Hawley Pfluger of Eden was in this week looking after matters.

Major D. H. Trent and wife returned Tuesday night from a visit to their ranch at Las Cruces, N. M.

Joe Pfluger returned to his home at Priddy this week from a business trip to Concho county.

John McDermott, sr., of Priddy boarded the train here Tuesday night to go to Mineral Wells for a stay for the benefit of his health.

Miss Pearl Ebers left Tuesday for Bell county, where she has been employed to teach in one of the best schools of the county the coming session.

Chas. Pfluger has returned to his home at Priddy after a protracted stay at Mineral Wells for the benefit of his health. He is greatly improved.

E. G. Tripplett came in the first of the week from a visit to his daughter and family in New Mexico. He will spend some time with friends in this county and expects to go to San Angelo in time for the fair.

Dr. McCrary of Hamlin was here this week doing some professional work and looking after business matters. He is prospering in his new location, but still holds his Goldthwaite friends in kind remembrance.

While robbers were "going thru" a man's pockets in a jitney in Dallas Monday night, the victim of the robbery grabbed the steering wheel and ran the car against the curb, doing more damage to the car than the amount secured by the robbery would repair.

W. Bishop of Hater Star was a visitor to this city the first of the week and went from here to Bell county to visit relatives. He formerly lived in the Washburn community and has a fine farm over there and many friends in that community and elsewhere in the county.

Nabe's Creek is 9 miles south of Goldthwaite, on a public road. We invite you to come from every church and we'll treat you right. We want the meeting to be a revival. Preserve this program.

D. I. HARALSON, Pastor.

J. D. Urquhart made a business trip to Brownwood Wednesday.

Fred Dew shipped a carload of hogs from Sleepy Hollow stock farm to Fort Worth market this week and realized a very satisfactory price for them.

Presiding Elder Cowan came over from Lampassas Wednesday and held the "fifth quarterly" conference for the Mills county Methodist churches at this place that day.

Judge S. H. Allen and family were here from Waco the first of the week visiting relatives. They are well pleased with their new home, but still remember their Mills county friends kindly.

Rev. D. I. Haralson, Meserv, J. W. Allen and L. G. Blackburn left Wednesday for Terrell, to attend the state reunion of Confederate veterans. Miss Lida Johnson of Nabors Creek accompanied them as sponsor.

J. B. Brinson arrived at home Saturday morning from Georgia, where he spent several months visiting relatives. He enjoyed his stay in his old home state very much, but is glad to be back in Mills county and his friends are glad to have him back.

J. W. Burleson is another one of our prominent citizens that we had known in the long ago. We knew him in the sacred precincts of Mills county prior to his coming to this section. He was a good citizen there, as here, and we have enjoyed discussing mutual friends with him. We saw a letter this week to him from Will H. Trent which was a good indorsement, coming from the man it did. Mr. Trent referred to a recent meeting, while Mr. Burleson was in that section, and one clause said, "of all the good men I have known, I remember none more kindly than John Burleson."—Lamesa Leader

DO YOU KNOW

It is dangerous to put anything into the mouth except food and drink.

Sanitary instruction is even more important than sanitary legislation.

The U. S. Public Health Service issues free bulletins on tuberculosis.

The continuous liberal use of alcoholic beverages lowers efficiency and menaces longevity.

Moderate exercise in the open air prolongs life.

"Mouth breathing" makes children stupid.

Fish cannot live in foul water nor man in foul air.

Smallpox is wholly preventable.

Mrs. Will H. Trent left for Temple Wednesday to visit relatives and attend the Bell county fair.

Judge H. F. Lewis of Lampassas was looking after legal matters in the court here this week.

W. L. Briason and wife are the proud parents of a new girl who arrived at their home Sunday.

W. J. Ford writes the Eagle he has moved from Sonora to Algerita, Pan Saba county, where he has a farm.

D. R. McCormick and Calvin Williams were two of the prominent Mills county citizens who had business in this city the first of the week.

Mr. Mary Mauldin left Sunday for Sweetwater, where she expects to spend some time with relatives and the Eagle will go to her address at that place.

Miss Edith Covington, who is a student in Sam Houston normal at Huntsville will receive the Eagle at that place by order of her sister, Miss Mary, of this city.

W. V. Sullivan and wife have moved to this city from the North Brown community and will make their home here for a time and perhaps permanently. They have a hearty welcome from many friends.

J. A. Dennis gave the Eagle the pleasing information this week that he had moved back to Mills county from Rawls, where he located some months ago. We are all glad to have such good people as the Dennis family come back to good old Mills.

C. J. Crawford of North Brown community was in to see the Eagle Monday and told us he expected to leave the latter part of the week for New Mexico to make his home. He and his good family have many friends here who wish them much prosperity in their new home.

WILLIS SEBOLT

Lon Willis and Miss Jennie Sebolt surprised most of their friends last Saturday evening by driving over to the residence of Judge A. Lorenz, near Priddy, and being united in marriage by that gentleman. True, the happy event had been expected by their more intimate friends for some time, but they kept the date a secret and but few were advised of the time until after the ceremony.

Mr. Willis is one of Mills county's most deserving young men and his high character is universally known and recognized. He grew to manhood in this county and has a great many friends who rejoice because of his good fortune in winning the heart and hand of this most estimable lady. The bride was reared in this city and is one of the most universally admired ladies in the county. She has taught several schools in the county and in that way has formed a wide acquaintance and a large circle of friends who join in extending hearty congratulations and good wishes to her and her popular young husband.

