J. R. Clark was here from Mullin one day this week, looking after business matters.

F. Leineweber, one of Mullin's prominent citizens, had business in this city Tuesday.

The Eagle always appreciates local items and communications from the various communities of the county.

Mrs. Patton left for her home in Arkansas the first of the week, after visiting her brother, Rev. I. T. Morris, and family for a week or more.

Miss Carrie Alvis writes to have the Eagle sent to her at Crews, where she is teaching in the public school. She is one of Mills county's most successful young lady teachers.

Mr. and Mrs. J. W. Hiller of the Priddy country were pleasant callers at the Eagle office last Saturday. They are among our best and most appreciated friends and it is always a pleasure to have a visit from them.

Judge J. L. Lewis of Hamilton spent the first of the week here looking after business matters and visiting relatives. Judge Lewis practiced law here for a long time and has a great many friends throughout this section.

The report of the ginners of Mills county to the federal department of commerce shows that there were 4670 bales of cotton ginned in this county for the season up to Nov. 1. Up to the same time last year 5460 bales had been ginned.

E. W. Patterson writes he has moved from Winters to Bradshaw and wants his paper sent to that place in future. Mr. Patterson has bought a nice farm in that section and while his home will be in Taylor county, the greater part of his farm is in Runnels county. His many friends in this section wish for him continued prosperity.

PREACHERS WE KNOW

In the Central Texas Methodist conference at Waxahachie Bishop McCoy announced assignment of preachers to churches Monday. Among the preachers who have acquaintances in Mills county are the following: Rev. Sam G. Thompson was returned as presiding elder at Brownwood and Rev. K. P. Barton was returned to the pastorate of the church at that place. Rev. W. C. Hilburn was sent to Hico, Rev. Alonzo Monk to Gateville, Rev. J. Hall Bowman to Hamilton, Rev. C. A. Evans was named as supernumerary at Sagamore and Sycamore church, Fort Worth.

L. E. Miller made a business visit to Waco the first of the week.

W. A. Moore was here from Brownwood the first of the week, looking after business matters.

P. D. Duren was one of the prominent men of the Mullin country who had business in the city the early part of the week.

L. R. Conro, who is one of the officers of the Masonic Grand Lodge, expects to go to Waco Sunday to spend a week or more attending the school of instruction and the meeting of the Grand Lodge.

Thanksgiving services are to be held in the Presbyterian church next Thursday morning from 10:30 to 11:30 o'clock. A program for the occasion has been prepared jointly by the pastors of the Baptist, Methodist and Presbyterian churches.

Rev. G. W. Templin was here from Mullin the first of the week, meeting with his friends. He is still in crutches as a result of the injuries received when he was kicked on the knee by a horse some months ago and he has suffered a great deal as a result of the injuries. His friends here and throughout this section sympathize greatly with him and hope for his early and complete recovery.

A senator from Oregon has prepared for introduction in the next session of the senate a constitutional amendment providing for the election of the president of the United States by a direct vote of the people. There is certainly no reasonable grounds for opposing such an amendment, for the plan now operating makes possible to elect a president with a minority vote. Had a few hundred votes in California been cast for Hughes instead of Wilson the result of the national election would have been changed, notwithstanding a half million majority was in Mr. Wilson's favor.

A veteran of the Mexican war, who is said to have been the last of that noble of patriots, died at his home in Shelby county this week.

An aged and wealthy couple were killed by a street car in Beaumont Sunday. They were en route to their home from church services when the accident occurred as they crossed the car track.

It is announced that about one half of the rural letter carriers are to receive an increase of salary shortly and it is stated that the increase will be dated 1914, thereby giving them a considerable amount of back pay.

The navy department announces the awarding of contracts for eight vessels of the destroyer type and the announcement is also made that contracts will be awarded next week for the 29 submarines authorized by congress.

A steam boat weighing 1800 tons and built at Orange, Texas, was launched in the Sabine the first of the week. The vessel will be devoted to the lumber trade and will carry Texas sawmill products from Orange to Italian ports.

