GOOD ROADS.

Good roads are essential to the profitable production of any commodity.

Production must cease when the transportation cost wipes out the profits.

Every citizen, whether rural or urban, has an individual responsibility in good roads.

The profit of the farmer is determined by the difference between the production and transportation costs and the selling prices.

The value of a commodity fluctuates in proportion to the facility with which it may be carried to the place where it is in the greatest demand.

The loss to farmers on account of inaccessible primary markets and the abnormal expense of transportation, due to bad roads, must be considered one of the leading causes of the high cost of living.

Good roads socialize rural life, bring about rural free delivery of mail, lessen the distance between the field and market and encourage a higher moral life in the communities in which they are built.

If an agricultural locality is to attain the highest degree of development, and if its people are to attain the highest degree of prosperity, it is essential that it should be provided with a system of improved wagon roads.

A farmer living on a bad road and one living on an improved highway both have telephones. They learn that the price of cotton has advanced two dollars per bale. The man on the good road hauls four bales to town and the man on the bad road can get to town with only one bale. This is only one of the benefits of improved public highways.

FARM FACTS.

The silo is prosperity's trade-mark. Plan while you plow and give a lot of thought to seed selection.

The thoughtless farmer is a bane to his community; think as you farm.

The economic value of the silo has been demonstrated and proved to the farmer.

The highest attainments of science are yet to be learned, and they will come from the soil.

Cotton will continue to be our money crop as long as we buy our feed-stuff in other states and countries.

The highest duty of the state and federal governments is to place agricultural education within reach of all.

The farmer cannot be helped until he organizes, and the government can not help the farmer except through organization.

Co-operation among farmers in gathering, grading and marketing their products will enable them to secure better prices.

Statistics show that the cost of a plow is more than twice as much as 50 years ago, while cotton and other farm products are not twice as high.

The prosperity of the farmer is coincident with the prosperity of the state, and fundamentally, the welfare of the people depends upon the cultivation of the soil.

PETER RADFORD.

Chas. Stark of Rock Springs went to Winters Tuesday to accompany his parents, Mr. and Mrs. J. T. Stark, back to their home in Rock Springs community, after a protracted stay at Winters, where they spent several months for the benefit of Mrs. Stark's health, which is considerably improved, although she is still unable to use her lower limbs on account of the dislocation of her hip.

R. W. Barr of Star was here Tuesday and went to Lampasas to look after business matters.

Subscribers who fail to receive the Eagle regularly are urged to notify this office. Don't get the idea that we have arbitrarily stopped your paper simply because you missed a copy. Report the fact to this office and we will try to "start something."

W. J. Stark was here from Rock Springs the first of the week and made the Eagle a pleasant call. He was going upon crutches, having been injured by being caught by a wagon wheel while breaking a young mule. His injuries are not serious, however, and he will soon be all right.

J. H. Christie and family of the Indian Gap community loaded their household goods here Tuesday and left for Matagorda county, where they expect to make their home for a year at least. Mr. Christie owns a fine and valuable farm and other property near Indian Gap and we will look and hope for the return of the good family.

The Methodist annual conference for the West Texas district was held in San Antonio, beginning last Wednesday and closing Monday of this week. Following are the assignments of work for the preachers who are well known here or in whom Eagle readers are interested.

J. A. Fisher, Mullin circuit; Rev. L. N. Meyers, Star circuit; Rev. Z. V. Liles, Lampasas; Rev. J. S. Bowles, Brownsville; Rev. H. E. Draper, San Saba; Rev. F. M. Jackson, South Heights, San Antonio; Rev. R. L. McIntyre, Bertram; Rev. J. D. Scott, field agent missionary rescue home and training school, San Antonio; Rev. E. L. Edgar, Pandora in Cuero circuit; Rev. J. M. Lynn, Runge; Rev. N. G. Ozment, Marble Falls; Rev. Theophyllus Lee, Lockhart.

WORK THE ROADS.

