

THE GOLDTHWAITE EAGLE.

VOL. 21.

GOLDTHWAITE, MILLS COUNTY, TEXAS, JUNE 12, 1915.

NO. 43

CONDITION OF CROPS

Small Grain Good—Corn Growing Fine—Cotton Doing Well.

The crop conditions in Mills county are decidedly satisfactory to everybody and the outlook is encouraging from every standpoint.

Small grain, especially oats, made a very fine crop this year. Most of the small grain has already been harvested and while little of the threshing has been done, it is well known that the yield will be exceeding good. The acreage allowed to small grain was unusually large in the county, owing to the determination of many farmers to reduce their cotton acreage materially. The oat crop is perhaps the best money crop grown in this county, for there is so little expense attached to the growing and harvesting of the crop.

Corn is looking fine and growing nicely. It has not suffered for rain and there has been plenty of moisture in the ground all the time, but the rains this week have been beneficial and will go a long way toward maturing the crop. There is a greater acreage of corn in the county than there has been for a good many years and a full crop will cause a great deal of corn to be placed on the market, as most farmers will make much more than they will need for their own use.

Cotton is late, but is growing nicely and will make a good crop if there is no interference by insects and it gets the later rains. The acreage has been materially decreased in this county and very few farmers have put as much ground to cotton as they have been giving to that crop in former years. With a full yield there will be a considerable cotton crop, but not nearly so much as has been grown in the county.

The seasons have been good for all crops this year and Mills county is going to make a bumper crop, unless all signs fail.

LIMITING PRODUCTION

Much is said these days of the large amount of land that is not under cultivation. Farmers are sometimes censured because the states of the Southwest have a large acreage available for cultivation, but which for various reasons has not been utilized for farming.

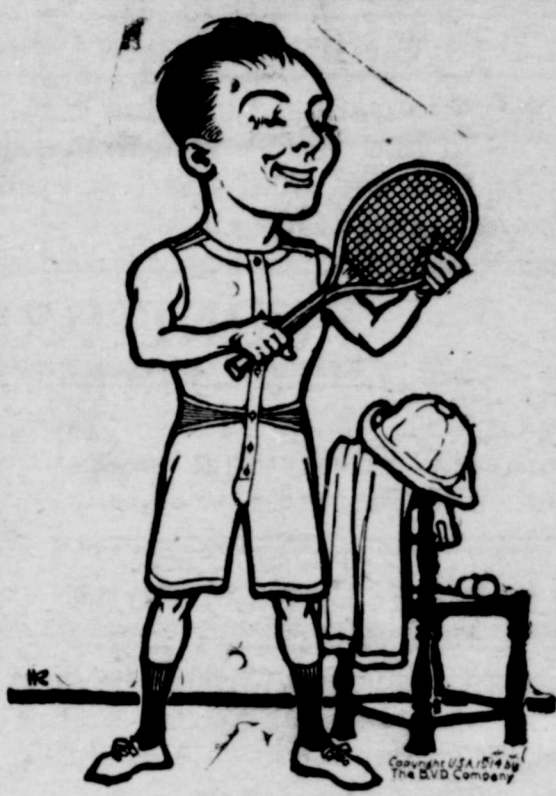

It is not a question of more land or more farmers; it is a question of more profit on what is already produced. This will be clear to anyone who investigates. The difference between what the producer gets and what the consumer pays will convince the most skeptical economist that the high cost of marketing is the problem. Farmers will produce more whenever they find it profitable. They are likely to produce less for sale unless some of the enormous waste in marketing is prevented.

Under present conditions not many care to bring in rough, timbered land, drain swamps, terrace hillsides, unless there seems to be some inducement. The problem is for all the people. The consumer is paying the price. How long will he be satisfied to pay for waste and stupidity in handling farm products? How long will we as a people be satisfied to waste our substance not in riotous living, but in wasteful marketing?—Farm & Ranch.

MEETING CLOSED

The revival conducted at the Methodist tabernacle closed Sunday night and Rev. Franks left Monday for Mills to spend a few days with relatives, after which he expected to go to Kalamity for a meeting. Rev. Fisher's wife left for Fort Worth Monday to remain a few days and will then go to another meeting.

This was one of the most interesting and beneficial meetings ever held in this city and the large number of converts and reclamations prove the statement. While most of the converts placed their membership in the Methodist church, several of the other churches received new members as a result of the meeting and all were pleased with the outcome.

WATER WORKS PROPOSED

A System to Be Built in the Near Future if the Tax Payers Approve.

A representative of a company whose business it is to supervise the construction of water works systems was here this week to confer with the city officials relative to planning a system for this city. His plan outlined is certainly acceptable to the people for there is no expense unless the system is put in and then the firm managing the affairs and supervising the construction will only receive a per cent of the cost.

The city council has contracted with the firm to make an estimate of the cost of a system of water works to be supplied by wells and also prepare a profile showing where the mains are to run. It is proposed to install a system to supply water for domestic purposes as well as for fire protection and it is believed the cost will not be greater than the citizens will approve.

After the estimate has been made and other necessary data secured it is likely a proposition will be submitted to the citizens to ascertain whether or not they will approve a bond issue of something like \$20,000 or \$25,000 to secure the water works system. Full details will be given showing the cost of installing and operating the system, the reduction of insurance rates, the supply of water to be secured and other matters of interest. This information is awaited with interest and it is expected it will be furnished in the next few weeks. A representative of the supervising company will likely come here in the next week to make a survey and ascertain the flow of wells and other facts. As soon as his estimate is completed it will be given to the public.

According to these facts, the long desired and much needed water works will soon be secured at a cost that will not be burdensome to the property owners at the beginning and in later years will be revenue producing, allowing a reduction in the taxes we now pay and at the same time supplying water for domestic purposes and fire protection in all parts of the city.

Rev. D. I. Haralson returned Monday from Richmond, Va., where he attended the annual reunion of Confederate veterans and reports a most delightful trip.

Miss Esia Hearne left Saturday night for San Angelo, to attend summer school and will spend some time visiting relatives at that place.

RATLER

Editor Eagle: Health in this community is very good at present.

Crops of all kinds are looking fine. Grain cutting and cotton chopping are the chief orders of the day.

Rev. Hays preached Saturday night and Sunday morning, and Rev. Clark preached Sunday evening and that night. Each sermon was fine. Sunday school Sunday afternoon was well attended and considerable interest manifested by the children.

Mrs. Zeola Calaway and children of Gatesville and Mrs. Lizzie Shelton and children of Lometa are visiting their parents, Mr. and Mrs. Westerman, this week.

Mr. and Mrs. Milton Stanley of Neal, San Saba county, spent Saturday and Sunday at Mr. Westerman's. Mrs. Arthur McFarland and Co. Inne McFarland spent the latter part of last week visiting Mr. Davis of Miller Grove.

Tom Steward and family of the bayou and Mr. Willis and family of Ridge visited Mr. and Mrs. Steward Sunday.

Mr. Ivy spent Sunday at Olen Curtis.

A number of fishing parties have recently visited this part of the world.

Rev. Hall went to Star Saturday to preach at that place Sunday.

Mr. and Mrs. Ewell Willis spent last week in San Saba county.

A nice rain fell here Tuesday morning and was much appreciated by the farmers. The rain came just in time to keep the irrigation pumps from going to work in the next few days.

ROSE MARY.

The happiest man in the land today is the successful farmer. He sits under his own vine and fig tree undisturbed by the maddening noise of the great city. Banks fail, railroads go into the hands of receivers, booming towns collapse, all business stagnates. But the wise farmer can shake his finger at these things. He is monarch of all he surveys on his broad acres, the society of his boys and girls is regarded against temptations, and in them he is giving the country its manhood and womanhood. The farmer is to be envied, and if he is not contented with his lot, he is lacking in wisdom.—San Marcos Record.

C. M. Allen made a business trip to Bell county and other points this week.

A. D. Karnes has moved his platform scales to the south side of the public square.

Judge E. B. Anderson and family left Wednesday for Brady to visit relatives. They expect to return home Sunday night.

Mrs. Oleson and children returned to their home at Brady the first of the week, after a visit to her brother, Judge Anderson, and family in this city.

The Woodmen of the World conducted decoration ceremonies in the cemetery here Sunday afternoon and Rev. J. G. Forester delivered a very appropriate and much appreciated address on that occasion.

The Quinn-Meyers-Dunlop fishing party have returned from San Angelo. They report a good time and plenty of fish. * * * Luther Quinn has been suffering with a sore foot for the past week, the result of running a thorn into his foot.—Lamesa News.

Mrs. W. F. Page and son John were here from Lometa the first of the week visiting relatives and friends. Mrs. Page expects to move back to this city in the fall, unless she disposes of her property here before that time.

Floyd Jackson and wife, J. D. Urquhart and wife, W. D. Marshall and wife, Mrs. W. B. Jackson, Misses Florence Stringer, Laura Smith, Myrtle and Joyce Harrison attended the meeting conducted by Rev. Geo. Truett at Lampasas Sunday.

