MULLIN TEACHERS ELECTED

The Mullin school board has elected teachers for the next term, as follows: Prof. A. H. Daniel, superintendent; Prof. Homer McClendon, principal; Misses Williams and Kirkpatrick and Mrs. Skaggs, teachers. Prof. Daniel is the principal of Goldthwaite high school and is a man of experience and splendid qualifications and the patrons of the Goldthwaite school regret that he has decided to retire from the work here to accept the superintendency of the Mullin school. He is a gentleman of the highest character and one who is in every way desirable for the management of a first class school. Prof. McClendon is from Georgetown and is highly recommended. The lady teachers of the school have served the past session in the positions to which they have been elected and have given splendid service to the school and the Eagle feels sure all the patrons are delighted that they have been re-elected.

As far as the Eagle is informed the teachers have not yet made known their acceptance, but in the interest of the school, it is hoped they will accept the positions to which they have been elected.

PRIDDY MAIL ROUTE.

An order has been issued for a daily mail route for Priddy and the service begins July 1. The mail goes from Comanche to Democrat and thence to Priddy, reaching that place late in the afternoon. This route will be far more acceptable to the people of that community than the present system, which carries mail by Hamilton and Indian Gap and from that place to Priddy by the rural carrier, but it will not be as beneficial or satisfactory as a route from Goldthwaite would have been. However, the postoffice department has investigated and formulated the plans and this route will be better for Priddy than no route at all.

Miss Nora Bryan went to Belton Tuesday for a visit to her sister, who is in school at that place.

J. H. Clifton, the real estate agent of Star, was looking after business in this city the first of the week.

J. F. Priddy was among the good men of the Priddy community who had business in the big town Tuesday.

T. J. Taylor will hereafter receive the Eagle at Beaumont, by order of his father, Mr. Wm. Taylor of this city.

W. H. Leverett went to Houston Tuesday to attend the Farmers Union warehouse owners meeting. He also visited his son Roy at Texas City.

D. R. McCormick was one of the prominent business men of Mullin who visited this city the first of the week. He was accompanied by his daughter, Miss Mabel.

Rev. Keever of Cherokee filled the pulpit in the Methodist church Sunday morning at 11 o'clock and his sermon was heard by a fair sized congregation.

F. M. Soules of Moline was here Tuesday looking after business matters. He had been to Lometa, where he shipped some cows and hogs to the Fort Worth market.

J. W. Bradley returned to his home in Runnels county Monday morning, after sending some time with his daughter, Mrs. W. E. Reid, and family, in the Center City community.

Miss Donald Oldfield, who taught in the Star school the past session and has been elected to the same position for the next term, visited Mrs. J. H. Randolph in this city this week.

A. A. Beck and wife of Menard who are spending some time with relatives in this county, made the Eagle a pleasant call last Saturday. They were called here some weeks ago on account of the serious illness of Mr. Beck's mother.

COMMERCIAL CLUB.

An interesting meeting--Arrangement for Conventions--Plans for Fair.

The Goldthwaite Commercial club met in monthly session in the court house Tuesday night, with Vice President J. H. Randolph presiding.

The committee to secure a petition for a mail route to Priddy reported having secured a large petition in the Priddy community for the route to go from Goldthwaite, but also reported the route had been established via Democrat.

A list of speakers for the convention of Corn Club boys was read and a committee composed of Messrs. J. C. Street, W. L. Jones, B. F. Geeslin and W. C. Dew was appointed to prepare for entertaining the members of the corn club and the speakers in a proper way at the expense of the club. Among other things, it was suggested that a dinner be served and an automobile excursion over the city be arranged.

The report was made that Hon. Homer D. Wade of Stamford, secretary of the state Good Roads association, would be here on June 1 to address the overseers convention and other speakers had been invited. The entertainment committee was instructed to see to the proper entertainment of the speakers.

The president was authorized to confer with the members of the fair committee and appoint sub-committees to look after every detail of the work for a successful fair.

COL. SLAYDEN COMING.

Congressman Jas. L. Slayden will spend today in Goldthwaite and will address the people at 2 o'clock in the afternoon in the district court room on the current issues. He is conversant with the foreign relations of this government and his address will undoubtedly be interesting to all who hear him and everybody has a cordial invitation.

R. H. Patterson and wife of Star were among those who attended the bankers' convention in Fort Worth this week.

E. R. Alexander of the Long Cove country had business in the metropolis Tuesday and called to add his name to the Eagle's growing list of readers.

Colon Conroy, who was called here some time ago on account of the serious illness of his uncle, Judge Roach, returned to his home in Missouri the first of the week.

Rev. J. C. Newman attended the Pastors conference in Lometa the first of the week.

Harry Broad was here from Brownwood the first of the week, looking after some real estate interests.

Mrs. A. A. Beck was called to San Saba Wednesday on account of the illness of her sister, Mrs. Evans.

