The business community has commenced to feel the effects of the fall season in a business way. Cotton is bringing a fairly good price and the farmers are selling most of it as they get it ginned. Business is good in all lines and most of the people are not waiting for "pay up" week, but are liquidating their obligations and making "times good."

Every line in a newspaper costs the proprietor something. If it is for the benefit of the individual it should be paid for. If the grocer was asked to contribute groceries to one abundantly able to pay for them, he would refuse. The proprietor of a newspaper must pay for the free advertising if the beneficiary does not, and it is one of the hardest things to be learned by many, that a newspaper has space in its columns to rent and must rent it to live. To give away rent for anything less than living rates is as fatal to a newspaper as for a landlord to furnish rent free.—Elgin Courier.

WAR IN THE HOLY LAND

The widening war zone has now included the land sacred to Bible history as the cradle of Christianity. The Waco Times Herald reminds us that the British forces are now facing the Turks in Egypt, while the Sea of Galilee, sacred through its many associations with the earthly ministry of the Prince of Peace, is included in the war zone. The hills around Nazareth, where the boy Jesus spent his early years have been fortified by the Turks and have become arenas of destruction. The ruins of Capernaum are among the relics of the past endangered by air bombs and mines. Among other sites of Bible history now become battle grounds of modern times is that where, according to the best evidences we have, Moses received the Ten Commandments, as well as the territory over which the Israelites wandered, and Hebron, where Abraham was buried. Added to these is the place where archeologists tell us was located the Garden of Eden, between Annah and Hit on the upper Euphrates, and a battle to the death may be fought on that sacred spot.

While the destruction of ruins and relics inseparably connected with the birth of Christianity will be sacrilege lamented by civilized peoples of the world, little else should be expected in the conduct of a great war, the fury of which has set at naught all salutary respects, human and divine, the basic foundations of Christian morality and modern civilization. Who shall deny that if in full destruction of the human race we forget God, it were better that all reminders of the Favourer's earthly ministrations should perish in the same dark hours?—Austin American.

Charley Jackson and Burrell Parks left Wednesday for Waco to attend Baylor college.

Joe Pfluger came in Wednesday from Concho county, where he has large business interests.

S. L. Cooke arrived at home Saturday from a visit to relatives at Brady and in other parts of the west.

W. W. Westerman was one of our good friends in town last Saturday and made the office an appreciated call.

Mrs. R. E. Ross and little daughter of Fort Worth arrived in the city Wednesday morning for a visit to friends.

B. E. McGirk, manager of the telephone exchange at Mullin, spent last Sunday with his parents and other relatives in this city.

The first meeting of the Self Culture club will be held at the home of the President, Mrs. Elj Fairman, on Thursday afternoon, Sept. 23, at 5 o'clock.

Mrs. Ida Robinson of Brownwood was here the first of the week, having been summoned on account of the illness and death of her sister, Mrs. Walter Weathers.

The Penns Dramatic company, booked for a performance in the opera house last Friday night failed to secure a sufficient audience to justify a performance, hence there was no show.

Already politics are being talked and a number of prospective candidates are "feeling" of the voters and endeavoring to ascertain the probable result of the next campaign. The indications are for a goodly number of gentlemen declaring their willingness to serve the public.

Announcement has been made that the private bank of Ward, Murray & Co. will change to a national bank. The name of the new bank will be the City National Bank of San Saba. The new bank will be capitalized at \$100,000 and will retain all the present stockholders of the Ward, Murray & Co. bank. In addition to these T. C. Henry, R. W. Burleson, J. T. McConnell and other local business men will be stockholders. The board of directors will be selected later and from these the officers will be named. It is certain, however, that T. A. Murray will be president and R. W. Burleson cashier. It is understood the change will be completed in business by October 1.—San Saba N. Ws.

WAIT FOR RESULTS

Although many do not recognize it, the great mistake made in farming is that we expect profits and large returns for our labor, and investments too soon. When fields are cleared, large crops are expected the first year; an application of barnyard manure or commercial fertilizer is expected to pay adequate profits in the first crops. We hesitate to drain low and wet soils because we are not sure the first or second crop will bear the expense; irrigation is expected to do wonders the first year; terracing must save the field at once.

This same principle holds in buying livestock, in getting equipment, building barns, storehouses, etc. The calculations extend no farther than a year or two with no estimate made for a series of years or for permanent improvements.

