PLANS PERFECTED

Election To Be Ordered Next Week For Water Works.

The order for the water works election has been prepared and will be adopted by the council at its meeting Monday night, and in a few days the citizens will be given the opportunity of voting on the question of issuing city bonds to install a system of water works. It is indeed strange that Goldthwaite has waited so long to secure water works, for certain it is that nothing ever has been more important to the welfare of the town than water. When we get the water works system installed water can be secured for domestic purposes and will also be available for fire protection in every part of town, as well as for use in street sprinkling.

There can be no question of the feasibility of the plan proposed, for when such far-seeing business men and heavy tax payers as Mayor Trent and the members of the council endorse the plan we know it is a good one. We would depend upon their judgment on all matters of a financial and business nature and we realize that a proposition that receives their endorsement must be sound from every standpoint.

Goldthwaite is to have a system of water works right away—don't forget that fact.

LET IT OPEN

There are a number of candidates already making known their desires to the voters and the indications are that we will have a long campaign, altho there will be very few candidates—painfully few from the newspaper standpoint. Be that as it may, the campaign is now practically open and most every man who intends to make the race for any county office is interviewing the voters.

The Eagle has always advocated a short campaign, but this time we intend to "let the cat jump" whenever she is ready to jump. Our columns are open for announcements at the regular price at any time.

Mrs. Jas. Rahl visited her daughters in Brownwood the first of the week.

Merchants report collections very satisfactory, all things considered, and the outlook improving.

Commissioners court held a short business session this week, to look after some affairs that needed attention.

Hez Cobb was one of the prosperous farmers from the western part of the county who brought cotton to this market this week.

J. T. Wilcox returned to his home in Grimes county the first of the week, after a visit to relatives at Center City and in Goldthwaite.

Capt. Jack Ball was here from McCirk this week meeting with his friends. He is one of the old settlers and is one of the best fixed men in this section.

Rev. E. D. Morgan of Richland Springs, who was recently called to the pastorate of the Baptist church in this city, has notified the church of his acceptance of the call.

Rev. D. I. Harrison was one of the appreciated callers at the Eagle office Tuesday. He always gives the Eagle the benefit of any local item he knows and that is one reason we consider him such a good friend.

One of the appreciated callers at the Eagle office Tuesday was Mr. J. C. Bayley of the Pleasant Grove community.

The Eagle has received a much appreciated invitation from Mr. E. E. Kirkpatrick, secretary of the Brownwood Commercial club, to attend the free fall fair in that city next week, and we serve notice on him right now that he has secured at least one guest for the fair. He enclosed a ticket to the places of amusement and that is as much appreciated as his hearty invitation and we are mighty glad to accept both.

PETTY THIEVES AT WORK

It behooves the people of this community and throughout this section to be on the lookout for sneak thieves, for they are depreddating upon the people here as well as in other communities. In one Goldthwaite residence an intruder was discovered a few days ago and after he had made a successful get-away it was found that he had stolen a gun and perhaps other articles of value that could not be missed. In another place a five dollar bill was taken from the house during the day time and at another home a pillow was stolen from a baby's buggy. Doubtless there have been other articles stolen that have not been reported, but these cases are sufficient to give warning to the people to lock their doors and keep a look out for thieves. It might be well for householders to keep a forty-some-odd revolver near at hand to frighten away any intruder.

THINKING

Few men really think, although each would deny the accusation. Although man is supposed to be a rational thinking animal, thinking is actually the hardest work and the rarest he does. We hear a thing ordinarily, and immediately form an opinion about it. Usually self interest is at the bottom of our conclusions. We are told, for instance, that woman suffrage is a good thing and we ought to have a law allowing women to vote. Do we look into the matter? Do we study the arguments for and against woman suffrage? It is the same with the tariff, prohibition, the unions, the Mexican situation, the European war, in fact everything we have anything to do with. How much more rational it would be to hold up our judgment on a question until we have had an opportunity to study it from every angle. Then form an opinion and stand or fall by that opinion until we learn something of which we have been in ignorance that might change our minds in the subject. Not to be open to conviction is pigheaded. Narrowness is the ban of our whole system of civilization. Let your mind be open for every argument and think—think for yourself.—Decatur (Ark) Herald.