The Santa Fe railroad has prominently displayed on its platforms a sign which reads, "If you spit on the floor at home spit on the platform. We want you to feel at home." The irony is apparently lost on some inveterate spitters who have no respect for anybody or anything.—Brownwood Bulletin.

Miss Queenie Marrs left Monday night to enter the dramatic college at Dallas. * * * Miss Mozella Arnold is home from Goldthwaite, where she taught the past session. * * * Mr. and Mrs. M. E. Ebers and sister, Miss Pearl left last night for Lakeport, Louisiana, where they go to look after the personal affairs of his brother, Ben Ebers.—Killeen Herald.

Sheriff Burnett made an official visit to Belton Sunday.

Dr. B. F. Hearne was here from Lampasas visiting relatives the first of the week.

County court convened in this city Monday, morning, but the jurors for the term were excused until June 21.

Dr. J. L. Herrington came over from Mullin in his car Monday to look after business matters and meet with his friends.

Misses May Allen and Mary Sullivan went to Brownwood Monday, to enter summer school. They are two of M's county's most popular teachers.

Fannie Wilson and family have been here this week visiting her parents, Dr. and Mrs. Em. Wilson, and family. He has been suffering with rheumatism for some time and came here from Marlin, where he had been taking the hot baths.

The residence being erected by J. C. Street on Reynolds street, just opposite his home, is nearing completion.

Prof. F. E. Norton and family left yesterday for Austin, where he will do special work in the University during the summer.

Mrs. R. N. Kirby of Lometa visited her mother, Mrs. J. R. Rives, and other relatives here the first of the week.

J. D. Ryan, W. M. Trowbridge and Lon Bledsoe went to Brownwood yesterday to attend a meeting of the District Farmers Union.

We believe everybody appreciates quality and good service. At Miller's **BEST-OV-ALL Fountain** you get the best of service and full value in quality of drinks and cream. (adv.)

County court has been in session this week, but there has been no jury and most of the business transacted was fixing penalties in misdemeanors where pleas of guilty were entered.

Henry Martin and wife and Mrs. Schweining went to Shive this week for a visit to the Hiller family and Mrs. Schweining expects to remain with the family for a month or more.

J. M. Harris was here yesterday from Indian Gap in his big car, which is one of the finest ever seen here. It is equipped with electric lights, self-starter and is in every way complete.

Mrs. Luther Van Norte is dangerously sick at the family home on South Fisher street. Her mother is with her and she is being given every attention by relatives, physicians and friends.

W. T. Little and family came over from Hamilton and spent a few days with relatives. They left in their car Wednesday for Austin, San Antonio and other points to spend several days. Mrs. C. L. Bodkin accompanied them on the trip.

J. B. Whiteman is expected to arrive today for a short visit with relatives. Mrs. Whiteman and little daughter are here visiting and expect to leave the first of the coming week for Fort Worth to visit relatives.

J. W. Hill and J. F. Giles returned yesterday from Dallas, where they had been to purchase a threshing machine which they expect to have in operation in a few days. The separator is pulled by an oil burning traction engine and is modern in every way.

The meeting in North Brownwood conducted by Rev. H. P. Wilsford of Eden is starting out well. There was one profession at the first service Monday night and four asked for prayer. Then there was another profession Tuesday night. Rev. Joe Nation, a student in Howard Payne, has been preaching at this mission point some time.—Brownwood Bulletin.

In last week's issue of the Eagle a typographical error made it appear that the Singing convention was to meet in Big Valley tomorrow, when in fact it should have said the Sunday School convention. Of course it was understood to be an error by those who knew of the convention, but for fear of a misunderstanding by those who were not already informed we make this correction.

MR. BRYAN RESIGNS

His Letter of Resignation and President Wilson's Reply.

Following is the full text of Hon. Wm. J. Bryan's note to President Wilson resigning the position of Secretary of State of the United States and the President's reply to the letter.

"My Dear Mr. President: It is with sincere regret that I have reached the conclusion that I should return to you the commission of secretary of state with which you honored me at the beginning of your administration.

"Obedient to your sense of duty and actuated by the highest motives, you have prepared for transmission to the German government, a note in which I cannot join without violating what I deem to be an obligation to my country and the issue involved is of such moment that to remain a member of the cabinet would be unfair to you as it would be to the cause which is nearest my heart, namely the prevention of war.

"I therefore respectfully tender my resignation, to take effect when the note is sent, unless you prefer an earlier hour. Alike desirous of reaching a peaceful solution of the problems arising out of the use of submarines against merchantmen, we find ourselves differing irreconcilably as to the methods which should be employed.

"It falls to your lot to speak officially for the nation; I consider it to be none the less my duty to endeavor as a private citizen to promote the end which you have in view by means which you do not feel at liberty to use.

"In severing the intimate and pleasant relations which have existed between us during the past two years, permit me to acknowledge the profound satisfaction which it has given me to be associated with you in the work which has come before the state department and to thank you for courtesies extended.

"With the heartiest good wishes for your personal welfare and for the success of your administration, I am, my dear Mr. President, Very truly yours,

W. J. BRYAN, Washington, June 8, 1915.

President's Reply

The president's letter to Mr. Bryan was as follows:

"My Dear Mr. Bryan:

"I accept your resignation only because you insist upon its acceptance; and I accept it with much more than deep regret, with a feeling of personal sorrow. Our two years of close association have been very delightful to me. Our judgments have accorded in practically every matter of official duty and of public policy until now; your support of the work and purposes of the administration has been generous and loyal beyond praise; your devotion to the duties of your great office and your eagerness to take advantage of every great opportunity for service it afforded, has been an example to the rest of us. You have earned our affectionate admiration and friendship. Even now, we are not separate in the object we seek but only in the method by which we seek.

"It is for these reasons my feeling about your retirement from the secretaryship of state goes so much deeper than regret. I sincerely deplore it. Our objects are the same and we ought to pursue them together. I yield to your desire only because I must and wish to bid you God speed in the parting. We shall continue to work for the same cause even when we do not work in the same way.

"With affectionate regard,

"Sincerely yours,

"WOODROW WILSON."

PRACTICE AND PREACHING

The Eagle preaches the doctrine of patronizing home industry and home dealers and practices the same doctrine to the limit. We believe it best for the buyer as well as the seller, for the laborer and the one who purchases his labor. Keep the money at home and foster home enterprises is one of the main planks in our platform.

This week an enterprising merchant in an adjoining town sent the Eagle copy for a half page advertisement, but we declined the offer of business on the grounds of believing in "home business for home people." The business men here give the Eagle a fair patronage and we are enabled to keep our business going with the patronage we receive. We believe advertising pays them and is a good investment for business men of other towns, but we also believe it to be the best interest of people here to patronize their home dealers and therefore, in the interest of all concerned we were forced to decline the liberal offer of patronage from the dealer in a competing town.

"Home patronage for home people."

REUNION NEXT MONTH

While the harvest time, the war and other matters are claiming the attention of the people, we should not overlook the fact that the Confederate reunion is to be held here July 21-23 and that a great crowd is expected at that time. The time of the reunion is always a picnic time with the Mills county people and we are always glad for the time to come when we can assemble at the camp grounds and do honor to the old soldiers and their families, as well as enjoy the associations of all the people. Every citizen should endeavor to make the coming reunion one of the most pleasant occasions of the kind ever known in Mills county.

SHERIFF'S SALE

State of Texas, County of Mills. In the District Court of Mills County, Texas, Goldthwaite National Bank, a Corporation, plaintiff vs. W. E. Harper, et al, defendants.

Whereas, by virtue of an order of sale, issued out of the District Court of Mills County, Texas, on a judgment rendered in said Court on the 12th day of May, A. D. 1915, in favor of the Goldthwaite National Bank, a corporation, of Goldthwaite, Texas, and against said W. E. Harper and W. E. Egger, and the firm of Harper & Egger, composed of said parties, No. 1359 on the docket of said Court, I, J. H. Burnett, on the 9th day of June, A. D. 1915, at 1:30 o'clock p. m., did levy upon the following described lot, tract or parcel of land, situated in Mills County, Texas, and belonging to said W. E. Egger, to-wit:

First tract: All of W. E. Egger's two eighths (2/8) interest in and to the following described land and premises, to-wit: The A. Jernigan 126 acre survey, Patent No. 314, Vol. 23, dated October 7th, 1890, patented to Jesse E. Egger.

Second tract: The William Williams 160 acre survey, patented to Jesse Egger, assignee, by letters patent No. 313, Vol. 25, dated October 7th 1890.

Said lands together being commonly known as the "Old Egger Home Place" on the Colorado river, in the Western or Northwestern part of Mills County.

