VOL. 16.

GOLDTHWAITE, MILLS COUNTY, TEXAS, OCTOBER 2, 1909.

NO. 7

THE PRICE IS WHAT COUNTS

Believing that the price is the Main Consideration, we adopted when we entered into business in Goldthwaite, the Spot Cash, One Price to Everybody policy, and have conducted our business along those lines during the time we have been here. We wish again to call your attention to the many advantages offered by this policy. By selling strictly for Cash, we can easily afford to sell the Merchandise for a smaller per cent profit. We buy our goods in quantities (having 9 stores to supply), and pay cash for same, thereby getting the lowest price possible. We maintain the "One Price to Everybody" policy and that price we make the lowest. Your child can buy goods from us as cheap as you can. These are only a few of the good reasons why you should at least give us a trial. We want your business and shall take great pleasure in showing you through our stock, whether you wish to buy or not. We quote below the prices of a few articles on which we can save you money:

Mythologic Women.

(Adapted from the German to Heine.)

I don't blame Europa greatly,—
On weak mad against a bull.
As to Danse—that was human,—
Gold is much too powerful.

Semele had ideal longings,
Vain and fatal,—and no wonder:
Who could think a cloud's bright
beauty
Wrapped the flaming God of Thun-
der?

But that shabby funny story
Of the barnyard ruse of Zeus,
Worked on Leda,—its disgusting—
She to cotton to a goose!

Notice.

I HEREBY give notice that I shall strictly enforce the game law this season, which includes the Sunday law as well. All birds except the following are at all times protected.—Buzzards, Hawks, Owls, English Sparrows, Blackbirds and Crows. The law provides a jail penalty for the violation of the game law, and permission from anyone as to hunting on Sunday does not give authority to violate the Sunday law. Now, boys, let's all properly comply with the law and there will be no trouble about it.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists.

King's Daughters.

The King's Daughters met last Tuesday afternoon at the home of Mrs. P. M. Coones. A very interesting programme was rendered.

Reports from Temple yesterday concerning Mrs. B. K. Weaver's condition were not encouraging. She was carried to the hospital more than a week ago to have her hand treated, erysipelas having developed in that member. The report yesterday was that she would almost certainly lose her hand and more serious results were feared. The friends of the family sympathize deeply with them and hope for better news later.

R. B. Weaver went to Temple last night, where he was called on account of the serious illness of his mother.

Mrs. D. J. Price, wife of the general passenger agent of the International and Great Northern railroad, died Saturday in Palestine.

An expenditure of \$5,000,000 in the erection of permanent buildings, designed after the late Roman style, is contemplated in plans made for the University of Texas.

Hon. R. M. Wynne of Fort Worth was appointed to the superintendency of the Confederate Home at Austin, on Saturday, by Gov. Campbell.

The Baptist memorial sanitarium at Dallas will be opened on Oct. 14. For over three years laborers have been employed in erecting the building.

Jas. W. Keeton was convicted at Vernon last Saturday and sentenced to five years in the penitentiary for the killing of Dock Thomas, a state ranger, in Amarillo last January.

Memorial services were held in many towns and cities in Louisiana Sunday, mourning the loss of lives and the wide-spread destruction of property in the southern lowlands, caused by the recent hurricane.

The increase in attendance at the A. & M. college has been so great this year that 127 tents have been placed on the campus to accommodate the overflow. The tents have board walls and floors and will be heated.

Prof. Phillip Fox, director of Dearborn Observatory at Northwestern University, announced Saturday that on last Thursday he had a good observation of the South Pole of Mars, which is now only 35,000,000 miles from earth.

There was a small blaze in the White House at Washington last Saturday afternoon. It originated in the flue of one of the chimneys in the old portion of the executive offices. Very little damage was done, as the fire was soon extinguished.

The body of the man found hanging to a tree in a pasture about five miles from Lampasas last Saturday afternoon proved to be that of L. J. Lee of Zephyr, who escaped from the asylum at Austin a few days before.

The waters of the bay along the coast of Texas have been so disturbed the past week that it was impossible for the oyster fishermen to work on the reefs, and as a result there is almost an oyster famine.

San Angelo is considering propositions for two other railroads—the Morgan Jones road and the Frisco. On Saturday night only \$10,000 remained to be secured of the \$100,000 bonus required to get the Morgan Jones road.

A daring daylight robbery was committed in Fort Worth Monday morning, when a man drove a large auto up to a house and entering by the front door had ransacked several rooms before he was discovered, when he leaped through a window and whirled away in his auto, before the police could be called.

Mullin.

