REMOVAL SALE

JUST ONE MORE WEEK

A VERY SHORT TIME in which to accomplish our desires, and while we have been very successful in this Sale, yet we find out of this Large Stock great quantities of Seasonable Goods that are rather expensive to move. So we have gone over them with our carving knife, sparing nothing that's possible, and slashed again the already Extremely Low Prices. **OUR LOSS, YOUR GAIN.** We just simply must get shut of them. We can't get boxes enough to pack in, so now if ever is your time to gather in these Wonderful Values. Think of it! It's just like getting money from home—golden nuggets lying within your grasp! Others are picking them up, why don't you?

THERE being a report that we are not going to leave Goldthwaite and that our Sale is simply a ruse to mislead the people, we wish to state to those of this opinion, if they will only come in and see our packer packing all winter goods and fixtures they will change their minds. We certainly are leaving Goldthwaite and we mean everything and every word we advertise. Further, to convince you, our lease of 1½ years on this building is to let. If you want a good building and a good stand, see us.

A FINE SPEECH.

The Winters Enterprise, in its writeup of the Woodmen picnic at Mazeland, where Judge Allen spoke on July 4, has the following to say of the speech:

The speech making was resumed in the afternoon when County Judge Allen of Mills county took the stand and spoke on the subject of Woodcraft. Judge Allen, although a stranger to most of his hearers, soon had their undivided attention and for more than an hour he talked eloquently and feelingly of the benefits of Woodcraft. Judge Allen was pronounced a "silver tongued orator" and it was agreed that his speech was the best that had ever been heard by these people on this subject and before the day's festivities were over Willmeth camp had begun to realize some of the benefits of the talk. The hearers were inspired with a higher regard for Woodcraft in all its branches and certainly the order will be much benefitted by the speech.

Another Boquet.

In another part of the same issue the Enterprise has the following to say, which is indeed pleasing to Judge Allen's friends here, who are glad to know that he is appreciated elsewhere as much as he is here:

"Nothing better could be done for the Winters country than to have such men as Allen of Goldthwaite, Ragsdale of Coleman and Lattimore of Fort Worth visit us in the capacity of speech makers. The good they have done will live long after them. The truths they have planted in the hearts and minds of their hundreds of hearers will be an inspiration, to better living that will be felt in our country for many years to come. We are glad they came and hope the good work will continue. Let us encourage the idea of bringing into our midst such men as these and let us treasure in our minds the lessons learned and impart them to our

fellow men by aiding them in our daily walk and life."

THINGS IN GENERAL.

In financing distress cotton at six per cent the Texas bankers have shown business sagacity and foresight that gives prestige and sheds lustre to their calling. Many bankers have for several years been lending money to farmers without interest, or at a very low rate to build silos, buy blooded stock, etc., and these transactions have been regarded as most profitable ones. But the present instance is the strongest manifestation of the spirit of the builder in the annals of our financial history. A light has been turned to a new world of usefulness where business genius can flourish and the opportunities for profit are unlimited. To Farmer Radford belongs the credit of forcefully presenting the needs of the farmer in a way that enabled the bankers to render the most effective service.

The census enumerators report that 3144 women in Texas refused to tell their age. No reasons were assigned and the subject is opened for general discussion. We hesitate, in this age of theories, theaters and moving picture shows, to hazard an opinion, but we always look important issues squarely in the face and especially if they are feminine. It is our guess that they are old maids in love. Any woman who has, for an unknown number of years, played the game of love and drawn a blank, should not be required to answer questions, or should at least be permitted to tell a pretty fable. But this is a ticklish subject, and we feel pale-hearted fear coming over us.—Commercial Secretaries.

Mrs. Frankie Peek of Lampasas and her brother, Ted Applewhite, came in Wednesday to meet with friends and attend the fair and reunion.

COMMERCIAL CLUB.

There was a small attendance and very little business at the Commercial club Monday night. The fair and reunion was the only business to be considered and all of the committees had their business well in hand.

Barnes & McCullough notified the club that they would place a cement water trough on the fair ground Tuesday morning, for the accommodation of those who needed water for their stock.

The thanks of the Presbyterian pastor and his people for the use of the benches from the tabernacle at the fair grounds were conveyed to the club by Mr. Thorpe.

The next meeting of the club will be held next Monday night, at which time contemplated road work will likely be discussed.

CAMP MEETING.