Mrs. Oscar Burns arrived from Buffalo Gap the first of the week for a visit to relatives here and at Star.

Dan Westerman was one of the good men of Jones Valley who looked after business matters in this city last Saturday.

Some good work has recently been done on the Goldthwaite streets, for which credit is due the administration and particularly the city marshal.

Next Friday has been designated as "Santa Fe Branch" day at the Bell county fair to be held at Midway. Goldthwaite is listed as one of the towns in whose honor the day has been set apart by the fair management.

District court will convene in this city Monday. There are very few cases on the docket and the indications are that the time allotted to this county for district court will be a term of rest for the judge and district attorney.

F. M. Karnes, Jr., returned to his home in San Antonio the first of the week, after spending some days with relatives at Center City and here, where he was called on account of the death of his grandmother, Mrs. Moore, which occurred last week.

Successful men are they who have worked while their neighbors' minds were vacant or occupied with passing trivialities, who have been acting while others have been wrestling with indecision. They are the men who have tried to read all that has been written about their craft; who have learned from the masters and their fellowcraftsmen of experience, and profited thereby; who have gone about with their eyes open, noting the good points of other men's work, and considered how they might do it better. Thus they have carried themselves above mediocrity, and in striving to do things the best they could, have educated themselves in the truest manner.—Selected.

ANOTHER STATE FARM

Governor Ferguson announces—doubtless on behalf of the Prison Commissioners—that he has contracted for the purchase of \$350,000 worth of farm lands. It has not been stated where these lands are situated, nor how many acres are to be acquired. The only information on this point is that the lands to be bought will enable the employment of 750 convicts. Unless it is meant to dispose of some of the farm lands already owned by the prison system, there will probably be, with this acquisition, enough of them to provide employment for practically all of the convicts. If that is a correct surmise, then the Governor and the Prison Commissioners must have adopted the policy of using all prison labor in farming operations. Such a decision would be gratifying to the labor unions, who have protested in season and out of season against the competition of convicts. Whether it will be equally gratifying to the two other classes at interest, the farmers and the general public, remains to be seen. The farmers will not suffer economically from the competition of convicts, but some of the more sensitive of them may suffer a hurt to their sense of pride. As for the general public, it can find many reasons in fresh experience for doubting the wisdom of employing convicts exclusively in farming operations.—Dallas News.

PARCELS POST SALE

The Ladies Aid society of the Goldthwaite Presbyterian church is arranging for a Parcels Post Sale on Nov. 24. The plan is to secure donations from all who will contribute packages to the value of 25 cents and sell the packages on the date named, applying the receipts to church purposes. This is a novel plan and one that has been quite successful where tried and we feel sure the Goldthwaite society will be fully as successful as any other could be in the matter.

MISSION SOCIETY ENTERTAINED

At the hospitable home of Mrs. L. R. Conro, on Monday afternoon the members of the Home Mission Society of the Methodist church were delightfully entertained with an informal reception from three to five o'clock, Mesdames Elj Fairman, J. M. Arnold and W. K. Marshall being assistant hostesses with Mrs. Conro.

Upon arrival the guests were ushered into the dining room which had been beautified for the occasion with cut flowers and ferns and where delicious ice cream and cake was served. When the party had assembled in the parlors two amusing contests were the form of entertainment and a Victrola program was enjoyed.

A most pleasant time was spent with these four charming ladies as hostesses.

PRETTY SIGNS

Geo. Mayer, the painter and sign writer, is preparing a new drop curtain for the opera house and will decorate it with advertisements of some of the progressive business men of Goldthwaite. His work is that of an artist and when this curtain is displayed to the public it is sure to be attractive and pleasing. While no diagram of the work has yet been seen, it is safe to guarantee that no opera house in Texas will have a more artistically decorated drop curtain than will be seen here.