Next Wednesday and Thursday are the days set apart by proclamation of the Governor to be devoted to road work in all parts of the state. In some counties mass meetings have been held and organized work will be done. Those who can spare the time and do the work will be doing a patriotic deed and will also be benefiting every citizen of the state to a greater or less degree. Those who can not do the work should place a sufficient amount in the hands of the county commissioners to employ labor for the two days. Teams, plows, scrapers, etc., will be needed and it will take money to procure these things. Mills county should be up to the standard of the other counties in this work and the Eagle believes that the people will respond promptly and liberally to the call.

Mr. B. J. Park made a business trip to Oklahoma this week.

Mrs. H. A. Atkinson left yesterday for a visit to relatives in Brownwood, San Angelo, and Fort Worth. She will likely be away all winter.

Misses Blanche Priddy and Lucille Frizzell returned to their studies in Howard Payne college the first of the week, after a short visit to their home folk in this city.

The deal whereby C. A. Faulkner sold his store at Big Valley to Walter Stuck was not closed and Mr. Faulkner has now sold the store to Tom Sloan of Navasota, who will take charge of the business right away. Mr. Sloan is a brother of D. M. Sloan of Warren crossing neighborhood.

Work has begun on I. C. Everly company's new store building on Fisher street which will be an addition to their already large building. The old and new building will be occupied by McKinley-Corrigan Co. of Hamilton after Jan. 1. Plans for the new addition were drawn by J. H. Kelly and the work will be executed by local workmen, under the firemanship of John Drew of Lometa.

TRADES DAY.

Monday was Trades Day in Goldthwaite and a great many horses and mules were brought to this market. Some were sold through the association and some at private sale, but the sales were not as large as on former occasions. One reason for this is that the price of horses and mules is not nearly so high as a few months ago. Many people brought their animals here expecting and hoping to get the price quoted some months ago, but refused to sell at the reduced price.

This condition is said to exist all over the country. Dealers and raisers of horses and mules are not able to realize satisfactory prices for their holdings and the market is dull. The high price of feed stuff probably has a bearing on the situation, but it is safe to predict that the prices will be higher in the spring than they are now.

RANCH LOANS

I can make a rate of 8 per cent on Ranches of not less than 500 acres in Mills county. There must be a reasonable amount of good tillable land and a portion in cultivation. Can't loan on rough mountain land or land in shinnery. In writing describe the land. B. E. HURLBUT. Brownwood Texas.

Some have paid me and I am thankful, others have not and I need it. It certainly makes us all feel better to settle our accounts. My patience and grace may be exhausted soon if you do not come in and settle in some satisfactory way what you owe me. Yours truly, M. L. BROWN.

NOTICE

All parties knowing themselves indebted to me for groceries, either by note or open account, are requested to please call and make satisfactory settlement. I have some heavy obligations to meet on Nov. 1, and would appreciate a settlement by that time. Respectfully, W. E. GRISHAM.

CLUB SOCIAL

The home of Mr. and Mrs. William Augustus Fiske was the scene Tuesday evening of a most delightfully planned hospitality, when Mesdames Fiske and Randolph entertained the Merry Maids and Matrons club, and their escorts and husbands.

These early fall meetings have been full of exhilaration and there are many reasons why this one should have been so. This being the first of the social meetings of the season, the newness of coming together with the golden lure of all out of doors added zest to the gathering.

The approaching Hallow'een made this a unique party indeed for one truly thought they had entered the witches abode. Black cats and witches and many other wierd objects gave each room the seasonal spirit.

Mrs. Frank Geeslin presided over the punch bowl which was packed high in berries and golden leaves, and their beauty gave an appreciation of the wonders of the autumn tide to each guest.

Dainty booklets with the suggestive witch drawn on the cover were passed for a nut contest which proved interesting and entertaining, after which spirited progressive games were contested for more than an hour, at the close of which, Mrs. R. M. Thompson and Mr. Edward Geeslin were awarded hand painted prizes of beauty and value. An appropriate refreshment plate, consisting of apple salad nut sandwiches, olives, wafers, and hot chocolate was served at a late interim.

