ROAD WORK NEEDED

There is no denying the fact that Mills county must have a great deal of road work done before another crop is harvested and, in fact, much of the work should be done right away for many of our roads are in bad condition and all of them would be the better for additional work. For the past several years there has been little done in the way of road work, outside of that done by the commissioners or under their direction, with the funds created by the 15 cent road and bridge tax, but this work is not sufficient and the funds are inadequate to secure the improved condition necessary. Not only are our neighboring counties giving considerable attention to road building, but the entire state is making good roads a leading issue. Every man believes in good roads and the only way in which citizens differ on the question is in the way to obtain the desired roads, therefore, all can join in a campaign for good roads in Mills county.

The Commercial club has been revived since the busy season and we can look to that organization for much help and good counsel along this line. If the members of that organization will evolve a plan for the improvement of the roads the people of the county will join heartily in the work. Let us all continue to agitate, work and plan until Mills county can truthfully be said to have the best road system in Texas.

BAPTIST CHURCH

We will have all our usual services Sunday. Will speak on "The Golden Channel of Service" at the morning hour and "The Sword of the Lord" at the evening hour.

Get ready for the Fifth Sunday meeting, which meets with us next Friday night, Saturday and Sunday. We want to make it a big time.

E. D. MORGAN, Pastor.

SMILING BILLIE

Editor Eagle:

There are so many accidents being recorded as happening to air ships, Billie decided to abandon his and take it afoot. He is now walking and wishes to give notice to the fair sex who might want to take advantage of leap year and ask to call on the gentleman, they will please come in a buggy or automobile, as he does not like to ride in a wagon nor ask his girl to walk on Sunday. Now girls don't let this little notice cause you to change your plans, for I will try to be as jolly and entertaining as if I owned the county and the fullness thereof.

You girls needn't be backward about asking us fellows. There are several over in our neck of the woods ready to say yes to the very first proposition that comes their way and we are really expecting something to happen, for it is leap year and the dear girls shouldn't let a straw get in their way. I could give you the names of several boys who are real anxious for something to tumble their way, but I won't for I am sure the girls will do about the right thing. Let you know us boys can't help being a little anxious, as it's leap year and we don't want the time to go to waste. If you are going to say anything, they tell me it's not a good idea to let January slip by without making a start. You see it is fast the middle now, but of course ten days will give the girls a chance to say and do lots. However, it seems like the month is slipping by pretty fast. It's hard to tell what a day will bring forth and if nothing serious should happen, a fellow can't help but wonder who's coming. I mean who's going to read him the first card.

I feel pretty safe in saying if preparedness will bring success some of us are on safe footing. Now, I know smart people are writing both for and against preparedness, but that's

where national questions have come up as to the best course for our great country to pursue, but as there are not so many concerned in this leap year preparedness, I am sure it's a very good idea to make some preparations before hand. We don't expect everybody to agree with us, but we do expect some changes this leap year and the editor is at liberty to say so. So mote it be.

SMILING BILLIE.

REGENCY

(Intended for last week).

Editor Eagle:

Here we come again.

We are in need of rain. Think it would help the oat crop very much and the farmers could plow with more satisfaction.

G. H. Lee made a flying trip to Hamilton county the first of the week.

Chas. Eubank is on the sick list with lagrippe.

W. P. Perkins is still on the bed and has been sick for some time. He will soon be up again.

Rev. Perkins is sick. In fact all are sick. Nearly all in this section, with lagrippe.

There is not much news at present for the people are not able to make a fuss about anything. Probably there will be more news next time.

EDUCATIONAL CAMPAIGN

To the Baptists of Mills County:

The Executive Board of the Baptist General Convention has launched a campaign in Texas from Jan. 10th, to March 19th in behalf of the Baptist schools. To pay off all debts on our schools and give them the equipment and buildings that they absolutely need it will take \$1,000,000. The effort this winter is to raise one fourth of this amount. The plan is to carry the campaign into every church through the Associational workers, and so far as possible give every church and every member in each church a chance to help in this worthy cause. Our schools are absolutely necessary and vital to the life and growth of our Denomination.

