SANTA FE WRECK.

Passenger Engine Overturn at Lometa and George Corbin Receives Death Scalds.

When the engine of Santa Fe passenger train No. 78 struck what is believed to have been a defective switch at the west end of the Lometa yards Saturday night at 9:40 o'clock, and was overturned, Engineer George Corbin received steam burns which resulted in his death at the company hospital Sunday morning at 5 o'clock. The engine and coal car were completely overturned and the baggage, mail and one passenger car were thrown off the track. No other member of the train crew or passengers were injured. Fireman Tom Wickham escaped death by jumping from the engine.

The train had slowed down to enter the west yards at Lometa when the wreck occurred. Before anyone on the train realized it, the engine had left the track and several of the cars were off. The passengers received a severe jolting, but none of them were injured other than slight bruises. A thorough investigation of the cause of the wreck had not been made last night, but it is believed that it was caused by a defective switch.

A part of the equipment of No. 78 was added to other equipment in the Lometa yards and the passengers transferred. A wrecker was dispatched to the scene from Temple early this morning, but last night at 9 o'clock the work of setting the engine and cars back on the track had not been completed.

The train which was due to arrive in Temple at 12:40 arrived at 2:40 Sunday morning. Engineer Corbin was rushed to the hospital and every effort made to save his life, but the burns were so deep that from the first the physicians had little hope for his recovery.

Mr. Corbin was born in Grafton, Taylor county, Va., on September 21,

1860. For the last thirty years he had been an engineer and twenty-six years of that time has been spent in the service of the Santa Fe. For a number of years he has lived in Temple at 1018 South Second street. He was one of the most popular engineers in the employ of the company. He had the reputation of being thoughtful and efficient, and held the respect of all who knew him.—Temple Telegram.

Mr. Corbin was well known and popular in Goldthwaite, where he lived for a number of years when the round house was located at this place. He remembered his Mills county friends kindly and recently told a friend here that the happiest years of his life were spent in Goldthwaite. He was a regular reader of the Eagle and was always interested in the affairs of the town and county. The news of his death was received with genuine sorrow by all of his friends here and much sympathy is felt for his bereaved wife and children.

This afternoon is the time for the children to ride the hobby horses at the Eagle's expense. Children who have not yet secured tickets can get them at this office. We opened the campaign with 800 tickets and can get more if needed. One for every child who applies.

Japan is still making an effort to raise a controversy over the California alien land law and claims that the last note of that government to the United States remains unanswered.

Storms along the Pacific coast, especially in California, have been extremely severe and great damage has been done to property.

GOOD ROADS.

Good roads are the links that will connect the model home and the model country school.

Good roads will fill the seats in the churches, and will double the attendance in the country schools.

Good roads will add wealth to the farm, prosperity to its owners and happiness and contentment in the home.

Good roads will give the rural family the daily papers and fill their souls with renewed hope and courage.

Good roads will enlarge the school building, raise the grades, and enable the boys and girls to have an academic education at home.

Good roads will enable the man in the country to get to town, where he can realize the best price for his products. They will afford the city man the opportunity of getting pure air and God's glorious sunshine at will. Good roads will add to the happiness of all. HOMER D. WADE.

PREPARE FOR THE FAIR.

Farmers, stockraisers, poultry raisers and others who can make exhibits at the county fair next summer or fall should begin to make their arrangements for such exhibits. Plant the crop or prepare the live stock to take the first prizes and there will be much better exhibits. It is likely the exhibits will be carried from here to the Dallas fair, in cases where they can be preserved in good condition. Keep in mind that Mills county can make a showing equal to any and better than many, and let's prove the truth of the statement with exhibits at the fair.

Dr. Alldredge was here from Ridge last Saturday.

Z. D. Kemp was among the visitors from Mullin the first of the week.

Judge S. H. Allen made a business trip to Brownwood the first of the week.

F. F. Henry and H. H. Faulkner were visitors from Star the first of the week.

G. H. Frizzell has returned from Kemp, where he spent several months buying cotton.

Messrs. H. C. Cobb and H. F. Butts were among the visitors from Mullin the first of the week.

Rev. J. C. Newman has been in Brownwood this week attending the Bible school in Howard Payne college.

W. H. Trent went to Temple Saturday night to join his wife in a visit to relatives. They returned home Monday night.

Mrs. Gary left Monday for a visit to relatives in some of the western counties, after a visit to her sister, Mrs. Austin Cooke, and family at Rock Springs.

Clyde Sellers of Rocky Ford, Col., arrived last Saturday for a visit to his uncle, Mr. A. T. Sellers, and family. He made the Eagle an appreciated call Monday.

Fred McLeod of Big Horn, Wyo., arrived in the city the first of the week for a visit to his parents, Mr. and Mrs. J. A. McLeod, and other relatives and friends. He has been away about seven years.

Presiding Elder Cowan held quarterly conference and preached a good sermon in the Methodist church Saturday afternoon. Rev. Wilson, representing the Southern University, filled the pulpit in that church Sunday morning at 11 o'clock. Revs. Cowan and Wilson left in the afternoon for Mullin, where they held service that night.

BEAUTIFUL THOUGHTS.

Of all the blessings that gladden our earthly pilgrimage, sympathy is the sweetest; of all the gifts of God, a friend is the chief.

The more we live for self the less shall we find the value of existence, the more we live for others and out of self, the greater will be the joy and satisfaction of living.

From morning till night we are ever scattering the seeds whose harvest we cannot foretell, and oftentimes never known. The soil in which they fall, the human heart—that soil is so rich that of all these seeds none utterly perish.

The dangers which threaten us will never be averted until there is no single good man or woman in any sphere of life who does not realize the individual's responsibility for the general condition, and who is not laboring in some direct, definite, self-denying way to rescue those who are perishing from the action of preventable evil.

Remember that if opportunity for great deeds should never come, opportunity for good deeds is renewed for us day by day. The thing to long for is goodness, not glory.

One of the greatest lessons in life is to learn to take people at their best, not their worst; to look for the divine, not the human, in them; the beautiful, not the ugly; the bright, not the dark; the straight not the crooked side.

