The mail order business is growing in the United States. One of the main reasons for this is that merchants and the business men in the smaller towns do not advertise and bring their business before the attention of the people continually as the mail order houses do. In a few years at the present rapid growth of the mail order business many of the merchants will be forced to retire from business—as the outsiders get the cash. Many of the business men are to blame for these conditions as they never ask anybody to come to town and trade, or tell the people what they have to sell. Let Georgetown and all the smaller towns wake up. Don't go to sleep.—Georgetown Commercial.

The Commercial club will meet next Tuesday night and it is expected there will be an interesting meeting. Several matters of importance are to come up for consideration.

MULLIN

It's hard to find words to put a true light on the happenings at Mullin. Last Saturday was dollar day, show day, base ball day, big dinner day, speaking day and not a wave of trouble rolled across our peaceful breasts. The advertisement of the day brought people from all section of the country in great numbers. Goldthwaite and Brownwood were well represented and the day pronounced a success. The merchants were kept busy waiting on the people and are more convinced than ever that it pays to advertise, make prices and have the goods to show. Randolph & Allen served ice cream to every man, woman and child who entered their store and would partake. The Get-together club had badges prepared and nearly every person wore a badge boosting Mullin.

Mr. Fred Dew, an old Mullin boy, was on our streets this week and was kept busy shaking hands with his old friends of other years. It is reported that he is prospecting and will likely locate among us. A big welcome awaits him should he decide to do so.

Grandma Henderson, mother of Mr. Dave Henderson, died Saturday morning at 2 o'clock and was buried Saturday afternoon in Oak View cemetery. She was well advanced in years, perhaps passed four score, and was making her home with her son at the Mullin hotel. The family have the sympathy of the community.

Mr. A. N. Perkins, one of the early pioneers of this section of the country, is confined to his room and a great deal of the time to his bed.

If time and space would permit we would like to portray to your minds the next great happening in Mullin, but as it is only known to a few, perhaps we had better leave you in suspense a few days.

STAR

Seems like we will never get thru
with the cold weather. I don't
see how the fruit crop can stand
much if it has stood all that has
passed. Pretty bad on corn plant-
ing too. Some of our farmers are
still planting corn. Farm work in
general is being rushed, as most
of the farmers are behind in their
work. The fellows that broke their
land in the fall are rejoicing in the
fact and can readily see the great
advantage of early breaking and
deep breaking.

Miss Mae Hill's music class is
progressing nicely. Miss Mae Hill
has a good class and they are all
doing good work.

Several of our folks took a fishing
trip to the Colorado river a few
days ago. A couple of automobiles
carried them over. Cyrus Fields
has bought a new automobile and
he in company with Rev. Geo. Ryan,
J. H. Clifton and Rex Clifton, made
the trip in his car. Henry Morris
took in his car several men, but
when they passed by they were go-
ing so fast I could not tell who were
in the car. The top being low, I could
not see them very well anyhow.
They report a big time.

Rev. Ryan delivered two fine ser-
mons here last Sunday, one at the
noon hour and another at night. There
was good attendance and much in-
terest manifested.

Several of our young folks, and
some older ones as well, attended a
Mexican dance held on G. D. Bur-
ney's place last Saturday night. It
was thought by the curiosity seekers
that they would probably see the
famous Spanish Fandango danced,
but they were disappointed as the
Mexicans didn't dance anything but
the plain old "hug-me-tight" and
other country dances. The Mexicans
commenced dancing Saturday eve-
ning at two o'clock and danced un-
til Sunday morning at ten o'clock.

Our Sunday school is still doing
well. The interest shown by teach-
ers and pupils is good to see and the
result must surely be beneficial.

Mr. and Mrs. R. H. Patterson are
visiting in Sterling City. They were
missed in our Sunday school last
Sunday. Mr. and Mrs. Patterson
are most enthusiastic members and
it almost paralyzes two of our classes
when they are gone.

Mrs. Rolla Livingston was rather
surprised and perhaps frightened a
few days ago when her incubator
lamp exploded. I heard that the
eggs were cooked by the explosion
and that the house was in consid-
erable danger of being burned for a
few minutes. However, everything
came out all right, though of course
if the eggs were cooked the chickens
didn't come out; but at any rate
the house was not burned and they
should be very thankful to get out
that easy.

A play for the benefit of the Metho-
dist church here is being talked about
by some of our more energetic peo-
ple.

