"My Crest is a Smiling Tear Drop."

XLIII.

All Died for Love.

(Adapted from the German to Heine.)

Dark was the house though my love lived there,
And dark was my heart with heart's-deep air,
And whither I passed I never reckoned,
Till I saw where the stones in the church-yard beckoned.

And there in the moonlight did I see
A minstrel's grave-stone beckon to me.

"O brother! wait!" came the mournful sound,
And something arose from the old Green mound.

'Twas the old dead harper, death-bed-dight,
And he stood by his grave-stone full in sight,
And he swept his hand o'er his old harp-strings.

And deep through the night his old voice rings:
"O harp, does the song still live in thee

That once was life and all to me,---
Rememberest thou thereof?---
Of that which angels call heaven's gain,

And devils call hell's bitterest pain,
And men on earth call--Love!"

Scarce had the voice and harp sang--
"Love!"

When all the graves began to move,
And phantoms arose on every side,
And crowded around the harp and cried--

"O Love, O Love, at thy behest
We died, and hoped the sleep would last;

Sweet was the sleep that held us fast:
What bitter spell wilt thou now cast!"

REAPING BENEFIT

From the Experience of Goldthwaite People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Goldthwaite residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

L. B. Walters, southwest cor. of square, Goldthwaite, Texas, says: "For several years I have used Doan's Kidney pills off and on, always finding them entirely satisfactory. I was told of the curative qualities of this preparation by a physician but never had need of a kidney remedy until I came to Goldthwaite. The drinking water in this place affected my kidneys and caused distressing passages of the kidney secretions. Remembering what the doctor had said about Doan's Kidney Pills, I procured a box at Clement's drug store and commenced using them. They brought the desired relief in a short time. I firmly believe if everyone having trouble from his kidneys would try Doan's Kidney Pills, great benefit would be obtained."

After an absence of several months, I again appear on the scene with my small budget of items.

Cotton picking is the order of the day, but will be an event of past in a short time, as the weather is favorable and cotton crops are short in this vicinity, yet far better than some neighboring localities.

Messrs. Marvin and John Reed of Ratler visited at the home of W. E. Bryan Saturday night and Sunday.

Jim Rudd of Energy was a visitor at the home of Luther Rudd at this place recently, Miss Nora Bryan boarded the train Thursday morning for a visit to friends in and near Mullin and Comanche, returning Sunday night.

Dud Karnes and wife returned from Temple Sunday night, where the latter had been receiving treatment at the sanitarium. Mrs. Karnes was fatigued from travel and spent the night in the metropolis, coming home Monday. Rural schools will soon be in progress, owing to short crops, which is a great advantage to children who are kept out of school on account of an abundance of cotton, which must be gathered.

Rev. G. T. Lambert has sold his farm in this locality and will leave for the west soon.

Miss Stella Bryan left Tuesday morning for Belton, where she expects to enter school. We wish for her a successful school year.

John Berry left a few weeks ago for Coleman city and is still in those parts.

Rev. Miles filled his regular appointment at Liberty Saturday and Sunday and visited in this community Sunday.

Miss Daniels, who has been suffering for some time with lung trouble and who is staying at the home of Poscal Hagan at this place, is reported not improved in health.

What has become of all our correspondents to the Eagle? How glad I would be to read a missive from each one! Come on all you good writers with a few crumbs for the Big Bird. Winter will soon be here and he will need an abundance of food.

REPORTER.

Ship captains who have reached Galveston recently report a great and growing lake of oil in the gulf about 160 miles southeast of Galveston. At the point where the oil is seen spouting up the water is more than a mile deep, which is proof that a mighty gusher has broken out and is strong enough to force its way up a mile through the water.

MURRAY'S

Balsam for the Lungs and Kidneys

I was born in the State of Kentucky, where my father practiced medicine forty-eight years, and where his father, his brother and my brothers also practiced till they were very old men.

When my father was about 35 years of age he was taken down with what the physicians at that time called quick consumption. His brother physicians who attended him gave up the case, telling him they could do nothing more for him. He then told my mother to get certain remedies and how to compound them, and in less than three months he was able to resume his practice. He lived to be 86 years old and never had another attack of lung trouble, but was a strong healthy old man. After being cured he gave his medicine the name of Murray's Balsam for the lungs and kidneys.

