Don't Send Away For Your Dry Goods

BUY THEM FROM YOUR HOME MERCHANT

Buy them from your home merchant. We much prefer that you buy from our competitors rather than send your money away from home. Of course, you see glowing descriptions and illustrations in the way of pictures and cuts with tempting prices. They all look good on paper, but the trouble is, you don't wear pictures—it takes something more substantial. You not only see and examine our goods before you pay for them, but you have the extreme satisfaction of knowing, if an article don't fit or for any reason you are not satisfied, we are all right here on the ground to rectify these matters. Therefore, don't you think it to your individual or personal interest to trade with your home merchant every time? If he has'nt what you want, he will get it for you and nine times out of ten he will sell you better goods for the same money or the same goods for less money. Make use of the Parcels Post, phone or write us your order. We will send by first mail and will guarantee our prices and goods to be absolutely as represented.

THE HOUSE THAT SATISFIES

Texas

FROM JUDGE WHITAKER.

Editor Eagle:
The last time the Eagle flew my way she was badly crippled, having part of one wing torn off—apparently shot off. This was about two weeks ago. I have not seen her since. Is she dead? If not, let her tell to all of my old and respected friends in Texas that my address is the same as formerly: Quinault, Washington.
I am still rustling at nearly 84 year of age. Politically I am considerably mixed up, in comparing Washington v. Texas politics. I was in the United States when the Republican party was born and have lived long enough to see Heary Watterson's prophetic statement come true. What he said 30 years ago of the Republican party was: "While you live you live in clover, but when you die you die all over."

This is probably one of the leading states in the Union for political grafting, bribery and corruption. Yet Washington is a great and wealthy state. Lumber, cereals, stock—both wild and tame—horses, cattle, sheep, goats and dogs. Fine agricultural lands; mountains, rivers and valleys; fish and frogs; climate fine in summer and fall, citizens from almost every nation on earth. Penitentiaries and jails kept pretty full the year round, except when the convicts make a break for liberty. Millions of money spent for education annually. Statistics show that this state levies a higher rate of taxes than any state in the Union.

Money to loan is the general cry with the capitalists. They are kept busy foreclosing mortgages and creating new ones the year round. Churches of all denominations—hypocrites and Christians all united together—ladies allowed to vote and marry when they choose and get a divorce if not satisfied.

COMMERCIAL CLUB.

A Good Attendance and An Interesting Meeting.

The Commercial club held an interesting meeting Monday night, at which time a number of important reports were made and other work was outlined.

The road committee reported work progressing very satisfactorily on the road from Carada: to Indian Gap and stated that the next work that would be undertaken would be the road to the McGirk and Shive country. This is the road that branches off to the right from the Indian Gap road near Caradan and it reaches a fine country whose people will come to Goldthwaite to do their trading if they are given a good road. This committee also reported that no arrangements had yet been made with the Moline people relative to the road work in that section, but it was hoped that plans would soon be perfected to have some needed work done on the road in that section.

The committee to ascertain what reduction could be secured on insurance because of the fire extinguishers in the business houses and the night watchman employed made a report of correspondence and personal interviews and suggested that the business men each take up the matter with the agent with whom they carried insurance.

The street sprinkling committee reported having been unable to secure sufficient water for sprinkling at a price the business men could afford to pay.

E. M. Boon was requested to send in orders for fire extinguishers for all who desired such orders to be made, some having failed to secure extinguishers from the former shipment.

The club meets every Monday night and all citizens of the county are invited to attend.

PLEASANT GROVE.

Editor Eagle:

The dry spell is broken. We are having a good rain this morning, but it was very dry. Small grain is damaged, but everything looks good at this writing.

There is a complaint among children. They take with vomiting and fever. There have been several sick in this neighborhood, but I hear they are all improving.

Mrs. N. L. Verser came home a few days ago from Temple, where she had been in the sanitarium. She is much improved and we hope will be well soon.

Mrs. Rob. Ross' buggy horse ran away with her and children, turning the buggy over with them, but none were seriously hurt. Also Will Berry had a young horse run with a planter last week, breaking the horses' leg.

Our school will be out Friday, April 25.

There were a good many at singing Sunday evening. All had a good time. Our Sunday school and prayer meeting are still alive, but not very many attend. Lord, we want more religion.

There are several talking of going to the big show Monday. There has been several storm cellars dug and others remodeled while it was dry, expecting bad clouds when it did rain.

