with the church people and Christian workers. The meeting has now been in progress three weeks and the time of closing has not yet been indicated.

Rev. Goodpasture, the evangelist in charge of the meeting, is almost exhausted with the work and mental strain under which he has been for several weeks, having held more than fifty services in the last month, but he is enthusiastic and possessed of a strong will power that enables him to continue at his place. The ministers of the town are standing by him in full force and Rev. Moon of Mullin and County Missionary J. H. Smith have given all the help possible. Three services are held each day and the morning service from 9 to 10 o'clock is always attended by hundreds of people and there are conversions at these meetings as well as at the 4 o'clock and 8 o'clock services. It is believed that three figures will be required to denote the number that will be added to the various churches in the town as a result of this meeting. Some of the converts have already announced their choice of denominations, but a number

still have the matter under consideration. Proselyting has been strictly forbidden by the evangelist and the pastors of the different churches.

During the week the business houses have been closed for the morning services, in order that the business men and clerks might attend the meetings and it is likely the practice will continue through next week if the meeting goes on.

SUNDAY SERVICES.

Regular services are to be held at the tent Sunday morning at 11 o'clock. At 3 o'clock in the afternoon a mass meeting for men, women and children will be held at the tent and regular services are to be held at the same place at night.

Fire at Locker.

Last Wednesday night about 11 o'clock fire was discovered in the postoffice building at Locker. The building and all its contents were quickly destroyed. Mr. John Haas of that place owned the building and a part of it was occupied by Joe Willis, postmaster. A part was used as a barber shop and a family named Strickland had household goods stored there. The building was insured for \$800 and Strickland's goods were insured for \$500; both policies in a company represented by G. W. Walters. Suspicion pointed to Strickland and his son-in-law, George Gibbons and the latter was placed under arrest Thursday charged with arson. Saturday and Monday were consumed in the examining trial and he was bound over to await the action of the grand jury in the sum of \$500. Bond was made Tuesday and he was released from custody. The accused parties were camped near town at the bridge and the old gentleman is said to be bed-ridden. The young man's home is near San Antonio and he has only been in this county a short while. We hope he will be able to prove his innocence of this charge which is a serious one and one in which the insurance company and also the Federal government will take a hand.—San Saba Star.

Last Sunday afternoon Mr. M. H.
Hines' water tank fell with a crash.
Just what caused it to fall is not
known, as the timbers supporting it
were sound and it had been full of
water many times and the weight had
not proved too great for the tower.
There were people on three sides of
it when it unexpectedly fell and the
miraculous part of it was that the
only way it could have fallen without
injuring some one was the direction
in which it did fall.

The big page and half page ads in the local newspapers, says an exchange, are the worst shot any town gives the mail order house. They tell of first-class goods at prices that no mail order house can beat. They tell of goods the customer can see before he lets go of the money. You can see what you buy. The merchant who has goods to sell sells them at mail order margin of profit and tells his story through a newspaper that is read by the people. That makes the most vital way of breaking up the mail order business.—Yoakum Times.

Education is one of prime factors in the progress of the world. How often do we hear the plaint if I only had an education. So many parents seem indifferent along this line, even though they feel the great need of it. Why will people not give every attention to this burning issue? There is nothing that can handicap a child more than to be thrust on the world with a lack of knowledge. The course that is offered in our high schools is generally all that is required to fit a boy or girl for business. This is easily obtained, and the parent who fails to secure it for their children is doing an injustice that can never be overcome. Look well to the education of your children.—Hamlin Herald.