J. M. Arnold, candidate for railroad commissioner, made a trip to south Texas the first of the week and was much pleased with the outlook in that section.

PLEASANT WAY TO STOP CONSTIPATION

Dodson's Liver Tone Takes the Place of Disagreeable Calomel and its Often Dangerous After-Effects.

You probably know that calomel is a poison, a form of mercury, very dangerous to a great many people and sometimes causing disagreeable after-effects for nearly everyone who tries it.

Dodson's Liver Tone is recommended as a perfectly safe and reliable remedy to take the place of calomel. This is exactly what it is made for and has been made for ever since the first bottle was put up and sold.

Dodson's Liver Tone is pretty widely imitated. But be careful to judge between the loud boasts of the imitators and the plain truth of the original.

Dodson's Liver Tone is sold and guaranteed by R. E. Clements, who will refund purchase price (50c) instantly with a smile if you are in any way dissatisfied.

Dodson's Liver Tone is a palatable vegetable liquid. Its action is easy and natural, with no grip, no pain and the after-effects are pleasant instead of disagreeable. Dodson's Liver Tone does not interfere with your regular duties, habits and diet, but builds and strengthens instead of weakening you or "knocking you all out" for days. Try Dodson's and feel better and brighter, as thousands have.

The gubernatorial campaign opened with fifteen or twenty entries and for a time it seemed the voters would have considerable trouble in making a selection, but the indications now are that only two men will be recognized among the possibilities by the voters. These two are Col. Ball of Houston and Jas. E. Ferguson of Temple. While some others are still claiming to be in the running, the voters appear to be rapidly lining up for one or the other of the gentlemen named.

Take a walk through a cemetery and you will pass the resting place of a man who blew into the muzzle of a gun to see if it was loaded. A little further down was a crank who tried to show how close he could stand to a moving train while it passed. Strolling about you will see the monument of the person who tried to start the fire with kerosene and a grass covered knoll that covers the boy who tried to get on a moving train. Side by side the pretty creature who always had her corset on the last hole and the intelligent idiot who ran his car ten miles in nine minutes, sleep there with a top of a shoe box driven over his head is a rich old man who married a young wife. Away over there reposes a boy who went fishing on Sunday, and the woman who kept strychnine powders in the cupboard. The man who stood in front of the mowing machine to oil the sickle is quiet now and rests beside the careless brakeman who fed himself to the 20-ton engine.—Pike County Post.

Ice Cooled Chocolates at Clements'—The Rexall Store. (Adv)

A young woman visiting the country following the farmer's wife along a winding half over-grown path amid a winding tangle of wild flowers. The young visitor exclaimed at their variety and beauty: "I mean to gather all I can carry when we come back and have a little more time," she said. "Better pick them now if you want them," said the elder woman, "it isn't likely we'll come back this way." It was one of these simple homely incidents which sometimes seem to epitomize life. We must pick now if we want them at all, the flowers that God scatters along our way. The pleasant hours, the dear friendships, the offered confidences, the happy gatherings—all the brightness and blessings that we so often push aside, but mean to find leisure to enjoy some time—we must take them day by day as they come, or we shall lose them altogether; we can never turn back to find them.—Agnes McEnery, in Southern Messenger.

DISTRICT COURT

District court has been in session this week but there has not been much business transacted. No juries have been used and such cases as have been tried have been heard by the judge, but there have been no contests. Several judgments by default have been rendered and one divorce, that of J. W. Smith against Mrs. Pearl Smith was granted.

The grand jury adjourned yesterday afternoon after reporting eight indictments, all for misdemeanors.

Juries will be used next week and the week following, providing they are needed, and it is likely the court will be more interesting.

The grand jury was composed of the following citizens: E. F. Casey, foreman, John Schlee, J. L. Chancellor, R. Robertson, John Mark Boler, L. B. Ashley, V. M. Biddle, L. W. Faulkner, H. D. Barrow, G. W. Tippen, J. M. Chadwick, S. J. Fisher.

Riding bailiffs—W. L. Burks, J. S. Caldwell, W. N. Griffin.

Door bailiff—D. M. Hooks.

Walking bailiff—C. W. Lindsey.

REPORT OF GRAND JURY

To the Hon. Jno. D. Robinson, Judge of the 27th Judicial District:—

We, your grand jury, empanelled as such at the May, 1914, term of the District Court of Mills County, beg to submit the following report:

We have been in session for five days and have examined a large number of witnesses; the result of all of our investigations has been the finding of eight true bills of indictment, which we herewith present to your honor, all of which charge misdemeanor offenses committed within Mills County. Our investigation disclosed no violations of the law of the grade of felony. We are convinced, from our investigation, that the people of Mills county are law abiding citizens, and that our county is as free from crime and misconduct of a criminal nature as any within the bounds of the State.

We have visited the jail and find it in a good sanitary condition. We find, however, that there is a leak in the roof which we would suggest should be repaired. No prisoners are now confined therein. The reports of the justices of the peace and other officers have been examined and no corrections were found necessary.