Those present were Messrs. and Mesdames Ebers, Thorpe, Trent, Gillespie, Thompson, Geeslin, Randolph, Fiske, Skaggs, Misses Perry, Randolph, Thompson, Messrs. Porter, E. Geeslin, and Daniels. Reporter.

JONES-HILL.

Cicero Jones and Miss Anna Hill were married Wednesday afternoon at the home of the bride's parents, in the South Bennett community, Rev. J. T. Weems officiating. Mr. Jones is a prosperous farmer living a few miles east of this city and his bride is a daughter of Mr. J. W. Hill of the South Bennett community. They both have many friends and well wishers in their home communities and elsewhere.

Freezing weather in the Panhandle country Sunday and Sunday night did great damage to the grain crop.

Only a few more weeks remain in which intoxicating liquors can be ordered by express in any prohibition territory. Nov. 18 the law becomes effective.

The trial of the men indicted for the burning of the Baptist church in Fort Worth will begin in Weatherford next week and a large number of witnesses and other interested parties from Fort Worth will be in attendance and the case will likely be of long duration.

Every able bodied man in Texas should take part in the road work next Wednesday and Thursday. It is a work in which all are interested and all will share in its benefits. If every man will help some of the roads will be greatly improved in every community in the state.

Ell Sulzer, former governor of New York, who was impeached and ousted from his office last week, has been nominated for a seat in the legislature by the Progressives. He is making a whirlwind campaign and accusing his persecutors of having received some of the campaign funds and other bad conduct.

An inmate of the reformatory of Jeffersonville, Ind., has confessed to the murder of the young lady stenographer in Dallas some months ago, giving full details of the murder, but the officers have ascertained that he is seeking notoriety and in reality knew nothing of the murder until he learned it through the newspapers.

The election in Mexico last Sunday resulted, as everybody knew it would, in retaining the big greaser Huerta as president of the alleged republic. The great mass of the Mexicans were afraid to go to the polls and it is a cinch that their fears were well grounded. Huerta is evidently determined to conduct the government along the lines laid down by the Diaz administration.

Felix Diaz was forced to ask for the protection of the United States consulate at Vera Cruz the first of the week, having learned that the Huerta crowd intended to take his life. Felix, old boy, started to Japan as a special representative from Mexico with the avowed intention of expressing thanks to that government but in reality he intended to use his position to make trouble for the United States with the little brown men, who are already "too big for their breeches." He was recalled before he reached Japan and now it is his belief that the assassin of Madero intends to have him killed.

A couple of gunmen bluffed a squad of Houston policemen a few nights ago and would have walked away from the police station unmolested but for the fearless action of the man who was serving as night clerk. He stopped the men and was shot through by one of them. Even after the shooting the other members of the force refused to assist the wounded man. The gunmen were ex-members of the state rangers. The grand jury has indicted one of them for assault with intent to murder and the other for aggravated assault. Four members of the police force were dismissed from the service.

The meeting of prohibitionists who desired a candidate for governor in the coming campaign was held in Dallas last Saturday and resulted in a call being made for precinct conventions on the first Saturday in April and a state convention to be held in Dallas on the third Tuesday in April to select a candidate. While no man is named, it is pretty generally understood that these "leaders" have a man in mind who would just fill the bill according to their liking. The only thing that will result from the meeting will be the bringing out of more prohibition candidates and a still further division of the prohibition Democrats.

CHOOSING A MOTHER.