The Star Music Club has lost out
considerably here of late and it
might scare some people into a deep
agitation should there be talk of
re-organizing. However, there is
slight hope for the Music Club, where
there is not even a hint that it is
wanted; therefore, there will likely
be a meeting held in a few days or
weeks and the whole thing dissolved
and otherwise thrown to the
winds. It is to be deplored that
Star should let an organization like
this go to the bad and shows a lack
of culture or perhaps of an efficient
leader in the matter, but at any rate
the club is in a bad shape and being
a good and legal organization it must
necessarily be disbanded in a good
and legal manner.

SMILING BILLIE

Its a long lane that never turns. No magter how far apart we may be, there is a way to get together. No matter how deep the chasm and rugged the road over which we must pass, proper thought will build the bridges and smooth the way to make it possible and passable. Adjustment of difficulties is easy when parties at each end of the line determine to adjust. A brave true heart never says no when properly approached for adjustment. So, Smiling Billie, whether a dear or a deer humbly and gladly goes back over the records of the past to accept Mother's Dish Washer's apologies and to offer every conceivable apology for having misunderstood her articles and publishing what he thought to be the real out gushing of a true heart awakened by the thought that amid the wanderings and seclusions of this cold world, some one had such kind remembrances of him as not only to speak to him, but to do so in such a way as to arouse his finer sensibilities and put them on the go to try if possible, to show his appreciation of the kind mention of his name.

And now he is as truly glad to say something to show his appreciation of Mother's Dish Washer's explanation and apology, but for fear he again over does things, he tips his hat and retires from further controversy fully indorsing the saying "alls well that ends well."

Now Mr. editor, if that isn't a rip roaring speech that beats riding in air ships and having misunderstandings with fair damsels, I don't know how to make one. You know a blunderer some boys are when they think he has been noticed and mentioned in a newspaper like the Daily. From this time on I don't know what they call me, I wont put it in the paper, but will tell you about it, and if you publish it, I will be free to go in and out before the correspondents, with my head up as though nothing serious had ever crossed my track. You see I have a special invitation not to desert the ranks of correspondents, to ride all I please in air ships, tell you how men get "skeered," and not get my head turned because some girl happens to call my name; all of which I think I will endeavor so to do.

The storm has blown over, the clouds are driven away, and poor Smiling Billie is again sailing on a smooth sea. Ho, ye correspondents, hear the glad news, Mother's Dish Washer won't be 60 for a long time and Smiling Billie will be heard from again as soon as he returns from Europe, where he is thinking of going to inspect some of the most modern air ships to try to find one in which he can travel over the continent without creating so much excitement among the farmers and ranchmen. Adieu until then.

FAMILY REUNION

Last Sunday there was held a family reunion at the home of Mr. W. E. Reid in Center City community in honor of Mr. J. W. Bradley, celebrating his 84th birthday. His daughters and their families were present to enjoy the occasion and do honor to their honored father. They were Mrs. J. R. Lee, Mrs. Frank Soules, Mrs. Lucas and Mrs. Reid, all of Mills county and Mrs. W. S. Street and Mrs. Chas Schwarz of Runnels county. Besides these there were a number of friends, including Mrs. E. A. Street of this city and the day was spent most pleasantly. This was the third family reunion in honor of the old gentleman which has been held at the Reid home and none were more enjoyable than was this happy occasion.

In the evening a number of the young folks of the community gathered at the home for a singing, which was also much enjoyed.

MACHINERY ARRIVED

The traction engine and cement mixer recently purchased by the city council for use on the streets arrived this week and the rock crusher has been shipped, but has not yet reached this place. The machinery will be put to work as soon as possible and we can expect a great deal of improvement in our streets and crossings. It is also proposed to build sidewalks for property owners at actual cost, which will make that class of work much cheaper than it could be done otherwise and it is likely the machinery will be kept busy for some time to come.

MRS. HARRELL DEAD

Mrs. A. O. Harrell died at her home about 14 miles north of Lampasas Monday night. She had been in ill health for several months and was here for treatment, afterwards going to Brownwood to a sanitarium. Receiving no relief she came home and passed away peacefully. She was a Miss Atkinson, her father at one time having been pastor of the Presbyterian church at Goldthwaite. A husband and three children are left to mourn the loss of a faithful wife and loving mother.—Lampasas Leader.

