J. W. Hasty and family left this week for Oklahoma, where they expect to make their home for a year and perhaps longer, altho they will still call Mills county home. Mr. Hasty owns a good farm in the Rock Springs community and has leased it out for next year. The family will have the best wishes of many friends.

Rev. I. T. Morris, the new pastor of the Methodist church, accompanied by his wife and son and daughter arrived from Brady Monday night. They were met at the station by a number of the members of the Methodist church and escorted to the parsonage, where members of the League had supper ready for them. The Home Mission ladies had already put the house in order in preparation for the pastor and family. A number of the members called at the parsonage during the evening and the family was made to feel at home. The Home Mission society had also arranged a pound, for the occasion and the family's larder was well provided with necessities and delicacies.

### A PLEASANT AFTERNOON

The Ladies Aid Society of the Baptist church was entertained by Circle No. four Monday afternoon, at the hospitable home of Mrs. W. B. Jackson. The guests on entering were served with delicious iced punch. After quite a large crowd had assembled a lively contest was entered into in which the guests were given an opportunity to display their artistic talents by drawing pictures to represent the titles of hymns and other songs. After the drawings were all finished each picture was pinned to the back of the one who drew it and all were required to name the songs by looking at the pictures. Much merriment was made over the quaint drawings while the difficult guessing proceeded.

A very interesting program was rendered after which refreshments of cream and cake were served. X

Every citizen should go to the polls and vote next Tuesday. It is important that the county have the credit for its full voting strength and there are other reasons for a full vote being desirable.

L. A. Armstrong, manager and principal owner of the Southern hotel in Brownwood, died of heart trouble while seated at the dining table in the hotel Monday. He had been a prominent and leading citizen of Brownwood for a long time and his death was universally regretted.

The school board has decided to add another teacher to the primary department of the school as soon as the necessary equipment can be procured and the furniture installed. ### SUFFERER FROM INDIGESTION RELIEVED

Cotton growers of the South are losing one hundred million dollars annually by the depredations of the boll weevil. The planters claim that this loss is due to the fact that quail, prairie chickens, meadow larks and other birds which feed largely upon insects, have been killed in such great numbers.—Ex.

A news report tells of many attempts being made to defraud farmers in organizing rural credit associations and loan societies. The report says: "Clear across the continent, in a strip of states from Virginia to California, the Federal Farm Loan Board reported organizations either deliberately, fraudulently or at best illegal, have sprung up for the purpose of defrauding farmers through the latter's ignorance of the new rural credits act. In one single instance, it is said, the farmers have been victimized to an aggregate of \$350,000." The Federal Farm Loan Board has issued a warning to the unsuspecting. Since the twelve Federal Farm Loan Banks have not yet been established banks will be located and farm loan associations will be required to secure loans. No one should be deceived as to these promoters. Much remains to be done before this system is ready for business, yet it is expected that by January or February of next year the system will be in operation.—Ex.

**SCHOOL NOTES**

On last Tuesday night the patrons of the Goldthwaite schools were highly entertained by the high school pupils at the High school building. The pupils were dressed as ghosts, hobgoblins, fairies, witches and clowns. These costumes together with the decorations of the entire building, served to give the affair a real, wierd Hallowe'en aspect. On every floor one was continually met by pupils asking patronage for their refreshment booths and side shows.

On the first floor the Seniors were busy with hot chocolate, ice cream, candy, apples and peanuts and entertaining with side shows.

On the second floor competition was strong between the Sophomores and Juniors. They catered to all appetites with soda water, orange-ade sandwiches, candy, stuffed apples, cakes, pies, chewing gum and candy.

On the third floor the visitors' footsteps were directed to the "Dancing Dwarfs." These were miniature Senior girls, only three feet high, dancing to Victrola music.

Later in the evening the elder folks assembled in the auditorium and were addressed by Prof. Gay and Judge E. B. Anderson.