The death of the father of Hon. Cullen F. Thomas, which occurred in Tennessee the first of the week, caused that gentleman's absence from the court at Waco during the last days of the trial of T. R. Watson, charged with the murder of Bank Commissioner Patterson at Teague some weeks ago.

The claim that the railroad brotherhoods will again declare a strike throughout the nation if the Adamson law is not accepted by the railroads is not likely to be realized. The railroad employes have learned or at least have good reason to believe that the railroads will make a mighty hard fight if a strike is declared and as they know when they are doing well it is not likely the leaders will again be able to induce them to vote a strike.

Thanksgiving

The abundant prosperity that all the crops have brought to Texas this year is emblematic of the abundant gratitude that we feel toward all our patrons.

As the bank grows and prospers it means that the people of the country are accumulating funds, and that they are conserving their resources. That means that these funds will be used for the further upbuilding of the industries and improving homes. It means that the money which is being saved will go toward making Mills County a better place to live; that contentment and happiness shall have a larger place in the hearts of the people.

For all of which we are thankful.

The conceptions of the people are broadening with the experiences of the years. They will realize that the high price of crops this season must bring careful thought for the next year, as well as rejoicing for the present. They know that the foundation of this county's prosperity and progress must be continually broadened and that single-crop basis must not be depended upon.

Our country's continued peace and increasing prosperity make a spirit of thankfulness particularly fitting.

This bank will therefore be closed Thursday for Thanksgiving Day, and we trust it may be a day in which all will feel that they have cause to rejoice.

We shall be open again as usual on Friday morning and a welcome awaits you.

GOLDTHWAITE NATIONAL BANK

W. E. MILLER, President

THANKSGIVING!

Next Thursday has been set apart as a DAY OF THANKSGIVING for the nation by the President and also by Proclamation of the Governor of this Great State.

We wonder if everyone in this section cannot find something to be thankful for, so that when this special day rolls round we can all thank the good Lord for some blessing sent us—individually or as a nation—during the year whose harvest season is just coming to a close.

Personally, we are thankful that our nation is at peace with the world; that Mills County has been so bountifully blessed with such crops as we have made, and for the very satisfactory price received for such products as the farmers have had to sell.

Again, we are thankful for the splendid business our friends have given us this year, making it THE BANNER YEAR OF OUR HISTORY. As a result of their loyal support,

We are publishing in this issue of the Eagle the LARGEST STATEMENT ever issued by a bank in this County of Mills

—the best county in Texas. We earnestly solicit a continuance of your business in our line. In this manner we can all be thankful together that Mills county people are so bountifully blessed with money, and YOU will be thankful you are "banking with a bank you can bank on," knowing your Deposits are Carefully Guarded and Absolutely Safe and your business so well cared for.

The recent freeze is said to have damaged the sugar cane crop in Louisiana seriously.

The general passenger agents of the Texas railroads have decided to only reduce the passenger rates 20 per cent for the Christmas holidays and make the rates applicable in Texas, Arkansas and Louisiana. Holiday travelers to the other states will have to pay regular fare.

It is claimed that investigation reveals that the increase in the price of print paper is not justified by the increase in the cost of production, but is the result of avariciousness on the part of those in position to demand the higher price. The claim is made that the cost of production of the paper is \$30 per ton while the trust is demanding \$140 per ton.

Nobody doubts that diversification of farming pays and it is queer that the people of the south were so long in coming to a realization of the fact that the "one crop" system was ruinous, not only to the farmers, but to the entire country. The unprecedented prosperity throughout the land today is due much more to diversification than to the conditions brought about by the European war. The people were a long time in learning the lesson, but now that it has been learned it is not likely the time will ever come again when the entire farm acreage, or even the great majority of it, will be devoted to cotton.

While the workings of the farm loan law enacted by the congress of the United States the present year are not familiar to most people, enough is known of the law to make it sure that no legislation was ever more beneficial to the whole country than this act. The first benefit to be derived is the lowering of interest rates and the next is the unlimited amount of money to become available for the purchase and improvement of farms as well as pay existing indebtedness on them. Then the time limit is all that could be desired, while it is provided that payments of the principal may be made in five years, even if the loan was secured for 40 years. In no case can the interest be more than 6 per cent and in most cases it is likely to be less. The provisions of the law will be better appreciated as they are better understood.