Editor Eagle:

The cool winds of September have chased away the sweltering heat of summer, and these bright autumn days run along in rhythmic measure. As twilight steals on, the silver crescent moon appears in the blue, ethereal heavens, with not a cloud to mar the beauty of the scene. The weather, the perfect days and transcendent nights afford fit subjects for a poet's pen.

Sunday was a lovely day. Rev. W. B. Moon filled his pulpit at the Methodist church, while Rev. Abbe Kohen, the Primitive Baptist pastor, preached to a large congregation at the schoolhouse. It being their communion day, this service continued all day with a short intermission for dinner, which was served on the grounds.

The B. Y. P. U. is in line of progression and is developing into an interesting and instructive feature in the Sunday's work.

The "Mite Brigade," too, is accomplishing a good work. On Sunday evening, before the sermon, they charmed the congregation at the Methodist church with a sweet song.

W. W. Kirkpatrick has accepted a position with Walker, Smith & Co. at Ballinger. He is a fine, business young man, and will doubtless make a marked success in life.

Mrs. H. F. Butts has been quite ill for the past week, and while she is some better she is still confined to her bed a greater part of the time.

Mrs. Meadows, after a few weeks' visit to her sister, Mrs. Jackson, sr., has returned home. Maxwell Kirkpatrick came in from Brownwood Saturday and spent Sunday with his parents.

The little daughter of Mr. and Mrs. Kempner has been sick, but is convalescent.

Z. D. Kamp, once a familiar figure on the streets of Mullin, was circulating among his friends here Saturday. Mullin has never recovered from the loss of this good man and his family.

Mr. and Mrs. E. B. Anderson, Misses Dera Humphries, Eloise and Emily Anderson, came up Sunday afternoon and treated some friends to a ride in their auto, which was a most delightful change from the monotony of buggy drives.

Carl Wilson has the position of bookkeeper at the First State Bank in Mullin.

Edgar Hayes and August King attended the B. Y. P. U. Sunday afternoon at the Baptist church.

N. J. Tyson left Friday for De Leon to be present at a debate between an "old Baptist" and a missionary, but more than likely he went to debate a more important question with a fair widow, Eh?

In closing this communication I will add a few lines of poetry which may cheer some poor aching heart as it has G. V. M.

"Sometimes when all life's lessons have been learned,
And suns and stars for evermore have set,
The things which our weak judgments here have spurned,
The things o'er which we grieved with lashes wet,
Will flash before us out of life's dark night
As stars shine most in deeper tints of blue.

And we shall see how all God's plans are right
And what seemed reproof was love most true;
And we shall see how, while we frown and sigh,
God's signs go on as best for you and me;
And when we called He heeded not our cry,
Because His wisdom to the end could see:

MURRAY'S

Balsam for the Lungs and Kidneys

I was born in the State of Kentucky where my father practiced medicine forty-eight years, and where his father, his brother and my brothers also practiced till they were very old men.

When my father was about 35 years of age he was taken down with what the physicians at that time called quick consumption. His brother physicians who attended him gave up the case, telling him they could do nothing more for him. He then told my mother to get certain remedies and how to compound them, and in less than three months he was able to resume his practice. He lived to be 86 years old and never had another attack of lung trouble, but was a strong healthy old man. After being cured he gave his medicine the name of Murray's Balsam for the lungs and kidneys.

This medicine loosens the cough so the patient can expectorate with but little effort and gradually but surely heals the lungs. I don't know that it will cure tubercular consumption as that it may not be brought on again by exposure, but I do know there are people in Taylor, Callahan, Brown, Eastland, Hamilton and many other counties in Middle and West Texas who are now able to attend to their business and apparently in good health who would have died with lung trouble years ago had they not used this medicine.

It will cure an ordinary sore throat in a few hours and relieve tonsillitis in the same way, but it takes about a bottle of the medicine, that is about three weeks' treatment, to eradicate tonsillitis entirely so as to have the tonsils from being cut out. It will loosen an ordinary cold very quickly and keep it from settling on the lungs, and will cut the phlegm and relieve the croup quicker than any other remedy that has ever been discovered. Give a child, say 2 years old, 3 to 3 drops on its tongue with no water to wash it down and it will work its own way down and relieve the child in a few minutes. For a child 6 to 12 months old from 2 to 3 drops; a good way is to drop it on the point of a case knife or on paper, as it is thick like syrup. Mothers who have once used it with their children will not do without it.

