CONFEDERATE MEETING.

Jeff Davis camp of Confederate veterans met in regular monthly session in the court house Saturday afternoon, Commander D. E. Hopkins presiding. Adjutant Blackburn being absent, Comrade J. T. Prater was requested to serve as adjutant pro tem.

The camp having taken up and considered the fair and efficient administration of the office of the pension commissioner of this state adopted a strong resolution commending the services of Pension Commissioner Capt. Geo. W. Kyser. A resolution was also adopted inviting Capt. Kyser to attend the Confederate reunion at Goldthwaite on July 7, 8, 9.

The delegates to the annual reunion to be held at Jacksonville, Fla., were instructed to vote for the next reunion to be held in some Texas city.

It was ascertained that ten or more members of the camp expect to attend the Jacksonville reunion and will leave Goldthwaite for that place on the night of May 3.

MEMORIAL SERVICES.

Memorial services were held in the Presbyterian church in this city last Sunday afternoon in honor of the late Rev. John Hudson, a former pastor of the church, who died recently at his home in Round Rock. Very appropriate speeches were made by Rev. R. S. Pierce, Rev. J. C. Newman, Judge S. H. Allen and Mr. J. C. Darroch. Short talks were also made by Mr. L. O. Hicks, Mr. D. M. Hooks and Rev. Gay, pastor of the church, who had charge of the service. The house was filled to standing room with the friends of Rev. Hudson and his family and the many kind expressions from the speakers and members of the audience proved that the deceased gentleman was indeed held in high esteem and had the sincere friendship of the people here among whom he lived for a short time.

Mrs. J. T. Allen of Mullin visited in this city Tuesday.

J. H. Clifton of Star was one of the prominent visitors to this city the first of the week.

W. H. Carothers of Lometa visited relatives and transacted business in this city the first of the week.

Attorney G. N. Harrison of Brownwood was looking after legal business in this city the first of the week.

Mrs. W. H. Thompson of Brownwood visited relatives here this week. She was en route home from a visit to Brenham.

Rev. Dawson was here this week on his return from Milano, where he reported having held a most successful revival.

G. H. Spicer, one of the leading merchants of Priddy, had business in this city Wednesday. Mr. Spicer lived in this city for some time and has a great many friends here.

Rev. Gay, Mrs. Lewis Hudson, Messrs. Lewis Hudson, Lee Jones, W. M. Johnston, M. N. Brinson were among those who went to Zephyr Wednesday to attend the Presbytery.

The new Christian church building is rapidly nearing completion and will be an ornament to the portion of the city in which it is located as well as a satisfaction to the members of that denomination.

Miss Bessie Trowbridge came in from Floydada Tuesday night and was met here by relatives from Big Valley and left the next morning for Temple, where she is to have treatment in the sanitarium. She had been at Floydada for some time for the benefit of her health.

Boost your business and your own town, but don't attempt to climb by the downfall of your neighbor. If you can't help the other fellow to climb you can at least allow him to do his best without interference from you--don't knock.

GOOD ROADS.

Keep good roads good with a good roads drag.

Road building follows the lines of least resistance.

It costs \$800,000 to haul the Texas cotton crop one mile.

One thing is to secure good roads; another, to keep them.

The high cost of living can be reduced by reducing the high cost of marketing.

The financing of road maintenance is as important as the financing of its construction.

Happiness upon the farm is unattainable unless this farm is located upon a good road.

Good roads and good streets are the beacon lights that attract attention for the country and the town.

The average farmer is in favor of good roads, silos and better cultural methods, but lacks the means of securing these necessities.

HOMER D. WADE.

S. D. CLUB ENTERTAINED.

The S. D. Club was entertained at the home of Mr. and Mrs. J. C. Street on Friday evening, March 20, 1914.

Everything was in readiness for an enjoyable time. Miss Louelle, our honored hostess, met us with a happy greeting so natural to her.

Dreamland stories by the old fire-side was one of the special treats of the evening. Progressive games were engaged in for the next hour. When time was called Miss Ruby Keese held highest score and received first prize and Miss Sophia Martin the consolation prize.

Miss Laura did not forget the dainty dishes which were served in due time.

There being no business to come before the club we adjourned to meet with Miss Sophia Martin on our next meeting night.

COMMERCIAL CLUB.

Monthly Meeting Well Attended and Important Business Transacted.

The regular monthly meeting of the Commercial club was held in the court house Tuesday with a large attendance.

The fair committee reported having met with the members of the Confederate camp and agreeing upon July 7, 8 and 9 as the dates for the fair and reunion. The committee was requested to act with the committee from the Confederate camp in formulating a program that will not conflict with either the camp or the club's arrangements.

A committee composed of H. G. Bodkin, W. Lee Jones, A. E. Evans and R. M. Thompson was appointed to go to Priddy and get a petition from the people there for the establishment of a mail route from Goldthwaite to Priddy. On motion President Dew was added to the committee.