ACCIDENT AT LOMETA

J. H. Roach of Lometa was here Wednesday and reports that B. M. Sims, brother of Tom Sims of Lometa, was seriously hurt at that place Tuesday. Mr. Sims came to Lometa Tuesday and before starting home deposited some money in the bank. He started for home about one or two o'clock and was found lying in the road, a mile or two from Lometa, with his horse standing with his head over the body. He was badly bruised about the head, arms and limbs. It was first thought he had been knocked in the head and robbed, but investigation showed that he had the bank deposit slip and some change in his pockets, so it was not likely he had been attacked. It is supposed that he had a stroke of paralysis and fell from the horse.

He was found by Ed Ringer and Joe Morgan and placed in a car and taken to Lometa. He rested well Tuesday night, but was still unconscious Wednesday morning. — Lampasas Leader

DISTRICT COURT

Grand Jury Busy--Some Non-Jury Cases Tried.

District court convened in this city Monday, but there has been very little of interest about the proceedings, as there have been no jury trials and no cases of importance disposed of during the week. The jury docket will be taken up next week and there are several jury cases on the docket. However, so far no cases of common interest have been docketed.

Carl Janner of Priddy was granted naturalization papers by the court this week and he is now a full-pledged American citizen.

The grand jury had reported only one indictment up to yesterday afternoon and that was in a misdemeanor case.

The grand jury is composed of the following citizens—Z. D. Kemp, foreman; G. W. Jackson, W. H. Nelson, T. A. Gardner, S. M. Jones, S. V. Roberts, Lee Jones, E. O. Priddy, R. S. Bell, Hugh Henry, J. B. Huckaba, J. H. Traylor,

The bailiffs are: N. W. Frizzell, door; J. B. Brinson, walking; P. M. Henry, T. C. Williams, John Philen, W. G. Miller, riding

CITATION BY PUBLICATION OF FINAL ACCOUNT

The State of Texas—County of Mills. To the Sheriff or any Constable of Mills County—Greeting:

P. H. Clements, administrator of the estate of J. D. Sexton, deceased, having filed in the County Court of Mills County, Texas, his final account with the estate of said deceased, showing the condition thereof, together with his application to be discharged as administrator of said estate.

You are hereby commanded, that by publication of this writ for twenty days before the return day hereof, in a newspaper printed in the county of Mills, you give due notice to all persons interested in the account of said administrator for final settlement of said estate, to appear and contest the same if they see proper to do so, on or before the December Term, 1916, of said county court, commencing on the first Monday of said month, to be holden at the court house of said county, in the City of Goldthwaite, when and where said application will be acted upon by the said court.

Herein fail not, but have you then and there before said court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Goldthwaite, this 5th day of October, A. D. 1916

(Seal) W. B. SUMMY, Clerk,

County Court, Mills County, Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original writ now in my hands.

J. H. BURNETT,

Sheriff of Mills County, Texas.

"Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

TAKE

Cardui

The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women,—why not you? Try Cardui. E-71

LODGE RESOLUTIONS

Whereas, on September 14, 1916, our beloved fellow sovereign, J. M. Wood, was called from his earthly labors to his eternal home, and

Whereas, Sovereign Wood was one of the most faithful and beloved members of Star Camp No. 1748, W. O. W., and was ever true to the principles of our great order, doing well his part in the affairs of life and conducting himself always as a true Woodman and honorable citizen,

Resolved, that by the death of Sovereign Wood this camp has lost one of its most appreciated members and Mills county has lost one of her best and most worthy citizens.

Resolved, that this camp extends to the family of the deceased sovereign the sincere sympathy of the members individually and collectively, and assures the bereaved ones that the Woodmen of the World share in their sorrow.

Resolved, that a copy of these resolutions be recorded on a page in the records of Star Camp, a copy be delivered to the wife of the deceased and a copy submitted to the Goldthwaite Eagle for publication.

Done by order of the camp, this Oct. 2, 1916, at Star, Texas.

A HAPPY MARRIAGE

Mr. J. R. Crook and Miss Arah Evans were united in marriage at the Baptist parsonage in this city Wednesday evening at 6 o'clock, Rev. E. D. Morgan officiating. A few of their relatives and close friends accompanied them to the parsonage and witnessed the ceremony.

Mr. Crook's home is at Martindale, Caldwell county, and his bride is a daughter of Mr. and Mrs. J. E. Evans of Chappell Hill community, where she has a large number of admiring friends.

Mr. and Mrs. Crook left on Wednesday night's train for their home in Caldwell county.

Mrs. J. T. Owens of Center City is visiting the family of Mr. and Mrs. W. E. Miller this week.

Alvin Street, who buys cotton at Granger, spent one day here this week visiting his home folks and friends.

Yesterday closed the first month of Goldthwaite school and there was a large increase in attendance over the first day's registration.

Will H. Trent left yesterday for Temple to see the fair and visit relatives. He and Mrs. Trent expect to return home Sunday evening.

Cotton reached 16 cents in this market this week and a number of farmers sold at that price. Goldthwaite always reaches the top notch in paying for the fleecy staple.

The new corrugated iron building being erected for Wilson Brothers Produce business at the corner of Front and Second streets is nearing completion.

The city council held a regular monthly meeting Monday night, but there was very little business of interest transacted. Accounts were audited and reports received, but no important proceedings were had.