You are hereby commanded to summon Holman George, and the unknown heirs and legal representatives of Holman George, deceased, and the legal representatives of such unknown heirs, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof on the 11th day of November, A. D. 1907, then and there to answer petition filed in said court on the 2nd day of September, 1907, in a suit numbered on the docket of said court No. 1001, wherein W. W. Woolsey is plaintiff and Holman George, and the legal representatives and the unknown heirs of Holman George, deceased, and the legal representatives of such unknown heirs are defendants, the said petition alleging that on or about the 28th day of August, A. D. 1907, the plaintiff was and is now lawfully seized and possessed of the tract of land hereinafter described, situated in Mills county, Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants entered upon said premises and ejected plaintiff therefrom to his damage in the sum of \$1000.00; that the premises so entered upon and unlawfully withheld from the plaintiff by the defendants are described as follows, to-wit: 110 acres of land out of the Holman George survey on Bennetts creek in Mills county, meted and bounded as follows, to-wit: Beginning at the S. E. corner of said survey Thence N 19 W 580 yds to the center of Bennetts creek. Thence up said creek and along with its meanderings to a point in said creek that a line running S 19 E will intersect the south line of said survey 740 yds. S 71 W from its S E cor. Thence S 19 E 900 yds. intersects south line of said survey. Thence N 71 E 740 yds. the beginning.

Plaintiff further alleges he and those whose estate he has and under whom he claims have a good and perfect right and title to the said land and have had and held peaceably the land, and held adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the defendants cause of action accrued, and before the commencement of this suit.

Plaintiff further alleges that the exact nature and extent of the defendants claim to the above described land is unknown to him except that the same was patented to Holman George or the heirs of Holman George and that he is informed that the defendants by reason thereof claim, and are asserting some title thereto.

Plaintiff prays for judgment against the defendants and each of them, jointly and severally, to the title and possession of the above described land, and for a decree quieting his title thereto and that all clouds cast upon his title be removed and that he be established and confirmed in his title thereto and for costs of suit.

The said petition is endorsed "This action is brought as well to try title as for damages."

Herein fail not, but have before this court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

The Melrose, N. M., Headlight, in a recent issue, gave description of the town of House, N. M., which was named for Mr. John House formerly of Center City, a son of Mr. F. M. House. Among other things the paper says: The name of this beautiful new town is like unto the name of the man after whom it was christened House. It is located in the most fertile belt of agricultural land in southern Quay county 30 miles from Melrose and about fifty miles from Tucumcari in the heart of what is known as the cap-rock plains country—Section 19, township 5, n. range 29 east. The name of the founder is John House who was the first settler and who came to this country in 1902. At that time there was only one actual settler between here and Tucumcari. Mr. House was formerly in the sheep and stock raising business and therefore soon learned where the valuable lands were located. It is 16 miles to Tular, station on the Santa Fe road from House, this being the nearest railroad station. Mr. John House is U. S. Land Commissioner and has been kept quite busy for the past six months making out filing papers for settlers entering land in his district. However he informs us that the government land is all pretty well taken up for a distance of 12 miles around House.

Ranch House Burned.

The residence on the Cordell ranch in the San Saba Peak community was burned Friday afternoon. The ranch is owned by Dr. White of Temple and M. H. Cox, who recently moved here from Temple to take charge of the property. At the time of the discovery of the fire there was no one in the house and the origin of the blaze can only be accounted for by theories, one of which is that rats with matches originated it. The entire roof was ablaze when discovered and there was nothing of value saved from the building. The total loss is placed in the neighborhood of \$5000, with \$3000 insurance. This was one of the finest residences in the county and was built by Rev. B. A. Cordell when he acquired the ranch a few years ago.

The "Self Culture Club" will hold its first meeting of the year on Thursday Sept. 28 at the home of Mrs. Eli Fairman.

The new state of Oklahoma elected a full set of Democratic officers Tuesday and the constitutional provision for state prohibition was adopted.

There is a more complicated state of affairs in Kansas than any yet evolved in the Texas Terrell election law. The election law in that state now requires that the lower limbs of every voter, as high as the knees, must be visible from the side of the booth while the voter is preparing the ticket, and the woman suffragists don't know whether to vote or not.—Ballinger Ledger.