Mr. Mayer has arranged an advertising wall on Fisher street, between the opera house and Col. Walters' shop on which he will paint some attractive advertisements. Aside from its advertising value it will be ornamental for that part of town and will reflect credit upon the enterprising business men as well as upon the artistic painter and sign writer.

IN MEMORY

Once again are our hearts made sad as we bow in humble submission to the hand of Almighty God who has deemed it best to call to His home on high, our dear one, Grandma Moore. To know Grandma was to love her. Her life was a beautiful Christian example. She was ever ready and willing to lend a helping hand to those around her in need. Thou no more will join our number.

Thou no more, our songs can know Dearest Grandma, thou hast left us. And thy loss, we deeply feel, But 'tis God who hast bereft us. He can all our sorrows heal.

Yet again we hope to meet thee When the storms of life have fled. Then in Heaven with joy, we'll greet thee.

Where no farewell tears are shed. Her friend, **ADDIE C. STARK.**

ZACK LEE DEAD

Mr. Zack Lee died at his home in Star Thursday afternoon at 4 o'clock after an illness of two weeks with typhoid fever. He leaves a wife and two small children, one of whom is only a few weeks old. He also leaves other relatives and many friends to mourn his death.

Mr. Lee was a good citizen and was quite popular with all who knew him and it was with universal sorrow the people learned that he was dead. His remains were interred at Hurs' ranch cemetery Wednesday afternoon and a large congregation of sorrowing friends were in attendance upon the sad service.

He is well equipped and well qualified and it was an advantage to have him located here. He is a good citizen and a Christian gentleman who will make friends wherever he goes. His many friends here wish him well in every way.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

ROCK SPRINGS

Editor Eagle:
I will send in a few dots from this part of the world.

Health of our community is very good this week. Mrs. A. P. McWhorter has been sick, but is improving now.

Rev. Reid, a teacher in Goldthwaite High school, preached for us last Sunday morning and delivered a lecture on "The Planted Life." Sunday afternoon. We were very glad to have Rev. Reid with us and hope he will visit our community again.

Last Sunday was our regular singing day. There was a large crowd and we had with us a number of singers from neighboring communities, among whom were Messrs. E. F. White, Geo. and Louis McFarland, Johnny Spinks and Virgil Comer. We were glad to have these folks with us and ask them to come again soon.

As next Sunday will be the Banner Sunday School Day, we urge each member to come and bring some one with them. We have the new literature for the coming quarter and we wish to make our Sunday School better than ever before.

The B. Y. P. U. and Prayer meeting is progressing nicely.

Grandma Thomas was laid to rest in the cemetery at this place last Saturday afternoon. She once lived in our community, but at the time of her death she made her home with her son, Mr. Sam Marler, of Pickings Springs. Her death was not unexpected, for she had been in failing health for a long time.

Grandpa Cooke left one day last week for Marlin Wells for his health. Mr. Wm. Stark and wife returned from Blanco county last Saturday. Mr. Lafayette Stark of Burnett accompanied them home for a short visit.

There was singing at the home of Mr. Chas. Stark Saturday night. All report an enjoyable time.

Mrs. Austin Cooke was called to the bed side of her mother, Mrs. Cannon at Indian Gap, who is still very sick. At the last report she was not improving.

Mr. Hammett went to Mullin one day this week.

Mr. Archie Donohue received the sad news last week of the death of his mother at Zephyr. Mrs. Donohue once made her home at this place and we were indeed grieved to hear of her death.

Next Sunday is our regular preaching day. Rev. Davis will preach.
JENNY LIND.

THE DEATH ANGEL'S WING

Mrs. C. C. Yarborough, long a resident of this county, and a member of the First Baptist church of this place, but late of Lampasas county, passed away at her home Friday, September 24th, about noon. To all who knew her these words are of an universal grief. There is no language to express the sorrow of us all. She was sick for months and years and suffered most excruciating pain, but always with that pure, sweet Christian patience and fortitude for which she was noted, and during all of this time she was nursed as only love can nurse.