Mrs. Harrell, nee Alma Atkinson, was reared in this county and is kindly remembered by many friends who grieve with the members of the bereaved family. She was a daughter of the late Rev. A. Atkinson and a sister of Mr. G. N. Atkinson of this city.

BABY BURNED TO DEATH

Members of the Lane family were informed by wire Wednesday morning that Joe Lane's 3-year-old baby girl had been burned to death Tuesday night at Fort Stockton and that Joe and his wife were both badly burned. The message did not give particulars of the accident and but little additional information has since been secured. A letter to the family states that Joe's hands and arms are burned very badly, but the attending physician hopes to save them. It is not known just how seriously Mrs. Lane was burned but the message stated her injuries were serious.

Friends here of the family deeply sympathize with them in their trouble and sorrow.

DO WE WANT WAR

Many people are fearful that somebody will "tread on the tail of Uncle Sam's coat" and they are constantly on the look out for some act or circumstance that would justify this government in going to war with some other country. If we leave out the question of the cost in human life and the distress that war causes on that score, the cost in dollars and cents is no inconsiderable matter. A letter received and published in the Southwestern American from Austria gives an idea of the war tax in that country and the same levy is doubtless made in the other countries at war, or at least a levy that means as much to the people. In commenting on the matter the American says:

"We in this country ought to be pretty thankful that we have no burden of war at this time, when we require so much money for the peaceful operation of our cities and counties.

Extracts from a letter recently received in this country from Austria tell of additional taxes that have been levied. When a person sells a chicken—and it doesn't make any difference how often it is sold—he must pay a tax of one cent. If the chicken happens to be a full grown rooster, it is two cents. If a young cow or steer is sold, the tax is two dollars; if it is a full grown animal, it is five dollars. If a small window is put in a house, that costs two dollars in taxes; if it is a large window, five dollars. Out of every bushel of potatoes a small measure is taken for the support of the government, and the same is true as regards all other farm products.

One thing is certain, and it is true as regards every one of the nations at war. The people who produce the wealth will have to pay the expenses of the war. There will be no escape from it.

The fight for the world's championship is to take place between Jess Willard and Jack Johnson in Cuba on next Monday. The backers of both the fighters claim to be confident of success.

Two negroes have been arrested at Denton charged with the murder of two railroad brakemen on board a freight train near that city last week. One of the negroes has confessed his connection with the crime.

Fire destroyed a portion of the insane asylum of Oklahoma Monday and several inmates are missing, but it is hoped they escaped from the building and did not lose their lives. There were 600 inmates of the asylum at the time of the fire.

Bandits robbed two banks at Stroud, Okla., last Saturday afternoon. Two of them were wounded and captured and one proved to be a well known outlaw of that state for whom a large reward had been offered by the governor.

The trouble along the Mexican border continues to cause a spirit of uneasiness in this country. While it is hoped this government can keep out of the difficulties of Mexico, there are times when it seems that patience will be exhausted.

A Polish woman whose home is near Marlin has been arrested, charged with murdering her aged husband and it is claimed she has confessed that she killed the old man and then burned his body, afterwards depositing his bones in postholes.

Attorney General Looney has filed an injunction suit against many railroads in Texas seeking to restrain them from issuing free passes indiscriminately. He claims that a raise in the freight rates would not be necessary if all who ride over the roads paid fares.

Officers in various cities are having trouble with "bootleggers" of various kinds of drugs, the sale of which is prohibited by a recently enacted federal statute. The immense profit possible to be secured from the victims of the drug habit tempts many to take the risk of being sent to federal prison.

One of the most distressing disasters connected with the navy was the sinking of the United States submarine F-4 in Honolulu harbor a few days ago. The vessel was engaged in practice when it disappeared and was never raised. The crew of 25 men went down with the ship and all efforts to rescue them were futile.

A newspaper of average circulation visits more people in one day than a single canvasser could in five years. Or again, suppose you had to send letters to the same number of people you reach by one newspaper advertisement; think of what it would cost. Newspaper advertising is the least expensive and most productive of all forms of advertising.—Texas Journalist.

President Wilson is quoted as saying that there is no significance to Col. House's visit to Europe. It was hoped by many that some plan of mediation in the European war was in contemplation and that the personal interviews with the heads of the various governments involved would result in bringing the terrible war to a close. If President Wilson is correctly quoted, there is no cause to hope for such a result.