A camp meeting is to begin Friday night before the first Sunday in August, which will be the first day of the month, in the grove on Mullin creek, near the residence of D. J. Reynolds, on the Goldthwaite and Mullin road. Elder Bradley of Mullin and Elder Addington of Jones county are to do the preaching and the people of all sections, regardless of denominations, are invited to attend, camp and take part in the meeting. All will be welcome and it is believed that all will be benefitted.

Mrs. W. H. Thompson of Brownwood was a passenger on the early morning train Tuesday, en route home from Temple, where she had been with her son, who was recently hurt in a railroad accident at Somerville. She reported him getting along nicely and she expected him to be at home by the last of the week.

Mrs. Joe Allen and children arrived at home Wednesday from an extended visit to relatives in Arkansas.

Mrs. F. N. Hubbert and little son left Monday for Pasadena, Cal., to spend the summer.

Mrs. Carlton Abney of Lampasas visited Mrs. John C. Hicks and other friends in this city this week.

F. M. Soules and wife came over from Star Monday and Mrs. Soules left on the morning train for Oklahoma to visit her parents.

G. M. Mason of Evant was here one day this week, looking after business affairs. He recently sold his gin at Adamsville and moved to Evant.

Dr. H. H. Taylor and family were here from San Saba in their auto. Saturday and went over to the North Brown community to visit his mother and other relatives.

A GREAT SUCCESS

FAIR AND REUNION ATTRACTIVE TO MANY.

Splendid Display of Products of All Kinds—Liberal Premium List.

Good Speaking and Large Audiences—Camp Business.

The fair and reunion closed Thursday, after three days of most intense interest.

The displays of farm products and live stock were more extensive and much better than the most sanguine expected and while there was not much preparation for the fair by the farmers and stockraisers the exhibits proved conclusively that the best of everything can be grown in Mills county. The fact of this slight preparation is of itself one of the most conclusive proofs produced, for the exhibits were of the general growth and development and were not hot house productions and carefully grown and pampered stock. The products seen in the exhibit tent and in the live stock department were such as will be seen at most of the farms and ranches throughout this country. The exhibits were fine, to be sure, but the products of this county are fine and the average products would make a good showing for any county in Texas.

The attendance upon the fair was fully up to the expectation of the management and averaged well with other gatherings in this city in former years, even when barbecues and similar attractions were used as an inducement for the people to gather. The campers and visitors commenced to arrive Tuesday and by afternoon much of the space in the grounds was occupied and when the first speaker mounted the platform in the auditorium Tuesday afternoon there was a good audience to hear him. The people appeared to enjoy the occasion from start to finish and the merry-go-round and other attractions on the Joyway drew largely upon the assembly all during the day and until late at night.

Some of the speakers who had been placed on the program, after having been invited by the Confederate veterans and the Club committee, found it impossible to come after it was too late to make alternations or substitutions, but those who did respond performed their duties so acceptably and gave such good service that the absentees were not missed by the audience or the management. When men like Judge E. B. Anderson, Judge S. H. Allen, Rev. A. R. Watson, Rev. W. H. McGee, Mr. J. C. Darroch, Rev. D. I. Haralson and others who contributed to the entertainment go upon the platform as speakers the audiences are always entertained well and gain much in information as well as in sentiment. All honor to the good men who assisted in making the 1913 fair and reunion a pleasure and a profit to all who attended.

Wednesday was the main day of the fair and it was also Confederate Day. At an early hour on that morning the people commenced to assemble at the fair grounds and by the

time of roll call of Jeff Davis camp the large auditorium was filled and there was a great throng of people about the grounds. The farm, dairy, poultry and needlework exhibits had been placed under the canopy near the auditorium and the fine stock was on exhibition in the southern part of the grounds, and these attracted attention from the vast multitudes a great part of the time.

One of the most attractive features of the entertainment was the splendid music furnished by the City band, composed of young musicians instructed and led by Mr. and Mrs. F. I. Mullan. This delightful music received much favorable comment from the assembly.

The committees in charge of the awards did their work faithfully and well, without favoritism or personal interest. In many cases the names of the owners of the exhibits were not made known to the committees until the awards had been made, but this precaution was not necessary, for the committees worked conscientiously and would have rendered the identical decisions that were rendered had they had personal interests in the premiums.

The committees have the thanks of the management of the fair and the good will of the exhibitors and we all hope that the same committees or others who will act as fairly and impartially and use equal good judgment may be secured for the fair next year.

