Mrs. Worth Lee of Washboard community boarded the train here Tuesday to go to Roscoe, in response to a message announcing the serious illness of her father at his home there.

Messrs. Dave, Henry, and Sam Morris, T. E. Hamilton, R. W. Barr, E. G. Triplett, all of Star, spent the first part of this week fishing at Rev. Haralson's place on the Colorado river.

Jas. F. Giles returned Monday from Dallas, where he attended a meeting of the stockholders and scripholders of the Southern States Cotton Corporation, which was recently placed in the hands of a receiver. It was decided by the company to reorganize.

#### FARM FACTS.

There is no problem in civilization that cannot be found in its native state on the farm.

The statute book, as it now stands, is in the main, either negative or against the farmers interest.

There must be a new code of laws within the reach of the farmer.

All new machinery used in preparing farm products for the market, portable or stationary, should be owned by the farmer.

One-fourth of the population of Texas is moving restlessly to and fro like wild birds, fleeing before a storm.

There are 220,000 helpless tenant farmers in Texas that are being driven like dumb brutes into the basement of civilization by the lash of peasantry.

Many laws are put on the statute book in the interest of the farmers, which, in the theory, are commendable, but in practice they gnaw like maggots at the heart of agriculture.

Farming is by far the biggest business in Texas, but there is not a line in the enactments of the legislature authorizing co-operative transactions necessary to carry on the business of farming.

#### FAIR EXHIBITS

The Mills County Fair and Confederate reunion will be held in the camp grounds here July 7, 8, 9. It is especially desired that a good exhibition of products of the county be made at that time. Primarily, it is desired that the county be properly represented in the fair, but it is also expected that the exhibits will be prepared for the Dallas fair. Every citizen interested in the county as a farmer, stockman, business man or property owner should take interest in these exhibits and endeavor to have a fair showing made of the county's products.

Remember the dates and get some kind in exhibit ready.

Lee Jones and family now occupy the Boon residence, corner of Sixth and Lee streets.

R. D. Evans of Antelope Gap was transacting business in the big town one day this week.

Farmers have been busy planting corn the past week and most of them have finished that part of their work.

Henry Martin and wife and son Fred returned the first of the week from a visit to Kerrville and other points.

F. F. Henry, one of the popular candidates for sheriff, and H. H. Faulkner were here from Star one day this week.

L. C. Atkinson, one of the prosperous stock farmers from the western part of the county, had business in the big town Wednesday.

Misses, Adeline Little and Ethel Bacon went to Lometa Wednesday to assist in the grand millinery opening at Little & Sons store at that place.

C. H. Ford has bought the moving picture show at Santa Anna and will take charge of it next week. His family will remain here some time and perhaps permanently.

W. J. Hopper of Priddy was among his friends in this city last Saturday. He has not been a frequent visitor to the metropolis lately, but we hope he will come oftener in the future.

The regular Sunday Bible study, by the Christian denomination will be held at 2 o'clock, each Sunday afternoon in the Presbyterian church until the new Christian church building is completed.

Miss Hattie Barr, who was bookkeeper for the Star bank a long time, left for her home in Stamford Tuesday night having resigned her position at Star. She has a great many friends here who regret to part with her and hope she will not remain away permanently.

#### A NEW ENTERPRISE

Creamery for Goldthwaite to Be Established Right Away.

Messrs. W. W. and Kelly Saylor have purchased the necessary machinery for establishing a creamery here and will have the machinery in operation as soon as the necessary arrangements can be completed. They expect to conduct this business on an extensive scale and will be prepared to use all the milk and cream they can get.

This new enterprise will be of vast benefit to this entire county and especially to those in this immediate section who keep cows. It will give a sure and ready market for all of the cream that can be supplied and the amount of money distributed among the people will be of great benefit to the town in all lines of business. A considerable amount of cream has been shipped from this place to creameries in other towns and this has been helpful, but it is thought that the local enterprise will receive many times the amount of cream that has been shipped.

J. L. King was here from the Zephyr country the first of the week.

Rev. G. A. Garrett of Big Valley, was a visitor to the metropolis Tuesday.

J. M. Allen has had a large and attractive addition built to his already pretty and comfortable residence.

W. E. Harper has been in the Star community this week, superintending the building of a residence on his farm.

Mrs. H. C. Burch and children of eastern Texas visited her sister, Mrs. R. E. Clements, and family in this city this week.

Jas. W. Hopson, an experienced grocery salesman, has accepted a position with Sam Fisherman, on the west side of the square. Mr. Hopson has a great many friends who are glad to have him fill their orders for groceries.

Dr. R. L. and H. A. Sellers arrived from Oklahoma Sunday night for a visit to their brother, A. T. Sellers, and his family in Big Valley community.