Just why Americans continue to reside in Mexico and to go there from the United States is a mystery, for certainly they know the great danger they are personally facing, besides taking chances on involving this government in a war that would cost many men and millions of dollars. Almost every day a protest is entered with the state department relative to the mistreatment of Americans in Mexico. They had better get out and stay out of that country until some semblance of government is established.

PLAINVIEW

My! My! What an uproar we have got ourselves into by writing to the Eagle just once, but here we come again, for we like "uproars." We are somewhat divided this time though, much to our own regret too.

Smiling Billie and Mother's Dish Washer have both asked our assistance, so how else could we help them both but to divide and one go one way and one the other. Before we go any farther we want to say that we have changed our names and tell our reason why. Well, in fact we haven't much of a reason, but we decided that a Violet and a Daisy couldn't very well undertake any thing like a part in this "debate," so we "dubbed" ourselves "Kate and Dupli-Kate" and christened each other with Violets and Daisies and now are ready to "quarrel."

We are both country girls (we don't live in the city of Plainview as you expected) and don't have much sense (cents) and less education, so we don't know what kind of a "spell" we'll put up, but maybe it will pass. But say, we really don't think you all should use such awful big words. Why actually, we have to take every one of them and chop them in two or three pieces, with the hatchet, and our hatchet has become so dull (and we haven't enough sense (cents) to buy another) that we have to call in all the neighbors and have them bring their dictionaries to find out the meaning of them, so there now, don't use any more "big" words.

We want to tell you all what we did when we read "Billie's" letter. We were not even expecting a letter from him, we thought he had gone to Ignorant Hill and it shocked us so that we hardly knew anything. Our heads seemed to be "whirling" around as fast as Lincoln Beachey's airship was when he met his death at San Francisco last week, so we both ran toward the little brook, just the other side of our house and Kate landed on one side and me on the other (that's where we divided) and both sat down or rather fell, more like a collapsible baby-go-cart than any thing I can think of, and then we began our thinking and deciding. I, Dupli-Kate, could hear Kate saying over and over, and again and again "Dish Washer, dish washer, I wash dishes too" so I knew she was deciding in Dish Washer's favor, so I was glad of it and arose and said, Kate I'm for Smiling Billie and will stay with him until the end. Kate fairly yelled "good! I'm for the other" so now you see how we are divided. Kate says Billie wrote enough and even more, to make a maiden or old maid blush and if she could write this letter she would give him a piece of her mind, but I think Billie's letter was simply all right and I have my reasons for it too! Billie I will tell them to you some time if you will come to Plainview. Kate says she is going to write Billie a letter some time. (Oh, she is sure mad) and tell him just what she thinks of him, but even that or anything else she says doesn't arouse my anger against Billie. I think he did the right thing, so I just stand back and smile (I have caught one of Billie's smiles) and say "all right when you and "yours" best me and Billie you have got to rise a little earlier in the morning."

One reason that Kate takes up for Dishwasher is because she is so near her age. She too, is almost an old maid (doesn't look over 15 years at the least) and I have always been noted for smiling. The home folks always said it was "grinning," but since I have attained the age of 30 and more I know and realize that it is smiling. Billie said if Violet and Daisy were to decide in Mother's Dish Washer's favor that he would retire from the staff of correspondents and go back into seclusion until he was called "Dear" again, but he has one on his side now so come back, "Dear" Old Smiling Billie." Your letters are always welcome to the Eagle's columns and remember, if in peace or war, you need a pal, that down to Plainview is the same old Dupli-Kate.

Thanks to Rainbow for her nice compliment. You too girlie, come often. We like your letters, you must be smarter than Kate and I. We don't come only once a month, but we have so much work to do, you know. No. 7 & 8 must come more often. We used to know some Ebony folks. Mother's Dish Washer you be sure to come again. I like your letters fine. Listen, all the time I am writing, Kate is saying "tell Mother's Dish Washer to come again so there now! you have a double invitation. With best wishes to all, we are, KATE AND DUPLI-KATE."

SELECTING SEED

To All Members of the Boy's Agricultural Club:
Perhaps most of you have already planted your corn, therefore, we must wait until it comes up for further instructions. This we shall hope to furnish you within the next two weeks. I hope you will not forget the instruction given you by Prof Morgan of A. & M. College respecting seeds other than corn.

