## A HEART TO HEART TALK

### About Where To Buy Your Fall Supplies

**CURLEE CLOTHES**

**FIRST**—The House that has the Stocks demands your attention, as you want to start in buying and find out that your needs can't be supplied without going to several different stores.

**SECOND**—When you buy you are looking for Serviceable Merchandise—not Odds and Ends and Left-Overs.

**THIRD**—You should trade with the House that will buy your Farm Products.

**FOURTH**—The Store that is willing to place your account on a credit basis and in this way give assistance that we most all need these dry years, is the store for you.

### WHY GEESLIN'S IS THE HOUSE WITH THE ABOVE REQUIREMENTS . . .

**FIRST**—A visit to our store will prove that we have the stocks and can fill your orders with despatch and courtesy.

**SECOND**—Our stocks of Merchandise are Second to None in Quality, having been selected by a member of the firm from the big trading centers of the United States for our individual trade.

**THIRD**—We buy almost anything the farmer has to sell and always pay the Highest Market Price. We want your Produce—Chickens, Butter, Eggs, Honey and Cotton—in fact, anything you raise. We will pay cash or trade.

**FOURTH**—Our Credit department will help you when you can't help yourself.

When you get ready to purchase that Fall Bill of Goods, be sure to come in and see us. Remember the above facts, and make our store your stopping place when you come to town. Just tell the folks at home if they want anything to call you at Geeslin's. Their message will receive prompt attention.

The People Who Sell It For Less

Texas

#### GOOD ROADS IMPROVE VALUES.

Tarrant county is expending over a million dollars on its highways. There will be over a hundred miles of cardinal roads and the intersection highways will make a total of over three hundred miles of improved thoroughfares. As a result of the movement for good roads in the county,

property in all sections has increased in value and the farmers are reluctant about selling at any price. They realize that good roads will reduce the expense of

marketing their products and bring them nearer the commercial centers of the county. No longer will distance figure in the calculations of the traveler and the merchants in the towns and cities will be brought in closer touch with their country trade. The county will profit by having good roads, not alone by the increase in property values, but through the sale of additional land which will be in demand by home-seekers from the north and east who have lived for years on improved highways and seldom migrate to a section where the mudhole predominates. HOMER D. WADE.

#### MASONIC HALL AT STAR.

Messrs. W. A. Hawkins, F. F. Henry and Henry Peck were here from Star Monday buying lumber for a Masonic hall at Star. The hall will be built as a second story to Hawkins Bros. Drug store and in order to make the upper story of sufficient width the lower story will be widened several feet. Star people are energetic and enterprising and they are building a fine town over there.

Frank Hines and his wife and baby were here from Antelope Gap the first of the week, visiting relatives.

E. M. Boon made a business trip to Lometa the first of the week.

#### FARM FACTS.

Every consumer is a market maker. The silo is the farmer's best friend. In the country you keep your cheek close to the breast of nature.

A cultivator under the shed is worth two left out in the open weather. Let farming become an abandoned profession and everything would stop.

Help to organize rural life and make the country a better place to live in.

Good cultivation not only helps growing crops, but permanently improves the soil.

The proper preparation of ground works wonders in lessening cost of cultivation.

We can best serve our interests by giving proper attention to marketing.

Production without thought to marketing is like building elaborately on foundation premises that are not true.

The man that owns the soil on which he lives is the only man whose feet do not rest on shifting sands.

As the season advances the plow is the farmer's best friend, but when the season closes the silo comes in handy.

The commonly accepted theory that we are short on production is all wrong. We are short on marketing information.

Many wealthy corporations and individuals have been telling the farmer how to plow when they should have been telling him where and when to market.

The problem of marketing is the biggest business proposition of any age or nation and one that will require the combined efforts of all the agencies of civilization to solve.

PETER RADFORD.

H. G. Wallace of Mullin was a visitor to this city the first of the week. The Eagle stated a few weeks ago that he lived at Williams Ranch, but in this we were mistaken, he is a valued citizen of Mullin.

#### FAIR EXHIBITS.

##### Products of Farm and Garden of Every Variety Wanted.

Citizens who can supply samples of different varieties of the products of the soil are requested to deliver such samples to the Commercial club or leave them at the warehouse opposite Mr. Randolph's lumber yard not later than Oct. 10. All who can bring products immediately are requested to do so, in order that the committee may make suitable arrangements for the display.

Mills county can show as fine products as any county in the state and in point of variety there is no fear of being surpassed. To make a good showing of these products will be of vast benefit to the county, especially to land owners, and it is important that every variety of products be shown in this exhibit.

Parties who have exhibits to supply are requested to notify the Commercial club as soon as possible.

#### MERREL SCHOOL.

Editor Eagle:

Well, as I haven't seen anything from this part in some time, will send in a few items.

Health in this part is good. Every body is picking cotton.

We had a fine rain Thursday and a mist the rest of the week.

Mr. and Mrs. J. M. Harris visited his brother, Jim Harris, at Chapel Hill last Sunday. Jim has a new boy at his house.

Mr. Neal Jones and family of McGirk and A. Harris' family visited J. J. Roberts' family Sunday.

Mr. Dick Couch has come home. They have been off picking cotton.

Mr. Breazeale of Indian Gap has moved on J. M. Harris' place.

Mr. John Ward and family from McGirk visited W. J. Sparkman's family Sunday.

The new school house is nearly complete.

BLUE EYES.

Mrs. J. A. Gillespie visited relatives in Brownwood this week.