Inasmuch as the county's books of finance and accounts have not been audited for some time, we would recommend to your honor that you appoint a proper committee to audit such books and accounts.

We desire to extend our sincere thanks to your honor for your hearty co-operation with us, and for the many favors and courtesies that you have shown us during our deliberations.

We also desire to extend our thanks to our Honorable District and County Attorneys for their faithful attendance and assistance rendered us during our labors just completed.

Respectfully submitted,

E. F. CASEY,

Foreman of the Grand Jury

MEETING IN PROGRESS

The Nazarine church is conducting a tent meeting here and considerable interest is manifested by members of that denomination and other Christian people. The preaching is being done by Rev. I. M. Ellis of Hamlin and the ministers of the other churches are giving assistance. The rain Sunday made it necessary to hold services in the Methodist church Sunday night, but the tent has been used since that time. The song service is one of the attractive features of the meeting and members of the different church choirs give assistance in this service.

The services will continue through the greater part of next week and Rev. Carpenter of Pearl is expected to assist in the preaching.

TRUSTEES ELECTED.

In the election for school trustees in the Goldthwaite Independent district last Saturday Messrs. B. F. Geeslin, J. V. Cockrum, E. L. Martin and J. T. Weems were re-elected as members of the board. Considerable interest was taken in the election and a number of names were placed on the tickets, but these gentlemen received the largest number of votes and will serve the district for another two years.

BIDS WANTED.

I will receive bids up to noon Monday, May 11, for cleaning off the Goldthwaite cemetery grounds. For full particulars apply to me.—P. H. Rahl

Clements' Drug Store will be open Sundays through the summer from 8 to 11 a. m. and from 1:30 to 9 p. m.—Advertisement

R. M. THOMPSON, Editor

A report comes from Lee Summit, Mo., of the serious illness of Cole Younger, the once notorious bandit, who is suffering with Bright's disease and heart trouble. He was in Goldthwaite a few months ago, when he delivered a lecture in the opera house.

The announcement is made that Hon. Chester Terrell, speaker of the house of representatives and a man credited with fine ability, will be a candidate for congress in this district against Col. Slayden, who has represented the district for sixteen years.

Some good advice is given by the Temple Telegram when it says: "Don't be one of those who know exactly what the government ought to do in regard to the Mexican situation. If you had been especially fitted to direct affairs in times like this some one would have found it out and you would now be in a position to act."

The sanitary idea is taking a firm hold in Texas and now we have sanitary meat markets, sanitary grocery stores, sanitary barber shops, sanitary bakeries; in fact, it has gotten to the point that the concern known to conduct a place that is not sanitary does not any longer get the best trade. It may be a fad, but if it is, it is a sensible one and ought to be encouraged.—Brownwood Bulletin.

Strong protests are made because the Mexicans, both federals and rebels have killed citizens of this country who have made their homes in Mexico and the protest is right and proper. While the citizenship is bona fide, but the Mexicans who have become naturalized American citizens for the purpose of voting in election and claiming the protection of this government and then return to their own country are just the same as any other Mexican and deserve no more attention from United States authorities. Many of the "Americans" who have been naturalized have names that indicate they are only "Americans" by adoption.

A most unusual snake story comes from Austin. A few days ago two men were at work near the river and a small negro child stood watching them. Suddenly a large rattlesnake sprang at the child and fastened its fangs in its clothing. The reptile then coiled around the child and bore it to the ground and was in the act of striking it in the face when one of the men grabbed the snake and severed its head with a saw, but in the act he was bitten on the arm. The snake was 12 feet long and weighed more than 12 pounds. If the story is true, the man certainly deserves a hero medal for his prompt and brave deed.

A professor of Columbia University has just completed a year of character of 1,000 working men of different sections of the United States and his report reveals some interesting tendencies of the average laborer. Prominent among his discoveries was the revelation that nine men in every ten laborers occupy a large amount of their spare time in reading the newspapers and that this number of them are subscribers to their local publications. Next to the time spent with his family, the American laborer divides his spare moments in visiting friends and in reading newspapers. Of the thousand men investigated, 29 nationalities and 64 occupations were represented, and 99 of them belonged to trade unions. There were 580 church members, while 40 did not profess religion. Six men in every ten are regular patrons of the picture shows and only three in ten used incidents in any form. The one thousand men investigated as a fair example of the average laborer, the American workman is the strongest social spirit of that of any civilized nation on the globe.—Commercial Secretaries

ABERDEEN, WASH.

Editor Eagle:

Can you find space in the crow of the Eagle to inform hundreds of old true Confederates who fought against the Federals in '61 to '65 and subsequently left that grand state and settled in another state in order to get a new and better start in life, after losing their all under the Confederate flag and were subsequently refused a pension by the legislature of Texas, after a convention had almost unanimously appropriated \$100,000 for that purpose, yet without any lawful reason isolated every old Confederate, that left the state of Texas and settled in any other state in the union. That act may be designated the fish and flesh act.