Following is a list of awards made, as furnished the Eagle by the various committees:

Camp Business.

The business of the Confederate camp was all transacted on Wednesday, at which time a program was carried out as here outlined. Memorial services were held Wednesday afternoon from 1:30 to 3 o'clock, at which time deceased comrades and deceased wives of Confederate veterans were commemorated. These services were in honor of the memory of Comrades W. L. Martin, M. M. Hancock, Joe Benningfield, W. T. Bickham and Mesdames S. M. Carothers, E. S. Chapman and L. G. Blackburn. At this service the memorial committee, composed of Dr. J. D. Calaway, B. J. Park and G. H. Denison made a report, after which appropriate and appreciated addresses were made by Revs. D. I. Haralson, A. R. Watson and W. H. McGee.

At the close of the memorial services a business session of the camp was held, at which time officers were elected for the ensuing year as follows: D. E. Hopkins, commander; M. H. Hines, first lieutenant; L. G. Blackburn, adjutant; Rev. D. I. Haralson, chaplain; Dr. J. D. Calaway, treasurer.

There was a larger attendance of camp members at this meeting than has been had for a long term of years if a larger attendance was ever had at a reunion, and a larger number of visitors were in attendance than usual. During the day 51 members paid their annual dues and the camp's treasury was strengthened considerably.

In this connection it might be appropriate to say that the camp is in a better financial condition than it has ever been. There is not an outstanding obligation that can not be met by the treasury without taking any of the \$100 paid by the Commercial club for the rent of the grounds for this year. The reunion was planned and carried out with very little labor to the veterans, as the Commercial club made all necessary preparations and we were all glad to know that the old soldiers and their families could enjoy the occasion without unnecessary labor or trouble in making preparation.

A monument committee composed of Judge S. H. Allen and Adjutant L. G. Blackburn was appointed to secure funds to build a Confederate monument on the public square in Goldthwaite. It is proposed to raise something like \$1,000 and it is hoped the committee will be able to report success of the work of raising the funds by the next reunion.

INTENSE CULTIVATION.

Judge H. T. White is entitled to the premium for the greatest amount realized from the products of a small plot of ground, as will be seen by the following communication to the committee on farm products: To the Committee of the Mills County Fair, Goldthwaite, Texas. Gentlemen: I the undersigned, a citizen of the city of Goldthwaite,

Mills county, Texas, would beg to submit for your consideration, a list of the amount of garden products, grown, gathered and sold during the last 12 months, lacking about 10 days, on a certain plot of ground within the corporate limits of the city of Goldthwaite, Texas, to-wit: Plot of ground 150x150 feet, and the price received for same.

397 " mustard salad	@10c	39 70

7 doz. squash	@30c doz	2 10
6 " cucumbers,	@30c doz	1 80
455 pkgs. lettuce,	@ 5c	22 75
315 pkgs radishes,	@ 5c	15 75
Okra		2 70

Total price received \$186 10

I will also state that I sold about 9 dozen fryers (chickens) that were raised on this lot or plot of ground, at \$1.50 per dozen, total \$13.50; 109 dozen eggs, at 17c doz average, \$18.53 making a total of \$32.03.

I will say that I raised on this same plot of ground 3 head of hogs that dressed about 1,000 pounds. These hogs were about 10 months old when butchered. I will further state that I fed these hogs about 28 bushels of corn products, the balance of their feed being weeds and slop. I will state that I placed quite a good many of these vegetables with the merchants who sold them and I allowed them a commission.

I state that the above statement is true and correct to the best of my knowledge. H. T. WHITE.

SAM FRIZZELL

A GOOD MAN GONE.

Mr. M. C. Kirkpatrick died at his home in Mullin Wednesday morning at an early hour, after a long illness, although he had not been confined to his bed but a short time and his condition was not known to be critical until a few days before his death.

Mr. Kirkpatrick was one of Mills county's best citizens and one whose place will be hard to fill. He was engaged in merchandising at Mullin for many years and for the last year or more he had been cashier of the First State bank at that place. He was a man of the highest character and none knew him but to honor and respect him and he had the confidence of everybody, both as to his integrity and his ability. He was a broad-gaged and liberal hearted man and many there are who can testify as to his willingness to extend every help to his fellowmen in their times of need. It has been frequently said of him that he was "too good for his own good," but the place he held in the hearts of those who knew him and were associated with him shows how well his many acts of kindness and helpfulness were appreciated.