The following regarding the state game law may be of interest: "Last year the open season for shooting doves commenced on Sept. 1, but under the new game law, now operative, doves cannot be shot until Nov. 1, which is also the opening day for quail hunting. The birds can be killed during November, December and January. Prairie chickens and pheasants are protected for the next five years and cannot be killed at all during that time. Wild turkeys can be killed during December, January and February, but each hunter is limited to three turkeys in each season. No game bag can contain more than twenty-five birds in a single day's hunt. That means that no more than twenty-five birds of one kind can be killed, nor twenty-five birds of all kinds. For instance, if a hunter bags ten quail and fifteen doves he has reached the limit for one day. Ducks are also included in the game bag limit."

You are hereby commanded to summon the unknown heirs and legal representatives, legatees and devisees of Mrs. Susan Spofford, deceased, L. A. Queen, deceased, J. O. Mauldin, deceased, and O. P. McDonald, deceased, and L. A. Queen, J. O. Mauldin, O. P. McDonald, Jacob Ford—Mrs. Florence Ford Garner, husband—Garner, whose Christian name is unknown to plaintiffs, Mrs. Laura Ford—and her husband, whose name is unknown to plaintiffs, Mrs. Mattie Ford—and her husband, whose name is unknown to plaintiffs, and John M. McDonald, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof, in Goldthwaite, on the 11th day of November, 1907, then and there to answer a petition filed in said court on the 13th day of September, 1907, in a suit, numbered on the docket of said court No. 1004 wherein Mrs. Louisa Curtis, a widow, T. N. Curtis and W. A. Curtis, are plaintiffs, and the unknown heirs and legal representatives, legatees and devisees of Mrs. Susan Spofford, deceased, L. A. Queen, deceased, J. O. Mauldin, deceased, and O. P. McDonald, deceased, and L. A. Queen, O. P. McDonald, W. A. Mauldin, John M. McDonald, J. J. Ford, J. B. Ford, Jacob Ford, Wort Ford, Mrs. Louisa Ford Webber, and husband, Joseph Webber, Mrs. Florence Ford Garner, and husband—Garner, whose Christian name is unknown to plaintiffs, Mrs. Laura Ford, and her husband, whose name is unknown to plaintiffs, and Mrs. Mattie Ford—and her husband, whose name is unknown to plaintiffs, are defendants, the said petition alleging that on to-wit: The 1st day of August, 1907, plaintiffs were and now are lawfully seized and possessed of the tract of land hereinafter described, and being all of lot 19, and parts of lots Nos. 16, 17, 18, 23 and 24, of the sub-division of the Francisco Vezeral survey in Mills county, Texas, hereinafter more fully described by metes and bounds, holding the same in fee simple; that on the day and year last aforesaid, the defendants entered upon said premises, and ejected plaintiffs therefrom, and unlawfully withheld from plaintiffs the possession thereof to their damage in the sum of \$1000.00. And for further cause of action the plaintiffs aver, that they, and those whose estate they have, claiming to have good and perfect title to the said premises, hereinafter described now have, and have had, peaceably

the land claimed and open, notorious and adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure, for a period of more than ten years after defendants cause of action accrued, and before the commencement of this suit.

Plaintiffs further alleged, that the exact nature and character of defendants claim to said land is unknown to them, except that the defendant J. J. Ford, is possibly entitled to, and the owner of a life estate in one-fourteenth undivided interest in said premises, and the defendants, Wort Ford, J. B. Ford, Jacob Ford, Mrs. Louisa Ford Webber, Mrs. Florence Ford Garner, Mrs. Laura Ford—and Mrs. Mattie Ford—are the owners of and entitled jointly, as tenants in common to an undivided one fourteenth interest in said premises, subject to the possible life-estate of J. J. Ford, in one third thereof. That the premises so entered upon and unlawfully withheld by the defendants from the plaintiffs is meted and bounded as follows, to-wit:

Thence up the river with its meanderings to the place of beginning.