This medicine loosens the cough so the patient can expectorate with but little effort and gradually but surely heals the lungs. I don't know that it will cure tubercular consumption so that it may not be brought on again by exposure, but I do know there are people in Taylor, Callahan, Brown, Eastland, Hamilton and many other counties in Middle and West Texas who are now able to attend to their business and apparently in good health who would have died with lung trouble years ago had they not used this medicine.

It will cure an ordinary sore throat in a few hours and relieve Tonsillitis in the same way, but it takes about a bottle of the medicine, that is about three weeks' treatment, to eradicate tonsillitis entirely so as to have the tonsils from being cut out. It will loosen an ordinary cold very quickly and keep it from settling on the lungs and will cut the phlegm and relieve the croup quicker than any other remedy that has ever been discovered. Give a child, say 2 years old, 3 to 5 drops on its tongue with no water to wash it down and it will work its own way down and relieve the child in a few minutes. For a child 6 to 12 months old from 2 to 3 drops; a good way is to drop it on the point of a case knife or on paper, as it is thick like syrup. Mothers who have once used it with their children will not do without it.

It is as good for kidney and bladder troubles as for lung and throat troubles. Every ingredient in it is a kidney remedy, and a person don't have to wait, as is the case with many kidney remedies till he has taken two or three bottles to be relieved, but where there is anything wrong with the kidneys or bladder the improvement begins with the first dose. When children are troubled with bed wetting after they have taken the medicine two or three days the mother will not know whether they are cured or not till she stops giving the medicine. It should be given at least a month and stop, and if it comes on again give it another month. It is rarely the case that it has to be given the second months. Many persons have to get up many times during the night. This shows disease of either the kidneys or bladder and frequently both. After using this balsam three days the patient will rest quietly from 6 to 8 hours, and when down with lumbago, the back and sides racked with pain and helpless to rise from the bed or chair without assistance, this balsam will cure and enable the patient to go to work before other remedies will begin to take effect.

Twenty-five drops will cure any case of cramp or bilious colic in less than twenty minutes, generally in about ten.

Now, as a proof that this balsam is what I claim it to be, I will allow any one who purchases a bottle to use it a week, and if not entirely satisfied with it they may return it at the end of the week and get their money back without any questions being asked. Is this honest? I think so. I have had hundreds of letters from persons who have been cured of kidney and lung and throat troubles with this balsam, and the reason I do not have them printed is, first, it costs money, and, secondly, I have seen so many such and have so little confidence in them that I am thoroughly disgusted with them, and I believe others feel the same way about it; so I say, use it at my expense for a week, and you will not have to make an affidavit nor sign any statement nor say anything only that here is your medicine. I am not pleased with it, and get your money. I don't believe one bottle in a hundred will be returned, for I have seen the medicine used ever since I was a child, and am now past 70 years of age, and it is spoken of by all who use it as a wonderful remedy. If your druggist does not keep it, write F. I. Murray, Abilene, Texas.

It is put up in one-ounce bottles, there being from 3 to 4 weeks' treatment in a bottle. The bottles are strong and will be sent by mail on receipt of \$1.00; \$3 bottle for \$2.50. For sale by

He said he had not seen a statement from Peary and, therefore, would make no answer to that gentleman's charges. He claims to have ample proof to support his claim of having reached the pole.

Hon. W. J. Bryan's speech in Dallas last week against the doctrine of a protective tariff on raw material and in defense of the national Democratic platform, which he claims to be binding upon representatives of the party in the federal congress has caused Senator Bailey to make several speeches in defense of his position and his action in repudiating certain sections of the national platform. It is hoped that a joint debate can be arranged between Messrs. Bryan and Bailey at some point in Texas.

Mullin.

Editor Eagle,

How swiftly the wheels of time revolve. Here we have passed beyond the threshold of another week since my last writing, and I find during that space very little has occurred to interest the readers of the Eagle. The old adage "A half loaf is better than no loaf" encourages me to send the few events that have transpired.

Rev. and Mrs. J. B. Ward came in Saturday on the morning train from Santa Anna and he filled his first appointment with the Mullin Baptist church, had two sermons each day. He preached the gospel, simple and pure.