Mr. and Mrs. Taylor of Temple were here the first of the week, visiting L. A. Skaggs and family. Mr. Skaggs little daughter went home with them for a visit.

Louie Miller was here a short time this week, visiting his parents. He was making a trip over the Waco trade territory in the interest of the Wyche Optical Co., of which he is secretary and treasurer and his father is a heavy stockholder. He is prospering in business and is well pleased with his location.

Rural life is coming into its own and country life is beginning to be appreciated again after several decades of disfavor and neglect. The following creed which is being adopted by various boys and girls clubs throughout the rural sections of Texas and other states, shows that the thoughtful life of the country is being directed through natural channels.

"I believe that the country which God made is more beautiful than the city which man made; that life out of doors and in touch with the earth is the natural life of man. I believe that work is work wherever I find it, but that work with nature is more inspiring than work with the most intricate machinery. I believe that the dignity of labor depends not only upon what you do, but on how you do it; that opportunity comes to a boy on the farm as often as to a boy in the city; that life is larger and freer and happier on the farm than in the town; that my success depends not upon my location, but upon myself not only upon my dreams, but upon what I actually do, not upon luck, but upon pluck. I believe in working when you work and playing when you play and in giving and demanding a square deal in every act of life."—Commercial Secretaries.

# OPENING

Two days of beautiful sunshine in the mixing and mingling of joyous hearts, with hand clasping hand in friendly touch and heart to heart enjoyment in the meeting of friends, relatives and neighbors, with sweet and harmonious strains of music wafting the spirit of noble aspiration to higher destiny, were two days indeed set apart for real enjoyment, appreciation and satisfaction for the people of Goldthwaite and vicinities.

## RETROSPECTION

Since the contemplation of a move into your midst as a location for business, a home for our families and citizenship in general, we would indeed have been weak had we not carefully considered the Pros and Cons. We promised the people much in return for co-operation and our highest ambition has been to meet your every expectation.

## RESULTS

Results have been attained which reach far beyond our most sanguine expectations. You have cheerfully met us on more than half way ground and our honor stands pledged to meet the requirements. Thus far it has been comparatively a school of theory and we are satisfied that many have drawn upon the possibilities of imagination for realization of expectation. We had no doubt of results when practical application was made and already we have been compelled to negotiate for more room. 9000 square feet of floor space more than covered and must have more. There is a reason.

## VALUE

### Greater Value Giving is a Regular Practice at Our Store

and this combined with fair and courteous treatment to ALL has made our business what it is today. The Home of Today knows Value. To secure and hold the business of the Home we must give Greater Value. People know that value comes to the purchaser from this kind of a policy and our store will Never Fail to deliver the goods on the principle of Value. We cordially invite you to keep putting us to the test. A PLEASED CUSTOMER WITH US IS ONE OF OUR BEST ASSETS IN BUSINESS.

## OUR APPRECIATION

We thank the people—One and All. Your interest in the upbuilding of your homes has made possible a Greater Goldthwaite. We invite your suggestions and criticism in any department of our business. We are here to serve your highest interest. Let us all be Boosters.

The Great Two Days Opening Display will still continue throughout this season—that was but the introduction. New Attractions and New Ideas will greet you every day. Many beautiful ideas in the Ready-to-Wear Department are yet to come—invoices already in the house

In our MILLINERY Department you will find presentations grow more attractive daily. Our Miss Hail, with her long and successful experience, will continue to impress you with her unlimited views as to what the realms of Fashion can produce on shortest notice.

For real, accepted Styles, as coming from Fashion's most Attractive Centers, you will find our tireless Mrs. Sherman not only exceptionally capable but anxious to show you and match suitably any of the combinations now in vogue for all Well-Dressed Ladies.

The same idea you will find prevalent throughout every department, including Shoes, Clothing, Furnishings, Groceries, Hardware, Leather Goods and Leather Repair, and last but not least, when you reach the lines of Buggies, Wagons, Implements, Blenders, Etc., you will come in contact with Gus Fisk, the man that invariably knows how and can make the vehicle go backward as well as forward and even if it turns upside down will effect only a change in position of occupants with no other damage nor loss of time. If you would always consult your best interest and save good money, you will not be satisfied unless you see the Famous Implement and Buggy Man—Gus Fisk.

Again thanking the people—One and All—for the appreciated courtesy you have shown us, and assuring you of our very best efforts to continue to please, we are,

YOURS FOR A GREATER GOLDTHWAITE,

**STAR.**  
I notice that some of the Eagle's correspondents keep saying that their town is still on the map. We don't have to say anything of the kind in regard to Star. Everybody knows that Star is on the map and is going to stay there.

We noticed a short time ago that one of the Sun Saba papers said that they wished they had a thousand votes to give C. W. Lindsey in his race for sheriff of Mills county. It seems as if this paper did not know of F. F. Henry—yet this is queer, too—for if they did we would hear them say that they wished they had ten thousand votes for Mr. Henry. Mr. Henry is a Star man and all the Star people honor him highly.