The Grain Sorghums:—The grain sorghums should be tested in the same manner as outlined for corn, each head of sorghum corresponding to an ear of corn. The heads should first be shelled separately and the seed from each head put in a paper bag and properly numbered. Count out 50 representative seed from each sack and place them in their proper squares. The layer of sawdust over the sorghum seed should be only about one inch thick. Discard all sacks that do not show a vigorous germination. No head should be included in the germination test that has mildewed or molded, or that has been injured by weevil or other insects.

Cotton: As, in all probability the cotton seed from the individual plants selected in the field have not been kept separately, it will be impossible to make a germination test of seed from each plant separately. However, the seed that is to be planted should be thoroughly mixed and from 200 to 400 representative seeds taken and tested in order to give an indication as to the quality of the general lot of seed. It often happens that cotton loses its power to germinate as a result of heating or some other unfavorable condition. The same method of testing as outlined before can be employed, although there will be no need marking the muslin off in squares. The sawdust over the seed should not be over one inch thick.

Peanuts: Care should be exercised to plant peanuts that were entirely mature before harvesting and have not been permitted to heat, either before or after picking. Spanish peanuts may be planted in the pods, but the pods should be broken, leaving one kernel in each piece of pod. These should be soaked in water for a few hours immediately before planting to hasten germination.

I wish to urge you to make the germination tests suggested. You can never tell just what to expect from the appearance of the seed. A test recently made in the grain sorghums showed a germination of 50 per cent. A test made of cotton seed in this county showed the germination as low as 59.5 per cent, while that of another county is reported as low as 32 per cent. We should know about what to expect from the seed we plant and this can only be determined by a real germination test. Especially is this true when the crops were gathered under such unfavorable conditions as that of last year.

Quite a number of the boys have already offered for membership in the Animal Husbandry club. I am glad to note this fact and shall hope to supply them with full instruction as soon as this is received from the Department. I am also pleased to enroll a number of girls, as well as boys in poultry clubs. I trust that the parents generally will encourage their children to enter one or more of these clubs as it will enable me to place in their hands literature that will enlighten them along the lines of industrial work which may serve a profitable as well as an educative purpose.

Yours most truly,
O. H. ROBBINS, Special Agent.

Why I Should Use A One-Seed-Drop "Mr. Bill" Planter?

BECAUSE:

- FIRST: I can plant my seed in a straight row, which will enable me to do chopping or thinning with a saving of at least one-half over the old way.
- SECOND: It insures me more healthy plants, because they are not crowded so badly in the row.
- THIRD: I save from Twenty-five Cents to One Dollar per acre in good seed from the fact that I do not have to plant sixteen stands as I did in using the old style drop; and yet if I wish I can plant as much as I did in the old way.

LADIES AID SOCIETY

On Sunday, March 28, the Ladies Aid of the Baptist church rendered a program gotten up by our president Mrs. Anderson, who is always to the front in every good and laudable work. It was well received and very entertaining.

After a song, scripture reading, and prayer, Judge Allen made a talk on mothers and their work. He seemed to be at his best and the audience was well pleased from start to finish.

Little Mary Florence McCullough gave a reading which was very appropriate and beautifully rendered.

Mrs. J. M. Campbell read a paper on what the Aid has done. It was well gotten up and showed the Ladies were really an aid to the church.

Mrs. Chas. Rudd read a selection from Spurgeon on fault finding, which brought out some very important truths.

A quartette "Grace enough for me" was enjoyed.

Mrs. J. M. Hicks, in a reading, told how faithful the Ladies Aid was and how they helped in every good work.

Mrs. Carroll Lowrie sang a solo very sweetly.

Mrs. S. A. Lowrie, in her most gracious manner, told how much in dollars and cents the Ladies Aid helped.

Another quartette was sung and the well pleased audience was dismissed with a prayer by Bro. W. B. Jackson. A MEMBER.

LIVE OAK

Editor Eagle:

We are again having winter weather out here. Seems like we can not have any nice warm spring weather without a norther following close by. Guess this will finish the fruit that was left, but the Lord knoweth best for his children always.

Health is not so very good now with us, some of our people have colds owing to such sudden changes in the weather.

Grandma Morgan is still improving nicely, being able to sit up most of the time now.

The little infant of Mr. and Mrs. C. W. Mason is very ill at this writing and has been for some days past. It is bordering on pneumonia, but we hope it will escape that dreaded disease.