#### COMMERCIAL CLUB.

The club held a called meeting Saturday afternoon to arrange for the reception and entertainment of the excursion party from Brownwood on Monday morning.

B. F. Geeslin was appointed to have coffee made and supply cheese straws, also cups, spoons, sugar, etc.

H. G. Bodkin was appointed to invite a number of young ladies to serve the coffee to the visitors at the Trent State bank.

W. C. Dew was appointed to invite a number of ladies owning automobiles to meet the train and take the visiting ladies for a ride over the city.

Judge E. B. Anderson was invited to deliver an address of welcome to the visitors.

#### Monday Night.

President L. E. Miller and Vice President J. C. Street both being absent, the club held an informal meeting at the Masonic building.

The road committee was requested to co-operate with Commissioner Swindle in putting the road in good condition from Brown's creek to Mr. Marler's place on the Mullin road.

The committee appointed to secure exhibits for the county's display at the Dallas fair reported the promise of a considerable amount of products and the outlook for a fine display.

The committee appointed to raise funds for the expense of the Dallas fair exhibit reported considerable progress, but there was a shortage of perhaps \$25 in the necessary amount. The committee was urged to use diligence in securing subscriptions, in order that all expenses might be met.

J. J. Cunningham was here from Priddy Monday and made the Eagle a pleasant call. He sold several bales of cotton here for 14.30, which was the highest price he ever received for cotton, although he has been a farmer in this section all of his life. Who said the Democrats would reduce the price of cotton and ruin the country?

Visitors and citizens alike realize that Goldthwaite is a "live one" all the time.

Gordon Brinson arrived from Arizona the first of the week for a visit with relatives.

Don't forget the suggestion by Judge Allen that we observe Good Roads Day Nov. 5 and 6.

Rev. Gibson of Carlton, Hamilton county, filled the pulpit in the Baptist church Sunday.

W. J. Benningfield of the Payne community was a pleasant caller at the Eagle office one day this week.

Dr. Em. Wilson spent the first of the week at Harkeyville, where he was summoned to do some dental work.

Mrs. John Scott and son William returned Sunday night from a visit to relatives in Fort Worth and Temple.

The Goldthwaite buyers always pay the outside price for cotton. Farmers make no mistake in bringing their cotton to this market.

The court has had a wooden tank tower erected in the court yard, which will place the water tank high enough to put the water in the court house.

Rev. Thad Carver arrived the first of the week for a visit to his home folk at Center City. He has been busy holding meetings for several weeks and came home to rest.

D. Albert Trent left in his auto for Houston Monday. His cousin, Newt, Kennerly came up from Houston and made the return trip with him. He will sell the car in Houston and buy another.

W. K. Ford and family, who have made their home in the Miller Grove community for several years, left this week for Big Springs to spend a while with relatives and will go from there to California, where they will make their home. They leave many good friends in this county who regretted to part with them and hope for them unlimited prosperity and happiness in their new home.

Tell the merchants about having read their advertisements and they will be pleased and you will benefit yourself and the Eagle.

Rev. J. C. Newman, pastor of the Baptist church, announces that he will preach on the subject of the Lord's supper at the 11 o'clock service Sunday morning, at which time communion service will be held. All members of the church are urged to be present and all others are invited to attend.

The new court house will be completed in a short time, as only a small amount of finishing is necessary. All who see the building are pleased with it and wonder that the court could have secured such a building for the contract price. While the cost to Mills county will be very little more than \$68,000, it is not likely the house could be duplicated for less than \$100,000.

AM. S. Taber, representing the Texas Farm and Ranch, published at Dallas, was here this week for the purpose of arranging a special clubbing and advertising agreement with the Eagle. The plan will be more fully explained at a later date, but it will, we believe, be decidedly beneficial to the Eagle readers. Mr. Taber was only authorized to make the arrangements with the best class of papers in the best counties in Texas.

Those who have products of any kind that will be beneficial in the Mills county exhibit at the Dallas fair are urged to bring them in as soon as possible. Mr. Sealey expects to leave with the exhibits about Oct. 19 and the fair opens Oct. 18. Corn, cotton, oats, barley, maize, pecans, potatoes, broomcorn, alfalfa, onions, popcorn, etc., will be needed to make the exhibit complete and to show the great variety of products of this county.

**Brownwood Excursionists Meet With Hearty Reception at Goldthwaite.**

A special train bringing about 175 people from Brownwood on an excursion reached Goldthwaite Monday morning at 9 o'clock and remained 20 minutes. The excursion was met at the depot by a large number of business men of the town, including a delegation from the Commercial club, and a number of ladies with their automobiles. The Brownwood band headed the march to the Trent bank, where a reception had been arranged by the Club and where a delegation of young ladies served coffee and crackers, while Mr. Dew and his assistants passed cigars among the visitors and other citizens exerted themselves to make the stay of the visitors pleasant.

A speaker's stand had been arranged at the Trent bank corner and as soon as the visitors reached that place Judge E. B. Anderson delivered an address of hearty welcome, which was received with cheers by the visitors. Mr. Tom Leach of Brownwood then introduced Mr. Mark McGee of the same city who responded to Judge Anderson's welcome address in a very pleasing manner.

While the gentlemen were being entertained in the business part of town the visiting ladies were carried for an auto ride over the city by a number of Goldthwaite ladies who had been requested by the Commercial club to assist in entertaining the visitors in this way.

