#### TWO SPEECHES.

Sam Sparks and E. B. House Address Goldthwaite Audience.

Two political speeches were made in Goldthwaite Monday night and, judging by the enthusiasm of the audience, they were greatly enjoyed.

The first speech was made by Mr. Sam Sparks, ex-state treasurer, who spoke in the interest of Col. Ball's candidacy, and the second speech was made by Mr. E. B. House, state revenue agent, in the interest of Mr. Ferguson. Both are good speakers and both were interesting to their hearers. This was not a joint debate, but the speeches were made by the gentlemen at the same place and to the same people, in the main.

Of course, the result of speaking at this time cannot be known, but it is not likely any considerable number of voters were changed by either of the speakers at this time. It would have been hard to find two men who would have had more influence with the people here, however, and they at least "kept up the fences" for their candidates. Mr. Sparks was reared in Bell county and served as sheriff there for a number of years and was afterwards made state treasurer. He is known to many Mills county people personally as well as in a political way, and has always had a strong political following among the people of this section. Mr. House's home is in San Saba county and he is known personally to most of the people here and is popular and influential.

Miss Sophia Martin returned Saturday night from a visit to friends in Brownwood.

Mrs. J. M. Campbell went to Koppert the first of the week to accompany her mother here for a visit.

#### FAIR PLAY.

The next issue of this paper will appear on the day of the primary election and it is not likely there will be any political communications or advertisements desired by the candidates or their supporters, but should there be such, the Eagle will accept them on the same basis that similar matter has been published on election days in the past, viz: All political matter must be subject to inspection by interested candidates or opposing factions, who will be given the privilege of reply in the same issue. This is fair to all concerned and gives all an opportunity to take care of their interests before the election. Ordinarily, all advertising of whatever nature is considered confidential until it appears in print and this rule has been strictly observed during the campaign, but we cannot allow any person or faction the advantage of the next week's issue of the paper without giving the opposing side the opportunity of replying at the same time.

City Marshal Conroy made an official visit to Austin the first of the week.

Kelly Saylor and wife now occupy the Urquhart residence on Parker street, lately vacated by J. A. Gillespie and family.

B. P. Hurdle had the misfortune to drop a piece of machinery on his foot a few days since and he has suffered considerably from the injury.

There is a big picnic at Star today and many Goldthwaite people will be in attendance. It is only necessary to attend one picnic at Star to learn how well the people of that community treat their guests. Star is one of the finest communities in the county and has lots of good and hospitable people and they are at their best when entertaining their guests.

#### A GREAT FAIR.

Preparations for a Record Breaker in Exhibits and Entertainment.

The arrangements are practically completed for the great fair and reunion to be held here July 28, 29, 30. Speakers have been invited, vocal music, band music, and various forms of entertainment have been provided. A number of shows have purchased rights and a hobby horse and ferris wheel concession has been sold to one of the largest operators in this line. The management of the flying machine has notified the fair management that they will be here on schedule time and will make three flights each day, which will be free. This part of the entertainment alone cost the business community of this city \$450 and considerable other expense will be incurred in making the fair and reunion pleasant to all who attend.

A fine premium list has been prepared to induce exhibits in various lines and it is important that exhibitors bring their displays to the grounds the first day of the fair and let them remain the entire time.

Those who come should arrange to remain the three full days, for there will be something interesting on the program for every hour during the days and the free part of the nights. It will be indeed a gala occasion and there is no doubt there will be the largest attendance ever assembled at this place.

#### CEMETERY WORKING.

All interested in the Center City cemetery are requested to meet with us Friday July 24. If it is impossible for you to come, either send a hand or a dollar so we can get some one to clean off the graves, for they are in a very bad condition. MRS. N. E. KNIGHT, MRS. S. L. McCASLAND, MRS. J. A. HAMILTON, Committee.

Persons desiring to transfer their children from other districts to the Goldthwaite school must do so before Aug. 1, and pupils between the ages of 7 and 17 are entitled to be so transferred. This rule applies to all other districts as well as Goldthwaite, but the board here desires those who expect to transfer to do so at once. It is not necessary for pupils to reside in the district to transfer, but such transfers must be made before Aug. 1.

Mr. B. J. Park has returned from a visit to relatives at Hereford.

Prof. F. E. Norton, who is one of the instructors in the summer normal in Brownwood, spent Saturday in this city looking after some business affairs and expects to return next Saturday in order to vote.

One more week and the campaign will be over. Everybody will be glad for it to close, for this has been one of the "hottest" as well as the most unpleasant campaigns Texas has experienced in many years.

# To the Voters of Mills County:

Word has come to me recently by reliable men of efforts being made by opponents and their friends to deprive me of votes on the eve of the election.

These efforts seem to be made in two directions.

1st—By endeavors to lead the voters to believe that there are really only two men in the race, and that the man who does not support one of these is bound to lose his vote. In other words, that I am not "in it." Now, will some of you ask them, if I am not in it, why are they using every secret means against me today? The truth is, I am in now and gaining every day and have my opponents and their friends scared, so they are seeking every possible means to turn voters from me to my opponents.

When I say this I know what I am talking about. I have made a house-to-house canvass all over the county and I am confident I have sufficient votes virtually pledged to elect me under an absolutely fair election. It is evident my opponents also believe this or they would not waste the few remaining days trying to induce my supporters to support other candidates.