Mr. O. B. Griffith made a business trip to Comanche county the first of the week.

Miss Myrtle Obenhaus visited Misses Ethel and Estel Gardner Sunday.

Our school ma'am, Mrs. Tillie Clements, spent last night with Miss Stella Dennis.

Mr. Nat Keith and family spent part of last Sunday with Mr. E. A. Obenhaus and family.

Rev. R. W. Bynum preached at Live Oak last Saturday and Sunday, the same being his regular days for service there.

Sunday school at Liberty was well attended last Sunday.

The little folks are making rapid progress reading the Bible. One class of the little ones reported last Sunday having read 547 chapters the week before. How is that for children?

Rev. Bynum is this week holding a series of services at Liberty at night only and up to now there has been thirteen conversions and we hope for many more before the close of the meeting. Everybody come who can for you are needed to help carry on the good work.

Well, as the weather is so bad and news scarce, I will "ring off" for now, after having signed myself the very same. RAINBOW.

STATUS OF THE SOUTHERN STATES COTTON CORPORATION, BANKRUPT.

The condition of the bankrupt estate of the Southern States Cotton Corporation is substantially as follows:

There is now on hand about \$100,000, which would only pay 4c or 5c on the dollar.

An unknown interest in a large amount of cotton consigned to Flinsch & Co., Bremen, Germany, who have advised Mr. J. C. Jones the trustee of said bankrupt estate that they were unable to settle now because the money for the cotton sold is tied up in English, German and French banks. Thus indicating that a settlement of this account will be improbable until after the close of the European war.

The referee has ruled that no dividend could be paid till the suit of Wadley vs. King, pending in the district court of Harrison County, Texas, shall have been disposed of.

It is the opinion of the editor of this paper that it would be injudicious and extravagant at this time to pay out such a small dividend, as the checks would take several thousand men several days to write and the cost of sending each check to the creditors would be considerable. Very few creditors hold enough claims to amount to anything on so small a percentage.—Cotton Oil News.

The Longest Railroad In the World

From Cape Town and from Cairo, for years the engineers have been pushing through desert, jungle and forest, over rivers and across lakes, the longest railroad in the world. The dream of the late Cecil Rhodes, this road is by this time almost completed. About a year and a half ago the line was pushed from Cape Town northward 2250 miles in the Belgian Congo.

At that time the terminus was Kambove, the little African village shown in the illustration.

The first train arriving at Kambove was illuminated with **TEXACO ILLUMINATING OIL** the Red-Star-Green-T brand made in Texas and known all over the world for its quality

Houston, Texas.—In an interesting letter from this city, Mrs. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor. My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

Have you noticed things are brightening? The night is passed, now comes the dawn. The rosy gleams of light are shining; there's no time to sit and yawn. Let us all be up and doing; we can't afford to stand and wait. Time is passing while we linger; soon we'll find it is too late. Every moment idly wasted is a chance we might have had—if we'd only seen the bright side, 'stead of looking sour and sad—to improve our own condition, and example that's worth while; there's no capital quite equal to a broad and jolly smile. It is much the best investment for ourselves and others, too—yes, it's wonderful the good things a courageous heart can do. It pays a dividend unequalled by the choicest bonds and stocks, for it's always a good booster—pushes things but never knocks. If you've been a little fearful, not doing just what you should, now's the time to get right busy. "Things are looking mighty good!"—Dallas News.

Editor Eagle: After much disagreeable weather the wind has ceased and the sun is shining.

Most of the farmers have planted their corn and are almost through breaking land.

Rev. Vaughn assisted the Methodist pastor, Rev. Thomas, in a meeting last week.

Quite a number of people from other communities attended church here last week, especially on Saturday night.

Mr. and Mrs. Jim Tippen visited her father in San Saba county last week. Mrs. George Tippen visited at Wallace last week.

Mrs. J. W. Tippen returned from Buffalo Gap last week, where she attended the bedside and funeral of her mother.

Mr. and Mrs. Ira White visited Mr. Crowder's family Sunday.

Mr. N. C. Egger had the misfortune to get two ribs broke last Thursday while in some way handling a mule.

Misses Vergie and Mamie Jones of Indian Creek visited their uncle Mr. G. M. Jones.

Mr. John Owens of Locker visited friends Saturday and Sunday.