No tenderer, sweeter soul ever passed forth, buoyed by a surer hope. She was all a husband could desire and a mother beyond compare. The world is darker today for those who loved her than it will be for them upon their own dying day. A little while ago she was all in all, now she is but the memory of an infinite regret. She was not saddened at the thought of death, but even this can not console, for she had less to lose than those who loved her. She had only life to give, but they lost her.

Time like a harper muffling his harpstrings, will soften the tense anguish, and her memory will yet become, as her life was, an incentive to righteousness and purity. Thus it is that even here the pure spirit is immortal, and thus in death she is still, and will always be, beautiful and helpful as in life.
"The book of her perfect life is sealed.

Vacant the path her fair feet trod. As a snowflake sinks on a white snow field,
She fell asleep on the breast of God."

The funeral services took place at Lampasas, where she was laid to rest amid a large concourse of friends who departing covered her grave with beautiful floral offerings emblematic of her pure and spotless soul.

ADJUDGED VISITOR INSANE

The insane commission—not a body of insane men, but men appointed to pass upon the mental condition of others, was called together Saturday morning for the fifth time within the last two months. After an hours session and after hearing the evidence in the case the commission adjudged Ed Rogers of unsound mind and recommended that he be placed under restraint.

The unfortunate man in this case has been living at Lometa for a number of years. With his mother he came to this county first of this week to visit relatives at Winters. It was known by his relatives that his mind was unbalanced, and for several months he has been under treatment. He came to Winters with the hopes of being benefited, but grew worse and it was necessary for his family to call on the officers to help them in handling the man. A brother-in-law, Dr. McKeen, of Lometa, was communicated with Friday and came up to Ballinger on the mid-night train and went out to Winters early Saturday morning, and accompanied by Dr. Saunders and Jim Flynt, Rodgers was brought to Ballinger and his case speedily passed upon.

Rodgers is a man of about forty-five years of age. He has never married and for some time has been living with relatives, having a sister and other relatives at Winters. According to the evidence introduced before the commission his mind has been overthrown by dissipation. There is no record in the history of the family of insanity.

The mother of Rodgers is seventy-odd years old, and she has protested bitterly to plans heretofore made by relatives to place the man in the asylum.—Ballinger Banner-Ledger.

The trouble on the Mexican border continues and a battery of mounted artillery has been ordered to that section by the war department. There is too much "watchful waiting" with the greasers and they are ignorant enough to consider such delay an act of fear or cowardice on the part of this government and are emboldened by it. If the government will put a premium on Mexican scalps the Rio Grande section will soon be freed of the pests.

R. M. THOMPSON, Editor

Hon. W. J. Bryan has made some speeches in this state the past week on the subject of the European war. He is to deliver an address on the subject in Dallas tonight.

The explosion of a tank of gasoline in Ardmore, Okla., Monday, caused the loss of a number of lives and the destruction of a great amount of property. The gasoline was ignited by a spark from a workman's hammer.

Bulgaria and Greece have summoned to the home land all of their subjects who are liable for army duty and are sojourning in other countries. They either expect trouble or are actuated by a desire to observe the rule of safety first.

Mexicans in the west and southwest are being watched mighty closely and those who are suspected of serving as spies or attempting to inspire members of their race to unlawful deeds are mighty likely to get what is coming to them.

Some of the towns and cities are observing "dress up week." This would be a good idea, provided "pay up week" had already been observed in the community. It is much more important to pay up than to dress up, altho, many people do not appear to recognize the fact.

I do not, with some enthusiasts, believe that the human condition will ever advance to such a state of perfection as that there shall no longer be pain or vice in the world, yet I believe it susceptible of much improvement, and most of all, in matters of government and religion; and that the diffusion of knowledge among the people is to me the instrument by which it is to be effected.—Thomas Jefferson.