County Clerk Summy issued marriage license since last report to Clayton Horton and Miss Vera Wheeler, Lon Willis and Miss Jennie Sebolt, J. R. Crook and Miss Arah Evans, Will Bynum and Miss Celia Northcutt, King A. Childress and Miss Ada Morris.

Mrs. E. E. Lowrie, mother of Dr. Lowrie, returned to her home in this city Monday, after a visit to relatives at Silver Valley. She passed her eightieth birthday Thursday and for the occasion a number of her friends were invited to enjoy the hospitality of the home for a few hours on the afternoon of that day.

Mrs. Henry Rahl returned the first of the week from a visit to relatives at Dallas and elsewhere. While at Dallas she visited the Buckner orphans home and was impressed with the splendid conditions existing at that place. While a large number of the children have suffered with typhoid fever and there are yet a number of cases in the institution the death rate has been remarkably small and the care given the children is indeed pleasing to visitors. Lee Sexton's children are there and doing well.

Dr. J. W. Gooch and family left this week for their new home at Plymouth, Collingsworth county, carrying with them the good wishes of a host of friends throughout this section. Dr. Gooch was practically raised in this town and after educating himself for the practice of medicine he located at Shive, where he was given a good patronage and had most satisfactory results from his work. About four years ago he moved to Indian Gap, where he continued in the practice of his profession with splendid success. His practice at that place was large and lucrative up to the time of his departure, but for conditions of climate and other reasons he decided to make a change of location. The people among whom he has cast his lot have reason to congratulate themselves that he is to become their fellow citizen. Dr. Gooch returned only recently from Chicago, where he spent some time in a post graduate course in medicine and is now better prepared than ever for his work. He and his family will ever be held in kind remembrance by their many friends in this part of Texas.

The rapid increase in the number of automobiles in this section, especially the rapid increase in purchase of cars by farmers, means that the roads of this county and of surrounding counties must be improved. The farmers find that by using an automobile they can cover in a few minutes a distance to the markets which previously required hours; but bad roads are hard on horses and mules. An investment in good roads is invariably an investment; never an expense.—Brownwood Bulletin.

Do not let the dust from 15c cotton blind you to the fact that over \$24000 was received for a carload of hogs which was shipped from Brownwood last week. The hog is an animal which attracts money like a magnet draws iron filings, and whether you approve of this characteristic of the hog depends on whether you have a bunch to draw in the cash, or are one of the many who are having good money attracted away from you by twenty cent bacon.—Bangs Enterprise.

R. M. THOMPSON, Editor

The Associated Press gave the information this week that ex-Presidents Taft and Roosevelt are again on friendly terms, after an estrangement of several years.

The announcement comes that Henry Ford, the automobile manufacturer, will support President Wilson with his vote but not with his money. He says he does not believe in campaign contributions.

Cotton receipts will begin to decrease at most places from this time. The crop is very short in almost every section and the prediction of a 20 cent price before another crop is marketed is being freely made.

An experiment was made along the Atlantic coast this week by the navy department by spraying oil over the waters to prevent fog in the vicinity of ships. The report is that the oil had no noticeable effect upon the fog.

In order that the national administration be free from obligations to corporations or interests it has been thought wise to allow no large contributions to the campaign funds, but allow all citizens an opportunity to contribute toward the necessary funds for campaign purposes and every citizen should consider it a privilege to be desired and should respond promptly.

The death of Judge Williams, a member of the Texas railroad commission, at his home in Austin last Sunday created a vacancy in the commission and Governor Ferguson appointed Chas. Huddleston, who has been manager of the state railroad, to be commissioner to fill the unexpired term. Mr. Huddleston was division superintendent on the M. K. & T. railroad at Smithville some years ago.

The longing for finery in which to make displays has been the ruin of countless men and women. It is the example set by the affluent that puts it in the heart of those of moderate means to crave and its attendant joys and pleasures. Even in the matter of dress, many mothers take delight in flaunting in the face of the less fortunate, extravagant wearing apparel as adornment to their daughters, knowing full well that envy, hate and jealousy will be fruit of such indulgences. It would be a splendid idea indeed, in order to guard against such tendencies, for a dress uniform to be adopted for use in all public schools to the end that class and social distinctions be eliminated and children taught the truth that the "rank is but the guinea stamp; a man's a man for a' that."—Denison Herald.

If the credit system were set aside and every man paid as he goes, conditions would change appreciably at once and grow better at no distant day, observes the Greenville Banner. One of the banes of the present is the credit system. It hampers progress all along the line. Men who pay, pay in some degree the bill for the fellow who does not pay. A cash system would, it is true, cause some trouble for a time. Many who have gone on credit all the time would find it more difficult to rake up enough money required but eventually this class would be in better financial condition. Only the fellow who never pays would get it squarely in the neck where the man who formerly trusted him got it. Statistics show that of those who buy on a credit forty per cent never are able, or never do, pay in full, and seven per cent never pay. This would be wiped out and new conditions would soon prevail. To go on a cash basis it would be necessary to wipe out many old accounts, but this is what is eventually done any way. To wipe them all out at one time, would merely be a quick method of getting rid of a bad and unprofitable system.—Austin Statesman.

NEIGHBORING NEWS

Items of Interest Culled From Local Papers of Towns Mentioned.

LOMETA

Gov. Bryant has purchased the property of Dr. J. B. Townsen.