Well, cotton planting is the order of the day. Some done, some half, and some have not planted.

I will try to write in the near future and give more news.

Hoping the Eagle will grow fat, I am yours for a high flight.

DEATH'S VISIT.

Once more has the black-plumed messenger of death invaded the home of one of our neighbors and made desolate the inmates thereof, and caused sorrow to many.

Mrs. Beuna Littlepage, wife of Mr. Robert Littlepage, died at the sanitarium at Temple Thursday afternoon at 2 o'clock, after a short illness. Her death was indeed a great shock to her relatives and friends, for it was not thought her condition was critical until a short time before her death. She became ill last week and was carried to the sanitarium on Friday night's train and an operation for appendicitis was performed Saturday, but her condition was not improved and she continued to sink until the end came.

Mrs. Littlepage, nee Beuna McPherson, was a daughter of Mr. and Mrs. S. P. McPherson of Big Valley and was married to Mr. Robert Littlepage just one year ago this week. She had a large circle of friends here and in other communities in the county and all who knew her or know of her death sincerely sympathize with the husband and parents and other grieving ones.

The remains arrived on the early morning train yesterday and were conveyed to the home of Dr. J. M. Campbell, where funeral services were held yesterday afternoon and interment was made in Odd Fellows cemetery at 3:30 o'clock.

The public school closed to give the teachers and pupils an opportunity to attend the funeral services. The funeral procession was one of the largest ever seen in this city.

ANTELOPE GAP.

Editor Eagle:

We had a fine rain Tuesday night. Finest rain we have had this winter.

Mr. J. W. Morgan and wife returned Sunday morning from Carbon. They report having a delightful time while gone.

Elmo Elliott and wife visited in Goldthwaite and Mullin last week.

Mr. John Bowden, wife and mother, Grandma Herin, spent Sunday with T. F. Elliott and family. Grandma stayed down for a longer visit.

J. W. Morgan went to Temple Tuesday on business.

Jim Armstrong and family and Mrs. Laughlin attended the funeral of Mr. Oldham at Lometa Monday. He died Sunday in Temple. He went there several weeks ago and was getting along nicely when he took pneumonia and died in a few days.

Mrs. Burks and son spent several days with her parents, Mr. and Mrs. S. A. Kuykendall. Mr. Burks came down Sunday and accompanied them home.

Hardy Bradley and wife from Brownwood spent several days with C. H. Black's family.

Mrs. J. W. Morgan is on the sick list this week.

A. B. Ford, wife and four small children spent Saturday and Sunday in Lometa with their daughter, Mrs. Webb Laughlin.

Mrs. Yarborough and daughter, Mrs. Lena Smith, of San Saba are spending the week with R. D. Evans and family.

C. H. Black and family spent several days on the river last week fishing.

Fannie Smith is spending this week with her brother and wife in Lometa.

The Senterfitt base ball team crossed bats with the Gap boys last Saturday week. They scored 23 to 19, so last Saturday the Gap team played with the Senterfitt team and the Gap scored 34 to 7. They will play again at the Gap Saturday afternoon.

CARD OF THANKS.

Jesse Oquin and his family desire the Eagle to express their sincere thanks to their neighbors and other good friends who were so kind and thoughtful in assisting in caring for his wife during her illness and in assisting the family and offering sympathy and consolation after her death. Not only did the people of Goldthwaite show every kindness possible, but the people of North Brown and other communities joined in the kind acts. They can all be sure that their thoughtfulness and kind words and acts are held in grateful remembrance by Mr. Oquin and his family.

SCHOOL BUILDING PLANNED.

The Goldthwaite school board adopted plans for the new school building at a meeting held Tuesday afternoon. A number of plans were submitted and those made by Henry T. Phelps of San Antonio were adopted. The building is to be two stories and basement and is to contain six rooms two in the basement and two on each of the other floors. The auditorium will be on the upper floor and the entire house will be heated by the hot air process, which is said to be more satisfactory than steam heat. A hot air system will also be installed in the old building at the same time. The new building will be erected on the campus east of the old building, the board having bought the acreage property there owned by Mr. Queen and his children for \$250.

It has not yet been determined what material will be used in the construction of the new building, but bids will be asked on concrete, brick and stone, but the house is to be fireproof throughout and the architect guarantees the price will not be over \$12,000. As soon as the blue prints of the building are received the board will advertise for bids.