Cyrus Fields made a trip to Hamilton one day last week.

The Commercial club did not meet at its regular meeting night, which was last Thursday.

Mrs. J. E. Brooking went to Goldthwaite one day last week.

Many of the people of our community are planting corn. The rain last Tuesday was what many of the farms were needing and now the prospects for the coming year are very promising and the people seem contented.

D. I. Hawkins, our popular and efficient postmaster and druggist, went to Goldthwaite last Friday.

The young people enjoyed a musicale at the home of Mr. and Mrs. F. N. Baker last Saturday night. The guests arrived early and were soon wrapped in the soothing strains. Mr. Baker has a nice piano which Mr. G. D. Burney recently placed in his home. Special mention is due Mr. Will Gent for the excellent manner in which he handled the violin. Mr. Gent is greatly interested in sacred music of late and the way he plays some of the olden time hymns such as the "Sweet Bye and Bye" and others is indeed very charming.

Hill Wright has a very sick child. It is thought that it has typhoid and at last report was not improving.

Choir practice was held in the hospitable home of Mr. and Mrs. Cyrus Fields last Wednesday night.

Rev. R. A. Gay, the new Presbyterian minister for Star, delivered two sermons here last Sunday—one at the noon hour and one at four o'clock in the afternoon to a good audience.

The young and old people enjoyed singing at the home of Mr. and Mrs. T. E. Hamilton last Sunday night. The home of Mr. Hamilton is always open to the young people when they want to sing or practice with their instruments and this is one of the influences for good in a community. The young people are always glad to gather at the Hamilton home, because they know that they are welcome and they know that no disturbance is allowed.

The Star Music club met in regular session last Friday night. The program was a pleasing one and was well carried out. Mrs. Dr. J. E. Brooking was admitted as a member.

F. N. Baker has recently added to the appearance of his place by building a new picket fence to his front yard. He then added to the appearance of the fence by painting it.

The Star base ball team played a hot game of base ball with the Center City team last Saturday on the Center City diamond. Star has beat everything she has played recently and this was no exception. J. R. Carter, Jr., who is the pitcher for Star, struck out nineteen men, and after a hard fought battle of nine innings the score stood three to eight in favor of Star.

The Woodmen met in regular session last Saturday night. Of course, as Star is growing so rapidly it would be impossible to keep the spirit of enterprise out of the Woodmen and as a result their meetings are very lively and interest in Woodcraft is rapidly growing.

A dance was held at the home of Mr. Moore one night last week.

Miss Blanch Harper of Goldthwaite is organizing a music class here. The musical interest is running high here now and she should have no trouble in securing a large class.

Our Sunday school was well attended last Sunday. The class reports were very interesting and a new name was added to our list of pupils. The program committee for the Sunday school rally day on the second Sunday in April did not make a

report. They are at work, however, and will very likely make a report next Sunday that they will make things stir. Our Sunday school workers mean business and the Sunday school is getting so very interesting that nearly every Sunday we have visitors who come for curiosity—which is just what we wanted and all we need, because if they will only come we can soon have them in the ranks of the school. They just can't help it. The work is irresistible and the interest is so great that they seem to be hypnotized, so to speak, and one of the reasons that this is so is because the choir is doing some great work now; and the music in a church is as good a drawing card as the brass band of a show.

Messrs. R. W. Barr, T. E. Hamilton, Dave Morris, Sam Morris, Henry Morris and Ollie Morris made a merry company that went fishing on the Colorado one day this week.

STAR REPORTER.

**\$10,000 CROP CONTEST.**  
The work of the Texas Industrial Congress for better farming in Texas will be continued through its offer of \$10,000 in gold for best results secured, cost of production considered, during 1914, in yields of corn, cotton, kaffir, milo, feterita, cowpeas and peanuts. Classes will also be provided in live stock for the best results in feeding steers, calves and hogs. The conditions of the live stock contest will be announced later. For the agricultural products, the classes will be practically the same as in former years.

Class A, open to everybody, will be model demonstration farms of four acres cultivated in corn, cowpeas, cotton and either kaffir, milo or feterita.

Class B will be for boys and girls cultivating an acre in corn. Class C will be limited to boys and girls and will consist of one acre cultivated in cotton. Class D, open to everybody, will be for one acre cultivated in either kaffir, milo or feterita, with or without irrigation. Class E will be for boys and girls cultivating an acre in peanuts. Class F will be for contestants entered in class A who feed a steer with the products of the model demonstration farm. Class G for baby beef and class H for hogs.

To class A has been allotted \$2,000 and \$1600 each to Classes B, C, D, and E, \$1000 in each class will be divided among the contestants in those classes who exceed the average yield and cost of production of all contestants entered in that class for 1914.