Miss Bertha Archer, of Goldthwaite was here the first of the week the guest of the Misses Townsen.

Barney Kirby has a residence under course of construction in the Kirby addition.

Bud Medders died at the home of his father who lives on W. T. Moores place near Bend last Monday afternoon at three o'clock and was buried in the Bend cemetery Tuesday afternoon. The deceased was about 21 years of age at the time of his death, and was looked upon by those who knew him as being a young man of many worthy qualities. His death resulted from an attack of typhoid fever.

The Lometa business men met in the rear of the First National Bank last Friday afternoon and organized the Lometa Engineers Men's Club. The meeting was called to order by J. M. Wilhite, who briefly stated the object of the organization. After various suggestions by those present, the following officers were elected: W. H. Walton, President; J. M. Wilhite, Vice President; F. W. Dent, Secretary and Treasurer.—Reporter.

SAN SABA.

E. C. Simmons and Clarence Gosh, proprietors of the Simmons Drug Store, showed their faith in growing San Saba last week by purchasing the McAtee building on the west side of the square. Mr. McAtee sold on account of moving to California.

Raymond Estep has accepted the agency in this county for the Burgess Automobile wheel, which is being talked of so widely. Mr. Burgess, of Temple, spent a few days here last week and placed the agency. He is confident that in the course of time they will replace the pneumatic tire, owing to the demand for a more serviceable wheel.

Sunday, September twenty-fourth, Miss Armour Crawford celebrated her seventeenth birthday by inviting a number of friends to her home for a twelve o'clock dinner. The festive board presented a scene of loveliness with its attractive decorations and appetizing delicacies. In the afternoon an auto party was formed and the guests enjoyed a trip thru the San Saba valley. Among the guests were Mr. and Mrs. Joe Taff, Miss Minnie, and sons Henry and Jack, and Claude Smith and sister, Miss Carrie, of Goldthwaite.—Star.

LAMPASAS

The business men and citizens of Lampasas have subscribed to a fund to employ Mat Smith to act as night watchman for a year, beginning October first.

A revival is now in progress at the Central Christian church. Rev. R. D. Shultz, an evangelist residing at McKinney, Texas, is doing the preaching.

H. R. Smart of the Izora section lost his barn by fire a few nights ago. The total loss was \$750 or more and insurance was carried in the sum of \$500. A corn sheller, 150 bushels of seed oats, two tons of cotton seed and a lot of feed and other things of value were burned.

Harry Clark was in town Saturday for the first time to stay any length of time since he was so badly hurt in April. He went to Marlin for a short stay for the benefit of his health and passed through here going and coming. The accident that befell Mr. Clark happened in a peculiar way. He had climbed a tree and was doing some repair work on a telephone line when he fell and striking an ax that had been left with the edge up, he received a serious injury in the hip bone. As a result, his right leg is completely paralyzed and he will never be able to walk on it again.

During the thunder storm Sunday night lightning struck the barn of Mrs. T. O. Harrell, 13 miles north of town on the Hamilton road. The building and its contents were completely destroyed. The loss included a hack, two wagons, several sets of harness, three binders and a number of other things in the way of implements and some corn and oats belonging to Mrs. Harrell; also 250 bushels of oats belonging to E. H. Donnell and a thresher belonging to Mrs. Harrell's son, B. O. Harrell,

There was insurance on the threshing machine in the sum of \$500. Mrs. Harrell also had some insurance on the barn, but we have been unable to learn how much. The total value of the property destroyed would amount to \$2500 or more.—Blade.

HAMILTON

J. W. Harris and daughters, Messes Leslie and May Ella, arrived in Hamilton last Sunday for a visit with his mother, Mrs. N. E. Harris and her daughter, Miss Emma Harris.

While working with her poultry at her home in the Lanham community, Mrs. Baxter Morgan was bitten by a rattlesnake Wednesday morning. A physician was summoned from Jonesboro and it was thought that she could survive the injury, although according to latest reports she was very ill.

After a short illness of about one week's duration, Floyd Drake, 27 years of age, died of typhoid fever at his home in the Cow House community at 7 o'clock Wednesday morning, September 27, 1916. Funeral services were held at the Blue Ridge tabernacle at 5 o'clock in the afternoon of the same day, Rev. Alanzo Monk, Jr., conducting the religious ceremonies.

On account of the serious illness of Capt. J. T. Lawrence of Jonesboro, his sons and daughters, Jim Lawrence, Mrs. W. L. Spencer and Miss Evelyn Lawrence were summoned from Cross Plains, reaching home last Friday. In the party was the charming young fiance of Jim Lawrence, Miss Link Henderson, also of Cross Plains. At the home of the groom's parents on Sunday, September 24, Mr. Lawrence and Miss Henderson were united in the holy bonds of wedlock, Rev. Hood of Jonesboro reading the marriage rites.—Record.

MARKETS WELL

The renewed trade buying last week and already the merchants are enjoying the beginning of a heavy fall trade. Brackets the renewal to four figures—averaging the high prices for cereals, cotton quotations and high prices for everything in the way of necessities of life are higher, with the exception of coal and perishable goods on account of the threatened strike and will more than likely recover.

Even with the high prices, buying is liberal by reason of the labor of the country being so well employed. The purchasing power from that source was never greater. An air of prosperity marks every laboring community. In Texas this is particularly so at the present.