His funeral was conducted Thursday morning and was attended by his friends from all parts of the county and from other counties and all realized that the world was poorer because he had left it. He was a member of the Presbyterian church, the Masonic and Woodmen lodges and the last named order conducted the funeral services at the grave.

He leaves a wife and seven children besides other relatives, and they have the sincere sympathy of us all.

M. C. KIRKPATRICK IS DEAD.

M. C. Kirkpatrick, a resident of Mullin, Mills county, Texas, for nearly 30 years, departed this life July 16, 1913, and amid sorrowing ones and perhaps one of the largest congregations that ever assembled in the Mullin cemetery he was laid to rest at 10:30 a. m., July 17. Revs. Temple, Watson and Edgar took part in the funeral services, which were conducted at the home, and at the close of same the W. O. W. camp of which he was a member took charge and conducted the burial ceremonies from their ritual. It was a very sad occasion, as so many realized and expressed themselves concerning his life's work, his willingness to help his fellowman and how surely he would be missed. God only knows why such men are so often taken and worthless ones left. He was a member of the Southern Presbyterian church and having no church in Mullin he affiliated with the Methodist church and at the time of his death was assistant superintendent of the Sunday school and teacher of the Bible class. For months he has shown deep interest in the Sunday school lessons and loved to talk about them both privately and publicly. He frequently talked to the whole school and his talks were instructive and uplifting. The Good Lord let him live to see his children all grown, six of whom are still at home. He was proud of his family and had rather be at home than anywhere else. We will all miss him. The Christian's hope points us to a better world than this to find him. God grant that his family may so live here, as to compose an unbroken family in the Eternal World. The large congregation, the beautiful flowers, the tears and the sad look on so many faces all point to the fact that his life was not lived in vain.

Moses Clark Kirkpatrick, son of Dr. W. D. and Aurela S Kirkpatrick, was born Jan. 8, 1857, at Fredonia, Caldwell county, Ky., and was married to Miss Carrie I. Maxwell Feb. 2, 1881, at Fredonia, Ky. Ten children were born to this union, seven of whom are living. He was converted at the age of 19 years and united with the Southern Presbyterian church when 24 years of age. He loved his church and lived true to its teachings. In April, 1886, he came to Mullin, Texas, where he lived until God called him July 16, 1913. H. C. COBB.

DELIGHTFULLY ENTERTAINED.

There has been quite a number of summer visitors to make merry in society this week and those who spend the vacation tide at home pleasure greatly in these guests, not only for the guests themselves, but because they bestir social activity which might not otherwise exist unless there be a real inspiration.

Mrs. John C. Hicks is entertaining Mrs. Carlton Abney of Lampasas, who once made this her home, and her many friends are anxious to bestow the courtesy which her attractive personality invites.

Mrs. Hicks dispensed a pretty hospitality to her guest Tuesday morning in entertaining with an informal musical. Twelve maids and matrons were given the privilege of this exceedingly pleasant hour and the opportunity to meet the charming honoree. It was fitting that such an event should be given in the home of one so talented in music. The program consisted of piano solos by Mesdames Abney and Hicks, Misses Lucille Robinson, Pauline Harris and Lora Hudson, and several vocal selections by Miss Olga Harris.

The luncheon hour found dainties passed with the pretty service which the home always gives.

A GUEST.

MORNING MUSICAL.

Mrs. John C. Hicks entertained on Tuesday morning with a delightful morning musical, in honor of her guest, Mrs. Carlton Abney, of Lampasas.

Only a few guests were invited to share in this hospitality, the list being made up of friends of Mrs. Abney when she made her home in this city several years ago as Miss Florence Harris, and a few visiting young ladies. Nine was the appointed hour and the guests assembled promptly.

Quite a program was enjoyed, the first feature being a motion song very sweetly given by little Miss Margarete Abney, a dainty miss of only three summers. Miss Olga Harris favored the company with several beautiful songs, being accompanied by Miss Pauline Harris.

Delightful instrumental selections were also given by Misses Robinson and Hudson and Mesdames Abney and Hicks.

At the close of the delightful program, Mrs. Hicks served delicious ice cream with cherries and wafers.

Today is the time set for the election on the constitutional amendments and the indications are that they will all be "swatted" good and hard.