Nowadays people are very fond of saying "So-and-So was just mad," meaning very angry, and it would be well if temper were more often seriously regarded as madness. It may be preventable madness, but madness it is while it lasts, and there is seldom anyone who is made more unhappy than the person who gives way to it—Clipped.

Dr. McCrary returned Sunday morning from Ennis and reported his brother much improved.

Now In The Great Wholesale Markets!

Glad Tidings for the People of Goldthwaite!

Our Buyers are now in the Great Wholesale Markets exerting every effort with discriminating judgment, combined with long buying experience, to make Choice Selections of Merchandise for the people of Goldthwaite and trade territory.

It has been our invariable custom to select merchandise for our valued trade on the basis of QUALITY. Our market trip we regard as one of the most important events in our business and our utmost care is given to even minutest detail. Especially do we select with care---first, the Quality; second, the Pattern; and last but not least, Value to our trade.

For years we have been culling from all lines we carry with the fixed object of discarding all but the best. In this we have been so far successful that the great majority of lines we now carry are direct to us from the manufacturer. For instance:

We buy our Men's Work Shoes from Weinbrenner, manufacturer, Milwaukee, and the demand for these Shoes has been almost universal in our trade territory. Our Men's Dress Shoes come direct to us from C. S. Marshall & Co., manufacturers of high standing, who make Shoes which bear the stamp of excellence and never fail to please. The "Beacon Shoe," another Men's Dress Shoe, that has been a beacon of light to every man desiring a popular priced Dress Shoe. "The Bannister," our Men's Fancy Highest Grade Dress Shoe, is a Shoe that is never turned down by the young man who appreciates being well-dressed---Unequaled for Service and Unapproachable in Appearance.

Our Ladies' Dress Shoe, "The Selsby," direct from the manufacturer, commands the admiration of all the ladies. Beautiful in form, complete in construction and unique in finish, combined with its popularity in price, it finds highest appreciation in taste and purse.

Our lines of Popular Priced Clothing, led by the celebrated Kuppenheimer and Mock Burman, make this department in our business a real Center of Attraction for all who appreciate Nice Clothes.

Our Millinery Department promises to the ladies of Goldthwaite and vicinity a Fashion Center of Special Attractions second to none in Western Texas.

Our Grocery Department will conform strictly to the requirements of the Pure Food Law and will always be kept in a most Sanitary condition.

Our Dress Goods and Trimming Departments will invariably be found overflowing with Novelties of the season, with all Staples---full and replete with everything desirable.

If It's The Correct Thing You Will Always Find It At Our Store

We have not space to mention other departments, only to say that our store will afford a splendid showing of everything the people desire. Thanking you one and all for the excellent reception you have given us, we are,

ALWAYS YOURS TO SERVE,

McKINLEY-CORRIGAN COMPANY

P. S.—Our Policy has ever been to offer employment as far as possible to people where we do business. Goldthwaite has been no exception. You will find at the head of our Dress Goods department a lady whom you all know and who cannot be induced to live anywhere else—Mrs. A. E. Sherman. She cordially invites all the ladies to call. Our Clothing and Furnishing departments will be in charge of our Dry Goods manager here, J. D. H. Wallace, assisted by Walter Weathers and W. A. Whatley. In our Grocery department you will be greeted by the smiling countenance of M. E. Archer, the graceful but only original Jesse Oquin and Scott Thompson, who says he would rather please the ladies than eat his supper; while in the Hardware and Saddlery you will find handsome Bob Steen, who never fails to shake hands with himself when he has pleased the people. In the office you will find W. L. Jones, manager at Goldthwaite, who never fails to smile all over his face, J. H. Frizell, head book-keeper and always known by his button-hole boquet, and Miss Florence Stringer, stenographer and assistant book-keeper, who is supposed to keep all the people in good humor. They all unite with the management in extending a cordial welcome to all.

W. T. Little, brother of the late John C. Little, arrived in Hamilton the latter part of last week to take charge of the mercantile establishment of the Little Dry Goods Company in this city. For the past six months Mr. Little has been located in Lometa as manager of the company's branch house. Besides this, he has had quite a good deal of experience and has been quite successful in the mercantile business, and thus the Hamilton store will continue to be conducted along progressive lines and will no doubt enjoy the phenomenal growth in the future that has characterized the history of the business in the past. Mr. Little will be joined in the near future by his wife and little son to make Hamilton their home permanently. Mr. Little is a gentleman of genial nature, cultured and refined, and meets with a cordial welcome in Hamilton business circles. In him, without doubt, will be found the same generous, progressive and broad spirited citizenship which so endeared the late Mr. Little to our people. It is the universal wish that he and his family may find peace, happiness and continued success in Hamilton.—Hamilton Record.

AN INTERESTING STORY.

How a Big Deal and a High Ideal is Helping Humanity.

CHAPTER I.

Human interest stories in the advertising columns of a newspaper are rare, yet here is a true one rivaling the most fascinating fiction.

You will be interested in it because nothing could excite a more striking demonstration of the success which high ideals and the square deal always command.

If, as we believe, it shall bring you to a correct understanding of and belief in the things which are the result of that idea and ideal, you will be glad we printed the story.

Now big ideas and high ideals are always greater than the man who conceives them. This is strikingly true in this case, and yet, to leave the man out of this story would be like trying to stage a play without a star.

Then too, it's worth while meeting this man, if only in print.

Louis K. Liggett is his name. It has been only a few years since he was a traveling salesman, calling on the drug trade.

Everybody liked Lou. All cheered up and smiled whenever he dropped in. Such expressions as "He's a prince," were common. "A high-minded, square fellow," and other expressions were also often heard. He was continually passing out the best he had, and in due time, as it always does, the best came back to him.

Now Lou was a dreamer, idealist and business man, all in one—a rare combination, as you well know. And so as he came and went about his work his soul was stirred and his mind distressed by the unfortunate conditions which prevailed in the drug trade—impure preparations, fake remedies, false claims, exaggerated advertising, etc.