Judge S. H. Allen this week received an invitation to deliver the closing address at the Elmaco public school on May 17, and will accept the invitation. The superintendent of the school was a pupil in Judge Allen's school several years ago in Arkansas, and the Judge is justly proud of the splendid success that has come to the young man.

MEETING TO BEGIN.

The Holiness meeting will likely begin next Wednesday and continue over the two following Sundays. Rev. Threadgill will conduct the meeting and he has advised the congregation here that he hopes to reach this place in time to begin the meeting Wednesday night. The people of all creeds and beliefs and those of all parts of the country have a hearty invitation to attend this meeting.

MUCH SCHOOL INTEREST.

Judge Allen reports much school interest throughout the county and a number of new and substantial school buildings are in contemplation. An election has been ordered in Buffalo school district to levy a special tax of 50 cents on \$100 valuation for school purposes. A petition for a similar election is being circulated in Ebony school district. Center City is also preparing for a bond election to build a concrete or stone building and maintain a high school. An election for the same purpose has been ordered at Star. Moore is preparing for a fine building and a high school, Priddy has the matter of a high school under consideration and other districts will, no doubt, give evidence of their increased school interest in the near future. Those engaged in school work are elated over the prospects.

STAR NEWS.

Editor Eagle: A fine rain fell here Wednesday morning and everything looks good. Cotton planting will be the order of the day. Some have planted, others are planting. Rev. Dooley preached here Sunday. Had a good attendance. Z. S. Lee sold R. C. Campbell a fine piano last week. Mr. Campbell seems to be well pleased with his instrument. Mr. Lee always pleases. Better see him if in need of a piano or organ. Hawkins Bros. have added to the looks of their drug store by having new screen doors hung, and having the awning in front made new. The votes for the silverware contest stand as follows: Flo Hamilton, 2895, Arlo Slaughter 2490, Ireta Moore 295, V. Eddy 645, Lora Hudson 385, Nettie Carter 500. J. H. Clifton is having some sporadic killing plover. Mr. Flach is able to be out at his place of business in an invalid chair. Glad to see him out again. M. C. Clark & Son's show will be here April 29. Said to be the largest show going on wagons, there being 46 wagons of them. All invited to come. M. N. Brinson was here one day this week, looking after business. Come again, M. N. We have one more week of school. E. V. Eddy attended the picnic at Lampasas, this week. M. L. Garrett has moved back to Star. They always come back. He is now living in his own house again. He taught the Center City school this last session. M. L. is a successful teacher. Glad to have him with us again. Lee Witty is visiting his father and mother, Mr. and Mrs. W. W. Witty. J. H. Roles, who has been teaching at Sterling City, is now home again. Glad to have him back with us. The trustees met last Saturday and ordered an election to be held at Star May 3, for the election of four trustees, and ordered another on the 13th for the bond issue, also the maintenance tax. We hope to see a new building soon in which to have school. We are voting on a tax not to exceed 25 cents on the \$100 for the maintenance of the school.

There is no flour just as good as the American Beauty. If you want it in time for dinner phone Sullivan. (Advertisement)

EBONY.

Editor Eagle: Saturday was a great day with our sportsmen. There were jumping, foot racing and ball playing. Indian Creek was here and gave our boys some interesting games. The jumping contest was won by R. R. Cock; racing next came off—50 yard dash, won by Prof. R. D. Evans; 100 yard dash won by Auzie Cearnels of Indian Creek; 220 yd. relay, between four Ebony boys and four Indian Creek boys, was won easily by the Ebony boys. Then a sumptuous dinner was served in picnic style on the grounds and at this juncture Judge S. H. Allen made one of his characteristic speeches on education. In the afternoon the first ball game of the season was pulled off between the Ebony and Indian Creek teams, score stood 19 to 8 in favor of Ebony. J. A. Williams had charge of the confectionery stand and R. M. Haynes was marshal of the day, and we all had a gala time and enjoyed the occasion splendidly. Messrs. Baker, McLeod and Morgan of Brownwood were pleasant visitors to our little burg Thursday. Wiley Chamberlain passed through our community the first of the week with a herd of cattle, headed for his ranch on Clear Creek. Mrs. R. R. Cock is on a visit to relatives at San Angelo this week. A little child of Mrs. Bayd is reported to be quite sick with whooping cough. Miss Leath Tippen was visiting in the Oakland community Saturday and Sunday. The Kelly school closed Friday, after a successful term of six months, taught by Miss Lillie Starnes. Quite a number were on the river fishing Monday. They all reported plenty of fish and a nice time. R. S. Bell and J. H. Tippen were transacting business in the county seat the first of the week. That was a good one Brother Cobb gave us last week, that was fine preaching. Come again Henry. UNCLE JOHN.