The proceeds of the various class attractions, incompletely reported as yet, were as follows:  
Seniors total, \$9.97; average .997  
Juniors total \$16.25; average .956  
Sophomores total, \$7.45; average .272  
Freshmen total, \$7.00; average .116

This money will be used in purchasing electric gongs, library supplies or other equipment needed by the school.

The teachers and pupils wish to express their appreciation for the presence and patronage of the citizens and extend an invitation to them to visit the school at any time.

This week marks the close of the second month of school work. The school board, at their regular meeting last Tuesday, decided to supply another teacher in order to relieve the overcrowded condition of the schools.

**INTERSCHOLASTIC LEAGUE**

The executive committee of the Interscholastic League of Mills county met last Saturday to formulate preliminary plans for carrying out the work of the league this school year. It was decided by the directors present that the work of each department would be carried on somewhat independently, that is, each director should inform the teachers of the county concerning his department and arrange with them for local contests, contests between different schools, etc.

It is expected that most of the schools of the county will join the league. They should join as soon as possible, in order that literature for the various contests and other necessary information can be sent to the teachers enabling him to start training his students for the various activities of the league.

We are facing an industrial condition never before known in Texas. The flood of money which has previously submerged the eastern part of the country is finding its way over the broad prairies of Texas, where the automobile is waiting to use it. The result must be beneficial in those communities that rise to the occasion and adopt measures of life conforming with the new conditions. **SHALL WE MEET AGAIN**

George D. Prentiss, the poet-editor of the Louisville Journal, wrote many pretty things, but nothing finer than the prose-poem reprinted below in response to the question, "Shall we meet again?"

"The fiat of death is inexorable. There is no appeal for relief from the great law which dooms us to dust. We flourish and fade as the leaves of the forest and the flowers that bloom, wither and fade in a day have no firmer hold upon life than the mightiest monarch that ever shook the earth with his footsteps. Generations of men will appear and the multitude that throng this world today will disappear as footsteps on the shore. Men seldom think of the great event of death until the shadow falls across their pathway, hiding from their eyes the faces of loved ones whose living smile was the sunlight of their existence. Death is the antagonist of life, and the thought of the tomb is the skeleton of all feasts. We do not want to go through the dark valley, although the dark passages may lead to Paradise; we do not want to go down into damp graves, even with princes for bed fellows. In the beautiful drama of "Ione" the hope of immortality, so frequently uttered by the death-devoted Greek, finds deep response in every thoughtful soul. When about to yield his life a sacrifice to fate, his Clemanthe asks if they should meet again, to which he responds: "I have asked that dreadful question of the hills that look eternal—of the clear streams that flow forever—of stars among whose fields of azure my raised spirits have walked in glory. All are dumb. But as I gaze upon thy living face, I feel that there is something in love that mantles through its beauty that cannot wholly perish. We shall meet again, Clemanthe."

The farmers especially of this section, have no complaint to offer against this fall's crop weather, for if an opportunity to do well while the sun shone it was given them this year. R. M. THOMPSON, Editor

Flour reached the highest price ever recorded in this state this week and it is likely there is yet another advance to come.

It is the opinion of Hon. John M. Parker of Louisiana, who was nominated for vice president on the Progressive ticket, that President Wilson will be elected by a landslide.

Announcement was made Tuesday of the death of Taze Russell, the self-styled Pastor Russell. He died on board a train en route from Los Angeles to Kansas City Tuesday afternoon.

Banks all over the country are making reports of the immense deposits on their keeping. It is doubtful if there was ever so much money in banks in the South subject to check as there is at this time.

There will be an "old boss" sale of unclaimed parcel post packages at Fort Worth next week. These packages have accumulated all over the district during the year and will be sold to the highest bidders by the postal department.

The coinage of the new dime, which was commenced this week under direction of the treasury department, has been suspended because it was discovered the artist who made the drawing for the coin placed his fingerprint upon it.