A new oil company has been chartered in Missouri under the name of the Pierce Oil company and H. Clay Pierce's son will be the head of it, while "Dear Pierce" will be a heavy stockholder. It is understood that much of the \$21,000,000 capital comes from the Rothschilds family of England and Germany.

The "nigger" pugilist Jack Johnson has made his get-away from this country and left his bondsmen with \$30,000 to pay to the government. He and his white wife are in France and he announces that he has no intention of returning. That is exactly what the people of this country have been wanting to happen for a long time.

Hon. Wm. Jennings Bryan, secretary of state, lectured at Hendersonville, N. C., last Sunday and it is said to have been the first paid lecture ever allowed on Sunday in that town. He said the salary paid him as secretary of state was not sufficient to make him a living and he naturally turned to the chatauqua lectures which he had been delivering for 15 years. Among other things he said there would never again be a national Democratic convention, the candidates being selected by preferential primaries hereafter.

There are singular differences in the longevity of the various species of animals. Two such opposites in sizes as the crocodile and carp live 300 years; the elephant and whale come next with 200 years to their credit. The falcon takes the lead in age for birds with 150 years, 100 being the limit of the parrot and Eagle. The lion and the rhinoceros live 60 years; the goose, common pike, and pelican, 50; the hart and vulture, 40; the ass, bull and camel, 30; the horse 25; the peacock from 23 to 25; the pig, bear, cow, pigeon, cat, dog, deer, wolf, and the fresh-water lobster, 20 years. Fifteen years is the average of the duck, nightingale, lark fox, and pheasant; the canary and the cricket 10; the rabbit eight, and the hare and squirrel, seven—Farm and Home.

Governor Colquitt has commuted the sentence of the soldier who killed a citizen in Dallas at the time of the visit of President Taft to that city, and the man who did the killing will only have to serve two years in the penitentiary, notwithstanding the jury decided that he would have to serve forty years. The conviction was secured in this case over the protest of the militia of the state, aided by outside influences and the case was passed on by the higher courts and the verdict was allowed to stand. The governor has a legal right under our laws to make this change in the finding of the court and the jury, but it certainly is that the clemency will not be approved by the great mass of people, who found no excuse for the killing of the citizen.

It is claimed that there is a very strong anti-American sentiment in Mexico, especially in the capital, and threats have been made to blow up the American embassy in that city. Should the greasers so far forget themselves as to commit such an outrage Uncle Sam would give them a lesson that they would remember for generations. We of the United States are perfectly willing that they "cut up" as much as they please in their own country among their own people so long as they respect the rights of this government and its citizens, but they can bet their sombreros and any other articles of wearing apparel they may happen to possess that they must be mighty careful about what they do to Uncle Sam's property.

PRIZE FARMING A FAILURE IN GERMANY.

Halle, Saxony, June 25—Landwirtschaftskammer is a long word and not easily pronounced by an American.

I have spent the day studying this organization and expect to spend tomorrow in the same manner. I wish to make a thorough report of this organization in my report to the Texas Farm Life Commission. This institution is an agricultural, educational and farm life institution. It is indeed, the head of all agricultural, educational, co-operative and rural welfare institutions in Saxony.

The building in which its business is conducted covers eight acres of ground. I will enumerate a few of the things this institution performs. It provides the farmers with agricultural and educational facilities. It has established five schools where farmer boys are taught agriculture, and three where farmer girls are taught husbandry; knowing that these girls are to become wives of farmers, they are given a thorough training in household economics, domestic science and agriculture as practiced here. For be it remembered that at least five out of every seven people we have seen working in the fields are women. It maintains schools for animal industry and for forestry, a law department where all legal matters of members of farmers' organizations are given attention, a farm market bureau, and publishes weekly market reports.

It establishes cold storage plants in convenient localities for the storing of perishable farm products for the time there is no market for them, but to prevent abuse, that is, the cornering of the market, no product is permitted to remain in cold storage longer than three months. This kind of law prevails throughout the empire and it stopped corners on meat, eggs, butter, etc. It acts as the clearing house for the rural banks, shifting the funds from one to another so that all needs are supplied and all funds are kept employed, and acts as distributor for all co-operative farmers' associations for the purchase of supplies and sale of such commodities as are sold collectively. If a farmer is going to build a home he applies to the institution which sends an expert architect, ascertains his needs, the money he has to spend, and furnishes to him plans, specifications and correct prices for both labor and materials. Thus are farm houses properly, wisely and economically built. This institution does many other such things.