2nd—Some of them are even stooping so low as to circulate the report that I am not a

qualified voter by reason of my having had to spend parts of January and February in Temple, where I was compelled to go to submit to an operation, and their friends are trying to appropriate my misfortune for the purpose of bettering their own chances to defeat me. Such a trick as that ought to be punished and no doubt my friends will see that it is on election day. Again, this would indicate that I am the man that they are afraid of, for why should they resort to such a piece of subterfuge as this if they were not afraid—and very much afraid—that I would win?

I am in this race on my own merits. I am a qualified voter to all intents and purposes, have voted since I returned from Temple and am going to vote again on July 25. If you don't think I am, just watch me. All of this talk is being done down in the corners of the county, where they thought I would fail to hear of it. I shall print the statement

of the men who held one election this year in which I voted.

Now, I am a Democrat and the son of a Democrat who believed that a man should abide by Democratic principles. I was practically raised near Lampasas and have lived in Mills county the greater part of 14 years and my life is an open book to most of you. I am the only member of a long line of true Democrats who ever asked for an office. I am competent and qualified in every particular and can show you my "sheep-skins" and give you reference for each of them.

Now, my friends, if you will only "sit straight in the boat" and help stop this dirty work that the politicians will try to use to change the voter, you will see that an honest man who has a clean record can go into office on July 25. This is my honest belief as well as that of some of my opponents, that I will win. If I do, I assure you that you will have my everlasting gratitude and that none of you shall live to regret the kindly support you, I am sure, are going to give me. Just be true to your honest convictions and listen to the squalls of these defeated "tricksters" who would love to defeat me as well as all other men who dare to oppose them, and with your help I shall come out on election day with a nice majority. Respectfully yours—

Goldthwaite, Texas, July 14, 1914.

This is to certify to the voters of Mills Co. that Robert Littlepage did vote in the election of April 8 and we know him to be a qualified voter of this county. J. B. BRINSON, Judge.

### FALSE REPORT CORRECTED.

I have learned that some of the voters in Mills county have an erroneous idea as to my church affiliations and, therefore, may not support me in my candidacy for district clerk on that account. I very much regret that this erroneous impression has gone out, thereby making it necessary for me to issue this statement, but I cannot afford for the misrepresentation to go unchallenged. I am not affiliated with any religious denomination and never have been a member of any church. I have the utmost regard for the Christian religion and Christian people and believe in the Bible from cover to cover, but simply have not so far aligned myself with any of the denominations, although I realize that there is good in them all.

Having lived in the county all these years and having always had the friendship and confidence of all who knew me, I do not suppose it is necessary for me to offer proof of these statements, but can do so if necessary. I do not undertake to say who started this report about my church affiliations, but I do know that the person who started it did so without any facts to substantiate his statements. Respectfully,  
C. BALLARD,  
Candidate for District Clerk.

"WHERE FRIENDS MEET FRIENDS"

### OFFICIAL PROCLAMATION.

To the Democrats of Mills County— Greeting:

By the authority vested in me as chairman of the Democratic Executive Committee of Mills county, Texas I hereby call upon every true Democrat in Mills county to assemble at their respective polling places on the 25th day of July, 1914, and cast their ballots for the candidates of their choice, to be voted for in the general election to be held on the 3rd day of November, 1914. This will not be an election of officers, but will be strictly a Democratic primary, for the selection of Democratic candidates, the expenses of which are being paid by Democrats, and it is sincerely desired that no man of other political faith will attempt to defile the Democratic party by seeking to participate in its privileges. Section 184 of the Revised Election Laws of Texas wisely provides how and when each political party in Texas shall select or nominate its candidates without the interference or molestation of voters of any other political organization. The law provides that every voter who participates in the selection of candidates, either in convention or primary, shall assent to a test, which shall be uniform throughout the whole state. The test of the Democratic Official Ballot is: "I am a Democrat and pledge myself to support the nominees of this primary." And in order to preserve the honor and integrity of the Democratic party and to protect its interests against unscrupulous impostors who seek to evade the responsibility of the test by claiming that they simply procured a ballot and voted without promising anything, the Democratic Executive Committee of Mills county, at their regular meeting on the 15th day of June, 1914, by authority of Section 184, unanimously passed a resolution requiring that each applicant for a ballot in the Democratic primary, shall be asked by some officer of the election: "Are you a Democrat and do you pledge yourself to support the nominees of this primary?" with positive instructions that if he fails to answer BOTH questions in the affirmative he shall be refused a ballot and not be permitted to vote.

A genuine Democrat should have no reasonable objection to publicly declaring himself as such and any man who affiliates with another political party would have to sacrifice his own self respect and political principles and lower the dignity of his party in order to ever entertain a remote desire to participate in a Democratic primary. Some men have tried to contend with me that every man who is qualified to vote in a general or special election has a right to vote in the forthcoming primary, because there is to be a submission proposition on the ticket, but such is not the case. Section 201 provides that ten per cent of the voters of any political party desiring an expression from a majority of the voters of the party on any proposition may petition the State Executive Committee to submit it to the qualified voters of said party for their adoption or rejection. If a majority of the voters favor such proposition, it will become a demand in the party platform. In the present case more than ten per cent of the Democratic voters petitioned the State Democratic Executive Committee to submit the proposition to the qualified Democratic voters of Texas. If it meets the approval of a majority of the Democratic voters, it will become a party demand and the Legislature will be asked to submit a constitutional amendment to all of the qualified voters of Texas and every one will have a perfect right to vote. Therefore, the submission proposition is purely a Democratic measure and is

submitted for the sole purpose of obtaining an expression of the sentiments of every Democratic voter and it is of great importance that none but Democrats should participate in the coming primary.