The few old fellows that still remain, that were true soldiers to the state they lived in are as eager today to fight under the stars and stripes to protect the lives of Americans in Mexico and all other foreign subjects that are being today murdered by the Mexicans. The press of Texas may ask during the coming campaign for members of the legislature, give them a wink with one eye, not both: "Sir, elected, are you going to allow the fish and flesh act to longer stand on the statute books of this great state by your vote, or refuse to take a hand in rubbing it off and restore all ex-Confederate true soldiers to their legal rights?"

Your correspondent expects to attend your next annual meeting at Goldthwaite if it is the Lord's will; if not, I can only say here and now, "Come and let us reason together." Though we may not accomplish more than be permitted to ask the next legislature of the great, prosperous state—the Lone Star State of Texas—to pass a bill and appropriate sufficient amounts to pay to the needy surviving families of the men that furnished their own cavalry horses to the Confederacy and fed and used them in the service of the Confederates during the war of '61 and to all other troops whose wages were due and not paid at the surrenders. Should there happen to be on the floor of your next meeting a black sheep that objects to this letter, claiming that I have no right here because I am not a citizen of Texas, I authorize you, Mr. Editor, to say to him that I am an American citizen and am proud of it, now on my way to help Uncle Sam to keep those greasers from murdering ex-Confederate soldiers and others. Should I reach in person your meeting in July please ask for me big commander to deliver a speech on the above subject.

Texas needs troops again.

FARMERS' INSTITUTE.

Under the direction of the State Department of Agriculture, Farmers' Institutes will be held at the following places:

Mullin, May 14, 1:30 p. m.
Goldthwaite, May 16, 1:30 p. m.
The place of meeting will be announced by the local committee at each point.

These institutes will be conducted by Mr. B. L. Nance, who will discuss Diversification, Rotation, Seed Selection and better agricultural methods. Officers of institutes already organized will please assist in getting the farmers out to hear these important questions discussed.

The State Department of Agriculture publishes, from time to time, valuable reports upon topics of vital interest to the farmers of the state. All institutes will receive copies of all bulletins issued by the Department, free of cost, and will be placed on the regular mailing list for future bulletins and reports.

These institutes are farmers' meetings devoted to the upbuilding of the best interests of the farmer. It is urged, therefore, that farmers bring their families and devote at least one day to a careful study and discussion of the agricultural questions which lie nearest their hearts.

STATE TAX BOARD RESOLUTIONS

Whereas, in a great many counties in this State the assessed value of property for taxation for 1913 was grossly under the reasonable cash market value thereof and so far below its true value as to indicate a flagrant violation of the law governing the assessment of property for taxation; and

Whereas, it is the duty of the State Tax Board to investigate into and aid in the enforcement of the revenue laws concerning the assessment and rendition of property for taxation; and

Whereas, the systematic and gross undervaluation of property for assessment and rendition for taxation in any county works an injustice and hardship upon counties where property is fairly assessed in accordance with law:

Therefore, Be It Resolved by the State Tax Board, that said Board will do all it legitimately can to enforce the law governing the rendition and assessment of property for taxation and will report to the Attorney General of the State of Texas any case of flagrant violation of said law, which may come to the knowledge of said Board during the year 1914, in order that suit may be brought by the Attorney General against such officer or officers so offending, as provided by Article 7574 of the Revised Statutes of Texas, 1911.

Resolved Further, that the State Tax Commissioner be and he is hereby directed to mail to each county tax assessor and county judge in this State a copy of these Resolutions.

(I hereby certify that the above and foregoing instrument is a true and correct copy of the preamble and resolutions adopted by the State Tax Board on January 3, 1914, as set out and shown in the minutes of said Board on pages 242.3 of the Minute Record of said Board.)

Witness my hand this May 2, 1914.
A. L. LOVE,
Tax Comm. of the State of Texas.

M. J. Thorpe made a business visit to Brownwood the first of the week.

Luther Harmon of Lampasas returned to his home Saturday night, after a visit to E. A. Obenhaus and family a short distance east of this city.

Those who attended the Moline picnic last Saturday report a mighty fine dinner and an enjoyable day, notwithstanding a heavy rain fell during the day which prevented as large attendance as would otherwise have been recorded. Candidates were there from Lampasas and Mills counties and the voters were given an opportunity to make some selections.

Several Mills county people left Saturday night for Jacksonville, Fla., to attend the national Confederate reunion and most of them will visit their former homes before returning to this county. Rev. D. I. Haralson and wife will visit in Mississippi, J. B. Brinson will visit in Georgia, T. R. Wilcox will visit in Florida and Georgia, D. E. Hopkins will return home from the reunion Mrs. Ellis of North Carolina, who spent some time here visiting her nephew, E. A. Obenhaus, and family, accompanied the party on the trip to Jacksonville and will visit in Georgia before returning to her home.

