The ceremony was performed at the home of the bride's parents, Mr. and Mrs. G. B. Stark, in the presence of a number of friends and relatives. Of late years he had been engaged in the mining business in Arkansas and it was while engaged in his duties at the mine that he was fatally burned by a premature explosion. Mrs. Faulkner and family were advised of the accident and his death was not a surprise to them. The many friends of the family grieve with them.

BUTZ HEAD OF DISTRICT.

Former Trainmaster Superintendent of District Having Three Divisions.

It was announced by the Katy on Thursday that J. W. Butz had been made superintendent of the newly created Greenville district, comprising the Greenville, Mineola and McKinney divisions. A complete force of men will be employed in the new superintendent's office, increasing the pay rolls at this point considerably and making Greenville one of the best division points on the Katy system. Jim Chatham will be chief clerk to Superintendent Butz.—Greenville Herald.

The friends here of Mr. Butz are pleased with his rapid advancement in the railroad business. He served the Santa Fe as agent here for a number of years and is kindly remembered by many.

RADFORD'S PLATFORM.

New areas of opportunity should be opened up for the home owner, the laborer and the investor.

Legislative facilities should be provided for co-operative ownership of cotton gins; the establishing of a warehouse system and securing funds on storage cotton.

There should be breathed into our statutes the spirit of the builder, and hope and encouragement for the conscientious and ambitious should abound in our laws.

We need to install legislative machinery adapted to permitting and encouraging co-operative business concerns and facilitating co-operation between different lines of industry.

To meet the expectations and necessities of the farmers we must provide a co-operative system of rural credits that will make money, at reasonable rates of interest, constantly and easily available to maintain and expand their business.

PETER RADFORD.

Frank Lippe and family returned to their home at Eden the first of the week, after a visit to relatives in Priddy community.

There seems to be little doubt but that Huerta is not a cause, but a symptom of the Mexican incapacity for self government. If he should fail and his government fall, the next government would repeat all his barbarities and continue his misgovernment. President Wilson had to let the world see it. Huerta had to be given plenty of time and every opportunity to prove how bad he was; and the men against him had to be given every opportunity to show themselves worse if possible. In a few months civilization may come to realize thoroughly how miserably the Mexicans fail when they come to try self-government. Then it will be time to formulate a policy. But whatever policy is decided upon probably will be a policy which carries with it an agreement of the civilized world—perhaps the cooperation of all the great civilized powers. Mexico can not govern herself until an economic policy has made life easier, the outlook upon life broader, the philosophy of life wider for the average Mexican, and that policy can not be realized under the dictatorship of men like Huerta. They merely extend the tenure of legalized anarchy. And there is no evolution in anarchy. It will take a generation of wise statesmanship to bring Mexico to the place where she can begin to work out her political and economical salvation.—California Outlook.

GOLD MEDALS OFFERED.

Mills County Declamation-Recitation Contest.

I wish to call the attention of parents of school children throughout the county to the contests to be held in the court house at this place on Saturday, March 7, I am offering four gold medals to the victors in those contests. One will be given to the girl between the ages of 14 and 21 years who makes the highest grade in the recitation contest; and one to the girl between 8 and 14 years making the highest grade. Two medals will be given the boys, divided in the same way as to ages, in the declamation contests. I trust that parents will encourage their boys and girls to enter those contests for the benefit that will come to the children from them. There will be no expense to the contestants.

Very respectfully,

S. H. ALLEN.

WASHBOARD.

Editor Eagle:

I will try to give a few items of news, as our correspondent has ceased to write.

Health of our community is good, as far as I know.

We have been having lots of good rains. Now it is cool and the ground is getting dry enough to plow. Some have just begun while others haven't, but if the weather stays fair a few more days the plows will be running in all directions.

We have had a well dug at our school house, which adds much to the convenience of the school.

School is progressing very well under the management of Prof. R. L. Fortune.

Mr. W. T. Vessell went back to Magazine, Ark, to visit his brother and spend Xmas. He is to return today.

Wishing all a happy new year,

Don't forget that failure to pay poll tax before Feb. 1 not only cuts off the privilege of voting, but subjects a man to three days' road service as well. The Signal didn't know this until its attention was called to it this week by County Collector Cox. It is a new law passed by the last legislature of which but little has been said. It is more important now that you pay your poll tax before Feb. 1 than ever before.—Honey Grove Signal.

Buster Brown and his dog Tige drew a large crowd to B. A. Harris' store Tuesday afternoon. After speaking on the merits of Buster Brown shoes and other shoes made by the Brown Shoe Co., Buster had Tige perform a number of tricks for the amusement of the crowd. A large number of souvenirs were distributed among the children, who took great interest in the little man and his dog.