A child was burned to death at Hatchel, Runnels county, a few days ago. The family lived upstairs in the store at that place and the building caught fire from a lamp in the living apartments and it was impossible to reach the child who had been left asleep in the room, before it was cremated.

Effective Tuesday midnight, all railroads substituted the space system for the weight system in the handling of the United States mail. Only a few small lines are exempt from this rule. According to superintendent of mail service in this division, it is not yet known whether the new plan will be a saving to the government or to the railroads. Heretofore, the mails on each road have been weighed once every four years and the railroads paid for that period on the weight basis.

The German freight carrying submarine Deutschland has completed its third trip across the Atlantic, having arrived safely in the New London, Conn., harbor Tuesday morning. The vessel recently made a trip to this country bringing dyestuffs and chemicals and it is said the cargo of the second voyage was the same character. The submarine Bremen, which was a twin ship to the Deutschland, was lost while making the trip some weeks ago. Coincident with the arrival of the Deutschland came the announcement that the submarine which recently visited this side of the Atlantic and punctured several European vessels had made a safe return to a German port.

In writing on the cotton question, one authority says: "Fifteen and twenty cent cotton have come neither as a result of the war nor prospect of peace, but because the world needs it and the owners are not compelled, through a one crop system, to accept the first offer made. There is grave danger, however, in our present position, for thousands of farmers and business men too, are saying over and over again, 'the good old times have returned, and cotton is again king.' No one will dispute the rightful possession of the throne by King Cotton, but even kings must be fed and cotton, as a steady diet, furnishes the grower a poor living. If the farmers forget the lessons of the past few years or should fail to produce food and feed crops for the future, we will have starvation with cotton instead of cotton and plenty."

### LAMPASAS

Henry Avery of San Saba is a guest in the home of Mr. and Mrs. S. C. Littlepage, just south of town.

Miss Florrie Gless of Goldthwaite spent Sunday here the guest of Mr. and Mrs. Jack Townsen.

Postmaster Geo. D. Zivley has been presented with a fine bird dog of which he is very proud, the dog being presented to him by Judge F. M. Spann and A. L. Curtis of Belton.

Sid Casey has been appointed as mail carrier for the city delivery of mail which begins Nov. 1. Mr. Casey is now in the local postoffice getting acquainted with the duties which he will have to perform. Lampasas is allowed one carrier and a substitute, but as yet no substitute has been selected.

October 19th, at 8:30 p. m. o'clock at "Sunnybrea," the home of Mr. and Mrs. G. W. Clements, was solemnized one of the prettiest and most impressive home weddings to take place in Lampasas for a long time, when Rev. T. G. Alfred pronounced the words that linked in marriage Daniel McKenzie, a popular young business man of Temple, and Miss Jimmie Brown, one of Lampasas' sweetest and most loved girls.—Leader.

### MERRELL CREEK

Editor Eagle: As it has been some time since I have seen any reports from this part, thought I would drop the Old Bird a few crumbs.

Health is very good in this part of the county and everybody, or most everybody is done gathering their crops and the children are all getting ready to go to school. Our school begins next Monday, Nov. 7, with Mr. Davis Huckabee teacher, and we are all sure that he will teach us another good school. We have all had a good time this summer and fall and are ready to go to work again.

Mr. P. B. Cox has moved out west they say and Mr. Tom Green has moved out west also. Say, Tom, we will look for you back the first big storms that come.

Mr. J. H. Roberts and family visited Mr. J. J. Roberts last Sunday and Mr. Mason and wife also made a short call Sunday evening before going to Sunday school at Merrell Creek.

Grandpa Robert's visited at A. Harris' and J. J. Roberts Saturday night and Sunday.

Mr. A. Harris' went over to Hamilton county visiting, last Sunday.

Mr. Neal Jones visited Mr. T. A. Yeager last Sunday.

Oh, my, I think everybody went visiting except me and then went to the Socialist speaking Sunday night at Lookout and reported a large crowd and a good speaker. So good night. The same RED WING.