And out of all this distress came the idea—the ideal and the plan that has revolutionized the drug business, brought the beginning of the end of drug frauds, and united more than 5,000 reputable, high principled, honorable and efficient druggists—the leaders in every city of importance in the United States and Canada—into an organization which stands unflinchingly for the ideas and ideals on which the organization was founded.

Because Louis K. Liggett lives Rexall Remedies are helping humanity; because he dreamed—because he idealized—5,000 druggists are bound together, pledged to discourage and eliminate quacks and charlatany and to elevate and promote medical purity.

Next week we will say good-bye to Lou and unfold more of his dream which came true.

OUR FRIENDS.

Each week a number of the good people of Mills county and elsewhere show their appreciation of our work by renewing for the Eagle or entering their names as new subscribers. Mr Ernest Harrington and Miss Minnie Lasly were united in marriage at the home of the bride's parents, Mr. and Mrs. F. K. Lasly, in this city Wednesday evening at 7:30 o'clock. Rev. R. S. Pierce pastor of the Methodist church, was the officiating minister and the ceremony was witnessed by the immediate relatives of the bride and a few close friends. After spending a few days here with relatives, the happy couple will leave for their home in Jefferson county, Arkansas, where the groom is an honored and esteemed citizen. The bride has made her home here for a number of years, and for some time was one of the operators in the Rural phone exchange and by her courtesy and careful attention to duty added largely to her list of friends. The groom is highly recommended as a man worthy of this most estimable young lady.

The Eagle joins in extending congratulations to Mr. and Mrs. Harrington.

A BAD ACCIDENT.

Ashley Weathers, son of Mr. A. E. Weathers, was badly injured by his horse falling with him at Mullin last Saturday morning. Another young man was riding a wild horse and Ashley attempted to prevent the unruly animal running into a wire fence and as he made a run to turn the horse from the fence his own horse ran over a yearling and fell. The young man was thrown violently to the ground and struck on the left side of his head. He was unconscious for several hours and has not fully recovered from the injury at this time, although he is much improved.

An order putting into effect the permanent government of the canal zone and appointing a governor for the territory has been signed by President Wilson and the governor will enter upon his duties April 1.

Bricklaying is to be taught in the industrial department of the public schools in Houston. It is planned to add to this department concrete and cement work, as well as plastering and other branches of the building trade.

A report comes from Washington that President Wilson and the cabinet are seriously considering the removal of the embargo on arms and ammunition for Mexico, in order to expedite the settlement of differences in that country.

A hearing is to be held in Austin Feb. 9 and 10 to determine upon the location of a regional bank in the southwest. Financiers from all parts of the country will be in attendance upon this hearing before Secretary of the Treasury McAdoo and Secretary of Agriculture Houston.

The trial of the Littlefield murder case in district court in Brownwood this week was postponed on account of the defendant's home having been destroyed by fire and one of his children perhaps fatally burned on the night before his trial was to be called.

A California judge pronounced the unique sentence of two years in solitude in the mountains upon a man charged with forgery and convicted in his court. The judge expressed the opinion that the man needed to be separated from his associates and kept out of temptation's way for a time.

A most remarkable occurrence was the escape of Fireman Wietman from the wreck in which Engineer Corbin was killed Saturday night. The fireman was uninjured and returned to his home at Temple Sunday morning and on Monday fell from the gallery at his home and broke both of his arms.

A suit of the Missouri, Kansas & Texas railroad against the government for land in Oklahoma to the value of sixty-two millions of dollars has been submitted to the supreme court of the United States. The railroad claims that the land was guaranteed by the government as a bonus for building a line of railroad from the Kansas and Missouri state line to Denison, Texas.

The jury in the trial of Rev. J. Frank Norris, on the charge of burning the First Baptist church of Fort Worth, declared him not guilty without a dissenting vote and after only a few moments meditation. He is still under indictment charged with setting fire to the parsonage in which he and his family lived. This last case will come up for trial in Fort Worth in April.

The eliminating process did not make much headway at the Fort Worth convention and we still have about as many candidates for governor as we had before the convention. The name of Tom Ball of Houston has been added to the list of possibilities and perhaps probabilities on the pro. side, while W. A. Hanger of Fort Worth has withdrawn from the race, which makes one less anti in the running.

There are all sorts of rumors about Mexico's affairs, but there is nothing to cause belief that peace is anywhere near. The report that Huerta was seeking to secure the co-operation of Felix Diaz is probably correct, for he is glad to get assistance from any source, but Felix knows a few things himself and he is not likely to let the "Bloody Assassin" get hold of him. Diaz had to have assistance to get away from Huerta some weeks ago and it is not at all likely he will return and take chances on running the gauntlet again.

CAMPAIGN OPENS.

Some Mighty Good Men Announce As Candidates.

Mills county is indeed fortunate in having so many good men offering as candidates for the various county and precinct offices. All of these candidates have good qualifications and all of them would make good officers.

E. O. PRIDDY.

Mr. Priddy asks for re-election as sheriff and tax collector. His record in the office is one that should commend him to the voters and make him a mighty strong candidate. During his administration the law has been conscientiously and fairly enforced. The main evil with which the county had to contend, that of "bootlegging" has been entirely discontinued and it would be worth a man's liberty to sell a drop of liquor in this county. This condition is largely due to the efficiency of Mr. Priddy and his deputies and to the fact that he has expended largely of his private means to have the law enforced. The county never had a better sheriff than Owen Priddy and never will have a better one while time lasts.

S. T. WELLS.

"As honest as Sam Wells" has gotten to be a proverb in this county, where our popular county treasurer is known, intimately and trusted fully. He is efficient, careful, courteous and faithful in the discharge of his every duty. During his incumbency there has never been a moment when his books were out of balance or the affairs of his office out of order. Not only is he most efficient, but he is one of the most courteous and accommodating officers the county ever had. He is ever ready to give information and assistance to those who call upon him and it is indeed a pleasure to have business with his office. All who know him are his friends and it is a satisfaction for the people to know that their county's "strong box" is in such safe hands.