Presiding judges of elections, while in the discharge of their duties as such (Section 86) have the same power as a district judge and it is their duty to see that no contentious persons be permitted to loiter or argue near the polling places.

This proclamation is not intended to exclude any voter who formerly affiliated with another party, and seeing the error of his way is now prompted by sincere motives to repent of his sins and seek refuge in the Democratic ranks. To welcome to all the rights and privileges of our party, we stand with out-stretched arms. Appealing to the primary election officers in the several precincts and the Democratic voters of Mills county to use their best efforts to assist in maintaining the purity of the ballot box and the good name of the party and protecting the interests of each candidate, I remain, very faithfully,

JNO. W. ROBERTS, Chairman Mills County Dem. Ex. Com

### IS THE DEMOCRATIC PARTY AFRAID OF ITSELF.

Editor Eagle: I notice in your issue of July 11, under the heading, "Special Instructions to Democratic Voters and Primary Election Officers," that the chairman of the Democratic Executive Committee of Mills county, J. W. Roberts, advised, I suppose by the action of the entire executive committee, has handed down a decision to the voters of the county telling them just how the thing is to be done on July 25.

In the first place, almost every voter knows that there is no other political party contesting the right the entire list of county officials at the November election.

2nd. Every voter in Mills county knows that under these conditions the July primary is to all intents and purposes a fundamental election of the Democratic party to elect county officers to serve all the people of the county, (not simply the Democratic party) for the next ensuing two years; that all the people of the county are tax payers, and must, whether willing or not, pay their pro rata of the county tax to maintain the county government administered by these Democratic officials to be elected at the Democratic primary in July. In short, the July primary is in fact the real and bona fide election and if no one but the appointed and such unscrupulous liars outside of the Democratic party as propose to pass themselves off as Democrats on this election day, are allowed to vote, where can the honest, conscientious taxpayer outside of the Democratic party find a right to cast a free, American vote? It is only mockery to direct him to go to the polls in November, when by Democratic manipulation of the election laws, our election is held in July, when he is directed by the rules of the Democratic ring masters to be disqualified on that day if he makes application in a Democratic primary to vote for some one who is running on the Democratic ticket.

Now it looks hard enough to compel the good citizens in Mills county, who do not care to claim they are Democrats, to submit to Democratic officials, but it is actually adding insult to injury to refuse them the right to cast a vote for the Democrats of their choice. Are there candidates now running for the Democratic nomination, who in the judgment of the Democratic

Executive Committee are not Democrats, have they not yet discovered the brand of the Democratic ring on each Democratic candidate now canvassing for the Democratic nomination in July? Possibly to fully protect the innocent, confiding Democratic party from bad company on primary election day, the governing and advising Democratic Executive Committee, this keeper of the Democratic conscience, Democratic purity, and Democratic wisdom, should call all the alleged Democratic candidates before it and examine their credentials or other evidence of Democracy and see if each is the genuine article. Now, will some one tell me if they are all Democrats, what diffidence should I make to the Democratic party or the Democratic Executive Committee who helps to nominate them? If they are not all Democrats, why not eliminate the candidate by refusing about the name? He told me that to place his name on a Democratic ballot. This would seem more just than the attempt to eliminate a few voters outside of the Democratic party who earnestly desires to vote for a few Democratic candidates in the Democratic primary and who could in no wise object to being bound to support, in the general election, the ticket nominated at the primary in which he participated. But listen! what is the use or sense in such a pledge so far as our county ticket is concerned, when you know in advance that there will be no county ticket before the voters in November but the Democratic county ticket? However, no reasonable voter would object to

pledging his support to the ticket in November, so far as he voted for nominations in July. But say, what could the Democracy of Mills county lose if every voter in Mills county should vote for the nomination of a Democratic candidate at the July primary? Will some sage on the committee answer? If the committee has a suspicion that the candidates are not all Democrats and will show me the candidate who requests the adoption of the rules published over the chairman's signature in the Eagle of July 11, I will show it the man among the candidates who is not a Democrat. Say, why not leave the decision of this question to the candidates before the July primary. Their decision on the question would turn the light on the individual democracy, way down deep in the conscience of each one and would be a fine criterion by which to judge his Democracy.

This deals only with the county situation. There are counties in the great big state of Texas where such rules might be necessary, but every one knows that Mills county, with her good honest citizenship is not one of them, especially where there is only one party, viz: the Democratic party, running a county ticket. Every county tax payer is interested in his county officials and would like to vote and has a right to vote in all general elections, provided he has complied with the law, whether that general election comes in July or in November, or in both.

I submit that, really, the general election for county officials of Mills county comes on the 25th of July, this year, all laws to the contrary notwithstanding. A. J. HARRISON,

### A SERIOUS CHARGE

The Reverend J. T. Tracy of the Methodist church at Mason, over his signature has made the statement published below. It is direct charge that the Slaton Campaign Committee, or some members of it, in Llano are deliberately trying to deceive the people of this Congressional district for political advantage. It is made by a preacher who is a man of intelligence and who is known to be absolutely honest. Here is Mr. Tracy's statement:

"I was in Llano Monday, July 6, and was in Mr. Geo. Watkin's hardware store where I met one of Mr. M. D. Slaton's Campaign Managers, who asked me how Judge Slaton was running in Mason county. I told him that I thought he would carry Mason county by a good majority, and I was thinking of voting for him myself, but I needed more information about the man. He told me that Slaton, though an anti in principle, had declared for Ball for governor and asked me what effect the article in the San Antonio Light to the effect that Slaton would support Ferguson was having on the prohibition vote of Mason county. I told him that the Light was not generally circulated in Mason county and that it was not generally known that such a statement had been made. Then he said he did not know if Mr. Slaton was responsible for the article or not and that he still expected him to support Ball. I said if he is for Ball he ought to publish a denial of that article. He said, no, the Campaign Committee would not allow him to correct it, even if he (Slaton) desired to do so, as San Antonio is a strong anti city and must be carried for Slaton and if he corrected it, he would lose great prestige there, while the fact of his declaration for Ball would help him in the dry counties in the northern end of the district. He said further, "Now I am sure that he will support Ball. I am going to find out and if he is for Ferguson, I can't say that I will vote for him myself for I know that he declared positively that he would not support Ferguson from the beginning, but would vote for Ball." I said, "Then, is it the policy of Mr. Slaton to deceive both ends of the district?" He said, "It is the policy of the committee to elect Slaton, therefore, we want him to explain to the committee but not to the public." I told the gentleman that I could not support such policy and that it would lose Mr. Slaton a large per cent of the self-respecting votes of Mason county. Respectfully,

J. T. TRACY, Pastor Methodist Church, Mason Co., July 15, 1914.

Everybody is glad the campaign is drawing to a close. Even the paid actor must be tired of his job by this time and longs for rest and certainty. It is the voter who has heard enough things about some of the candidates to make him suspect them all.

Those who have no special favorite in the race for congressman at large can make no mistake in voting for J. H. Lowrey of Honey Grove. He is one of the best qualified men in the race and is also a mighty good man.

It is important that the roads be in good condition before the time of the cotton crop, which will be long. Every road leading to Goldthwaite for twenty-five and thirty miles in every direction should be made first-class, for the farmers will want to bring their cotton to this market and buy their fall supplies. This is important work for the Commercial club to take up as soon as the fair is over.

A serious problem that is confronting the farmers of this section of Texas is the harvesting of the cotton crop. At this time it is said farmers are taking steps to secure the help of negro cotton pickers and in other sections the fear is expressed that the crop will be too large to be gathered by the available hands. Mills county will have the same difficulty to overcome, but it will be overcome all right and the largest yields of all field crops will be harvested this year that was ever grown in this county.

The National Department of Agriculture has recommended a system of cotton culture which aims to secure the production of more cotton per acre. The main purpose of this movement is to secure protection against injury from the boll weevil, as far as possible. It is also important for reasons where the crop is limited by drought or by short seasons, and is intended to help remedy the backward state of the industry. It is particularly true of the cotton industry that the more intelligent and skillful the farming methods the material rewards, and yet, has so long been considered "the crop" that it is often cultivated in the most careless manner. The Department is making an effort to secure the attention of the intelligent farmer and convince him of the truth of the principles upon which the new system is founded. This information is furnished in Farmers' Bulletin No. 601, and is entitled, "A New System of Cotton Culture and Its Application." Commercial Secretaries.

Mr. J. M. Arnold of this city is the only candidate Mills county has for a state office and the Eagle hopes he will be given the unanimous vote of the county for railroad commissioner. Aside from being well qualified for the position and a good man as well, the fact that he is a Mills county man will be quite an honor to the county to have him elected. The railroad commission is controlled by the Mayfield family—Allison Mayfield and his nephew, Bert—and it is pretty good policy to make a change in order that the members may be unhampered by family ties. This is especially true for the Democrats of Texas supporting Mr. Arnold, but in Mills county we should give him a solid vote and we can do so conscientiously, for his platform is for a "Square Deal" for the railroads and the people. Every honest man wants the railroads to have justice and every honest man wants the people to have justice, consequently, they can unite on J. M. Arnold. The Eagle confidently expects his election, and what is more, we believe he will be elected by a majority than will be received by any other state officer.

**THE STATE OF TEXAS.**

To the Sheriff or any Constable of Mills County—GREETING:

Oath having been made as required by law, you are hereby commanded to summon S. L. Darrow, and the unknown heirs, legal representatives, legatees, and devisees of S. L. Darrow, deceased, by making publication of this citation once in each week for eight successive weeks previous to the return day thereof in some newspaper published in your County, to appear at the next regular term of the district court of Mills County, to be holden at the Court House thereof in Goldthwaite on Monday the 5th day of October, 1914 then and there to answer a petition filed in said court on the 26th day of June, A. D. 1914, in a suit numbered on the docket of said court, No. 13, wherein E. B. Anderson and Mrs. Jinx Smith are plaintiffs, and S. L. Darrow, and the unknown heirs, legal representatives, legatees and devisees of S. L. Darrow, deceased, are defendants, said petition alleging that the plaintiffs on or about the 1st day of January, 1914, were lawfully seized and possessed of the following described land and premises, lying and being situated in the city of Goldthwaite, Mills county, Texas, known and described as Lots Nos. Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), and Fifteen (15), in Block No. Nineteen (19) according to the plat thereof made by A. S. Haynie, Engineer, holding and claiming the same in fee simple; that on the day and year last aforesaid, the defendants unlawfully entered upon the said premises, and ejected plaintiffs therefrom, and unlawfully withheld from them the possession thereof to their damage in the sum of \$500.00.

Notice is hereby given of the filing of Transfer of vendor's lien on said lots by G. C. & S. F. Ry. Co. to Whit Smith dated Jan. 9, 1909, recorded in the deed from said Company to S. L. Darrow, securing the payments of said notes, and from Whit Smith to R. L. H. Williams, dated Dec. 16, 1909, of a one half interest in said lots, and from R. L. H. Williams, wife of R. L. H. Williams, deceased, to W. E. Egger dated July 17, 1913, and from W. E. Egger to E. B. Anderson dated April 30, 1914, to be used in evidence in behalf of the plaintiffs.