### WHY PRICES ARE HIGH

While the farmers of the Southwest are getting excellent prices for their cotton let us not forget that other crops, such as wheat, oats, corn, hay, peanuts, fruits, vegetables, etc., are also bringing good prices. The South has made a short crop of cotton and the demand for it is great, consequently it is bringing high price.

But while this is true there is apparently a shortage of food crops, which also makes strong demand and good prices. All kinds of livestock are selling well and the demand is also strong for them. Poultry, eggs, butter, milk and other food products raised on the farm are bringing fancy prices and likely to bring even higher prices. In fact, all kinds of farm products and livestock have never been easier marketed at prices high enough for good profits, the best in many years.

With these facts before us, in arranging the rotation set for next year, let us not forget the advantages we have this year in diversification. One reason we are getting good prices is that few practiced the one crop system. The rule has been diversification and it has been a good rule. Many who are prosperous this year can testify as to the benefits of diversification.

Let plans be made for next year along the same line. Feed and food crops should come first, with cotton as a surplus. Then a safe, dependable system of rotation with food and feed crops.—Farm and Ranch.

### HER SON SUBJECT TO CROUP

"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief. Obtainable everywhere." (Advertisement)

### A GOLDTHWAITE WOMAN COMES TO THE FRONT

Every Goldthwaite resident should read what a neighbor says. Her testimony can be relied upon. Here are her own words:

Mrs. D. G. Womack, South St. Goldthwaite, says: "I suffered a great deal from my back. Sometimes the aches and pains extended into my shoulders and in the back of my neck. My feet and ankles became badly swollen and frequently, I noticed little specks floating before my eyes. I used Doan's Kidney Pills since then and they have always acted promptly in restoring my kidneys to a normal condition."

Price 50c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mrs. Womack had. Foster Millburn Co., Props., Buffalo, N. Y. (Advertisement)

### THE DIFFERENCE

Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$65,000.00—That's genius.

There are some men who can write a few words on a piece of paper and make it worth \$50,000,000.00. That's capital.

The United States government can take an ounce of silver and make it worth 50 cents. That's money.

A mechanic can take material worth \$5.00 and make it into watch-springs worth \$50.00. That's skill.

There is a man in Oshkosh who can take a 50c piece of canvas and paint a picture on it and make it worth several hundred dollars. That's art.

A merchant can take an article worth 75c and sell it for \$1.00. That's business.

A woman can purchase a \$2.79 hat, prefers one that costs \$27.00. That's foolishness.

A ditch digger works ten hours a day and handles several tons of earth for \$2.00. That's labor.

The author of this article can write a check for \$90,000,000.00, but it wouldn't be worth a dime. That's tough.

There are other concerns who will tell you that they can serve you as well as Archer Grocery Company. That's nerve.

Everybody who is posted and wants the best, deals with us. THAT'S COMMON SENSE.

ARCHER GROCERY CO.

### NOW LOOKOUT

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This accession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere. (adv)

Lesson for Sunday, Nov. 5. Entire 18th chapter of Acts.

Having finished the book of Hebrews and as our lessons will not now conflict with the regular Sunday school lessons, we deem it well to again take up the study of Acts, beginning with the 18th chapter, our lesson for Sunday, July 2, the last one used in this book, being the 17th.

How did the Jews receive his preaching and what did he say to them?—Monroe Ebers

How could the Lord speak to Paul by a "vision" and what did he say?—W. F. Simms

What was the occasion of Paul's leaving this place, where did he go and who accompanied him?—Joe Taff

Why would he not tarry in Ephesus?—Dick Brinson

Tell, as near as you can, the cities he visited after leaving Ephesus until he returned there.—D. D. Kemper

What other great speaker is referred to as coming to Ephesus and where did he come from?—Barton Keese

Which one of Paul's Missionary Journeys in this supposed to be. Tell briefly of the entire trip.—W. A. Bayley

In your opinion which accomplished the most toward the cause, Paul or Apollos? Give reasons.—Lew's Hudson

W. W. Wall was here from Proctor, Comanche county, last Saturday looking after business matters and meeting with his friends. The Eagle and his other friends hope he will decide to return to Mills county before the dawning of another year.