Plaintiffs pray for judgment for title and possession of said premises, except as to an undivided one fourteenth interest therein, owned by the last named defendants; for partition thereof, alleging that the same is incapable of a fair and equitable partition without sale and a partition of the proceeds, etc., for costs of suit and removal of cloud from title, etc.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Witness, E. G. Crawford, clerk of the district court of Mills county. Given under my hand and the seal of said court, at office in Goldthwaite, this the 13th day of September, 1907. [L. S.] E. G. GOLDTHWAITE AND MULLIN.

The Goldthwaite Eagle

Saturday, September 21, 1907.

REPORTORIAL REVIEW.

Goldthwaite Land & Insurance Co. wants to buy a house and lot.

Read about the millinery opening at A. J. Gatlin's store next Wednesday.

When you know a local item tell the Eagle and help to make a better paper.

W. E. Reid was one of the good farmers who called to see the Eagle one day this week.

Mr. and Mrs. J. H. Martin of Ohio, parents of Mrs. E. M. Boon, arrived in the city Thursday for a visit.

Mrs. J. M. Skaggs and little son were expected home last night from a visit to friends in San Angelo.

Mrs. J. P. Grundy and little granddaughter went to Brownwood the first of the week for a visit to relatives.

Dr. Jones and Judge John S. Chesner were here from Mullin one day this week and made the Eagle an appreciated visit.

Joe W. Morgan of the southern part of this county was here one day this week and called to see the Eagle. He says the cotton crop is light in his neighborhood.

M. Boling, of Mullin was here a few days since. He owns lands near Tennyson and will likely move out here in the near future. Mr. Boling is a rock mason and was employed for a long time at Fort Concho when the 10th Calvary was stationed there. He was there during the riot a good many years since when the city of the Concho was a mere village and the resort for the desperadoes.—Bronte Enterprise.

Mr. Peck Dead.

Mr. J. C. Peck died at his home in Big Valley community last Saturday afternoon at 5 o'clock and his remains were interred in the cemetery at that place Tuesday afternoon. The funeral was under the direction of the Masonic lodge and a great many of the members of the order here attended the services.

Mr. Peck was one of Mills county's best men. He located here in 1875 and was always an upright, honorable and Christian gentleman who had the esteem and respect of all who knew him. He was a native of New York state, but served in the Federal army in a Kansas regiment and was a member of the G. A. R. He was 72 years of age and was the last of a colony of settlers who located in Big Valley when there were but few settlers in this section. He leaves a wife and three sons and one daughter to mourn his death and they have the consolation of knowing that many friends grieve with them. Mr. Peck was arranging to move to Sherman to be near his children when the death angel called for him. He had been in bad health for some time, but his death was not expected so soon and it came as a sad shock to the people who knew him in all parts of the county.

Last Call.

Those indebted to me either by Note or Account call and arrange the same with M. J. Strickland before Oct. 10, then I will put all claims in the hands of an attorney for collection. W. W. FOWLER, M. D.

Luther Booker has taken a position in Brinson's barber shop to learn the trade. He is a pleasant and popular young man.

Manager Bayley of the Farmers Union warehouse reported 269 bales of cotton stored in the house up to yesterday morning.

A. F. Grant accidentally struck one of his fingers with a sledge hammer while at work in his shop Thursday morning and crushed one of the bones. The injury is very painful.

Mrs. A. G. Bass and daughter are here from Waco visiting friends. They lived in Goldthwaite a few years ago, when Mr. Bass was railroad agent in this city.

Dr. J. E. Brooking of Star boarded the train here Thursday night en route for Chicago, to take a post graduate course of lectures. He expected to be absent about three weeks.

The Baptist Fifth Sunday meeting is to be held with the church at Trigger Mountain and the members of the board are requested to meet at that place next Saturday afternoon without fail, as there is to be business of importance to discuss. Let no board member forget this meeting.

Persons who write anonymous letters to the Eagle may as well save their time and energy, for we have never yet published one of these communications and never expect to publish one. No matter on what subject or how just the cause, the letter must be signed by the writer or the Eagle certainly will not publish it.

