MOTHERS DAY

Mother's Day will be observed next Sunday at the Methodist church. We hope to make this a great service. I feel sure you will be there. You are invited. The wearing of a white carnation or other white flower, the beautiful emblem of truth, will be filial evidence that the wearer loves to honor his mother living, or her memory, if dead. If away from home this day, write mother a love letter, send her a telegram, use the long distance phone, or the special delivery of the postoffice. The white carnation stands for purity; its form, beauty; its fragrance, love; its wide field of growth, charity; its lasting qualities, faithfulness—all virtues of a true motherhood.

WHEN COTTON IS RELIABLE

Only within recent years have we begun to realize our possibilities in the southwest for growing, using and marketing the various crops. We have depended upon cotton to supply our food, buy our clothing, pay our teachers and preachers, build our roads and educate our children. Cotton has done well, perhaps better than any other crop could have done. But we have required too much of our cotton crop. Not only must it take care of us and our families, but it must afford a surplus for the merchant, the banker, the various transportation companies, the professional men and for the taxes necessary for state government.

The essential object in diversifying crops is to relieve cotton of some of this burden and enlarge the farmer's income so he can better meet his obligations as a citizen.

In recent years great progress has been made with some of the new crops we have found. To our astonishment cotton is not all the crop peculiarly adapted to the Southwest. Sudan grass, Rhodes grass, feterita, etc., are now highly regarded as crops. Peanuts, sorghum, etc., are also being raised.

Let us begin to show ourselves workman that need not be afraid of economic or other conditions. Let us begin to diversify ourselves with food and bank securities. Let us begin to diversify ourselves with food and bank securities. Let us begin to diversify ourselves with food and bank securities.

CITY BEAUTIFUL

The parlor variety of civic workers has become obsolete in the ranks of American women's clubs. There is so much to do in practical community betterment work which women are finding they can do. The local campaign has the financial and active working support of our home paper, city council, commercial club, many business men and citizens generally. Why not succeed? We can and we will make our city one to be proud of. Many people spend hundreds of dollars on the furnishings in their homes and only occasional caller gets to admire them. A much smaller amount spent in a coat of paint to the exterior, a general cleaning up of the premises, a few flowers and grass would give pleasure to hundreds of passers by.

We used to insist on throwing our empty cans on vacant lots and emptying our garbage over the back fence for flies and mosquitoes to breed in, but with our civic pride awakening, we are finding use for the garbage cans and hope to soon find fly traps on top of these. The fly haunts the dirty smelly places, then buzzes into the house to rest on the dishes and table to clean their wings and fuzzy feet on the linens. There are many now and if we are not very careful there will be millions more in another month to torment us. Don't forget to take your flies to Mr. Henry Rahl. He will give 50c per quart 25c per pint for 10 days or more. Get to work boys and girls. We want you to have a part in this all together movement for a cleaner, healthier and more Beautiful City.

HELD WITHOUT BOND

Riley Cross and Bryan Lane have returned from Carlsbad N. M., and state that Charles Lassater, slayer of Ira Lane, was remanded to jail without bond following an examining trial recently, in which he made no plea. Bryan Lane attended the examining trial as a witness, having been present when Lassater shot and killed his brother, and having been wounded by Lassater after Ira Lane fell to the ground.

Mr. Cross has been appointed temporary executor of Ira Lane's estate and made the trip to Carlsbad to close up the affairs of the estate.

When arraigned for examining trial on the charge of first degree murder, Lassater declined to present any testimony or make any plea, it is said. He will be held in jail until the date of his trial early in September at Clovis.—Brownwood Bulletin.

HUCKABEE WITHDRAWS

Owing to the fact that there is a tacit understanding that Hamilton and Mills counties shall furnish the representative to the legislature alternately and that the last representative elected was a resident of Mills county, I have decided to withdraw from the race for the position. I have had pledges of support from a number of friends and well-wishers and I desire to thank them sincerely for their kindly interest in my campaign. I hope that my withdrawal will be satisfactory to my friends and I assure them I deem it for the best at this time.