Just received a fresh car of Coleman Flour. Try a sack. There is none better.—W. E. Pardue.

Gov. Colquitt vetoed the 9:30 saloon closing law adopted by the last session of the legislature.

A woman in Boston believed that her husband was dead, he having been absent for a long time, so she married another. After a time husband No. 1 returned home and husband No. 2 was discarded and she is suing him for his board during the time he lived with her.

The house of representatives of Oklahoma refused to receive a message from Governor Croyce, last Friday and returned the message to him. The members characterized the message as "a scurrilous attack upon the honesty and integrity of the house in general and the investigating committee in particular."

The high rate charged the Confederate veterans of this state for railroad transportation to their national reunion in Chattanooga has brought forth protest from many of the camps over the state and it is likely the attendance from Texas will be quite small if the railroads do not reduce the rate. Several camps have appointed delegations to confer with the railroad people regarding the difference.

The government of China has asked all Christian churches and missions in that country to set aside next Sunday, April 27, as a day for prayer for the success of the new government. Missionaries and Christian people are urged to pray for the new president to be elected and for the country in general. This is said to be the first time in history where a non-Christian nation has made such a request.

The announcement of the death of Judge C. K. Bell in Fort Worth Tuesday caused regret among his friends throughout this county. Judge Bell was a resident of Hamilton many years ago and was known personally to many of the citizens of this county especially those living in the eastern portion, which was formerly part of Hamilton county. He had been a sufferer with Bright's disease for a long time and it was known by his friends that his condition was critical and his death was expected.

A report from Washington says that the Administration has decided to recall all members in the diplomatic service who are interested in investments or engaged in business in the countries to which they are accredited. Secretary Bryan has been at work on this matter for some time and action is expected shortly, separating from the service divers Consuls and Ministers, who have acquired business interests in connection with their diplomatic duties. This action is taken in order to secure a more disinterested service by the diplomatic and Consular officials than would be likely in cases where such officials are tied up with the commercial interests of the countries of the communities in which they are stationed.

It is not likely President Wilson or Secretary of State Bryan will attempt to interfere with the passage of the alien land law by the California legislature provided it does not encroach upon the treaty rights of citizens of foreign nations. They realize that the Japs are simply trying to find something objectionable in the affairs of this country, so they can come over and "straighten us out." A mighty fleet of American warships will sail for the Mediterranean early in January and will likely return by way of the Pacific and perhaps through the Panama canal. There will be more vessels and some will be of greater tonnage than those of the great white squadron that was sent around the world in 1907 by President Roosevelt.

A VALUABLE ISSUE.

This week's issue of the Eagle is even more valuable to the readers than was last week's issue, for aside from containing the constitutional amendments to be voted on by the citizens on July 19, it contains the delinquent tax list for the county and the financial statement for the city. It is well for the readers to preserve each issue for future reference, but they are especially urged to preserve this copy, for a number of important articles and reports are published here in that will be of interest now and hereafter.

OBITUARY.

Bro. W. T. Bickham was born in Louisiana on Feb. 14, 1847 and died in Big Valley, Mills county, Texas, March 27, 1913.

He grew to manhood in his native state and served two years in the Confederate army, being a member of the 17th Louisiana brigade, and he was a loyal member of Jeff Davis camp of veterans. He was married to Miss Mollie Flowers Dec. 30, 1863. Eight children were the fruits of this union—three sons and five daughters. He leaves a heartbroken wife, two sons and three daughters to mourn his loss, but not as those who have no hope. They expect to meet him again some sweet day.

Brother Bickham was converted and joined the M. E. church, south, in 1875 and lived a beautiful Christian life until the Lord called him home to the better world. He moved to Texas in 1875 and settled in San Saba county and lived in that county 12 years. He moved to Big Valley in 1888 and continued to reside there until his death. He was one of the very best of men, was highly regarded by all who knew him and he will be greatly missed. I was his pastor for three years and he was one of my stewards—one of the best stewards. He always had the interest of his church at heart and his home and pocket book were always open to his pastor. I have often worshipped with him and his family in their home.