When the time for departure arrived the visitors were enthusiastic in their expressions of delight over the hospitable manner in which they had been entertained by the Goldthwaite people.

In speaking of the trip, the Brownwood Bulletin says:

"At Zephyr and Mullin only brief stops were made, though at Mullin there was considerable delay waiting for the regular passenger train to pass.

"At Goldthwaite the reception was cordial and friendly. These hospitable people were at the train in goodly number to meet the Brownwoodites, and while the ladies of the party were taken for an auto ride over the city, the men were conducted to the Trent bank, a block from the depot, where coffee, cake and cigars were served, and where an enthusiastic welcome address was delivered, followed by talks from two or three Brownwood speakers. The time was limited, however, and goodbyes were regretfully said."

**FIRE AT LOMETA.**

About 12 o'clock Saturday night three buildings and their contents were destroyed by fire at Lometa, the total loss being something like \$2000.

The Masonic hall building was destroyed. The lower story belonged to Wm. Sonneman and the upper story to the Masonic fraternity, and the entire building was lost. Value about \$1000. R. E. Hill had a stock of saddlery, harness, tools, etc., in the lower story and this was also a complete loss; value about \$1000. The Masons had \$500 insurance on their part of the building and fixtures, but neither Sonneman nor Hill had insurance.

The tin shop owned by Jim Sanders was destroyed and was valued at \$300, with no insurance. The building was owned by Mrs. Phelan and was not insured.

The building and blacksmith shop of Mr. Nance was a total loss with no insurance and probably \$500 went up in flames at this place.

The fire was right against the Barnes Lumber Co. office and yard, and some damage was done to the stock, but this is fully covered by insurance.

The origin of the fire is unknown, but it is thought to have originated from a soldering pot in the tin shop.—Lampasas Leader.

Prof. Tip Eaton was here from Mullin one day this week, meeting his friends and looking after business matters.

W. W. Tippen, the handsome and popular cashier of the First State bank of Mullin, has been confined to his room with mumps this week.

HAVE YOU HEARD THE NEWS? READ EVERLY'S ANNOUNCEMENT THIS WEEK. (Adv.)

The continued rains and the heavy roads have prevented people coming to town from a distance the last few days, but the business men have no cause to complain, for they have already sold a large amount of fall goods and as soon as the roads become passable they can expect a large trade from the surrounding country.

Don't neglect your watch. Keep it clean and in good order and it will last longer. If your watch is not doing good work, take it to Miller's Jewelry Store, where you can get it put in the best of order and satisfaction guaranteed. (Adv.)

Judge H. T. White and wife are preparing to move to South Carolina, where they have property interests and where some of their relatives reside. They have already shipped some of their household goods and will leave some time between Oct. 20 and Nov. 1. They have been citizens of Goldthwaite almost since the beginning of the town and they have a great many friends in the town and surrounding country who will regret to part with them, but will wish them much prosperity in their new home. Judge White says he is not "burning any bridges behind him," which causes us to hope that he will some day again call Goldthwaite home.

## FINE RAINS.

Ground Thoroughly Soaked—Stock-Water In Abundance—Everything Lovely.

During the last few days Mills county has had one of the best rains that has ever fallen here and it is doubtful if the ground was ever more thoroughly soaked by one continued rain. The downpour commenced in the eastern part of the county last week, but it did not reach Goldthwaite and the western part of the county until Tuesday. From Tuesday afternoon until Friday afternoon there was rain almost constantly and according to "washpot" measurements there were several feet of water, but the gauge at the Trent bank shows a fraction more than three inches of rainfall, which is more than has fallen here at any one time in a year or more. The rain fell slowly and was not accompanied by wind, therefore, there was no damage to the cotton in the fields. A splendid season was put in the ground and the fall feed crops were made sure, while the fall plowing will be made easy and the winter pasturages will be made good. The farmers, stockmen, business men and everybody else feel encouraged over the conditions.

The rain has been general over the state and in some sections it has been especially heavy. At San Antonio the heaviest downpour was reported, the measurement showing about 6 and 1-2 inches, while at Temple the measurement was about two inches less. In many sections great damage was done to the cotton in the fields, especially in the black land belt.

Water was six feet deep in the streets of San Antonio Thursday. Many cellars were filled and great damage resulted.

A hundred thousand dollars' damage has been done by the high water in Hayes county. Three steel bridges were wrecked and a section of the International and Great Northern railway bridge went down.

At Houston the roads and streets are in bad condition and much damage will result to crops in that section. Four people were drowned when their house was carried into the San Gabriel river near Georgetown Wednesday night. There were nine people in the house when it was caught by the current and carried down stream, but five of them escaped.

The fast train on the M. K. & T. railroad ran into a washout near Georgetown Wednesday morning at 3 o'clock. The engine, baggage and express cars went into the waters of San Gabriel river. Nobody was hurt and the train crew escaped by swimming out of the stream.

Four people were drowned in the flood waters of the San Antonio river and the lowlands along the stream were inundated.

## SCHOOL OPENS.

The public school opened Monday with an attendance of 360 and a very encouraging outlook for a successful term. The new building not having been completed, all the grades had to be taken into the old building temporarily, but it is hoped the new building will be made ready for occupancy in the near future, when the High School department will be moved into it and the lower grades will be continued in the old building, which will afford plenty of room for all the grades.

The superintendent, principal and several of the teachers are new to the school here, but they are all teachers of experience and fine qualifications and the trustees, patrons and pupils are all pleased with the new teachers as well as with those who have taught in the previous sessions.