The many friends of Capt. M. S. Wallace are pained to know of his serious condition. He is now at the home of his son near Mullin and is gradually sinking and his recovery is said to be next to impossible. He suffers with cancer of the liver or some kindred trouble and the announcement of his death at any time would not be a surprise.

Voting Contest.

Tickets are issued by Goldthwaite Mercantile company, dry goods; W. E. Grisham, groceries; Yarborough Bros., hardware and furniture; R. E. Clements, drugs; Higginbotham Lumber Co., lumber; Parm Childre, barber; L. E. Miller, jewelry; Goldthwaite Eagle.

Waiting doesn't pay. If you neglect the aching back, Urinary troubles, diabetes, surely follow.

Doan's Kidney Pills relieve backache, Cure every kidney ill. Goldthwaite citizens endorse them.

Mrs. R. O. Campbell of Goldthwaite, Texas, says: "I have been troubled for several years with my back and kidneys. There was a dull throbbing ache and bearing down pain across the small of my back, at times so severe that I could scarcely stand. The secretions at times were very irregular. Hearing about Doan's Kidney Pills I sent to R. E. Clements' drug store for a box. After using them my back became stronger, the pain disappeared, the secretions were corrected and I felt better in every way. I think Doan's Kidney Pills are splendid, as do other people I know who have used them."

WORMS

All children complain frequently of headaches, backaches, that "their stomachs hurt," and that they "don't feel good."

This condition is a common one and the trouble is almost invariably due to pin worms.

Children haven't the strength to combat their ills and indispositions without the aid of some reliable medicine.

Dr. Caldwell's Syrup Pepsin (Laxative) is an unfailing, harmless and absolute cure for worms, stomach and bowel troubles, and can be used as freely for either baby or the bigger child, as for full grown folks.

If your child seems indisposed, feverish, fretful, peevish, and all out of sorts, these are symptoms of worms. One dose of DR. CALDWELL'S SYRUP PEPSIN as directed, the dejected condition will soon give way to health and vigor.

DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes from all druggists. Your money will be refunded if it does not benefit you.

Your postal card request will bring by return mail our new booklet, "DR. CALDWELL'S BOOK OF WONDERS," and free sample to those who have never tried this wonderful remedy. Write today.

A Serious Charge.

A young man giving his name as Robert Gilbert and claiming Toyah as his home was jailed here Wednesday night on a charge of burglarizing Edgar Rochelle's store on Fourth street. The young man, who says his age is 28 years, was employed in the store and restaurant for a few days, but was discharged Sunday. The proprietor of the store discovered Tuesday morning that some one had been in the place the night before and had taken some canned goods. A key was missing from the store and he suspected that some one had taken it and was using it to gain an entrance to the building. Again Wednesday morning he found that the store had been entered and the intruder had taken more canned goods and some cider. This time a can of sausage had been eaten on the counter and some fragments left. He determined to catch the burglar and that night he remained in the store to watch. A few moments after 2 o'clock he heard some one come to the front and insert a key in the door. Taking a position beside the opening with his revolver in his hand he waited until the intruder was well in the building when he commanded him to hold up his hands and the command was promptly complied with. Night watchman, A. S. Collins, was then called and the man was escorted to the jail, where he was placed in charge of the sheriff to await the action of the court.

Mr. Longley Dead.

Mr. C. L. Longley, sr., died at the home of son at the Blum ranch Saturday afternoon and was buried at Lometa Sunday. He was about 92 years of age and lived in this section a long time, having made his home in Long Cove for many years. He was a fine old gentleman and had the esteem and friendship of all who knew him.

A Fine Meeting.

Elder W. J. Johns of Arkansas held a most successful meeting at South Bennett, which closed Sunday afternoon and he went from there to Star to begin another series of services. Six converts were baptized Saturday afternoon as a result of the meeting and much good was accomplished.

Mullin.

Maxwell Kirkpatrick left for Sherman, where he will attend school this year.

Married at the Methodist parsonage Sunday evening, Monroe Hillyard and Miss Ethel Ross.