Plaintiffs further allege that the nature of the claim of the defendants is unknown to plaintiff, except that the defendant S. L. Darrow is a grantee in a deed from G. C. & S. F. Ry. Co. to S. L. Darrow dated Sept. 28, 1885, conveying to him the said lots, in which a vendor's lien was retained to secure the payment of the purchase money notes given therefor.

Plaintiffs pray judgment for the title and possession of the said land and premises, and the defendants equity of redemption be barred and estopped and for such other and further relief to which they may be entitled in law or equity.

Herein Fall not, but have before said court on the 1st day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Witness L. E. Booker, Clerk of the District Court, Mills County, Texas.

Given under my hand and seal of said court in the city of Goldthwaite, this the 26th day of June, 1914.

### RUPTURE EXPERT HERE.

Seeley, Who Fitted Czar of Russia, Called to Brownwood.

"Rupture is not a break or tear in the abdominal wall as commonly supposed, therefore nothing to knit or heal, but rupture is the dilation of a natural opening, therefore subject to closure," said F. H. Seeley of Chicago and Philadelphia, the noted truss expert, who will be at the Crown Hotel and will remain in Brownwood Saturday only, July 25. Mr. Seeley says: "The Spermatic Shield as now furnished and supplied to the United States Government, will not only retain any case of rup- ture perfectly, affording immediate relief, but closes the opening in 10 days on the average. This instrument received the highest reward in England and in Spain for producing results without surgery, by means of its injections, medical instru- ments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases with- out charge, or if interested, call. He will be glad to show same with- out charge or fit them if desired. Any one ruptured should remember the date and take advantage of this opportunity. (adv.)"

### ENDORSES FULTON HENRY.

To the Voters of Mills County: It affords me pleasure to recom- mend to you Mr. F. F. Henry, who is a candidate for sheriff and tax collector of Mills county. I have known him for thirty years and the greater portion of that time he has lived a close neighbor to me, therefore, no man could have a bet- ter knowledge of him than I claim. I have had many business transactions with him and have always found him straight as could be and one of the most honorable men with whom I have ever been associated. He is well qualified to fill the office to which he aspires and if the people elect him they can be sure that he will per- form every duty faithfully and well. His friends and neighbors will certain- ly rejoice to see him elected. Respectfully, FRANK SOULES.

### JUDGE SLATOR SPEAKS.

Judge M. D. Slator of Llano spoke here Wednesday night in the interest of his candidacy for congress. There was a fairly good crowd present and careful attention was given to the speech and many complimentary re- marks have been heard regarding Judge Slator and his position on public questions, especially regarding his full support and endorsement of the national administration. He is a man of fine ability and has a great many supporters in this county.

### UNION RESOLUTION.

Resolution No. 1. Be it resolved by the Mills County Union in convention assembled at Golston, Mills county, Texas, July 16, 1914, that we do most emphatically condemn and disown the actions of our present State President W. D. Lewis and his predecessor in office, Peter Radford, in their efforts to entangle the Farmers' Union of Texas in the political struggle, which is taking place at the present for governor. Furthermore we believe that they have violated the constitution of our organization and done an irreparable injury to the Farmers' Union of Texas by their partisan stand in the present race for Governor of Texas. ### SAN SABA VISITORS.

A special train of San Saba busi- ness men advertising their county fair arrived in Goldthwaite Tuesday evening about 6 o'clock. The Gold- thwaite Commercial Club had arrang- ed for automobiles to meet the train and take the visitors for a ride over the city. Returning, they stopped at the court house, where Mayor Trent introduced Mr. L. E. Miller, who delivered an address of welcome on the part of the Goldthwaite citi- zens. Judge Slator responded on behalf of the visitors and after a few moments conversation, the visitors re- turned to their train and proceeded on their homeward journey. Four of Goldthwaite's musicians, Neal Dickerson, Dana Everly, Floyd Mul- lan and Wm. Scott, accompanied the excursionists as members of the band on a two day's trip through the west.

Huerta, the assassin who claim- ed the presidency of Mexico for more than a year, has given up the task turned over the affairs of govern- ment to the minister of foreign re- lations and his cabinet to be delivered to the leader of the constitutionalists and he and Blanquet, his co-conspir- itor and brother assassin have fled the country. It is regretted that these two criminals were not captur- ed by the constitutionalists and punished.

### A GOOD MAN GONE.

Mr. J. R. Rives died at his home a short distance north of this city Monday afternoon and his remains were laid to rest in the Odd Fellows cemetery Tuesday afternoon, a large number of friends and acquaintances of the deceased and his family attending the sad service.

Mr. Rives was a citizen of this section for a long number of years, and was known personally to most of the people in this and adjoining communities. He was one of the most industrious men the county ever claimed and was prosperous to a marked degree. He had been in ill health for a long time, but continued to look after his farms and other interests, and it was while thus engaged at his farm in the Browns creek community, that he met with the accident last Friday afternoon that caused his death. He roped a calf and the animal took fright and ran, while Mr. Rives held on to the rope. He stumbled and fell and struck the ground with such force that his intestines were injured and peritonitis set up, resulting in his death.

Mr. Rives leaves a wife and a number of children, besides other relatives and many friends. The bereaved can be sure of the sincere sympathy of all who know of their loss.