Pastor J. C. Newman of Goldthwaite has been called to Lamesa, a good little city out on the plains. He has not yet given out any decision in the matter and we are hoping he will not go. We don't want to lose him from this territory. Everything is going well at Goldthwaite and we can testify to the fact that they are among the best people on earth. We learn that they remembered the pastor and wife with many useful presents during the holidays. Brother Newman has been a good preacher for many years. . . . Pastor H. P. Wilsford of Eden has given half his time to Mercury. He has now been called for half time at Melvin, but we are not yet informed if he is to resign at Mercury to accept. He has just recently gone to Eden and is moving out nicely with the work.—Central Messenger, Brownwood.

POLL TAX PAYMENTS.

Less than 700 people have paid their poll tax in this county and only three more weeks remain in which the payment of poll tax will secure a receipt that will give the holder the right of suffrage. Those who have not paid should take warning. The full list can not be given here, for Sheriff Priddy is in the western part of the county and has the poll tax list of Ebony, Regency and Ridge with him, but the payments made for the other voting boxes are as follows:

PREPARING FOR BUSINESS.

The new firm of McKinley-Corrigan Co. is receiving car loads of goods and will soon be ready for business in the Everly buildings on Fisher street. Several days will be required to get the stock opened and properly displayed, but the company will likely be ready for business next week. A number of local people have already been employed in the house and additions will be made to the force as business requires. Mr. W. L. Jones of Hamilton is the manager of the business and he will be assisted by J. D. H. Wallace, formerly connected with the Goldthwaite Mercantile Co. Other employees of the business so far named are Messrs. Jo. H. Frizzell, Walter Weathers, M. E. Archer, Scott Thompson, Jesse Oquin and Mrs. A. E. Sherman. All of these people are well and favorably known to the people in this section and the management has shown good judgment in employing them.

WONDERFUL COUGH REMEDY

Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Edson, Tenn. writes: "Dr. King's New Discovery is the most wonderful cough, throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee. This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail. H. E. Bucklin & Co. Philadelphia of St. Louis. (Adv)

A SHORT CAMPAIGN.

Some of the candidates are anxious to "open" the campaign, but most of them believe with the Eagle that there is no need for making a long campaign when every voter in the county can be called on personally in thirty days. Let's be quiet a while and when we do open the campaign make a short and hot one and be done with it.

It is announced that the Panama canal will be prepared for the passage of ships within the next sixty days. Several land slides have hindered the progress of the work and dredges are at work removing the dirt that has gone into the canal from the slides. It will be several months before the canal can be opened to commerce. The digging of this canal is looked upon as one of the greatest undertakings in the world's history and its successful completion is a matter of pride for this government as well as a great benefit to this and other countries.

A mob of a dozen or more men took a negro from the jail at Jefferson jail Saturday night and hanged him to a bridge in the city limits. His body was found by the officers Sunday. None of the members of the mob were identified by the jailer, who was forced to open the cell and deliver the negro to the outlaws. The crime charged to the negro was shooting and slightly wounding an officer who was attempting to arrest him. There are crimes committed that deserve swift and terrible punishment and in many cases the burning at the stake is believed to be justifiable, but surely the mere act of wounding a man does not justify mob violence.

The attorney general's department has prepared a form of receipts for use of bonded warehouses in this state, the creation of which was authorized by an act of the last legislature. The receipts will be negotiable and warehouses in such instances will be required to execute bonds. They are also empowered to issue non-negotiable receipts. The cotton receipts required of such warehouses must give a complete description of the cotton even to its class. Thus the warehouse really guarantees the class of cotton which it puts into it and which the receipts describe. Such public warehouses are placed under the jurisdiction of the Commissioner of Insurance and Banking, who will exercise a supervision similar to that over state banks, building and loan associations and corporations generally as contemplated in the blue sky law.

Governor West of Oregon evidently intends to have the laws enforced in that state. A complaint was made to him that the liquor regulations were not being obeyed in Copperfield and he has placed that town under martial law and has had the city officials arrested for failure to discharge their duties. Saloon men who were operating their places in violation of law were notified to pack their belongings and get out and to go quick.

The Ford Motor company has developed a plan for distributing its profits among its employes that sets the pace for liberality in such matters. Beginning with next week the 25,000 employes of the company will work only eight hours per day and will be given a share of the profits to such an extent that \$10,000,000 will be divided among them during the year. All employes over 22 years of age will participate in this profit sharing plan, which will be paid in the way of advanced wages. The lowest paid man will receive \$5 for eight hours work, and he is the janitor in the office.

