## MISSIONARY INSTITUTE.

An Interesting Session—A Good Attendance and Beneficial Results.

The missionary institute for the Llano district of the Methodist church has been held here this week and the representation from all parts of the district has been fairly good. The program as published a few weeks ago has been carried out completely and the splendid addresses by the strong men of the church have been beneficial to the membership of the church here as well as the delegates from other charges. The meetings have been presided over by Rev. J. D. Scott, the presiding elder of the district, and his uniform courtesy to all who have taken part in the discussions has been appreciated by them all, as was evidenced at the Thursday night service, when they joined in giving him a beautiful gold fountain pen, Rev. J. W. Cowan of Lampasas making the presentation speech in a most unique and pleasing style.

While the inclement weather has prevented a large attendance upon the meeting, those who have been there have gotten a great deal of good out of the services and are delighted with the plan of holding these institutes over the district.

Thursday night's exercises were under the auspices of the Baraca class of the Methodist Sunday school, assisted by the Philathea class. A number of short addresses were made by preachers and laymen and some delightful music was rendered by the choir as well as some specially prepared songs by Misses Kate Fairman, Mamie Sherman and Lawrence Thompson. After the exercises the ladies served chocolate, lemonade, sandwiches and cake in the Sunday school room and this part of the program was apparently as much enjoyed as the excellent speeches and the fine display of oratory.

At the Thursday night meeting Presiding Elder Scott made a short talk on the necessity for a leader of the laymen's missionary movement in this district and placed Mr. H. C. Cobb of Mullin in nomination for the place, but that gentleman announced that he could not accept the place at this time. It was unanimously agreed by the conference that the ministers would endeavor to hold missionary institutes in their charges during the conference year and a resolution was adopted pledging each charge to defray the expenses of the lay-leader in making his visits to them.

The conference closed with last night's service and some of the minister and delegates left on the night train for their homes, while others remained over until this morning. They have expressed themselves well pleased with the results of the institute and the hospitality of the people and the Eagle feels authorized to say that the people of the town have been glad to have all these good men here and will be glad to welcome another session of the institute at any time.

### B. N. C. Entertained.

On Friday evening of last week the B. N. C. club met with Miss Lawrence Thompson. Score cards, "A Woodland Love Tale," were passed, each blank to be filled with the name of a tree.

This caused much excitement and merriment for the time. Miss Minnie Rahl carried off the first prize, while Miss Beulah Rahl received the consolation.

As the Bachelor Maids seem so uninterested in their future, Miss Thompson passed cards containing the fortune of each one.

Some received the fate of an old maid, while Dame Fortune handed to another "the wedding bells will soon be ringing."

After this everyone was asked to repair to the dining room. The table was beautifully decorated in yellow hearts and silver candelabra with yellow candles.

Delightful refreshments of fruit salad, gelatine and cake were served.

After a few musical selections the girls bade Miss Lawrence a kind good night, with many happy memories of the evening.

The club will meet with Misses Mamie and Eddie Kelley at the next regular meeting.

In a speech before a joint session of the Texas legislature at Austin Monday former Governor Haskell elicited much applause when he announced that Senator Lorimer of Illinois should retire to private life. He might have safely added that the senate will retire Mr. Lorimer when the subject comes to a vote.

An astronomer has announced that the earth and Mars are the only planets now inhabited, as the others have all dried and shriveled and all signs of life have disappeared. He says the earth is fast shriveling and will finally dry up, leaving Mars alone supporting life. There is consolation in the thought that he may be wrong about it.

The commercial organization of a town is calculated to accomplish great good in the way of securing enterprises and fostering public works, but it does still more good in getting the business men united and causing them to know and understand each other and have a neighborly feeling.

Several citizens of Burleson county were indicted for peonage in connection with the county convict farm in that county, among them being the justice of the peace and constable of Somerville, but upon the hearing of the case in the federal court in Austin a verdict of acquittal was rendered this week.