J. H. BURNETT.

Mr. Burnett announces for the office of sheriff and tax collector and is supported in his ambition by a large number of friends in all parts of the county. He has lived in Mills county for a long time and is conversant with conditions in the different sections. He has been engaged in farming and stock raising for a number of years and has large farm and ranch interests which he has acquired by his own efforts, demonstrating his industry and good business judgement. He was engaged in the mercantile business for several years and in this way his circle of friends and acquaintances was greatly enlarged. Mr. Burnett is a genial, courteous gentleman and is well qualified to perform the duties of the office to which he aspires. He resides in this city now, but most of the time during his residence in the county he has made his home in the Big Valley section.

G. H. DALTON.

Judge G. H. Dalton asks for the nomination for county judge of Mills county, a position he held a number of years ago with credit to himself and benefit to the county. An introduction of Judge Dalton to the older settlers of this county is entirely unnecessary, but to the new comers and those who are not fully acquainted with him it might be well to tell of his qualifications for the position. He was a pioneer of the county and is acquainted with all the resources, needs and requirements of every part of the county. Having occupied the office of county judge in former years, he understands perfectly the duties of the office and those who lived here during his incumbency can give assurance that he made one of the best and most efficient officers the county ever had. Aside from his qualifications as an official, he is one of the best men that ever honored the county with his citizenship.

W. B. SUMMY.

Mr. Summy asks for a second term as county clerk and it is not likely he will have an opponent for the office. He is one of the most careful and efficient clerks the county ever had and he is always courteous and accommodating to those having business with his office. It is most important to have the public records kept in perfect order and this will always be the condition while Mr. Summy is clerk. One thing that adds to his popularity is the fact that he is never too busy to give attention

and assistance to those who have business with his office and his accurate knowledge of the records enables the citizens to get prompt and accurate information at his office at all times. His office is a model in many respects and his work is a credit to himself and to the county.

L. E. BOOKER.

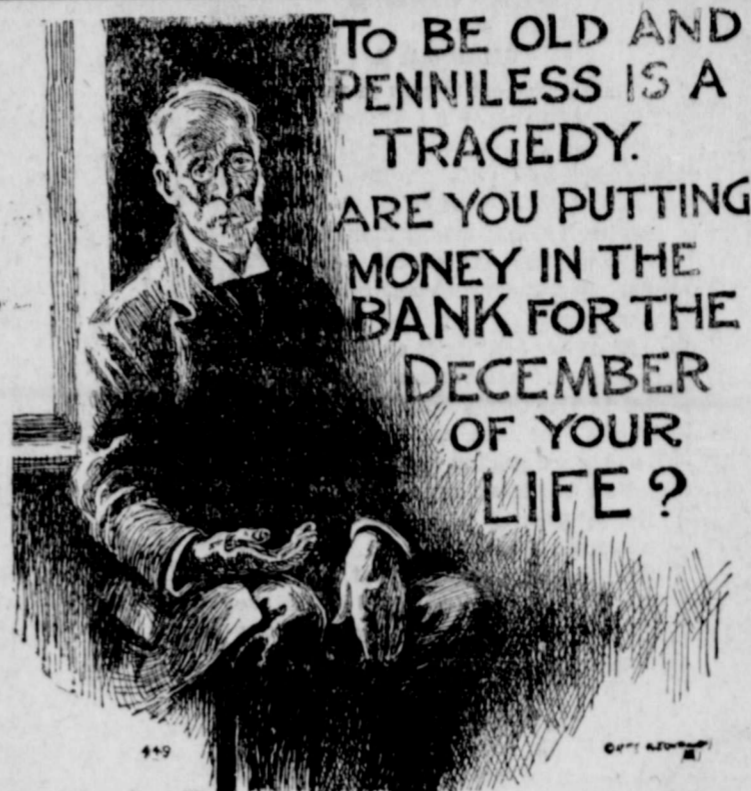

Luther Booker asks for re-election as district clerk and he has many warm friends and supporters all over the county. He was reared in the Center City community and has lived in this county all of his life and stands high with all who know him. He has always been faithful in the discharge of his official duties and his records are always well kept and the affairs of his office carefully conducted. He is a jovial, liberal-hearted gentleman and is ever ready to give aid and assistance to those having business in the district court and with the district court records. This is one of the most responsible positions in the county and the voters can be sure that the office and its records are in safe hands while L. E. Booker is clerk.

ROBERT LITTLEPAGE.

One of the most worthy candidates asking for the support of the Democratic voters is Robert Littlepage, who wants to be tax assessor of Mills county. He is a young man of high principles and splendid qualifications and is in every way worthy of the support of the voters. He was reared on a farm in this county and for several years engaged in farming in Big Valley community. For several months he has been employed in Goldthwaite and has proven his ability as a business man and is worthy of every trust. He is a most affable gentleman and it is impossible to know him without liking him. He can make good in any vocation and if the voters select him to assess taxes for the county they will make no mistake. He is at present in the sanitarium, where he went for an operation for appendicitis, but hopes to be at home and actively engaged in the campaign in a short time.

CAMPAIGN OPENS.

Some Mighty Good Men Announce As Candidates.

(Continued from page 4)

M. H. HINES.

Mr. M. H. Hines asks for re-election as commissioner and justice of the peace for this precinct. He has been faithful and efficient in the discharge of his every duty and has many friends in all parts of the county, as well as throughout this precinct. During his term as commissioner he has made a fine reputation as a road builder and an advocate of good roads. His work is a lasting monument to his efficiency and he believes in practicing economy in the transaction of public business the same as in private affairs. He understands the county's business and makes a valuable member of the commissioners court. As justice of the peace he has been fair and impartial and he has the friendship and esteem of everybody.

J. C. DARROCH.

Mr. J. C. Darroch announces as a candidate for the office of county judge—a position he is in every way qualified to fill. He has served as county attorney for two years and has made a fine record in the office and an enviable reputation for himself. He is a lawyer of fine ability which would enable him to conduct the affairs of the court properly and his knowledge of the county's business would be of benefit to him as a member of the commissioners court in looking after the county's affairs. He has the friendship and support of people in all parts of the county and his candidacy is being urged by his friends throughout the county. He is an enthusiastic advocate of good public schools and he has ever been pleased to lend his influence and assistance in matters pertaining to the improvement of the rural schools as well as the high schools of the county.