## CLUB MEETING.

On Thursday of last week the Self Culture Club celebrated its eighth anniversary at the hospitable home of Mrs. E. B. Anderson. In spite of the inclemency of the weather, there was a large attendance.

The president presided over a short business session, after which the program of the afternoon was taken in charge by Mrs. Eli Fairman.

The answer to roll call "What the club has done for me," brought forth much merriment and good feeling, all responding readily with the expression of the many advantages derived from belonging to a really live club, some being so enthusiastic as to become poetical.

Mrs. Street gave the Club history in her characteristic humor, which met with hearty applause, after which Mrs. J. C. Hicks favored the company with a piano solo.

Mrs. S. A. Lowrie read a very instructive paper on "What Texas Club Women are doing." Miss Lawrence Thompson sang "Welcome, Sweet Spring-time."

By special request Mrs. Fairman and Miss Kate Fairman gave as a duet "What Are the Wild Waves Saying?"

After a reading by Mrs. J. Z. Gillespie, we were invited into the dining room, where a large, white birthday cake adorned with its eight lighted candles and resting on a handsome cluny lace centerpiece, was indeed a beautiful sight.

It being also Mrs. Street's birthday, she had the honor of first service, which consisted of brick cream in the club colors—green and white—and a slice of the cake.

In the cut Miss Oden got the dime, Mrs. Everly the ring, Miss Thompson the thimble, and Miss Kelley the penny.

The guests present besides the regular club members were Mesdames Huddleston, Clements, Mullin, Walters, Humphries and Miss Lupton.

At a late hour we dispersed, with many wishes that we might meet again next year on a like occasion. XX.

R. M. THOMPSON, Editor

Good rains have fallen in nearly every section of Texas during the last week.

The negro who murdered Mrs. Seitz at Angleton some weeks ago has been convicted of the crime and sentenced to hang. He is being held in the Harris county jail.

The newspapers have given prominence to authoritative accounts of the recent discovery of a gold field in Kilo, in the Belgian Congo, Africa. Some of the reefs are said to yield seventy per cent gold.

The rebel forces were badly defeated by the Huerta forces in Mexico the early part of the week. This was the first fighting reported in some time and indicates that the Huerta cause is gaining in power.

A negro working on a farm in Bell county cut his throat and died instantly when officers attempted to arrest him on suspicion. He attempted to make a get-away and when he found himself surrounded by officers he took a razor from his pocket and almost cut his head from his body.

It is announced from Trenton, N. J., that a fuel has been compounded by a chemist at that place that will take the place of gasoline for automobiles and other machinery using liquid fuel. It is a hydro-carbon mixture that has many times the efficiency of gasoline and costs much less.

Lieutenant Governor Mayes announces that he will be a candidate for governor in the coming campaign, but has not announced his uplatform. Mr. Mayes is mighty strong with the people who know him and will undoubtedly make a strong race. Some of his friends have been apprehensive lest his free use of the pardoning power during the absence of Governor Colquitt injure his cause, but he gives assurance that he will be slow to grant pardons during the remainder of the time he is in charge of the governor's office, while Governor Colquitt is away.

A report was sent out from the City of Mexico last Saturday that Porfirio Diaz had been recalled to Mexico to do active army service, which meant that his leadership was considered necessary to inspire the confidence of the greasers. The old man is too wise and knows the treachery of Mexicans too well to be caught in a trap and he has no intention of returning to that country. He has several times made a grand stand talk about returning to his beloved country if needed, but he will take good care that he is never needed.

Books are wonderful, not only in their multiplicity, but in their persuasive power. The books and papers today mould the minds of men. They are not only intellectual, but a moral force. If all books and papers were correct in principle and in judgment there would be a rapid decline in crime. Crime is due to ignorance and ignorance is due to false preaching or no teaching. Much of the viciousness, anarchy and restlessness of modern times is due to the pernicious influence of books or newspapers who are either purposely deluding the people of lack of understanding. If we would purify our people we must put our newspapers into the hands of men who will not sacrifice truth and morality to political and financial ends. We must have a literary censorship, that books may be examined and those of evil influence condemned before they reach the people. They all have much to learn and it is economy of time to read only the old and well tried books. Books and papers teach us to know life—the present and the past. They stimulate and train the mind. They inspire us by example and precept. They teach us morality. They help us to distinguish between the good and the false. They quicken the imagination. They give us beautiful things to talk about. They are the best and most accessible means of education.—Exchange.

## FALL PLOWING.

It is a well known fact that even in the more humid climates a crop is seldom raised that has not at some time during its growth suffered for the want of water. This need of moisture is especially felt over the larger portion of Texas and the western country. Yet even in the driest sections of our country the annual rainfall is generally ample to make at least one crop a year. The great trouble is not that there has not been sufficient rain, but that a large portion of that rain came at a time when the crop did not need it, and instead of being held in the soil until it was needed, a larger portion ran off or evaporated. Twenty inches of rain, the average for even the driest sections, if it were all saved and supplied to the crop when needed, would supply enough water to make one hundred and twenty-six bushels of corn. Of course, it will seldom be possible to save all of this rainfall, but by proper handling of the soil much larger quantities of this moisture, than is usually done, can be saved.