Commissioner R. F. Swindle came near being drowned, together with his horse Monday morning as he was crossing North Brown creek. The floor of the bridge across the stream had been carried away by the water and the stream was swollen to large proportions when he attempted to cross. Not knowing of the absence of the flooring of the bridge, he rode into the current and his horse fell between the 'sleepers' in the bridge. Discovering that there was something bad wrong, the horse turned completely around and climbed out the same way he went in. Mr. Swindle said the thought uppermost in his mind when he discovered his predicament was that there was soon to be a vacancy in the commissioners' court. His many friends were pleased when they learned that he escaped unharmed from the water.

BOARD OF EQUALIZATION.

Notice is hereby given that the Commissioners court of Mills county, Texas, will meet and sit as a board of equalization at the court house of said county, in the town of Goldthwaite on the third Monday in May, 1914, the same being the 18th day of said month, for the purpose of examining the renditions for taxes for the year 1914, and to correct and equalize the same for approval.

HAMILTON.

The friends of Mr. and Mrs. B. H. Baxter, who have been camping on the San Saba for the past month, will be pleased to know that they are to return home Sunday. Mr. Baxter will probably again engage in business in Hamilton.

Each year finds Prof. Corrigan rendering most valuable aid to the Park Association in securing engagements from prominent personages in the state to speak on the occasions of our annual May Picnic and Spring Carnival.

Mrs. Thomas Massie and little children of Sonora, Mexico, arrived in Hamilton today and were met by relatives who took them to the home of Mr. Massie's parents, Mr. and Mrs. J. W. Massie, on Blue Ridge. The family are again refugees from strife torn Mexico. Mr. Massie remained in Arizona.

Dr. W. T. Rouse, who has served the people of the Baptist church so faithfully and well for nine months, has resigned his pastorate here to take charge of the church in Chickasha, Oklahoma. With his family he will leave for that city Tuesday. Dr. Rouse recently visited Chickasha and says it is a town of 21,000 inhabitants and seven railroads. The Baptist church has a membership of some five hundred.—Record.

Farmers all over the country are rejoicing over the rains, which seem to have been general over a large territory. Corn will put on new life, oats will make a part of a crop at least and the cotton can now be thinned to a stand.

Judge M. V. B. Sparks has a letter from his son, Buren Sparks, who is pastor of the Baptist church at Van Horn, in which he says the people there are very much excited over the Mexican trouble on the border. There are many Mexican laborers in the Van Horn country and citizens there anticipate trouble should war be declared.—Leader.

LOMETA

Mrs. G. A. Swain has returned from a visit to relatives and friends at Goldthwaite.

The body of Miss Margaret Gardke, who died at Big Springs Monday, reached her old home at McCreaville Wednesday and was buried that afternoon at Pitts Creek cemetery.

The Methodist meeting which has been in progress for the past two weeks continues at the Methodist church, the preaching being done by Rev. Adams. BROWNWOOD.

Max J. Thorpe came in from Goldthwaite for a business visit here.

Mr. and Mrs. J. L. Moss of Belton and Miss Willie Rahl of Goldthwaite are in the city this week as guests of their sister, Mrs. C. F. Jones, at 703 Booker street.

Announcement was made a few days ago by W. C. Preston, traffic manager of the Frisco, that H. M. M. Grizzard, who has served the Frisco here for the past two years as freight agent, has been appointed general agent at Brownwood.

A called meeting of the Brownwood Presbytery, U. S. A., was held here Tuesday, attended by six preachers and a small number of lay delegates from the churches of the presbytery. Business matters engaged the attention of the presbytery for a few hours, after which adjournment was taken.

It is believed that the death of Mrs. W. B. Roberts Thursday afternoon was caused by poison, which the woman had taken in a fit of despondency. The basis for this belief is a note found in the room after her death, in which she stated that life was a burden and that she would be "better off dead." Mrs. Roberts, whose husband is an engineer at the Brownwood Ice & Fuel company, had returned Wednesday night from Abilene, where she had been in the state institution for epileptics for some time.—Ballet.

COMANCHE

Supt Holloway furnishes us with the information to the effect the Comanche City Schools will close on Wednesday, May 20, with graduating exercises.

Another good rain fell in this section Monday morning and if they continue at intervals, as it seems they will do, nothing can prevent old Comanche county making more oats than "Carter" had.

Gustine is to have a new general merchandise business which is expected to open for business early in next month. This new business will be opened by L. B. Cox and George Terry.

We learn from parties in town Thursday that Ossie Jones, living on the place of his father-in-law four miles north of Sidney, is alleged to have attempted suicide Wednesday by shooting himself.

We learn the country home of Mrs. John Anderson, who lives on the Gustine road, a few miles south of town, was destroyed by fire last Friday, the house and contents being a total loss. Mrs. Anderson lost her husband by death a few months ago, and the loss is therefore doubly heavy just at this time.—Chief.