While the cotton crop is light, taking the country as a whole, Texas is faring well. On the last ginners' report of 832,000 bales ginned, it was shown that over 500,000 of this was from Texas. The price is exceptionally high and is making Texas prosperous. Added to this is its large crops of other farm products and the excellent condition of its range and live-stock.

Better business than was ever before known is promised for Texas this fall and winter.—Austin American.

A LIVING WORTH MAKING

Our neighbors know us. We may not be pleased always with what our neighbors say about us or how they describe our dealings with others, yet the fact remains that our neighbors know more about us than we realize.

In addition to making a living on the farm we should strive to make a life. We should do the things that help make the community, leave an influence that is elevating among young people, and thus develop into ripe, old age refined and benevolent citizens.

Not all of our energies should be taken in making a living. Some of the thought ordinarily given to less important things should be given to making a life.

Let the making of a life be paramount among young people. If this is done there will always be a living commensurate with the life—a living that typifies and exalts the life that is worth living.

This kind of character will be worth more than the wealth that could be accumulated and the end of such a life will be the beginning. Such a living makes life brighter and better. Such a living is worth making.—Farm and Ranch

YOUNG PEOPLE AT WORK

The social and industrial ideals of the neighborhood have much to do with the interest the young people take in the rural community. If the ideals are low, the industrial standards easily met and neighborhood progress at a slow rate, young people need not be expected to be enthusiastic and zealous for the community. They will rather be inclined to become discouraged and to seek new fields of labor for their talents.

While people are young and full of ambition they like contest and conquest. They are usually anxious for a chance to lead in some kind of progressive undertaking. They want a part in good road movements; they may be enlisted in a campaign for better rural schools; most of them will take part in social center meetings—debates, literary society, reading circles, etc.

The community that does not have work for young people will not interest them. Where the young people are not at work for the neighborhood there is likely to be an absence of work for it.

"Work for the young people and young people at work" would be a good motto for the neighborhood. They should be induced to take an active part in everything that builds up the community and makes it a better place to live. And generally they will be glad to do this.—Farm and Ranch.

Statement of the Ownership, Management, etc., required by the act of congress of August 24, 1912, of the Goldthwaite Eagle, published weekly at Goldthwaite, Texas, for Oct. 1, 1916:

State of Texas—County of Mills:

Before me, a notary public in and for the state and county aforesaid, personally appeared R. M. Thompson, who, having been duly sworn according to law, deposes and says that he is the editor, publisher, business manager and owner of the Goldthwaite Eagle and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and Regulations.

1. That the name and address of the publisher, editor, managing editor and business manager is: R. M. Thompson, Goldthwaite, Texas.

2. That the owner is R. M. Thompson, Goldthwaite, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

4. That the two paragraphs next above, giving the names of the owners, stockholders and security holders if any, contain not only the list of stockholders and security holders, as they appear upon the books of the company, but also in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation the name of the person or corporation for whom such trustee is acting is given; also that the two said paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

(Signed) R. M. THOMPSON.
Sworn to and subscribed before me this 29th day of September, 1916.

WHEN FALL PLANTING IS ADVISABLE

Indiscriminate and general advice to break land in the fall is bad, because fall plowing, while it may be a good thing in the right place, may be a very bad thing under certain conditions. We must not forget, too, that where a choice must be made between fall plowing and cover crops, the wise farmer will usually choose the latter.

Generally, level or nearly level lands, not subject to washing and on which there is a great deal of vegetable matters may be safely plowed in the fall. Of course, if this breaking can be done early enough to admit of the planting of a cover crop of clover, vetch, rye or oats, so much the better.

On our rolling lands that are likely to wash, we doubt the advisability of fall plowing under any circumstances unless followed by a winter cover crop. The trouble here is that by the time our summer-growing crops are off the land and it is broken, it is usually too late to put in a cover crop. Where this is the case, we would much prefer to plant clover, rye or oats between the cotton or corn rows, merely scratching the seed in, instead of attempting to fall-break.

As a means of preventing insect injury fall plowing is certainly helpful, and it may also have value in making stiff, tight lands more easily tillable; but on the rolling lands, let's never forget that on lands broken and left bare all winter the losses from washing will probably far outweigh any benefits obtained—Progressive Farmer.

TIMELY WARNING

Observe Fire Prevention Day, Oct. 9, 1916

It is a day set apart by our President and Governors of each state in the Union. Why not let them know that Goldthwaite is on the map.

What is more important than to save our homes and their contents from fire? How can we observe that day?

First, we can clean up our homes of all rubbish, papers and all inflammables that have gathered around and under our homes, place guards around the house to keep out papers and such dry materials that would be easily ignited. Most or at least 75 to 80 per cent of our fires are caused by carelessness. There are many fire prevention suggestions if we will only prepare our minds in such a way as to adopt them. Get in the habit and be careful. Here are some of the preventions:

Have tin boxes for your matches and do not allow children to handle them.

Let's train ourselves not to go into closets or dark rooms and strike matches where rubbish is stored away. Always have your walls well protected from the stoves where they are near the walls.

We should have a place out of our homes to place our gasoline and kerosene cans.

Never clean or permit others to clean cloths or use volatile oils around open flames.

A good thing is to have a fire extinguisher around the house and have each one of the family understand handling it.

Have flues examined carefully before putting up stoves or heaters.