E. M. GEESLIN.

Mr. E. M. Geeslin of Caradan announces in this issue as a candidate for commissioner and justice of the peace for his precinct. Mr. Geeslin has been a citizen of this county since 1875 and is well acquainted with every detail of the county's business, as well as its needs and resources. He is careful in business, honorable in every transaction and well qualified to fill the important and responsible position he seeks. He is a staunch advocate of good roads and knows how to build them. He is one of the best citizens of the county and one in whom all who know him have full confidence. He has never held an office, but has every qualification for making a first class commissioner and justice of the peace.

S. H. ALLEN.

One of the most efficient officers the county has is Judge S. H. Allen, who asks for re-election as county judge. He is untiring in his efforts for the promotion of the interests of the county and is especially active and enthusiastic in the interests of the public schools of the county. He is progressive in every sense of the word and the rapid advancement this county has made is due to a considerable extent to his energy and his efforts. He devotes his entire time and ability to the discharge of the duties of his office and is ever ready and anxious to give his assistance to the citizens in every undertaking that makes for the betterment of the county and its citizenship. He is a public spirited, broad-minded man and his friends throughout the county are enthusiastic in his support for re-election.

A. E. EVANS.

In this issue A. E. Evans announces his candidacy for re-election to the office of tax assessor. He has performed the duties of that office faithfully and well and his friends are enthusiastic in his support for re-election. It is impossible to know Alonzo Evans without liking him. He is jovial, kind and liberal and discharges his official duties without fear or favoritism. His experience in the office has given him a clear insight into the duties devolving upon the assessor and he has also learned of the values of land and other properties in all parts of the county. His record as tax assessor is a good one and it is on the strength of this record that many friends and supporters have been drawn to him. He was reared in this county and his success

has been another demonstration of the fact that the Mills county "boys" always make good

J. S. CALDWELL.

Jas. S. Caldwell has been a most vigilant and efficient marshal of this city for several years and he now desires to "go up higher" and asks the Democrats to nominate and elect him to the office of sheriff and tax collector. He has shown his efficiency by the manner in which he has conducted the affairs of the city marshal's office. He is fair and honest in the discharge of his duties and knows neither friend nor foe in his official capacity. Without fear of contradiction or disbelief the Eagle can say that no town has a better or more trustworthy and efficient marshal than has Goldthwaite. His conduct of his office makes his friends know that he would be most efficient as sheriff and tax collector. He has a large circle of friends and supporters who are anxious and hopeful for his success.

A. D. KARNES.

Mr. Karnes asks for a second term as public weigher at Goldthwaite and he has many friends who hope for his election. He has served one term and his conduct of the office has been fair and impartial. He has been courteous, painstaking and accommodating at all times and is looked upon by all who know him as one of the most faithful and careful officers the county has. He has lived in this county so long and stands so high in the estimation of the people that it is unnecessary to attempt to tell the people of all his good qualities, for they all know of him and all have full confidence in him. His dealings have been fair to the farmers and the cotton buyers alike from the fact that he has striven at all times to do right.

F. F. HENRY.

If there are any better men than Fulton Henry in this or any other county we have been unable to find them. He was reared in this county and the people who know him best are his staunchest supporters in his race for sheriff and tax collector. He has made his home at Star for a long time and is engaged in farming. All who know him are fully confident that he would perform without fear or favor the duties of the office to which he aspires. He served a short time as deputy under Mr. Priddy and his conduct of the affairs of the office proved his qualification and his courteous disposition. His friends feel confident of his nomination and election and they know that if he is elected he will make one of the best officers the county ever had. He is one of those big-hearted, broad gaged men that it does one good to meet and it is impossible to know him without being his friend.

A. B. DRISKILL

Albert Driskill offers as a candidate for the office of tax assessor of Mills county and there is not a candidate for that or any other office that is better qualified to discharge the duties of the office to which he aspires. Mr. Driskill is a son of Capt. J. W. Driskill, which is of itself a sufficient recommendation for him. He is a native of Mills county and numbers as his friends all who know him. He is the embodiment of honor and is a high-minded gentleman in every respect. He has been engaged in farming and stock raising for a good many years and his experience in these lines has given him a clear insight into land and stock values. Being a man of sound judgment, he is fully capable of passing upon values and conducting the affairs of his office with fairness to the county and state as well as to the citizens and taxpayers.

C. BALLARD.

Those who know Mr. C. Ballard need not be told that he is well qualified to discharge the duties of the office of district clerk and he asks the voters to nominate him for that position. He is a farmer in the Goehour or Center community and has lived in and around that neighborhood for many years. Those who know him best are his strongest supporters and he has friends all over the county who are hoping for his success. He is a pleasant and courteous gentleman and has in his disposition the making of a first class officer—one who will conduct the affairs of his office in a manner to reflect credit upon himself and benefit the county.

THAT LIBRARY AGAIN.

I am pleased to note the interest taken throughout the county in the matter of securing the Farm and Ranch library. About 15 of our schools have already provided funds to pay enough subscriptions to Farm and Ranch and Holland's Magazine to entitle them to the library as a premium. The schools first to get these books and papers are already beginning to note the benefits coming from their use. The child that reads the papers is being thereby educated in the right line; his reading is improved by the exercise. Judicious discussion in school of articles read, led by the teacher, of course, impresses upon the child the importance of remembering what he reads, and the practice of discussing with others cultivates in him the ability to tell what he reads. As stated in a former issue of this paper, the books are of a kind that build character instead of destroying it. As I see it, no school can afford to fail to get this library on the terms offered. A box supper does the work. A number of schools not yet having obtained the library, have box suppers announced. This is gratifying, and I have confidence in our people all over the county that they will push this matter till no school will be without the books, and no home will be without the papers. A set of the books offered may be seen in the county judge's office at any time. Some express fear that the books would be destroyed if obtained. Just make a box on the school room wall and put a 15-cent lock on it. The teacher carries the key and thus keeps up with the books. I believe all our schools will get these books and papers, and I am anxious that it be done early, as it will make the present term much more profitable than is can be without them.

Very respectfully,
S. H. ALLEN.