As the European war progresses the people of the United States are becoming more and more neutral. At first every fellow appeared to feel he should have his say about the turmoil and express his views of the right and wrong of it, but since it has settled down to an every-day affair the American people are giving more attention to their own business and their own interests and less thought to the European contest.

Did you ever try presenting flowers to the living? If not, you will be astonished at the pleasure it will give you to present a deserved bouquet to some friend or acquaintance. You need not provide flowers literally—just give them "word flowers." Tell them you appreciate their efforts for the betterment of the community, their good citizenship, their upright deportment or any other thing for which you may think they deserve commendation or recognition. You can in this way verify the statement that "it is more blessed to give than receive," for you will get more satisfaction out of the "word flowers" than will the party to whom they are presented.

It is encouraging to note from the daily press that state, denominational and private universities and colleges have opened their doors under favorable auspices. Faculties and patrons in most instances are gratified at the increase of matriculation so far noted in most of the educational institutions. It means more trained men and women, which should be a consolation to the citizens of the Southwest. But the schools that most people are more profoundly interested in are public schools that vitally affect so many people and upon which all other educational institutions are more or less dependent. Most of the men and women in the few years that follow will be dependent upon the public school for whatever training they may have for the duties and responsibilities of life. Hence as our rural schools and urban high schools open this year let us as citizens, officers, patrons and teachers realize as never before our responsibility to the thousands now entering school and for their efficiency when they enter upon their duties of life.—Farm and Ranch.

LARGER YIELDS

As we turn our thoughts to preparation of the soil for next year's crop we should be impressed with the importance of a rational system of soil management that will improve the soil and increase the yield year after year till every acre of the farm is rich enough for a maximum yield. This is possible; it is highly desirable, if we meet our opportunity in farming.

A fertile soil is the greatest concern of the state and nation. At the rate which our population is increasing it will require more acres every year to produce food for the nation unless the yield of each acre is increased. Yet most of our soil suitable for farming is already in cultivation. That the yield of our food crops is not being increased, but on the contrary decreasing, is the plain but discouraging truth of statistics. Yet our average yields are so low that increase could be obtained and at profitable prices.

In continuing the system of diversification of crops every farmer should have as his object an increase in yield, not at the expense of the plant food already in the soil, but by adding thereto, fertilizer, turning under cover crops, by draining, irrigation, terracing and other ways of soil improvement. Not every farmer will be able to do things next year that he knows should be done to improve his soil, but every manager, large or small, may make plans for the future, begin a system of rotation of crops, get livestock to consume more of the surplus crops and begin for progressive farming. This is the time for definite plans. Those who determine to grow larger crops and get better prices have a better chance to succeed than those who are satisfied with their former yields. The farm can be made richer and more profitable. Why not try it?—Farm and Ranch.

In picturing the horrors and enormity of war, Mr. Bryan is perhaps the best artist that we have. But it is to be doubted if his most graphic and lurid canvas would make more than a chromo's impression if exhibited to the statesmen and people of Europe at this particular moment. Which is to say that Mr. Bryan's prospective adventure through the chancelleries of Europe seems, in a measure, quixotic if it is to be undertaken in the expectation that it will result in abbreviating the war now in progress. Mr. Bryan would get a civil reception doubtless, since he would be so richly entitled to it. But that he will receive cordial welcome is not reasonably to be expected. About the utmost profit to be hoped for from this adventure is an accumulation of experiences and emotions wherewith to make more poignant his preachments against the real or fancied evils of "military preparedness. This to do full justice to his sense of practicality, seems to be his major purpose. Sane, and even moderate as are the few expressions that have come from the President with respect to this important matter, it is evident that they have nevertheless, made Mr. Bryan apprehensive. Plainly he mistrusts the President's policy, even in advance of knowing just what it will be, and he gives some signs of fearing that his sense of duty will constrain him to join issue with the President. In that case, the trip to Europe may be strategically worth while.—Dallas News.