The chief sources of loss of rain water are the running off from the surface and evaporating from the soil during dry weather. As a matter of fact even in the sections where the rainfall is frequent and gentle, not over fifty per cent of the water that comes in this form is absorbed by the soil. The rate which soil absorbs rainfall varies both with the kind of soil and the rapidity of the precipitation. Coarse grain soils and soils the surface of which are open, will absorb and store much more of the rain water than will soils that are fine textured and more compact. Again, if the surface of the soil is level, it will be able to absorb a greater portion of the rain-water than if it has an incline, and at the same time the same soil will absorb more of the water where the surface is rough and uneven than were it perfectly smooth.

Since the greater portion of Texas and our western country consists of fine clays containing very small spaces between the particles of soil for the absorption of water, and further, since the majority of our rainfall comes in heavy downpours and at a time when our crops are not growing upon the land, the problem of saving the moisture within the soil until it will be needed by the plants, is of paramount importance and yet after all a comparative simple one of solution.

First we must take steps to so prepare the soil that it will store as much of the moisture that comes to it as possible. The way to do this is to plow that soil as deeply as possible before the usual winter or early spring rains. The deeper this is done the greater will be the absorptive area and the more moisture will be stored within the soil for the use of our plants next summer. It is of especial importance that this fall and winter breaking shall be deeply done, as we must store the moisture deep down in the soil so as to prevent it being lost by evaporation. In breaking the land for the saving of moisture it will be well to break it in furrows or leave it rough while the rains are coming. If the land has a fall in one direction, then run the rows nearly level so that they will catch and hold as much water as possible.

To show the immense gain in soil water by plowing before the rains come, it might be well to state that as the result of one determination it was found that there were one hundred and forty tons more water in an acre of land that had been so treated than in a similar acre not plowed. In another instance, out of fourteen determinations fall-plowing showed a larger water content in every instance, ranging from twenty-two to two hundred and sixty-four tons per acre more water than was to be found in a similar acre plowed after the rains were over.

Another potent factor in enabling our soils to drink up and store an abundance of the winters' rains is the presence of decaying vegetable matter in the soil. This decaying matter acts as a sponge, filling the spaces between the soil grains and absorbing and holding large quantities of the rains that come. To show the effect of organic matter in increasing the water-holding power of soils it was found that in one hundred pounds of ordinary soil there were nineteen pounds of water. On the other hand the same amount of gar-

den soil well-filled with vegetable matter, contained fifty-three pounds of water, or nearly three times as much as the sand. If in addition to plowing our lands good and deep this fall then we will put into them all the waste vegetable matter that is upon them in the way of cotton stalks, corn stalks, grass and weeds, we will insure their holding much more of the winter's rains than would otherwise be the case. The earlier this is done the better, as we thereby not only assure the catching of the largest amount of moisture by stirring our lands early, but give plenty of time for this vegetable matter to rot and so render its plant food available.

By deep plowing before the rains, followed by good cultivation to save the stored water, the amount of water available for our plants can be increased nearly fifty per cent. With such an increase there should never, even in our driest sections, be such a scarcity of water as to cause a loss of the crop. The best insurance against a drouth next summer is deep plowing this winter and early spring. Turn the land if possible to a depth of at least eight inches and then follow this plowing with some implement in each furrow that will stir the soil at least another six or eight inches. With such preparation before the rains come, such soil should and will absorb enough water to insure a crop next summer, whether the rains are scarce are not.—Texas Industrial Congress.

## PIANOS AND ORGANS.

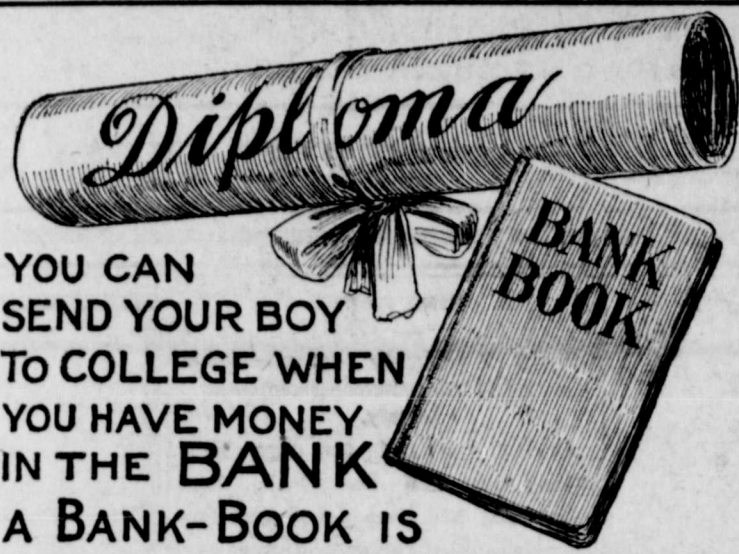

I have engaged to sell pianos and organs for Gartman Bros. and will appreciate the patronage of my friends and the general public. I sell high grade instruments and will take stock in part payment and can offer liberal terms to purchasers.

This business will in no way interfere with my preaching and I will continue to fill my appointments as heretofore.

## NEIGHBORING NEWS

Items Culled From the Leading Local Papers.

### BROWNWOOD.

Wednesday evening at the home of the bride, Mr. Tommie W. Wilson and Miss Helen Mae Selvidge were united in marriage, the groom's father officiating.

Hon. Arch Grinnan received a message late Friday announcing the death of his brother, M. M. Grinnan, near Beaumont, as a result of being struck by a Santa Fe train.

A telegram was received this morning from Rev. W. Bristow Gray, to whom had been tendered a call to the pastorate of the First Presbyterian church, announcing that the call was accepted and that he would arrive in Brownwood to take charge of the work as soon as possible.