The chairman of our Mills County Association board called a meeting at Trigger Mountain last Tuesday and the following brethren were appointed to plan and conduct the campaign in our county, viz., E. D. Morgan, G. W. Jackson, R. W. Bynum, J. H. Hunt and L. L. Hays. We want to have some men from the outside to help us and we will hold a rally with every church on their regular meeting days in February and March. We earnestly ask that every pastor and church arrange such meeting at their places of worship and announce same and notify the committee. Final plans will be made at the fifth Sunday meeting.

We call attention to the fifth Sunday meeting next week at Goldthwaite. Look up the program and come in large numbers. Some of our town people complain that no one hardly comes to a meeting here. I hope you will come in large numbers and put us busy to entertain you. We want the pleasure of so doing. We need your help to make this a great meeting. There is so much that needs to be done and your help and presence will be a blessing in the meeting. Let's all work together.

E. D. MORGAN,
Pastor and Chairman of Com.

Mrs. Geo. Mayer visited relatives in Mullin the first of the week.

J. C. Street made a business visit to Brownwood the early part of the week.

Mrs. Estel Benenger of Brownwood visited her uncle, N. W. Frizell, and family in this city the first of the week.

Better not delay paying your poll tax for the time is limited and you might forget until too late. The last day of this month is the time limit.

Boyd Harrell has returned to his home in Austin, after spending some days with relatives here, where he was called on account of the illness and death of his father.

R. H. Patterson, cashier of the Star bank, went to Sterling City last Saturday to visit his parents, Judge and Mrs. A. V. Patterson, who were both sick with grip.

Mrs. R. P. Canady and children returned to their home in Coleman Tuesday, after spending several days with relatives here, where they were called on account of the death of her father, Mr. C. H. Harrell.

It is a matter of sincere regret for the many friends here of Mrs. Ven Glahn of Los Angeles, Cal., that she has been quite sick for some days and for a time her condition was very serious. While we will miss her interesting letters until she is again able to write, our most sincere regret is that her illness is severe. It is the universal hope with all of her friends that she may be soon restored to health.

CLUB BANQUET

A Large Attendance and A Pleasant Evening.

The annual banquet by the Commercial club was held Thursday night and the occasion was one of pleasure as well as benefit. The attendance was large, the spacious dining room of the Commercial hotel being filled almost to its capacity with the members of the Club and their guests. The dinner was all that could have been desired—and then some. The artistic arrangement of the dining room and the heavily laden tables confirmed the opinion of the club members that the committee had made no mistake in planning with Messrs. Taff & Edwards to prepare the banquet.

After dinner President W. C. Dew of the club gave the audience the benefit of an outline of the club's work, its intentions and expectations. He then acted as toastmaster and called on a number of the club members for speeches on various subjects thought likely to be of interest to the membership and guests.

Mr. L. E. Miller, a former president of the club, told of the achievements of the club. Mayor Will H. Trent gave some suggestions as to how the club could assist the city administration in the various improvements and enterprises. Mr. W. C. Merchant told how the club could bring about better co-operation between the town and rural precincts. Rev. J. G. Forester made a good speech on "One Thing After Another," and while there was much food for thought in his talk, he interspersed it with enough wit and humor to keep the audience in a happy mood for the remainder of the evening. The last speaker was the Eagle editor whose subject was Mill's county—past, present and future.

After the speaking the club held a short business session and elected officers as follows: R. M. Thompson, president; L. E. Miller, vice president; H. G. Budkin, secretary; O. H. Yarborough, treasurer.

At the close of the business session the audience was dismissed and hurried home because of the approaching thunder storm, but they did not forget to express their hearty appreciation of the manner in which President Dew and his committee had arranged and carried thru the evening's entertainment.

Miss Kate Lowrie returned to Houston on Sunday night's train to resume her duties as stenographer for Reinhardt Brokerage company, after spending a few days here with her parents and friends.

J. H. Allen, sr., left last night for Mineral Wells to look after some business for his sister-in-law and accompany his wife home from a visit to her sister near that place.

Earl Fairman, who has held a position with Walker-Smith Co. in Houston for some time, returned home the first of the week to accept a position in the grocery department of McKaley-Corrigan Company's store.

For Sale—The Flournoy residence perhaps better known as the Tom Gardner place. It is a well built house, has a well and windmill, barn, cellar and other improvements. For price, etc., see or phone me.—E. A. Oberhaus.