Judge S. H. Allen was appointed to arrange for a convention of Mills county road overseers to be held in Goldthwaite at some appropriate time.

A report was made to the club that the ladies of the Self Culture club had money to provide watering troughs on the public square for the farmers' teams and R. M. Thompson was appointed to confer with the commissioners court relative to placing the troughs and piping water to them.

There was considerable discussion regarding the fair and other matters of interest to the county.

MOB THREATENED.

Negro Prisoner Demanded—Much Excitement—All Bluff.

There was considerable excitement in Goldthwaite Tuesday morning when the report was circulated that a negro had been placed in the Mills county jail for safe keeping by the sheriff of Brown county and that a "mob" had come to get him. Men congregated about the square and watched for developments, but there were no developments aside from some threatening talk by a number of men who claimed to have come from Erath county.

Sheriff Denman of Brown county arrived in Goldthwaite about 2 o'clock Tuesday morning having in custody Alex Channer, a negro about 50 years of age, who was accused of having committed a criminal assault upon Mrs. Phib Mefford, a young white woman, at her home 6 miles from Stephenville, Erath county. The negro had been placed in the Brown county jail by the Erath authorities, but Sheriff Denman becoming alarmed over the prospects of mob violence, thought it best to turn the prisoner over to Sheriff Priddy of this county. He left Brownwood about midnight closely followed by a number of citizens of Erath county in automobiles. Turning the prisoner over to our good sheriff he started on his return home, but had only proceeded a short distance when the Erath county people met him, which gave them positive knowledge that the negro had been placed in the Mills county jail. The Brown county sheriff continued on his homeward journey and the Erath county people came on to Goldthwaite. When they reached here they made an investigation which convinced them that there had been no mistake, but their investigation was unnecessary, for as soon as they approached Sheriff Priddy and inquired if the negro was here he promptly answered in the affirmative and assured them that the said "coon" would remain in the Mills county bastille until such time as he was removed by due process of law. The men stated that they had no intention of harming the negro in this county, but wanted to carry him back to Erath county, where he would be dealt with. Sheriff Priddy told them that they might as well abandon hope of securing a prisoner from his custody without the presentation of a warrant by an accredited officer of their county and that their suggestion that he give them a "tip" how to get the man without causing serious trouble was entirely meaningless to him, for it certainly would mean serious and lasting trouble for them to even attempt to take the prisoner from him; that he had no sympathy for the negro if guilty of the heinous crime charged but as an officer he would do his duty at all costs. This chilled the feet of the callers and they retired, but later announced that they had phoned for 60 men to come to their assistance. Sheriff Priddy went quietly about his preparations for the protection of his prisoner and his official honor and had an attempt been made to take the man by force this report would require a great deal more space.

The men remained about the square until noon, when the leader announced that their crowd had "laid down" and they departed for home. Late in the afternoon Sheriff Denman came back, accompanied by his deputy and Sheriff Deaton and a deputy of Erath county. They took the negro in an automobile to Brownwood where he was transferred to the west bound passenger train and it is understood was carried to Coleman jail.

It is claimed the negro committed the crime last Saturday afternoon. The woman and her husband are tenants on his farm, where they have lived since Christmas. The Erath county men gave a report of the crime which differed somewhat from the report brought by the husband of the woman, who arrived here Wednesday, or the version given by the negro, who has heretofore had good standing in his home county. However, the case is bad enough, no matter which report is believed and Mills county is glad to be rid of any connection with it.

LITERARY SOCIETY

The Young Men's Literary Society of Goldthwaite met in regular session on Saturday night, April 4, and rendered a program consisting wholly of debate.

As both president and vice president were absent, F. P. Bowman took the chair as presiding officer. It was late when the meeting began, so the program was entered upon at once and the debate proceeded.

This question was the often used but never old one,—"Resolved, That women have more influence over men than money has." The affirmative was upheld by L. O. Hicks, J. T. Halbrook, and L. E. Patterson. The negative was supported by W. C. Merchant, P. D. Yarborough and J. T. Weems.

The question was hard fought on both sides and even when the final rejoinder was finished it was a gamble as to who had won. The judges, however, decided that the affirmative had, and so rendered their decision.

After the program the suggestion was made and finally adopted that the society disband until next fall. This was done for the reasons that protracted meetings are beginning soon and that the large crop of candidates will doubtless furnish "wind" enough for the people of Goldthwaite and Mills county until July 25.

The society expects to organize again next fall, as stated, and continue the work. It has been of great benefit to those who have taken part in the short period since Jan. 1, and it is to be hoped that others will ally themselves with it and thus benefit both themselves and it on its re-organization. MR. AND MRS. CLAUDE BURCH ENTERTAIN

Mr. and Mrs. Burch were host and hostess to quite a bunch of young people at their home on Tuesday evening.