F. M. Egger has been very sick since Friday.

Little Burel Crowder was accidentally hit with a bat last week. It made an ugly wound, but he is able to be in school again.

After four teachers assisted by the pupils working two years they have secured a library and nice book case. The school is well pleased and advises all schools who have none to work for it. It is worth the effort.

Mrs. Noel Ratliff happened to a very serious accident Sunday evening. As they were going down a long hill the shaft broke and punched the horse in the side. He ran and threw Mr. and Mrs. Ratliff and baby out. The horse dragged her a little piece and bruised her up much. She cannot be carried home for several days. He and the baby were not hurt.

Mr. Rance Boyd of Indian Creek has changed his course, and visits Ebony frequently now.

By the cold weather that has just arrived we realize that Easter will soon be here. It is hoped that this is the last cold spell.

PLATFORM SCALES

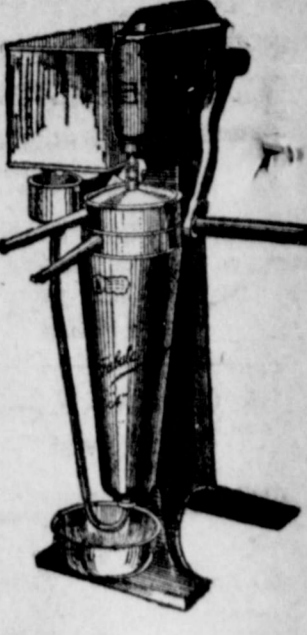

In obedience to the demand made upon me by the farmers and the requirement of my official duties, I have installed platform scales on the east side of the public square in Goldthwaite, where grain and other products other than cotton can be weighed for the public. These scales have been installed at a considerable cost to me, but when the demand was made I felt that I had no right to disregard it. I will be ready and willing at all times to serve the public as weigher of all kinds of products. These scales have been tested by the county judge and found to be accurate.

NOTHING SO GOOD FOR A COUGH OR COLD

When you have a cold you want
the best medicine obtainable so as
to get rid of it with the least possi-
ble delay. There are many who
consider Chamberlain's Cough Remedy
unsurpassed. Mrs. J. Boroff,
Elida, Ohio, says, "Ever since my
daughter Ruth was cured of a severe
cold and cough by Chamberlain's
Cough Remedy two years ago, I
have felt kindly disposed toward the
manufacturers of that preparation.
I know of nothing so quick to relieve
a cough or cure a cold." For sale

MEETING CONTINUES

The revival continues at the Pres-
byterian church with increasing in-
terest. Rev. Davidson arrived from
Santa Anna the first of the week
and has since been assisting in the
services. Large congregations at-
tend the services and the strong ser-
mons will doubtless be of lasting
benefit. Rev. Gay, pastor of the
church, is certainly fortunate in hav-
ing secured two such able preachers
as Revs. Fender and Davidson to as-
sist him.

The song service is under the
leadership of Mr. P. A. Burks of
Center City and he has proved him-
self a leader of fine ability and
qualification.

MILLER'S DRUG STORE

SAN-TOX Service— The Greatest Service To The Public a Drug Store Can Render

The Sign of
the Nurse
Points Out
the
SAN-TOX
Druggists

The development
and final perfection of SAN-TOX service
to the Public is epochal in the history of the American
drug store. It marks a new departure in the scope of service which is now
possible for a druggist to render the public—service which, however, can
be rendered only by SAN-TOX druggists.

San-Tox

In every city and town in the United States, there are
one or more high class drug stores which have been selected
to handle the SAN-TOX line. Their reputation for integrity
and honesty is so well established that their endorsement
of any article is in itself a guarantee of that article's
true worth, otherwise they cannot have SAN-TOX Service.

You can now go to any one of these drug stores and ask
for the best talcum powder, cold cream, hair tonic, tooth
paste or any other toilet preparation, or the best remedy
for a cough, cold, sprain, constipation, or any other
minor ailment and without hesitation a SAN-TOX pre-
paration will be recommended for your use.

What This Recommendation Means To You

In recommending a SAN-TOX Toilet Preparation or a
SAN-TOX Remedy to you, the SAN-TOX druggist is ren-
dering you the greatest service in his power. His endorse-
ment means that he knows that every SAN-TOX prepara-
tion is honestly made from purest drugs and ingredients,
carefully compounded in exactly the right proportion to
obtain the results sought for that particular preparation.
Moreover he knows that the SAN-TOX formulas are non-
secret—that they are of proven value and that many of
them have been prescribed by the medical profession for
years. Your SAN-TOX druggist will tell you exactly
what is in any SAN-TOX preparation. He will show
you the formula on request.