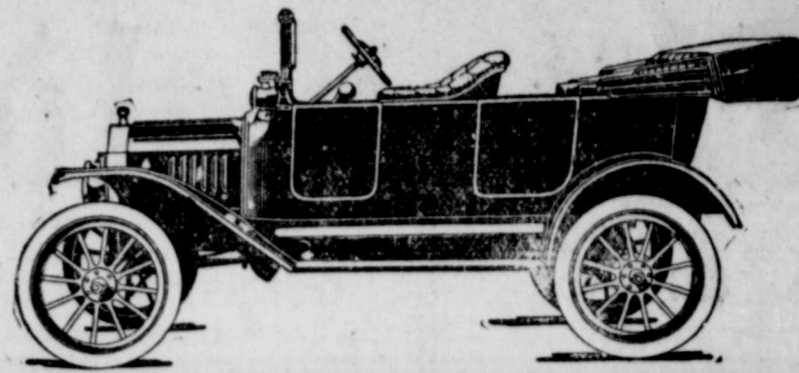

Friends here have been informed of the death of Mrs. R. F. Williams at Amarillo. She lived at Mullin some years ago, when her husband was superintendent of the school at that place, and is kindly remembered by many friends who sympathize with the family.

The Eagle received a much appreciated letter this week from Rev. J. C. Newman, who has resigned the pastorate of the First Baptist church at Luling on account of climatic conditions and has accepted the call to the church at Wellington, Collingsworth county. To be assured of the good will and friendship of so good a man as Rev. Newman is indeed pleasing to us and we are surely appreciative of his kindly expressions concerning the Eagle and its editor.

Friends here have been advised of the death of Mrs. S. B. Burton, which occurred at the family home in Clovis, Cal., last Sunday. Mrs. Burton and family formerly lived at Mullin and are kindly remembered by many friends in that community and in other parts of the county. She was a sister of Mrs. J. A. Fletcher of the Pompey community and to the bereaved sister and other relatives the Eagle extends sympathy.

Rev. Harry Wilsford and wife have been here from Eden this week, visiting relatives, preparatory to leaving for Miami, Roberts county, where he has been called to the pastorate of the First Baptist church. Miami is a large town and the church to which he has been called has just completed a brick house of worship at a cost of \$8,000. Rev. Wilsford was reared here and he and his wife both have many good friends in this city and throughout the county. He made the Eagle a pleasant call and we were glad indeed to meet with him again.

Judge John D. Robinson announces his resignation as district judge of the 27th district, the resignation to become effective the last day of this month. He is a candidate for congress in his district and announces that his campaign requires attention and he can not give the duties of his office the necessary attention and at the same time devote sufficient time to the congressional campaign. The announcement was received with sincere regret by the many friends of Judge Robinson here, but all realize that he is right in his conclusion.

STAR HOME MISSION

The Ladies Home Mission of Star met Tuesday afternoon January 11th at the home of the president, Mrs. R. H. Patterson. After the reading of the second chapter of Romans our meeting was duly opened and we proceeded with our lesson, which was found in portions of 1st and 2nd Samuel.

After the lesson we discussed a few matters of interest to our organization, each one resolving to do what she could to make the progress of the Ladies Home Mission one that would be of benefit to our neighbors and to ourselves throughout the ensuing year. We decided that no small excuse of any one or two members would be sufficient reason for calling off a meeting at the regular time, which hereafter will be on the second and fourth Tuesdays. We advocate that each member be more prompt to attend these meetings.