As one reached the front hall door, there was wafted to them sweet fragrance of nature's blossoms, and flowers everywhere smiled at the guests as they wound their way through the splendidly arranged home made picturesque by the artistic host and hostess.

The purpose of this meeting was to form a club to meet twice each month and pass the evening in a way most appreciated by all. Officers, committees, etc., were appointed and it was arranged to meet in alphabetical order, the next to be with Mr. and Mrs. R. E. Clements.

After a very pleasant evening of games and other amusements, the guests were served with delicious cream and cake.

Those present were: Messrs. and Mesdames R. E. Clements, Kelley Saylor, Claude Saylor, J. C. Darroch, Misses Saylor, Kelley, Ford, Hall, Stringer, Messrs. Whitley, Bowman, Daniel, Saylor, Palmer, Clements. REPORTER.

The resignation of Will H. Trent as alderman was received and accepted and an order issued for the election of a successor for him in the election Tuesday.

The treasurer made a report showing a balance of \$1667.38 in the general fund and \$615.20 in the street fund.

POOL HALL DEFEATED.

In the election held in the Goldthwaite city corporation Wednesday on the question of whether or not a pool hall should be allowed to operate here the pool hall lost by 15 majority, the total being 101 opposing the pool hall and 86 favoring it. The court will meet next week in special session at which time the returns from the election will be examined and the result declared. Twenty days from the time the result of the election is declared by the court it will be unlawful to operate a pool hall in the city of Goldthwaite.

The selection of Dallas for one of the twelve regional bank reserve cities authorized by a recent act of congress will be beneficial to the entire southwest and especially to this section of Texas.

Gen. Villa succeeded in taking Torreon after a battle which lasted 11 days and in which the loss was great on either side. It is said to have been the bloodiest battle ever fought on Mexican soil.

The Woodmen of the World closed a three months' campaign for new members in McLennan county Monday night and reported 1034 members having been secured in that time. This is said to beat the world's record in that line of work.

Under the provisions of the new liquor law of Mississippi a citizen can only order one gallon of liquor or one case of beer for his own use within any thirty days. This is a pretty liberal supply of booze as compared with the amount allowed shipped to a citizen in Texas.

Congressman Oscar Underwood of Alabama, leader of the majority in the lower house of congress, was nominated for the United States senatorship in Alabama election Tuesday by a large majority over Richard P. Hobson. It is understood Mr. Underwood will continue to serve in the lower house for another year.

An order promulgated by Secretary of the Navy Daniels, which becomes effective on July 1, prohibits intoxicating liquors being carried aboard any naval vessel or in any navy yard or station. This order applies to all members of the navy alike, the secretary stating that officers as well as the enlisted men must abstain from the use of intoxicants.

The death of Mrs. Lillian Stevens, president of the national W. C. T. U., which occurred at her home in Portland, Me., is regretted by the nation. She had been president of the organization since the death of Francis Willard. She became ill several days ago while in Washington, D. C., directing the affairs of the National Prohibition bureau.

The result of the Chicago election Tuesday was an overwhelming defeat for the woman suffrage forces, none of their candidates having been elected or even making a close race. Perhaps one-third of the number entitled to vote in the election went to the polls. In the prohibition election in the state, however, twelve or more counties were added to the "dry" column by Tuesday's election.

The anti-prohibition Democrats have to all intents and purposes abandoned their "eliminating" convention, which was to have been held in Fort Worth next Tuesday and part of those who were expected to take part in such convention are supporting Hon. Tom Ball for governor, while others will support Hon. J. E. Ferguson of Temple, who refuses to take part in the elimination convention or submit his name to it.

The State Fire Marshal's recent report conveys the startling information that we have a fire on an average of every forty minutes, and the statistical classification is a ghastly indictment against our citizenship for unpardonable, if not criminal carelessness, for it shows that 9,600 fires per annum are preventable. Among all the elements of destruction, fire is the most complete destroyer and perhaps the most loosely controlled. Most every village maintains a fire department, and we spend millions of dollars in labor and equipment in fighting fires and we are told in a most convincing manner that 80 per cent is preventable. We spend millions in fighting fires where we spend a dollar in preventing them.—Commercial Secretaries.

POMPEY CREEK.

(Intended for last week.)

Editor Eagle: Hurrah for Pompey Creek! It is perfectly natural for one to be proud of his own home, especially when that home is one to be proud of.

In spite of the threatening weather Sunday there was a large and enthusiastic Sunday school. Our superintendent, though a young man without experience, conducted the Sunday school creditably. The officers and teachers were all present, save one, and it is impossible to give the exact number present, as the literature has not yet arrived, hence we were without class books or secretary's record. The singing was beautiful, although the books were few. Of course we expect to do better when our new books arrive and when we become more experienced. One thing disappointed us, however. The number of children was far too small, but we hope for more children when the weather is more favorable. The contributions, though extremely liberal, were not sufficient to meet the demands. We think from last Sunday's outlook we will need more literature for the regular Sunday school. The reading matter for the young people and children we badly want and the Home Department we must have. Many cannot attend the regular sessions and we cannot afford to debar anyone from anything so good as our Sunday school. We have started in to make it the best and if other communities desire to remain in the race at all, it is time they are going to work with earnest, constant effort. We wait for nobody.