## Strong Endorsements

To the Voters of Mills County:

To all whom I have not personally interviewed in regard to my candidacy for re-election to the office of District Clerk of Mills county: Notwithstanding the fact that I do not approve of the time-light of a newspaper notoriety, I take this method of informing the voters of this county that owing to the very delicate health of my baby I have been unable to make a house to house canvass of the county, but I wish to heartily thank my friends for their support of two years ago, and to ask that you again consider me in the same capacity at the Democratic primary on the 25th of July, this year. Having submitted myself for re-election, will state that if elected I will, as in the past, endeavor to give the public my very best service and will further state for the benefit of those who may not know me, that with the experience I have had with the duties of the office and my connection with the court, that I am thoroughly qualified and capable of giving the public a service not rendered by an inexperienced person. Now we have heard the rumor, "That it is thought by some very few (not my opponents so far as I can ascertain) that they should among other changes elect a District Clerk who knew how to do something." And for the edification of these, we wish to submit herewith the following endorsement from Jno. W. Goodwin, Judge of the 35th Judicial District of Texas, whom I served under as clerk for three years and also one from W. U. Early, District Attorney for said Judicial District, whom I also served under for the same

period of time.

With the appreciation of your vote and influence, I remain,  
Respectfully,

L. E. BOOKER,  
Clerk District Court, Mills County, Texas.

### ENDORSEMENTS.

Brownwood, Texas, June 30, 1914.  
To Whom It May Concern:

This certifies that L. E. Booker served as District Clerk of Mills county, Texas, from the year 1911 to 1913 inclusive, during which time I was District Attorney, Mills County being one of the counties of my district.

That during that time Mr. Booker was most vigilant in the discharge of his official duties. At no time did the court have reason to complain of Mr. Booker's work. He is a fine scribe, well acquainted with the details of the office, a most honorable gentleman and is thoroughly competent in every way as District Clerk.  
Respectfully,

W. U. EARLY,  
District Attorney, 35th Judicial District.

Brownwood, Texas, July 3, 1914.  
To Whom It May Concern:

While judge of the District Court of Mills county, Texas, Mr. L. E. Booker was clerk of my court. I found him an affable gentleman and a most capable and accommodating official.

From my knowledge of Mr. Booker and his work as clerk, I believe him to be worthy and capable of filling that most important office.

### TO THE VOTERS OF MILLS COUNTY.

GENTLEMEN:

I had not expected to present my candidacy for the office of County Judge in any other manner than by personal canvass and from the stump. But since one of my opponents, Judge Allen, has adopted the circular method of reaching the voters of the county, it becomes necessary for me to do so, in order that I may give my view of some of the matters presented by him, and let you know more fully what I stand for. I shall have nothing to say in regard to Judge Dalton, as he has not adopted the printed method of appealing to the voters of the county.

Now, what more vitally concerns the voting population is the matter of county finances, therefore, I will first discuss the TAX RATE, and in doing so will compare the last three years of Judge Patterson's administration with the three years following of Judge Allen's administration. Here are the figures from the tax rolls and the minutes of the commissioners court:

1908--Taxable Values, \$6,002,295, tax levy for General fund, 7 1/2c. per \$100.00.

1909--Taxable Values, \$6,388,330, tax levy for General fund, 7 1/2c. per \$100.00.

1910--Taxable Values, \$6,431,890, tax levy for General fund, 7 1/2 c. per \$100.00.

Judge Allen's Administration:

1911--Taxable Values, \$6,389,660, tax levy for General fund, 15c. per \$100.00.

1912--Taxable Values, \$6,216,665, tax levy for General fund, 15c. per \$100.00.

1913--Taxable Values, \$6,205,140, tax levy for General fund, 15c. per \$100.00.

You will see that the tax levy for the general fund during the three years of Judge Allen's administration has been exactly doubled. Now from the figures above, if you will total them, you will notice that the total taxable values differ only a few thousand dollars for the three years of Patterson's administration and the following three years of Allen's administration. An increase of 7 1/2c. per \$100.00 for the years 1911, 1912, 1913 means this, that there was levied and assessed for those years \$14,000.00 more taxes for general purposes alone, than for the three years just preceding. Not only this, but another item I want to call your attention to. Judge Allen states in his circular that he has never voted on the levy of a tax a single time, but if you will go to Vol. 4, page 60-61, Minutes of the Commissioners Court, you will notice that there was a tie in the court in levying the tax for the year 1912, and that Judge Allen voted it' off. Now, for the year 1912 a tax of 5c. on the \$100.00 for Old Court House bonds was levied, and Judge Allen voted the tie off and levied this tax by his vote, when the Treasurers records show that on March 1, six months before this tax was levied, the last of the Old Court House bonds were paid off. I refer you to Treasurer's Old Account Book, page 216. Therefore, this 5c. extra tax must have been used for general purposes, and would bring in, according to the taxable values of that year, the additional sum of \$3,108.60 which, added to the \$14,000.00 already mentioned makes the total sum of \$17,208.60 more taxes levied and assessed for three years of Allen's administration than there was for three years preceding for one item alone.

But, a great deal has been said about \$6000 of extra expense. In this connection, I will call your attention to the fact that Judge Allen states that the court house was built for \$67,776.68. Well, we all know that the bond issue and insurance money brought in \$76,500.00 to be used for the purpose of building the court house, and if only \$67,776.78 were used for that purpose, there would still remain the sum of \$8723.22, which is more than enough to pay the extras mentioned.