Third tract: All the following described certain lot, tract or parcel of land situated in the town of Goldthwaite, in Mills County, Texas, beginning at the N W Corner of a tract conveyed by W. W. Queen to Elmo McPherson, by deed dated October 22nd, A. D., 1907, and recorded in Book 27, at Page 323, Deed Records of Mills County, Texas, to which reference is made, thence E 142 feet to corner in the W line of a street, thence S 120 feet to an iron pin driven in the ground for corner, thence W 142 feet to corner, thence N 120 feet to place of beginning, said lot, tract or parcel of land being a part of the J. T. Brumfield survey, and being the same land conveyed by S. T. Weathers and wife to J. N. Weatherby by deed dated March 14th, A. D. 1914, and recorded in Vol. 37 at page 363, deed records of Mills County, Texas, to which reference is made, and being the same land upon which said W. E. Egger is now residing.

And on the 6th day of July, A. D. 1915, the same being the first Tuesday in said month, between the hours of ten o'clock a. m. and four o'clock, p. m., on said day at the Court House door of Mills County, Texas, I, will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. E. Egger in and to the above described lands and premises.

Dated at Goldthwaite, Texas, this 9th day of June, A. D. 1915

J. H. BURNETT,

Sheriff, of Mills County, Texas.

By J. E. Evans, Deputy.

LITTLE GIRL REVIVALIST

Mississippi also has a Billy Sunday and one much more interesting than the ex-baseball player. She is a female Billy Sunday according to report, she is some revivalist, although she is only 13 years old. The story goes that at Starkville Mary McCain is conducting a successful revival, while letters from all parts of Mississippi are urging her to come to various towns and help in the fight against Satan. The history of this young girl, who, until a short time ago, was an ignorant country girl, with no religious inclinations whatever reads like a page from the life history of Joan of Arc. She claims to have been visited by God during a spell of sickness and to have seen heaven. She was nearer to death's door when God appeared to her and commanded her to preach. She arose at once and preached with remarkable force that night. Since then she has been preaching with great success, having converted several hundred people of her own neighborhood. Whatever the secret of her success is, it must be admitted that she has some power other than her own, and has converted more people in her own section than any other preacher has converted in many years.

The trial of Harry K. Thaw in New York to decide his sanity has been set for next Wednesday.

The capital stock of the Ford Motor Co. has been increased from two million dollars to a hundred million.

The federal grand jury indicted a number of prominent citizens of Nueces county last week, charging election frauds.

A city ordinance of Fort Worth requires each jitney to furnish a bond for \$2500 for the protection of passengers and citizens generally before they are allowed to operate in that city.

The submarine warfare of Germany is having the desired effect to some extent, at least. A ship's crew at Galveston refused to make a trip into the war zone because of the danger from submarines.

Storms and heavy rains in the Panhandle did great damage Sunday and Sunday night. Railroads suffered from washouts, while crops were damaged and farms inundated. A million dollars worth of grain was lost.

A man has been apprehended in the Panama canal zone charged with having embezzled \$4,000 from the Freeport post office. He is to be returned for trial in Galveston. It is said his relatives have already returned the amount of the shortage to the government.

A special from Austin says: Because of an error in the enrolling of the item of appropriation for a college auditorium at the A. and M. College, contained in the recently enacted educational appropriation bill, Gov. Ferguson may have to veto the entire item. The legislature intended to appropriate \$100,000 for the auditorium, but a clerical error made the amount appropriated \$1,000,000. It was said today the governor might approve the item with an understanding that the college would only use the \$100,000 intended by the legislature.

Hon. Wm. J. Bryan, who has served as secretary of state from the beginning of President Wilson's administration, resigned the position Tuesday, owing to a disagreement with the president over the contents of the second note sent the German government relative to the Lusitania affair and the submarine policy. Mr. Bryan stated in his letter of resignation that he was unwilling to sign the letter to Germany, which would amount practically to an ultimatum and felt that he should resign in order to give the president a free hand in the matter. His action has raised him in the estimation of the people of this country, for he has given renewed evidence that he is not only a statesman, but a patriot as well. His idea of the situation and its dangers are shared by a great majority of American citizens.

The second note of President Wilson to the German government regarding that government's submarine warfare has been cabled to Berlin and a reply will not likely be long delayed. Just what course this government will take in the event of an unfavorable reply can not be easily forecasted by those not in the confidence of the president and his advisers. The severance of diplomatic relations is one of the possibilities, but this would not necessarily mean war between the two countries in the immediate future. However, the withdrawing of the representatives at this time, under the existing circumstances following a clear cut demand of this government upon the German government would very likely lead to hostilities. The act of turning over the embassy and the protection of citizens of this country who are in Germany, to a representative of some other nation could be done without a declaration of war, but such an act would not of necessity cause this country's demands to be met by the German government. Therefore, the severance of diplomatic relations would likely be followed speedily by a declaration of war.

SHERIFF'S SALE

The State of Texas, County of Mills:

Notice is hereby given, that by virtue of a certain order of sale issued out of the honorable district court of Mills county, on the 4th day of June, A. D. 1915, by C. D. Lane, Clerk of said District Court, for the sum of nineteen hundred and seventy seven (\$1977.00) dollars and costs of suit, under a foreclosure decree, in favor of J. N. Weatherby, in a certain cause in said Court, No. 1416, and styled J. N. Weatherby vs. J. T. Parker, G. W. Lee, G. W. Boring, A. A. Boring, E. A. Poth, J. L. Costley, and T. L. Hale, placed in my hands for service, I, J. H. Burnett, as sheriff of Mills county, Texas, did on the 8th day of June, 1915, levy on certain real estate situated in Mills County, Texas, described as follows, to-wit:

D. 1915, the same being the 6th day of said month at the Court House door, of Mills County, in the city of Goldthwaite, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said G. W. Lee, J. T. Parker, G. W. Boring, A. A. Boring, E. A. Poth, J. L. Costley and T. L. Hale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Goldthwaite Eagle, a newspaper published in Mills County.

Witness my hand, this 8th day of June, A. D. 1915. J. H. BURNETT, Sheriff Mills County, Texas. By J. E. Evans, Deputy.

SNAKE BITE FATAL

Wm. J. Harris, the little 4-year-old son of Mr. and Mrs. Alonzo Harris of Caradan community died Saturday morning at 4 o'clock from the effect of a rattle snake bite.

The child was in the oat field near the family home Friday afternoon in company with his father and other members of the family when he was bitten by the reptile and he at once told his father that the bite would be fatal, which seemed somewhat prophetic. As soon as Mr. Harris ascertained that the child had been bitten by the reptile he attempted to suck the poison from the wound and hurriedly summoned a physician, who responded promptly, but all remedies failed, and in about twelve hours from the time the child was bitten he was dead. Mr. Harris succeeded in killing the snake, which measured four and one-half feet in length.

This is one of the saddest happenings ever recorded in Mills county and the many friends of the bereaved family sincerely grieve with them. The funeral was held at the cemetery at Lookout school house Saturday afternoon and was attended by the sympathizing friends of the grief-stricken family.

CITY COUNCIL

The city council met in regular monthly session Monday night, with all members present.

The resignation of G. H. Denison as city recorder was received and accepted, whereupon L. R. Conroy was elected city recorder.

Joe Taff was allowed to construct a gasoline filling station at the corner of Fisher and Third streets, known as the opera house corner.

The anti-spitting ordinance was adopted and ordered published and enforced.

The city tax rate for 1915 was fixed at the same figures as it has been heretofore, to-wit: General purposes, 25 cents on \$100 valuation; 10 cents street tax.

Donald Onell of Dallas was present to discuss the water works plans with the council as a representative of M. Griffin Onell & Son. After his plan was outlined and thoroughly explained to the council the mayor and secretary were authorized to contract with his firm in the name of the city to submit plans and a schedule of costs for a system of water works.

A. D. Karnes was ordered to remove his scales and building out of Fisher street and was given authority to move them to the south side of the square.

Accounts for current expenses were examined and allowed.

Conditions among the non-combatants and women and children in Mexico are indeed distressing, but very little can be done for them as long as the great majority of the male population of the country engages in war. President Wilson has made several attempts to bring about order and a system of government in that country, but so far his efforts have been in vain and the indications are they will continue to be fruitless. The half civilized people will have to become entirely exhausted because of hunger before they can be induced to cease their wars, which have now become little more than a nation-wide effort to avoid work.

SAN SABA

Clay Lindsey visited his father, C. W. Lindsey and family at Goldthwaite last week.

Representative W. D. Cowan returned Sunday from Austin at the close of the called session of the legislature.

Mr. Jack Towerton one of San Saba county's most beloved and revered citizens died at the family home in the Colony community Saturday morning, May 29.

The marriage of Miss Mary Lee Walters to Mr. George B. Marsh occurred at the home of the bride's aunt, Mrs. J. B. Longley, Wednesday afternoon, June second, at five o'clock.

James S. Evans and wife, who was formerly Miss Mayme Williams, were here Saturday en route to their home at Eden from Goldthwaite and Lometa after a brief visit with relatives. They were married Wednesday of last week and were enjoying an overland trip in their new Ford.

W. J. Moore has leased his ranch a few miles east of town and sold his cattle with the exception of a few registered Herefords, to Milt Callaway and will give possession at once. Mr. Moore and family have decided to move to the John Kelley place which they recently purchased instead of the Griffin place.