GOING COTTON WILD

Farmers of the South have dreamed of 15 cent cotton for a generation. The dream is more than realized. It has been thought and argued that an average price of 15 cents would bring prosperity and put the cotton farmer on an equal footing with producers in all other lines. But after the season opened the price so rapidly passed the long-coveted mark that what 15 cent cotton would do for the Southern farmer is still undetermined.

The Southwest, at least, has made a fairly good feed and food crop and a cotton crop just a little under the average, and the larger plantings of feed and food, the slow result of much experience, had brought this section to a condition admirably prepared to test the theories of a reasonable cotton crop at 15 cents. The test will now have to be postponed to another year—will it be next? Hardly. There is talk of planting the fence corners and all the land that "laid out" in cotton next year. Some "new ground" will be taken in, too.

If ever a man could afford to plant all cotton and buy everything else it would seem as if that time had come. "But has it?" He would have to buy feed and feed is as high as cotton. He would have to buy bacon, bread, and other foods and foodstuffs are higher than cotton.

Financial authorities agree that warring Europe is rapidly approaching the end of prodigious buying in America. She soon will have nothing to buy with and will begin to confine her takings to the things she needs most. And Europe's greatest needs are food and munitions. She may do without cotton, but food and munitions she must have in ever increasing quantities until the war ends, which means high prices. The Southwestern farmer is not concerned with munitions price—but what about the prices of food which he raises cotton to buy?

Every bushel of wheat, of corn, of potatoes, every pound of meat, of beans and peas, of butter, every gallon of milk and of syrup, which the farmer uses, he pays for at war prices—what warring Europe in her straits is willing to pay. But if he raises those supplies at home he is paying himself the war prices—and what a profit he reaps.

The demand for cotton may slacken and the price may go down. Or the demand may strengthen and undreamed of levels be reached. But one thing is sure—the Southwestern farmer, warring Europe, and the world at large will have to eat. Blessed indeed is he whose granaries, bins and meat boxes are filled from the home acres.—Farm and Ranch.

We now have all kinds and sizes of window glass.—Barnes & McCulloch.

THE BIRTH OF A NATION

At the Lyric Theatre, Brownwood Next Week.

D. W. Griffith's World's Mightiest Spectacle, "The Birth of a Nation," will be seen at the Lyric Theatre Brownwood for two nights, Friday and Saturday, December 1 and 2, with a matinee Saturday. The prices for this engagement will be 75c, \$1.00 and \$1.50 at night and 75c and \$1.00 at the matinee, children under 12 will be admitted for 50c in the balcony at the matinee. The seats will be on sale at Renfro-McMin drug store. The performance will begin at 8.15 and 2.15. Money orders addressed to C. E. Boyett manager of the Lyric Theatre, Brownwood, will be accepted now.

"The Birth of a Nation" brings forth D. W. Griffith's wonderful new art of pictorialized spectacle with music. The first half of the production, which was suggested by Thomas Dixon's "The Clansman," exhibits the salient events of the War between the States. The formation of the Confederacy; Lincoln's call for troops, Sherman's march to the sea, the battle of Petersburg; Lee's surrender to Grant; and the awful tragedy of Lincoln's assassination at Ford's Theatre, April 14th 1865 live before the spectator of the Griffith drama. In the second half the South's "second uprising"—this time against the Carpetbagger regime—is shown in a thrilling story of Reconstruction days. The romance of the "Little Confederate Colonel," Ben Cameron, and that of the Unionist Captain, Phil Stoneman with Margaret Cameron, the South Carolina lassie, maintain two threads of continuous love interest throughout the story.

But the great out-of-doors is Mr. Griffith's special field. Tremendous little scenes and the wild rides of the Ku Klux Klansmen are staged with thousands of participants. Eighteen thousand actors and three thousand horses were employed in the making of the picture, which cost half a million dollars and took eight months to produce. Some idea of its immensity is gained from the fact that there are no less than 5,000 distinct and individual scenes.