#### Court House Furniture.

Still another item of county finance is the Court House furniture. The total cost of this furniture is the sum of \$10,446.00. According to Judge Allen's statement, a 12c tax was levied to pay for the furniture

12c. on \$6,204,140.00 would bring in \$7,446.16, and if applied to the payment of furniture account, would reduce it to \$3000.00 (or nearly that sum, considering a small portion of taxes to be delinquent) But the county is still indebted for said furniture in the sum of \$7179.75 as follows: By three time warrants each for \$516.25, payable to Art Metal Construction Co. and due Feb. 15, 1915, 1916, and 1917. One warrant due Feb. 15, 1915, payable to C. H. Meyers & Co, in the sum of \$2750, all drawing interest at 6 per cent. See Vol. 4, page 263, Minutes of Commissioners Court. Also a balance due of \$2881.00 and interest for which no warrant has yet been issued. Then an item of \$1000.00 due I. L. Greenburg Iron Co., of Indiana, for which a time warrant is outstanding, due Feb. 15, 1915, making a total indebtedness for furniture, etc., still unpaid of \$8,179.75. Then, in considering the matter of the tax rate and the charge of extravagance that Judge Allen states is being made, remember that he states in his circular that the interest on county money has brought in the sum of more than \$300.00 per month. This would make a total sum of over \$3,600.00 per year, which in the course of three years would amount to \$10,800.00.

#### Stationery Accounts, Trust Houses and Architects.

Much has been said about the stationery accounts and what are termed "Trust Houses" and certain architects, and about affidavits that they had said they would spend \$1000 to defeat Judge Allen. I cannot understand why the defeated architects would desire to concern themselves in this race, for two reasons: 1st. The architect who constructed the Court House was chosen, over the Judge's strong opposition, by three commissioners, Mason, Nelson, and Hines; 2nd. There is no advantage to be gained to them by his defeat, because all the county's public buildings and improvements have already been constructed. Now, here is my view of the stationery house matter: I care nothing about whether they are called trusts or not, if they are, they ought not be permitted to do business in Mills county but here is what is more significant in regard to this matter: the affidavit mentioned by Judge Allen was made by M. M. McFarland, the representative of the Bennett Printing Co., which company was competing with the other stationery companies, and while representing the Bennett Co., Mr. McFarland succeeded in getting an exclusive contract with Mills county to sell it all of its stationery and office supplies, which contract was not made according to law. The law requires such contracts to be made as follows:

1st. Bids shall be advertised for and spread upon the minutes of the Court.

2nd. Bids shall be upon four different classes of supplies.

3rd. The contract must be awarded to lowest bidder on each class.

4th. Bidder must file bond to faithfully perform his contract.

5th. Must file AFFIDAVIT THAT HE DOES NOT BELONG TO ANY TRUST, MONOPOLY, OR COMBINATION IN RESTRAINT OF COMPETITION.

6th. Bids being equal, the contract must be awarded to resident taxpayer of the County; and the court has the right, if satisfactory prices are not secured, to reject all bids and re-advertise until the prices submitted are right. None of these requirements were complied with. Judge Allen claims responsibility for making this contract. Now it is easy to see that if the law was followed in making such a contract, Mr. McFarland would have no assurance that he would ever get a dollar's worth of business. I have repeatedly said he had an ax to grind in making this affidavit. What do you think about it?

If I am elected your county clerk, I shall require all such contracts to be made according to the requirements of the law, so that the county will get the benefit of competition and absolute assurance that it is not dealing with a trust, and so that an opportunity will be had to keep at least

half of this money at home. I find from the minutes of accounts allowed, Vols. 2. and 3, that there has been allowed for stationery accounts during the present administration about \$1000.00. \$640.70 of this sum being paid to the Bennett Printing Co. for their account up to Nov. 1, 1913, besides the \$1400.00 claims mentioned by Judge Allen which have not been allowed. And just here I want to state that if I am elected shall never favor the allowance of an unjust or illegal account against the County from any source.

Here is what I would advocate as a remedy to reduce the amount of purchases, and prevent misunderstandings: 1st. Secure a contract with a stationery dealer in accordance with law. 2nd. Require the representative of this dealer to give the officer ordering supplies a duplicate list of the items and prices charged. 3rd. Require the officer making the order to file one of these duplicates with the County Clerk for comparison with the price list in the contract, and then at each term of the commissioners court let these be audited and compared. This would absolutely prevent any possibility of mistake or over-charge, and if at any time any unjust claim were made upon the County for stationery accounts, it would have, filed in the clerk's office absolute proof in writing of the unjustness of the claim.

I believe the best interests of the county would be obtained by letting all contracts for the construction of bridges, and other public works, involving the expenditure of any considerable sum of money, by competitive bids, so that the county might derive the benefit of competition. It is said that competition is the life of trade and we know that it usually results in bringing prices down. I believe also that a policy of strict economy should be pursued along general lines, in order that more money may be spent on our roads.

#### County Court Record.

The record of a trial judge is usually tested by the number or proportion of cases reversed on him. Under our present administration, there have been four cases appealed to the Court of Criminal Appeals, and two of these reversed, the proportion of reversals being just exactly 50 per cent of the cases appealed; and yet you are told that this is as good a record as the state of Texas affords. In both of the cases that were affirmed, I prepared the papers for the appeal in behalf of the state. In one of the cases that was reversed, I was employed to represent the state during the trial, but did not prepare the papers sent up on the appeal. I will admit that there have been more convictions in the county court lately in proportion to the number of cases tried, than for several years preceding, but I presume the county attorney is entitled to some credit for this. My experience of six years in the active practice of the law, is, I think, entitled to some consideration in determining my qualifications to discharge the duties of trial judge in County Court criminal matters.