He is not dead, but is alive forevermore. A short time before he died he asked his wife to stay with him, saying to her that he was alone and then, looking her in the face he said, no not alone for the Lord was with him. As he was walking through the valley of the shadow of death no doubt he could say with the Apostle, "I have fought a good fight, I have kept the faith; henceforth there is laid up for me a crown."

His toils are past, his work is done; He fought the fight, the victory won.

His body was laid to rest in the Big Valley cemetery to await the morning of the resurrection. Just as sure as the body of Jesus Christ was raised from Joseph's new tomb, so sure will the body of W. T. Bickham rise from its sleeping dust. His funeral service was conducted by his pastor, Rev. J. T. Weems.

May heaven's rich blessings rest upon the bereaved ones. May they make an unbroken family in the better world is the earnest prayer of a friend and brother.

Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you too. Only 50c and \$1.00. Recommended by R. E. Ask those who Bank with us how we treat them!

It has always been the policy of this good bank to take care of the needs of its regular customers before giving consideration to those who scatter their bank account, for we feel it a duty we owe the people who concentrate their banking business—especially during adverse banking conditions—to use every effort in our power to stay with the customers who have stayed with us.

If you are looking for a bank with which to open an account, or are not satisfied with your present banking connection, ASK those who have entrusted their business to us, whether they like our way of taking care of them.

There Is A Difference
in banks and a difference in the way they take care of their customers.

DONT MISTAKE THE CAUSE.

Many Goldthwaite People Have Kidney Trouble and Do Not Know It. Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Mrs. H. F. Brooks, 503, First St., Lampasas, Texas, says: "A few years ago I had kidney complaint. There was weakness in my back and the kidney secretions were annoying. I could not stoop without severe pains catching me in my loins and at times they extended into my shoulders. I also had headaches and my sight blurred. I seemed to get no benefit from medicine until I began taking Doan's Kidney Pills. I was relieved after a few doses, and two boxes cured me. Another of my family has used them and been benefitted."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE GOLDTHWAITE NATIONAL BANK

NEW DEPOT ASSURED.

There is no doubt about the Santa Fe railroad's intentions to build a new brick depot at this place. A number of the officials of the road, including F. G. Pettibone, vice president and general manager; W. E. Maxson, general superintendent; H. S. Hull, division superintendent; W. L. Sheldon, car accountant; J. G. Fitzhugh, division freight agent; F. Merritt, chief engineer; M. Robinson, mechanical superintendent; J. S. Hershey, general freight agent; T. C. Wood, purchasing agent, were here the first of the week and visited the business part of town. Mr. J. M. Arnold, the company's agent at this place, Judge E. B. Anderson, Mr. Will H. Trent, Judge S. H. Allen and others accompanied the gentlemen on their visit of inspection over the town. They were greatly pleased with the evidences of progress and enterprise and announced that the company would not be hindmost in its enterprise, but would keep abreast with the development here and had already approved plans for a new brick depot on the west side of the track, just opposite their present depot. The gentlemen did not announce definitely the time the work would begin, but as a survey of the premises has already been made, it is likely the work will begin in the near future.

The visiting railroad men were much pleased with Goldthwaite and expressed much surprise at the volume of business done here. They visited the Eagle office and complimented us highly upon the appearance of our plant and they were astonished to find such a splendidly equipped printing plant in a town of this size. Our "type-setting" machine was the most attractive machine in the house and several of the gentlemen were enthusiastic over its perfect work.

BANK CAPITAL INCREASED.

The Goldthwaite National Bank announces the increase of its capital from \$25,000 to \$75,000. This is a strong indication of the prosperity of the bank and the country in general and shows the successful management of the bank. Mills county is one of the best counties on the map and her business institutions are all prosperous and her people have plenty and to spare.

THINGS IN GENERAL.

The harvest belt of Texas is moving rapidly northward. The winter gardens of the lower Rio Grande valley and the southern portions of the state have enjoyed exclusive privileges in production during the past few months, but east and central Texas are entering the harvest field and when east Texas starts to market, she ships by the train load. There is no more inspiring sight than to watch the Texas gardens and fields burst into a harvest, cheering the heart of the nation with the songs of the reapers, making the wheels of industry spin and moving the world's gold supply to Texas. The whole world is watching the Texas harvest belt as it expands and brings new products to a waiting market.