On the musical side Mr. Griffith attempted what was previously unheard of in connection with motion pictures. This was the synchronizing of a complete symphonic score with the appearances of the important characters and the enactment of the principal scenes. This magnificent instrumental music is played by a large orchestra of twenty-five musicians. (adv.)

Lampasas county lost one of her older citizens Friday morning about seven o'clock when the death of Jesse Phelan occurred at his home in North Lampasas. He was 73 years of age and in fair health up to Tuesday. He came to town to vote and after making out his ticket found he was unable to rise from his seat and with assistance he went to the Farmer's Union Warehouse, where he spent a short time and then went on to his home. He was conscious up to the time of his death and was in no great pain until Thursday night. Paralysis was the cause of his death.

The fire alarm of Saturday night was a beginning of a celebration of the victory of Woodrow Wilson. A bonfire was started on the square and the fire boys made a fast run to the scene with the whistle screaming and bell ringing. A large crowd was attracted to the square by the ringing of the fire bell and some time was spent in shooting anvils and firing off fireworks.—Leader.

SAN SABA.

Jeff McMillin of Mill's county, was a business visitor this week.

S. J. Bros has returned from a visit with home folks at Mullin.

Nina, the six year old daughter of Mr. and Mrs. Jim Paver of Pecan Grove, died about ten o'clock this morning from an attack of diphtheria. She had only been ill a few days.

Dr. Norman B. Taylor of Richland Springs and Miss Bonnie Clements were married Tuesday morning, November fourteenth, at the home of the bride in Lampasas.

Anna Bell, the nine year old daughter of Mrs. R. F. Bezeale, was severely burned Thursday evening of last week. While standing by the fireplace her night clothes caught fire, and although members of the family rendered quick service in extinguishing the flames, her left arm and shoulder were painfully burned.

Mr. and Mrs. John Watkins have moved to the R. M. Ward residence and Tuesday while they were getting everything in order, Mr. Watkins picked from the floor what he thought to be a lead from a pencil and threw it in the fire. The explosion, which immediately followed revealed that it was a dynamite cap and Mrs. Watkins, who was standing nearby, received painful, though not dangerous injuries. A physician was immediately summoned and dressed the wounds, and she is now able to be out.—Star.

HAMILTON

Prof. R. P. Edgar, ex-county superintendent, has engaged to teach the Agee school. It will be a seven months term. Miss Carrie Adams will be his assistant.

The Methodists have purchased the Bullen property adjoining the church lot and for the present the house will be utilized for Sunday school class rooms.

It is stated on good authority that our new congressman, Tom Connally, has signified his intention of recommending Mr. W. B. Claunch for postmaster at Hamilton to succeed the present incumbent next June when the latter's term expires.

County Judge J. L. Lewis surrendered his office to his successor last Wednesday and discarded the robe that he had so worthily worn for the past four years. He informed the Herald that he was intending to take a month's rest before settling down to the practice of law.—Herald.

thwaite, where they visited in the home of her parents, Mr. and Mrs. C. L. Bodkin and Mr. and Mrs. L. H. Little, parents of her husband. Mr. Little went over Sunday for a short visit and to bring his wife and little boys home.

Bradford Corrigan, who for the past three months had been playing leads with the Varney Stock Company in Kansas and Oklahoma, arrived at home Sunday night, the company having broken up to go into vaudeville. The many Hamilton friends of this brilliant and talented young man will be pleased to learn that he will be at home for several weeks.—Record.

LOMETA

E. N. Fletcher has returned from a business trip to South Texas.

J. F. Hereford has purchased the H. E. Magill residence which is located near the Methodist church.

A stranger, driving a Ford car, came into Lometa several weeks ago and did some shopping. He paid for what he got by giving checks on various banks in different parts of the state. To some of them he signed J. C. Davis, to others he signed J. H. Davis, while on several he put no name as Moore. From here he went to Lampasas and bought several articles giving checks on the Lometa State Bank. All the checks were turned down and at the present time the whereabouts of Davis alias Moore is unknown. Sheriff Mace is certain that the man will be apprehended within the next few days.—Reporter.

