

The Chase County Courant.

Official Paper of Chase County.

W. E. TIMMONS, Editor and Publisher.

Republican Governors in the United States are like angels' visit few and far between.

Eggs are very scarce and high. The roosters have all got into the Democratic papers, and the hens are off duty.

Out of the thirty-eight State-twentiesix have Democratic Governors. What's the matter with the other twelve?—Capital.

To my renters on my Johnson county farm: "Please to make room for me somewhere about the place; my physicians recommend country air and quiet. I will be home about the 1st of January."—John Peter St. John.

In the Forty-eighth Congress L. H. Weller, of Iowa, will stand alone, the last remnant of the Greenback party, unless S. N. Wood, of Kansas, who will contest the election of S. R. Peters, should be seated in that body.

The Chicago Inter-Ocean says of Gen. Butler: "He hates shams, and Massachusetts is full of them." Commenting on this, the Topeka Commonwealth says: "Kansas people hate shams, and that is one reason they sat down on St. John."

Every county in the State has sent in its official election returns to the Secretary of State, showing the vote on Governor to have been: Glick, Democrat, 83,197; St. John, Republican, 75,155; Robinson, Greenbacker, 20,934. Glick's plurality, 8,042.

Six Democratic Governors elected in Republican State, to say nothing of "the other hearts that ache" in the matter of Democratic gains on Congressmen. It might have been worse, we suppose, but it is difficult to see how, unless more States had voted.—Capital.

A prohibitionist, deeply humiliated because of the election of a Democratic Governor in Kansas, said: "I'll be d—d if I don't move to some State where there isn't a Democratic Governor!" An equally profane Democrat remarked: "Where the d—d will you go?"

Reports of the foreign wheat crop are unusual for their uniformly favorable character. They are so much so, that, in view of the large American crop, it is astonishing that the market can be maintained at all. Certainly the export demand can not be maintained, unless the reports from abroad are all bogus; and without a brisk foreign demand the home market will be badly glutted.

The Kansas State Teachers' Association will meet at Topeka, December 26, 27 and 28. The programme is ready; and it will be an interesting one to all who may attend. Lectures will be given by Dr. Cordley, of Emporia, and J. W. Glead, of the State University, and others. Hon. Geo. R. Peck, of Topeka, will make the opening address. Railroad fares will be reduced at least one and a fourth fares for the round trip on all roads. An attendance of from 700 to 800 teachers is expected.

The New York Times has taken the pains to trace the political fate of the 122 members of Congress, who rushed the River and Harbor bill over the veto of President Arthur. Of the whole number 88 were re-nominated—46 Republicans, 39 Democrats and 3 Independents—and 27 of them have been defeated at the ballot box, viz: 19 Republicans, 5 Democrats and 3 Independents. Just 61 River and Harbor members, or exactly one-half, are, therefore, elected to the Forty-eighth Congress.

ST. JOHN AND GLICK ON THE SITUATION.

In view of the fact that St. John's defeat was wholly unexpected by him, and Glick's election, by so large a majority, somewhat of a surprise to the latter, every one seemed anxious to know how each would accept the situation. We, therefore, give the expression of each of these gentlemen in regard to the result. St. John, in an interview, says that

his overthrow "means simply this, that a very large slush fund, treachery and fraud have accomplished what the opposition set out to accomplish; but the check is only temporary. There will be a reaction inside of ninety days;" and again, he says "there were \$100,000 sent into Kansas by the whisky ring, in the past three months. There is a branch of the Personal Liberty League, or whatever name it may be called, in this State, and its members, every saloon keeper, every dead beat, and every bummer, did everything in their power to defeat me." Mr. Glick, in his reply to the congratulations sent by the anti-St. John Club of Topeka, says: "Permit me to return to you and each member of your Club my sincere thanks for your generous and efficient labors in my behalf. Please say to the members of your Club, for me, that my election is not a party victory or a party triumph, but a victory of principle and of manhood, a victory over bossism and third termism, and that it means prosperity to our State, true temperance and individual liberty."—Emporia Democrat.

THE CURRENCY QUESTION.