The Zephyr ball team played our boys last Saturday. The result was ten to six in favor of the home team. Hurrah for Pompey Creek!

We have been having light showers which culminated in a bountiful and we think somewhat general rain Monday.

Grain crops are beautiful. Miss Cora Patton of Valverde county is visiting friends and relatives at Duren and Fisher.

The school entertainment at the close of Miss Mable Sullivan's school was splendid. Of course, Fisher is a neighbor of Pompey Creek. Miss Mable Sullivan returned to her home at Goldthwaite Saturday.

There was a dance at the home of Albert Lampman of Duren Friday night and one at Mr. Ingram's of Duren Saturday night. Also one at the home of Mr. Will Nichols of this community Saturday night.

The school closed at Duren Friday. There is to be an Easter egg hunt in Frank Perkins' pasture Saturday, April 11.

Mrs. Frank Perkins and children were the guests of Mesdames Will Perkins and Charlie Ashton of Duren Friday and Saturday.

Mrs. George Adams and children and Miss Babe Smith of Zephyr visited relatives here the last of last week.

Mrs. Pete Trammel is dangerously sick at present.

Mrs. N. C. Warren spent a few days the first of the week with her sister, Mrs. Duren of Duren.

ENTER THE PRIZE CROP CONTEST

Those who have not yet entered the Texas Industrial Congress contest for 1914, in which \$10,000 in gold will be given away for the greatest net profits obtained in growing field crops and feeding livestock, should not be discouraged from sending their names into the office of the Congress, Dallas, because those who have already entered the contest have obtained little, if any, advantage thru earlier planting. The slow, rainy planting season has to a considerable degree placed the disadvantage upon those who entered first and have seeded their ground.

There is absolutely no charge made in any way for entering the contest, in fact, the contestant has everything to gain and nothing to lose in trying to make the greatest possible yields from his land at the least expense. In addition to the large money prizes that the right kind of work is sure to earn, the contestant receives the benefit of the increased earnings from his land—one 19 year old boy made an acre of cotton yield \$107.30 last year, not counting the seed, after all expenses had been paid—and he also learns from getting

The A & M College has recognized the work of the Congress this year by voting free scholastics in the Farmers' short course to the ten contestants getting the best net profits in their work.

The difference between entering and not entering the contest is the difference between being satisfied with what you are now doing, and trying to do better. Everybody knows that the successes of the world in every line are made up only of those who are trying to make themselves better in their respective lines. The Congress hopes that every farmer in the state, whether man, woman, boy or girl will at once send in his name and help put Texas on the map for big farming results, the best advertising we can have. COMANCHE

Jason McMillian, aged 90 years, 7 months and thirteen days, departed this life Tuesday, March 24, at the home of his son, County Judge J. H. McMillian, of senility.

We are informed that a hard wind accompanied the rain of Monday in the Wilson community, blowing down a windmill and barn on the farm of Mrs. Joe Miller, of this city.

It has been decided by the city council that the matter of passing an ordinance forbidding chickens from running at large in the city limits be submitted to the people, and the Secretary was ordered to have this and the matter pertaining to the election of a marshal printed on the regular election ballots.

Manager Finger of the Comanche Creamery, informs us that the creamery is now handling an average of about 15,000,000 pounds of butter fat per week, while less than a year old. This means this institution is paying out to the farmers of Comanche county approximately \$3,000 per month.

Just as we go to press we learn of a horrible accident befalling the little child of Mr. and Mrs. Geo. Roderick at the Roderick home in East Comanche. While playing with a dog the child was jerked into a pot of scalding water prepared for the family washing, and attending physicians pronounced its injuries as probably fatal.—Chief.

SAN SABA.

The school board has re-elected Prof. Robt. T. Pritchett, superintendent of the San Saba high school for the third successive year.

E. A. Murray has let the contract to S. Z. Park for the erection of a handsome seven-room residence on the lot he recently purchased. He has purchased the north half of the old Hardin & Jones lumber yard.

R. Lewis of the Colony community happened to the misfortune to get his right leg broken early Thursday night. He was out in the pasture and on his way home the horse he was riding fell with him. It is a very ugly and painful break.

Wesley Rutherford suffered a broken leg Thursday. He lives in the Spring Creek community and while logging off some land, driving a span of mules, the mules became frightened and ran away. The leg was broken in two places.

