Goldthwaite Mercantile Company.

The recent refreshing rain gives promise of a bountiful harvest. While waiting for your land to "dry up" bring the women folks to our store and let them buy some of those new ginghams, percales or calicoes. : : Now is a good time to price our domestics.

Perhaps the good wife is quilting. She will find a complete line of linings, cotton checks etc, also plenty of cotton batting and ball thread. : : : : : : : :

While the women are buying a "few things" you may decide you need a new pair of work shoes. We have the best at reasonable prices. The same can be said of our line of shirts, jumpers and overalls. Remember we expect you when in town to "drop in and see us."

Telescope axle can be set for wide or narrow track. It will not work loose. The seat can be set anywhere to suit the height and weight of driver. When used as a walker, the jointed seat rail can be thrown forward out of the way. The tension can be adjusted from the seat, and springs can be set to counter-balance the weight of light or heavy gangs. The spreader is adjustable from the seat by a hand latch. The hitch is low but with ample clearance. Wheels are 24 inches high, and have dust-proof removable boxes, permitting the use of hard oil. The Victors are "top-notchers" in every way.

Mullin.
Editor Eagle:
There has never been so much clearing and plowing in one winter done in the vicinity of Mullin as has been this winter. People are well up with their work. Many being nearly or quite through breaking land. This means something to the country if we have seasons.
Diversifying of crops is being agitated among our farmers. They are beginning to realize that all cotton won't do where other things will grow at all. Those who have tried diversifying have oorn in their cribs, meat in their smoke houses, hay, oats, etc., as well as money in the bank. Cut down the acreage of cotton and raise something to eat is the cry. Don't conclude because your neighbor is talking of reducing his acreage in cotton that it will be a good time for you to plant your whole farm in cotton.
The Editor of the Mullin Enterprise has moved into larger quarters. We had rather see burger growing larger than swinking up. If stickability and determination will make a paper Burger will certainly get there. Success to the Enterprise.
Our M. D's. have been quite busy for some time. Grip and fevers quite prevalent. While some have been very sick, but little fatality has been reported. Rev. Vann and his good wife are improving.
Bert Fletcher, who left Mills county four years ago and who has been living in California, returned last week with his family and think contemplates settling again in Mills county. A welcome awaits our prodgal boys.
Mr. Editor, we are glad you have another correspondent in Mullin whose items are of interest to our citizens. When ye scribe falls down on you, the news will be there just the same. We have been trying to find out who No. 2 is but so far have failed. We tip our hat to them

and hope to stumble on their identity later.
Mullin had the honor of entertaining nine ladies and two gentlemen teachers last Saturday and Sunday. Seven of the ladies were single, who were looked after with special care, with apparently no inconvenience to those who undertook to entertain. Eleven being entertained on so short a notice is conclusive evidence that Mullin could easily entertain the summer Normal or the Teachers Institute. Please note who are in the majority. Same old story. Ha! ha!
Casy Vaughn near Mullin met with what came near being a very serious accident last Sunday evening. His horse threw him over a bluff and he fell ten feet dislocating his wrist and badly bruising him otherwise. We trust his recovery will be speedy.
A number of our leading Farmers Union men attended the county Union at Goldthwaite last Friday. Quite a large delegation present from the different Unions, and business of importance dispatched.
It is very important that those firing guns should be careful where they shoot as there is liable to be a candidate coming toward you from any direction. Please don't kill any of the poor fellows, they are in need of the pie the office affords. It would be a pity for you to accidentally kill a real hungry man without giving him a chance for his life. Can't they shake hands and think lots of you when candidates.
The winter winds doth blow and if we have snow, what will the old oows do, poor things? She will nibble the dry grass, think of the cotton seed bin, lean against the fence and bawl, poor things. If these northers don't quit and the gentle rains begin to fall some of the people will begin to bawl poor things. If it should rain a week destruction is sure and they bawl again poor things. If the prophecies and foreboding of the doubtful come to pass this will be a year of starvation and then we will all bawl poor things. C.