Have your house carefully wired by an expert electrician and see that all wires are properly insulated, passing through metal fittings and wires do not sag or cross each other. Let's use October 9th in cleaning up. It might help in a sanitary way and take that day in planning how to protect our home and our neighbors home from fire. Let special care be taken in the business district. Have a clean town and get our insurance rate reduced. How about it. J. C. STREET.

AN EXODUS OF BLACKS

The Age is a negro publication of New York. Its editor predicts the exodus of one million negroes from the south. Commerce and Finance of New York points out that the South is being drawn on heavily to fill the labor shortage in the North. Two years without immigration and the same two years with quite an exodus from labor banks to serve in the trenches in Europe have had their effect, especially when the nation now knows an industrial activity greater than ever before. Big employers have made offers to Southern negroes that have inflamed the minds of the blacks. The Pennsylvania railroad has taken 4000 darkies 3000 being brought North in one train of six sections. The munition plants, the tobacco farms of New England, and various other lines have attracted many. Agents have been going through the country engaging negro laborers.

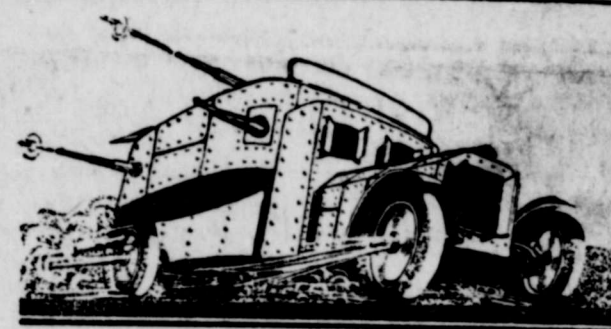

Richard Spillane, a New York journalist, rang the bell when he said no one can know the South who has not lived there. Mr. Spillane is northern born, but lived in the south many years. He never knew of race trouble in his section of the South, and his verdict is that the blacks were better treated and had more opportunity than in the North. He truthfully says that negro labor is not undesirable in the South but the negro criminal is and so is the white criminal, for that matter. He contends that it is as unfair to judge the South by lynchings as it is to judge the north by gunmen, and he warns the politicians and writers of the North there is no profit in the promotion of sectionalism and ancient prejudices.—Fort Worth Record.

Statement of the Ownership, Management, etc., required by the act of congress of August 24, 1912, of the Goldthwaite Eagle, published weekly at Goldthwaite, Texas, for Oct. 1, 1916:

State of Texas—County of Mills:

Before me, a notary public in and for the state and county aforesaid, personally appeared R. M. Thompson, who, having been duly sworn according to law, deposes and says that he is the editor, publisher, business manager and owner of the Goldthwaite Eagle and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and Regulations.

1. That the name and address of the publisher, editor, managing editor and business manager is: R. M. Thompson, Goldthwaite, Texas.

2. That the owner is R. M. Thompson, Goldthwaite, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

4. That the two paragraphs next above, giving the names of the owners, stockholders and security holders if any, contain not only the list of stockholders and security holders, as they appear upon the books of the company, but also in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation the name of the person or corporation for whom such trustee is acting is given; also that the two said paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

(Signed) R. M. THOMPSON,
Sworn to and subscribed before me this 29th day of September, 1916.

Notary Public, Mills County, Texas.
My commission expires June 1, 1917.

WHEN FALL PLANTING IS ADVISABLE

Indiscriminate and general advice to break land in the fall is bad, because fall plowing, while it may be a good thing in the right place, may be a very bad thing under certain conditions. We must not forget, too, that where a choice must be made between fall plowing and cover crops, the wise farmer will usually choose the latter.

Generally, level or nearly level lands, not subject to washing and on which there is a great deal of vegetable matters may be safely plowed in the fall. Of course, if this breaking can be done early enough to admit of the planting of a cover crop of clover, vetch, rye or oats, so much the better.

On our rolling lands that are likely to wash, we doubt the advisability of fall plowing under any circumstances unless followed by a winter cover crop. The trouble here is that by the time our summer-growing crops are off the land and it is broken, it is usually too late to put in a cover crop. Where this is the case, we would much prefer to plant clover, rye or oats between the cotton or corn rows, merely scratching the seed in, instead of attempting to fall-break.

As a means of preventing insect injury fall plowing is certainly helpful, and it may also have value in making stiff, tight lands more easily tillable; but on the rolling lands, let's never forget that on lands broken and left bare all winter the losses from washing will probably far outweigh any benefits obtained—Progressive Farmer.

TIMELY WARNING

Observe Fire Prevention Day, Oct. 9, 1916

It is a day set apart by our President and Governors of each state in the Union. Why not let them know that Goldthwaite is on the map.

What is more important than to save our homes and their contents from fire? How can we observe that day?

First, we can clean up our homes of all rubbish, papers and all inflammables that have gathered around and under our homes, place guards around the house to keep out papers and such dry materials that would be easily ignited. Most or at least 75 to 80 per cent of our fires are caused by carelessness. There are many fire prevention suggestions if we will only prepare our minds in such a way as to adopt them. Get in the habit and be careful. Here are some of the preventions:

Have tin boxes for your matches and do not allow children to handle them.

Let's train ourselves not to go into closets or dark rooms and strike matches where rubbish is stored away. Always have your walls well protected from the stoves where they are near the walls.

We should have a place out of our homes to place our gasoline and kerosene cans.

Never clean or permit others to clean cloths or use volatile oils around open flames.