All of the provisions of the new currency bill are not understood by the general public and it is doubtful if the majority of bankers are fully informed on all the effects and intentions of the law, but everybody appears to believe it to be exactly the remedy the country has been needing for financial ills. The dissolution of a number of corporations and the withdrawing of some of the leading financiers from corporations they have controlled for years indicates that they realize that the finances of the country can no longer be manipulated by a few men who are at liberty to bring on a panic whenever they so desire.

It is not likely Cullen Thomas expected other candidates for the gubernatorial nomination to agree to his suggestion that they either enter the elimination primary for prohibitionists or withdraw from the race, but it was a mighty good way to get a lot of advertising in his campaign. Many of the Texas newspapers have commented upon his proposition and thousands of people have thereby been informed of his candidacy. Other candidates are perfectly right in rejecting his proposition, for the nomination is to be made by the Democratic party and not by the prohibition party. The single issue candidates will find themselves eliminated from the race by the voters.

Dr. Gober was a native of Mississippi, having been born in Calhoun county on August 18, 1861. His parents were Louis Gober and Mrs. Sallie Mitchell Gober. His father being a southern planter and a staunch Confederate the name of that illustrious southerner, Jefferson Davis, was bestowed upon the deceased.

After passing through the common schools of his state young Gober attended the Louisville Medical school, from which he graduated and afterward took post graduate courses at New York, Chicago and New Orleans. He also studied electro-therapeutics and was well versed in this method of administering to ailments of mankind.

Dr. Gober came to Texas in 1883, locating at Goldthwaite, where he married Miss Anna Caldwell on January 13, 1888. After his marriage he removed to Beeville and in 1893 came to Beaumont, where he has since resided.

Dr. Gober spent a late part of the late summer at Goldthwaite, Texas, in the hope of improving his health, returning to Beaumont three weeks ago. He realized several days ago that his earthly end was not far distant and met it as he had lived, uncomplainingly and unflinchingly.

Mrs. W. H. Trent of Goldthwaite, a sister of Mrs. Gober, arrived here yesterday. O. B. Caldwell of Temple, a brother of Mrs. Gober, came to Beaumont on December 24, and has been here since that day.—Beaumont Journal.

The announcement of the death of Dr. Gober was received with sadness here. He lived in Goldthwaite twenty years ago and practiced his profession at this place. Since moving to Beaumont he and his family have frequently visited relatives here and spent some time here shortly before the holidays. Dr. Gober stood high in the estimation of the people and we all sympathize with the bereaved family.

Miss Willie Stephens has resigned her position in the school here to accept a position as musical instructor in the city school at Austin.

Little Lonce Elmo Mayben, the 5-year old son of Mr. and Mrs. L. E. Mayben who live near here, died at seven o'clock Monday night, after an illness of four days of peritonitis. The little fellow hadn't been well for some days, but his illness was not of a serious nature until last Friday.

The Reporter is informed that arrangements are being made by a number of anti-prohibitionists of the county to circulate a petition for presentation to the commissioners court for the purpose of ordering a local option election in Lampasas county. Just how much headway has been made we are unable to learn.

In the election last Saturday to determine whether or not the incorporation heretofore existing should be abolished, the incorporation was voted off by a majority of twenty-four votes. There was considerable interest manifested, as is indicated by the vote polled. There were 114 votes polled, 69 being against the incorporation and 45 in favor of retaining a city government.—Reporter.

LAMPASAS

W. S. Hoover has reduced his stock to such a point that he has sold it in bulk to W. E. LaBounty who will continue the business at the same stand.

Rev. J. Haralson of this place is now the official agent of the Methodist Orphanage at Waco and will solicit subscriptions throughout this section of the country.

At 9 o'clock Christmas eve the fire alarm was sounded and the fire was at once located in the building on the east side of the square, occupied by B. H. Baird as a variety store. The fire boys responded at once and soon had the fire put out. It originated in some hogsheads of excelsior in which goods had been shipped and recently unpacked, but whether from a stove near which these hogsheads were located or from a cigarette stump, cigar stump, or from some other cause is not known.—Leader.

SAN SABA.

Work started Tuesday on the masonry for the new Masonic building on Wallace street. S. Z. Park has the contract for the work and the building will be completed early in the new year.

Rev. C. A. White has accepted a call to the pastorate of the Christian church at Rockdale for full time and will ship his household goods this week for the new field.

The partnership of Smith & White in the publication of the San Saba News is today mutually dissolved. B. L. White having sold his one half interest to W. A. Smith.