One of the saddest thoughts that comes to us is the advent into the world of a child without any choice of its own and born of an untrue double-life mother, whose whole being at times has been tested to its capacity to conceal her awful sin. Read Phil. 4: 8. The world has been slow to pay its debt of gratitude to faithful womanhood for her earnest endeavor to keep the home pure. We believe the good women (I wish to emphasize the word good) of America form the basis of the most of the moral sentiment and moral influence in the nation, while wicked, untrue womanhood has done a great deal to mar the peace and happiness the nation should possess. Oh! what a slam on the fair name of woman when one of them steps down from her lofty place to yield to sin and bring shame and disgrace not only on herself, but her family as well. Take the leading men of the nation, the greatest preachers, statesmen, doctors, lawyers, bankers, merchants, tradesmen and artisans, the men who have done the most to make this a great and mighty nation, will point proudly to a Christian mother as their greatest heritage. When Madame De Stael asked Napoleon to state the greatest need of France he readily replied: "Mothers." The mothers of any country establish the ideas of the same. It has been said that in this country the women are the pillars of the church and the men the pillar shams of the church.

The best creature God ever made is a true good woman. The generation of today is choosing and making mothers of the future. God pity the oncoming generations if we rob future motherhood of modesty, of a strong belief in the sanctity of the body, of personal purity and of spiritual ideality. One of the underlying principles of the protection of purity is a strict guard over your thoughts. Your modes of thinking have everything to do with inviting or repelling temptation. The average man knows almost by instinct when he dares to present a suggestion which involves the sacrifice of a woman's personal honor. As a man thinketh so is he. If he is vile and lustful his very being swings to that center of thought and the girl or woman who does the least thing pointing to undue familiarity are noticed at once, and often young girls especially are made targets by characterless renegades whose lives are completely enveloped in sin and have no respect for the weakness of a girl.

May I stop to say that thousands of mothers are responsible in part for this weakness in girls, and the heady, downward, lustful condition of our girls. In other years the index finger pointed nearly altogether to the poor, uneducated and unfortunate weak-minded girls, but alas! alas it has turned from those to what was once considered the better classes of society and the trail of undue, unbecoming conversation and actions are following girls in what is considered some of our best homes, and yet many mothers seem to be blinded to these surroundings and are pushing their girls out to low neck, short bottom, hobble and slit skirts to tempt that character of men and boys whose very being is bent on gratifying their lust to the ruination of no matter whose girl.

Dear reader, will you stop for a moment and think that these girls with a blighted never to be regained character are to become the wives of unsuspecting husbands and unchosen mothers of unfortunate boys and girls? My God! What a blight will the judgment throw upon such scenes? When will the eyes of some fathers and mothers be opened to the awful and realities of the future destiny of their daughters. Some will doubtless say these statements are overdrawn and the gally will find fault, but don't doubt when we tell you that the half has not yet been told.

Dear girl, whoever you may be, whether in palace or hovel, accomplished or ignorant, will you not act wisely and take the advice of a friend and assert your right under all circumstances to protect true womanhood? You have the key to the situation and can use it if you will. To go wrong, you are a victor of your own folly and while you may to some extent cover up or conceal the loss of your character, yet the

all seeing eye of God sees and knows and He positively declares that your sin will find you out. Come, let us reason together. What will it profit you to enjoy (as you think) these things for a little while and then be haunted the remainder of your days with a real knowledge of the fact that in an unguarded moment you sacrificed something that the wealth of this old world can never replace.

Stop! stop! The voice of Celestial cries stop! stop, e'er the warnings of conscience cries stop! stop! and turn hastily from the man who is bent on ruining you if he can.

OBITUARY.

On September 24 there passed to rest Mary Johnson, the little daughter of Mr. and Mrs. Will Johnson, after an illness of only a few days. Although she had traveled only a short distance along life's pathway, she had so endeared herself to her loved ones and friends that it was hard indeed to have her called away. Little Mary was only 2 years old the 5th of last April.

Thus, in the providence of God, there is a vacant chair, but a loving memory; a flower has been plucked, but the fragrance remains; hearts are broken, but with the assurance that Jesus will bind up and soothe the broken-hearted. "Oh, Death! Where is thy sting? Oh, Grave! Where is thy victory?" We know that "He doeth all things well," and that his grace is sufficient for us."