Respectfully,
D. W. HUCKABEE.

CLUB PICNIC

The Women's Self Culture club held their annual picnic Thursday evening of this week at the Confederate park south of the city. The party was composed of the club members, their husbands and families and a few invited guests.

The ladies proceeded to the ground early in the evening and had a bountiful and varied repast prepared for the gentlemen on their arrival at six o'clock. After supper games were enjoyed until dusk warned the frolickers that it was time to return to the city. The weather was ideal for the outing and a most pleasant and harmonious time was enjoyed by all who were present. REPORTER

M. M. WHITE

M. M. WHITE
 Judge M. M. White announces in this issue as a candidate for the office of District Attorney. Judge White is one of the best qualified lawyers in the district and was frequently advocated as a suitable man for District Judge previous to his announcement for the District Attorney's office. His home is in Lampasas, where he has filled the office of county judge and other positions of honor and trust, always discharging his duties with credit to himself and to his county. His qualifications can not be questioned from any standpoint, neither can his claim for recognition be denied, for his county has not furnished the candidate for either the district attorney or judge in many years. As a citizen no man can claim higher standing among his fellows. He is a man of the highest character and his influence and splendid abilities have ever been exerted on the side of right and justice and no man can claim to have accomplished more in the interest of the people as a private citizen. The voters who support his candidacy can be sure that he is well qualified to discharge the duties of the office.

Judge White:
 "Judge M. M. White of Lampasas county has announced as a candidate for the office of district attorney, of the Twenty-Seventh judicial district, composed of the counties of Bell, Lampasas and Mills.

He was born and raised in Lampasas county and is a lifelong democrat. He is a gentleman in the true sense of the word, an able lawyer, a profound student and an orator of commanding power. An extensive experience in the practice of criminal law has qualified him for the discharge of the duties of the office to which he aspires.
 For four years he filled the office of county attorney and for ten years thereafter the office of county judge of Lampasas county. Of 488 cases tried before him as county judge, only 4 cases were reversed, by the higher court, a record seldom, if ever surpassed.

Judge White's candidacy is loudly applauded by many friends in all three counties, men of prominence in every town and city proclaim him as the "right" man for the office, the man who, if elected, will discharge its duties without fear or favor, bending every ounce to the enforcement of the laws of the state.

His attitude toward the cause of organized labor has been clearly expressed to most of our readers and to those who have not met him, we take pleasure in introducing him as a good friend.

There will be a county meeting of Methodist Sunday school workers held at the Methodist church here on the fourth Sunday in this month, which will be May 28. R. M. THOMPSON, Editor

Governor Ferguson is quoted as favoring intervention in Mexico by the American government, 'if it takes ten or fifty years.'

The reply of Germany to the ultimatum of the United States government was satisfactory to President Wilson and a severance of relations was averted, for a time at least.

National guardsmen of Arizona, New Mexico and Texas were called out this week by an order issued by President Wilson, to aid in protecting the border against Mexicans.

Hair tonic containing denatured alcohol was used as a beverage by a number of men at Plainview this week and as a result there were a number of funerals in that city the next day.

The good salesman is fate's darling. He may wear diamonds and gaze on the sparkle of the sunlight of prosperity, while others with just as good a brand of goods give away their substance and wear frazzled hand-me-down trousers. For instance Charley Chaplin gets a thousand dollars a day for acting the fool, while many of us play the part just as well and receive nothing in return save kicks and cusses.—Honey Grove Signal.

Mexican outlaws invaded Texas last Friday night, killed several soldiers stationed at Glenn Springs and wounded others. The little band of soldiers took refuge in an adobe house, when the Mexican devils set fire to the roof and as the Americans escaped from the burning building, they were fired on by the greasers. The cry of the Mexicans was 'Viva Villa,' yet they may have been Carranza followers who simply took this means to avert suspicion.