On the 13th, or Friday, it has been twelve months since this section has been visited by a real good rain.

Contractor Glass and his crew of hands have made rapid progress on the new church building the past week.

We are indeed sorry to note that our friend, Capt. M. S. Wallace is no better. He is growing weaker every day.

John Hester visited Coleman Sunday, to be present at the W. O. W. monument unveiling over the grave of a relative.

Mrs. George C. Smith was called to Walnut Springs, Sunday evening on account of the death of her sister, Miss Winnie Savage. Miss Savage was a visitor to Mullin in the early spring and had a large number of friends among the young people who will be grieved to learn of her untimely death.

Automobile Law.

In another column of this paper is published a city ordinance regulating the running of automobiles. The provisions of the ordinance are exact copies of those in the state law with the exception that in the statutes the rate of speed on the rural roads is placed at 18 miles per hour. The driver of a team has only to give a signal to the driver of the automobile and the machine must come to a standstill until the team can pass. There has been considerable talk about the danger of the automobiles causing run-aways and accidents, but the fact is the teams soon get use to the auto and if the driver is careful and the operator of the machine uses reasonable precaution there is very little danger. Nevertheless, the automobile has come to stay and we may as well make the best of it. It is recognized by law as a legitimate vehicle and is given the right to the use of the public roads and all talk about forbidding them to operate upon the roads is "moonshine" and breath wasted. If the railroad train or the moving thrasher and traction engine causes a horse to become frightened and even causes accidents and death there is no thought that the railroad should not be allowed to operate trains or threshers should not be moved along the public highway, however much the accidents may be deplored. The automobile is equally as legitimate and it is just "up to" the people who travel upon the highways to accustom their teams to the new mode of travel.

We Didn't Have the Barrel.

A man in Goldthwaite struck a lighted match in an empty whiskey barrel. The next day they stuck him in the ground. Moral: Don't monkey with the whiskey barrel. They are all the time loaded and will get you sooner or later.—Miles Messenger.

The Messenger has been misinformed. There is not a word of truth in the statement that the accident occurred in Goldthwaite or Mills county, if it occurred at all. The Eagle and the citizens here would be surprised to learn that there had been a barrel of whiskey in this town in five years and we hope there will never be another one here, and the prospect is that it will be a long time before there is one in the community.

What your tailor?
TRADE MARK REGISTERED 1904

PRICES being about the same would you not prefer a cut-to-your-measure suit, finely and faultlessly made from woolen fabrics, than a ready-to-wear suit, made over a tailor's dummy, and not supposed to fit any particular man.

That's a long question but you will find the answer in our tailoring-to-the-man department in which we represent the large Chicago Merchant Tailoring Firm, Ed. V. Price & Co.

When you order your clothes from us you run no risk of last year fabrics and styles. You select both knowing what you want and that means up-to-the-minute garments, cut and made for you alone, at cost little or no higher than you have been paying for the ready-to-wear kind.

We will be glad to show you our extensive line of Fall fabrics.

I believe a little true philosophy and reasoning can go a long way in overcoming worry. I do not mean a deep and mysterious philosophy, but a simple application of common facts which appeal to intelligence. These facts are such as the following: "Worry can do no good. You cannot change things by being anxious. Worry unfit for hard work, and hard work is the surest power to make wrong things right. It is foolish to waste time and strength in doing that which only leaves one less time and less strength." But there is also a sweeter philosophy which deals with principles of right and balance. It shows how things go crooked sometimes, that the final result may be more beautiful. It suggests how by wisdom greater than ours, wrongs, or apparent wrongs, are finally righted. It brings history and personal experience in array against a meekly transient view of life, and proves how in the large and long run the man who waits and trusts is the man who succeeds.—Ex.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however, by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by R. F. Clements, druggist, 50c.

OFFICE OF THE COUNTRY DRUG STORE

Goldthwaite, Texas, Sept. 7, 1907.

SEPT. 1st, 1907 is now past and all 1907 accounts are due and payment will be expected as you realize from your prep. when y.u are depending on same. If not, you should not wait longer but come and settle up now.