Mr. John Kelley died at the family residence Wednesday evening, June second about ten o'clock. Funeral services will be conducted from the Methodist church this afternoon at four o'clock and burial at Odd Fellows Cemetery. He was one of San Saba's oldest and most highly respected citizens and held the position of postmaster at the time of his death.—Star.

COMANCHE

The promoters of a cannery for Comanche have almost completed arrangements to handle the surplus crop for this year. The machinery is expected every day and arrangements have been made for the location and management of the concern.

A new rural route, making the 6th out of Comanche is contemplated by the postoffice department. The route will run south from town, turning from the Newburg road about Jack Stevens place and returning to the east of the route going out.

Mrs. Velfa Halsell and her three year old daughter, Tommie, were drowned in Rowlett creek in Dallas county last Saturday. Mrs. Halsell was a niece of Mrs. C. F. Jacobs of this city. Mr. and Mrs. Jacobs went Saturday night to Garland, where their relatives lived and attended the funeral Sunday of the drowned mother and daughter.

Elmer, the fifteen year old son of G. E. Wines, had his leg broken Friday morning by a hay press on the farm of Pomp Karnes north of Comanche. He was driving the horse when the singletree broke and the power arm flew back striking his leg just below the knee. Both bones were broken squarely across.

The storm Saturday night was the worst that has visited this section of the country this year. In fact, it was the first wind or hail storm that has touched this section. The wind struck Comanche about ten o'clock and there was a wild scurrying of people to the storm house. Since it was the exact anniversary date of the Zephyr cyclone, same day of the week and month and the cloud was very like the one of that night, there was considerable apprehension. The wind blew for about half an hour and then the rain set in. Fortunately, however, the wind was abated considerably before the rain started, which accounts for the remarkably small damage that was done to the standing grain.—Chief.

BROWNWOOD

Dr. M. L. Brown returned this morning from a visit to Goldthwaite and Killeen. He was called to the latter place by the illness of his brother's child.

Miss Ollie Williams of Mullin is in Brownwood this week. She is a graduate of Howard Payne college and has many friends among the students who are always glad to welcome her.

Miss Lawrence Thompson returned yesterday afternoon to her home in Goldthwaite, after spending a week in Brownwood. Miss Thompson is the daughter of Editor R. M. Thompson of the Goldthwaite Eagle. At Howard Payne College yesterday afternoon an enthusiastic audience had the pleasure of hearing contestants for the Rogers Oratorical Medal. All the speakers, representing the various societies of the College, did well and it was difficult for the judges to decide upon the winner. They finally gave the award, a society cup, to Miss Ossie Maedgen, representative of the J. S. H. Literary Society. This cup is competed for annually and is a gift of Capt. J. A. Rogers, of Fort Bliss, formerly of Mullin, Capt. Rogers is a former student of the college.—Bulletin.

LOMETA
Harvey Ivy and Miss Pearl Decker, two of the most popular young people of the Center community, were married at the Baptist parsonage last Saturday.

Mrs. Matt Gillespie returned Saturday night from Waco where she has been with Mr. Gillespie who is there undergoing treatment for cancer. The Reporter is glad to report Mr. Gillespie as greatly improved and strong hopes are now entertained for his complete recovery.

The barn of E. F. Underwood was struck last Saturday night by lightning and considerable damage was done. The roof was badly torn to pieces and a fine bull that was in a shed joining the barn was killed. The structure caught fire but the flames were extinguished before any material damage was done.

A wedding of considerable local interest occurred at Goldthwaite the first of the week when Mr. R. N. Kirby of this community and Miss Sudie Rives of Goldthwaite were united in marriage the ceremony taking place at the home of the bride's mother, Mrs. J. R. Rives. The bride is one of the most popular young ladies of her home town, her many womanly graces of character winning her a high place in the estimation of her acquaintances. Mr. Kirby is one of the most highly esteemed young men of the Lometa community and is looked upon as being one of our most substantial and trust worthy citizens. The Reporter joins the many other friends of the young couple in extending congratulations and in wishing them a long and happy life.—Reporter.

LAMPASAS
About three-fourths of an inch of rain fell Saturday night, accompanied by heavy wind, but no serious damage was done, and the reapers were again at work Monday. The moisture will help the corn crop, which is yet growing nicely.

Prof. W. W. Hart has been elected superintendent of the Smithville city school, and will accept the position. For the past five years he has held a similar position with the school at Colorado City, Texas, and did not apply for the same position again. He makes good wherever placed. He and Mrs. Hart will be much nearer their respective homes by this change in location, and he considers the change a promotion.—Leader.

HAMILTON
Miss Sara Taylor, who has been visiting relatives and friends in Goldthwaite, returned home Wednesday night.

Mrs. A. C. Fuqua and children Miss Dot Fuqua and Milton arrived at home Sunday from Navasota, where they had been the past nine months for the benefit of Mrs. Fuqua's health.

Mr. and Mrs. John G. Jones are at home from Moran where they paid a visit to their son, Floyd Jones who is a prominent druggist in that town.

W. T. Little and family leave early next week for an automobile trip through the coast country. They have mapped out an itinerary including Austin, San Antonio, Corpus Christi and Galveston. Mr. Little says, "It all depends on the roads whether or not we will visit all the places we have planned to make in our trip."

For the pleasure of Miss Monnie DeArman's house guests, Ivan Austin planned an automobile party to Hico and a picnic supper on the river Wednesday evening. Five automobiles carrying the jolly company left the DeArman hotel at about 6:30 in the afternoon, and enjoying the ride over beautiful roads, reached the other end of the line in time to see the picture show. Returning camp fires were built at the Leon bridge and a bountiful supper of all kinds of good things partaken of with seasonings of jokes, merry repartee, songs and stories.—Record.

KNOW THY COUNTRY

I—Introductory

"Know America" is a slogan that should ring out from every school room, office, farm and shop in this nation. No man can aspire to a higher honor than to become a capable citizen, and no one can merit so distinguished a title until he is well informed of the resources, possibilities and achievements of our country.

This is a commercial age and civilization is bearing its most golden fruit in America. We are noted for our industrial achievements as Egypt was noted for her pyramids; Jerusalem for her religion; Greece for her art; Phoenicia for her fleets; Chaldea for her astronomy and Rome for her laws. Likewise we have men who will go down in the world's history as powerful products of their age. For, standing at the source of every gigantic movement that sways civilization is a great man. The greatest minds travel in the greatest direction and the commercial geniuses of this age would have been the sculptors, poets, philosophers, architects, and artists of earlier civilizations.

As Michael Angelo took a rock and with a chisel hewed it into the image of an angel that ever beckons mankind upward and onward, Hill took the desert of the Northwest and with bands of steel made it blossom like a rose, dotted the valleys with happy homes and built cities in waste places.

As Guttenberg took blocks of wood and whittled them into an alphabet and made a printing press that flashed education across the continent like a ray of light upon a new born world, McCormick took

a bar of iron and bent it into a reaper and with one sweep of his magic mind broke the shackles that enslaved labor of generations yet unborn, and gave mankind freedom from drudgery, and lifted the human race into a higher zone of life.

As Nelson organized the English navy and made England mistress of the sea, enabling the British Isles to plant her flag upon every continent washed by the ocean's waves, and to make footstools of the Islands of every water, Morgan organized a banking system that has made America master of the world's finances, brought Kings to our cashier's windows, the nations of the earth to our discount desks and placed under the industries of this nation a financial system as solid as the Rock of Gibraltar.

There is no study quite so interesting as progress; no sound so magic as the roar of industry and no sight so inspiring as civilization in action. A full realization of America's part in the great events of the world past, present and future will thrill every human heart with pride, patriotism and faith in Republican institutions.

Through the courtesy of the Agricultural and Commercial Press Service, the readers of this paper will be permitted to study America; her agricultural, manufacturing and mineral development, mercantile, banking and transportation systems which are the wonder of the world. The first article of the series will deal with transportation and will appear at an early date.

INDIAN DAYS

The entertainment by Mrs. Gillespie's expression class and Miss Nora Hooks music class, which was to have been given several weeks ago and was postponed for various causes, was given at the opera house last evening. The Eagle was put to press before the entertainment was concluded, but we are safe in saying it was a most delightful success, for the ladies in charge of the program and those taking part could not fail to plan and perfect an entertainment that would be in every way pleasing.

The receipts, after paying the expenses, will go to the civic improvement fund of the Self Culture club.

SPECIAL PROPAGANDA

The question has arisen in Baltimore and other cities, and in time will reach Richmond, as to whether the public schools may be used for the instruction of youth in the evils of cigarette-smoking. The answer without other consideration, is that the proper place for such instructions is in the home, in the daily life of a boy. Smoking along with other objectionable practices among youth, may be prohibited in school or on school grounds as a matter of regulation, but it is not the first purpose of public schools to instruct in things other than those connected with fundamental education. Any destructive or injurious habit may be attacked indirectly or incidentally, in the stated study of physiology hygiene or any of the physical sciences, but to single out cigarettes or any other alleged vice for the satisfaction of those especially interested in suppression would be to divert attention from the necessary things.