E. W. Patterson and family returned to their home at Winters the first of the week, after an automobile trip to this place and Lampasas county to visit relatives. Mr. Patterson made a good cotton crop this year and reports the people in his section in a prosperous condition.

Jake Benningfield and Hugh Livingston moved Rev. Robinson and family overland from Center City to Fredonia this week and report that Rev. Robinson was quite sick when they left him at his new location. He became ill en route at San Saba and was carried in an auto from that place to Fredonia. He has a great many friends here who sincerely hope his illness will not be severe or protracted.

Rev. I. T. Morris and family left Monday on the noon train for Goldthwaite where Bro. Morris takes the pastorate of the Methodist church, having been assigned to that station at the annual meeting of the West Texas Conference held at Uvalde the past week. Rev. Morris and family were accompanied to the train by a number of friends and members of his congregation who reluctantly said good bye to this estimable family who have been among us for the past four years. Bro. Morris is an able preacher and a capable pastor and the people of Goldthwaite should feel proud to have him as their pastor.—Brady Sentinel.

## There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

Monday afternoon about five thirty o'clock, Levi Russell received serious injuries when his Ford car turned turtle on the Cherokee road about eight miles south of town. He was returning home from Cherokee when the front wheel entered a deep rut and the car, being empty, turned over.

Mr. Russell was found a short while after the accident in an unconscious condition by some road workers and Dr. Behrens of Cherokee was called.

The extent of his injuries was a broken right arm, between the elbow and shoulder, and other slight bruises. The car was badly demolished.

He was brought to the home of his brother, S. C. Russell, and at late reports was resting fairly well.—San Saba Star.

### FIFTH SUNDAY MEETING

It was good in every way. The weather, the attendance, locally and from abroad, the entertainment, the preaching all was good. Pastor Haralson was most happy over the meeting.

Missionary Bynum made a good report and enough money was sent in and raised at Nabors Creek to pay him up. The erection of a meeting house at Scallorn, which will probably be dedicated the third Sunday, made us feel like shouting.

The ladies had a splendid meeting on Sunday afternoon that powerfully moved a large audience. They constituted a society in the Nabors Creek church with ten members.

The next meeting will be with Rock Springs church the last of December. E. D. M.

## THE CALL OF MOTHER

You are tired tonight. You expected this morning to have an easy day, but you have answered to the call of mother until the sun is set and its departing glory almost makes you long for the beyond. Now there are the children to put to bed. Your limited circumstances may not permit you to have a nurse, but remember—you cannot keep them with you long and your patient service will be richly rewarded. Go lovingly, prayerfully; you know not when the last time may come. Death wounds deeply, even if we have been kind to our friends. Comb the golden tangle carefully, smooth the pillow, straighten the little dress, and laying your cheek close by your little darlings, listen to "Now I lay me," and wait patiently for the ruby lips to ask God for some wished for toy. Kiss a fond good night. In short, lock the door of the day gently and leave the child heart-happy. Let none of the shadows that come with riper years slant athwart the youthful threshold of the soul. Their weary foot that rocks the cradle may be lulling a future President or Governor. Rock on, fond mother, sing your lullaby. God has use for the frail humanity that smiles in its infant dreaming. Never let discontent enter your happy home. Keep a cheerful tone and a helpful hand and answer the call of mother.—Selected.

Mrs. R. V. Littlepage visited relatives in Killeen this week.

Mrs. W. C. Dew visited in Brownwood a part of this week.

All kinds of hog fence and galvanized smooth wire at Barnes & McCullough's. (adv)

Jas. Calaway and little daughter arrived from Fort Worth the first of the week for a visit to relatives and friends. He is doing well and likes that section fine.