She is survived by a sister and baby brother and father and mother. May the Lord comfort their hearts.

John E. Caldwell, who served as demonstration farmer for this county the past year, has gone to his home in Brownwood to await developments here relative to the raising of his salary. The commissioners court agreed to pay \$400 for 10 months' work and the national government pays a like amount, which gives the demonstrator \$800 for the ten months required. Mr. Caldwell states that he can not accept this salary and that he will accept employment elsewhere if the salary is not increased to a satisfactory amount. There has been some discussion of the matter in the town, but so far no definite action has been taken. It is likely the subject will come up for discussion at the Monday night meeting of the Goldthwaite Commercial club and all interested parties should attend if possible.

A SURE REMEDY FOR LAZY LIVER

Go to R. E. Clements for this Safe, Reliable Remedy and Get Your Money Back If It Fails.

There are very few remedies that gain the confidence of druggists as Dodson's Liver Tone does. R. E. Clements sells it and backs up the sale of every bottle with the money back guarantee that the price will be refunded if it fails to give complete satisfaction.

Dodson's Liver Tone costs 50 cents a bottle. It is the safest and best remedy for torpid liver, constipation, biliousness, etc., that has ever been sold in this city. It takes the place of dangerous calomel and does not lay you up as a dose of calomel often does. A bottle in the house is as good as fifty cents in the bank. If you or your family need a liver tonic you have the medicine ready. If it fails you get your money back.

Be sure you get Dodson's Liver Tone when you ask for it. There are imitations of it that may disappoint you. (Adv)

CONFEDERATE CAMP HONORED.

Jeff Davis camp of Confederate veterans has been honored, as has Rev. D. I. Haralson by his appointment as chaplain of the Second Texas brigade with the rank of captain. Rev. Haralson's friends are proud of the honor bestowed upon him and the Confederate camp has been honored thereby.

In a letter to Adjutant Blackburn relative to the appointment General Askew pays a high compliment to this county for its loyal Confederate spirit and states that he has had several copies of Adjutant Blackburn's letter made for distribution and will also have it read before his local camp at Austin.

Jeff Davis camp is one of the strongest and most active camps in the state and the head officers are proud of the record the camp has made and the people here also delight to do honor to the old soldiers who are members of the organization.

Fire at Evant Monday night caused severe loss to several of the business concerns of the town. The bank, Brooks' dry goods and grocery store, Burney's hardware store and the Masonic lodge all suffered loss. Mr. Brooks' loss was \$10,000., with \$2,500 insurance. Mr. Burney's loss was \$4000, but his insurance has not been learned, if he carried any at all. These were some of the most important business places in the town and the loss was severe.

A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. SALES!

We have a Sale on EVERY DAY in the week. We do not have to offer Special Sales in order to induce people to come to our store. Our Goods are New and our Prices are Lower than at most so-called "Special" sales. We haven't been crippled since the "Hurrah Sales" have been on in Goldthwaite. We are still at the same old stand and still in the ring and doing business every day.

This is the store to put your faith in--the store that "satisfies." We depend upon your satisfaction to hold you for a permanent customer and to cause you to recommend us to your friends. The best advertisement this store ever had has been the goods we sold.

If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

DOWNWARD COURSE.

Fast Being Realized by Goldthwaite People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders may quickly follow.

Dropsy and often Bright's disease. This frequently is the downward course of kidney ills.

Don't take this course. Goldthwaite residents should profit by the following experience:

Mrs. H. A. Yazell, Lampasas, Tex., says: "About four years ago kidney trouble gave me much pain and suffering. My back got so bad I could not get up from a chair without help. Every move I made was painful. A neighbor advised me to take Doan's Kidney Pills, so I got a supply. My health improved after the first few doses and the pains left my back. My kidneys are now normal."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other. (Adv)

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of "don'ts" which the doctors say will prevent the annual visitation of cold:

Don't sit in a draughty car.
Don't sleep in hot rooms.
Don't avoid the fresh air.
Don't stuff yourself at meal time.
Over-eating reduces your resistance.