Men, women, boys and girls of the state who wish to enter the contest this year are requested to write at once to the Texas Industrial Congress at Dallas for application blanks stating what classes they wish to enter.

**A FINE PLAY.**

Indian Gap Dramatic Club Gives a Delightful Entertainment.

The Indian Gap Dramatic Club gave an entertainment in the Page opera house Saturday night that drew a large audience and was greatly appreciated by all who attended. "The Winning of Latane Cashton" was the title of the play and those taking part in the performance did beautifully and fully sustained the splendid reputation already made by the club. The cast was made up of the young people of the community and they have given a number of entertainments in their home town and surrounding communities all of which have the same good report of the performances.

Goldthwaite will be glad to welcome a return engagement of this splendid club at any time and a second engagement would be sure to attract an audience equal to the capacity of the opera house.

One of the most attractive features of the entertainment was the delightful music rendered by the Hamilton orchestra, which was indeed meritorious and much enjoyed.

The play was rendered by the following

The horse is the principal motive power of the farm and therefore requires the best attention. If he does not thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters, Veterinary Surgeon and Dentist, San Saba, Texas.

**Kickapoo Worm Killer Expels Worms.**

The cause of your child's ill—the foul fetid, offensive breath—the starting up with terror and grinding of teeth while asleep—the shallow complexion—the dark circles under the eyes—all are indications of worms. For the removal of seat, stomach and pin worms, Kickapoo Worm Killer gives sure relief. Its laxative effect adds tone to the general system. Supplied as a candy confection—children like it. Buy box today. Price 25c. All drug'sts or by mail—Kickapoo Indian Medicine Co., Phila. or St. Louis. (Adv)

**CLUB ENTERTAINED.**

As proves the case whenever the members of the Merry Maids and Matrons Club come together socially, the evening in the Marshall home on Parker street on Tuesday, with Mrs. W. K. Marshall and Miss Lawrence Thompson, was spent most delightfully. This was one of the occasions that occur monthly when the husbands and escorts are privileged to participate. There was special pleasure in the gathering in this home, as it marked Mrs. Marshall's initial hospitality as a young matron.

Coming as it did on St. Patrick's Day, the shamrock motif carried the Irish spirit and colors to a tasteful finish. The hostesses were assisted by Mr. Marshall in giving welcome at the threshold, where dainty green letters tied with white bows were distributed. The combining of these into words beginning with P. A. T. later ushered the guests into the dining room, where the refreshment plate of punch and sweet sandwiches with shamrock favors was served. The polished table was especially attractive with the lace cover and blarney stone, in the center and border of Shamrocks. These also adorned the chandelier, giving a soft glow over the entire room. In selecting their guests Messrs. and Mesdames W. C. Dew, Walter Fairman, Misses Martin, Bacon, Kelley, Messrs. Whatley, Wilbur Fairman and Daniel were invited to join the members in the evening's pleasure, thus forming a congenial circle.

Tables and score cards were ready for the interesting game of Logomachy and there was merry rivalry around the card tables. The game at an end, the prizes were awarded. Mrs. W. C. Dew and Mr. Gus Fisk for high score.

The refreshment feature was a pleasing and elaborate aftermath and brought out the hostesses' daintiest taste in the arrangement of trays. Under these agreeable conditions there was lingering until a late hour, then a re-voir and an appreciation of the pretty compliment for the hostesses. Both Mrs. Marshall and Miss Thompson are generous and gracious as a hostess and their courtesy is ever a privilege. On this occasion it extended to those mentioned above and Messrs. and Mesdames Gillespie, Fisk, Trent, Thompson, Ebers, Randolph, Skaggs, Miss Perry and Mr. Berry.

**DESTRUCTIVE FIRE.**

**A Heavy Loss With No Insurance. People Rendered Assistance.**

Fire which originated shortly after-noon Thursday in a frame building on Fisher street, occupied by A. S. Burger as a printing office, did considerable damage, and the loss would have been much greater had not the people responded to the alarm promptly and worked unceasingly to prevent the flames reaching the main business part of town. The building in which the printing office was located was entirely consumed, together with a considerable amount of its contents, including presses, gasoline engine and paper cutter. Most of the type and stationery were saved.

The fire was quickly communicated to the Picture Palace, owned by Cline & Bleeker and the building was soon in ruins. The piano and gasoline engine were saved, but the moving picture machine, all of the seats, the stoves and considerable other property were lost.

It was feared for some time that the fire would reach the Dillingham hall, J. N. Keese marble yard office and the Saylor hotel on the south and the West Texas Telephone office on the north, but hard work of the "bucket brigade" aided by the many chemical fire extinguishers prevented the further spread of the flames.