The little two-year-old girl of Mr. and Mrs. T. R. Woods of the Barnett community died Thursday of last week and was buried at Algerita Friday. According to reports the children of the family were making molasses candy and in some way this one was burned by the hot candy. This was a few days before. The burn became infected and blood poison set up with fatal results.

Quite a little romance culminated Sunday morning in the marriage of Joe F. Flack and Miss Louise Urquhart. The young people were attending services at the Baptist church. Just before the conclusion of the preaching services they quietly retired and proceeded to the Corner Drug Store where Houston Chadwick, deputy county clerk, was found and the license was soon procured. A hurried drive was then made to the Methodist church where they arrived just as the morning services were closing. Rev. H. E. Draper was called and pronounced the ceremony.—News.

Mrs. Cagle is suffering this week from a dislocated wrist, the result of having stepped in a hole and fallen while out in her yard. Her many friends hope that she will soon be fully recovered.

The many friends of W. H. Reeves were greatly pleased this week to learn that he had received the appointment as postmaster for Lometa, the news of Mr. Reeves' success having been received here Tuesday.

HAMILTON.

Mrs. Rebecca Christian, widow of J. W. Christian, died late Saturday afternoon, March 29, at the home of her daughter-in-law, Mrs. Charley Christian, near Ohio.

J. F. Milloway, who for several years past had been sorely afflicted, died at his home in West Hamilton Monday morning, March 30, and was buried that day in the city cemetery.

At a meeting of the board of directors of the Park Association in the loan and real estate offices of J. T. James on Monday afternoon, the dates, Thursday and Friday, May 28 and 29, were set apart for Hamilton's big annual May picnic and Spring Carnival.

Good, quiet rains fell all over this section of the country the first of the week just in the nick o' time to relieve drouth apprehensions and put heart into the farmers, whose grain crops were dying. On Tuesday the country was visited with the heaviest rain that had fallen for several months. Some hail accompanied the rain.—Record.

HALF AND HALF.

Seven good reasons why you should plant Summerour Half and Half cotton. It will yield more per acre than any other variety. It is the earliest cotton except King Early. It will out lint any other cotton. It is easy to pick. It is storm proof. It has a small leaf—no shade for boll weevil. It stands the drouth better than another variety. I have the seed on sale at Jim Weems' store. \$1.25 per bushel. J. W. HILL.

Clears Complexion—Removes Skin Blemishes.

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, itch, tetter, salt rheum. Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skins. Stops chapping. Always helps. Relief or money back. 50c. Recommended by R. E. Clements. (Adv)

Cough Medicine for Children.

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effectual. Chamberlain's Cough Remedy meets these requirements and is favorable with the mothers of young children everywhere. For sale by all dealers. (Adv)

THE UNWELCOME GUEST.

For the first time, so far as I know we have locked up a negro as black as a crow

In our little Mills county jail. And he didn't want out, even on BAIL.

Sheriff Denman brought him from the county of Brown

And thought he had him where he couldn't be found.

But a few had watched and followed soon.

But our Sheriff informed them they couldn't get the coon.

Excitement prevailed for only a short time

As the citizens discussed the nature of the crime;

Our people here have a general rule To not go crazy and act the fool.

Our citizens here have the law for a guide

And to observe it they take a great pride;

One feature we have and they all seem to like it—

If a coon comes here they soon make him hike-it.

So the visiting coon was spirited away,

But where he went I cannot say; I am certain he left the county of Mills.

For we have no money to pay coon bills.

I would like to ask the officers of the state To not bring their negroes here to Goldthwaite,

Unless they aim on leaving very soon For we sure don't like the looks of a coon. —LISS WALKER.

Miss Ethel Bacon made a visit to Lometa yesterday.

A nice umbrella was left in lobby of post office Monday or Tuesday. Can be obtained by paying for this notice.

County Clerk Summy has issued marriage license since last report to John Roberts and Miss Bettie Ham-bright, John Hawkins and Miss Iris Barnett.

A deal was closed Saturday by which Clay Kuykendall sold his hardware and furniture business on Wallace street to R. S. Crain and Supt. Robt. T. Pritchett. Monday they began taking stock. The new firm will be known as the Crain Mercantile Company. R.S.Crain will have charge of the business. He is no new man to the people of the valley, having been engaged in the gin business here for several years. He is a progressive citizen and the News wishes for him a prosperous career in this mercantile business.—San Saba News.

The question, "what is to become of the people?" is very common. The population of the earth increases each year, but the amount of land remains the same. It looks as though this would bring things to a show-down after a while, but it has been ever thus since the beginning of time, and there is plenty of room so far and some to spare. Of course, as time passes on there will have to be some change, and that change lies in the development of the country. Take for instance the old countries where there are ten times as many people to the square mile as in this country and has been that way for years. Their remedy is to produce more to the acre and it has proved very successful. They have the land under such a high state of cultivation that one acre produces as much as three formerly did, and they have practically cut out the middle man which enables them to get a better price for what they produce. The time is fast drawing near when their methods will have to be adopted here in self defence if for no other purpose. There are yet millions of acres of virgin soil in America but it will not remain so always.—Exchange.