T. A. Lovelace and family returned from a trip to Mexico Friday night.

Friday evening at the Odd Fellow's hall, Wm. Brewer delivered a lecture on Odd Fellowship to a large audience.

If you want to buy beautiful dry goods, notions, etc., just walk in to the store of H. F. Butts and examine his new stock and you will be perfectly satisfied with what you see and buy.

Mrs. John Hester and little son, Master Richard Walters, are visiting the boy's grandparents at Goldthwaite—two grandmamas and one grandpapa.

Fall millinery will soon be on display at the business houses of both Mrs. Pickens and Mrs. W. E. White.

Mrs. Applewhite and daughter, Mrs. Nabers, of Lampasas are the guests of Mrs. John Allen.

J. D. Renfro left Monday morning for Brady on business.

Mrs. Duval, a most worthy lady, has rented the Hutcheson house and opened up a boarding house. Her mother, Mrs. Moore, will assist her in the work, and would be glad to receive a share of patronage.

Just at this writing a horse ran away with George Chesser's little boy, no serious damage and but slightly bruised. He made a narrow escape.

A few of the ladies of the Methodist church assisted Mrs. Moon in papering the parsonage last week.

Rev. W. B. Moon returned home from Cherokee Monday afternoon.

Sunday evening the sad message was transmitted over the telegraph wire from Temple that Mr. Hayes, the aged father of Rev. Hayes and Mrs. A. H. Burgess, had yielded to the call of the "Death Angel" and passed through the portals of the Heavenly city into the presence of his God. Rev. Hayes was with his father during his last days, and to the end, which was a great comfort to the bereaved family. On Wednesday before his decease Mr. Hayes submitted to an operation at which time his grandson, Hayes Burgess, was also with him and remained until Saturday morning. It was thought when he left that his grandfather was doing very well. The shock to his family was, therefore, distressing in receiving the news of his death. The family have the sincere sympathy of their many friends in this hour of affliction.

Dr. Allison of Brownwood made a professional visit to Mullin Tuesday and assisted Drs. Herrington and Jones in performing an operation for appendicitis on a son of Mr. Medford.

Miss Minnie Burgess and little nephew, Richard, returned home last week from an extended visit to her former home—Arkansas—accompanied by her father.

Miller Grove.

(intended for last week.)

Editor Eagle:

As I have not seen anything from this community in a long time, I thought I would drop the old Bird a few lines.

Health is very good at present in this community.

Cotton picking is the order of the day. Some have out three or four bales. Cotton is not turning out to do much good this year.

We are all sorry to lose M. F. Wallace's family from this community. We hear that they are going to move to Mullin the first of next week. Hope they will be pleased with their new home.

Miss Julia Wesson visited Miss Ada Mahan Monday evening.

Mr. Laughlin's family and Mr. Cline's family visited Mr. Fallon's family Sunday evening. Miss Minnie Lindsey is spending a few weeks with her sister, Mrs. Sam Cox, in Rook Springs.

There was a singing at Mr. Fallon's Sunday night, which was enjoyed very much by the young folks.

Wednesday, the 15th. Mr. and Mrs. B. F. Mahan had to give up their daughter. They went to town where they saw Elmer Cox and Miss Ada Mahan married and made partners for life. Rev. Templin performed the ceremony. We all wish them a long happy, successful and healthy life. We hope good luck will be their lot, as through this world they trot, trot, trot.

I. H. Elder of Eldorado was visiting J. D. Fallon last week. He left for home Saturday night. Claud Fallon accompanied him home, where he will go to school. We all hope to see him when he returns home, a nice, stately polished young man.

Everybody is rejoicing over the fine rain that fell Monday night. I don't think it damaged the cotton much.

Say, will some one give me a remedy how to bring Miller Grove back to life. It has gone dead. Something must be done right away. It has not kicked but once since the war.

Well, as this is my first attempt to write, if the waste basket don't get this I will write again. With best wishes to the Eagle and its many readers. I will close. MAID OF THE MIST.

School Board Meeting.

The school board met Saturday and fixed the tax rate at 19 cents on the \$100 valuation for school purposes and it is believed that the funds will pay for eight months of school.