When so many good men offer as candidates for the various offices, some times several for the same office, it is indeed difficult for the voters to determine between them and many times the one elected to a position is no more the choice of the voters than was his opponent, but he is fortunate in the fact that more voted for him than for his opponent without really feeling a choice between them. There has never been a campaign in which the difficulty of selecting between good men was greater than in the one now in progress.

There will be no name mentioned in the St. Louis convention in opposition to Woodrow Wilson. While he has not pleased all the people all the time and some of his policies have not been approved by many, yet he has handled the vexatious questions in a very careful way and has prevented entanglements of a serious nature with other nations. It is likely that no man could have done better than he has done and but few could have done as well, therefore, there would be nothing to gain by a change in the head of the administration.

Right now is the time to make war on the housefly, aptly remarks the Temple Telegram. 'One fly killed now,' stated a prominent physician yesterday, 'means more than the killing of a thousand later in the spring.' We make a suggestion here to the ladies of the Civic League: Up on the battleflag carried at the head of your invading army against Flith, add the time-worn yet important phrase 'Swat the Fly.' A swift, short and vigorous anti-fly campaign right now means almost a flyless city this spring and summer. Remember the flies remain upon the premises where they breed. That is, they do not travel far. While co-operation is important, where houses are close together, still it is possible to rid your own premises of these dangerous and loathsome pests irrespective of your neighbors. Make it a rule to kill the flies as they appear; now, from day to day, while they are few and lazy and easily killed, and you may spend your summer days and nights in peace and security. Do it now.—McKinley Gazette.

The Happiness Of Your Home

Depends Upon the Freedom of Its Members from Worry

A connection with this strong bank, capable of rendering valuable assistance and service, will do more to chase worry—that persistent usurper of happiness—from the home than anything we know of.

More people are kept awake at night because of some foolish expenditure of money than from sickness—but the man or woman who has a growing bank account lives a natural and normal life and will have no cause for worry in old age.

So small a sum as one hundred dollars has frequently saved a man from serious difficulties.

If so small a sum can render so valuable a service, why not start a bank account with us and have this surety?

FOR TOWN AND COUNTRY

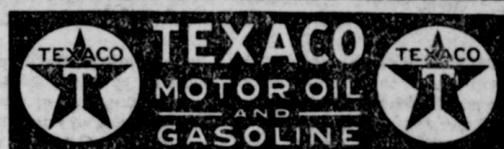

Young men should remember that personal worth is a very important factor in farming as well as in other business. Farmers are not nearly so independent of the business world as they were many years ago. There was a time when full barns, pantries and smokehouses meant ease and those who were fortunate enough to have them might, like the rich man of Biblical days 'eat, drink and be merry.' While these adjuncts are still necessary they do not supply all of the farmer's wants for there are other things for the cultural wants of the family.

Young men must establish ratings at the banks, the stores and the various commercial organizations before they can buy, sell and otherwise meet other business men on equal terms. Wealth is not necessary for farmers to receive recognition of other business men. To be sure, enough wealth must be accumulated to meet the urgent needs or obligations. But character is the essential preparation for business standing.

Character must be formed by honesty, reliability and unselfishness. The young man who would stand high with his fellow citizens in farming and business affairs must make his word equal to a bond; he must meet his obligations cheerfully and let his neighbors know that he can be depended upon. This kind of reputation can not be acquired without character that has been tested. Our neighbors usually know us. They may not test us often, but they can not be easily deceived.

It is encouraging to see young farmers members of commercial and civic organizations of cities. It shows that such men have business acumen; that their influence is being used for both town and country. The country needs the influence of farmers in cities and towns just as it needs the assistance of city and town men in rural districts.

Good Mower and Rake cheap.—Mills County Hardware Co.

A FILM of oil is a small thing, but on just that hinges the economy of your motor and a great deal of the pleasure in motoring.

The film which is maintained between the rings and cylinder walls when Texaco Motor Oil is used proves this:

- First:—It doesn't allow the mixture to leak through. All the "gas" is used to produce power.
Second:—It checks wear by preventing metal-to-metal contact.
Third:—It means no excess oil is sucked up into the combustion chamber.