European farmers make permanent improvements and are satisfied to get a small profit per year upon the investment. They borrow on 50 or 75 years' time and do not hesitate to mortgage under rural credit laws for the purpose of buying livestock or for permanent improvements needed on the farm.

Farming has not been considered a permanent occupation in this country. It has been a custom among tenants and even home owners to till the soil one year, then if something else seemed preferable change the occupation. This idea has prevailed. Many hesitate to make permanent improvements, plant trees, build barns, secure breeding stock and prepare for the future.

We should regard the farm as our source of wealth and its fertility as capital in any other enterprise. So long as the fertility is maintained so long will there be profitable crops and livestock. When the soil is allowed to deteriorate the returns from the farm will likewise fall.

Business judgment requires that farmers make investments, just as men engaged in other business must make investments. When investments are made they should be required to return a small profit yearly upon the necessary expense incurred and in a few years prove profitable. Farming is not to be compared with speculation where enormous gains or perhaps losses are made in a very short while. Farming is conservative and if investments are carefully made returns will be commensurate, provided business judgment is used. It is nature's plan to require time. Considerable time is required between sowing and reaping. Let us not be impatient, but have confidence in the soil and make whatever improvements are needed.—Farm and Ranch.

CONFEDERATE MEETING

A Good Attendance and Business of Importance Transacted.

Jeff Davis camp of Confederate veterans met in regular monthly session in the court house last Saturday afternoon, with Commander J. T. Frater in the chair and Adjutant G. H. Denison at the desk.

The matter of paying for police service at the camp grounds during the reunion was discussed, but the account for such service having been withdrawn the matter was passed.

An allowance of \$1. was made for hauling tank to town from the reunion grounds.

A committee composed of Comrades J. W. Allen, B. J. Park and W. D. Reynolds was appointed to lease the camp grounds to some party for the next six months.

The matter of appointing or electing delegates to the state meeting of Confederate veterans, which is to be held in Hillsboro in October, was discussed and it was finally determined that the adjutant should issue credentials to any member of the camp who desired to attend the reunion.

A very interesting session of the camp was then closed.

SPARE THE BIRDS

A few days ago we read in an exchange from a neighboring town, a little item which aroused feelings of sorrow and anger. It stated that mocking birds which had been picking at ripening fruit were being destroyed by poison and by shooting them. There are already so few of these sweet, cherry feathered songsters in the Southland that their damage to fruit could not have been great enough to warrant the sacrifice of the life of one of these delightfully charming little airy fairy birds. In noon tide's sun or in misty moonlight he swings and balances with matchless grace on the topmost bough of the tallest tree and pours from his little throat a liquid melody, sweeter than any music that will ever be heard this side the gates of paradise. To save a few peaches and apples these proud, sweet little singers are silenced and their graceful, frail little bodies torn with bullets lie decaying on the earth. For shame! for shame.—Ham'lon Record.

A BAD ACCIDENT

Hugh McKinzie was badly hurt by being thrown from his wagon Monday afternoon, and it was thought for a time that the results might be serious. His team was attached to the wagon and he dropped the lines to shut a gate, when the animals started to run. He climbed in the rear of the wagon and just as he did so the wheel struck a stump and he was thrown out and his head struck the ground violently. He was unconscious for some time, but there was no permanent injury.

be reduced. There is every reason
for believing the taxpayers will au-

The fourth time, he dashed it on the floor

DEATH'S VISIT

The death of Mrs. Walter Weathers
occurred last Sunday shortly after
noon, at the home of her parents,
Major and Mrs. D. H. Trent, in this
city, after a long illness. While her
death was not entirely unexpected,
her friends and the friends of the
family were not aware of the sudden
change in her condition that made
the family and watchers at her bed-
side know that the end was not far
away.

Mrs. Weathers had been in ill
health for a number of years and
various climates and different treat-
ments had been tried with the hope
of restoring her to health, but all to
no avail. She had been confined to
her room and most of the time to
her bed for several years and a pro-
fessional nurse had been in constant
attendance upon her. She was pa-
tient and hopeful all through her ill-
ness and suffering and many friends
hoped for her ultimate recovery.

Funeral services were held in the
home Monday afternoon and a large
congregation of sorrowing friends at-
tended the sad services, which were
conducted by Rev. Forester, pastor
of the Methodist church. After the
services at the home a long proces-
sion formed for the solemn march to
the cemetery, where the remains
were interred beside those of her lit-
tle son, who died some years ago.

The bereaved husband and parents,
as well as the other members of the
grief-stricken family have the sym-
pathy of all who know of their be-
reavement.