It is as good for kidney and bladder troubles as for lung and throat troubles. Every ingredient in it is a kidney remedy, and a person don't have to wait, as is the case with many kidney remedies till he has taken two or three bottles to be relieved, but where there is anything wrong with the kidneys or bladder the improvement begins with the first dose. When children are troubled with bed wetting, after they have taken the medicine two or three days the mother will not know whether they are cured or not till she stops giving the medicine. It should be given at least a month and stop, and if it comes on again give it another month. It is rarely the case that it has to be given the second month. Many persons have to get up many times during the night. This shows disease of either the kidneys or bladder and frequently both. After using this balsam three days the patient will rest quietly from 6 to 8 hours, and when down with lumbago, the back and sides racked with pain and helpless to rise from the bed or chair without assistance, this balsam will cure and enable the patient to go to work before other remedies will begin to take effect.

Twenty-five drops will cure any case of cramp or bilious colic in less than twenty minutes, generally in about ten.

Now, as a proof that this balsam is what I claim it to be, I will allow any one who purchases a bottle to use it a week, and if not entirely satisfied with it they may return it at the end of the week and get their money back without any questions being asked. Is this honest? I think so. I have had hundreds of letters from persons who have been cured of kidney and lung and throat troubles with this balsam, and the reason I do not have them printed is, first, it costs money, and, secondly, I have seen so many such and have so little confidence in them that I am thoroughly disgusted with them, and I believe others feel the same way about it; so I say, use it at my expense for a week, and you will not have to make an affidavit nor sign any statement nor say anything only that here is your medicine, I am not pleased with it, and get your money. I don't believe one bottle in a hundred will be returned, for I have seen the medicine used ever since I was a child, and am now past 70 years of age, and it is spoken of by all who use it as a wonderful remedy. If your druggist does not keep it, write F. I. Murray, Abilene, Texas.

It is put up in one-ounce bottles, there being from 3 to 4 weeks' treatment in a bottle. The bottles are strong and will be sent by mail on receipt of \$1.00; \$3 bottle for \$2.50.

And even as wise parents draw
Too much of sweet to craving babyhood,
So God "perhaps" is keeping from us now
Life's sweetest things, because it seemeth good;
And if sometimes, commingled with life's wine,
We find the wormwood, and rebel and shrink,
Be sure a wiser hand than yours or mine
Pours out the potion for our lips to drink."

Reading aloud may be good for the lungs and some excellent persons find it an agreeable means of entertainment, but its chief advantage is one not commonly specified, namely, the encouragement it gives to correct pronunciation. The daily vocabulary of even the most intelligent and highly educated persons is far from covering the words likely to be encountered even in an unpretentious piece of literature. Pronunciation is a thing more or less arbitrary, and unless one makes a study of it he is extremely likely to blunder in pronouncing many words whose definitions he can give with exactness. When he finds these words in books or articles which he is silently perusing he may have a feeling consciousness of uncertainty as to the manner in which they should be spoken, but is not likely to inform himself. It is only when he comes to read aloud that he recognizes his deficiencies and is moved to correct them. It is because of this that reading aloud is a thing that may well be practiced occasionally. Even if it is done in private and without an audience it is likely to answer the purpose. —Indianapolis State.

The man who pays his indebtedness this fall, or who at least makes a strenuous effort to do so, will have no trouble hereafter in securing financial assistance, for a time like the present proves what a man will do in a "pinch." In Miller's county most people pay all the time, but the principle holds good the world over. Let every man bear his own burden and if necessary make a sacrifice to keep his credit good and meet his obligations.

A great many good men have called in the last few weeks and renewed for the Eagle, and their promptness in this matter is greatly appreciated. A county paper must, of necessity do a credit business and the accounts are small, but in the aggregate their payment is always helpful. A publisher who does not appreciate prompt payment by his patrons at a time like the present is a queer being.

Be Cheerful.

The man who talks "hard times" makes a mistake that is detrimental to the entire community. If every man would "keep a stiff lip" he would do better at this or any other time. What is to be gained by deprecating the country and imagining that the people are almost on suffrance? True, the crops have been very short this year, but the good price offsets the shortage to some extent. Then the price of stock is good and most every one has a mule, horse, cow or yearling that can be sold and ready money secured at any time. If every man will use his utmost endeavor to settle his obligations add those who are able to extend accommodations will do so this country will be in good condition, and when a good crop is gathered next year or the year following everybody will be happy and contented.