Without doubt there is merit in the contention that cigarette-smoking because of the wholesale availability of the article and the fact that cigarettes depend principally upon deep inhaling for their effect on the nervous system, interferes with application to studies, and should, therefore, be discouraged in and by the public-school system. But, again, that is a question of home training and influence, and no set of enthusiasts along this or any other line should be allowed to cloud the issue—which is that the youth of America require, for their future success, the solid fabric of real education, with very few frills.—Times Dispatch.

Dr. Truett, who has been preaching twice a day at the First Baptist church here since May 31, was called to Waco Tuesday morning to attend the funeral of his brother-in-law, Dr. Gray. It will not be convenient for him to return, hence Bro. Alfred, pastor of the church closed the meeting with the Tuesday morning service.—Lampasas Leader.

Some men are really too delicate to make full hands in the harvest field or at the carpenter bench, or the blacksmith's forge. Many, in truth, have to have light employment because they are physically frail. When one of that sort gets out of work he ought to be sympathized with and assisted in locating another job. But when a strong man chooses idleness and anarchy to the useful labors of husbandry and manufacture he deserves short shift. For instance those able-bodied loafers at the Oklahoma town who treated to rob stores when their municipal boarding house was abolished—they deserved to be put to work pounding stones for the public roads at 50c a day. It is one thing to be kind where kindness is due, and quite another thing to be patient with lazy idlers who demand free board as tribute to their powers of fierce oratory.—Dallas News.

Great damage has been done in Fort Worth by floods, as will be seen from the following report which was sent out from that city under date of Thursday. It says: "Five hundred people temporarily were rendered homeless and almost entirely destitute as a result of the overflow of the Trinity river at this place. The water rose rapidly during the night and at midnight began to escape from the channel through three breaks in the levee. It soon overspread a large area to the northwest. At daylight, North Main street was under water, and street car and automobile traffic between Fort Worth and North Fort Worth was suspended. At 7 a. m. the water at the foot of the viaduct on paved North Main street was deep enough to swim a horse, and no one could get to the packing house district except by going six miles around by way of Riverside and Diamond Hill or by walking a rail road bridge. The plant of the Fort Worth Power & Light company at the foot of the north end of the viaduct on the river banks was flooded to a depth of ten feet and fires were extinguished under the furnaces. The lights and electric power furnished by this plant were cut off and the city practically was without its electrical supply until about 9:30 o'clock when connection was made with the plant at Waco. The street car company's plant is at Handley and still is in operation. All available policemen and many citizens worked from midnight until after daybreak rescuing residents of the lowlands.

Ruin is no respecter of persons. Your girl is as liable to be met by it as the girl of your neighbor. Ruin it should be kept in mind does, not overtake any one, for it is not behind, but before. There are two highways plainly marked, and it is only those who travel by the road that leads to ruin who ever reach it. They must go out to meet the destructive thing, or they will not find it. So it is not impertinent to ask parents where their daughters are tonight. The news reports have lately been filled with accounts of the doings of a daughter of the rich and a daughter of the poor. One was motherless and the other was fatherless, but if the rightful guardian had known where each was every night and seen to it that she was in a safe place, there would have been peace and content in two homes where there is now something very different. A girl is one of the most precious possessions in the world, and she should be guarded as the King's chamberlain guards the crown jewels. Those baubles are not sent sparkling alone upon the street at night nor left unprotected in public dance halls, where greedy fingers may filch them.—Philadelphia Evening Ledger.

SHERIFF'S SALE

The State of Texas, County of Mills. In the District Court of Mills County, Texas. Walker-Smith Company, a Corporation, Plaintiff, vs. J. D. Sauls, defendant.

Whereas, by virtue of an order of sale, issued out of the District Court of Mills County, Texas, on a judgment rendered in said court on the 4th day of May, A. D. 1915, in favor of Walker-Smith Company, a corporation of Brownwood, Texas, and against said J. D. Sauls, No. 1451 on the docket of said Court, I J. H. Burnett, on the 9th day of June, A. D. 1915, at 11:45 o'clock, a. m. did levy upon the following described lot, tract or parcel of land, situated in Mills County, Texas, and belonging to said J. D. Sauls, to-wit:

All that certain lot, tract or parcel of land described as follows: The same being 150 1.2 acres of land out of the N. R. Brister Survey of 1274 acres in Mills County, Texas, and more particularly described by metes and bounds as follows, to-wit: Beginning at the N W Corner of the R. L. Bates tract, for the beginning corner of this tract, thence S 13 degrees E 1284 vrs., to the S W Cor. of said Bates tract, thence S 71 degrees W 666 vrs. to the S E Corner of a tract of land sold by C. K. Bell to I. H. Elder, thence N 19 degrees W 1284 vrs. to the S W corner of the Carswell tract, thence N 71 degrees E to the place of beginning, save and except one acre out of the S W corner of above described tract of land which was conveyed by J. T. Cook to J. T. Bullock for the purpose of building a gin thereon; said tract containing 150 1.2 acres of land, said land being commonly known as a part of the J. T. Cook place, situated near the town of Moline, in Mills County.

And on the 6th day of July, A. D. 1915, the same being the first Tuesday in said month, between the hours of ten o'clock a. m. and four o'clock p. m., on said day at the Court House door of Mills County, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of said J. D. Sauls in, and to the above described lands and premises.

Dated at Goldthwaite, Texas, this 9th day of June, A. D. 1915.

J. H. BURNETT

Sheriff of Mills County, Texas.

By J. E. Evans, Deputy.

SHERIFF'S SALE

The State of Texas, County of Mills. Notice is hereby given, that by virtue of a certain order of sale issued out of the honorable district court of Mills County, on the 4th day of June, A. D. 1915, by C. D. Lane, Clerk of said Court, for the sum of twenty four hundred and thirteen (\$2413.00) dollars, and costs of suit, under a foreclosure decree, in favor of J. N. Weatherby, in a certain cause in said Court, No. 1447, and styled J. N. Weatherby vs. J. J. Smith, G. W. Lee, T. H. Egerton, J. T. Parker, J. L. Costley, and Sam Randles, placed in my hands for service, I, J. H. Burnett, as Sheriff of Mills County, Texas, did, on the 8th day of June, A. D. 1915, levy on certain real estate situated in Mills County, Texas, described as follows, to-wit: Known as Block No. twenty (20) of 1.2 league survey No. two, (2), Hays county school land in Mills County, Texas, meted and bounded as follows: Beginning in the E line of said survey at S E Cor. of Block No. 21, thence W 883 vrs. to the S W Cor. of Block No. 21, S E Cor. of Block No. 22 and N E Cor. of Block No. 19 of said survey, thence S 1086 vrs. with the W line of Block No. 19 to the S E corner thereof, and N E Cor. of Block No. 14 and N W corner of Block No. 13, thence E 883 vrs. to the E bdy. line of said survey the N E corner of Block No. 13, thence N 1086 vrs. to the place of beginning, and containing 160 acres of land more or less, and levied upon as the property of J. J. Smith, G. W. Lee, J. T. Parker and T. H. Egerton and Sam Randles, and that on the first Tuesday in July, A. D. 1915, the same being the 6th day of said month, at the Court House door, of Mills County, in the city of Goldthwaite, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said J. J. Smith, G. W. Lee, J. L. Costley, J. T. Parker and Sam Randles.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Goldthwaite Eagle, a newspaper published in Mills County.

Witness my hand, this 8th day of June, A. D. 1915. J. H. BURNETT

Sheriff Mills County, Texas.

By J. E. Evans, Deputy.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

CITY ORDINANCE

An Ordinance forbidding spitting on sidewalks, and other public places, and also providing the mode or manner of sweeping sidewalks.

Be it ordained by the City Council of the City of Goldthwaite, Texas:

Section 1. That it shall hereafter be unlawful for any person to expectorate or spit mucus or saliva, or saliva mixed with tobacco or any other substance, or blow secretions from the nose, or to throw the remains of any chewed or partly chewed tobacco or snuff, or the remains of any partially chewed or smoked cigar or cigarette, upon any sidewalk, public vehicle, depot floors or walls, depot platform, or upon the floors of any public building or resort within the city of Goldthwaite, Texas.

Section 2. That it shall hereafter be unlawful for any person to sweep or brush the dirt or trash from any sidewalk in this city without first sprinkling the sidewalk either with water, floor sweep or some other substance that will settle and keep down the dust.

Penalty: Any person violating any section of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction therefor shall be fined in any sum not less than \$1.00 nor more than \$25.00.

This ordinance shall be in effect immediately after its passage and publication as required by law.

The above and foregoing ordinance was passed, approved and adopted this the 7th day of June, 1915, at a regular meeting of the City Council of the City of Goldthwaite, Texas, all members of the council present and voting for the passage of the same.