AFTER PASSING YEARS.

Goldthwaite Testimony Remains Unshaken.

Time is the best test of truth. Here is a Goldthwaite story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. W. McAlexander, Goldthwaite, Texas, says: "I couldn't work or ride horseback, owing to intense pains in the small of my back. When I stooped it seemed as if a thousand knives were going through me. I often had trouble in passing the kidney secretions. I used two boxes of Doan's Kidney Pills, procured at Clements' Drug Store, and am now all right. Whenever I hear of anyone complaining of a bad back, I advise a trial of Doan's Kidney Pills. I think it is my duty to confirm the endorsement I gave Doan's Kidney Pills some years ago. Since then I have not had an attack of kidney complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAlexander had. Foster-Milburn Co., Props., Buffalo, N. Y. (ad)

**NOW HER FRIENDS
HARDLY KNOW HER**

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 30 years. It will help you. At all dealers.

STAR.

The cranes are going north. Spring is rapidly getting warm, the ground is wet—everything looks good at Star.

R. C. Campbell has just purchased a new windmill tank and has put it up on his place in town.

Miss Blanch Harper, who is teaching music here, visited home folks in Goldthwaite last week.

R. W. Barr has put his new steel cellar down. Mr. Barr is certainly well fixed for the spring storms and when his many friends have seen his new cellar they will more than likely want one too.

"Dot, The Miner's Daughter, or One Glass of Wine" was played at Evant a short time ago by Star talent. The weather was very bad and the attendance was not half as good as it would have been had it been a favorable night. However, when the play was taken to Center City last Friday night, it was impossible to give the play on account of rain.

However, the actors gathered and as the rain was pouring down they were laughing and talking over the bad weather and enjoyed a good supper of canned goods and crackers. The enthusiasm of the Star people, and especially the ones in this play, is unbounded, and when they can't have a good time and enjoy themselves the world is very "blue" indeed.

The Masons met in regular session last Saturday night, in their new lodge room over the prosperous store of Hawkins & Shaves.

Dr. Jackson of Gorman, Eastland county, has decided to locate here, he being favorably impressed with the prosperity of Star, and he has secured the office room on the south side of J. F. Slaughter's store.

Z. S. Lee has sold a piano to F. M. Soules, Sr., of this place.

Friends here of Alonzo Burney of Evant were grieved to hear of his death Thursday night of last week. His death was caused by inflammation of the bowels. Mr. G. D. Burney and family went to Evant Friday to attend the funeral. Mr. Burney's illness was of short duration, lasting about five days.

The choir did not meet last week, though our Sunday school made a fine showing last Sunday morning.

Prof. Luther Garrett was here from Center City visiting home folks and shaking hands with his many friends last Saturday.

Elvis Morris, one of our prosperous merchants, and his sister, Miss Ada, attended the singing convention at Miller Grove last Saturday and Sunday.

Ollie Manning and Miss Lena Knowles were united in the bonds of matrimony last Saturday evening. Rev. L. N. Myers officiating. This is one of our most popular young couples and we join in wishing them a long and happy life.

Mrs. Zula Livingston is visiting Mrs. Parma Childre in Lampasas.

Mrs. Bettie Billingsley, nee Miss Bettie Baker, is here from Ohio visiting friends and relatives.

Prof. Childress, who is teaching the Hearst Ranch school, went to Goldthwaite to take teachers examination last week.

Miss Dora Baker of the Fairview community, is here visiting her brother and family, Mr. and Mrs. F. N. Baker.

Marshall Burney of Evant has accepted a job with G. D. Burney, for the spring rush.

Prof. Jno. W. Woolard is here from Hamilton visiting friends and looking around. Prof. Woolard is a good singing school teacher and teaches vocal music by the "show how" method as well as the "tell you how" method.

W. R. Gordon of the Vista country and Miss Vera Waddill of the Hearst Ranch community were married at Fairview last Sunday. The best wishes of their many friends follow them.

Bro. Hall did not fill his appointment here last Sunday, on account of ill health.

The young people of the community enjoyed singing at the home of Dr. and Mrs. J. E. Brookings last Sunday night.

A musicale was given by Mr. and Mrs. R. C. Campbell last Saturday night. Mr. Will Gent rendered some delightful violin selections and Miss Blanch Harper also played sev-

eral pieces that were highly appreciated. The young people always have a good time when they meet with Mr. and Mrs. Campbell.

We have not heard anything more of the Sunday school rally program for tomorrow. However, everything has been in such a crowded state that the program has been very hard to fill. There was also a delay in the mailing of part of the program therefore, the committee can not be blamed. This committee is one of the best ever appointed for this purpose and will, I am sure, make good in the very near future. Although the bad weather has prevented the committee acting, it has helped the crops and we can't grumble.