"Remember, my son, you have to work. Whether you handle a pen, books, dig ditches or edit a news paper, ring an auction bell or write funny things, you must work. If you look around you will see men who are the most able to live the rest of their days without work are the men that work the hardest. Do not be afraid to kill yourself with overwork. It is beyond your power to do that beyond the sunny side of thirty. They die sometimes, but it is because they quit work at 6 p. m., and don't get home until 2 a. m. It is the interval that kills, my son. The work gives you an appetite for your meals; it lends solidity to your slumbers; it gives you a perfect appreciation of a holiday. There are men who do not work, but the world is not proud of them. It does not know their names even; it only speak of them as So and So's boys. Nobody like them; the great busy world don't know they are there. So find what you want to be and take off your coat and make a dust in the world. The busier you are the less harm you will be apt to get into, the sweeter will be your slumbers, the brighter and happier your holidays, and the better satisfied the world will be with you,—Bob Burdett.

Citation By Publication.

The State of Texas,
To the Sheriff or any Constable of Mills County, Greeting:
Oath having been made as required by law, you are hereby commanded to summon Mrs. Virginia F. Hawley, Mrs. Kate B. Cockran, Mrs. Alice M. Truax, and Mrs. May Virginia Holden, and the unknown heirs, legal representatives, legatees and devisees of Mrs. Virginia F. Hawley, Mrs. Kate B. Cockran, Mrs. Alice M. Truax, Mrs. May Virginia Holden and R. K. Hawley, all deceased, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, Texas, to be holden at the court house thereof in the city of Goldthwaite, on the twelfth Monday after the first Monday in September, 1909, the same being the 29th day of November, A. D. 1909, then and there to answer a petition filed in said court, on the 8th day of September, A. D. 1909, in a suit numbered on the docket of said court No. , where in J. T. Perkins is plaintiff and the above named parties are defendants, the said petition alleging that heretofore on to wit: The 2nd day of July, 1900, Chauncy S. Truax and L. Dean Holden, as executors and trustees of the last will and testimony of R. K. Hawley, deceased, sold and conveyed to plaintiff 640 acres of land situated in Mills county, Texas, described as survey No. 1, Houston, Tap & Brazoria Railroad Company, by virtue of certificate No. 21-613 issued to said company, and patented to James Bigler assignee, by Patent No. 245, Vol. 12, Abstract No. 344, and which deed is filed among the papers in this cause, and notice thereof given to the defendants and each of them in consideration among other things of the sum of Six Hundred (\$600.00) Dollars, evidenced by the plaintiff's three certain promissory notes of even date with said deed, each for the sum of Two Hundred (\$200.00) Dollars, and due respectively January 1, 1901, 1902 and 1903 and bearing eight per cent interest per annum from January 1, 1900, and secured by vendor's lien on said land, expressly retained in said deed.

Plaintiff further alleges that he afterwards on various dates paid all of the purchase money owing on said notes, and all accrued interest thereon, except the sum of Fifty (\$50.00) Dollars balance then owing thereon, which sum he retained, and tendered to the defendants, and demanded of them a release of the vendor's lien retained in said deed on said land, and when said sum he has ever since made tender of to the defendants and each of them, subject to their execution and delivery to him of the release of the vendor's lien aforesaid and demanded the same from them, and which sum he now here tenders in court, and again demands the execution and delivery of release of the said vendor's lien, and when sum he says is and was the balance owing by him on said land at the date of said original tender on May 16, 1902.

Plaintiff prays that defendants be required to accept said tender of Fifty (\$50.00) Dollars balance owing by him on said land, and release the vendor's lien retained in said deed on said land, and that out of said Fifty (\$50.00) Dollars be retained by the court a sufficient amount to pay the costs of court, and the balance be paid to the defendants, and that the cloud cast upon the plaintiff's title by reason of the vendor's lien be cancelled and removed and held for naught and the defendants be perpetually barred from asserting any right or claim to the said land hereafter.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, R. J. ATKINSON, Clerk of the District Court of Mill County.

Given under my hand and the seal of said Court, at office in Goldthwaite this 8th day of September, A. D. 1909.
R. J. ATKINSON, Clerk
District Court, Mills County.

Notice to Stockmen

The Columbian Cattle Dip Co. recommend that cattle be dipped or mopped in September or October, thereby thoroughly freeing stock from ticks and all skin trouble. Stockmen in this vicinity who have used Columbian Cattle Dip say that the amount expended in dipping is nothing compared to gain made by stock in flesh and condition.

Read below Mr. Jno. H. Burnett's statement regarding Columbian Cattle Dip:—

I have used the Columbian Cattle Dip for the past year and find it satisfactory in every particular. I find the Columbian Dipping System to be the cheapest and the best way to free stock from lice, ticks and all skin trouble. Having tried the Columbian Dip to my own satisfaction, I take pleasure in recommending it to the public.