WILL H TRENT, Mayor of Goldthwaite, Texas

L. E. MILLER, City Secretary.

BETTER TIMES

The manner in which financial experts who have recently visited the Southwest expressed their surprise at the progress now being made and expectations for the future of this section should revive hope and fortify courage. When men of large financial vision see prosperous times as a result of diversification and safer methods of farm practice it should encourage us.

While diversification is not as general as some expected it is extensive enough, nevertheless, to reduce danger of short crops and to give more confidence in business as well as the benefits to the individual farmer who has begun to diversify.

Notwithstanding the late season, prospects are now flattering. The wheat and oat crops are now being harvested. The acreage has been considerably increased with a fair if not a large yield promised, and a likelihood of prices being the best for many years. Corn, although the season has not been especially favorable, with the exceptions of some complaint of poor stands, looks well; cotton is growing nicely; truck crops in good condition and a large fruit crop almost in sight.

It is noticeable that more crops, animals, fruits, vegetables, poultry, eggs, butter etc., are being marketed now than usual at this season of the year, and this means less debt and greater cash buying.—Fard and Ranch.

The Boy Who Saved Holland

You remember the story of the little Dutch boy whose courage and foresight saved his country. He spied a trickle of water on the side of the dike, where the sea had found an entrance. He knew that the hole would spread, the dike weaken, collapse, and bury the country under many feet of water.

Thrusting his hand and arm into the hole, he stopped the leak, staying at his post until found in the morning.

It was only a small leak, but it would have worked great havoc.

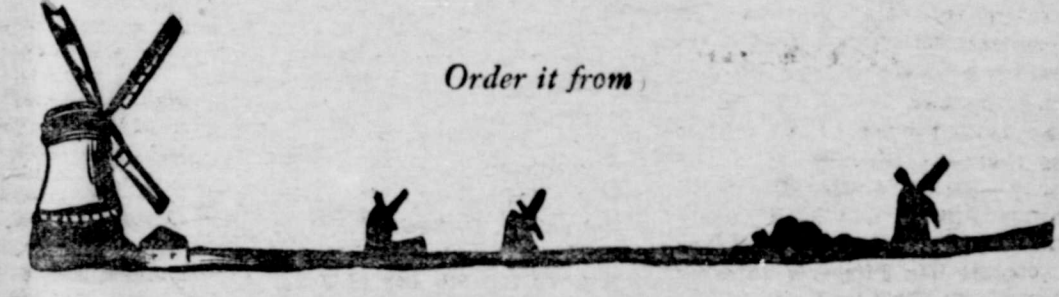

Just the stopping of a trickle of water saved the people of a country. Of course, all trifles are not so important as this, but they are always fraught with possibilities.

NOTICE

There will be a picnic at Moline, Saturday, July 3rd. Everybody invited to come. COMMITTEE.

A TRIBUTE TO WOMEN

It takes a hundred men to make an encampment, but one woman can make a home. I not only admire woman as the most beautiful object ever created, but I reverence her as the redeeming glory of humanity, the sanctuary of all the virtues, the pledge of all perfect qualities of heart and head. It is not just nor right to lay the sins of men at the feet of women. It is because women are so much better than men that their faults are considered greater. The one thing in this world that is constant, the one peak that rises above all clouds, the one window in which the light forever burns, the one star that darkness cannot quench is woman love. It forgives the most cruel injuries. It is perennial life grown in every climate. Neither coldness and neglect, harshness nor cruelty, can extinguish it.

A woman's love is the perfume of the heart. This is the real love that subdues the earth; the love that has wrought all miracles of art; that gives us music all the way from the cradle song to the grand closing symphony that bears the soul away on wings of fire. A love that is greater than power, sweeter than life and stronger than death.—Robert G. Ingersoll.

CHAMBERLAIN'S COLIC, CHOLER AND DIARRHOEA REMEDY

Obtainable anywhere. (adv)

WORDS OF CONSOLATION

The sad announcement in the Goldthwaite Eagle of the death of Mrs. P. T. Willis of Priddy draws my heart to her relatives and friends there in sincere sympathy. I had known her practically all my life and her going is indeed a bereavement to me.

Through the kindness of the Eagle editor I would like to say to her sorrowing loved ones that she will not pass altogether out of their lives. The tender associations and hallowed influences of the years she spent with them will leave an after glow of radiance that will make their sorrow lighter. The ornament of a meek and quiet spirit was hers, which in the sight of God is of great price. And so there is administered unto her an abundant entrance into his kingdom.

May the cup of consolation be filled to overflowing for them all by him who is the Father of mercies and the God of all comfort.

MRS. J. H. McLAUGHLIN, Sanco, Texas, June 6, 1915.

A GOOD SUGGESTION

From Dallas News we learn that the City Commission has secured the services of nine teachers for the summer months to superintend the city play grounds. This prompts us to say that the citizens of Goldthwaite have not secured the play ground which will soon be needed for our children. An agitation has been started, however, and it is probable that in the next issue two available sites may be mentioned, one of five acres and another of ten acres, both close in. Can you guess them? **PROGRESS.**

FREE -- The Tyrolean Warbler -- FREE

The person guessing the nearest to the exact number of shot in bottle on display in our store, and present on day of announcement of number, will receive a beautiful "Tyrolean Warbler" and Cage—FREE. The Tyrolean Warbler is quite different from the ordinary canary. Raised with the greatest care by the peasants in the Alps mountains and early taught to sing in the true Tyrolean fashion, it is easy to see where this sweet singer gets his name. We will allow one guess with every 25c Rexall purchase. The more purchases, the more guesses customers will be entitled to. Special tickets for guessing in this contest will be furnished. None others recognized. Will also sell these birds at \$4.50 each, cages from \$2.50 to \$5.00. Get busy. Try your "guesser." You may receive the Warbler and Cage, value \$7, Absolutely Free. Shot will be counted Saturday, Aug. 28, 1915, and exact number announced at 3 p. m.

A FAMINE

IN EGYPT 3,700 YEARS AGO

was averted by the use of the SILO. We of the present call ourselves progressive, yet we are wasting more every year than Egypt could produce, because we haven't built SILOS.

Mr. Farmer, would you increase your bank balance. Then stop sending your hogs and cattle to the Northern man to be fattened by him for a profit. He buys your stock, takes them to a climate where expensive shelter is necessary, pays freight on them, feeds them on silage grown on \$250.00 an acre land and still makes a large profit.

Our Interlocking Cement Stave SILO

fulfills all requirements. It is always ready for use because it is

- STORM PROOF
- FIRE PROOF
- VERMIN PROOF
- AIR PROOF
- WATER PROOF
- FROST PROOF
- CRACK PROOF
- AND NON-COLLAPSIBLE

It is economical because FIRST COST IS THE ONLY COST. It calls for no repairs. Our Silo will last for several generations. There are no materials in use today that last longer than steel and cement.

We believe in Silos; we believe in Cement Silos as the best. We believe in our ability to build the best Silo possible. Because we believe these things, if you are thinking of building a Silo, we want to build it for you.

SAYLOR BROS.

SCHOOL LANDS FOR SALE

Lists of the school land for sale will be ready for distribution about July 1. As the land will be for sale September 1, this will allow prospective purchasers two months in which to decide which tracts they may desire to purchase. One who wants a list may obtain it by writing to me at Austin.

Land that is situated in the rough mountainous portions of the western counties may be purchased without condition of living on it. Such land is unfit for agricultural purposes and is generally so broken by mountains, rocky hills, canyons and gorges as to be unfit for human habitation. The smooth land there has been sold. It may be that some would want it for trading purposes. Sale with or without settlement is fixed by counties.

Such land as is supposed to be susceptible for agriculture will be for sale to those only who will become actual settlers on it. There will be some 60,000 acres of this class. This is the chance for the one without a home. Heretofore those who lived within five miles of the land could buy it by living on his other land. Not so now. The purchaser must live on the land he buys when it is situated in a county where such tract of land must be sold on condition of settlement. The settlement purchaser pays one-fortieth cash and three per cent interest; the purchaser without settlement pays one-tenth cash and five per cent interest. Each has forty years to pay the balance. Thus is the home builder favored.

The list of lands will give more information and will be ready about July 1. J. T. ROBISON, Commissioner General Land Office.

CONFEDERATE MEETING

Jeff Davis Camp No. 117, U. C. V. met in the court house with J. T. Prater in the chair and opened with prayer by comrade J. D. Calaway, Saturday afternoon, June 5.

The committee appointed at last meeting to sell the rights to the reunion grounds reported that they had sold them to B. F. Geeslin.

The Farmers Union, through their committee requested the camp to take dinner with them on the first day of the reunion.

Some repairs and cleaning upon the reunion grounds was thought to be necessary, but after some discussion the matter was deferred to next meeting.

Some speakers have accepted the invitation to be with us and be our speakers.

The business over the camp adjourned to the next regular meeting. J. T. PRATER, Commander. G. H. DENISON, Adjutant.

OUR PUBLIC FORUM

I---Introductory

Through the Press Service of Agriculture and Commerce, the master minds of this nation will be invited to the public forum and asked to deliver a message to civilization. Men who achieve seldom talk, and men who talk seldom achieve. There is no such thing as a noisy thinker, and brevity is always a close companion to truth.