POMPEY CREEK

Editor Eagle:

The weather Sunday morning prevented the services. Also Rev. Wilkins' Blanket was prevented from coming in the afternoon, but Rev. Watson of Mullin drove out and preached an interesting and very helpful sermon after the Sunday school was over.

As it is thought Rev. Wilkins intended to leave a regular appointment, we suppose he will be here the first Sunday afternoon in next month.

Rev. Watson left a regular appointment for the first Sunday at 11 o'clock and although it is not certain, it is probable he will preach at night also. We hope that others may follow the examples of Rev. Watson and Wilkins that we may have services oftener.

Mr. Turner Vaughan's barn was destroyed by lightning Sunday morning at his home near Duren.

Miss Willie McDonald went to Brownwood the latter part of last week.

Miss Elsie Durham was a guest in our community last week.

Many of the people of our community attended the picnic and entertainment at the close of Prof. Jeter's and Miss Mary Johnston's school near Democrat. They report a very nice time.

The young people met at the home of Mr. W. E. Jenkins Sunday night and had choir practice.

Some of the Democrat people attended services here Sunday.

MRS. CATES DEAD.

Mrs. Sarah Cates, wife of Mr. Tom Cates, died at the home of her brother, Major D. H. Trent, last Saturday afternoon at 6 o'clock and her remains were laid to rest in the Odd Fellows cemetery Sunday afternoon.

Mrs. Cates was 87 years of age and had made her home in this section the greater portion of her life, having lived at Williams Ranch before the creation of this county. A few years ago she and her husband moved to this city in order that she might be given care and attention by her brother and his family in her declining years. She was a member of the Methodist church and a devoted Christian. She had been in feeble health for a long time and her death was not unexpected by the family and friends.

To the aged husband and other bereaved relatives the Eagle extends sincere sympathy.

DOG TAX

The tax of \$1 on all dogs kept within the city limits of Goldthwaite is now due and dogs must be provided with tags and must be registered with the marshal. The ordinances make it a misdemeanor to keep a dog about the place without having paid the tax and secured a tag for the animal, and each day a dog is kept without a tag constitutes a separate offense. I trust it will not be necessary for me to make complaint against any citizen of Goldthwaite on this account, but the tax must be paid and tag procured immediately or complaint will be filed with the recorder.

L. R. CONRO,

City Marshal and Collector.

A E CLUB MEETING.

The Art Embroidery club will meet in a called business session Wednesday, May 13, at 3 p. m., at the home of Mrs. Chas. Rudd. Every member is urged to be present. X.

NOAH KARNES DEAD.

Mr. Noah Karnes died in the sanitarium in Temple Thursday morning at 6 o'clock and his remains were brought here on the evening train and conveyed to his home east of town, from which place the funeral was held yesterday, interment being made in the South Bennett cemetery.

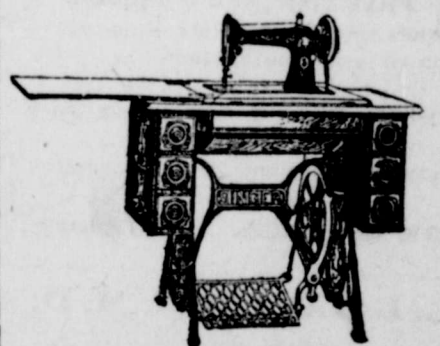

Mr. Karnes was one of the county's oldest citizens in point of residence, he having located here in the early days of the county's organization. He was universally esteemed as a man of integrity and honesty and all who knew him were his friends. He had been in failing health for some time and went to Marlin a few weeks ago with the hope of improvement, but he was not benefited and from there he went to Waco and then to the Temple sanitarium, where his ailment was diagnosed as Bright's disease.

His bereaved family can be sure of the deep and sincere sympathy of all who know of their great loss.

A hundred years ago and more, men wrung their hands and walked the floor, and worried over this and that, and thought their cares would squash them flat. Where are those worried beings now? The bearded goat and festive cow, eat grass above their mouldered bones, and jay birds call in strident tones. And where are the ills they worried over? Forgotten all forever more. Gone, all the sorrow and the woe, that lived a hundred years ago! The grief that makes you scream today, like other griefs, will pass away; and when you have cashed your little string, the stranger, passing there to view, the marble works that cover you, will think upon the uselessness of human worry and distress. So let the worry business slide: live where you live, and when you've died, folks will say around your bier: "He made a hit while he was here."—Walt Mason.

PRIZES FOR CORN CLUB.

Mr. Robbins, farm demonstrator, authorizes the Eagle to say that a large number of prizes have been donated by the business men of Goldthwaite for the Corn Club boys and that he will make public this list of prizes in the near future. It will be necessary for contestants to be affiliated with the Corn Club boys and all who expect to take part in the contest should make a special effort to be in attendance upon the convention here next Saturday.

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does not thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters, Veterinary Surgeon and Dentist, San Saba, Texas.