At the meeting Sunday afternoon in the court house about forty farmers of Brown county were privileged to listen to some of the foremost authorities of the state on the subject of demonstration work and how it may be successfully used on the Brown county farms.—Bulletin.

### COMANCHE

Mrs. B. Queen has returned home from the sanitarium in Fort Worth much improved in health.

Jesse Chambers died at his home in this city last Saturday of heart failure and his remains were interred Sunday in Oakwood.

Mrs. Harry Slack and little son left Saturday night for their home in Gallup, New Mexico, after several weeks spent with her parents, Mr. and Mrs. Aaron Cunningham, and other relatives.

"Uncle Dave" Cunningham, who has been ill for the past several months, is again confined to his room at the home of his son, Jay Cunningham, south of town, and is not doing as well as his friends would like.

Congressman Oscar Callaway is expected home within the next two or three days and will spend a week or two here. He is a witness in the courts at Armarillo and will return via Comanche to attend to some private business.—Chief.

### LOMETA

Lewis Little from Goldthwaite and Miss Edith May have been added to the sales force at the Little Mercantiles Co's store during their big Loom End Sale.

A beautiful wedding was solemnized at the hospitable home of Mr. and Mrs. T. J. Sims, four miles north of Lometa, Sunday, Sept. 21, 1913, at 4 p. m. when their eldest daughter, Miss Mae, was united in marriage to Mr. A. H. Hill of Houston, Rev. E. E. Thompson officiating.

J. F. Jackson, who drives the Bend mail hack, happened to quite a painful accident Monday a mile and a half this side of Bend, when he was thrown from the hack. He was driving down a rocky hill when the tongue jerked out of the breast yoke ring and jammed into a bank, breaking the tongue and throwing him violently to the ground. The horses became frightened, jerked themselves free from the hack and made their way to Bend before they were caught. W. W. Allen, who happened to be in Bend, caught the horses and took them back to the hack, where he found Mr. Jackson lying in the road, unable to get up. He was brought to town and upon examination was found to have severe bruises on his body and legs. It is thought, however, there is no internal injury, and that he will soon be able to be about again.—Leader.

### LAMPASAS

A proposition is pending to extend the city waterworks to the St. Dominic Villa, two miles north of the city.

The pecan crop is very fine this year, not only in the bottom orchards, but the trees on the hills are bearing almost full crops.

Mrs. W. F. Barnes and daughter, Miss Myrtle, are at home from an automobile journey to Austin and other points southward.

Mrs. J. W. Landrum has returned home from a trip to Bishop, California, where she spent some time with her sister and two sons, all of whom are making their home there.

John Cowan is here for a few days with his parents, Rev. and Mrs. J. W. Cowan. He has been at work for a time and is now ready to return to the Southwestern University at Georgetown and resume his studies.—Leader.

## HAMILTON

J. M. Baxley returned Wednesday from a business trip to Waco.

Mr. and Mrs. Pete Curry entertained at their pretty home in East Hamilton last Friday evening in compliment to the Baraca and Philathea classes of the Baptist Sunday school.

Mrs. Henry Wallace and little son Glen, accompanied by John and Roxie Jones, the little children of Mr. and Mrs. W. Lee Jones, arrived in Hamilton from Mt. Calm Monday to be with Mrs. Wallace's mother, Mrs. John G. Jones, who has been quite ill the past two weeks.

From Oce Striplin, who went to Temple for an examination by specialists into cause of an impaired shoulder, which it was feared presaged tubercular troubles, comes the cheering news that the physicians found the disease amenable to surgery, and he having submitted to an operation will soon be all right and with home folks and friends in Hamilton, once more.—Record.

### SAN SABA.

Mrs. Brockenbrough of Goldthwaite passed through Tuesday en route to her home from Cherokee, where she had been visiting for some time.

The News received a card Monday from T. Y. Elton, dated Sept. 15, at Vancouver, British Columbia. He said he and his wife were well and had started home.

The insurance adjusters arrived Wednesday and found A. J. Gallin's books all up in shape with complete inventories of his stock of dry goods and groceries recently in the fire. It is very probable that a settlement will be concluded today.

The 16-months old child of Mr. and Mrs. B. T. Rich got hold of a tea cup containing a quantity of kerosene oil Thursday and drank part of the contents. Life was despaired of for several hours, but the child is recovering nicely now.

Rev. Thurston B. Fiske and his singers, Mr. and Mrs. J. Dais Stentz gave a lecture and sacred concert at the Methodist tabernacle last Friday night to a full house. The proceeds of the entertainment go to the building fund of the Methodist church and amount to something more than \$150, after paying all incidental expenses.—News.

### THE FAMILY COUGH MEDICINE.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50-cent bottles cured me of pneumonia." Thousands of other families have been equally benefitted and depend entirely upon Dr. King's New Discovery to cure coughs, colds, throat and lung troubles. Every dose helps. Price 50c and \$1.00. All druggists.—H. E. Bucklen & Co., Philadelphia or St. Louis. (Adv)

### NOTICE.

To people who are indebted to us by either note or account:

We have employed P. D. Yarborough to do our collecting this fall. As cotton is opening up very early, we consider all mortgage notes due when the cotton is sold. We trust you to whom this applies will come in and make prompt settlement.

COCKRUM & RUDD.

### GIN NOTICE.

We have thoroughly overhauled our gin in every particular in order to meet the demands of the public. We will gin for same price as last season. We are here to serve you in any way and will appreciate your patronage.