The formal ceremonies of breaking the dirt for the erection of the magnificent new Methodist church took place Christmas eve day. The weather was fierce, but despite this fact a good sized crowd assembled to witness the ceremonies. The speaking was all done inside the old house.—News.

HAMILTON

The silent messenger has the past week invaded another Hamilton home and with remorseless hand claimed Mac A. Weaver as a victim.

Dr. Fowler has moved to the Lee Jones residence in East Hamilton. Mr. Jones and family having lately gone to Goldthwaite, where he will be connected with the McKinley Corrigan mercantile establishment.

The many friends of Mr. Geo. M. Carlton of this city sympathize with him in the heavy loss he sustained in the burning of the big Carlton establishment at Stephenville early Wednesday morning. They had something like a \$75,000 stock of goods and their two-story building was valued at over \$20,000.—Herald.

Dr. and Mrs. W. W. Fowler and little daughter Mabel were Christmas

visitors with relatives in Hico. They were accompanied home by Dr. Fowler's niece, Miss Lucile Newsome, who was also the guest of her cousin, Miss Juanita Branum, in the city.

Mrs. W. Lee Jones and little children, John and Roxie, left the latter part of the week for Goldthwaite, where they will make their future home. Mr. Jones will take charge of the new mercantile establishment of his firm, McKinley-Corrigan Company, in that city until Henry Wallace arrives there from Mt. Calm, when they will share the responsibility of management. The removal of Lee Jones from our town means the loss of another family, always prominently identified with the best society and people who were active in every movement for the progress of the city. But however great is our loss and however sincere is our regret, we wish this splendid young man and his estimable family continued success and true happiness in the new home. Goldthwaite has gained much in the addition of Mr. and Mrs. Jones to its citizenship.—Record.

It will be remembered that well No. 1 was lost some few weeks ago because of a cave-in at a depth of some 700 feet, just as the bit penetrated the oil sand and a flow of approximately forty barrels of oil had been struck.—Chief.

The new year being close there is lots of moving in this and surrounding communities.

STAR REPORTER.

GOLDTHWAITE GROWS.

There is a rumor of another big mercantile company opening business in Goldthwaite. This place has long been recognized as the best cotton market in this section and mercantile people are now beginning to realize that this is a fine place to do business. Our business men are progressive and prosperous and the volume of business done in this town is far greater than would be imagined by those not informed on the subject. The Eagle has claimed all the while that Goldthwaite was in the best part of the known world and it seems many others are coming to our way of thinking. The town has grown wonderfully in the last few years, but there will be much greater growth in the years to come.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. 159-B

DEMOCRATIC APPEAL.

During the year 1914 it will be the duty of all the qualified voters of Texas to elect men to fill the various offices from governor of the state to precinct constable. This is a matter in which every patriotic citizen of our great state should be vitally interested and I hereby urge all Democratic voters of Mills county to qualify themselves to vote in the coming elections by procuring their poll tax receipts or exemption certificates on or before the last day of January, 1914. Young men who have become 21 years old since the first day of January, 1913, and those who will reach that age before any of the elections that will likely be held prior to February, 1915, must obtain exemption certificates in order to be entitled to vote at such elections. These certificates cost nothing except the time necessary to apply for them in person to the tax collector.

Prospects are good for an enormous crop of candidates for nearly every office and unless all signs fall this will be one of the liveliest campaigns ever witnessed in Texas. In addition to the primary and general election, it is probable that some other very important propositions may be submitted to the qualified voters for their adoption or rejection. Provide yourself with the proper credentials for gaining admission to the polls and be very careful how you cast your ballots.

JNO. W. ROBERTS, Chairman, Dem. Ex. Com.

COMMERCIAL CLUB.

An Enthusiastic Meeting—Officers Elected—Oyster Supper.

The meeting of the Commercial club Monday night was largely attended and most of those present were enthusiastic over the good work already done by the club and were hopeful for the future.

President L. E. Miller called the meeting to order and after announcing that the time for annual election of officers had arrived, made a report of the work done during his incumbency of two years. He showed that the club had done a great deal of road work and had expended considerably more money in that way than in any other work. Among other things the club had secured a night watchman for the town, induced merchants to buy fire extinguishers which had on at least two occasions saved the business section from heavy loss, leased the Confederate camp grounds and prepared for an annual county fair, secured an exhibit of county products at the Dallas fair, provided for free storage of wool at this place, which induced the marketing of thousands of pounds of wool here, secured the free delivery of express in the business part of town and accomplished a great deal of good in other ways.