The board also fixed the rate of 1 cent on the \$100 valuation to pay interest on the outstanding bonds and provide a sinking fund. This makes the total special tax in this district 20 cents on the \$100 valuation.

The board also adopted a rule that four of the eight teachers should remain on the school grounds during the recess hours. School is to open Monday morning.

Bishop Seth Ward of the Methodist church died in Kobe, Japan, Monday afternoon, after a lingering illness of fever. His home was in Houston and his family lives there. He left Houston in July on a tour of inspection of the Methodist missions in Japan and became ill enroute. His family could not go to him for the distance was so great they would be out of communication such a long time that it was deemed better to remain at home where news of his condition could reach them. Bishop Ward was 50 years of age and was a native Texan. He had been in the ministry for thirty years or more. He was a great and good man.

TRADES DAY

Large Crowd and Liberal Premiums Fine Display of Needle Work.

Trades day attracted a large crowd to town Monday and there was considerable of interest for the people, aside from business transactions. Perhaps the most interesting feature of the display and premium contests was the beautiful display of needle work by the ladies. One of Mr. Gattlin's store buildings served as a display room and the exhibition was fine and attracted a large crowd all day.

The Pesky Flies.

The flies, the flies, the pesky flies, they crawl upon the bread and pies, and on each bite of food we eat they wipe their nasty, dirty feet. They buzz around defying foes, they dance upon your face and nose, and then without apparent fear they dig and tunnel in your ear. They light upon your hairless head at early dawn when you're in bed, they fly and frolic everywhere and make the housewives almost swear. They fall down in the crook of cream, and life to them is one sweet dream; they get mixed up in the raisin cake and all the housewife tries to bake; they drop down in the coffee cup and in the lasses get mixed up. With nimble feet and active wing they leave their germs on everything, and then their presence they explain with dots upon the window pane. Then bring the swatter forth and swat, and teach the flies they mustn't dot; bring out the sticky paper sheet that nabs the insects by the feet and holds them struggling for their breath until they die a lingering death. But do not use that ancient trick and dope the flies to make 'em sick, for this will cause them, as they say, to dot their little lives away.—Charles Bliss.

The high price of cotton will like y induce the planting of a large acreage next year and some who have retired from cotton raising will be tempted to return to that occupation. Even Judge Matt Roach, a retired capitalist, is likely to be tempted by 13 cents per pound for cotton and \$20 per ton for seed to again harness old Beck and start for the cotton field. He purchased 230 acres off the south side of the Jenkins farm in the Bull Springs community this week.

Many the friends and patrons who have called this week and renewed for the Eagle. When people come and pay voluntarily it proves that they appreciate the paper and realize that a newspaper's expenses go on, no matter how high the price of cotton, and they are willing to do their part towards making a good county paper.

The Santa Fe railroad company has a force of men here this week improved the crossing on Third street and building a crossing on Fifth street to conform to the requirements of the city council. It is supposed they will also make a crossing on First street at this time, as the council has notified them to make a crossing at that place.

The program committee for next Trades day have under consideration some racing, both for harness and saddle horse, against time. Also wheelbarrow and foot races. They will arrange for another cotton hauling contest, perhaps.

In Memory.

To the memory of Charley Long, youngest son of H. T. and Nannie Long, who died at their home in the Trigger Mountain community, last Sunday night about 9 o'clock, Sept. 19, 1909.

He had been sick several days, but not seriously and his death was a great shock to the family as well as their relatives and friends. He had been suffering from a throat trouble and gangrene set in, which took him away so sudden. Oh, it was so hard to give him up, he was such a loving and dutiful son, just entering into his 16th year, but we must submit to the will of him "Who doeth all things well." He leaves a grief-stricken father and mother, one brother and two sisters and many relatives and friends to mourn his death. We cannot say to you dear ones, weep not, but do say "weep not as for those who have no hope," for he left assurance that he was going to rest, which is a great consolation to all.

Asleep in Jesus blessed sleep. Where none shall ever wake to weep.

He told his mother just before he passed away that he was going to die that night and wanted her to sleep near him. Said he wasn't afraid to die and was ready and willing to go. He died without a struggle and with a sweet smile on his face.

Oh, dear ones, your troubles seem almost more than you can bear, but look to him who said, "I will never leave thee nor forsake thee." Our loss is his eternal gain. Soon we will meet him where parting will be no more, but all will be joy and happiness forever.