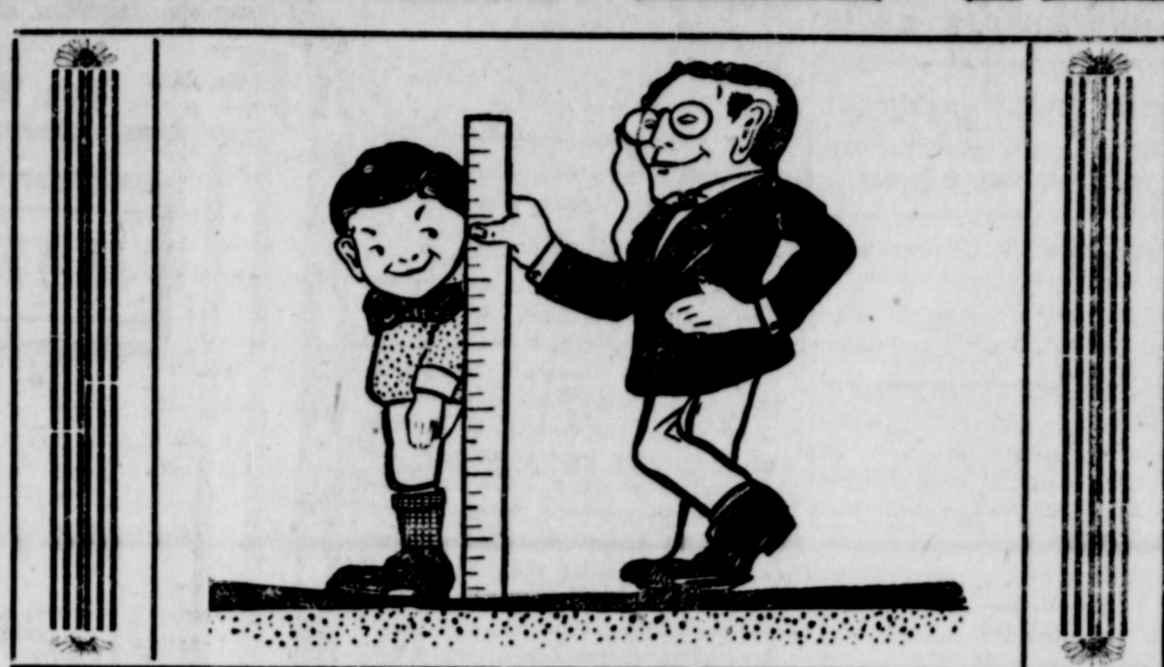

At the close of our session we were dismissed by Mrs. M. J. Peck.
REPORTER.

BARN BURNED

J. C. Mullin's barn at his ranch, about 3 miles south of town, in the San Saba peak country, was destroyed by fire at an early hour Monday morning. The barn was filled with oats, hay, cotton seed and other feed stuff and in one compartment there was a hack, saddle and other articles of value. There was no insurance and nothing was saved from the burning building. The value of the house and contents was about \$600. There is no definite idea of the cause of the fire. There had been no fire about the barn and no one had been about it, as far as known, on Monday morning prior to the discovery of the blaze about 6 o'clock.

LIVE OAK

Editor Eagle:
Did you ever see so much bad weather all together hardly with no fair weather between.

We have sure had some fearful cold weather out this way for a week or more and now it has moderated enough for rain and we are having some rainy, muddy weather.

Everyone seems to think that the small grain is killed and it looks very much like it is for there is not a bit of green left showing.

Health out this way is somewhat improved since our last writing.

Mr. Griffith's family are all on the mend now, though still very weak. Mr. John Burrows is reported able to be up part of the time.

Mr. J. A. Ross and family spent last week visiting relatives at Lometa. They returned home Saturday.

Mrs. Karnes is the proud possessor of a new buggy, which she purchased last week.

Mr. Henry Scott bade farewell to home folks one day this week and started on the road to Arkansas. We wish him a successful journey and a happy ending of all his pleasant dreams regarding that country.

Mr. Nat Keith and family were very pleasantly entertained at the home of Mr. J. D. Bryan and family Sunday.

The attendance at school has been light the last week on account of the extreme cold weather.

Well, as news is scarce, we'll say 'adios' for now and let some good writer like "Smiling Billie" have the floor.

The town of Wert, Okla., was almost entirely destroyed by fire Monday. It was stated that a thousand people were rendered homeless by the fire. Wert is a new oil boom town in Oklahoma.

After being detained by the immigration authorities at New York for several days, Mrs. Emmeline Pankhurst, the British suffragist, was admitted to the United States the first of his week.

Announcement has just been made that a mail pouch containing \$3000 or more was stolen from the railroad depot in Beaumont the night of Jan. 8. The authorities have been unable to obtain a clue leading to the perpetrator of the crime.

A hunter and trapper in the Angelo country crawled thru a small opening into a cave a few days ago and when he got inside he found the cave inhabited by an immense number of snakes. He killed a number of the reptiles, but reports say his hair turned white as a result of the experience.