To which we would add--when you take a cold, get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by R. E. Clements. (Adv)

POSTED.

"All parties are notified that our pasture and lands are posted against all manner of trespassing and we will prosecute all persons guilty of hauling wood, cutting bee trees, hunting, or otherwise degrading on our premises, known as C Bar Ranch.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. Herbine is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by R. E. Clements. —Advertisement.

BEAUTIFUL HOME WEDDING

One of the prettiest home weddings ever solemnized in Goldthwaite, was that of Mr. William Kay Marshall and Miss Kathryn Fairman on Wednesday evening at seven o'clock at the home of the bride's parents, Mr. and Mrs. Eli Fairman, on Parker street. Only the most intimate friends of the family and relatives were present. They were married with the ring ceremony and Rev. R. S. Pierce spoke the words which made the twain one.

The parlors were tastefully beautified with ferns, pot plants, and cut flowers. The improvised altar had a back ground of gracefully draped ferns reaching to the floor, while on the piano and tables were crystal vases filled with pink and white roses.

The bridal couple entered the room unattended, to the strains of Mendelssohn's wedding march, played by Miss Lawrence Thompson, who also rendered soft, sweet music all during the ceremony. The groom was attired in a handsome black suit, while the bride looked perfectly beautiful in a charming creation of white crepe de chine and real lace, the only ornament worn was a pearl lavalier, a present from the groom. She carried a shower bouquet of white carnations and bride roses.

After the nuptial vows had been spoken and the minister's blessing pronounced upon the happy couple, relatives and friends surrounded them eager to express their best wishes and congratulations.

The guests were then invited to the dining room, where a large snow white bride's cake adorned the center of the table, which was covered with a handsome point lace cover over pink. The bride cut the cake first and then much merriment followed in cutting for the ring, thimble, needle, and dime. Edward Geeslin got the dime, Miss Lawrence Thompson got the thimble and Mrs. Walter Fairman the needle, but none of the young people were fortunate enough to get the ring. Delicious ice cream, frozen in molds of pink, and white roses, was served with the lovely cake. The bride slipped away while the 'ces were being served, to don her going away suit, which was a handsome brown cloth coat suit with hat, shoes and gloves to match. After the guests returned to the parlor, she appeared in the doorway and threw her bouquet, which was caught by Miss Lawrence Thompson, and each one present was given a flower from the bouquet by Miss Thompson.

The guests accompanied the bridal party to the railway station, where they were showered with rice and good wishes as they entered the coach to begin their honeymoon trip. They will visit with the groom's relatives at Carlton and Hillsboro and also attend the Dallas fair before returning to make Goldthwaite their home.

Many handsome presents were received by the couple, consisting of hand-painted china, cut glass, a chest of silver, with other sets of silver, a handsome check from the bride's brother, Mr. W. C. Dew, and many other presents.

Mr. Marshall has been connected with the Eagle office for a number of years and his splendid ability has made him indispensable to the paper. He is a high-minded, refined, Christian gentleman and holds a high place in the estimation of his acquaintances. He is a native of Glasgow, Scotland, where he was educated and where he secured his knowledge of the newspaper business. He is a man of fine intellect and is a master of his profession. The bride is one of the most lovable ladies, possessed of a pleasant disposition and a winning manner. She was reared in Goldthwaite and since her childhood she had been the center of a large circle of admiring friends.

Mr. and Mrs. Marshall can be sure of the hearty good wishes, admiration and friendship of everybody.

PIANOS AND ORGANS.

I have engaged to sell pianos and organs for Gartman Bros. and will appreciate the patronage of my friends and the general public. I sell high grade instruments and will take stock in part payment and can offer liberal terms to purchasers.

If you think of buying a piano or organ write, phone or see me.