The fire originated, it is supposed, from an oil stove in the printing office, but this is purely theory, as the flames had reached the roof and had gained considerable headway in the house before they were discovered. It being the noon hour the office was closed and the large volume of smoke and flame was the first intimation any one had of the fire. Mr. Burger carried no insurance and estimates the loss at from \$750 to \$1000. Messrs. Cline & Bleeker carried no insurance on their picture show and their loss will reach fully \$1000 and perhaps more.

It is the intention of those who lost in the fire to resume business as soon as arrangements can be made for new machinery and equipment. Cline & Bleeker ordered a new picture machine by wire yesterday and hope to receive it today, while Mr. Burger is unable to say just when he will install his new machinery.

Thursday afternoon Messrs. P. D. Yarborough and P. H. Rahl circulated a subscription list for the fire sufferers and secured something like \$100 from the business community.

# The Goldthwaite Eagle

PUBLISHED EVERY SATURDAY

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite post-office as Second class mail matter.

R. M. THOMPSON, Editor

More than a thousand people perished in a hurricane in Russia Saturday. Many villages were rendered desolate by the wind and water and great property loss resulted.

Governor Colquitt has increased the number of Texas rangers on duty on the Texas border, to protect the citizens from the depredations by the thieves and outlaws who are located on both sides of the Rio Grande.

Announcement has been made in Washington that the marriage of President Wilson's youngest daughter and Secretary of the Treasury W. G. McAdoo will take place in June. The prospective groom is 50 years of age and his bride-to-be is not quite half that old.

A most remarkable accident is reported from Austin. A woman and her baby were seated by the roadside, near where a horse was tied with a rope to a post. The horse became frightened and pulling against the rope broke it. The broken rope flew back against the baby and coiled around its neck. The frightened horse then ran and dragged the baby to death.

A manifesto has been issued by president of China declaring that the officials have adopted the worship of Confucius as their religion, but have no intention of forcing the religion upon those who do not care to accept it, but will leave the people free to worship in whatever manner they may desire. The government authorities however, will continue the mode of worship required by that government for centuries.

The statutes of Texas forbid the sale of tobacco or cigarettes to minors, and there is a severe penalty for its violation. The law says: "Any person who shall sell, give or barter, or cause to be sold, given or bartered, to any person under the age of sixteen years or knowingly sell to any other person for delivery to such minor, without the written consent of parents or guardian of such minor, any cigarette or tobacco in any of its forms, shall be fined not less than ten dollars nor more than one hundred dollars."

Here is a puzzle that puzzles everybody: Take the number of living brothers, double that amount, add to it 5, multiply by 5, add to it the number of living sisters, multiply by 10, add number of deaths of brothers and subtract 150 from the result. The right figure will be the number of deaths of brothers, the middle figure will be the number of living sisters and the left will show the number of living brothers. Try it and see. Who can supply an explanation?—Tyler Courier-Times.

It has been definitely announced that Hon. J. H. Lowrey of Honey Grove will be a candidate for congressman-at-large in the coming Primary and the Eagle sincerely hopes he will be elected. Mr. Lowrey is one of the most honored members of the Texas Press association and is a man of splendid ability. As a writer and a thinker he has few equals and as a speaker he has the power to carry conviction to the hearts of his hearers. He is a broad-minded, cultured gentleman and he would be an honor to Texas in the halls of congress. The Eagle is for him first, last and all the time.

Governor Colquitt has appointed a commission to raise funds to have Texas properly represented at the Panama-Pacific exposition. This commission will go to San Francisco in the near future to select a site for the Texas building on the exposition grounds, and get complete information regarding the plans for the big celebration. As the laws of this state forbid the appropriation of public funds by the legislature for expositions out side the state it will be necessary to raise the required fund by other means. One plan is to hold a tag day in every community in the state the first Saturday in May and local committees will be appointed for the management.

## PLAY BALL!

The prohibition fever is running awful high.

They have an idea that Texas is going dry;

They think everything is going their way,

For they have a BALL and are anxious to play.

All over the state you can hear them squall:

"The time is up. Now let's play BALL."

But with SPARKS as pitcher and a few on the side,

If they even make a score they will sure have to slide.

I do not think they have done Lane right,

For he tried to stand firm and keep out of the fight;

He boasted of being a true Democrat,

But the pres. they scorched him, and he wilted flat.

But they can doctor him up; he will be all right

To boost in a game to get liquor out of sight,

For he is a booster, you can bet on that—

The trouble with him he's a pro-Democrat.

The Democrat party in the Lone Star State

Should rub his and Tommy's name off their slate;

They have good material and some to spare—

They are not the round kind and full of hot air.

But they are bully good fellows, and think they're right,

And are striving hard to win their fight;

But I think I heard some one say:

"Remember, boys, that old dog, Tray."