A PRETTY WEDDING

There was a pretty wedding cere-
mony at the home of Mr. and Mrs. S.
P. Williams in the North Brown
community last Sunday afternoon at
4 o'clock when their daughter, Miss
Dealva, was married to Mr. S. R.
McBurney of Zephyr.

Quite a number of the relatives and
close friends of the young people were
assembled to witness the ceremony,
which was performed by Rev. L. L.
Hays in an impressive manner, af-
ter which the happy couple came to
Goldthwaite and boarded the train
for Fort Worth and other points to
visit relatives for a few days.

The groom is a telegraph operator
in the employ of the Santa Fe rail-
road and is at present stationed at
Zephyr. He is a man of the high-
est character and has the esteem and
confidence of all who know him. He
is quite well known here where he
has frequently visited and where he
has relatives and many friends. The
bride comes from one of the best
families in the county and is one of
Mills county's most attractive and
accomplished young ladies. She was
reared in this county and has many
admiring friends in this city and in
her home community.

After a short honeymoon Mr. and
Mrs. McBurney will make their home
in Zephyr for some time.

MAN FOUND HANGING

Henry Williams Suicides In His Home at Bull Springs.

Mr. Henry C. Williams who made his home south of this city for six or seven years, succeeded by hanging himself Monday night. His wife discovered his dead body hanging from a rafter in the family sleeping room about 9 o'clock at night and immediately phoned the officers here and the body was brought to the court house, where an inquest was held Tuesday.

Mr. Williams had recently returned from a visit to relatives in Virginia and had been about his affairs as usual, without an intimation of his intention. Mrs. Williams had prepared a bed for herself on the gallery at the home and had placed one of the children on the bed with her husband in the living room. When the lamp continued to burn longer than she thought necessary she went into the room to ascertain the cause and found the body of the dead man in a stooping position, the rope by which he was hanging being too long to hold his feet above the floor and his knees were bended considerably.

While Mr. Williams left a note to his wife, stating that he expected to take his life, and bidding her and their five small children good-bye, it is possible that the hanging was not intended to be fatal, but that by some accident he was rendered unable to relieve himself from the strangulation caused by the rope around his throat. The fact that his hands were not tied and his feet were on the floor would support such conclusion.

A. J. GATLIN DEAD

Mr. A. J. Gatlin died in San Saba Tuesday afternoon and his remains were brought to Rock Springs that night, and funeral services were held the next day, interment being made in Rock Springs cemetery.

Mr. Gatlin was one of the best known men in this section. For many years he was engaged in the mercantile business at this place. Five or six years ago he opened a business at Brownwood and later moved it to San Saba, where he continued as merchant and cotton buyer until the time of his death. His home was never moved from their home at Rock Springs, however, and he claimed Mills county as his home and spent a considerable part of his time here, having returned to San Saba only a few days ago to look after business matters. He was a most energetic and far-seeing business man and one of broad ideas and high principles. It has frequently been said of him truthfully that he was indeed a big man—one who had no small ideas or ideals. No man can say of A. J. Gatlin that he wronged him by word or deed and none can say he ever turned a deserving one away empty handed. He was one of the biggest-hearted men this county ever claimed as a citizen and one of the most public spirited men ever engaged in business at this place.

He had been in bad health for a number of years and only recently returned from Marlin, where he went with the hope that the hot baths would be beneficial to him. While his condition was known to be serious, his friends here and even the members of the family were not prepared for the distressing announcement of his death. A few days ago his son was summoned to his bedside, but he improved to such an extent that the young man returned home. His death caused universal sorrow among the people of this city and county.

Mr. Gatlin left a wife and four sons and three daughters, all of whom have the heart-felt sympathy of many sorrowing friends.

COTTON RECEIPTS

Cotton has been brought in slowly for several days and the indications are that the crop will be marketed slowly this season and that it will also be very short.

Up to the time the Eagle was put to press 350 bales had been received for the season at the public yard, but the receipts to the corresponding date last year were not obtainable. At the Farmers Union yard 172 bales had been received, as compared with 376 to the same date last year.

TEACHER'S INSTITUTE

The Mills County Teacher's Institute has been in session this week. The teachers and the general public have enjoyed many good lectures from the best educators in the state. In addition a very interesting and instructive program has been carried out by the teachers themselves.