His remains were followed by a large concourse of people to the North Brown cemetery, where Bro. L. J. Vann held a very sweet and impressive service.

A light is from our household gone, A voice we loved is stilled, A place is vacant in our home, Which never can be filled.

We cannot tell who next may fall Beneath thy chastening rod, One must be first, but let us all Prepare to meet our God.

Fire in San Angelo

Fire destroyed the Alamo hotel in San Angelo at an early hour Thursday morning. Mr. J. L. Bryan of this city was a guest of the house and the fire originated in the room beneath the one occupied by him. When he awoke the blaze was at the foot of his bed and the floor was falling in. He had barely time to escape, carrying with him his trunk, but his electrical tools and his watch were lost. There was a large number of guests in the house and all escape after Mr. Bryan gave the alarm. The loss of his tools was quite serious, as they were valuable, but he is indeed fortunate that he awoke in time to avoid bodily injury.

Citation By Publication.

The State of Texas, To the Sheriff or any Constable of Mills County, greeting: Oath having been made as required by law, you are hereby commanded to summon Mrs. Virginia F. Hawley, Mrs. Kate B. Cookran, Mrs. Alice M. Trux, and Mrs. May Virginia Holden, and the unknown heirs, legal representatives, legatees and devisees of Mrs. Virginia F. Hawley, Mrs. Kate B. Cookran, Mrs. Alice M. Trux, Mrs. May Virginia Holden and R. K. Hawley, all deceased, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, Texas, to be holden at the court house thereof in the city of Goldthwaite, on the twelfth Monday after the first Monday in September, 1909, the same being the 29th day of November, A. D. 1909, then and there to answer a petition filed in said court, on the 8th day of September, A. D. 1909, in a suit numbered on the docket of said court No. ... where in J. T. Perkins is plaintiff and the above named parties are defendants, the said petition alleging that heretofore on to wit: The 2nd day of July, 1900, Chasney S. Trux and L. Dean Holden, as executors and trustees of the last will and testimony of R. K. Hawley, deceased, sold and conveyed to plaintiff 640 acres of land situated in Mills county, Texas, described as survey No. 1, Houston, Tap & Brazoria Railroad Company, by virtue of certificate No. 21-813 issued to said company, and patented to James Bigler assignee, by Patent No. 345, Vol. 12, Abstract No. 344, and which deed is filed among the papers in this cause, and notice thereof given to the defendants and each of them in consideration among other things of the sum of Six Hundred (\$600.00) Dollars, evidenced by the plaintiff's three certain promissory notes of even date with said deed, each for the sum of Two Hundred (\$200.00) Dollars, and due respectively January 1, 1901, 1902 and 1903 and bearing eight per cent interest per annum from January 1, 1900, and secured by vendor's lien on said land, expressly retained in said deed. Plaintiff further alleges that he afterwards on various dates paid all of the purchase money owing on said notes, and all accrued interest thereon, except the sum of Fifty (\$50.00) Dollars balance then owing thereon, which sum he retained, and tendered to the defendants, and demanded of them a release of the vendor's lien retained in said deed on said land, and which said sum he has ever since made tender of to the defendants and each of them, subject to their execution and delivery to him of the release of the vendor's lien aforesaid and demanded the same from them, and which sum he now here tenders in court, and again demands the execution and delivery of release of the said vendor's lien, and which sum he says is and was the balance owing by him on said land at the date of said original tender on May 16, 1902. Plaintiff prays that defendants be required to accept said tender of Fifty (\$50.00) Dollars balance owing by him on said land, and release the vendor's lien retained in said deed on said land, and that out of said Fifty (\$50.00) Dollars be retained by the court a sufficient amount to pay the costs of court, and the balance be paid to the defendants, and that the cloud cast upon the plaintiff's title by reason of the vendor's lien be cancelled and removed and held for naught and the defendants be perpetually barred from asserting any right or claim to the said land hereafter. Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Witness, R. J. ATKINSON, Clerk of the District Court of Mill County. Given under my hand and the seal of said Court, at office in Goldthwaite this 8th day of September, A. D. 1909. R. J. ATKINSON, Clerk District Court, Mills County.