Mr. Miller gave a report of the amount of road work done under the direction of the road supervisor, who is paid by the club. While the road workers are paid by the county, from a special fund of \$2000 set aside by the commissioners court for special road work, the supervisor has been paid by the Commercial club. The work on the different roads is here given:

Hanna Valley road	\$533 75
Indian Gap road	213 00
Shive	81 00
Bfg Valley road	144 25
Payne road	106 50
Priddy road	289 30
Lampasas road	170 95

Total county fund \$1,538 75

Added to this the supervisor has worked 74 days, for which the club paid him \$222.00. This amount came out of the club's treasury and out of the pockets of the club members. The supervisor did not receive one cent from the county, neither did the club receive one penny from the county, either directly or indirectly, therefore, the club members received no individual benefits from the special fund set aside by the commissioners to be expended on the roads under the direction of the court. Some people, however, claim to believe that there was some kind of graft for the club in the arrangement. The graft was to take \$222 from the pockets of the club members for the benefit of the roads, but certain it is they get neither credit nor thanks for the expenditure and it is not likely they will attempt to aid in this work another year.

After the president's report, the following officers were unanimously elected to serve the ensuing year: W. C. Dew, president; J. H. Randolph, vice president; H. G. Bodkin, secretary; Edward Geeslin, treasurer.

The president appointed Messrs. H. G. Bodkin, Edward Geeslin and Will Walton to circulate a subscription list to secure the salary of the night watchman for the ensuing year.

The report was made that Mr. Berry and force of men were at work on the Lampasas road and would probably continue the work for several days.

At the close of the session the retiring president, Mr. L. E. Miller, the jeweler, invited all present to accompany him to the Recall Restaurant, where he had provided an oyster supper for them. Most of those present accepted the invitation and enjoyed the feast immensely. The oysters were prepared by W. A. Richards and his assistants in delightful style and the service was unexcelled.

RESOLUTIONS OF THANKS.

At the regular meeting of the Mills County Farmers Union the following resolution was unanimously adopted:

Resolved, that we tender our sincere thanks to Hon. M. H. Hines for his kindness in extending us the use of his office for our meeting.

D. T. BUSH.

J. D. RYAN.

STAR.

The cool, pleasant weather is what just suits Star, as does the good prospects for a good crop this year. Also the new school house is a very pleasant topic, and we look for great good to come of it in the future. The Star Music Club has attracted so much attention that they have been forced to bar the general public, in order to accommodate the crowds. The Woodmen have appointed a committee to get up a brass band and Prof. Jeter is planning a Literary Club. The Sunday school is coming to the front rapidly and Star is generally on the up-grade.

The young people enjoyed singing at the home of Mrs. T. J. Hamilton one day last week.

O. N. Hamilton, our popular blacksmith, suffered the misfortune of getting his hand badly hurt by some of the machinery in the grist mill which he and his partner, Mr. A. L. Smith, recently bought from R. L. Boykin & Son.

C. D. House and wife are rejoicing over the arrival of a new boy.

R. L. Boykin has moved to Star, Mr. Boykin recently bought a residence here.

Lloyd Waddell, son of Mr. Bud Waddell, got his elbow dislocated while engaged in friendly scuffle on the school grounds one day this week. Dr. Brooking set the arm and, at last report, the boy was getting along getting along nicely.

Misses Francis and Florence Brooking, who have been attending High school at Goldthwaite, are now at home and are attending High school here.

There is lots of moving in this community of late. No use in trying to keep up with it all. Don't know of anybody leaving Star, though; just swapping places.

W. W. Witty's house burned last Saturday at the noon hour. It is not known definitely how the fire started. The house faced north. The wind was blowing hard from the southwest. Mrs. Witty was washing clothes in the back yard, and being on the opposite side of the house from which the smoke was issuing, did not notice the fire until it was completely beyond control. The loss was complete, except for a little meat and a pillow or two. Mr. Witty's many friends truly sympathize with him in their loss. The loss of a home can not be reckoned in dollars and cents only. With it go fond memories, pictures and relics, sorrows and joys that no amount of money can represent. We understand that Mr. Witty carried no insurance on the property.

The pupils and the teachers are greatly pleased with the new school building. Mason Goode is one of the new pupils.

Some of the farmers are plowing. Others are wishing that they had broke their land in the fall. A good motto is: "Break your land early and BREAK IT DEEP." If you break your land early it will take up the rain that falls upon it and keep it for the drouth season. If it doesn't rain in the winter you won't make anything anyhow, so why not break deep and gather and keep the rain that does fall? The new year is here and we should study more carefully the needs of our glorious country and be able to utilize its every advantage. The farmer is the biggest man behind the biggest gun. Shoot, Mr. Farmer, and hit the mark that means "A better and a brighter Texas." Texas needs great men.