#### Schools.

The educational interests of the county are important and should receive careful attention. If elected, I shall endeavor to visit each school at least once each year, and shall do all in my power to further the school work, but will try to pursue a course which will result in as little strife and bitterness among the school communities as possible. I have tried to reach all of the voters personally, but have not been able to do so. To those I have not seen, and to those who are not well acquainted with me, I desire to say a few words in regard to myself. I am a native born Texan, have resided in Texas all my life, and in Mills county the past 4 1/2 years. Two years ago the people honored me with the office of County Attorney of Mills county, which office I have tried with all my power to fill faithfully and well, and it seems to be the universal opinion of the citizenship of the county that I have made a good record. During the first 2 1/2 years of my residence here, the City Council of the City of Goldthwaite had me in their

employ as their attorney and legal adviser. When I took charge of that office the city was down in the rut financially speaking, but during the first eighteen months, I succeeded in collecting large sums of back taxes, and when I went out of that office, the city was upon its feet, financially. There were many difficult matters to attend to; and several important civil suits were brought, but the city did not lose a single one. I do not claim all the credit for giving stability to the city government, because I was only the legal adviser of the council and had, at all times, the aid and co-operation of that able body of men.

It has been my good fortune to receive the advantages of a good literary and legal education. In 1902 I received my diploma from the Fredericksburg High School, and after teaching two years, took the money I had earned and attended the State University at Austin, where I graduated in the summer of 1908, and ever since have been in the practice of my chosen profession.

I have now submitted my claims. The campaign is drawing to a close. The time has arrived for the circulation of little dirty campaign slanders. It is regrettable, in this enlightened age, that when all other means have failed, a man's personal enemies begin the circulation of infamous campaign slanders in a desperate effort to secure his defeat, but which usually results only in satisfying the spleen of someone with a personal grudge. You know what such things are for, and I will not insult your intelligence by even suggesting that you will in the least be influenced by them.

If you believe that I am the proper man for this important office, and that the county's interests will best be served in selecting me to fill it, I will deeply appreciate the honor of your support, and if elected will put forth my best efforts in securing an economical administration of your affairs. If on the other hand, you desire the services of one of the other gentlemen running for this office, I accord you the full right of every American citizen to elect whom you please, and on account of that selection, whatever it may be, there shall be between us not the slightest feeling of bitterness on my part.

Sincerely Yours,

J. C. DARROCH.

#### A POPULAR YOUNG COUPLE.

D. Albert Trent and Miss Jewel Little were married at Mullin last Saturday night at 10 o'clock, Rev. A. R. Watson officiating. The young couple had planned to be married here, but when the time for the wedding arrived, there was no minister accessible, so they and a few of their relatives decided to make an automobile trip to Mullin, where the necessary services of a minister could be procured. The wedding was not a surprise to the friends of the young couple for it had been expected for some time by their associates and acquaintances.

There has never been a more popular young couple in Goldthwaite and all are enthusiastic in their expressions of good wishes for them. D. Albert is a son of Major and Mrs. D. H. Trent and is one of Goldthwaite's progressive young business men and is a member of the firm of Sullivan, Trent & Allen. He is a high minded, big hearted young man, who is held in high esteem by everybody. The bride is the youngest daughter of Mr and Mrs. L. H. Little and, like her popular husband, is the center of a large circle of admiring and devoted friends in this community, where she has spent most of her life.

The happy young couple left on Sunday night's train for Galveston and Houston and returned Thursday morning.

All who know them join the Eagle in extending congratulations.

## THOUSANDS FREED OF CONSTIPATION.

Suffering Banished Safely and Pleasantly Now Without Taking Dangerous Calomel.

It is remarkable how many people have proved to their satisfaction that Dodson's Liver Tone takes the place of calomel and is safe and reliable when troubled with constipation and sluggish liver. Everyone nowadays knows calomel to be a poison that remains in the system, usually causes bad after-effects and is often dangerous.

Dodson's Liver Tone is made and guaranteed to take the place of calomel. It is a pleasant-tasting, easy-acting vegetable-liquid, with no bad effects and causing no pain or griping interference with your regular duties, habits, or diet. If you are not entirely satisfied with Dodson's Liver Tone, go back to the store where you bought it and get your money back. That's just what Dodson wants you to do.

R. E. Clement's sells and recommends Dodson's Liver Tone and he will cheerfully refund purchase price (50c.) instantly without question if the remedy fails to please you in any way. (adv.)

No one should leave home on a journey without a bottle of this preparation. For sale by all dealers. (adv.)

### FOR SALE.

The Holiness camp ground at Center City, Texas, consisting of 40 acres of land and a commodious tabernacle, is for sale. Never failing spring of water near tabernacle. Any one interested in the matter should see F. N. Irwin, Goldthwaite, for terms of purchase.

## PARTY POLITICS.

All Progressive Republicans are advised and urged to refuse to take any part whatever in the coming Democratic primary election and remain free to support such candidates as they desire elected. It is probable, in fact, very likely the Progressive Republicans will nominate a state ticket as well as candidates for congress and it is important that members of the party be able to vote for such candidates without violating their obligations to some other party. Those who vote in the Democratic primary will be in honor bound to support the nominees of such primary from governor down and this is very undesirable at this time.

Those who have formed a determination to go into the primary are certainly making a serious mistake.  
 W. F. SIMMS,  
 Chairman Progressive Republicans.

## ATTRACTIONS FOR THE FAIR.

One of the greatest attractions of this occasion will take place in the afternoon of the second day, when the best ropers of our county and adjoining counties meet in a roping contest.