The State furnishes \$60,000 annually, then there is levied by the institution a tax on the farmers which yields \$90,000 annually, and the fees are collected for services rendered in testing seeds, fertilizers, machines, collected for lectures, etc., yield \$200,000 annually, making a total of \$350,000, which the farmers of Saxony spend annually for their social, financial and educational welfare.

Here is, my fellow citizens, a real dynamic properly supported farm life commission.

I said "properly supported." I want to explain that too. The people of Europe have had almost a hundred years experience in agricultural uplift work. The first half of it amounted to nothing, say the people here, because the cost was contributed by others and given as doles, bonuses and prizes to the farmers and farmer organizations. They claim it to be a fundamental principle that farmers appreciate and use what they pay for, while they despise doles and gifts. They say that State-aided rural banks have never done well, while ever since farmers have taken their own affairs in hand and taxed and obligated themselves to carrying on their own relief work, progress and success are general and failure unknown.

The fourth Monday in this month, which will be the 28th day of the month, will be "Trades Day" in Goldthwaite and the stock dealers report that they will have 200 horses and mules to sell at auction. People who want to buy animals or who have horses and mules to sell would do well to be here on that day.

C. E. Strickland and Mrs. J. W. Roberts were summoned to Gatesville Sunday on account of the death of their brother, Euclid Strickland, which occurred on that morning after a long illness. Mr. Strickland was quite well known in Goldthwaite and the announcement of his death was received here with genuine sorrow. He was 49 years of age and leaves a wife and two grown children, both of whom are married. He was county clerk of Coryell county for several years and was held in high esteem by the people who knew him. The friends here of the family deeply sympathize with them in their bereavement.

I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by R. E. Clements. (Advertisement)

If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

RURAL LETTER CARRIERS PICNIC

Friday, July 4, 1913, the carriers of Mills, San Saba and Lampasas counties met in Mr. Lunsford's pasture, near the Colorado bridge, to have a picnic. They were to have met principally for a carrier's business meeting, but the chances for fun were very inviting, so that the business meeting was soon a secondary thought.

Those present were Mr. and Mrs. Hallett Ballard and son, Mr. Roger Halden and daughters, Clara and Genevieve, Mr. and Mrs. Chamberlain, all of San Saba; J. O. Davis of Lometa; Mr. and Mrs. Collins and Mr. Carter of Richland Springs; Messrs. Stebbins and Casey of Mullin; Mr. and Mrs. C. L. Stephens and their son and daughter, Billy and Mildred, Mr. and Mrs. T. T. Nichols and children, Elizabeth, Dwight and Glenn, Mr. A. J. Harrison, past postmaster, and Misses Myrtle Harrison, Tillie and Consuella Saylor, Ethel Cherry and Belle Warren, and Messrs. Joe Palmer, Duke and Rex Clements, all of Goldthwaite.

Shortly after 12 o'clock M. the well filled baskets were divested of their contents, which were spread on a long table and each and every one ate to his own satisfaction. After dinner the carriers met for a short time in business session, but soon joined the crowd again for further fun. The day being well spent, good byes were passed and promises made for a better time next year.

Business Meeting.

At 2 p. m. the boys were called together by the president, Thos. T. Nichols, who explained the object of the meeting and the advantages of a district association. Carriers present were: Thos. T. Nichols, R. No. 2 and C. L. Stephens, R. No. 3, of Goldthwaite, Texas; H. H. Stebbins, R. No. 1 and H. S. Casey, R. No. 2, of Mullin, Texas; J. O. Davis, R. No. 1 and 2, (tri-weekly routes) of Lometa, Texas; H. K. Ballard, R. No. 3, J. F. Chamberlain, R. No. 2 and R. G. Halden, R. No. 1 of San Saba, Texas; T. R. Collins (The Old Wheel Hoss) R. No. 1 and T. A. Carter R. No. 2, of Richland Springs, Texas.

After some discussion, a district association was organized, composed of Mills, San Saba and Lampasas counties. All officers of the Mills county association were retained. Thos. T. Nichols was elected delegate at large and R. G. Halden delegate, with H. K. Ballard and J. O. Davis as alternates, to the state association, which meets at College Station the latter part of July, 1913.

Mr. A. J. Harrison, ex-postmaster, being present, responded to a call and made a very interesting talk, after which he was made an honorary member of the association.