Priddy.
Editor Eagle:
As it has been some time since I have seen anything from this community, I will drop the old Bird a few lines.
We were blessed with a fine rain the first of the week and were proud to receive it.
Farmers are busy turning the soil. Some have about finished breaking their land, while others have hardly commenced.
We have quite a good deal of sickness about the settlement. C. A. Stahnke has been right sick for the past week, but think he is improving. His daughter and son, Miss Elsie and Willie, have been right sick.
F. C. Wolf and C. M. Myer have both been quite sick, but am glad to say they are again able to be about their work.
Miss Branum and Miss Maud Gartman visited Misses Hopper last Sunday. Miss Maud is teaching at the Garden school house. She has about 35 pupils enrolled. Miss Branum's home is at Energy.
School at Becker Mountain is progressing nicely under the management of Prof. McDonald.
There will be preaching at Mountain Creek Saturday and Sunday. I hope all will be able to attend.
Lookout School House.
Editor Eagle:
We had a nice rain Saturday. Walter Sparkman and family have been down with lagrippe, but are up at this writing.
No church services last Sunday, on account of bad weather. Elder Allen is our preacher and he has an appointment for every second Sunday. Everybody invited.
Will Tullie and wife of McGirk visited W. J. Sparkman and

family and Tom Green and family a few days ago.
Ray Green, son of Henry Green, is boarding at Rev. Gerrell's and attending school.
Wedding bells still ring once in a while. L. Hiller and Miss Black were quietly married at the home of the bride's parents last Wednesday evening. The young folks were entertained with a party that night.
Connie Ellis has worked the road and retired until another road year.
Boys, this is leap year and there are several vacant houses in this community, so look out.
There are several cases of grip in this community.
School is progressing nicely. S. J.

More Candidates.

Several good men submit their names this week.

W. B. JACKSON.

In the proper column appears the announcement of W. B. Jackson, who is a candidate for the office of district and county clerk. Mr. Jackson is well known to the people of this county, having been in the hardware business in this city for thirteen years, part of the time as manager of the business of the Huribut Hardware Co. and later manager of the same business for the Jackson-Hughes Co. He is a business man of fine ability and extensive experience and could perform the duties in the clerk's office perfectly. He has been one of the foremost citizens of this town during his residence here and has a great many friends in the town and in all parts of the county who are enthusiastic in their support of his candidacy.

J. B. BRINSON.

In the announcement column this week appears the name of J. B. Brinson, who is a candidate for tax assessor. Mr. Brinson served the people in that office in the past and the fine record he made is one of his strong points in this campaign. He has been a citizen of the county since its organization and no man has more friends or stands higher among those who know him. As an officer or a private citizen he does his duty at all times and by his upright dealings and courteous treatment he makes friends of all who have business with him. It would be idle to attempt to eulogize J. B. Brinson to the people of Mills county, for they know he is a first-class man as well as we do.

W. H. LEVERETT.

The announcement of W. H. Leverett appears in this issue. He is a candidate for commissioner and justice of the peace of precinct No. 2, and is a mighty good man for the place. In fact, he is qualified to fill any office to which he might aspire and he has a great many friends and supporters. He is a resident of the Caradan community, but lived in the Center City community for a long time and thoroughly understands the needs and resources of that part of the county. He is a prosperous and progressive man and one who can give the public good service as a member of the commissioners court as well as justice of the peace.

J. M. TRAYLOR.

Mr. Traylor announces this week as a candidate for the office of commissioner for precinct No. 4. He is a man of good business judgment and is always attentive to his duties. Those who know him best are his strongest supporters and a great many of the citizens of his precinct have solicited him to become a candidate and are urging his election. He is one of the county's best men and can give good service as a member of the court.

J. A. FLETCHER.

Mr. Fletcher is a candidate for re-election to the office of commissioner for precinct No. 3, which office he has filled very acceptably to the people the last two years. It is a credit to any man to say he is a member of the commissioners court of Mills county, and Mr. Fletcher has been one of the hardest working and most faithful members of that body. The splendid financial condition of the county and improvements that have been made on the public roads are all to be credited to the court and the people appreciate the splendid management of the county's affairs. Mr. Fletcher is popular with the people and always does his whole duty at all times.

On January 27, 1908, Mrs. Alberty passed away from earth to her reward in heaven.

For several years she made her home with her daughter, Mrs. W. H. McFarland, who moved from Mills county to Big Springs about a year ago. For few months past Mrs. Alberty had been a sufferer of asthma.

A few days before her death she took la grippe but was not confined to her room. She ate supper with the family and seemed very well. Just as she retired she was taken with heart failure and lived only an hour. She was 63 years of age and had been a true Christian for over forty years.

She leaves four children, Mrs. W. H. McFarland, C. P., D. W. and Edna Alberty and a number of relatives and friends to mourn her death.

Bank robbers at Millerton, Okla., were discovered and fired upon. The robbers on guard outside of the building returned the fire while the safe-blower continued to work inside the house. The explosion knocked the door from the safe but it also had the effect of throwing the safe from its foundation and it fell face down and the lone robber could not turn it over. so he joined his companions on the outside and all made their escape.

Full Rendition.