The census reports show that we have 2,943,953 sheep and goats in Texas, making an increase of 427,312 over the reports ten years ago and they are distributed over every county in the state and our rural population, therefore, is largely interested in sheep and consequently affected by the tariff on wool. The sheep is the greatest possession of all animals. He has a great interest in every political campaign since the beginning of government and in the present tariff bill his fleece is the paramount issue. As a statesman he has pretty well held his own. Many times he has been ejected from the congressional halls, only to return a welcome guest. He holds the center of the political stage in national affairs today and the most learned minds of the country are diligently studying his fleece. Texas takes high rank among the wool producing states.

In a recent address before the School of Business Training of the University of Texas on the "Building of a state," Judge S. A. Lindsey, chairman of the Texas Farm Life Commission pointed out the fact most forcibly that it is humiliating that Texas with all her advantages and immense wealth is way down at the foot in farming and education. In part he said: "When I learned that twenty-odd states spent more on education than Texas; that nearly half the states had consolidated their rural schools and were giving rural and city children vocational training and compelling attendance and that the permanent school funds of all these states put together were not equal to ours, I stopped crowing and went to work, and have found the field white unto harvest." The "Building of a State" is being distributed free in pamphlet form by the Commercial Secretaries and Business Men's Association upon written request.—Commercial Secretaries.

MULLIN.

Editor Eagle: The news comes to us that Mullin is to have a new depot in the very near future. We certainly need it and will welcome the day when the sound of the hammer and saw will be heard.

We had a fine 2-inch rain Tuesday night that filled the tanks, started the crooks and raised the Bayou. The small grain is growing up and we may yet hear the rumbling of harvest wheels.

House breaking is getting quite common in Mullin. The rich must lose and those who are destitute of some of the needfuls prefer stealing to hard work. Let her go galger. This is not the first time expert detectives were needed in our city to ferret out the undermining deeds of some of her citizens. The wind bloweth where it listeth and you can't tell where it cometh nor whither it goeth. Just so with the instigation and practices of the bad. Who know where this thief or thieves got their start and training? Isn't it awful? Yes, Bud, it is awful, but you must not say too much about the awfulness of such things. It is awful because—because—well, it is awful.

It would be hard to make your scribe believe that those who have been breaking into stores in Mullin are regular attendants at Sunday school. Now, muckaty-muck this is another text for you to air yourself on. If you will start some of your crowd to Sunday school and turn your influence for good you can find better use for your little mug than to be wanting to jump on your superiors. Isn't it awful? Yes, but whose to blame?

An open session of the M. B. A. was held in the opera house Wednesday night and was addressed by F. C. McDuffey of Dallas.

Rev. Edgar and E. F. Casey left Wednesday morning, J. D. Cobb and Dr. Jones Thursday morning for Cherokee to attend the district conference, which convenes Thursday night and continues over Sunday.

And you say he did? Do you really think so? Yes sir, and my suspicions are not unfounded. Is it possible? Yes, and it is a fact that the cat came back, the white mule is not dead nor his master's crib unknown. A house divided against itself cannot stand. The shock is unlooked for, but some and we-uns are on the go. Well go on. You are only reaping your own sowing and the end is not yet. Per-se-cution. When men and women will stop to consider that their deeds of today will crop out here and there in their posterity down to the fourth generation when along the line will be found drunkards, gamblers, thieves, imbeciles, deformities and great suffering, there would certainly be a wonderful straightening up in many lives and homes. These are no uncertain predictions. If you are not satisfied with them sit down quietly with your family physician and ask him if there is anything extravagant or untrue in this warning and then turn to the Old Book that will be alive and fraught with good things long after your soul has gone beyond any redemptive power and read the awful warning that "The iniquities of the fathers will be visited on their children to the fourth generation." Look down the line. Isn't it awful? H. C. COBB.

PLEASANT GROVE.

Editor Eagle: I haven't seen a piece from this place in quite a while, thought I might send in some of the latest happenings.

Little Wonder Johnson has been quite sick, but at last report was better.

The singing Sunday evening was enjoyed by a large crowd. Several different communities were represented, Mr. Burks of Center City and Mr. Kirby were our leaders. The singing was grand.

Officers Elected—Year's Work Reviewed—Other Business.

The Star Commercial club held its regular bi-weekly meeting Thursday night and discussed matters of importance to that town and the county in general.