Walter Henry is packing his household goods preparatory to moving on to his brother's place a few miles southwest of Star. Dr. Jackson, our new doctor, will occupy the house vacated by Mr. Henry. Mr. Henry will devote his attention to farming.

Henry Morris' front yard is beginning to look very pretty, he having set out a large quantity of flowers and shrubs, as well as making other improvements.

Rolla Livingston is painting his house. He has the roof painted and is painting the body. The roof is black and the body will be white.

The people of this and surrounding communities enjoyed singing at the Baptist church last Sunday evening at 4 o'clock. Prof. Woodard of Hamilton led the singing.

Henry Winters and family of the Evant community passed through here Sunday evening en route home in their auto.

Not hot air this time, Mr. Editor, all straight news items, and I am afraid I did not get anything like all of them, but I guess I had better leave space for others.

SOME RHYMES.
A certain Mister Ferguson
Came forth to make his bow
At Blum, some several days ago,
And raised an awful row
About the wretched tenant man—
That poor down-trodden worm,
Which hasn't sense enough to bite,
Nor energy to squirm;
And since, poor things, can't conduct
Their business for themselves,
He makes this noble sacrifice
In pity for the elves.
He's horrified at politics—
Ambition's call is vain,
'Tis only for the renter's good
He strives with might and main,
And warns us in his gentle way
If we don't take his cure
We're doomed, because the Socialists
Will straightway get us sure.
Now, look here Mr. Ferguson,
It may be as you say
About poor people being poor—
We've seen some in our day.
But when you veto politics
You seem uncommonly slick,
For that's what politicians call
A very pretty trick.
You dodge the issue nicely, too,
For one so innocent,
Because you know the biggest bunch
Are those who pay the rent.
Say, if a renter came into
Your bank some summer day,
Would you give him a cheaper rate
Than landlords have to pay?
Get off the fence, dear Ferguson,
Show people where you stand,
For Texas people all admire
A manly, honest man.
The prohibition question is
The leading issue now—
You needn't think you can lose us,
Because we chase the plow;
And if the issue you won't face,
The Texans, tried and true,
May rise up like the men they are
And just eliminate YOU.

MAIL ROUTE TO PRIDDY.

Messrs. W. C. Dew, W. Lee Jones, H. G. Bodkin and A. E. Evans, representing the Goldthwaite Commercial club, went to Priddy Thursday to ascertain the wishes of the people of that community relative to the establishment of a mail route from Goldthwaite to Priddy. They found the people enthusiastic for the route and a petition to the postoffice department to establish such a route met with great favor and was signed by all to whom it was presented except one man and he announced that he did not care to take interest in the matter. It is understood an inspector will be here within the next few days to look over the situation and perhaps go over the route before making his recommendation to the department.

CORN CLUB.

We have fixed Saturday, May 9, as the day for the meeting of the Corn Club boys in Goldthwaite. We want all the Corn Club boys of the county to meet here about 10 o'clock in the court house. We invite especially the demonstrators and co-operators.

Very respectfully,

O. H. ROBBINS,

A DREAM THAT CAME TRUE IN REXALL CLUBS.

By P. Harmacist.

Verily, truth is stranger than fiction, and the prosaic work-a-day business world often brings to our attention romances more wonderful and inspiring than even the most imaginative conceits of author or playwright. An exemplification of this is to be found in the meeting in Houston of the Texas state Rexall Club this week.

It is just about a dozen years ago that Louis K. Liggett, a young Bostonian, a "drummer" who called on the drug trade, began to weave a dream that has found fruition in an achievement so great that it may justly be entitled a great business romance.

Disagreeable facts started him day-dreaming just as disagreeable facts often make one dream at night.

The profession of pharmacy and the public's faith in pharmacies and pharmacists were being undermined by a flood of all kinds of impure and dishonest preparations and impure and dishonest advertising.

This humbug and trickery disgusted young Liggett. They revolted his sense of squareness and honesty, and the harm they were working a very necessary and important profession offended his business sense.

"Why can't these mean conditions be wiped out of the business?" was the impatient thought that constantly haunted him.

Surely, to dream of doing this was an ambitious dream, but Liggett began to work to make his dreams come true.

That is how every great romance in business has developed—ambitious dreams backed by hard work.

To combat the evils which disgusted him, Liggett must have a laboratory, where only the most dependable preparations should be made, from formulas in strict accordance with the highest medical rulings, from the choicest and purest ingredients the world's markets afforded.

These preparations must be marketed on a frank, honest, money-back-if-not-satisfied basis.

Then he must find the retail druggist in each community who was most dependable, and who, like himself, was dissatisfied with existing conditions, and who, like him, believed that those who would best serve themselves must first serve others best. It was through these men he proposed to distribute the preparations to the public. He proposed to make them partners in the enterprise.