A good thing is to have a fire extinguisher around the house and have each one of the family understand handling it.

Have flues examined carefully before putting up stoves or heaters.

Have your house carefully wired by an expert electrician and see that all wires are properly insulated, passing through metal fittings and wires do not sag or cross each other. Let's use October 9th in cleaning up. It might help in a sanitary way and take that day in planning how to protect our home and our neighbors home from fire. Let special care be taken in the business district. Have a clean town and get our insurance rate reduced. How about it. J. C. STREET.

AN EXODUS OF BLACKS

The Age is a negro publication of New York. Its editor predicts the exodus of one million negroes from the south. Commerce and Finance of New York points out that the South is being drawn on heavily to fill the labor shortage in the North. CIVIC LEAGUE NOTES

The Civic League met Monday afternoon with almost the entire membership present. There was much enthusiasm and the future cleanliness of our city was the main topic. The citizenship has indeed rallied to the call for a cleaner and more healthful place to live. But to keep a home and surroundings clean, comfortable and safe requires great and continuous care. This can only be done by staying with it. It means industry, intelligence and devotion. It means self respect and pride. It means even more than these. It means care and love for others. People devoted wholly to themselves, to their own appetites and pleasures, are not apt to be very good housekeepers and do not have any time to devote to their back yards, lots, or alleys. Every citizen who cares should be led to look after his or her premises. Fall is here. It's time to clean up. Let's burn the falling leaves and get everything in a sanitary condition for the winter. The second week of November has been designated as clean up week. Please don't forget the date. Have your trash piled conveniently and the city wagons will haul for you at that time. At the end of this campaign the following prizes will be awarded:

District No. 1. Best kept premises—One dozen 2-year old roses by Goldthwaite National Bank

District No. 2—Best kept premises, two large arborvitae by Mr. Jake Saylor

District No. 3—Best kept premises, brass swinging porch basket by L. E. Miller & Son.

District No. 4—Best kept premises, porch swing, material donated by Barnes & McCullough, to be made by Bro. Gay.

District No. 5—Best kept premises, a year's subscription to Ladies Home Journal by Mayor W. H. Trent

District No. 6—Best kept premises, something by Bodkin, Hurdle & Co.

For the best kept premises of the six winners, L. E. Miller & Son have offered a cut glass fern dish.

Chrysanthemum season will soon be here. Don't forget Clements' Drug Store has offered 50c book of ornik tickets for the prettiest display in each district.

The state pure food inspector has been here helping formulate rules by which they can grade the stores in the "sanitary grocery store contest" for which is offered a silver loving cup by Civic League.

The committee on this work will have a report in the near future.

PUBLICITY COMMITTEE

The plan outlined for raising a million dollar endowment and home fund in five years for superannuated Methodist preachers and their families was discussed and approved at a mass meeting in Dallas of several hundred Methodist preachers and laymen of Texas. Although the campaign for the fund will be directed by a general commission representing the entire state, the administration and distribution of the money raised will be left to each conference. Each conference will spend the fund raised in its own boundaries. The total amount to be called for in each conference will equal the assessed salaries of the presiding elders and preachers for one year in that conference.

PROSPERITY AT HAND

The great mercantile boom which has been sweeping over this country for the past two years is about to strike the South.

Indeed it has already struck.

The growing deposits in our banks, the high prices which farmers are getting, the eagerness of buyers, the ease with which it is possible to market products, all point to the beginning of a great era of prosperity.

In Houston rents, values, real estate activity and the general expansion of business are very pronounced.

We may rationally look forward to very successful times, to a great amount of building, to plenty of work to increased profits and to a substantial growth of the city.

We may rationally extend ourselves a little and be less conservative in the matter of new undertakings than we have been compelled to be during the past three years.—Houston Chronicle.

Officers for the ensuing year were elected as follows: Mrs. M. E. Ebers, president; Mrs. J. H. Rudolph, vice president; Mrs. D. Albert Tarr, secretary-treasurer; Mrs. Owen Yarborough, reporter.

Several new and interesting plans for this year came up in the club for discussion which will be settled finally at the next meeting.

During the course of the afternoon the hostess served delicious hot chocolate with sandwiches and waters.

Each member present having agreed that the afternoon had been a very pleasant one, the club disbanded to meet again on the third Tuesday in this month (Oct.) at 7:30 p. m. with Mrs. J. A. Gillespie

When a killing occurs in Canada, which is an extremely rare occurrence, the Sheriff begins getting ready for a hanging. That's all there is to it. The Canadians love money

LET YOUR AUTO-GRAPHIC KODAK TELL THE STORY CLEMENTS SELLS THEM

OUR NAVY

U. S. N. Training Sta, San Francisco, Cal., Oct. 1, 1916.

Editor Eagle:

I will attempt to answer a few of the many questions that I am asked every day, almost, by friends from home.

The first is nearly always, "Why did you enlist in the navy?" The main reason I enlisted is because the work is pleasant, and the opportunity to travel had a strong appeal for me. I enlisted in the Yeoman branch. This is merely clerical work. I will be sent to the Yeoman school here. It takes about eight months of work to complete the course and upon completion and examination the student is "rated." There are four different ratings in the Yeoman branch; viz. Chief, first class, second class and third class. Chief gets \$66; first class, \$44; second class, \$39; and third class \$33 per month and all living expenses. The pay compares favorably with the outside when you consider that all your living expenses are paid. \$60 worth of clothes is given you upon enlisting. Hospital fees are nothing. You get your money just the same, even though you are in the hospital. Two boys, myself and a pal, over worked ourselves climbing around over the rocks and cliffs at Golden Gate and had to go to the hospital. Pay day arrived and, to our delighted surprise, the money was brought around and given to us while we were in bed. Pay day comes twice each month, fifth and the twentieth are our pay days.