The death of Governor Ferguson's mother occurred at the family home at Salado, Bell county, Tuesday morning. As a mark of respect for the Governor and family, all of the state departments closed Tuesday at noon and most of the officials and many of the employees of the departments attended the funeral at Salado.

One of the strong proofs that the people read the advertisements in the Eagle is the fact that the dealers here advertised that they could not exchange school books as when the rush came the first day of school there was only one application for exchange. The best way to keep posted and save money is to read the Eagle advertisements.

SMALL ACCOUNTS

The Blacksmith does not run up many Big Bills, but he has a great number of Small Accounts, which aggregate large sums.

Two many who owe the Blacksmith are inclined to neglect to pay him, arguing that it is a "small matter" and will not hurt anybody if settlement is delayed.

That's what hurts. We are depending on these small bills to keep going. Come along and Pay Up.

While the cotton crop is short and there are some farmers who have very little of the staple, we have the satisfying knowledge that cotton is not the only money crop in Mills county. The corn, small grain, stock, poultry and many other things bring money to the Mills county farmer and there is no wonder that this good county is considered the best part of the world.

The engagement of Oscar Graham and his company which is to be at the Opera House, Wednesday, Oct. 9, is one which is always anticipated with pleasure, for no company that comes here is more generally liked and appreciated than these talented artists. This company remains practically the same in personnel year after year and coming here each year as they do, they have made many friends who anticipate their arrival with much pleasure. Each year they strive to do even better work than the preceding year; that is why Mr. Graham's productions have always been so thoroughly satisfying. Indeed, it is a pleasure to be able to attend a performance and know beforehand that one is going to, so to speak, renew old and tried acquaintanceship, to know that across the footlights are people who are thoroughly in earnest in their endeavors to please, and whom we are glad to have with us. "A Soldier of Japan" is the play Oscar Graham is presenting this year. It is safe to say that it will be thoroughly worth while. (adv)

The Baptist church at Goldthwaite recently called Pastor E. D. Morgan of Richland Springs and he has resigned a most successful pastorate in Richland Springs, to accept the work. He is one of the best pastors we have in this territory and we congratulate the Goldthwaite church, which is one of the best also.—Central Messenger.

PREACHER APPRECIATED

Rev. E. D. Morgan, who has been pastor of the Baptist church here for the past two years and seven months, tendered his resignation to the church Sunday and it was accepted. Bro. Morgan has accepted the pastorate of the Baptist church at Goldthwaite and will leave with his family the latter part of the week for his new field of labor. Bro. Morgan has made many friends here during his stay, not only among the members of his church, but he enjoys the friendship and respect of everyone who knows him. He is an untiring worker and is everlastingly at it. He is not only a splendid worker in his own church but is one of the denominational leaders in the county, and his work and counsel will be sadly missed throughout the Association. Mrs. Morgan is also tireless in church affairs and is one of the leading factors in keeping the work of the Ladies' Aid Society in the church and county on a permanent basis. While we regret to lose these good people from our town, we wish them an abundant success in their new field and congratulate the Goldthwaite church in the wise selection they have made in a pastor.—Richland Springs Eye-Witness.

"A Soldier of Japan," the play which Oscar Graham presents at the Opera House Wednesday, October 6, is the story of a young Japanese military captain, who was educated at the U. S. Military Academy at West Point. The same company which has been seen here for so many years past, will present this play. Their individual work is so well known that a thoroughly interesting performance is assured. An Oscar Graham attraction is always considered one of the theatrical events of the season. As Captain Oti Sansuma, Oscar Graham, has a part particularly suited to him. Loretta Graham, as a noble type of American girl portrays a beautiful role, and her costumes which always create comment for their beauty will be of especial interest. Edward Paulins who is always the funny man, is funnier than ever as Wing Lee, a coolie servant. Mr. Graham is always generous in providing this genial comedian with very strong roles, and this year it is stronger than ever. Every member of the company has a star part and no performance of the entire season will be better presented, both from the standpoint of acting and of scenic equipment. (adv)