The revolution in Mexico is still going on, but it is hard to guess how much it amounts to or how many rebels are in the field. The newspaper reports, which are of necessity very inaccurate, are widely at variance and the government exercising control over the telegraphs the information can not be secured from private sources. However, it is safe to say that a large number of "greasers" will go to their reward before the end of the trouble.

The proposed constitutional amendment making the terms for state and county officers four years and making the officer ineligible for re-election is not likely to meet with favor if it is submitted to the voters. Few reasons can be advanced in favor of the plan, while many can be advanced against it. First and most important is the danger of an incompetent or unworthy official being chosen and at the same time the privilege of rewarding a faithful and efficient officer with a second term is taken from the people. The two terms idea has taken firm hold on many voters and office holders, but many citizens believe in keeping a good and faithful officer in the same position as long as possible and they will oppose the plan of forbidding by law the re-election of an officer.

#### Goldthwaite Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right at home raise their voice in praise there is no room left for doubt. Read the public statement of Goldthwaite citizen:

L. B. Walters, southwest corner of square, Goldthwaite, Texas, says: "For several years I have taken Doan's Kidney Pills off and on, always finding them entirely satisfactory. I was told of the curative qualities of this preparation by a physician, but I never had need of a kidney remedy until I came to Goldthwaite. The drinking water in this place affected my kidneys and caused distressing passages of the kidney secretions. Remembering what the doctor had said about Doan's Kidney Pills, I procured a box at Clements' Drug Store and began taking them. They brought the desired relief in a short time. I firmly believe if every one having trouble from disordered kidneys would try Doan's Kidney Pills, great benefit would be obtained."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### Life Saved At Death's Door.

"I never felt so near my grave," writes W. R. Patterson, of Wellington, Tex., "as when a frightful cough and lung trouble pulled me down to a 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 187 pounds and have been well and strong for years." Quik, safe, sure, it's the best remedy on earth for coughs, colds, lagrippe, asthma, croup, and all throat and lung troubles. 50c and \$1. Trial bottle free. Guaranteed by R. E. CLEMENTS.

Editor Eagle:

In response to the "invite" extended by the praise-worthy writer, H. C. Cobb, and Joan of Arc kindly whispers "return," I come again with a letter.

It seems that spring, seemingly, unconscious of her grace, swept in and made mild the month of January, but today (Feb. 2) we have a cool, blustery norther.

Farmers are busy turning the soil. We are needing rain, but I haven't seen any one looking long faced yet on account of dry weather. We must ever keep in mind that sweet, soul inspiring scripture, "God will never forsake the righteous."

Our new Baptist church at Indian Gap is now under construction, and when finished it will be a "thing of beauty" as well as convenience.

B. A. Howington made a business trip to Oklahoma last week.

Roger Boler and wife of Blanket will make their home in this community, for a while at least.

Several cases of measles are reported at the Gap.

Miss Susie Harris visited home folks Saturday and Sunday.

Mrs. M. H. Germany is visiting relatives at Blanket.

J. O. Swindler and family spent Saturday night at the home of Mr. and Mrs. J. A. Harris.

The Indian Gap literary society attracted a large crowd last Friday night.

Mr. and Mrs. Oscar Swindler and baby Nita visited Goldthwaite Saturday.

Success to the Eagle.

**FIFTH SUNDAY MEETING.**

**An Interesting Program and Good Attendance.**

As others have written of the good meetings at Mullin and at Center school house, and as we were made glad to know that they had good meetings, I write to let you and your many readers know of our good meeting at Big Valley embracing the fifth Sunday.

On Thursday night, the first service of the meeting, there was a nice crowd present, but neither of the appointees for the introductory sermon was present. Brother A. K. Watson was asked to preach, which he did, giving us a soul stirring sermon to start with. (Here let me say there is nothing like getting a good start.)

Friday morning the discussion on the first subject, The harmony of Rom. 4:2 with James 2:21 was discussed by Brother C. H. Miles and L. J. Vann and others. The writer was not present at this time. He was told that the discussion was good and spiritual.