ANNOUNCEMENT.

We have purchased the Henry Martin stock of hardware, implements, buggies, wagons, furniture, coffins and undertakers supplies and employ this method to notify our friends that we are in the race for their business in this line of goods. We are too well known in this county to need an introduction, as all parties connected with the business have been reared in this county and have grown up among you and it is in a measure the same way with the line of goods we are handling—all are too well known to need introducing. However, to freshen your memories, will say that we intend to continue handling the justly celebrated Moon Bros. buggies, Avery implements, such as "Mr. Bill" planters, "Lucky Jim" cultivators, Studebaker wagons, Deering binders, etc. Our furniture is of the newest and latest designs and we intend to continue to make this one of the most complete stocks of goods in Goldthwaite, and all we ask is that you give us a chance to figure with you before you buy. If fair treatment, close prices and honest goods appeal to you, we can assure you that we can please you and make a friend and customer of you. Call and see us and let us save you money on your purchases. SULLIVAN, TRENT & ALLEN, Sam P. Sullivan, C. M. (Lum) Allen, D. Albert Trent.

I have disposed of my hardware, furniture and implement stocks to Messrs. Sullivan, Trent and Allen, who will continue the business at the same stand and I solicit for them a continuance of the very liberal and highly appreciated patronage given me. Respectfully,
HENRY MARTIN.

Do You Wear Glasses for Reading Only?

You who need glasses only when reading, must do one of two things --- either unconsciously strain your eyes every time you look away from your book or go to the bother of almost continually taking off and putting on your glasses.

To remedy this we recommend

KRYPTOK LENSES K

for persons of any age who need glasses for close work only.

The lower part gives the necessary correction for close vision, while the upper part is adapted for normal far vision. Yet the two pieces of glass are so perfectly fused that KRYPTOKS look exactly like the regular lenses. They guard against eye strain and make it unnecessary to remove your glasses except when convenient.

TO THE CONTESTANTS IN OUR GRAND PIANO CONTEST

A great many protests have come to us from two sources—one from customers who do not wish to be solicited while doing their trading and one from contestants complaining that some of you are too aggressive in the solicitation of votes while in the store. We have been called upon to enforce Rule No. 7 of the contest, wherein it is specifically stated that—

**“No Votes Can Be Solicited
In Or About The Store.”**

We hope that each and every one of you in future will abide by Rule 7 and that it will not be necessary for us to again call your attention to it. All drumming or soliciting of votes must be done outside of the store.

The contestant who wins the \$400.00 Piano or any of the three other Prizes in this contest will have to work harder from now until May 15, when the prizes will be awarded, than he or she has already done. You must call on your friends and solicit their trade. Ask them to come to our store to do their trading and give you their votes. It's going to take votes to win and the contestant who is the most persistent and who works the hardest in soliciting trade will surely be rewarded.

Don't forget to call for your share of the Red Coupons. Call today or as soon as possible and distribute them among your friends.

SO DECEPTIVE.

Many Goldthwaite People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing.

Learn the cause—then cure it. Possibly it's weak kidneys. That's why Doan's Kidney Pills are so effective.

We present the following case as proof:

Mrs. Mary E. Bourland, 1513 First St., Brownwood, Texas, says: "About forty years ago, while doing my housework, I was suddenly seized with severe pains in my back which laid me up for two days. I was so bad that I couldn't move in bed and had to call for help when turning to another position. Seeing Doan's Kidney Pills advertised, I got a box and began using them. After I had used half the box, the pains in my back left. I have had no return attack. My health also improved greatly."

A. E. CLUB.

One of the nicest functions that Goldthwaite society has enjoyed was a "42" party the Art Embroidery club honored their husbands with at the elegant and spacious new home of Mr. and Mrs. Norman Weatherby on Fisher street, January 23.

Mr. and Mrs. Weatherby and Mrs. Chas. Rudd stood to give greetings, while Mrs. Newel Atkinson ushered the guests to a table where Miss Zella Prater pinned hand-painted favors, thence to an alcove decorated with pink and white ribbon (club colors) where Miss Lillie Martin dispensed punch in her own sweet way, then to the parlors, where each and every one found their places for the chosen diversion. Pink and white chrysanthemums entered effectively in to the ornamentation of the suite, filling vases and holders with their queenly loveliness.

In the dining room the table was laid with rare lace, through which the shimmer of rose-tinted satin was seen—a pleasing effect. Pink and white mints were served through the game. Mrs. W. E. Miller and Miss Lillie Martin pinned little pink and white bows on the winners of each game.

Mesdames Claude Eacott, L. E. Miller and Luther Rudd tied for high score and in the cut Mrs. Rudd received a beautiful hair receiver and Mr. Chas. Rudd won the men's prize, a hand-painted nut bowl. Mr. Jim Cockrum was given a ball as consolation.

Refreshment plates consisting of turkey sandwich, salad, olives, pickles, deviled eggs, pecan pie, chocolate and coffee were a pleasing final to the evening.

None but words of praise have been heard for the ladies of this club for their united efforts in making this evening a success. The guests other than club husbands were Mr. and Mrs. Leonard Skaggs, Mr. and Mrs. Luther Rudd, Mrs. Dr. Lowrie and Mrs. Miller of Temple. REPORTER.

CAMPAIGN OPENS.

Some Mighty Good Men Announce as Candidates.

(Continued from page 5.)

G. W. TEMPLIN.

Rev. G. W. Templin asks for the office of tax assessor of Mills county and he has the support of many friends in all parts of the county. Brother Templin is one of the best known and popular men in the county and it would be hard to find a man more universally honored by his fellows. He has been a citizen of this county since its pioneer days and has been pastor of many of the Methodist churches in the county. A few years ago he almost entirely lost his voice and was compelled to seek another vocation than that of the ministry. He was a candidate for tax assessor four years ago and was defeated by only six or eight votes and he now asks the Democratic voters to make him their candidate for the office. He has been identified with the county so long that he feels that he is as well acquainted with the values and conditions as any other man and those who know him are fully confident of his qualifications to fill the office.

