The Nightingale Sings.

(Adapted from the German of Heine.)

Life is the heat of the day,
Death is the balm of the night;
I long for the dark and the sleep,
I weary of glare and light.

O'er me a tree is waving,
And a nightingale sings in the tree,
And he sings of love, and he sings of love,
In my dream he sings to me.

COMANCHE

Miss Golda Green has been in Ballinger getting up a play there by local talent.

The deep well at the oil mill has been sunk to a depth of nearly 500 feet and is now in a blue shale, what ever that is, with no prospects of striking oil, artesian water, gold or even ordinary old water. For more than 250 feet the drill has been boring through this shale and in all that distance there has been no water. President Reese says it is his intention to keep on boring until they get through this stratum unless the drill in the meantime becomes troublesome to the Chinies and threatens to cave in Hong Kong.—Chief.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. (New trial bottles, 25c; regular size, 75c. At all druggists.)

I send "ripples from Antelope Gap." As letters from our community have been scarce the past few months, I'll now break the "ice" by sending a few items.

Sunday week was preaching day. Rev. Walter Mound, our minister, preached three interesting sermons. He has a farm rented in Lampasas and once in a while he is heard to ask what a certain piece of furniture or a cook stove cost. Rumor says he is on the look out for a cook, which we don't doubt, as he seems to have his eyes centered up this way.

Messrs Ford, Conratt, Madison and Evans left last week for Devil's river and other western points, where they expect to take a month's hunt.

Hardy Bradley from Brownwood has visited in our community the last two Sundays. There's great attraction no doubt.

Earl Cook went to Lampasas one day last week and brought him a new buggy. He says a fellow's half married when he goes that far.

Shooting quail is the latest sport. Guns are heard in all directions. C. H. Black seems to be the champion shotman.

Thos. Rayner has returned from Belton, where he was sent to take charge of section 35. While there he met with a painful injury by getting his shoulder and arm dislocated.

Cecil Bradley and friend, Mr. Moore, from Lometa were callers at Laughlin home Sunday afternoon.

R. D. Evans with his dogs captured a large wolf Saturday and returning to his traps Sunday a. m. he was surprised at finding a monster wild cat. It's needless to say that R. D. felt as if he was the only trapper in Mills.

The long hoped for rain has come at last. Farmers will soon be making preparations for next year's crop.

Mr. and Mrs. Kuykendall went to Goldthwaite Saturday to spend the night with their daughter, Mrs. Denson.

Johnie Kuykendall is anxious to see a norther, as he has some fine hogs to kill.

Come again old writer, as we all are glad to see a letter from our neighborhood real often.

Piano Awarded.

Miss Willie Lindsey, daughter of Mr. F. H. Lindsey of this city, was awarded the piano given away by the Goldthwaite Mercantile Co. some weeks ago, but she did not know of her good fortune until Tuesday of this week, when she made an examination of the premium tickets held by her and discovered that the piano was coming to her. She was away from home at the time the award was made and had not thought of it until Tuesday, when her attention was attracted by the statement published by the company the owner must call for the piano or it would be awarded to some one else. She then made the investigation and learned that the instrument was her property and she was overjoyed. It is a fine and beautiful piano and the young lady's friends congratulate her on her good fortune.

Looking One's Best.

It's a woman's delight to look her best, but pimples, skin eruption, sores and boils rob life of joy. Listen! Bucklen's Arnica salve cures them; makes the skin soft and velvety. It's glorifies the face. Cures pimples, sore eyes, cold sores, cracked lips, chapped hands. Try it. Infalible for pills. 25c at R. E. Clements.

THE ALARMING INCREASE OF BRIGHT'S DISEASE.

"He died of Bright's Disease."
Hardly a week passes that this statement is not made in reference to some prominent citizen.

The increasing prevalence of this disease makes the present time seem most opportune for discussion in the hope that some who are unconsciously afflicted with this dreaded disease may receive timely warning.

A prominent citizen residing in a nearby town informs us that he suffered for nearly a year from Bright's Disease, but that he recently affected a complete cure.

"What seemed to be the first indications of the trouble," was asked.

"They seemed hardly worth noticing. My digestion bothered me at times, my stomach seemed out of order, and I had occasional backaches, but I thought it was due to too much work."

"Did you take anything?"

"I did not. Later, my strength failed me, I had severe pains in the back and noticed some irregularities of the urine. I couldn't sleep well at night. I then used some simple remedies, but without benefit."

"Did you realize that your trouble was Bright's Disease?"

"I never thought of such a thing. Finally, my condition became serious. My back ached all the time, I had shooting pains in my joints and a weak tired feeling at the knees, a little work played me out completely. I then began doctoring for kidney trouble but did not improve very much."

"Did you have any trouble with your heart?"

"Yes. I had spells of heart throbbing and a nervous faint feeling. I thought I had heart disease and treated awhile for that. Nothing seemed to help me. I had to give up trying to work."

"How did you affect a cure?"

"A friend of mine persuaded me to try Prickly Ash Bitters. I bought a bottle of my druggist. After taking it a week I began to feel some better, my urine became more natural and there was a gradual lessening of my misery. I kept on taking Prickly Ash Bitters for several weeks and I could feel my strength returning—slowly at first—but increasing daily. I am now entirely cured of my trouble and able to do a full day's work without the least fatigue. I consider Prickly Ash Bitters the grandest kidney medicine in the world."

Thousands of people attest in like manner to the wonderful benefit derived from Prickly Ash Bitters. It is a time tried and successful remedy for Bright's Disease or any disorder of the kidneys.