Respectfully,  
WALTER FAIRMAN.

### WOMEN WHO GET DIZZY

Every woman who is troubled with fainting and dizzy spells, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gaines of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them. 50c at all druggists or by mail.—H. E. Bucklen & Co., Philadelphia or St. Louis. (Adv)

District court will convene here Monday, but there are no cases of importance to be tried and it is not likely the court will remain in session more than a few days. The new court house is not finished yet, therefore, the sessions of the court will not be held there this term.

—If you have no abstract of the title to your land, it will be worth while to get one from me, in order that you may have the defects in your title cured before it is too late.—E. B. ANDERSON, Abstracter.

Mrs. L. E. Miller, who was carried to the sanitarium in Temple last week, underwent an operation Monday which was a complete success in every way and it is now thought she will entirely recover. She will be able to come home in a short time, if she continues to improve as she has done since the operation.

## DON'T MISTAKE THE CAUSE.

Many Goldthwaite People Have Kidney Trouble and Do Not Know It. Do you have headache?

Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Mrs. H. F. Brooks, 503 First St., Lampasas, Texas, says: "A few years ago I had kidney complaint. There was weakness in my back and the kidney secretions were annoying. I could not stoop without severe pains catching me in my loins and at times they extended into my shoulders. I also had headaches and my sight blurred. I seemed to get no benefit from medicine until I began taking Doan's Kidney Pills. I was relieved after a few doses and a few boxes cured me. Another of my family has used them and been benefitted."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York sole agents for the United States. Remember the name—Doan's—and take no other. Adv.

All you who have torpid liver, weak digestion or constipated bowels look out for chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. Herbine is the right remedy, it answers the purpose completely. Price 50c Sold by R. E. Clements. (Adv)

If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

**HUSBAND RESCUED  
DESPAIRING WIFE**

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains on my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good, I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without it hurting me, and am doing my work."

If you are coming down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

**Gold and Silver Medals Offered to Children for Best Essay.**

Washington, D. C., Oct. 1.—The Director of the Office of Public Roads Logan Wallace Page, has announced that the time in which children may submit essays on the repair and maintenance of earth roads, in competition for the gold medal and the two silver medals, has been extended to March 2, 1914.

The conditions for the essay contest are as follows:

1. The subject of the essay will be the repair and keeping up of Earth Roads.
2. It is open only to Children from ten to fifteen years, inclusive, who are actually living on farms and who are actually attending some school.
3. The essay should be not more than eight hundred words in length, in the handwriting of the child, and should be written on only one side of the paper.
4. In the upper left hand corner of the first page should appear the following statement: Essay on Earth Roads by (name of child; age of child; actual residence of child; school attended by child.)
5. Children wishing to enter this contest may ask the advice of their parents, teachers, neighbors, highway commissioners, and other people, and read books or magazines giving information about the subject. They must not give the information they gain in this way in the exact word of an adult or the author of a book. They must express the ideas in their own language. They will not be expected to use technical terms and any words that make the meaning clear will be acceptable.
6. The essays will be rated by an impartial committee according to the understanding of the subject shown by the child and according to the penmanship, English and spelling. The writer of the best essay will receive a gold medal; the writer of the next best essay a silver medal; and the writer of the third best essay, a silver medal.
7. All essays to be plainly addressed, in an envelope stamped with a two-cent stamp, to: Committee on Children's Road Essay Contest, Office of Public Roads, U. S. Department of Agriculture, Washington, D. C., and should be mailed to reach the office not later than 9 a. m., on Monday, March 2, 1914.
8. Children who have already submitted essays in that contest which was originally announced to close Oct. 15, may, if they wish, submit a second essay.

**Chronic Dyspepsia.**

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years and of all the medicines I have taken Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7, Sherman St., Hornellsville, N. Y. For sale by R. E. Clements. (ad)

**CALL FOR MONEY**

It does seem to me that those owing me ought to pay me something while selling cotton, and those who have no cotton could pay me a small amount. I am forced to offer my farm at a great sacrifice to meet my obligations, when if I could collect, I would not have to sell anything. Please consider my physical and financial condition and pay me. J. D. CALAWAY.

**A Gentle and Effective Laxative.**

A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tallman of San Antonio, Texas, writes: "They are beyond question the best pills my wife and I have ever taken." They never cause pain. Price 25c at druggists or by mail.—H. E. Bucklen & Co., Philadelphia or St. Louis. (Ad)

**BAYSIDE.**

Editor Eagle:

Being a regular reader of the Goldthwaite Eagle, I can hardly wait for the next copy. After having lived in Mills county for 24 years and met so many good people makes one want to see their old friends.

Bayside is but 12 miles north of Aransas Pass, on Copano Bay, in Refugio county, one among the oldest counties in the state and least developed. Refugio, the county site, hasn't a public school in the town. Everything is run by the Catholics. Public school money has been turned in to the Catholic school over the protest of some few. They filed an injunction last year. See what Rome will do when she has the power.

Bayside has the finest school house in the county. My daughter is teaching the school.

This coast country is capable of sustaining a large population. There is so much good land, but will settle slow on account of land being so high and owned by a few stock men and most of them Catholics.

Land at Bayside unimproved, is selling from \$40 to \$50 per acre. It costs from \$20 to \$30 to get it grubbed. It is as fine as I ever saw for corn and cotton and vegetables, when it rains. We have had lots of rain this month.