It is thought that much good will be accomplished by the organization of an Inter-Scholastic League. This league will institute contests in debate and declamation, essay contests, spelling contests and athletic contests. Each school child in Mills county is expected to take part in one or more of the contests. Prof. J. T. Reid is direction general, Mr. T. F. Toland will have charge of the athletic contests and Attorney F. P. Bowman will have charge of debates and declamation.

One of the special features of the week has been the Domestic Science lectures and demonstrations by Miss Culver of the College of Industrial Arts. The teachers feel greatly indebted to the college and Miss Culver for the excellent work she has done for them. She has lectured each day to the general sessions of the institute, and has given demonstrations each afternoon. These demonstrations have been well attended by the teachers and the ladies of the town. Her audiences have been very enthusiastic about the work. Much praise can be heard from those who attended, for Miss Culver's skill and ability.

A SERIOUS CHARGE

Fred Van Ness, a young man whose home is in the Trigger mountain country, was arrested Monday morning and placed in jail here on a charge of theft of goods to the value of more than \$50.

It is alleged that goods were taken from Randolph & Allen's store at Mullin Saturday night and it is supposed that the party who stole the goods was concealed in the store at the time the house was closed for the night and some time during the night appropriated a considerable amount of merchandise.

Young Van Ness was given an examining trial Wednesday and was granted bail in the sum of \$250, but up to the time the Eagle was put to press he had not made the bond and was still in jail.

It has now been definitely determined that the Liberty bell will reach Dallas on Nov. 18, and will remain in that city two hours. It will not be taken from the railroad car. Several other stops will be made in Texas.

A report was published last Saturday in many daily papers that Villa and Fierro, two factional leaders in Mexico, had been killed. Unfortunately, the report proved to be untrue and the two greasers are still very much alive.

Convictions were secured in New Orleans this week of five persons charged with being members of organizations peddling morphine and other drugs in violation of the Harrison law. It is claimed the organization reaches from New York to New Orleans and has many members.

A special from Paint Rock says the grand jury there has indicted a man by the name of Blackburn for the murder of John Bryson, a wealthy ranchman of Comanche, who was shot while sleeping in one of his ranch houses in Comanche county a year or more ago. Blackburn was arrested a few days after the killing and placed under bond to await the action of the grand jury.

There seems to be little likelihood that the opposing political parties will make an effort to defeat President Wilson's re-election, if they in reality name candidates to oppose him. So far there has been very little discussion of probable nominees for other parties and it may be that they will all agree on the great and good president we now have and will make his election unanimous. It would be a good idea and would prove that they are all actuated by a desire for the country's welfare.

Experience teaches us that fall plowing is a great factor in larger crops and better profits. Land left fallow during winter is likely to wash to lose some of its plant food and to "run together" badly when it is finally plowed and sowed. Fall breaking makes a reservoir for winter moisture, storing up moisture for future needs. It gives the vegetation on now on the land, when turned under, a chance to decompose and be converted into humus, which is necessary to increase the soil's water-holding capacity, making it mellow and friable and admitting air and moisture.—Farm and Ranch.

The Mexican situation is not improved and the American soldiers are having all they can do and then some to control the grasshoppers along the border. It will be necessary to take some very harsh measures to stop the "invasions" by the Mexicans and their depredations have become extremely frequent. A "watchful waiting" policy is not the way to handle the uncivilized people of Mexico, who would rather carry on a "revolution" than work, for during their alleged war they can steal at will and avoid the consequences. Better tell the soldiers to herd the grasshoppers across the Rio Grande and if one becomes unruly or refuses to be herded put him in a condition that he can be handled easily and without danger.

If you meet a man who is down in the mouth, who thinks that his town is all wrong, just take him aside or give him a ride, and hand him this quaint little song: "There are fancier towns than our own little town, there are towns that are bigger than this, and the people who live in the finer towns all city excitement will miss. There are things you can see in a wealthier town that you can't see in a town that is small; and yet up and down there is no other town like our own little town after all. It may be that the street through the heart of our town isn't long, isn't wide, isn't straight, but the neighbors you know in our own little town with a welcome your coming will wait. In the glitzy town with its palace and pavement and thrall; in the midst of the throng you'll frequently long for our own little town after all. If you live and work and trade in our town, in spite of the fact that it's small, you'll find that the town—our own little town—is the best kind of town after all.—Exchange.