Prickly Ash Bitters is in every sense a system tonic and regulator. It possesses important properties for curing ailments of the stomach, liver and bowels in addition to its great power in the kidneys. It is a valuable article to keep at home, where a dose or two can be taken whenever needed. When used for any disorder in the kidneys, stomach, liver or bowels it is the right medicine in the right place.

I thought this was some muscular trouble until I began to notice that exposure to damp or cold weather caused excessive passages of the kidney secretions. Dr. J. H. Logan had a narrow escape from being seriously hurt Wednesday afternoon as he was returning from a trip into the country. He was driving a double team and a short distance from town on the San Saba road he met two ladies who were driving rapidly and they struck his buggy wheel with one wheel of their buggy. He was thrown from the seat, the wheel was crushed and the buggy pole was also broken. He brought his team to town and had the buggy dragged in. He did not know the ladies and is not sure whether they did not see him, were driving so rapidly they could not stop, or lost control of their horse. The buggy in which the ladies were riding was not damaged.

Editor Eagle:

As I have not seen any thing from our country, I will give a brief description of it.

Cotton picking is just about over. Cotton was not very good this year, on account of the drouth, in some localities they made a half a bale per acre. Corn and feed stuff was not very good, but I think we have got a very good country. We have not the rocks and shinary like Mills county, while we have some awful high winds, which are very disagreeable, but our town, Paducah, has a railroad now, which is a help to our country.

Well what has become our South Bennett correspondent, I would be glad to hear the news from that neighborhood. I would be glad to see some of my Mills county friends.

I will ring off for this time and do better next time.

With best regards to the dear old Eagle and its many readers, I remain.

Dr. M. L. Brown has bought the property known as the Hammond place from E. A. Miller and the residence will be occupied by Dr. Lowrie and family.

E. A. Miller has bought from Messrs. Oglesby and Olick a farm in the McMillan neighborhood in San Saba county and will move to it at once. In the deal he sold his residence near the reunion grounds to Mr. Olick, who will move to this city, it is understood.

Nothing makes a more appropriate Christmas present than some article of jewelry. A beautiful stock is on display at Miller's Jewelry Store.

"Follow Thou Me."

In this age of ambition we are in danger of overreaching the simplicity that is in the Saviour's life and of losing sight of the sweetness of simple living. "Follow thou Me" has become rather uninviting, and we become possessed with the delusion that bustle and confusion indicate righteousness. Growth in grace, true spiritual activity will not lead anyone from the feet of the Divine Saviour. We need listening hearts and quiet minds. "My peace I leave with you," not "My hurry, rush and confusion." Such does not come of the Spirit in the Saviour's most pressing hour, when He had time neither for eating nor sleeping, we see no evidence of hurry, but that calmness that characterized His whole life. His communion with the Father was ever gentle, mild and self-controlled. Just to follow, to know the loving Saviour, to do the little things as they present themselves, seeking to reflect His glory, daily learning more and more of Him and thus growing more into His likeness, should be our aim. Editor Eagle:
Having seen nothing from this place for quite a while, the writer will give the readers of the Eagle a few news notes.

Rev. Bynum, pastor of the Baptist church, assisted by Rev. Franklin of Hamilton, Texas, closed a successful revival at the Baptist church on Saturday night last. Both of these men seem to be full of "The Holy Ghost and faith."

John Hamilton and Miss Etta Witty of Star were married at the Methodist parsonage in Center City at 3:30 p. m. last Sunday. Several others among our young people have recently embarked on the matrimonial sea. They are as follow: Arthur Walton and Miss Lela Carter; Henry Hudson and Miss Pearl Venable; Hordie Collier and Miss Willie Mason. All these are most excellent young people and may prosperity and much happiness attend them through life.

Miss Viola Head took the train Monday for Georgetown, where she enters the university as a student.

Messrs Willie and Gora Knight are attending school at San Angelo and Barney Carter at Brownwood and Rev. Thad Carter Baylor University. Glad to see the young people ambitions to equip themselves for life's work.

Prof. Goodnight is doing excellent work and giving satisfaction in our school.

Miss Sadie Owens of Goldthwaite spent Sunday in our village. Come again Miss Sadie, you are always welcome at your old home.

After this the pastor will occupy the pulpit twice a month at the Methodist church. For the present the first and fourth Sundays.

Success to the Eagle and its readers.

Obituary.

Sister Mary Lou Butts (nee Duran) was born in Houston county, Texas, March 21, 1869. She died at Mullin, Mills county, Texas, Nov. 24, 1909, at 6:30 o'clock in the morning. She was happily married to H. F. Butts Oct. 14, 1891, (the writer officiating.) To them were born six children, two of whom preceded her to the better world. Sister Butts was converted early in life and joined the Methodist church, South, and was a true and faithful member to the day of her death. She was a devoted mother, a kind and loving companion and a devoted Christian. She was baptized and received into the church by Rev. M. N. Weatherby. It was my privilege to be her pastor several years ago and I always found her faithful and true to every trust committed to her. She has gone from this world leaving a heart broken husband, four children, a father, four sisters, two brothers and many friends to mourn, but not as those who have no hope. We know where to find her. She is not dead, but alive forever more.

We layed her body to rest in the Duran cemetery by the side of her loved ones to await the morning of the resurrection.

Unveil thy bosom, faithful tomb,
Take this new treasure to thy trust,
And give these sacred relics room
To slumber in the silent dust.

Nor pain, nor grief, nor anxious fear
Inevade thy bounds, no mortal woes
Can reach the peaceful sleeper here,
While angels watch the soft repose.