When you use Texaco Motor Oil, you find that your spark plugs won't foul and that there is no heavy carbon deposit to get in the valve seats or to clog the exhaust.

You ride easier with less juggling of the throttle and with freedom from back fires and other annoyances.

Get some Texaco Motor Oil and at the same time, try Texaco Gasoline. This is the other partner of the Texaco Winning Combination.

ROCK SPRINGS

Editor Eagle:

As it has been some time since I saw a letter from this part of the world, thought I would send in a few happenings of late.

The health of this community is not very good. Grandpa Strickland is very poorly and J. H. Godwin does not seem to be improving any.

The farmers are very busy killing grass and weeds this week. Some of them had to plant their cotton over on account of the hard rain we had this week.

The grain crops are looking fine since the rain, the farmers are having hopes of it getting high enough to reap now.

Mr. and Mrs. H. C. Stark of Cross Plains are visiting parents and relatives this week.

Misses Birdie and Mabel Burket of Mullin are visiting their sister, Mrs. Will Jackson, this week.

Mrs. J. A. Stark and son are visiting in San Saba this week.

The young people of Rock Springs and Williams ranch had an entertainment at the ranch last Friday night. The program was two hours long, had fine music and one of the best plays and the largest crowd that was ever known to be at Williams ranch. We are in hopes of having another one there before long and we will try to have the stage arranged on the outside so everyone can see.

Rev. Brady preached at Miller Grove Sunday morning and Sunday afternoon, having a good crowd all day.

Rev. Weems preached at Rock Springs Sunday morning.

Mr. and Mrs. Hugh Stark visited in the Bayou community Saturday and Sunday.

Mr. John Perkins is purchaser of a new Ford car.

The road petitioned for by J. G. Talley et al. in the Kelly school house neighborhood was granted.

Petition for a bridge over Bennett creek at Caradan was continued. Officers reports were examined and approved and accounts for current expenses were allowed.

Levies of special school tax were made in all the districts where such special tax has been voted. The only changes from the last year's levy were: Payne levies 15 cents; Smith increases from 15 to 45c; Midway reduces from 30 to 10c; Pleasant Grove and Priddy abrogate the tax.

Special tax elections are to be held today in Ebony and Pompey Creek communities, the former to increase to 70 cents and the latter to 35c from 15c.

FORD-SPARGER WEDDING

Miss Velma Grace Sparger the youngest daughter of Mrs. J. W. Sparger of this city and Mr. George C. Ford of Goldthwaite, Texas, were married Thursday of this week.

The bride is a well known Villisca girl and has a great many friends here. She graduated from the local high school in the class of 1914. After her graduation she went to Peoria, Illinois, where she completed a stenographer's course in the Brown Business college of that city and where she has since been employed as stenographer. It was there she became acquainted with Mr. Ford.

The groom is well versed with the latest dry cleaning processes and contemplates locating in some town in Iowa and enter into that field of work.

The "Barefoot" Tire—and Why.

30 x 3	Ford Sizes	\$10.40
30 x 3 1/2		\$13.40
32 x 3 1/2		\$15.45
33 x 4	Safety Tread	\$22.00
34 x 4	"Fair-List"	\$22.40
36 x 4 1/2		\$31.60
37 x 5		\$37.35
38 x 5 1/2		\$50.00

CONSIDER now the means by which many Tires have been given maximum Traction,—i.e., by means of a "sandpapery" texture in the Rubber of their Anti-Skid Treads.

Every time the Brakes are put on, to make such Tires grip the road, the relatively hard, unyielding, and comparatively brittle, texture of the Rubber in their Treads causes these Treads to grind away on the pavement, to WEAR OUT fast at the point of contact.

The sudden efficiency of their grinding-Traction also tugs so sharply on the Rubber Adhesive between the layers of Fabric in Tire as to separate these layers.

There is little "give" to them—just as there is little "slide" to them.

So, they gain Traction at the expense of Mileage. Naturally such Tires require a great BULK of such Rubber in order to deliver reasonable Mileage before worn out.