Resolutions Adopted.

Resolved, 1st, That we extend to Mr. A. J. Harrison a vote of thanks for his presence, remarks, etc., and especially do the Goldthwaite boys wish to thank him for his kindness and courtesies shown them while under his supervision as post master (Although being a Republican, for which we excuse him) we believe that we had the best postmaster in existence.

2. Resolved that we extend our thanks and appreciation to W. D. Brown, editor of the R. F. D. News, for his efforts in our behalf, and that we urge every carrier in the service to subscribe for the News.

3. Resolved that we extend our thanks to Mr. Lunsford for the use of the grounds during the day.

The fourth of July was selected as our annual meeting day. There being no other business, and as some of the boy's mouths got to watering for water melon, ice cream, etc., we adjourned to meet subject to the call of the president.

USE OF CALOMEL PRACTICALLY STOPPED.

Dangerous Drug Giving Way for More Safer, More Reliable Remedy.

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly and take Dodson's Liver Tone instead.

Dodson's Liver Tone is always safe and has none of the bad after-effects which so often follow the use of calomel. It is a pleasant-tasting, vegetable liquid that starts the liver gently and surely and relieves constipation and biliousness and causes no restriction of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tone, but remember, Dodson's Liver Tone is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason these imitations are on the market.

Dodson's Liver Tone cannot hurt anyone and if it fails to do all that is claimed for it R. E. Clements, who sells it, will give your money back with a smile. (Adv)

DOWNEY WEDS AT LAST.

We have grave and solemn news to impart to our readers this week, but news that is gratifying to the writer.

As the clock struck six Sunday afternoon Miss Bee Mae White became Mrs. Robert E. Downey. The marriage rites were solemnized at the home of the bride's parents, Mr. and Mrs. J. S. White, at their home four miles east of Jarrell, Rev. Early S. Cook officiating.

The bride is the oldest daughter of Mr. and Mrs. J. S. White and the years of her life have been spent here in this vicinity, with the exception of the past four or five years which she has spent at Salado and Itasca in school. We bear witness that she is altogether the most winsome and attractive young woman we've ever met. Her charms and graces are innumerable, and her presence would lend splendor and enchantment to the court of a king. Her friends are in no way responsible for the union, as many of them warned her before the ceremony that she was getting an empty-headed, rattle-brained chump, and their consolation can only be a series of "I told you so's."

The groom is just a plain, ordinary cross-country editor, whose chief asset is the width and breadth of his acquaintance, together with abundant audacity. Just what the young lady could have seen in him to admire is a mystery, and proves that there is no use speculating on the ways of women. There is nothing notable about him to distinguish him from a million other young Americans. Everybody knows Bob Downey, so why eulogize? Mr. and Mrs. Downey are at home in the Baptist parsonage, which had been renovated and overhauled for their reception and where they will reside until the groom's ship comes in, a very indefinite period. The writer has been permitted to report many weddings, but none that has given us more of joy and of gladness and of exhilaration than this. May the Good Lord protect and provide for the bride.—Jarrell View.

Mr. Downey's many friends here heartily congratulate him and offer their heartfelt sympathy to the lady.

SWAT THE AMENDMENTS

The election on the constitutional amendments is to be held today and the Eagle hopes every one of the amendments will be defeated. The one allowing the legislature to issue bonds in large quantities, the object of which seems to be to destroy the A. & M. College and build another for the same purpose in connection with the University, is receiving the greatest amount of attention, but the others are equally as important.

One allows bonds to be issued by a bare majority of voters, which is a most dangerous plan. A floating population might be able by that method to vote bonds on the community that would require forty years to pay. The two-thirds majority requirement that we now have is a safeguard to the taxpayers who have the bonds to pay. If the proposition to issue bonds has sufficient merit to secure two-thirds of the votes it should carry, but the bare majority is not the best.

The placing of all county and precinct officers on a salary basis and increasing the judiciary also work a hardship on the taxpayers and undoubtedly should be defeated.

The Eagle hopes the people of Mills county will do their part in defeating all of the amendments.

Editor Eagle:

While the dry, hot weather still continues, we are still pushing business right along splendidly.

Everybody, we will venture to say, visited the reunion and fair some of the days and are praising the encouraging outlook for a "Better and Bigger" one next year. These annual gatherings are great assistances to each visitor in various measures in life.