In referring to J. M. Arnold's candidacy for railroad commissioner, the Temple Telegram exchange editor says "We have been attracted to Mr. Arnold by the apparent earnestness with which he sets about the business of running for office and if, when we have met him, we find that he is all that he seems to be he will find a friend in the Telegram's exchange editor. As to whether his views will meet the approval of the people we do not know—that's their business—but we do believe that a man who has made a study of the railroad work for many years can't otherwise than be competent to attend to the duties of a railroad commissioner."

CLEANEST SCHOOL CONTEST

There has been, in the opinion of this committee, no event of greater importance to the children of Mills county, than that of the "Clean-up" contest instituted among the schools, both in the common schools and the independent districts.

This movement, instituted by County Superintendent, Judge Allen, was almost universal, and scarcely a school was found that did not show very welcome evidence of a great deal of work having been done on the grounds, in the house, and in the out-buildings. The yards were raked off, trash and rubbish burned, and some had even swept the lawn. Inside the houses the walls had been cleaned, in the old houses pencil and chalk marks had been obliterated, and in the new ones very few had been made, the blackboards were clean, the desks were scrubbed and the floors swept, even under the desks and in the corners. Some, but not all, had built new and sanitary out-buildings, and others had greatly improved the old ones. The out-buildings at Democrat, particularly, were well placed and were cleaned regularly, a bit of extra work much less expensive than the doctor's bill for one sick child as a result of unsanitary closets.

In grading, the condition of the grounds, the kind and condition of the house, the cleanness of the floor, walls and desks, the ventilation were taken into consideration; the closets, their condition and kind, the water supply, private drinking cups, and individual hangers all entered into the final average. Some schools that were most excellently prepared on some conveniences and necessities, were delinquent on others to some extent and thus their grades were lowered.

It was a matter of regret with the judges that they were unable to reach all the schools before the term closed. Those that were visited after school closed were more leniently graded than others on account of the general disrupted appearance that the last day of school leaves.

The schools winning first, second and third place were as follows:

In the Independent Districts—First place, Mullin, second place, Goldthwaite; third place, Star.

In the Common School Districts—First place, Ebony; second place, Pickens Springs; third place, Democrat. It is interesting to note that the difference of the grades between Ebony and Pickens Springs was only 3.16 of one per cent. This is peculiarly remarkable in that of the committee of two judges, neither had any idea of what the other's grades were until all the schools were visited and the average struck.

Although it is not within their province at this time, the judges wish to compliment the good-natured cooperation that seemed, in particularly all instances, to prevail between the teacher and the pupils. The students appear very anxious to learn and are interested in the clean-up movement to the extent that is agreeably surprising. If there are any lazy, worthless boys in Mills county, the judges did not discover them, but they found boys and girls everywhere taking a most diligent advantage of their opportunity to get an education and prepare themselves for successful men and women. The parents of Mills county are to be congratulated on the fine showing their children make in the schools.

RELATION OF THE CLUB TO THE COMMUNITY.

(By request of Self Culture Club.)

At the time of the biennial convention of the general federation of Women's clubs in Chicago, June 9, 19, there will be a conference upon the relation of the club to the community, at which a resolution will be presented concerning the subject of dress.

Mrs. Mary I. Wood of Portsmouth, N. H., head of the bureau of information, has written the following letter to all presidents of clubs affiliated with the general federation:

"Over and over again, especially during the last 12 months, the subject of women's dress has been brought to my attention. Women have written to me, both personally and as a manager of the bureau of information of the general federation of women's clubs, complaining that they were unable any longer to buy skirts which did not hinder locomotion; men have stopped me on the street to call to my attention some particularly noticeable costume (one of those which covered everything and concealed nothing) and have asked if there was not something that could be done about it; social workers have discussed in my presence the effect which dress has upon morals; advocates of the dance have urged that proper dress would go far toward overcoming the evils of improper dancing; these and many others have brought the matter to my attention and each and all with the request that the club women take some action in the matter. Influenced by these things and moved by my own observations, I am led to ask myself and the club women at large if the matter is not one in which we are not concerned. We are recognized as the vital thinking force among the American women; is it not time that we should cease to adopt and countenance styles set out for us by Parisian houses, regardless of the influences of such styles upon our comfort, taste or sense of decency?"

The proposed resolution is: Whereas, The general federation of Women's clubs, in convention assembled, view with disapproval the present extreme tendency among American women to follow designs in dress, regardless of beauty, comfort or modesty, and

Whereas, these objectionable designs in women's clothes, emanate largely, if not entirely from foreign houses; and

Whereas, this constant patronage of foreign designs and foreign materials hinders a normal development of American art and manufacture; Be it therefore,

Resolved, That this convention in full recognition of the rights and privileges of the individual, places itself on record as heartily in favor of the movement for simpler, more becoming and more modest designs in women's clothes, and urges the cooperation of all clubs and club women of the federation in a concrete effort to adopt styles in dress adapted to American needs and to encourage American designs and manufacturers.—Houston Post.