The people are now being pilled with eloquent assurances that the "full renditions" and the extraordinary oaths, detective work, threats, etc., that go to make up the present scheme of getting more taxes will not result in any increase of their tax burden. Wait and see. The people who are now receiving these assurances, that the rate will be reduced in proportion to the increase of valuation, will find that they have more taxes to pay. When they dare complain they will be denounced as "tax dodgers" who deserve to be hunted down and shot with pistols, as "perjurers" who belong in the penitentiary, as rascals who have not been paying their part. Wait and see. The men who are now busy in their efforts to convince the taxpayer that his burden is not to be increased, that he is to pay less than before, are the men who will laugh in his face, mock him, accuse him of perjury and threaten him with the penitentiary when he dares to complain later along, and the organs that attempt to excuse the raid for more taxes will chime in between the staves of eloquent abuse with a merry refrain about the largely increased wealth of the State and the greatly enlarged heap of money for the man in politics. Wait and see. The people are being deceived. They will be mocked and silenced by threats of criminal prosecution later along. Wait and see.

Editor Eagle:

Herewith I enclose a clipping from the Dallas News, which I hope you will print in the Eagle.

The full rendition law is, I think, the most iniquitous law that was ever perpetrated upon the people of Texas or any other state. I thought when the law was being enacted that the intention was to catch the tax dodgers—those who hold notes, money and bonds and refuse to render them for taxation—but all the tax dodgers will have to do is to continue to swear falsely and not render their stuff or only render a small part, as heretofore, and then the rate on what they do render will be the same as that paid by the man who renders all he has, thereby reducing the dodgers' taxes at the expense of the honest people who give in full rendition. The farmer who owns his own home could not dodge if he would, therefore, under the full rendition law the burden will fall heavier upon him than ever before, while the tax dodger, whose wealth is in a shape that the tax assessor can not get at it, will continue to put in only a small amount of what he has and reap the benefits of the cut rate, the same as the man who has to give in a full rendition.

They tell us that this law was one of the platform demands. Who put the demand in the Democratic platform? Does any one believe for a moment that a majority of the citizens of Texas had anything to do with it? No. When a convention meets there is a committee appointed to draw up a platform and any smart Alex can propose what he wants put in and when it is voted on in the convention the thing is adopted and no one outside the convention knows anything about it.

Mr. Editor, the people all over the state should rise up and hold indignation meetings and demand that this law, as it now is, be repealed, and some law passed, if possible, to get at the man who does not render what he has, and these meetings should condemn the perpetrators of this law as public enemies and not representatives of a free people.

D. T. BUSH.

P. S.—If the assessor has the right to value the tax payer's property, why should he swear the owner as to the value of it.

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at R. E. Clement's drug store. Samples free. Goldthwaite and Mullin, Texas.

Linton C. Hutchins, vice president of the Fort Worth National bank, suicided in that city Sunday by shooting himself. Despondency over ill health is assigned as the cause.

The city assessor and collector of Palestine left that city a few days ago and after an absence of several days his accounts were examined and found to be about \$10,000 short of a balance. The minutes of the council reciting the approval of his official bond can not be found and the bond has also been taken from the vault.

After all, there is something in talk. If a customer goes into a store and the merchant is talking about hard times, it leaves a sort of a blue impression on the customer. He will think that if times are so hard he had better hold to his dollar rather than take the risk of spending it in such a time. Tell a man that he is sick and you will soon get him to believe it and he will be sick. If you tell prospectors that this country is all sand and dry weather and that it is almost a miracle if good crops are raised here, you do yourself and your country an injustice. There is no country where bumper crops are a certainty. Always try to find some good feature of your town and country to talk about and you will be surprised at your own feelings, especially if you are a little blue.—Olney Oracle.

Now is the time to think about the price of cotton next fall. By diversifying and properly restricting cotton acreage, the total yield can be kept within the limits where the price will be satisfactory. That is really the only sure way of playing the game. The speculators have all along tried to frighten the farmers with two bugbears; first, that the mills had supplies to last for two years; second, the mills would close down. Well, an idle mill is a dead loss to the owner, it can not be turned to anything else; whereas the farmer can change his cotton factory to a corn, oats, wheat, cabbage and potato factory, and still manage to get returns for his investment and his labor. Hence, if the farmer will but intelligently regulate his prices by the law of supply and demand, there can be no reason, outside of his own lack of cohesiveness, why he should not win the day. Naturally, the spinners try to get cotton as cheap as possible and no one blames them for that. Why then censure the farmers when they try to get the best prices for their products?—Belton Journal.