C. W. LINDSEY.

Mr. Lindsey offers as a candidate for sheriff and tax collector and all who know him know full well that he is qualified in every way to discharge the duties of the office. He has been employed in an official capacity for several years and in every position he has held he has made good. At present he is the constable for this precinct and no man ever filled the office better or more nearly to the satisfaction of all concerned. He is vigilant, yet courteous and obliging and it is a pleasure to have business with him, for he is a conscientious and faithful public servant. He served San Saba county as tax assessor several years ago and he has a fine record there as well as in this county. He has the support of many friends all over the county and has the confidence and friendship of all who know him. He has been a resident of this county a long time and was engaged in farming and stock raising in Rock Springs community before moving to this city.

J. D. BERRY.

Mr. Berry announces as a candidate for the office of commissioner for this precinct—a position he held with credit some years ago. Aside from being a man of sound judgment and wide experience, Mr. Berry is a first class road builder and is an enthusiastic advocate of good roads. He did a great deal of good and lasting road work when he was commissioner and since that time has been employed at different times in that

work. He possesses the qualifications for making a good commissioner and in his candidacy for the Democratic nomination he has the support of many friends who are confidently hoping for his election.

G. H. FRIZZELL.

Holland Frizzell numbers his friends in this county by the score and in his candidacy for tax assessor he has the strong support of friends in all parts of the county. He has made his home here almost all of his life and is well acquainted with the people in every section. His qualifications for the position can not be questioned and his popularity with the people makes it certain that he will prove a mighty strong candidate for the office. His long experience in business affairs adds to his qualifications and would be of great benefit to him in the discharge of the duties of the office. He is known as a fair and just man and one who performs conscientiously every duty that devolves upon him.

REIDE M. HAYNES.

In this issue appears the announcement of Reide M. Haynes of Ebony as a candidate for the office of tax assessor for this county. Mr. Haynes is at present serving as commissioner for precinct No. 4 and his splendid record in that position will be of benefit to him in his candidacy. He is popular with the people who know him, is well qualified for the position and the section in which he lives has never asked for a county office and no other citizen of that section is now a candidate for any office in the county. Mr. Haynes has been especially qualified for the position he seeks by being a member of the board of equalization and having gained an intimate knowledge of the values and conditions in all parts of the county. He is a good man and would fill the position with credit and ability.

E. L. MARTIN.

E. L. Martin has lived in this county for thirty-five years and is well known to nearly everybody. He is a man of splendid qualifications and has had long experience in business affairs, as well as having been engaged in farming for a long time. He has strong support in all parts of the county for the office of tax assessor of Mills county and the people would make no mistake in selecting him for that important position. He has lived in different sections of the county and is, therefore, acquainted with the land values and other conditions in all parts of the county. He is at present serving as tax assessor and collector for the city of Goldthwaite, which position gives him an insight into the duties of the office to which he aspires and his experience in that office would be of benefit to him as county assessor.

J. F. GILES.

Mr. Giles wants to be the tax assessor of Mills county and submits his name in this issue of the paper as a candidate for the Democratic nomination. Mr. Giles is well known to many of the people of the county and those who know him best are strongest in his support. He is at present engaged in the blacksmith business at Caradan and has many friends in that community as well as in other parts of the county where he has lived in the past. He is a most affable gentleman and to know him is to like him and have confidence in him. He is fully capable of discharging the duties of tax assessor and his friends feel sure that he will prove a mighty strong candidate for the position.

J. R. CARTER.

Mr. Carter announces in this issue as a candidate for re-election to the office of county commissioner and justice of the peace of his precinct. He is serving his first term in that position and has made a reputation for being one of the most careful and energetic members of the court. He is also an enthusiastic road builder and has done much good work in that line in his precinct during the time he has served as commissioner. His knowledge of the county's resources and requirements are of benefit to him in serving his constituency and his friends feel confident of his re-election. He is one of the most popular members of the court and his careful attention to his official duties will be largely in his favor in the campaign.

E. J. GRIFFIN.

Mr. Griffin announces in this paper as a candidate for the office of commissioner for precinct No. 4 and justice of the peace for precinct No. 5. He is a resident of the Ebony community and has spent the greater part of his life in this county and is well acquainted with the conditions and resources. He has qualifications which especially fit him for the position he seeks and he has a great many friends in this county who are hoping for his success in the primary and general election. He is an advocate of good roads and of progress along all lines and if the people in his precinct select him they are sure to be well represented in the commissioners court and will also have a well qualified justice.

CLUB ENTERTAINS.

As their compliment to their husbands, the members of the Art Embroidery club arranged one of the pretty parties of the season last Friday evening, in the home of Mr. and Mrs. J. N. Weatherby—a home so well adapted to entertaining.

In making the detailed plan, which was worked out so effectively, it was decided that pink and white, the club colors, should prevail throughout the home, and it did prevail to a tasteful finish.

Members of the club arrived early to assist in giving welcome, animating the rooms with the social atmosphere.

Mrs. Weatherby gave the cordial welcome to her guests at the threshold and presented them to a receiving line which led to a cozy inviting booth, constructed of pink and white ribbons, beautifully latticed, from which in her beautiful manner Miss Lillie Martin refreshed the guests with delicious punch and Miss Zella Prater passed dainty cards painted in the club flower on which the spirited contest was later to be scored with tiny bows of pink and white ribbon!

While the guests were arriving, the spirit of go-as-you-please pervaded the atmosphere and the personal word around the tables finally sent the players happily to the popular game of forty-two. Dainty bits of china went to Mrs. Luther Rudd and Mr. Charlie Rudd, who showed high score, and a booby will remind Mr. J. V. Cockrum of an evening's pleasure.

The home was a transition of beauty, taking the pink and white tones. In parlor and dining rooms piano and tables had their lace mats underlaid in pink and vase after vase was filled with pink and white flowers. The refreshment plate of turkey sandwiches, egg salad, pickles, olives, nut pie and hot chocolate was very tempting and appropriate for the winter evening. During the service of this Mrs. W. E. Miller and Miss Lillie Martin, both skilled in piano knowledge, rendered several numbers which were indeed a treat to the music lovers.