A model plan for enforcing temperance in the entire community was inaugurated in a small town in Kansas the first day of the new year by the business men of the town. Every man signed a pledge to abstain from intoxicating liquors and from smoking a pipe or cigarettes for the entire year, the forfeit being a \$5 hat for every man remaining true to the pledge. The penalty is too great to be forfeited and the men are remaining loyal to the agreement.

If Carranza really wants to punish Villa for the murder of the Americans and other outlawry he has only to offer a reward for the bandit and there will be plenty of the treacherous followers of the outlaw who will betray him for the reward. The fact is old Carranza is not grieving about the fate of the Americans and his followers do a considerable amount of the murderous work that is being done on his side of the Rio Grande.

The railroad commission has made public the reports of the 105 railroad companies doing business in Texas for the fiscal year ending June 30, last. The report shows that only 65 miles of railroad were built in the state for the year and that there are about 16,000 miles of railroad in the state. Other interesting information is given, including the statement that the earnings of the railroads decreased nearly 2 per cent for the time covered by the report.

There was an explosion of the boiler of a railroad locomotive on the Frisco road near Sapulpa, Okla., this week that was almost identical with the accident that occurred between Lometa and Lampasas on the Santa Fe road a few days ago. While going up a heavy grade the boiler exploded and was carried clear of the track, while the trucks and other parts of the train remained on the track. In the last named accident the engineer and fireman were scalded to death.

The talk about armed intervention in Mexico is ill advised and hasty. The fact that the Mexicans have murdered Americans in cold blood and will murder others in the same way is to be sincerely regretted, but when these Americans willfully remain in that country, after all of the warnings by this government and the Mexicans and especially after the threats made by the deposed leader and his force of outlaws, they can expect nothing better than to be killed if overtaken by the bandits. They should also know that none of the Mexicans are in love and full fellowship with the "gringos" and the healthiest place for them is this side of the Rio Grande.

SMILING BILLIE ON POUTING

Editor Eagle: It may or may not be a surprise to you that a man with no greater writing ability should select a subject of such wonderful magnitude as pouting. We presume that from the earliest dawn of creation to the present time people have been charitable enough to overlook pouting in children and o'possums. While children to a great extent outgrow the habit, but the o'possum and a few crackbrained people never do, hence nearly every community is infested with a few full grown pouters and busy bodies in other peoples matters, and if they can't get their feelings spread out large enough to induce someone outside of their families to step on them and start a pout, they actually throw down the gauntlet as a challenge to their wife and children to step on, if they dare. In cases of this kind the racket is not hard to start and we have known man and wife to get crosswise at each other and pout for days without speaking. And we have known old sires and grandsires to actually pout at a child for weeks and months without speaking. If this is not an interesting picture of humanity in old age, whose locks are whitening for the grave and who is reaching out for the door knob of eternity to take their last exit where the worm dieth not and the heat thereof will keep them so busy they will actually forget to pout.

Now, my young reader friends, we don't hope to accomplish anything with these old pouters, but we want if possible, to warn you against cultivating any disposition to pout, for you will always come out loser and certainly render anyone who cares anything for you very miserable to know they are related to such a scrap of humanity. You had better weigh well the future than to have to dwell in a home with a pouting companion.

Its easy to make life's path rough, rugged and steep. And when too late, to sit down in sorrow to weep. For such a life you could have easily prevented. If you had to the warnings of friends consented. But alas, alas, in your innocent glee You locked your arms with this pouter and could not be made to see

The future brawls and unhappy life That's bound to be the fate of an old pouter's wife, Ye correspondent girls, listen, to the still small voice That says to you this is the year to make your choice For 't is leap year and no one will think you silly If in your rounds you call on Smiling Billie.

And no matter how much love you talk about, He'll never one time stop to sulk and pout, But will try to look his very best And leave it to you to do the rest. And possibly before next Christmas bells jingle It can no longer be said that we are still single, But we'll surely be having the time of our life, You talking to your husband and I to my wife.. Very truly, SMILING BILLIE.