CITATION

The State Of Texas
To the Sheriff or any Constable of Mills County, Greeting;

You are hereby commanded to summon A. H. Draughon, I. H. (Bud) Neal, Flem DeGraffenreidt, C. L. Bateman and wife, Emma Gertrude Bateman, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to be and appear at the next regular term of the District Court of Mills County, Texas, to be holden at the court house thereof in the town of Goldthwaite, Texas, on the first Monday in October, A. D. 1915, the same being the 4th day of October, 1915, then and there to answer a petition filed in said court on the 31st day of March, A. D. 1915, in a suit numbered on the docket of said Court No. 1443, wherein Fred C. McEachern is plaintiff and Almon Johnson, C. Wasserman, S. G. Walker, (Uncle) Billy Beshears, A. H. Draughon, P. W. Crum, I. H. (Bud) Neal, W. W. Wallis, W. B. Tatum, Flem DeGraffenreidt, C. L. Bateman and wife, Emma Gertrude Bateman, and the unknown heirs and unknown assigns each of the said A. H. Draughon, Flem DeGraffenreidt, C. L. Bateman and Emma Gertrude Bateman, are the defendant's. Said petition alleging that on March 1st, 1915, the plaintiff was seized and possessed of the Obe Johnson survey of land in Mills County, Texas, Pat. No. 546, Vol. 120, dated March 17th, 1888, on the waters of Pecan Bayou (described by metes and bounds) and that on said date the defendants entered upon said premises and ejected him and prays for recovery of said premises with writ of possession, costs, etc.

As a second count that B. F. Winters acquired said premises from the defendant S. G. Walker by Warranty Deed on Dec. 28th, 1909, in which deed there is an erroneous description clouding plaintiff's title.

That on November 9th, 1910, B. F. Winters conveyed said premises to the defendant, A. H. Draughon, and received as part consideration a V. L. note for \$160.00 due on or before Nov. 9th, 1913, with 10 per cent atty.'s fees and interest. That said Winters sold said note and V. L. to the plaintiff and that plaintiff has elected to rescind said deed from Winters to Draughon and prays for recovery of the land with such rescission. That the defendants F. W. Crum, I. H. Neal, W. W. Wallis, W. B. Tatum, Flem DeGraffenreidt, C. L. Bateman and Emma Gertrude Bateman have assumed the payment of said note, that all the defendants assert claim to or lien upon said premises which cast clouds upon plaintiff's title. Plaintiff prays for rescission and recovery of the land or alternatively for judgment for his debt with foreclosure.

Herein fail not, but have before said Court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court in the town of Goldthwaite this 27th day of August, A. D. 1915. (Seal) Attest: C. D. LANE, Clerk District Court, Mills County, Texas.

TEACHERS INSTITUTE

Full Attendance and Some Good Speaking

The Mills county teachers institute was in session from Monday morning to yesterday afternoon with a full attendance. The law makes it compulsory for the teachers who teach school in a county to attend the teachers institute of that county and they are allowed full pay from the schools for the time thus spent.

Some good speakers were in attendance upon the institute and their addresses were interesting to the teachers. Dr. Payne from the University, Prof. Blackburn from A. & M. college, Miss Culver of the department of domestic science of the school of Industrial Arts at Denton, Dr. Hardy, president of Baylor college of Belton and Mrs. Barrett of the State Agricultural department, were among the prominent out-of-county visitors to the institute. Besides these speakers there were several local orators who added to the interest and benefit of the institute.

The Institute closed yesterday afternoon and a number of the schools of the county will begin next week, while some will not open for some time.

CARD OF THANKS

Mrs. A. J. Gatlin and family desire the Eagle to express their sincere thanks to the many good friends who assisted them by word or deed in the darkest hours of their bereavement. Words can not express the thankfulness they feel for all the kindness shown, but they want their friends to know that they sincerely appreciate every assistance rendered them.

CARD OF THANKS

Mrs. H. C. Williams requests the Eagle to express her sincere thanks to the good people who rendered assistance to her and her children in their time of trouble and overshadowing grief. Many friends ministered to them and offered help and consolation, all of which is greatly appreciated.

ROCK SPRINGS

Editor Eagle:

Will send in a few dots this week. The health of our community is very good this week.

Have had fine rains. Most of the farmers have their corn gathered.

Saturday and Sunday were our regular preaching days and as it was time to call a pastor, Bro. White was called for another year, but declined and we are indeed grieved to give up Bro. White, but we are sure it was God's will.

There was a baptizing at the Keith water hole on Browns creek Sunday evening and after the baptizing the young folks returned to the school house and had singing.

Bro. Davis went to Coleman to preach Saturday and Sunday.