If the first part of Liggett's plan was the work of an idealist, the second part was one that could only be conceived and carried out by a general of distribution—a man whose knowledge of human nature was equal to his dreams of excellence.

The dreams began to come true; the romance began to develop.

A start was made in Boston, in a little plant employing about thirty people. The preparations began to reach the public here and there. More and more druggists began to wake up to the excellence of the plan and its wonderful possibilities and the ranks of the United Drug Company, as the

new institution was called, swelled faster and larger.

Today, as a great monument to the ideas of that disgusted young "drummer dreamer" there is a United Drug Company plant in Boston, in which the floors cover nearly twenty-two acres, employing nearly 2,500 people, with a payroll of a million and a half dollars a year. There are nearly 7000 leading druggists in the United States, Canada, Great Britain and Ireland who are the stockholders and the distributors of the preparations. There are branch plants in Chicago, St. Louis, San Francisco, Toronto, Canada, and Liverpool, England. Nearly 200 different items are produced. Some of them are remedies, of which there is one for the special treatment of every ailment, the formula of which is public property; perfumes and toilet articles of every variety, beautiful stationery, delicious candy, faultless rubber goods, and many other items that go into the making of the stock of a modern drug store.

It's a monument to fair dealing also, and to the correctness of the belief of Mr. Liggett and his retail druggist associates that open-faced treatment, absolute fairness and honest advertising would win the appreciation of a discriminating public.

To become a Rexallite—a member of the United Drug Company—requires more than an application for capital stock. It means that before he is admitted the druggist must submit to the most painstaking investigation into his record as a man and as a pharmacist, his ability and his character, and that his store must be the one in his community patronized by the best people. If there is aught against his record he can't get in.

So when you see a Rexall store, you may know that here is a man that has been passed through the ordeal of the most rigid examination and has been stamped with the approval of an exacting jury. The Rexall ideal is high, and no man is admitted who will not be a credit to the organization that established that ideal.

These Rexall druggists are an enthusiastic fraternity. They own their own stores. The only restraint upon them is that they must prove satisfactory servants to the public.

The Rexall druggists not only have their international meetings each year but they also have their state clubs. In fraternity of interests they have learned the new lesson of salesmanship—to contribute their successful ideas to one another.

The meeting of the Texas Rexall Club means much to the people of this state, because it means an organized, persistent attempt by the cream of the drug fraternity in Texas to improve their service to the public. They will discuss and exchange ideas toward the eliminating of existing evils, the improvement of merchandising methods, and the various other big and little things that go to make up a bigger and better business thru serving the public as they expect to be and ought to be served.

R. E. Clements is the local stockholder of the United Drug Company, and his store is the Rexall store of Goldthwaite.

CLUB ENTERTAINED

The social interest of Tuesday focused upon the forty-two game of which Mrs. J. A. Gillespie was hostess, her guests being the members of the Merry Maids and Matrons club, and by special courtesy Mesdames Eli Fairman, L. R. Conroy, J. M. Arnold and Miss Lillie Martin. Afternoons in the Gillespie home are always pleasant, whether they are marked with the simplicity of the regular club meeting or reach farther and become pretentious as on this occasion. There is always the touch of a tasteful hostess and her cordiality, the warm atmosphere of a hospitable home and a word of welcome.

Hand painted plates in the popular Dutch figures triumphed the game and went to Mrs. Trent and Miss Martin. The aftermath of social chat brought with it a seasonable plate of apricot ice and wafers. The club members present were Misses Perry and Thompson, Mesdames Gillespie, Thorpe, Trent, Ebers, Marshall, Geeslin and Skaggs. REPORTER.

GOING TO LAW.

Old Wax and I lived side by side and never had a row until one day he lammed the hide off my old brindle cow. He said she ate a suit of clothes that hung upon his line, and so I biffed him on the nose and he soaked me on mine. We owned our homes, were out of debt, had money in the bank, that day he lammed my brindle pet, and I gave him a spank. A while we stood around and cussed and wagged the fluent jaw until, surcharged with deep disgust, we turned and went to law. Oh, that was bum, beastly sport! Our lawyers smooth and deft, conveyed the case from court to court and taxed us right and left. Now at the poor farm Wax and I put in our fading years, I lean on him and heave a sigh and he bursts into tears. Sometimes we ramble up the road where once we did biz, a lawyer lives in my abode, another lives in his. Then to the poor house back we go and seek our bed of straw, and think of joys we used to know, before we went to law.—Walt Mason.

The ladies of the Self Culture club are preparing to plant flowers and shrubbery in the court house yard. A workman is now engaged preparing the soil.

The candy and Easter egg sale by the Self Culture club committee was postponed from yesterday afternoon to this afternoon. Their stand will be at W. E. Grisham's store, where they will sell home made candy and Easter eggs.