HIGH CLASS WORK

Geo. Mayer has completed a number of high class and artistic jobs of painting and paper hanging here, among them being the interior of Craves Mercantile company's store, the front and interior of Sullivan, Trent & Allen's store, the interior of S. T. Weathers barber shop, the interior and furnishing of Faulkner & Lovelace's barber shop and is soon to begin on the interior of Henry Martin's dry goods store. This week he received a call from Mullin to come over and repaint and paper a residence for one of the prominent citizens of that place who knew of his work and he left Tuesday night for that place to begin the work. Mayer is an artist and no mistake and the high class work he is doing proves his ability. PATRON.

HARD LUCK and A FRIEND

WHEN a man has hard luck and things do not turn out as he expected; when sickness enters the family and the hard knocks all seem to come in a bunch—does some good friend step up and offer his sympathy? Yes, likely.

Does he pat you on the back with words of encouragement? It is probable.

Does he offer you the services of his bank account? Not often.

But if you have been a saver, no matter what your lot may be, your bank account is better than your best friend. The money you have left here will do what he will not. It will put you on your feet again. Others have proven it —you try and see.

It is announced that President Wilson is making arrangements to enter upon a speaking tour in support of preparedness of this government for war, or rather to prevent war. The president's idea is that the better the nation is prepared for defense the less likelihood there will be of war with other nations. The fact that we are unprepared, or that some of the nations believe us unprepared, makes the situation dangerous. Many believe this country would have already been involved in a conflict with Japan, backed by at least one of the powerful nations of Europe had not the European war come sooner than the parties interested expected. Be that as it may, the more dangerous we make it for others to attack us or interfere with our rights the less danger there will be of complications.

IN OLD INDIA

ALTHOUGH the railroads run up and down the length and breadth of India, and autos are not unknown, the rough cart drawn by the sacred bull is still a common sight.

Occasionally we are obliged to call upon one of these picturesque primitive conveyances to deliver TEXACO Oils.

Our business in India includes not only the sale of large quantities of burning oils to the natives, but the supply of lubricants to the big cotton mills and other industries, and a great many other oil products.

This distant business is held by the quality of TEXACO Products. They must pay their way in such markets by their economy.

That is why TEXACO Petroleum Products are in demand the world over. That is why your neighbors ask for them and why you should use them.

There is a TEXACO Agent near you. Let us serve you through him.

The foregoing ordinance was unanimously passed by the City Council in regular session on the 10th day of January, 1916, approved by the Mayor on the same date, the rule requiring ordinances to be read three several times being suspended, and ordered filed in the office of the City Secretary, to be in force and effect immediately after its passage and publication.

WILL H. TRENT,
Mayor of City of Goldthwaite, Texas
Attest: L. E. Miller, City Secretary.

BAD HABITS

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere. (adv)

DEATH'S VISIT

Mr. I. G. Collier died at his home in Center City community Sunday night from the effects of pneumonia preceded by grip, and his remains were laid to rest in the cemetery at that place Tuesday morning at 11 o'clock.

Mr. Collier was a pioneer citizen of that section, having lived there for thirty years or more. He was universally esteemed as a man of high character and unimpeachable integrity. He had a wide circle of acquaintances and all who knew him were his friends and had confidence in him.

He leaves a wife and several children, besides a number of other relatives, and to all of them the sympathy of the people goes out in their bereavement.

THE HABIT OF TAKING COLD

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90 degrees F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere. (adv)

TOM CHRISTIAN DEAD

The remains of Mr. T. J. Christian passed thru Goldthwaite Thursday morning en route for Mullin, where burial services were held that afternoon. Mr. Christian had been very sick with pneumonia for some time and was carried to the sanitarium at Temple some days previous to his death and it was there his death occurred.

He was one of the early settlers of this section and was a man of high character who could claim as his friends all who knew him. He made his home at Mullin for a good many years and the people there, as well as all others who knew him, feel a personal loss in his death.

He was never married and has only a few relatives in this section. He leaves a sister and nephew at Mullin.

SCHOOL NOTES

As this is our first year as an affiliated High School, we are making an especial effort to prove our worthiness of being classed as a 'High School of the First Class,' according to the State Department of Education. That means that graduates of the Goldthwaite High School can enter any university or college in the state without examination, or work in a preparatory department. There are only 186 affiliated schools in Texas, many of which are private schools and academies. Our patrons and pupils seem to appreciate this new classification, for we have a greater attendance and heartier co-operation than ever before.