It will be a great privilege to stand by the side of men who can roll in place the cornerstone of industry; to associate with men who can look at the world and see to the bottom of it; to commune with men who can hear the roar of civilization a few centuries away.

Too often we listen to the rabble element of our day that cries out against every man who achieves, "Crucify him." Mankind never has and probably never will produce a generation that appreciates the genius of its day. There never will be a crown without a cross, progress without sacrifice or an achievement without a challenge.

This is an age of service, and that man is greatest who serves the largest number. The present generation has done more to improve the condition of mankind than any civilization since human motives began their upward flight. The Greeks gave human life inspiration, but while her orators were speaking with the tongues of angels, her farmers were plowing with forked sticks; while her philosophers were emancipating human thought from bondage, her traffic

moved on two-wheeled carts driven, and oftentimes drawn, by slaves; while her artists were painting divine dreams on canvas, the streets of proud Athens were lighted by fire-brands dipped in tallow.

The genius of past ages sought to arouse the intellect and stir the soul but the master minds of today are seeking to serve. Civilization has assigned to America the greatest task of the greatest age, and the greatest men that ever trod the greatest planet are solving it. Their achievements have astounded the whole world and we challenge every age and nation to name men or products that can approach in creative genius or masterful skill in organization, the marvelous achievements of the tremendous men of the present day. Edison can press a button and turn a light on multiplied millions of homes; Vail can take down the receiver and talk with fifty millions of people; McCormick's reaper can harvest the world's crop, and Fulton's steam engine moves the commerce of land and sea.

The greatest thing a human being can do is to serve his fellow men; Christ did it; Kings decree it, and wise men teach it. It is the glory of this practical age that Edison could find no higher calling than to become the janitor to civilization; Vail the messenger to mankind; McCormick the hired hand to agriculture, and Fulton the teamster to industry, and blessed is the age that has such masters for its servants.

If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

A GREAT REUNION

Rev. D. I. Haralson has furnished us a number of copies of the Richmond, Va., Times-Dispatch giving a full account of the Confederate Reunion held in that city last week. The papers give full reports of all the proceedings and the daily programs and are decidedly interesting to veterans who were there as well as those who were unable to attend.

Brother Haralson was a reader of the Times-Dispatch when he was a boy, which makes the paper really of more interest to him than it would be otherwise. The paper has been published 65 years and is one of the leading papers of the south. It has been indeed a great pleasure to us to see the proceedings of the reunion and to know of the royal good time enjoyed by the old soldiers in their reunion.

COMMERCIAL CLUB

As next Tuesday night is the time for the regular meeting of the Commercial club, it is very important that we have a full attendance of all members, and as many citizens who are not members as will come. There will be outside visitors with us to discuss some things we as citizens are interested in, and in addition a proposition of local interest will be presented that it is our duty as residents of Goldthwaite to be present and help thrash out.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui, it has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

CITY ORDINANCE

An Ordinance forbidding spitting on sidewalks, and other public places, and also providing the mode or manner of sweeping sidewalks.

Be it ordained by the City Council of the City of Goldthwaite, Texas:

Section 1. That it shall hereafter be unlawful for any person to expectorate or spit mucus or saliva, or saliva mixed with tobacco or any other substance, or blow secretions from the nose, or to throw the remains of any chewed or partly chewed tobacco or snuff, or the remains of any partially chewed or smoked cigar or cigarette, upon any sidewalk, public vehicle, depot floors or walls, depot platform, or upon the floors of any public building or resort within the city of Goldthwaite, Texas.

Section 2. That it shall hereafter be unlawful for any person to sweep or brush the dirt or trash from any sidewalk in this city without first sprinkling the sidewalk either with water, floor sweep or some other substance that will settle and keep down the dust.

Penalty: Any person violating any section of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction therefor shall be fined in any sum not less than \$1.00 nor more than \$25.00.

This ordinance shall be in effect immediately after its passage and publication as required by law.

The above and foregoing ordinance was passed, approved and adopted this the 7th day of June, 1915, at a regular meeting of the City Council of the City of Goldthwaite, Texas, all members of the council present and voting for the passage of the same.

WILL H. TRENT.

Mayor of Goldthwaite, Texas

City Secretary.

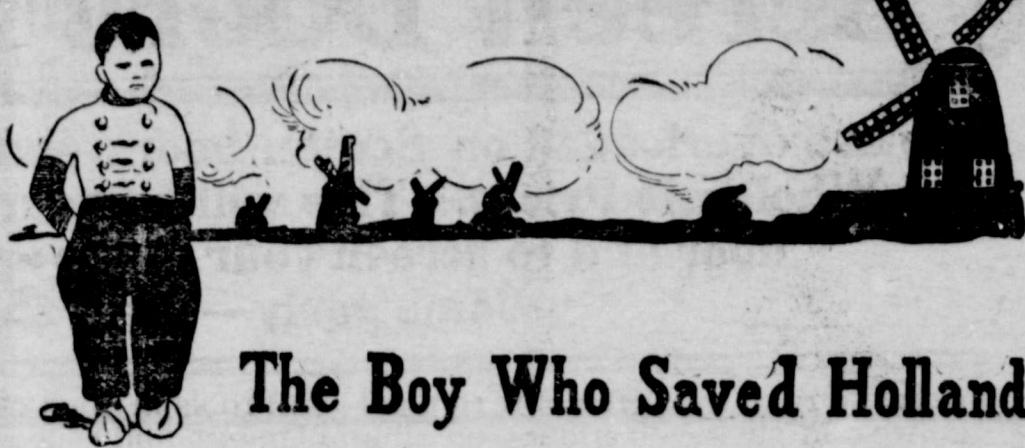

BETTER TIMES

The manner in which financial experts who have recently visited the Southwest expressed their surprise at the progress now being made and expectations for the future of this section should revive hope and fortify courage. When men of large financial vision see prosperous times as a result of diversification and safer methods of farm practice it should encourage us.

While diversification is not as general as some expected it is extensive enough, nevertheless, to reduce danger of short crops and to give more confidence in business as well as the benefits to the individual farmer who has begun to diversify.

Notwithstanding the late season, prospects are now flattering. The wheat and oat crops are now being harvested. The acreage has been considerably increased with a fair if not a large yield promised, and a likelihood of prices being the best for many years. Corn, although the season has not been especially favorable, with the exceptions of some complaint of poor stands, looks well; cotton is growing nicely; truck crops in good condition and a large fruit crop almost in sight.

It is noticeable that more crops, animals, fruits, vegetables, poultry, eggs, butter etc., are being marketed now than usual at this season of the year, and this means less debt and greater cash buying.—Farm and Ranch.

The Boy Who Saved Holland

You remember the story of the little Dutch boy whose courage and foresight saved his country. He spied a trickle of water on the side of the dike, where the sea had found an entrance. He knew that the hole would spread, the dike weaken, collapse, and bury the country under many feet of water.

Thrusting his hand and arm into the hole, he stopped the leak, staying at his post until found in the morning.

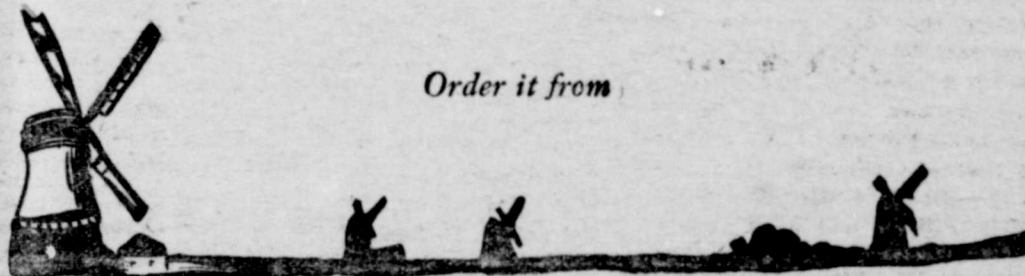

It was only a small leak, but it would have worked great havoc.

Just the stopping of a trickle of water saved the people of a country. Of course, all trifles are not so important as this, but they are always fraught with possibilities.

Poor lubricating doesn't mean that the plant will be lost, but it may mean the stoppage of the unit at the most inconvenient time.

See that your plant is lubricated with Texaco lubricants. You can depend on Texaco. It lubricates all the time, saves bearing wear, saves work, saves power.

BILIOUS ATTACKS

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere. (Advertisement)

NOTICE

There will be a picnic at Moline, Saturday, July 3rd. Everybody invited to come. COMMITTEE.

A TRIBUTE TO WOMEN

It takes a hundred men to make an encampment, but one woman can make a home. I not only admire woman as the most beautiful object ever created, but I reverence her as the redeeming glory of humanity, the sanctuary of all the virtues, the pledge of all perfect qualities of heart and head. It is not just right to lay the sins of men at the feet of women. It is because women are so much better than men that their faults are considered greater. The one thing in this world that is constant, the one peak that rises above all clouds, the one window in which the light forever burns, the one star that darkness cannot quench is woman love. It forgives the most cruel injuries. It is perennial of life grown in every climate. Neither coldness and neglect, harshness nor cruelty, can extinguish it.