N. B. Harvey this week bought from Earnest Strickland the residence known as the Caldwell place, which was recently vacated by Dr. Lusk, and will occupy it at once.

Fred Dew and wife came over from Sleepy Hollow ranch Wednesday to see the show and visit relatives. Mrs. W. K. Marshall and little son accompanied them home for a short visit.

There are enough uncertainties about life without guessing at the title to your land—be on the safe side—have an abstract made by E. B. ANDERSON, and examined by your attorney. (adv)

W. J. Hopper and wife returned the first of the week from Temple, where they had been to visit Mrs. Albert Hopper, who is in the sanitarium at that place. She underwent an operation for appendicitis a few days ago and was getting along nicely when they left her.

A letter from Frank Geoglin, who is now in business at Hempstead, brings the satisfying information that he is doing well, but still has a longing for the "hills of Mills." He and his family have many friends here who would be mighty glad to have them back again.

Mrs. W. T. Melton and son, Thornton, returned Saturday from the El Paso country where they have been spending the past several weeks, and are making preparations to remove to that country within the next few weeks. Mrs. Melton having purchased property in that section. The new property consists of a fine fruit farm, and is located about 32 miles from El Paso in a splendid fruit growing country. Mrs. Melton's son-in-law, Will Vaughn, who has been making his home at El Paso the past several years, will join her in the venture. Mrs. Vaughn will remain in El Paso to give the children advantage of the splendid schools there.—Brady Standard.

### STAR SCHOOL NOTES

Our school is progressing nicely and new pupils coming in every few days.

We are glad to have Will Bickle of McGirk and Will Allen among our pupils. We feel sure they will be a help to their school mates.

Mr. F. F. Henry has recently put new hat and coat racks in the building. This is a help in keeping the room neat. We wish to thank Mr. Henry for a large bell, also. We like to hear the school bell ringing. It reminds us of the past school days.

The primary teacher and pupils, as well as the patrons appreciate the nice round table donated by Messrs. J. H. Randolph and Neil Dickerson of Goldthwaite.

One of our former pupils, Mr. Elvis Morris, has gone to Regency, where he teaches this year. We wish for him a very successful year. XXX.

### A VISIT TO LAMPASAS

On Saturday evening, Oct. 28, Mr. and Mrs. J. H. Allen, sr., Mrs. Mankins and C. M. Allen with his son Lyle and daughter, Blanch, made a visit to Lampasas in a car. C. M. Allen as chauffeur. They visited Mr. and Mrs. J. H. Allen, jr. and Mrs. Lee Brown and next day (Sunday) drove out 5 miles east of the city on the beautiful Sulphur creek to the home of Mrs. Snell, a sister of Mesdames Allen and Mankins, where we were met by a host of relatives, numbering about 42, with baskets full of good things to eat, which was spread in a beautiful grove so all could partake of it and enjoy the dinner together. It is needless to say we had a good time and as the evening began closing the lovely day, we with sorrow parted, as we thought never all to meet here again below. A GUEST

### MASS MEETING

By order of the Goldthwaite School Board, I am directed to call a mass meeting of the citizens of Goldthwaite and surrounding country to convene in the district court room at the court house on Monday evening, Nov. 6, at 7:30 o'clock for the purpose of discussing a very important school question, which will be decided by the legal voters of the state on November 7, in the general election. Everybody invited to attend. Ladies specially invited.

### GET BUSY

Get busy. Summer and sun are behind you. The gates of the autumn season are open. It is time to prepare for the days when the earth sleeps.

Go into the woods and you will find the squirrels storing their winter supplies. Insects have gone to rest, but, stored away in their nests, the young will, in spring, awaken to find their wants looked after in advance.

The lesson of nature is a beautiful one. We are all given our golden opportunity. We are all permitted to prepare for the days to come. If we do not take the advantage of this opportunity it is our own fault.

The man who depends on the future to take care of itself is a man who will soon feel the sting of misfortune.