Then came the 11 o'clock sermon, (according to program) by A. R. Watson, text I John, 3:9. Brother Watson first read the first ten verses of the chapter, including the text, and calmly explained those verses, which was a very fine introductory to his sermon. Then the sermon was highly edifying and devoutly spiritual strong meat, together with the sincere milk of the word. Ah, a feast to the hungry soul. In the afternoon two subjects were discussed: 1st. "What is woman's sphere in Christian work?" It was shown from the discussion of this subject that woman was to be a helpmeet to man. Taken from his side, she was to be by his side, not at his feet and thus kept down; not at his back, and thus kept in the rear, but at his side, and thus his helpmeet, bless the Lord. I Cor. 14:34 was referred to. It was shown that this had reference to speaking with an unknown tongue, and even men here in the 25th verse are commanded to keep silent in the church unless there is an interpreter. So let the dear sisters know that they are permitted to speak the Saviour's praises, if they speak plain English, or so as to be understood. There was great interest taken in the discussion of this question and we were made to feel that we need the help of the sisters in Christian work—in song, in prayer, in testimony and in laboring for the lost, and in her we sure have a helpmeet, bless the Lord.

The next question was "What will be the difference, if any, of the saved in the church and those saved out of the church?" This question was shown to have reference to Christian rewards. It was shown that the church was organized for the Christian as a home and as a place where Christian co-operation and influence for the promotion of the cause of Christ and advancement in the divine life might be made, and that the Christian in the church could have a better influence and advance more in the divine life than a Christian out in the world. Christians ought to unite with the people of the Lord and by their co-operation and their influence reach out the helping hand to the sinner. This also was a fine question and a great deal of good was done by its discussion.

Friday night Rev. D. I. Haralson delivered a sermon on the subject of "The Only Crowned King." Brother Haralson led us from the Babe of Bethlehem to see Jesus, who was crowned with glory and honor that He by the grace of God should taste death for every man. Christians were made glad that they were children of the Heavenly King; sinners were exhorted to become so, since He by the grace of God had died for them.

Saturday the program was fully carried out and all the questions interestingly discussed. Brother Vann preached a good sermon at 11 o'clock on the theme, "Witnessing for Jesus." and at night Brother Jo H. Frizzell gave a good sermon on "Holding forth the Word of Life." The Christian was permitted to feel it to be a sweet privilege that amidst the valley and shadow of death he could shine as a light, holding forth the Word of Life.

On Sunday morning a short but precious session of Sunday school was held. Dr. Gober made a short talk to teachers, which was very good. Then came a talk by Brother S. H. Allen on the program question—"Is the Sunday school work a part of the Great Commission?" Brother Allen made us a fine talk, of course, showing the Sunday school work a great work and the teaching a carrying out of the commission, since the commission commands teaching of the nations, teaching them to observe, etc.

Next came the 11 o'clock service, or rather 11:30 sermon, by Brother A. R. Watson, subject "Missions." Here Brother Watson gave us one of the best of his life sermons. It was evident that the preacher had been with Jesus and his sermon was one of pathos and power. At the close a collection for Associational Missions followed and nearly fifty dollars were raised in cash and the Board was enabled to settle

up to date with the missionary, although a profit on the Book fund had to be called up to help out in the final settlement. Five dollars were asked for on Saturday night with which to buy the teachers five copies of Telonbet's Select Notes on the Sunday school lessons. It was raised in about that many minutes, and five dollars were also raised in perhaps five minutes on Sunday morning after Sunday school, with which to buy Song books.

At 3:30 in the afternoon Dr. Gober spoke to us on the great Laymen's movement. In relating a part of his own experience with reference to feeling that there was a work for him to do as a Christian, a work he must do, Dr. Gober asked what could it be. Certainly not to preach. It must be something, surely. What could it be? He found the answer in the Laymen's movement—go out and lead some soul to the Savior, help some preacher boy on whom God had laid His hand to preach, be a worker in the Master's vineyard. We feel that such are undoubtedly the impressions of many Christian men and women. Dr. Gober was very earnest and zealous in his talk and we feel that it was surely good to be there.

At night Brother C. H. Miles preached a good, earnest sermon from Eph. 4:1 on the theme, "Walking worthy of the Christian Calling"—a good, soul-stirring sermon. And so our meeting ended, but some things said and done are immortal and will live on and on. So mote it be. G. A. JARRETT.