The SAN-TOX Family comprises more than 100 phar-
maceutical and toilet preparations. All are the same in point
of excellence, purity and absolute reliability. Any one you
try will prove the merit of all. SAN-TOX Tooth Paste, for
instance, will give you a new meaning to the word "quality."
Try it at our risk. Get a tube from any SAN-TOX druggist
listed below. It cleanses and whitens the teeth, arrests
decay, sweetens the breath and leaves the mouth in a re-
freshed and healthy condition. It is left to you to judge
as to its vast superiority over any other dentifrice you have
ever used. If you do not think so, the druggist will re-
fund your money. All SAN-TOX Preparations may now
be had in this city from the following

NEW LUMBER FIRM

W. E. Garner has sold an inter-
est in his lumber business to J. D.
Bryan, a well known farmer and
stock raiser whose home is a few
miles east of the city, and they have
purchased the lots just south of the
Eagle office, formerly occupied by
the cotton yard, and have establish-
ed their lumber yard at that place.
They are building an office and mak-
ing other improvements on the prop-
erty. They will operate their busi-
ness under the name of the Farmers
Exchange Lumber yard and will make
a specialty of exchanging building
material for stock and farm products.
They are both well known citizens
and good men and will doubtless be
given a good share of the public pat-
ronage.

A BIG DEAL

W. C. Dew has sold the Leine-
weber ranch and irrigated farm and
the Williams ranch adjoining to
Fred Dew and Earl Fairman, who

ARE You Satisfied? It may not mean much to you—but ask her what

"Black Cat" Hosiery

stands for. It's just as true in Men's Half Hose as in Ladies' or Children's. The wear, the style, the "know-how" is there—and you'll be mighty glad—so will she—when "Black Cat" for Men, comes into the home.

It's safe to try and then you'll buy it all the time. We know 'cause we have seen hundreds come to us for everything they wear, just on account of a first trial.

"Black Cat" Hosiery has made us friends—it's the kind you are bound to wear.

Come Now—you'll find us glad to wait upon you.

Rev. J. G. Forester, pastor of the Methodist church, spent last Saturday in Brownwood, where he had a specialist treat his eye on which a minor operation had been performed a few days previous. He was unable to fill his pulpit Sunday on account of the condition of his eye.

A petition has been circulated in this city this week and liberally signed asking the city council to submit the names of all city officers to the voters for approval or rejection. Under the present system the marshal, assessor and collector, secretary, attorney and some other city employees are selected by the council, but there is no reasonable objection the Eagle can imagine for refusing to allow the people to elect the people who are to serve them and it is believed the council will readily grant the petition. If the charter requirement makes it obligatory upon the council to select the officers named, then the trouble can be obviated by the council selecting the officers elected by the taxpayers. It is likely the petition will be presented to the council Monday night.

A GOLDTHWAITE INTERVIEW

Mr. McAlexander Tells His Experience

The following brief account of an interview with a Goldthwaite man six years ago, and its sequel, will be read with keen interest by every citizen.

J. W. McAlexander, Goldthwaite, Texas, says: "I couldn't work or ride horseback, owing to intense pains in the small of my back. When I stooped, it seemed as if a thousand knives were going through me. I often had trouble in passing the kidney secretions. I used two boxes of Doan's Kidney Pills, procured at Clements' Drug Store, and am now all right. Whenever I hear anyone complaining of a bad back, I advise a trial of Doan's Kidney Pills. (Statement given May 23, 1908.)

Over three years later Mr. McAlexander said: "I think it is my duty to confirm the endorsement I gave Doan's Kidney Pills some years ago. Since then I have not had an attack of Kidney complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAlexander had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

Was an honorable, upright citizen and well known all over Mills and adjoining counties, that being his home for more than thirty years. He leaves a wife and four children, Emmett and Harvey Goode of Mills county, Arthur Goode and Mrs. T. J. Burnham of San Saba county, besides three sisters and a host of relatives. He was laid to rest in the Payne Gap cemetery by the side of his daughter, Mrs. T. E. Mayo, who died less than a year ago. X