The Department of Domestic Science which was established last year, has met with unusual success. In addition to the special appropriation of \$750.00 last year, another appropriation of \$500.00 has just been granted to us by the State. Some much needed equipment can now be added to the laboratory. These appropriations have made it possible for us to have a new teacher, especially prepared in these subjects. The girls are very much interested in their work. The public is invited to visit the classes in cooking and sewing at any time.

The pupils and teachers of the High School presented the high school building with a useful Christmas present. It is a drinking fountain, and will be installed at once.

The course of study for the year has been divided into three terms of twelve weeks each. Monthly reports are sent out to announce failures in each subject. Term reports give the average grade made in each subject during the three months.

The following list shows the pupils making the highest general average. They are in order of highest rank, and the number in parenthesis shows the year of high school work: Clara Ferguson (1); Sue Burch (4); Thelma Grisham (3); Brownie Graves (2); George Williams (1); Velma Cokrum (3); Clarence Wiggins (1); Norma Lee Frizzell (1); Neita Cokrum (3); George Clements (3); Fannie Jackson (4); Alta Gilpin (1); Mattie Johnson (4).

On Friday night, Jan. 14, the members of the first year class in cooking entertained with an enjoyable party in the basement of the High School building. The guests were the high school teachers and the members of the second year cooking class. Games and music furnished amusement. During the games home-made candy and salted nuts were passed. Later a salad course and hot chocolate and cake were served.

Social affairs such as these are quite beneficial, as they bring teachers and pupils together in a pleasant way, and help to develop a bond of friendship and understanding. Reported: LYNNE WOOTEN, Prin. of High School.

HAPPY HEARTS

Mr. E. E. Chambers and Miss Ruth Ford were married in the Methodist church last Sunday evening at 8 o'clock, Rev. J. G. Forester, pastor of the church officiating.

The friends of the young people had anticipated this happy event for some time, but so careful was the secret guarded that none knew of the time or place until the ceremony had been said.

Mr. Chambers is a popular young business man connected with the Graves Mercantile company and has a high place in the estimation of the people here, both as a business man and a gentleman of worth and character. His bride is a daughter of Mr. C. H. Ford and was reared in this city, where she is very popular with a large circle of friends. She was employed in the central office of the West Texas Telephone Co. for some time and made a great many friends for the company as well as for herself by her courtesies and devotion to her duties.

No more popular young couple ever commenced life here and none could claim more friends and well wishers than can Mr. and Mrs. Chambers.

CLUB MEETING

On account of the illness of Mrs. Clyde Hudson the M. W. club met at the residence of Mrs. J. A. Gillespie on Tuesday afternoon in regular session. A very enjoyable afternoon was spent in playing games, after which the members were served with delicious refreshments.

The next meeting of the club will be with Mrs. Clyde Hudson the first Tuesday in February. REPORTER.

Miss Ethel Evans expected to go to Talpa last evening to remain over Sunday and attend the marriage of her sister, Miss Exa, to Mr. Chas. L. Holton of Talpa. Miss Evans has visited her sister and friends here frequently and graduated from the Goldthwaite High school a few years ago. She has many friends here who offer congratulations and good wishes in advance.

Mr. and Mrs. J. H. Randolph were summoned to Troy Monday night by a message announcing the death of his sister, which occurred that day. The lady was only sick a few hours and Mr. Randolph did not know of her illness until the message came advising him of her death. Just two weeks previous to that date Mr. Randolph's mother died at the same place and he and Mrs. Randolph had only been home a few days when called back by a second death message. Their many friends throughout this section sincerely sympathize with them in their bereavements.

STRAIGHTFORWARD TESTIMONY

Many Goldthwaite Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 30,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Goldthwaite readers should take fresh courage in the straightforward testimony of a Goldthwaite citizen.

Joe Taff, hotel proprietor, Goldthwaite, says: "I was subject to spells of backache for years. When these attacks came on, it was pretty hard for me to stoop or do anything. I have used Doan's Kidney Pills, procured from Clements' Drug Store, and they have always given me relief from these troubles. I think very well of this medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taff had. Foster Millburn Co., Props., Buffalo, N. Y. (adv)