### A Good Citizen Gone.

Mr. W. H. Fletcher died at his home in this city at an early hour Wednesday morning, after a short illness with measles and pneumonia, and his remains were interred in the Odd Fellows cemetery Wednesday afternoon. Mr. Fletcher lived in this county 22 years and was counted one of the best citizens—a man of high character and unquestioned honor. As a church member, public official, soldier and as a private citizen he was ever true to every obligation and was universally known to be of the highest type of Christian manhood.

Mr. Fletcher was born in Florida 66 years ago and came to Texas with his parents when he was 7 years of age, locating in the eastern part of the state. At the age of 17 he enlisted in the Confederate army and was a member of the cavalry service. After the war he located in Leon county and moved from that county to this section, where he has since resided. He served the county as commissioner for his precinct and later as county treasurer and at the time of his death was assistant postmaster at this place. All who knew him had implicit confidence in him and it can truly be said that no better manner lived in Mills county.

He leaves a wife and six children living, and other relatives and many close friends. His children are: R. M. and Buford of Arkansas, Maroe and Earnest, Miss Stella, Mrs. Mattie Chunn and Mr. J. W. Carson, whose home is Oregon.

### Mr. A. J. Kirby Dead.

Mr. A. J. Kirby died at his home in the old centerfit community, near Lotts, Tuesday afternoon and his remains were interred in the cemetery at that place Wednesday and the attendance upon the service was unusually large, as he was an old resident of the section and everybody knew and loved "Uncle Jack." He was in Goldthwaite last week visiting his daughter, Mrs. P. H. Rahl, and other relatives and left for home Thursday, feeling slightly indisposed, but no one thought of his early demise and when the message came Tuesday that he was dead the shock was indeed great to his relatives and friends.

Mr. Kirby was 73 years of age and was a man of high character and devoted to principle. He had no enemies, but numbered his friends by the score. He was an uncle of Mrs. E. L. Burns of this city and E. S. Kirby of San Angelo and a brother of Messrs Wm. and Robert Kirby of this place.

He leaves a wife and twelve children, most of whom are grown, and to all of them the Eagle extends sympathy.

### Mullin.

Editor Eagle:

Dr. Copeland & Copeland, man and wife, have moved to Mullin and will soon have their shingles out for at least part of the practice when it becomes necessary for the unfortunate ones who come in contact with the ill of life to have to call a doctor. They bought Dr. Aldrige's residence, where they will reside.

The pulpit of the Baptist church was filled Sunday morning and night by Rev. George, a full-blooded Persian divine, who has been in America for several years preparing himself for the ministry, that he may go back to his native country and carry the glad news of salvation to his own benighted people. He had good congregations and said many helpful things to encourage Christian people to do more for those enslaved in sin and heathenism. The Methodist minister, Brother Moon, called in his appointment, which gave the people of his congregation an opportunity to join in the services and hear the foreigner on our shores tell of the customs of his people in far away Persia. He will start for Persia in April.

We noticed in last week's items from Mullin that Uncle Henry was planning a picnic. It certainly came off, and as Zed was there he insists on giving a short account of the occasion. There were about twenty in the party, the day was perfectly delightful and Mr. Leineweber's irrigated farm and beautiful grassy, shady groves, on the Bayou furnished us enjoyment from our arrival to departure. We fished, hunted, boated, laughed, talked and ate, all of which made it one of the delightful events in our history. Uncle Henry and Miss Clark were the successful fishers and carried home a nice string of catfish and gaspergoulds. All went home greatly delighted. If you want to know any more about the day ask Uncle Henry.

Misses Pipkin and Sherman were visitors in Mullin last Sunday and— and—. A certain young man found it convenient to visit his parents that day, and there were "three of us" from Goldthwaite. The wonder is that W— F— didn't say: "Four of us sounds better." Such is life—we can't always be just at the right place.

There have been two car loads of horses and four cars of cattle shipped from Mullin within the last few days. All went out inside of four days.