And, therein they differ radically from GOODRICH "Barefoot" Tires.

Because,—the Safety-Tread on Goodrich Tires is made of "Barefoot-Rubber," a new, and exclusive compound which discards unnecessary whitish "frictional" ingredients that are heaviest and inert, as proved by their lighter weight.

HERE is how it acts in Automobiling.—When the weight of the Car bears on this clinging "Barefoot-Rubber" Tread, and the power is applied to go ahead or reverse, the wonderful stretch in the "Barefoot" Rubber Sole (or Tread) of the Goodrich Tire acts as a sort of Lubricant between the Fabric Structure of the Tire and the Road.

Then, the Barefoot-Rubber "Toes," of the Goodrich Safety-Tread Tire, CLING to the pavement (instead of grinding against it), in such manner as your Bare Foot would cling to a slippery surface—without Grind, and so, with the minimum of Frictional Heat or Wear for maximum Traction.

Goodrich "Barefoot-Rubber" is now made into Goodrich FABRIC Tires,—Goodrich Silvertown Cord Tires,—Goodrich Inner Tubes,—Goodrich Truck Tires,—Goodrich Motor Cycle, and Bicycle, Tires, as well as into Goodrich Rubber Boots, Over-Shoes, Soles and Heels.

Get a Sliver of it from your nearest Goodrich Branch, or Dealer. Stretch it thousands of times, but break it you can't.

That's the Stuff that GOODRICH Black-Tread Tires are made of.

JOINT MEETING

The Presbyterian and Baptist churches have agreed to hold a joint meeting for fifteen days beginning June 4th. Evangelist B. R. Robinson and wife of Minneapolis, Minn., will assist in the meeting. Bro. Robinson has had several years experience as pastor and evangelist and has had glorious results in his work. He is a strong, vigorous aggressive preacher and untiring in personal work and in song and in preaching. He is a splendid singer and chorister. Mrs. Robinson is a fine song leader, soloist and general worker in the meeting and in women's meetings. A strong and inviting part of the meeting will be the singing. We are fortunate in getting such splendid help for our meeting.

We want this meeting to be for the whole town and community to which everybody can feel free to come and take part. Some churches had to get behind it to make it go. We invite other churches to co-operate with us, and everyone, whether saved or lost, to feel free to come and get the benefit of the meeting. We would like for the business men of the town to co-operate in the meeting by closing for the day service. We will use a big tent on the lot behind the Baptist church, where there is water and shade. Everybody get ready to come. R. A. GAY E. D. MORGAN.

M. W. CLUB

The last regular meeting of the season of the Merry Wives club was held at the pretty home of Mrs. Owen Yarborough on Tuesday afternoon, May 9th.

This being the time for a business meeting, the club members were called in at three instead of the usual time—three-thirty.

One of the questions discussed was a picnic (including the husbands of the Merry Wives) which is to take place next Tuesday, May 16th.

Mrs. Walter Fairman was taken into the club at this meeting, thereby filling the last vacancy.

A few of Mrs. Yarborough's close neighbors were invited in to enjoy the social part of the meeting.

After having met Misses McCauly and Oldfield, guests of Mrs. J. H. Randolph and former visitors to this city, tables were arranged for progressive "42."

Seven games of four hands were played. Among the club members Mrs. Will H. Trent scored highest, while Mrs. Floyd Mullan was awarded the guest prize, both being a beautiful box of Symphony Lawn stationery.

Delightful ice-cream and wafers were then served by the hostess and her mother, Mrs. J. C. Mullan, which were doubly enjoyed on account of the extreme warmth of the afternoon.

It was quite late when the meeting came to a close, but each one remained long enough to thank Mrs. Yarborough most heartily for a very very pleasant afternoon.

The invited guests were Mesdames J. C. Mullan, Floyd Mullan, L. P. Huddleston, Jno. C. Hicks and Misses McCauly and Oldfield.