For that Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by R. E. Clement's druggist, Goldthwaite and Mullin, Texas.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, masses nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Executive Committee Meeting.

There was a meeting of the Democratic Executive committee at the court house last Saturday afternoon, but on account of the inclemency of the weather and the small attendance at the meeting it was decided to defer the business until Saturday, February 22, at which time it is hoped to have a full attendance of the committee.

A second call has been issued by Chairman Smith for this meeting and it is hoped that all of the members of the committee will be present at the meeting next Saturday.

Home Mission Society.

At a regular meeting of the Woman's Home Mission society, held in the Methodist church Monday afternoon, the following officers were elected: Mrs. R. M. Thompson, president; Mrs. H. E. Brown, vice president; Mrs. John Little, recording secretary; Mrs. W. H. Trent, corresponding secretary; Mrs. R. S. Crain, treasurer; Mrs. E. M. Boon, agent for Our Homes.

These officers are to be installed the first Monday in March.

Prompt Responses.

The prompt manner in which responses have been made to the statements sent out by the Eagle is indeed encouraging. Many have sent in their renewals without even having been sent a statement, but those who do not know just how their accounts stand with the paper must of necessity be furnished with statements. Another most pleasing fact is that nearly all who renew have good words to say for the paper.

Dear Sir: Will you give your Arithmetic class—and Algebra class—this problem?

If average paint is worth \$1.60 a gallon, and goes two-thirds as far as Devoe, and wears half as long, what is Devoe worth put on, painters' wages being \$3.50 a day and a day's work a gallon of paint.

The answer is \$11.80 a gallon; but don't tell 'em that.

COMFORTING WORDS.

Many a Goldthwaite Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting word to hundreds of Goldthwaite readers.

J. M. Hardeman, proprietor of a bath house, Lampasas, Texas, says: "Several years ago I fell from a horse, and since then I have been troubled with my back which was painful and weak. The pains extended from the small of the back up to the shoulder blades and sometimes I was so dizzy that I was unable to stand. At times I suffered from period of partial blindness and an annoying condition of the kidney secretions. Doan's Kidney Pills, which I procured helped me wonderfully, giving relief after a few doses, and now I feel much improved. I heartily recommend Doan's Kidney Pills to sufferers from kidney complaints."

Plenty more proof like this from Goldthwaite people. Call at R. E. Clement's drug store and ask what customers report.

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doans—and take no other.

Card of Thanks.

To the good people of Goldthwaite and especially the close friends of the dear departed Vara, we wish to tender our thanks for and sincere appreciation of the kindness and assistance rendered us in the days and weeks of distress and suffering that held our beloved daughter an invalid with the messenger of death ever hovering around. One of the sweet consolations that come to us now in our loneliness, is that loving hands and sympathetic hearts abounded in administration to the departed one's wants and that in death all united in an effort to care beautifully for the dead and support the distressed 'tis a great privilege to live among you.

We feel that the beckoning call from the spirit world will not be for us alone, but for all those who knew and loved her.

Yours in memory of Vara.

Night riders burned a number of large tobacco barns in Kentucky last Saturday night.

Safe blowers robbed the bank of Sulphur Springs, Ark., last Saturday night and made good their escape.

A freight train broke in two near Alford, on the Denver road, and running wild collided with a passenger train, doing considerable damage to the passenger engine and the freight cars. No passengers were hurt.

Three mad dogs were killed in Galveston Monday. One of them was imprisoned in a coal shed by a negro woman after the dog had attacked her and torn to pieces a broom with which she defended herself.

A negro who assaulted a young lady near Brookhaven, Miss., was taken from the military guard that had been ordered to protect him and was hanged Monday morning. Two members of the citizens committee were shot, but not seriously wounded, while the members of the militia were roughly handled and the adjutant general was stripped of his clothing and beaten by some of the citizens.

The other day in one of our cities a "sky scraper" office building, handsome and costly was halfway up when a flaw was discovered in the foundation. The builder had been careless, and had trusted to luck that discovery would not follow. But the weight of the rising walls was a test too great to bear, and the foundation gave. The result was that the building had to come down and be begun all over again. It is better to be careless anywhere else than in the foundation of matters. A rising manhood cannot be built upon a reckless, idle boyhood; and in life one cannot well begin all over again when life is half way through.—Selected.

I have not seen any news from this part of the state, so I will drop the Old Bird a few crumbs.

Most of the farmers are holding their cotton, but some are selling.

We had a nice rain last night which was greatly appreciated by all.

There are some large ranches of goats, hogs and cattle here.

Mr. Davenport's little son was bitten by a mad dog and was carried to Austin for treatment.