The lesson of nature is taught in the months. There are the cold weeks of winter. The ground frozen. The soil rests. Then comes the awakening weeks of spring, when warm rains soften the soil and when the exhausted earth relaxes and opens a field of promise to the farmer who desires to accept his opportunity. The early sun of May and June help the growth of crops, and then the heat of July and August prepares the way for the harvest moon.

The earth will take care of the man, if the man will only tickle the ground with a hoe and wait the coming laughter of the garnered crops.

There is an old saying that everything comes to him who waits. There is a fallacy that has wrought more harm in the world than will ever be known.

Nature and the Almighty will do their part, but it has been shown time and again that God helps those who help themselves.

We must work if we expect to live. Now is the time to prepare. There is a field of plenty always about us and those who have profited by their golden opportunity and have made arrangements for the coming winter have no reason to be apprehensive, but to the man and woman who have lived their day, forgetful of the future, the prospects are not encouraging. There are fat and lean seasons and the man who does not take advantage of the fat season to prepare for the lean will be the man who will know and feel the real meaning of want.—Memphis Commercial Appeal.

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Editor Eagle:  
 Everybody is busy and contented in our community. Farmers are busy preparing ground for another crop and doing the hundred and one things that make life a success. Some grain is up and doing fine. School is doing fine and we are sure will continue to do so. Miss Minnie Jenkins is our primary teacher and that means sure success. Mr. Byron Hays of Trigger Mountain is principal and we are confident he will make a success of his part of the school.  
 Our Sunday school is among the best, as usual.  
 There was a double wedding here Sunday, Cyril McDonald and Miss Josie Breazeale, Sam Jenkins and Miss Cattie NeSmith were married.  
 Mr. Jeff Smith of Jones county is visiting relatives and friends here.  
 Mr. and Mrs. Earle Karnes are visiting relatives at McGregor, Waco and Meody.  
 Claude Nesmith and family, were guests of Frank Shelton and family near Mullin, Saturday.  
 Quite a number of our people visited the fair at San Angelo.  
 Mrs. Webb Perkins and children were guests of Melton Carlisle and family Sunday. JOAN OF ARC.

**VOTE FOR RESOLUTION NO. 30**

On next Tuesday the people are to vote on house joint resolution No. 30.  
 Briefly stated this resolution provides that the legislature shall enact a law, permitting the property tax paying voters of any county or school district to determine, at an election held for the purpose whether a tax shall be levied in the county, not to exceed fifty cents on the \$100.00; or in the district of not exceeding \$1.00 on the \$100.00 for the purpose of supplementing the school fund of the county or district as the case may be.  
 It is certainly to be hoped that this amendment will carry. It will not of itself impose a tax upon the people, but would give them a right to vote a tax for school purposes if they so desired. That the schools in Texas are badly in need of more money with which to run their schools is unquestioned. That Texas ranks low in educational facilities is now admitted by all. That it should rank first is the ambition of all true Texans. To raise the standard of education creates a necessity for more money. That the people should be allowed to raise and spend their own money to educate their own children does not admit of argument.  
 The rural school districts and independent school districts are asking the state for permission to tax themselves for the purpose of educating their own children. In order to do this, this amendment must be passed. Surely no reasonable person would deny them this right.  
 In voting for this amendment you vote no tax on yourselves. Your district may not need the tax, but the people in your neighboring district may sorely need and want it. You only say by your vote for the amendment, that your neighbor may tax himself for the purpose of educating his children. Don't you think he should be permitted to do this, especially as it does not commit you to voting a tax on yourself.  
 That this amendment is just, fair and meritorious and to the interest of the entire state and should carry is evidenced by the fact that it has been endorsed by the following organizations: The Texas State Farmers Institute, Farmer's Educator & Co-operative Union of Texas, The State Teachers Association, State County Superintendents Association, State Democratic Convention of 1914 and 1916, The Conference of Education in Texas, and the Farmers Congress, and many lesser bodies.  
 So don't forget to vote for this resolution and give your children a chance.  
 E. B. ANDERSON.