M. C. Kirkpatrick came in Sunday night from out west of Ballinger, where he has been for several days winding up some bankrupt business for Walker, Smith & Co. of Brownwood. He returned to Brownwood Tuesday to await further orders.

The trustees decided to let the school begin again Monday morning instead of holding off another week, as was first announced.

The commissioners had a new bridge put in across the draw beyond Collinback's shop last Monday. All danger of a cave in is over for the present, so you can drive on, neighbor, without fear.

The Mullin Home Improvement Co. held its annual meeting last Saturday for the purpose of electing officers. M. C. Kirkpatrick was elected president; H. C. Cobb, secretary and treasurer; W. J. McDonald, Aaron Little and B. F. Stebbin, board of directors. Any of the gentlemen will be glad to talk with you when they have opportunity.

A nice rain fell at Mullin Tuesday night. We will extend our borders and take in some of our neighboring towns east of us who didn't get rain. ZEDDY,

## Boosts for Texas.

Figures on hogs marketed in Texas show that the campaign of education waged by the press for the raising of more hogs is bearing fruit and more than twice the amount of hogs shipped to the packing houses in Texas during 1910 are Texas raised.

The first platinum vein found on the western hemisphere has recently been discovered in Gillespie County, Texas, located between San Antonio and the Rio Grande in Southwest Texas. An analysis made of the mineral by Boston authorities shows a high percentage of platinum and acting on the information received from authorities, parties have begun to sink shafts on the land where the mineral was found and preparations are being made to develop the industry. Practically all the platinum now used in the United States is shipped from Russia, which is the source of the world's supply of this material.

A commercial club is the architect of empires and every citizen should join the local club and study property and its ability to develop the community.

March 11, has been set aside as official "clean-up day" and every city and town of any size in Texas is expected to take part in this state-wide spring cleaning. In many towns the mayor of the town appoints committees assigning them to different localities or streets and the plan of having a thorough spring cleaning of our cities and towns is a preventive of diseases during the summer months that follow as well as a standing advertisement for the community.

The December report of the Texas State Board of Health which is just out shows that during the month of November there were 5336 births in Texas, and of the number there were 57 sets of twins and two sets of triplets. There were 1908 deaths during the same month, giving an increase in Texas' population during the month of 2428 persons. This is a good start for 1920 census showing and if the work will continue at this rate of activity, Texas will easily climb to fourth place in the list of states. The Health Department reports show that 17 people lived past the age of ninety and three of them past the age of 100. It must also be borne in mind that the Health Department is not able to secure complete reports and their figures probably represent 50 or 60 per cent of total.

The Brady Commercial Club has hit upon a novel and effective way of encouraging agriculture in that section and has set a precedent which may be established by other clubs throughout the state. The president of the Club, Mr. S. S. Graham, has given 20 acres of fine agricultural land in McCullough county to be used as an experimental farm by the club, the farm to be placed under the special supervision of State Experimental Director, H. H. Harrington of College Station. The railroads running into Brady have been induced, through the Commercial Club, to co-operate with the Club and \$800.00 has been raised by the Club for the Industrial Departments of these roads to carry on the work, and several hundred more has been pledged. The encouragement of agricultural production and the building of good roads have been foremost in the line of work laid out by the various clubs throughout the state for the coming year.—Commercial Secretaries.

An Interesting Session—Committees Instructed—Other Business.

The Goldthwaite Commercial club held its regular weekly meeting Monday night and there was a large attendance.

The names of the committee-men were called and a request was made for a report from each one on the progress made. The president announced the intention of calling on these standing committees frequently for information about their work.

It was decided to affiliate with the state association of commercial clubs and the secretary was instructed to forward the application to the state association together with the necessary membership fee.

A letter from Draughan's business college management making inquiry about a location here for a branch of that school was received. The secretary was instructed to correspond with the officers of the institution and give all desired information and find what would be expected of the town to secure the college. It was the unanimous expression that the establishment of a branch of the college here would be decidedly advantageous both to the school and the town.

After a general discussion of matters of interest to the town and county the club adjourned to meet next Monday night,