Drilling is the order of the day for the seamen branch. The band plays stirring marches for the boys and drilling is made easy. The boys sing and march and all seem to enjoy it splendidly. But let a bunch get together and you will hear all kinds of talking about what fine job they left at home and how easy things were for them. For the boy that wishes to get paid for learning a trade under expert teachers, the navy offers exceptional opportunities. I am studying stenography. I draw a regular salary and go to school, get my pay whether I am able to work or not, can't lose my job by the whims of some petty boss, have plenty of good wholesome food to eat, and get my schooling by men who know their business.

There is some form of entertainment every night of the week. Monday night, movies; Tuesday, movies; Wednesday evening, dancing, music, base ball, big parade, various other sports; Wednesday night, social night, indoor sports, music reading, etc.; Thursday night, movie; Friday night, amateur night vaudeville, music, etc.; Saturday, home letter night, all hands write home, music, various sports. Sunday morning usual church services, everybody has to go to church unless by special permission of the company commandeer or doctor.

Here is an outline of what we have to eat: Monday: Breakfast—baked corn beef hash, cataup, baking powder biscuits, coffee. Dinner—vegetable soup, boiled beef, browned potatoes, spinach, watermelons, coffee. Supper—beef stew, cold slaw, peach turnovers, tea. Tuesday: Breakfast—Fried beef liver, gravy, layonnaise potatoes, fresh fruit, apple pie, coffee. Dinner—Pot roast beef, browned gravy, mashed potatoes, fresh vegetable salad, apple pie, coffee. Supper—Chop suey, boiled rice, Lima beans, rolls, tea. I will not give more than this on account of taking up too much space. Wednesday and Sunday are the days we get the most to eat. We have ice cream on Sunday for dinner. Next Sunday, Oct. 7, we will have chicken fricassee, green peas, mashed potatoes, ice cream and cake, coffee, for dinner. This list is taken from the menu for the coming week.

Some of the points of interest on the island are: The radio station, where we are able to talk to Bremen, Germany; the fire patrol, where we can go around the island and view San Francisco, the old military prison of Al Catraz island, Berkeley, Oakland and Alameda, on the east side of the bay. You can see the University of California in Berkeley from the island. You can look out through the famous Golden Gate from the Radio Station on the

Sheriff Miller returned Tuesday from Austin, where he had been on official business. He reports that the murder case against Herbert Dodd has been set for Monday, Oct. 23. Lewis Dodd was tried last spring and given 99 years. They are both further charged with the robbery of the Marble Falls bank. The murder charges grew out of the bank robbery.—San Saba News.

DID IT EVER OCCUR TO YOU

Did it ever occur to you that the money you pay out by way of taxes buys you more than all the rest of the money you make?

Last year, when you paid your taxes, with it you practically bought you a president and his cabinet, a congress, a governor and his cabinet, a legislature, a county judge and four county commissioners.

Did it occur to you when you paid your taxes last year that you paid for you a fleet of the best warships on the globe with men to man them, to protect you from foreign enemies? Did it occur to you that a great army equipped with guns to protect you were paid for out of money you "kicked in."

Did you think of the sheriff and all that force of men to keep the peace and enforce your rights as you handed over your little mite to the tax collector?

Did you think of your great state capitol, asylums, sanitariums, schools, roads, bridges, and the thousand other things, which your tax money buys? These are all yours, mine and everybody's.

If you did not have all these things which your tax money buys, you would not amount to any more than a jackrabbit with his north hind leg broken in a rabbit-proof field with a dozen coyote wolves after him.

Pay your taxes and look pleasant.—Sterling News Record.

CONVINCING TESTIMONY

Given By Many Goldthwaite People. Experiences told by Goldthwaite people.

Those who have had weak kidneys—Who used Doan's Kidney Pills—Who found the remedy effective—Such statements prove merit. You might doubt an utter stranger. You must believe Goldthwaite people.

Here's Goldthwaite proof. Verify it.

Read. Investigate. Be convinced. You'll find why Goldthwaite folks believe in Doan's.

D. Y. Fox, deputy city marshal, Goldthwaite, says: "My back caused me much suffering and I had rheumatic pains in my legs and arms. My kidneys often acted irregularly. I have used Doan's Kidney Pills, procured from Clements' Drug Store, for these ailments and they have always relieved the rheumatic pains and backache and have regulated the action of my kidneys. As a rule, I have Doan's Kidney Pills in my house as I know I can depend on them."

Price 50c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Fox uses. Foster McElbarran Co., Props., Buffalo, N. Y. (Advertisement)

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. (adv)

LIGHTNING DESTROYS BARN

The barn and contents on the place of Mrs. T. O. Harrell, 13 miles north of Lampasas, were destroyed by fire Sunday night during the rain and lightning display. No report of the loss has been obtained, but it is stated that a threshing machine and a large quantity of feed stuff was burned. The lightning struck the barn and fences around it and everything was burned in about thirty minutes.—Lampasas Leader.

WHEN YOU TAKE COLD

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere. (adv)