A woman's love is the perfume of the heart. This is the real love that subdues the earth; the love that has wrought all miracles of art; that gives us music all the way from the cradle song to the grand closing symphony that bears the soul away on wings of fire. A love that is greater than power, sweeter than life and stronger than death.—Robert G. Ingersoll.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. Obtainable anywhere. (adv)

WORDS OF CONSOLATION

The sad announcement in the Goldthwaite Eagle of the death of Mrs. P. T. Willis of Priddy draws my heart to her relatives and friends there in sincere sympathy. I had known her practically all my life and her going is indeed a bereavement to me.

Through the kindness of the Eagle editor I would like to say to her sorrowing loved ones that she will not pass altogether out of their lives. The tender associations and hallowed influences of the years she spent with them will leave an after glow of radiance that will make their sorrow lighter. The ornament of a meek and quiet spirit was hers, which in the sight of God is of great price. And so there is administered unto her an abundant entrance into his kingdom.

May the cup of consolation be filled to overflowing for them all by him who is the Father of mercies and the God of all comfort.

MRS. J. H. McLAUGHLIN, Sanco, Texas, June 6, 1915.

A GOOD SUGGESTION

From Dallas News we learn that the City Commission has secured the services of nine teachers for the summer months to superintend the city play grounds. This prompts us to say that the citizens of Goldthwaite have not secured the play ground which will soon be needed for our children. An agitation has been started, however, and it is probable that in the next issue two available sites may be mentioned, one of five acres and another of ten acres, both close in. Can you guess them? PROGRESS.

FREE -- The Tyrolean Warbler -- FREE

The person guessing the nearest to the exact number of shot in bottle on display in our store, and present on day of announcement of number, will receive a beautiful "Tyrolean Warbler" and Cage—FREE. The Tyrolean Warbler is quite different from the ordinary canary. Raised with the greatest care by the peasants in the Alps mountains and early taught to sing in the true Tyrolean fashion, it is easy to see where this sweet singer gets his name. We will allow one guess with every 25c Rexall purchase. The more purchases, the more guesses customers will be entitled to. Special tickets for guessing in this contest will be furnished. None others recognized. Will also sell these birds at \$4.50 each, cages from \$2.50 to \$5.00. Get busy. Try your "guesser." You may receive the Warbler and Cage, value \$7, Absolutely Free. Shot will be counted Saturday, Aug. 28, 1915, and exact number announced at 3 p. m.

A FAMINE

IN EGYPT 3,700 YEARS AGO

was averted by the use of the SILO. We of the present call ourselves progressive, yet we are wasting more every year than Egypt could produce, because we haven't built SILOS.

Mr. Farmer, would you increase your bank balance. Then stop sending your hogs and cattle to the Northern man to be fattened by him for a profit. He buys your stock, takes them to a climate where expensive shelter is necessary, pays freight on them, feeds them on silage grown on \$250.00 an acre land and still makes a large profit.

Our Interlocking Cement Stave SILO

fulfills all requirements. It is always ready for use because it is

- STORM PROOF
- FIRE PROOF
- VERMIN PROOF
- AIR PROOF
- WATER PROOF
- FROST PROOF
- CRACK PROOF
- AND NON-COLLAPSIBLE

It is economical because FIRST COST IS THE ONLY COST. It calls for no repairs. Our silo will last for several generations. There are no materials in use today that last longer than steel and cement.

We believe in silos; we believe in cement silos as the best. We believe in our ability to build the best silo possible. Because we believe these things, if you are thinking of building a silo, we want to build it for you.

SAYLOR BROS.

SCHOOL LANDS FOR SALE

Lists of the school land for sale will be ready for distribution about July 1. As the land will be for sale September 1, this will allow prospective purchasers two months in which to decide which tracts they may desire to purchase. One who wants a list may obtain it by writing to me at Austin.

Land that is situated in the rough mountainous portions of the western counties may be purchased without condition of living on it. Such land is unfit for agricultural purposes and is generally so broken by mountains, rocky hills, canyons and gorges as to be unfit for human habitation. The smooth land there has been sold. It may be that some would want it for trading purposes. Sale with or without settlement is fixed by counties.

Such land as is supposed to be susceptible for agriculture will be for sale to those only who will become actual settlers on it. There will be some 60,000 acres of this class. This is the chance for the one without a home. Heretofore those who lived within five miles of the land could buy it by living on his other land. Not so now. The purchaser must live on the land he buys when it is situated in a county where such tract of land must be sold on condition of settlement. The settlement purchaser pays one-fortieth cash and three per cent interest; the purchaser without settlement pays one-tenth cash and five per cent interest. Each has forty years to pay the balance. Thus is the home builder favored.

The list of lands will give more information and will be ready about July 1. J. T. ROBISON, Commissioner General Land Office.

A GREAT REUNION

Rev. D. I. Haralson has furnished us a number of copies of the Richmond, Va., Times-Dispatch giving a full account of the Confederate Reunion held in that city last week. The papers give full reports of all the proceedings and the daily programs and are decidedly interesting to veterans who were there as well as those who were unable to attend.

Brother Haralson was a reader of the Times-Dispatch when he was a boy, which makes the paper really of more interest to him than it would be otherwise. COMMERCIAL CLUB

As next Tuesday night is the time for the regular meeting of the Commercial club, it is very important that we have a full attendance of all members, and as many citizens who are not members as will come. There will be outside visitors with us to discuss some things we as citizens are interested in, and in addition a proposition of local interest will be presented that it is our duty as residents of Goldthwaite to be present and help thrash out.

W. C. DEW, President.

I am now able to attend to my office practice and to answer calls in the city and near by. Those desiring my professional services can call at my office at Clements drug store or phone for me at the drug store or my residence at any time.—J. D. Calaway, M. D.

—If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson

AFTER FOUR YEARS

Goldthwaite Testimony Remains Unshaken

Time is the best test of truth. Here is a Goldthwaite story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. R. Urbach, Front St., Goldthwaite, says, "I was seriously afflicted with a bad attack of kidney trouble, the first symptom being a slight pain in the small of my back. This gradually got worse and I was hardly able to get about. Nights, I couldn't sleep well. If I caught cold, it always settled in my kidneys and increased my suffering. I finally decided that my kidneys were at fault, as the kidney secretions were unnatural. I then used Doan's Kidney Pills and received prompt relief. I am never without this medicine in the house."

The above statement was given on October 24, 1911 and on April 26, 1915, Mrs. Urbach said: "I still use Doan's Kidney Pills as I need them and they never fail to give me good results. I have all the confidence in the world in this medicine."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Urbach had. Foster Milburn Co., Props., Buffalo, N. Y. (adv)

RESTORED TO GOOD HEALTH

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere. (adv)

GREATLY BENEFITED BY CHAMBERLAIN'S LINIMENT

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Shife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere. (adv)

NOTICE OF SHERIFF'S SALE

The State of Texas, County of Mills Know all men by these presents:

By virtue of an order of sale issued out of the Honorable District Court of Comanche County, Texas, on May 17, A. D. 1915, by W. D. Carroll, the Clerk thereof, in cause No. 3374. The Comanche Cotton Oil Co., plaintiff, versus E. Owens, J. M. Howze and H. M. Collins, defendants and to me as Sheriff directed and delivered, I will proceed to sell at public auction to the highest and best bidder for cash on the first Tuesday in July, A. D. 1915, the same being the 6th day of July, A. D. 1915, between the hours prescribed by law for Sheriff's sales, before the court house doors of Mills county, Texas, in the City of Goldthwaite, Texas, the following described property to-wit: Being situated in Mills County, Texas, in the Northeastern portion of said County, in the Democrat community, and being commonly known as the "Democrat Gin property" and being described as follows: A part of the Benj. Austin survey, beginning in the North line of said Austin survey, at a point 45 yards East from N. W. corner of the same, thence South 175 yards, thence West 45 yards, thence South 155 yards, thence East 110 yards, thence N. E. 336 yards, with the Comanche and Mullin road for cor. in N line said Austin survey, thence with said N line 251 yards to the place of beginning. Also, beginning in the line between the Austin and Cloud surveys at a point about 324 yards South from the N. W. corner of said Austin survey, thence South 60 yards, thence East 110 yards, thence North 60 yards, thence West 110 yards to the place of beginning.

Said property having been levied on by me as Sheriff of Mills County, Texas, by virtue of said order of sale on May 21st, A. D. 1915, levied on as the property of the defendants J. M. Howze and H. M. Collins, to satisfy a judgment against said property foreclosed as a vendors lien thereon in the sum of \$3,891.15, with interest thereon, from April 21 A. D. 1915, at 10 per cent per annum and all costs of suit.

Witness my hand, this May 21, A. D. 1915. J. H. BURNETT, Sheriff Mills County, Texas.