Prof. Kirby is conducting a special vocal class at the school house, employed on the community plan. Come up among this fine bunch of youngsters. They are every one a "thoroughbred," not a scrub among them and without a vocal class in the community the preaching and Sunday schools are always inclined to be embarrassing to the congregation. Your influence, your assistance, your financial power can all be used and appreciated. Now, it is up to you to help your home, children, church and community.

S. D. Davis and daughter, Miss Ada, of Sterling City are visiting relatives here.

J. W. Hill will make some fine improvements on his farm at a near date.

Will we never stop? Anybody can be slow or a "knocker," but it requires means and things to be prosperous in this life.

FORMER CITIZEN COMPLIMENTED

In a review of books and magazines in the last Sunday's issue of the Houston Chronicle the following article appears relative to the writings of a former citizen of Goldthwaite, whose splendid literary as well as legal attainments are recognized and appreciated by many Eagle readers. The Chronicle says:

"In the June issue of the Alcalde Leonard Dougherty of Houston has penned a biographical sketch of Oran M. Roberts, former governor and chief justice of the supreme court of Texas, which for a relish and charm surpasses anything of the kind in contemporary magazines. A personal friend to Mr. Roberts, Mr. Dougherty has revived in the Boswell manner many of the literary and philosophic moments which welded the lives of the two men into intimate friendship. Unlike Boswell with his Johnson, however, Mr. Dougherty has presented a picture of himself—an intellectual striping—which in itself is a dash of color and a balance of power in the picture of the legalist and the thinker. The careful reader is more apt to think of the brilliant young student than the benign old jurist; of the boy with his Plato, his Epictetus, his Keats and his Sir Thomas Browne, rather than the man of law with his Blackstone, his precedents and his proceedings. The article is one of magnetic quality and instead of there being a break between the varied anecdotes and recollections there is a thread of continuity, drawn with the artistic skill of a French story writer, knitting all into one splendid mosaic of enthusiasm, wholesome thinking and life with a snap and verve to it."

The Best Medicine in the World.

"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orvis, Clare, Mich. For sale by R. E. Clements. (Advertisement)

BROWNWOOD.

A splinter in his left foot caused the death of little Elbert James Jeffries, the 10-year-old son of Mr. and Mrs. William H. Jeffries.

Dr. M. L. Brown of Goldthwaite has purchased from W. H. McGee the lot on Center avenue formerly owned by F. S. Abney, at a consideration of \$3500. Mrs. Shelby Byars was quite painfully hurt one day last week by a colt which she was leading with a rope. In its gambols the colt got Mrs. Byars twisted up in the rope and for several hours it was thought that she was seriously hurt, but after that she rallied and it is now thought she will be all right except for bruises.—Bulletin

A Good Investment.

W.D. Magli, a well known merchant of Whittemound, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. FARM FACTS.

(By Peter Radford, President Farmers' Union.)

We grow what we feed on, both bodily and mentally.

The credit merchant is the pawn-broker of agriculture.

No field is well plowed until all the soil is returned.

A man of sense and culture alone understands farming.

Home, in one form or another, is the great object in life.

There is no waste so great as feeding scrub stock for the market.

The general truths are the simplest, so are the greatest farmers.

The architect is as necessary to the life of the nation as a detective.

The agricultural exhibits should be made the leading feature of the fair.

The fate of a nation depends on how it is fed. The farm is a nation's commissary.

No farmer can afford to buy a thing he can raise, no matter how cheap it is offered.

Let us get back to the soil with legislation and rest all on the bedrock of agriculture.

The farmer must depend upon mercy rather than justice to fix the price of his products.

Credit is the gateway to opportunity, and opportunity is the everlasting hope of the world.

Any farmer can spend money—some can make it—but he who can make it and keep it cheats folly and becomes wise.

The dream of the theorist should be mixed with the horse-sense of the builder to the extent that efficiency may be attained and service performed.

Whatever stimulates agricultural development at once reacts upon general business to the advantage of bankers, merchants, and manufacturers alike.

For Cuts, Burns and Bruises.

In every home there should be a box of Bucklen's Arnica Salve, ready to apply in every case of burns, cuts, wounds or scalds. J. H. Polanco, Delvalle, Tex., R. No 2, writes: Bucklen's Arnica Salve saved my little girl's cut foot. No one believed it could be cured." The world's best salve. Only 25c. Recommended by R. E. Clements. (Adv.)