A. J. Gatlin died at San Saba Tuesday and was brought to Rock Springs and buried. We extend our heartfelt sympathy to the family.

Mr. George McFarland was in our midst Sunday night. We were very glad to have him back again and hope he will come again soon.

Mrs. Dyches of Miller Grove was carried to Temple last week for an operation and is reported better.

The Mills county Sunday school convention was held in Goldthwaite last Sunday afternoon in the Baptist church. The attendance was not as large as was expected, but there were a number of loyal Sunday school workers present and the meeting was interesting to them. A number of those who had been assigned places on the program did not attend, but this was caused perhaps more by circumstances than by a lack of interest.

FINE MEETINGS

We have just closed our summer meetings a few days ago on the Center City charge. This has been the greatest year with me since I have been a pastor, as far as conversions are concerned, and I consider that the preacher's call to service is to get people converted and into the church. We used the old time Methodist mourners bench for the penitents to come to be prayed for and we had some old time shouting at nearly every meeting. The pastor held all the meetings except one, which was at Center City. He was assisted there by Rev. M. J. Allen in the first part of the meeting, who had to go home on account of sickness and Rev. J. G. Forester of Goldthwaite in the latter part of the meeting. Both preachers did fine preaching.

The results of all the meetings were, 92 converted and reclaimed, out of which 30 were grown men. I never saw as many men being reached before as this year. Sixty-eight members were received into the Methodist church and 46 on profession of faith. Ten husbands converted and reclaimed in one meeting and the wonderful power of God was manifested in the presence of the Holy Spirit in all the meetings.

We have fine people to serve and it was through their loyalty to Christ and the church and the love of God that we were able to have these glorious victories for the Lord. I baptized 16 children during the meetings.

Editor Eagle:

Some people are beginning to pick cotton. They report the crop very short.

As yet, our gin is not running. People have quite a task hauling to Brownwood.

Messrs. Floyd Kelley and John Griffin have gone to Port Arthur to make their fortune. They report a steady job and a time working in the water.

Mr. and Mrs. Jim Tippen were called to Cherokee to the bedside of her father.

Rev. Frank Tippen and family have been visiting his parents, Mr. and Mrs. J. W. Tippen. He returned last week to Brownwood where he will take up his work in Howard Payne college.

Mrs. Lella Mashburn of Port Arthur has been visiting her parents, Mr. and Mrs. W. J. Philen. Last week she went to Brownwood to visit relatives.

Mrs. Hilderbrand and family returned to their home in Brownwood where the children will enter school.

Mr. George Mays was down Sunday telling his friends good-bye. We all regret very much that he will leave us, and hope he will visit us as often as he can. His mother seems to not understand why he likes us so well, but we do.

Mrs. Bettie Mashburn of Port Arthur is visiting her parents, Mr. and Mrs. W. J. Philen. She reports a narrow escape during the flood. She and the babies have been sick, but are better at present.

Miss Zeola Philen is attending the institute at Goldthwaite.

Mr. Johnnie Williams has gone to his old home in Missouri. He expects to attend the fair there.

Backache

Miss Myrtle Cothrum, of Russellville, Ala., says: "For nearly a year, I suffered with terrible backache, pains in my limbs, and my head ached nearly all the time. Our family doctor treated me, but only gave me temporary relief. I was certainly in bad health. My school teacher advised me to

—If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. SMALL ACCOUNTS

The Blacksmith does not run up many Big Bills, but he has a great number of Small Accounts, which aggregate large sums.

Two many who owe the Blacksmith are inclined to neglect to pay him, arguing that it is a "small matter" and will not hurt anybody if settlement is delayed.

That's what hurts. We are depending on these small bills to keep going. Come along and Pay Up.

IT'S SURPRISING

That So Many Goldthwaite People Fail To Recognize Kidney Weakness

Are you a bad victim. Suffer twinges; headaches, dizzy spells. Go to bed tired—get up tired. It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only.

Have convinced Goldthwaite people of their merit.

Here's a Goldthwaite case; Goldthwaite testimony.

Kidney sufferers hereabouts should read it.

Mrs. Claude Dickerson, Goldthwaite, says: "I have great confidence in Doan's Kidney Pills, as I have used them and they have benefited me very much. I have no objection to recommending Doan's Kidney Pills, as I believe they will give good results to anyone who needs a kidney medicine.

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dickerson had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizzy spells and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. BILIOUSNESS AND CONSTIPATION

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N.