Please do not forget the picnic for next Tuesday—also every thing that goes with it. REPORTER

EDGAR MONTEITH

EDGAR MONTEITH

The announcement of Edgar Monteith as a candidate for the office of District Attorney appears in this paper. He is a lawyer of ability and a man of high standing with those who know him. An idea of the high estimate in which he is held by the people of Bell county can be drawn from the following article, which appeared in the Belton Journal:

"The Journal is authorized to announce Edgar Monteith, a candidate for District Attorney subject to the action of the Democratic Primary July 22nd, 1916. Perhaps no other young man was ever more favorably known throughout the county and District than is Edgar Monteith. He was born in Belton something like thirty years ago. His father, A. M. Monteith, now deceased, was a leading lawyer and abstractor of Belton for forty years, of whom it can be truthfully said that he touched more shoulders and transacted business with more people than any other man who ever lived in Bell county. His name was a household word and he was loved and honored by every one who knew him. The son has striven to walk in the footsteps of his father.

Edgar Monteith was graduated from the Belton High school and took the Academic and Law courses at the State University at Austin, from which he was graduated in 1911. Immediately afterward he began the practice of law with his father at Belton. After the death of the elder Monteith in 1913, he continued the practice alone. As to his profession, all will

candidate for the office of district attorney of the 27th Judicial District composed of Mills, Lampasas and Bell counties. It is his first time to ask for any elective remunerative position, and he can go before the people with recognized ability and a clean private life, which are the best assets a young man can possess.

Mr. Monteith is a member of several social and fraternal societies. He is a Modern Woodman and a Woodman of the World, and at the present time is Exalted Ruler of the Belton Lodge of Elks. Having received the benefits of a public school and University education, he has always a keen interest in school matters and for the last two years has held the position of president of the Board of Trustees of the Belton Public schools, an institution of which the people of Belton are especially proud.

Mr. Monteith is young, energetic and thoroughly trained, and if successful at the polls it is certain that the district will have a faithful and efficient representative before the courts.

DON'T LEAVE GOLDTHWAITE

No Need To Seek Afar. The Evidence Is at Your Door.

No need to leave Goldthwaite to hunt proof, because you have it here at home. The straightforward statement of a Goldthwaite resident like that given below, bears an interest for every man, woman or child here in Goldthwaite.

J. C. Carlock, farmer, Fisher St., Goldthwaite, says: "I was doing some heavy work and I strained my back and kidneys lifting. At first I commenced to have pains in my back and mornings I couldn't straighten up. The pains extended in my hips and limbs. My kidneys became weak and I had to pass the kidney secretions far too often. I used a kidney medicine, but it did me no good and finally I began taking Doan's Kidney Pills. Soon the pain in my back left and the action of my kidneys became regular. I have had no need of a kidney medicine since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carlock had. Foster-Milburn Co., Props., Buffalo, N. Y. (advv)

MRS. MCGREGOR DEAD

Mrs. J. K. McGregor, nee Maggie Rahl, died in Temple Sunday and her remains were interred in the Cleburne cemetery Monday. The death of Mrs. McGregor was unexpected by her family and friends and the announcement was indeed a great shock to all who knew her. She was reared in Goldthwaite and is kindly and lovingly remembered here by many friends who grieve with the relatives here and elsewhere because of her death. Her brother Jas. Rahl was at her bedside when the end came and two other brothers, Sam and Henry Rahl, attended the funeral in Cleburne.

The Temple Telegram says: "Mrs. J. K. McGregor of Cleburne came to Temple a day or two ago to visit a relative, Mrs. W. B. Glass. Mrs. Glass was in a local surgical institution at the time, but Mrs. McGregor went to her home to surprise the folks there. Shortly after her arrival, however, she became seriously ill and was rushed to a hospital for treatment. She died within a short time after she reached the city—suffering from gall stones. The body was shipped to Cleburne Monday for burial."

A SYMBOL OF HEALTH

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star, which they regarded as a symbol of health. A red five pointer star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness, constipation, get a package of Chamberlain's Tablets from your druggist. You will find at the quick relief