All this talk one hears from land agents about oranges and lemons and such stuff is all a fraud. Figs and grapes will grow here, when it rains.

The rainfall here is about like Mills county, only it stays on the ground longer after it rains, the country is so flat. I would not advise any one who has a good home in Mills county and good health to sell and come to this coast country. It's better for corn and cotton; environment is bad. The good book says we shall not live by bread alone.

Refugio county is badly in need of some good school man.

Say, Mr. Editor, I want the Eagle to let it be known that I nominate S. H. Allen for county judge of Refugio county for the next two years, if I stay here; if not for Mills county.

I moved to the coast country on account of my health, being bothered with asthma, which is much better here, but I long for some of that fruit we use to grow at Ebony. I expect to move back to my old home after another year, if my health continues to improve. W. J. PHILEN.

**A Marvelous Escape.**

"My little boy had a marvelous escape," writes Mrs. P. F. Bastimas of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by R. E. Clements. (Adv)

A recent press report announces that ten million flies have been killed as a result of a fly swatting campaign inaugurated by the Civic Club of Harrisonburg, Pa. Several Texas clubs have advocated swatting campaigns and our civic organizations are to be commended for the patriotic spirit manifested, but these movements, like some other American ideas, have sought immediate results rather than the removal of the permanent cause. The proper way to get rid of flies is not by swatting, but by putting the "kibosh" on their propagating plans. Every female fly lays 120 eggs every twelve days. Every new born fly is ready to lay 120 eggs after 12 days and continue indefinitely. The fly renders a greater service to the medical fraternity than all other disease agents combined. To exterminate these disease dealers, it is necessary to destroy their breeding arrangements. Your druggist can suggest a formula for preparing a cheap solution for spraying the stables, trash can, cellars, cupboards, and low, dark places where filth accumulates.—Mrs. E. P. Turner.

Tickling in the throat, hoarseness, loss of voice, indicate the need of Ballard's Horehound Syrup. It eases the lungs, quiets the cough, and restores health in the bronchial tubes. Price 25c, 50c and \$1.00 per bottle. Sold by R. E. Clements. (Adv)

FEEL RIGHT ALL THE TIME!

Don't Let Periodical Spells of Lazy Liver Ruin Your Temper and Spoil Your Work.

If your liver doesn't behave right all the time—if it sometimes stops working and you become bilious and "headachy"—don't take calomel, but try Dodson's Liver Tone.

You are safe in taking Dodson's Liver Tone. It's a harmless, pleasant vegetable remedy that starts the liver without stirring up your whole system as calomel often does. It is especially good for children who need a liver tonic once in a while but who should not be dosed with strong drugs.

Dodson's Liver Tone is sold by Clements' Drug Store. This store guarantees it with a clean open and shut guarantee—your money back with a smile if it fails to satisfy you. Price 50 cents per bottle and your money is as safe as if you had it in your pocket. If you need the medicine you need it badly—if it doesn't satisfy you—your money back. Buy a bottle from Clements' Drug Store today under this guarantee. (Adv)

KEMP, TEXAS.

Editor Eagle:

I will write a few lines from what is called here "The Garden Spot," although it doesn't look like it to me.

The crops here are fairly good. Corn is good, cotton about three-fourths of a crop and it has rained for the last 12 or 15 days, except two days, last Sunday and Monday, but commenced again last night and is still rainy and looks as if it would never quit. If people had their cotton picked they could not haul it, as the roads are simply awful.

There is no news here that could interest you.

I will sure be glad when this season is over and I can return to my family in the good old Mills.

Yours truly,

G. H. FRIZZELL.

L. E. Miller returned Thursday night from Temple, where he had been with his wife, who underwent an operation in the sanitarium there Monday. He reports her getting along nicely and hopes for her soon to be able to come home.

Hudson & Rahl this week sold the property occupied by their meat market and J. S. Bowden's restaurant to A. J. Harrison. They will continue to occupy the premises, having leased them from Mr. Harrison.

Mr. J. W. Bradley, who has been visiting his daughter, Mrs. W. E. Reid, and other relatives in the eastern part of the county, will leave today for Crews to look after his farming interests and visit relatives.

—If you intend to sell land get your abstract of the title thereto prepared first, otherwise the delay in perfecting your title may cause you to miss a sale.—E. E. ANDERSON, Abstractor.

County Clerk W. B. Summy yesterday issued marriage license to Eddie Virden and Miss Susie Heron, Ben Putnam and Miss Ila May Ray, W. A. Jenkins and Miss Orris Scoggins.

CEREMONIES POSTPONED.

Corner Stone of the New High School Building Not Laid Today.

The announcement was made by the Woodmen last Saturday that they would lay the corner stone of the new school building today, but circumstances make it necessary that the ceremony be postponed.

The stone has already been placed in the wall and a considerable amount of the brick wall built up over it. This prevents the corner stone laying according to the ritual, but it may be possible to omit a part of the ceremony, by permission of the head camp authorities, but such permission may not be given. The officers of the lodge here are in correspondence with the higher officials of the order and an announcement will be made later as to the determination in the matter.

A GOOD DINNER.

The Baptist ladies will serve dinner in the basement of the court house Monday. This is a fine opportunity to get a good dinner.

The state agricultural department announces that a farmers' institute will be held at Goldthwaite October 11, at 1:30 o'clock. A representative of the department will be here to deliver an address and the place of meeting will be selected by the local people interested.

### Avoid Seditive Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places of the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by R. E.