There is one thing I would like to know:

Why, to those conventions, they always go

To some city where they sell liquor? (I will leave this line for an answer)

Now if Texas is sick, there is a doctor in the race.

If she has any trouble he can locate the place

With a nickle's worth of dope he can cure us all,

But I hardly think he is able to play Ball.

For July is going to be tremendous warm,

Then the Ball players are going to swarm.

Then Sparks will say in a low, sweet voice,

"I thank you, gentlemen, that I am your choice."

### Chorus.

God made the earth, but not in a minute.

Christ made wine and it is still in it.

And it will be here as long as the world stands,

For we have just got to have it to supply our demands.

But the old red eye they have these days

Is doctored and drugged in many ways,

But still we buy it crooked or straight,

For it all tastes good we get at Goldthwaite.

—LISS WALKER.

### SOUTH BENNETT.

Editor Eagle:

The spring weather is a welcome visitor, needed for all of mankind and his stock of all varieties.

The fine rain of last Tuesday night has developed new life into the fall and volunteer oat crop, which is yet something to be depended upon and the spring sowing is growing rapidly. With no more severe freezes there is hope for a good crop.

Some good singers from Live Oak, Center City and Kelly vocal classes were with our vocal class Sunday and a pleasant, profitable evening was spent.

Neal Kelly of Pleasant Grove was buying cattle in our community last week.

J. E. Griffin left Sunday for Hamilton county, where he began work with John Casbeer's steam well drill outfit.

Willis Hill was constructing some goat fence for Garfield Ball on the mountain last week.

Oscar Petty and wife of North Brown community were visiting relatives and friends here this week and trading some on the side.

The young people enjoyed singing at Mr. Tom Montgomery's Sunday night.

Lae Benningfield and family visited J. J. Virden and family in the Pleasant Grove community Sunday.

Elsie Cloud from over the way was among friends here on last Sabbath day.

The Ladies Home Missionary Society met with Mrs. J. H. Blackburn Saturday afternoon in an enthusiastic meeting and began arrangements to accomplish many good things this year. These good Christian women are the best organization in our community and our sincere prayers and best wishes and what assistance we can lend is always for their asking. If we men folks were one-half as consecrated and desirous of church building, etc., this year would be the banner year of South Bennett.

Commissioner Hines has our best thanks and wishes for some excellent improvements on the Simpson road that were made last week. The conditions of our roads are better than ever before.

Misses Robbie Keese and Edith Covington of the metropolis were among the many welcome visitors here Sunday.

The cold snap of sleet and snow was a set back to the animal kingdom this week. We begin to wonder now if spring is ever coming for sure.

Wash McLean was visiting friends relatives, kin folks and all kinds of folks about town last week.

I. K. Griffin and son Travis went to the river at Alex. Miller's after his stump puller last week.

Lesly Simpson, now one of Live Oak's prosperous agriculturists was among us on last Sabbath.

Well, the political pot is beginning to boil a little bit, but let her go the limit. We'll skim her off good and plenty in July.

The debating society held its session last night, the date having been advanced from tonight in order to prevent a conflict in dates with the young ladies of Howard Payne college at the opera house tonight.

### SCHOOL TRUSTEE ELECTION.

On Saturday, April 4, there will be an election held in each common school district in the county for the selection of two school trustees to serve two years. There will also be an election in each school district—both common and independent—throughout the county to select a common school trustee at large to succeed Judge G. H. Dalton, and in each school district in commissioners' precinct No. 1 to elect a county school trustee to succeed M. C. Humphries and in commissioners' precinct No. 4 to elect a county school trustee to succeed A. B. Bledsoe. Election officers will please take notice and see that these elections are held accordingly. S. H. ALLEN, County Judge.

A good treatment for a cold settled in the lungs is Herrick's Red Pepper Porous Plaster applied to the chest to draw out inflammation, and Ballard's Horehound Syrup to relax tightness. You get the two remedies for the price of one by buying the dollar size Horehound Syrup; there is a porous plaster free with each bottle. Sold by R. E. Clements. (adv.)

A petition was circulated in this city last Saturday asking for a pool hall election in the city. The petition was filed with Judge Allen and he has called a meeting of the commissioners court to be held today to order an election, the law prescribing that course. It is sure the election will be ordered held some time in the next thirty days.

### WITHDRAWS FROM THE RACE.

Having accepted employment with Messrs. Kerby & Glover I have decided to withdraw from the race for constable in this precinct. The position I have will pay much better than the office and I deem it my duty to myself and family to take the better position. I sincerely thank those who have promised support in my race and also those who intended to support me. I will hold them all in grateful remembrance.

T. G. PRESTON.

### OLD FOLKS SERVICE.

Special "Old Folks Service" will be held in the Baptist church the first Sunday in April and the old people of the town and country, regardless of denominations, are invited to be present. Rev. J. C. Newman, pastor of the church, will preach a special sermon to old people at that time and special music will be rendered by the choir. It is hoped and believed the services will be decidedly interesting to all of the old folks.