T. E. Hamilton, secretary, being absent, Ira Hawkins was elected secretary pro tem.

This being the time for the annual election of officers the following were re-elected: R. H. Parke, president; R. W. Barr, vice president; T. E. Hamilton, secretary and treasurer. The president announced that he would make known his appointment of standing committees at the next meeting, which will be one week from next Thursday night, the regular meetings of the club being held on the second and fourth Thursday nights in each month.

In recounting the work of the club for the year past it was stated that the Methodist parsonage had been secured for the town, the road to Evant had been put in good condition and other road work done, the Star streets improved, an independent school district secured and other good work accomplished.

The club has in contemplation the sinking of a public well and providing a watering trough for stock.

At the next meeting the date for the annual picnic at Star will be announced and other business will be transacted.

MARRIAGE ANNOUNCEMENT.

Cards were issued last Sunday morning announcing that the marriage of Miss Carrie Saylor and Mr. C. M. Burch had been solemnized in this city on Sunday, March 9. The announcement was a complete surprise to some, while the most intimate friends of the young couple had either guessed the secret or had been given the confidential information. Everybody joins in good wishes for the young couple, regardless of the time they learned of the marriage.

Mr. Burch is a prosperous merchant tailor of this city and his bride is a daughter of Mr. W. W. Saylor and has been engaged in the photographic business in this city for several years.

Mr. and Mrs. Burch are now at home in their pretty new bungalow in the eastern portion of the city.

In Texas criminality is rapidly being made a fine art. The popular notion is that it takes a pretty shrewd lawyer to keep a criminal out of the penitentiary. Indeed, we doubt if the feat is possible without great skilled assistance from the criminal. To the dark and vulgar mind it may seem an easy task to violate a statute; but to the enlightened mind it will seem that to violate a statute with that exquisite precision which our higher courts demand is a feat impossible to anyone who is not, in addition to being familiar with the exact letter of the law, blessed with an insight into the minds of those gentlemen who sit upon high benches. You may set out deliberately to offend and insult a statute; be as overt and insidious as you can make yourself, and even if you succeed in convincing a jury that you actually violated the statute the probability is that on seeking to have the verdict affirmed you will suffer the disappointment of hearing from appellate judges that, in this or that unexpected particular, you failed to conform to some delicate and subtle rule that is essential to the achievement of guilt. We marvel not at all that so many criminals escape the penitentiaries, but that so many succeed in breaking in.—Dallas News.

SINGERS LISTEN.

It is only six weeks until the time for our next regular singing convention, which will meet with the Center City class at 10 o'clock A. M. Saturday, June 7, and continue over the 8th. Now if your home class is not organized go to work at once and get organized, then elect your delegates to the convention. Be sure that you elect persons that will attend the convention on Saturday. Then write the convention a letter stating who you have sent as delegates, also elect your alternates and state who they are and send the letter by one of your delegates. It is useless to elect delegates that will not attend the Saturday's session of the convention, as there will not be any business attended to on Sunday. That is a day for singing only. Therefore, if you wish to have your class name on the roll impress the importance of them being in attendance at the Saturday's session.

Our petition or request for the use of the new court house to hold a special session of the convention was granted by the Commissioners court last week, for which your unworthy president wishes to express his heartfelt thanks. E. F. WHITE, Pres.

Studebaker

"Such shipments mean Studebaker has the confidence of the farmer"

Every year over one hundred thousand horse-driven vehicles are sold by Studebaker. Over a million Studebaker vehicles are always in use. Stop and think what that means.

This enormous output means that Farmers—the men who know—depend upon Studebaker wagons to do their work.

And a Studebaker wagon never fails. It is always ready to do a big day's work—and to keep on doing it. There are thousands of Studebaker wagons that have been in service from 20 to 40 years.

A Studebaker wagon is a real business asset. Wheels, body, frame, axles and running gear have been tested and retested by experts. You can buy cheaper wagons but they're not Studebakers, nor will they last like Studebaker wagons.

Whether in city, town or country, for business or pleasure, there is a Studebaker vehicle to meet your requirements. Farm wagons, trucks, contractors' wagons, buggies, surreys, runabouts, pony carriages, business and delivery wagons—each the best of its kind. Studebaker harness also, of every description.

WHY HE WAS LATE.

"What made you so late?"
"I met Smithson."
"Well, that is no reason why you should be an hour late getting home for supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs."