J. W. Davenport returned the first of the week from Marlin, where he spent some time for the benefit of his health.

The Texas Bankers association in session at Fort Worth this week selected Waco as the place for holding the next annual meeting and elected J. A. Pondrum of Texarkana president and W. C. Dew of Goldthwaite one of the vice presidents.

In the mad rush for gold, financial standing and a high mark in the world, let us not forget that J. M. Arnold of Goldthwaite is a candidate for railroad commissioner before the July primaries and that the consensus of opinion by those who know this perfect gentleman is, to find a man with a higher conception of justice and right would be a useless and fruitless effort. Here's hoping his highest aspirations in political life may be fully realized.—Killeen Herald

R. E. Clements has installed one of the finest cold drink fountains manufactured and it is indeed an ornament to his place of business. This fountain is very fine and is so arranged as to be strictly sanitary in every particular. It is so planned that even the water passing through it is rendered ice cold and the entire arrangement seems to be perfect. Mr. Clements is one of the city's most progressive citizens and the installation of this fountain is one of the evidences of his progressiveness.

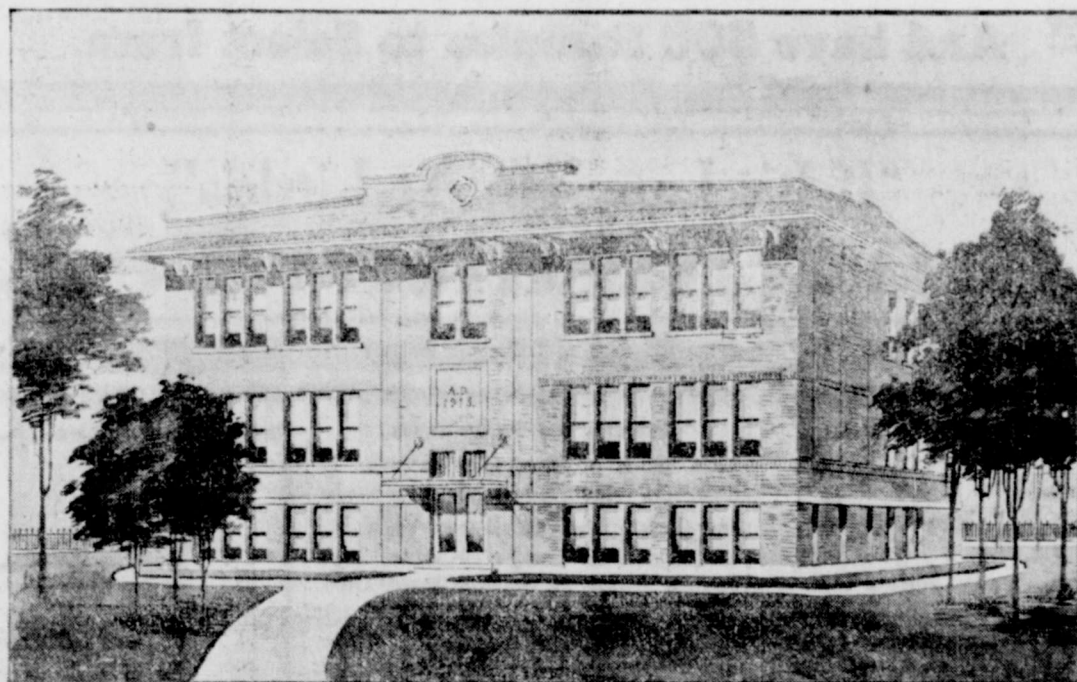

Pastor J. C. Newman baptized 19 last Wednesday night, 5 Sunday night and 3 more are ready to be baptized. Five joined by letter the fourth Sunday, which makes a total of 32 additions to the Goldthwaite church during the past few days. Most of these came as a result of a meeting just held at the Methodist church. Reports indicate that it was a great meeting. . . . The church at Goldthwaite has just completed laying 16 feet of concrete sidewalk in front of the church and pastorium. Pastor Newman has a noble church and he is leading well.—Central Messenger.

Miss Dona Willis is quite sick at the home of her sister, Mrs. E. O. Priddy, in this city.

THEY ALL DEMAND IT

Goldthwaite, Like Every City and Town in the Union Receives it.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Goldthwaite evidence of their merit:

J. Taff, prop. Taff Hotel, Goldthwaite, Texas, says: "For two years I had attacks of backache, often being unable to get about. When stooping, like a flash of lightning, a pain shot through my kidneys and I was unable to move. Doan's Kidney Pills, procured at Clements' Drug Store, relieved me. Nothing has occurred to change my high opinion of Doan's Kidney Pills. I willingly confirm the statement I gave praising them some years ago."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taff had. Foster-Milburn Co., Props., Buffalo, N. Y. (ad)

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhoea; grinds teeth while asleep and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's troubles. 25c.