Work is progressing on the new Christian church building.

Of all the despicable members of society the muckraker is least to be condoned. In whatever community they live and operate they manage to keep one half the population arrayed against the other. The worst feature of the game is that if they have in any manner obtained prominence, they imagine themselves a public benefactor. They forever carry a chip on their shoulders and howl and kick and split and scratch against this thing and that, keeping the neighborhood constantly in turmoil. They attend to everybody's business while considering it strictly their own. Such persons combine the traits of hypocrisy, pessimism and are knockers and traitors. When they become afraid to come out in the open, you may be mighty sure they are carrying on their dirty work on the sneak.—Hamilton Record.

**HOW ABOUT IT.**  
Ever attacked with backache, dizziness, pain in the groins or biliousness. These are sure signs of kidney and liver disorder. Time to take Lyke's Kidney and Liver Remedy. For sale at Brown & Lowrie's.—Advertisement.

**Winter's Chills Breed Kidney Ills**

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

**Spring is Breaking; Backs are Aching**

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then—give Doan's Kidney Pills a trial.

**GOLDTHWAITE PEOPLE TESTIFY**

**GOLDTHWAITE CASES SELF-TOLD**

**J. C. FULTON**

J. C. Fulton, Goldthwaite, says: "About three years ago I was taken down in bed with a severe pain in the small of my back. Often I was so bad that I had to have assistance in changing from one position to another. The secretions were too frequent and painful in passage and highly colored. I decided to try Doan's Kidney Pills, as I had often heard that they were good for kidney trouble, and I procured a box at Clements' Drug Store. I noticed improvement after I had taken a few doses, and after I had finished two boxes, I was able to go back to work."

**MRS. ROBERT URBACH**

Mrs. Robert Urbach, Goldthwaite, says: "The first symptom of kidney trouble in my case was pain in the small of my back, which gradually grew worse until I was hardly able to move. At night it changed to a dull ache and I couldn't sleep well. If I caught cold, it settled on my kidneys and made my suffering worse. The kidney secretions were unnatural. When a friend told me about Doan's Kidney Pills, I got a supply at Clements' Drug Store. They gave me prompt relief."

**W. C. FRAZIER**

W. C. Frazier, farmer, Goldthwaite, says: "One of our family had been suffering for a long time from her kidneys. She had pains in her back and was laid up in bed. The kidney secretions were unnatural and caused her much annoyance. I had seen Doan's Kidney Pills advertised and procured a box at Clements' Drug Store. She began taking them and a few doses helped her. The pain in her back left, and in a short time her kidneys were normal."

**J. W. McALEXANDER**

J. W. McAlexander, Goldthwaite, says: "I couldn't work or ride horseback owing to intense pains in the small of my back. When I stooped, it seemed as if a thousand knives were going through me. I often had trouble in passing the kidney secretions. I used two boxes of Doan's Kidney Pills, procured at Clements' Drug Store, and am now all right. Whenever I hear of anyone complaining of a bad back, I advise a trial of Doan's Kidney Pills. I think it is my duty to confirm the endorsement I gave Doan's Kidney Pills some years ago. Since then I have not had an attack of kidney complaint."

**JOE TAFF**

J. Taff, prop. Taff Hotel, Goldthwaite, says: "For two years I had attacks of backache, often being unable to get about. When stooping, like a flash of lightning, a pain shot through my kidneys and I was unable to move. Doan's Kidney Pills, procured at Clements' Drug Store, relieved me. Nothing has occurred to change my high opinion of Doan's Kidney Pills. I willingly confirm the statement I gave, praising them, some years ago."

**C. W. LINDSEY**

C. W. Lindsey, officer, Goldthwaite, says: "Doan's Kidney Pills were first recommended to me by a friend, and as I had been bothered with kidney trouble for ten years, I got a box. They did me a great deal of good. My back stopped paining me and I had less trouble from the kidney secretions. I always praise Doan's Kidney Pills when I have the opportunity in return for the benefit I had. You may continue to publish my former endorsement."

### Telephone Franchise Granted.

The final passage of the Brown Telephone company's franchise was a tame affair. Early in the evening Hon. Jas. W. Wayman was permitted to address the council regarding a recent court decision touching a similar situation in the telephone business. When the franchise matter came up Alderman Hoskinson moved that it be placed on third reading without amendment. Terry seconded this motion. Upon request of Alderman Manley, City Attorney Lee read the decision of the higher courts in the case of the city of Athens. A short discussion among the councilmen was then indulged in and a roll call vote was asked for, with the result that Aldermen Hoskinson, Terry, Abney, Walter and Churchill voted aye; Alderman Manley, voted no. Mayor Looney then declared the franchise ordinance legally passed and the telephone fight was over.