The Proof is Here the Same as Everywhere

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in Goldthwaite, the same as everywhere. Goldthwaite people have used Doan's and Goldthwaite people recommend Doan's the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here is Goldthwaite proof. Investigate it. Mrs. W. Taylor, Goldthwaite, says: "My kidneys were inactive and annoyed me greatly. I also suffered from spells of backache. I used Doan's Kidney Pills, procured from Clements' Drug Store, and they regulated the action of my kidneys and relieved the pain in my back. I have every reason to believe that Doan's Kidney Pills act just as represented." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Taylor had. TO THE PUBLIC

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Witherall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere (adv)

NONE EQUAL TO CHAMBERLAIN'S

"I have tried most all of the cough cures and find that there is none that equals Chamberlain's Cough Remedy. It has never failed to give me prompt relief." writes W. V. Harner, Montpelier, Ind. When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. Obtainable everywhere. (adv)

BROWNWOOD FAIR

Indications are that Brownwood will have immense crowds next week during her Fair. Brownwood is prepared, this year, on a grand scale to entertain the people of this entire section of Texas and all visitors there are guaranteed a hearty welcome and plenty of fun and entertainment every minute of the day and night. The Fair opens on Wednesday, October 6, and every man, woman and child in Brownwood and all the visitors who can be induced to do so will put on masks and fancy costumes and will make a regular Mardi Gras night of it and everybody will unmask at 11:30 o'clock.

There are hundreds of entertainment features different from nearly any other Fair in the State and the low railroad rates will enable people from this section to see a good Fair at a more moderate cost (adv)

ANNUAL LOG ROLLING

The annual convention or Log Rolling of the Woodmen of the World of the Central West Texas district will convene in Brownwood next Wednesday and Thursday, Oct. 6 and 7. This will be an interesting and very important meeting and all Woodmen who can attend should do so, for the resolutions and other matters will interest them all greatly. Goldthwaite camp is to be represented by the following:

Delegates—Dr. Em. Wilson, C. B. Mohler, T. T. Nichols, J. M. Sims, J. A. Allen, R. M. Thompson. Alternates—Lewis Hudson, C. W. Law, M. G. Atkins, J. N. Keese, W. E. Fairman, H. G. Forehand

All Woodmen will be entitled to attend the convention and the larger the delegation from Goldthwaite the more satisfactory it will be to all concerned.

BILIOUSNESS AND CONSTIPATION

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation. Obtainable everywhere. (adv)

Santa Fe Farmers' Special to California October 14

Go this fall—on the Santa Fe Farmers' Special—spend two weeks seeing by auto the farms and homes of Southern California and San Joaquin Valley. Also take in the two great expositions at San Diego and San Francisco.

Do this in company with a comfortable, sociable party of rural folks who, like yourself, want to inspect the home-making inducements of sunny California. Take your wife along, too.

We are getting up a special limited party of people interested in the business of farming to make this trip and a personal escort of Mr. C. L. Seagraves, General Colonization Agent, Santa Fe Lines, because we believe we can best prove to you, by this method, what the Santa Fe has so long been trying to tell you about this country. We want you to see the San Joaquin Valley and talk to the people about the greater production per acre, the balmy, healthful climate, the year-round growing season. You will be the guests of many communities in Southern California and San Joaquin Valley. You will be taken on auto trips to see their farms, orchards and homes. We have no land to sell. We just want you to see and know California.

Let me tell you at what small cost this trip will be made. Party will live on their own special cars most of the time, so saving hotel bills. Go on the Santa Fe, stop a day at Grand Canyon and return Santa Fe or any direct route. Santa Fe Farmers' Special will leave Chicago, October 14, reach San Francisco October 20. Return from there at your pleasure up to December 31. Connection from Texas and Oklahoma will be made at Newton, Kansas. Train leaving Texas October 14. A second party will leave on date to be announced later. You'll see rural California—as you could see it in no other way. You'll see the two great world expositions. Also you'll see the Grand Canyon of Arizona.

Write me today for itinerary, particulars and rates.