 With the exception of black ink, all raw materials used in manufacture of a newspaper have advanced in cost during the past twelve months approximately 100 per cent. This means that it will cost your publisher practically double to supply you with a newspaper the coming year.  
 Under stress of these unusual conditions, The Star-Telegram has been forced to increase its "Bargain Days" rate from \$3.25 to \$3.65. An increase of 40c per year (3 1-3c per month) or 12 per cent. Based on the conservative estimate increase in production cost of 100 per cent, under this price the division of added expense will be as follows:  
 Increased expense to The Star-Telegram ..... 88%  
 Increased expense to The Reader ..... 12%  
 This situation means that after "Bargain Days" the regular rate of \$6.00 per year must be strictly enforced. We have battered the price to the very bottom in order to protect our Annual Subscription Cheap Rate Period, which has been in effect since the establishment of The Star-Telegram.  
 Do not take chances, save the \$2.35, by ordering before Bargain Days expire. Take advantage of the \$3.65 rate.  
 The high standard of The Star-Telegram will be maintained as long as there is a Star-Telegram regardless of any war burdens.

## MARKETS FOR PRODUCE

The cities and towns of the Southwest are building up rapidly and the industrial enterprises in these urban centers recently have made surprising progress. This is a source of satisfaction to farmers, as it has enlarged and increased markets, especially for country produce.

With better roads and motor vehicles many have been brought into closer touch with markets for poultry, eggs, butter, cream, potatoes, fruit, vegetables, etc. This is of immense importance, for it has enabled many to sell surplus products and meet their expenses with cash.

There are now better markets for feed and food products than many realize. Those who have never made use of the markets for country produce should investigate and prepare to meet the growing demand for food produced on near-by farms.

Where the location and general adaptations of the farm will admit there are better opportunities for the production of produce suitable for city consumers than in years past. Those who can make use of such opportunities doubtless will find profit in this kind of diversification.

Markets are more exacting now than years ago. Poor farm products are harder to sell than formerly. People have learned the value of the best. As a rule they are willing to pay a good price, but they will not take an inferior product at any price. To meet the demand of the discriminating consumer only the worthy products should be offered for sale. And preparations should be made now to produce that which the market requires.—Farm and Ranch.

## MOTHER'S DISH WASHER

Some people desire to own great names and something great to be, but just why I never could see.

But I think I am a great deal to be called 'Dish Washer,' you bet, and my, what fun to cook and sweat and help mother with all her kitchen work, is better than to idle and lurk. But still when speaking of great names I think I own one, too, because I wash dishes and the like the whole day thru.

And I beat Dupli.Kate's time with Smiling Billie you all remember and be quit her just as cold as December. But some one kindly hinted she quit him, too, so I heard and Miss Kate she had the poor little Smiling Billie scared as could be, so that he mounted his airship and sailed the sea and when he landed on European dirt he declared the girls all a flirt. So mounting his airship he flew right back to Mullin, Texas, on the same old track and declared Dish Washer as true as could be and now when mentioning great names, number me, for I brought Billie from Europe to Mullin again, when probably he would have been numbered among the slain. And I've lived through fearful dreams and the like, I have grown from a mischievous little brat to womanhood, with Dear Miss Kate to help me through, so she deserves a great name, too, for to help entertain the Eagle readers we've done our best, Kate and I as well as the rest. So if this application is found fault with and isn't put through, then I will know nothing else to do, tho' to neglect this application because leap year is most gone and left me still washing dishes, well, I termed would be rather silly, for it isn't my fault, I can prove by Uncle John and Smiling Billie, but not only for myself I am pleading, but for all the rest for I am sure they have all done their best. But put my name first when to number us out you start, for you know I took Dupli.Kate's sweetheart, and that was a deed that wasn't for just anyone to do, though Dish Washer made it through. But, Mr. Editor, I trust you will grant us all a diploma for our great fame, with D. W. next to Billie's name.