I have employed Mr. J. C. Gibson to assist in the drug store this fall. He is a competent and experienced druggist. His residence in Goldthwaite has been long enough to not need introducing.

John Brown will not be in the store constantly during the fall. I have arranged to have him give most of his time to collecting accounts, and he may call on you if you have an unpaid account, any day. I will say of most of my accounts that I am not putting out a collector because I am afraid of the ultimate payment of same, but need the money now and must raise it before the fall season is past. I must have money or well secured paper. I am not able to carry your account over without security. This applies to all drug accounts. Those made before 1907 will be pushed hardest and the collector will also have in hand the accounts of Drs. Brown & Brown. I hope it will not be necessary to see you but if you owe us and do not pay beforehand you may expect the collector.

The Goldthwaite Eagle

SATURDAY, SEPT. 21, 1907.

R. M. THOMPSON, Proprietor.

J. M. Costley and wife left Monday for a prospecting trip in southwest Texas.

I have a farm to rent for 1908. Come to see me in Goldthwaite.—J. W. McAlexander.

R. E. Grant left Monday night for Brady to look after some business matters for a client.

A. F. Grant is having some improvements made on his residence and will have it repainted.

A great many Goldthwaite people attended the funeral of Mr. Peck in Big Valley Tuesday afternoon.

F. M. Long left the first of the week for southwest Texas, to sell land to a party of prospectors.

The Eagle always appreciates the kindness of friends who report local items or send in community letters.

Blake Forehand has purchased the residence in this city known as the Billie Martin place, near the college.

C. D. Jeffords left Saturday night for Otero to take charge of a wholesale grocery and produce business as manager.

C. L. Stephens' two little sons returned Monday from a visit to relatives in Lometa. Ray Wilhite came with them for a visit.

Letter to R. L. H. Williams.

Goldthwaite Texas
Dear Sir: We should like to print your opinion of his guarantee in this paper, where all your neighbors will see it:

We'll furnish the paint to paint half the house of any fair man on these terms: He shall paint the other half with whatever other paint he likes; same painter (any fair man) same way (the way of all painters, to make a good job). If our half doesn't take less gallons of paint by one-tenth to seven-tenths, we'll give him the paint. If our half doesn't take less labor by one-tenth, we'll give him the paint. If our half isn't sounder three years hence, we'll give him the paint. If one half isn't sounder six years hence, we'll give him the paint. Any color. We say one-tenth, because there are two or three paints with about that difference; we say seven—there are dozens of paints with about that difference—we say one to seven because there's a hundred that waste one-third of the money paid for both paint and labor.

Is there a paint we haven't covered?
Yours truly
F. W. DEVOR & Co.
P. S.—J. D. Urquhart sells our paint.

We Guarantee Our Products.

Though they cost a little more than the substitutes, they are cheaper in the end.

COMANCHE
S. W. Godbold will build a home on the lot just south of T. O. Moore's home and occupy it at once.

Dr. Sands has sold his interest in Comanche to Dr. Kearby and will leave for Abilene to make his home for awhile.

Mrs. W. A. Wagner died at her home four miles east of Comanche early Monday morning after a lingering illness of several weeks.

Uncle Jack Isham's home two miles east of Comanche caught fire Tuesday morning about ten o'clock and soon was a heap of ashes together with its contents.

The ladies of the Presbyterian church have arranged for the presentation of the comedy "The Union Station" at a very early date by local talent.

Mrs. Mary Sneed died Saturday evening at the home of her daughter Miss Narcisus Sneed in Comanche. She was 83 years old and had lived in and near Comanche for 25 years. She was perhaps the oldest member of the First Baptist church at this place.

A visit to Comanche cotton yards reveals the fact that the farmers are taking advantage of this dry weather to gather what little cotton that has been made.

It again appears that the good long price is being accepted as a fair valuation for this years crop yet there are a good many holding for 15 cents.—Chief.