There were thirty-five present to enjoy the courtesy. Among those were Mrs. Weatherby's nearest relatives and neighbors. A GUEST.

J. H. Benningfield and Cicero Jones expect to leave this morning for McLennan county in response to a message announcing the serious illness of Tom R. Jones, a brother of the last named gentleman and brother-in-law of the former. Mr. Jones moved from this county to McLennan last September and his friends here are grieved to know of his serious illness.

Lee Yarborough is visiting his parents and other relatives in Lake Victor.

WHEN OUT OF SORTS START YOUR LIVER WORKING.

No Matter What Ails You, Dodson's Liver Tone Is Usually a Big Help in Getting Well. Avoid Calomel.

Nine times out of ten, when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious, it is impossible to feel well.

There was a time when a great number of people took calomel when so troubled. But this is not true today. It has become widely known that calomel often has bad after-effects and is even dangerous to many. The use of Dodson's Liver Tone instead of calomel has spread wonderfully because it has proved so beneficial in many households.

R. E. Clements recommends and guarantees Dodson's Liver Tone instead of calomel and guarantees to refund purchase price (50c) to you instantly without question if you are not perfectly pleased with the way it relieves you from constipation, sick headache, biliousness, etc. It "livenes the liver" and is a pleasant-tasting vegetable liquid, easy to take and causes no pain, no gripe, no bad results, no change from your regular duties and habits.

To test Dodson's Liver Tone is a sensible matter because you get your money back if you are not satisfied. —Advertisement.

STAR

I am glad to state that, as I expected, the health of this community is better this week.

Our Sunday school last Sunday was an event that made the hearts of our people leap with joy. The attendance was better than we have had this year. The interest was great and the lessons were, of course, good. Collection was taken to order some more song books. We want a book for each singer and we have lots of singers. It was announced that the young people would meet once in each week for choir practice.

W. W. Witty's new residence is rapidly nearing completion.

F. A. Teague and wife have returned from a visit to her parents, Mr. and Mrs. Joe Williams, of the Cross Plains country.

E. W. Peck has bought a windmill which he will put up on the place he recently rented to Jim Pamplin.

The Star Music Club met in regular session last Friday night in the Woodmen hall. The attendance was good and the program nicely rendered. Homer and Charlie Kirby of near Goldthwaite were among the visitors. They favored the club with some music which was highly appreciated.

Will Gent has added a porch and a room to his house.

A. L. Smith, one of our popular blacksmiths, has put up a windmill.

Henry Morris' new residence is about completed and he is moving in. Mr. Morris has been away from Star for several years and we are glad to get him back.

While working with a scraper one day last week, G. D. Burney suffered an accident of breaking loose one of the ribs from his backbone, the scraping and hitting him in the back as he was walking along by the

back of Temple was here in his day last week.

Soules' new residence is rapidly nearing completion. Mr. Soules will have one of the nicest residences in Star and it is well located. Many people enjoyed singing at the home of Mrs. Keith last Sunday.

W. box supper last Saturday night have been described as "yellow journalism" class and a screaming success.

It was good. We had a box supper at Goldthwaite, Center City, S. Caldwell, Goldthwaite and efficient city. We had off the boxes in an effective manner. The boxes were sent off to the post office. Miss

Hattie Barr of Star and Miss Gladys Langford of Evant received the cakes. Miss Barr having received the greatest number of votes took her choice of the cakes and Miss Langford received the other. Receipts were \$23.95.

Messrs. E. L. Martin and J. S. Caldwell were two of Goldthwaite's prominent men who attended the box supper here last Saturday night.

W. A. Hawkins' baby is reported to be improving and it is hoped it will soon be well.

Miss Mary Sullivan of Goldthwaite and Miss Ethel Jones of Center City attended the box supper here last Saturday night.

Star and Moline played a game of baseball here last Saturday evening. Seven innings were played and the teams tied. It was a hard fought game. The score stood 7 and 7.

Say, Mr. Editor, don't tell anybody, but I think a certain fellow here is figuring on building a new residence.

STAR REPORTER.

B. M. C.'s ENTERTAINED.

Friday evening at her pretty and attractive suburban home, Miss Edna Lowrie very delightfully entertained the Bachelor Maids Club.

After a short business session dainty score cards were passed for the progressive game of logomachy. At the conclusion of five interesting games, several were found to have the same high score, but in the cut Mrs. Kelly Saylor was the fortunate one and received as prize a lovely box of handkerchiefs.

A delicious plate course consisting of fruit salad, grape juice and wafers was then served. At a late hour we bid adieu to the hostess with very pleasant memories of the evening.

The personnel of the guests was: The Bachelor Maids; Messrs and Mesdames Brown, Sealy, Misses Smith, Wooten and Sherman. XX.

MANY THANKS!

I wish to thank the many good people for their hearty support of the W. O. W. box supper at Star last Saturday night. Although I have known of box suppers bringing more money, yet it would be hard to think of one that showed more interest and enthusiasm, when you take into consideration the great amount of sickness in this community. The purpose of this supper was to get money to buy a set of brass band instruments. I believe it would be hard to think of anything that would benefit Star more than a good brass band. Not only would it be a direct benefit, but it would be an advertisement of the progressiveness and prosperity of Star.

I wish especially to thank Mr. J. S. Caldwell, Goldthwaite's popular city marshal, who so effectively auctioned off the boxes. Mr. Caldwell is a man that works wherever he is placed and he is always ready for the harness when it comes to the betterment of the community.

Special mention is also due Mr. Will Gent and the boys who helped him with the music. Mr. Gent is a fine violinist and at this supper he seemed to be at his best, as also did D. Slaughter, Hill Wright, Orville Moore and Howard Morris, who accompanied Mr. Gent. Star is a music loving community and the musicians were heartily applauded.

UNDER THE SPELL.

The ladies of the Self Culture club are arranging for the presentation of the drama "Under the Spell" in the near future. They are to be assisted by a number of young folks of the city and the public can be sure of an entertainment well worth the price of admission. The date has not yet been fixed for the entertainment, but several rehearsals have already been had and a definite announcement relative to the matter can doubtless be made next week.