Dr. Brown states today that his company will not be ready to announce its plans for some time. An investigation of the adaptability of the automatic system for towns of this size will be made, and the plans for building the exchange will also be carefully considered. The work will be begun, however, as soon as the necessary arrangements can be made.—Brownwood Bulletin.

Mrs. F. N. Hubbert and little son went to San Saba yesterday for a visit to relatives.

Mrs. Pierce, voice-teacher in Howard Payne college, was a visitor to this city Monday, arranging for the appearance of the operetta at the opera house tonight.

Lost—A pair of spectacles in a case in Goldthwaite or on the road to Rock Springs. Finder will be rewarded for returning them to me or leaving them at the Eagle office.—J. M. Traylor.

The Operetta by the young ladies of Howard Payne college will be given in the opera house tonight. The prices will be the same as announced on the circulars with the addition of 15 cents for reserved seats, which can be purchased at Miller's jewelry store.

The last word in perfume is La Valliere Sweet Olive Perfume, the imprisoned fragrance of the sweet olive flower. The scent brings back tales of Arabian love to the modern man. When one lifts the stopper, disagreeable scenes vanish, gardens arise and the southern sun picks out the yellow-white sweet olive blossom from amid the riotous enflourage. For sale at Brown & Lowrie's. (Adv)

### OUR FRIENDS.

The kind words of our patrons and the constant increase of the Eagle's list of readers gives us much satisfaction and proves that the Old Bird is appreciated by the people and we are resolved to exert every effort to make the paper worthy in every way of the splendid patronage it receives. Those who have added their names or renewed their subscriptions since last report are:

Tom Burrows, Scott, N. M.  
 Mrs. G. W. Spivey, Lucern.  
 J. A. Hester, Mullin  
 R. P. Canady, Coleman.  
 G. M. Mason, Ogles.  
 W. J. Hopper, Priddy.  
 Rev. G. A. Jarrett, Big Valley.  
 Miss Hattie Barr, Stamford.  
 Joe Davis, Monteer, Mo.

### CARD OF THANKS.

We wish to express our thanks to the kind people who so nobly assisted in fighting the fire in our plant Thursday. We especially return our thanks to Mr. Thompson, who has offered us his columns in making our returns to the people. We are unable at this time to estimate our loss but we hope it is not as heavy as it was first thought. Sincerely yours,  
 A. S. BURGER.

### CAMPAIGN CONTINUES.

The county campaign is on in earnest now and the candidates are "mixing" with the voters. New candidates appear each week and the number is now great enough to make the race interesting.

#### J. M. ROBERTSON.

Mr. J. M. Robertson of Ebony, known to many Eagle readers as "Uncle John" announces this week for the nomination for district clerk. He is a farmer and a man of high character. He lives in a section that has not been represented in a county office since the organization of the county and his friends throughout that section are enthusiastic in his support. To those who are not acquainted with Mr. Robertson the Eagle can say with truth and sincerity that there is not a better man in the race for any office in the county or one that is more deserving in every way.

#### S. M. BLEEKER.

Mr. Bleeker makes his announcement this week as a candidate for constable of this precinct. He is a popular gentleman and has scores of friends not only in this precinct, but throughout the county. He is a black smith by trade and has been engaged in that line of work here for a good many years. If he is selected by the Democrats to serve in the office to which he aspires he will be fully capable of discharging its every duty.

### HOW PERFECT EYES FAIL.

When viewing objects near at hand the contents of the eyeball are in constant motion. Delicate muscles contract and the jelly-like mass pulsates with action, instant adjustment being made for any focus. But time, which changes cartilage to bone and causes a general hardening of tissues, vulcanizes the eye lenses. Little by little the motion is checked and finally ceases altogether. In the proportion that this ocular activity is lessened by age, we have to hold our book or paper further away to see the print clearly. In extreme old age all internal motion stops and glasses alone make reading possible. When this change begins it is folly to abuse the sight by trying to force the eyes to see without glasses. For glasses are the only thing that will restore normal vision. We test the eyes and fit them with glasses correctly as they should be.

### SINGING CONVENTION

The Mills County Singing Convention will be held at Miller Grove on the first Sunday in April and Saturday before. President White will have a communication in the next issue of the Eagle giving full information.

### THANKS FOR HELP.

I desire to express on behalf of my company and on my own behalf our great appreciation of the voluntary and prompt assistance given us in saving our building from the fire of Thursday. But for the hard work of the good people who assembled there, our loss would have undoubtedly been great, but by the energetic assistance given us we escaped with very light damage. Men worked heroically and at great disadvantage to save the exchange and the building and we want them to know that we appreciate their work. We are glad to be located with such a splendid citizenship and hope to be able to prove our appreciation many times in the future.