Notwithstanding the fact that thousands of our people are worrying themselves almost to death over the vexed question, even to the extent of neglecting their business, their homes and their duties to their families, there are still thousands upon thousands of smart, hard working, intelligent men pouring into the great Arkansas Valley, the Garden of the West, where the Atchison, Topeka and Santa Fe Railroad offers them their choice of 2,500,000 acres of the finest farming land in the world at almost their own prices. If you do not believe it write to the undersigned, who will tell you where you can get a cheap land exploring ticket, and how, at a moderate expense, you can see for yourself and be convinced.

W. F. WHITE,
Gen. Pass. and Ticket Agt.,
Topeka Kansas.

COPP'S GUIDE.
The third edition of *Copp's Settlers' Guide*, a popular exposition of our public land system, is before us. It is edited by Henry N. Copp, of Washington, D. C., the well known author. Its price is only 25c in paper, and 75c in cloth; 8vo, 144pp. The chapter on surveys is illustrated, and shows how to tell township and section corners, &c. The chapters on Homesteads, Pre-emption, and Timber Culture contain the latest rulings and instructions. Every settler and land man should have a copy of this valuable little book.

FROM A PROMINENT PHYSICIAN.

Washington, Ohio, June 17, 1880.
—Reading the advertisement of Kendall's Spavin Cure, and having a valuable and speedy horse which had been lame from a spavin eighteen months, I sent to you for a bottle by express, which in six weeks removed all lameness and enlargement, and a large splint from another horse, and both horses are to day as sound as colts. The one bottle was worth to me one hundred dollars.

Very Crooked.—The crookedest of crooked work, and yet that which has grace and elegance in every crook, may be seen in the Noyes Dictionary Holders and Noyes Handy Tables. Truly, some of those Strong City fellows are wonderfully enterprising; they are not only trying to close up the chasm between that city and this; but they reach out still farther, and are trying to close up the gap between that city and the large, far Eastern cities. The enterprise of some of the business men of that city is truly remarkable and most astonishing to think

KENDALL'S SPAVIN CURE.

The most successful remedy ever discovered, as it is certain in its effects and does not blister. Also excellent for lumpy flesh. READ PROOF BELOW.

COL. C. L. FOSTER.

Youngstown, Ohio, May 18th, 1880. DR. B. J. KENDALL & Co., Genl. Agents. I had a very valuable illustration of Kendall's Spavin Cure, in the Chicago Express. I determined at once to try it, and got our druggist here to send for it; they ordered three bottles. I took them all and thought I would give it a thorough trial; I used it according to directions, and the fourth day the colt ceased to be lame, and the lumps have disappeared. I used but one bottle, and the colt's limbs are as free from lumps, and as smooth as any horse in the State. He is entirely cured, which is a wonderful result. The cure was so remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Very respectfully, L. T. FOSTER.

Kendall's Spavin Cure.

Wilton, Minn., Jan 11th, 1881. B. J. KENDALL & Co., Genl. Agents. I got a horse book of you, by mail, a year ago, the contents of which persuaded me to try Kendall's Spavin Cure on the hind leg of one of my horses, which was badly swollen, and could not be reduced by any other remedy. I got two bottles of Kendall's Spavin Cure of Preston & Lindquist, druggists, of Waseca, which completely cured my horse. About five years ago I had a three-year-old colt swell very badly; I used your remedy, as given in your book, without swelling and I must say, to your credit, that the colt is entirely cured, which is a wonderful result. I myself, but to my neighbors. You sent me the book for the trifling sum of twenty-five cents, and if I could not get another like it, I would not take twenty-five dollars for it. Yours, truly, GEO. MATHEWS.

Kendall's Spavin Cure ON HUMAN FLESH.

Patten's Mills, N. Y., Feb 21st, 1882. DR. B. J. KENDALL & Co., Genl. Agents. The particular case on which I used Kendall's Spavin Cure was a malignant swelling of the knee joint of a man, which had tried many things, but in vain. Your spavin cure put the foot to the ground again, and, for the first time since hurt, in natural position. For a family liniment it excels anything I ever used.

Kendall's Spavin Cure

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or remove any bony growth or other swellings, such as sprains, splints, corns, callosities, sprains, swelling and any lameness and enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects. Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for best as well as man.