COMANCHE

The Comanche High school basketball team last Saturday lost to DeLeon high school at DeLeon by a score of 24 to 4.

On report to Nov. 1st as given to us by Gin Reporter Switzer, shows that to November 1st, 1916, 4,722 bales were ginned against 4,769 bales to the same date last year.

Last Sunday Miss Isla Butler and Joe Hicks were married at the same time with Miss Willie Rambo and Millard McElroy by Rev. Jasper Creamer at his home at Creamer, Texas.

Edgar Nabers last week received his license to practice law and along with his report came the little note that he made the highest grade made at the examination.

In one of the prettiest games of football ever played on the local gridiron, Comanche defeated the Maroon team by a score of 35 to 6 and advanced another step toward North Texas championship.

We are informed that last Saturday Mr. Burks was driving a bunch of cattle along the Newburg road and had gotten off his horse and was walking along when suddenly an auto dashed up behind his horse frightening him so that he ran around the herd and dashed up the road in front of the auto. After a run of some two miles the horse dropped dead, probably from exhaustion and fright.—Chief.

HER SON SUBJECT TO CROUP

"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a little of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere. (Advertisement)

The dedication of the new Baptist church at Scallorn (Antelope Gap) last Sunday attracted a large number of people from Goldthwaite and elsewhere, as well as the people of that community. There were services all day and dinner on the grounds and the occasion was pleasant for all who attended. This good community should indeed feel a pride for this nice house of worship, which is well built, attractive in appearance and is paid for in full.

W. Lee Yarborough has been very ill at his home in north Copperas Cove for the past week, having taken seriously ill very suddenly about 12 o'clock last Sunday. At the present writing he is reported to be resting very well, but it is not known how long it may be before he will be out again. Mr. Yarborough is manager of the W. F. & J. F. Barnes Lumber Company of this place and has many friends throughout the country who hope for him an early recovery.—Copperas Cove New Era.

MULLIN

Editor Eagle:

Mr. D. Y. Childers' horse fell with him last Sunday while running a cow, broke two of his ribs and his collar bone, one of the ribs penetrated his lungs causing considerable spitting of blood. He was rushed to Brownwood to the hospital, where he is reported at this writing resting very well.

It is reported that Z. D. Kemp has sold his stock of groceries to Ernest Kemp, who will move his own stock to the Kirkpatrick building, consolidate the two stocks and do a more extensive grocery business. We are all feeling good over the fine rain that fell Tuesday night.

Mr. Cal Summy, who has been in the sanitarium at Temple for several weeks, is at home again with prospects for a speedy recovery to his usual good health.

Mrs. Carrie Kirkpatrick is building a new residence on the lot where their residence burned several years ago.

The racket of two well drills can be heard in our city and a street fair company waiting for the weather to settle to begin its racket.

Bro. Templin, who has been confined to his room for several weeks, is improving slowly and is able to walk a little with the help of crutches.

Mr. Haynes, who has been a resident of Mullin for several years, is going to move to Miles in the near future.

Rev. Tippen has accepted a call to the pastorate of the Baptist church in Mullin and began his work last Sunday by preaching two interesting sermons.

Mr. and Mrs. W. C. Dew motored over to Mullin Tuesday evening.

Mr. Wade Cryer is building a nice bungalow residence on his farm near town, where he will reside in the future.

The Primitive Baptist church at Mullin is now composed of two separate factions. The separation we understand, was caused by a difference of opinion as to regeneration or the new birth having any effect on the morals of those who profess faith in Christ, some contending that as the Sabbath was made for man he has a right to work or not work on that day as he chooses.

The conference failed to have preachers enough to fill the appointments and Mullin circuit is without a regularly sent preacher, but Bro. Weems of Goldthwaite has kindly consented to fill the pulpit at Mullin two Sundays in the month. It is something very unusual to find a Methodist church without a pastor or a Methodist preacher without a pastorate, so we are not very un-

easy as to the future. Our new presiding elder is on the lookout for a preacher and we are expecting one to report any day. More anon.
H. C. COBB.

BUILDING BEGUN

Mandame Metal Being Erected on Fisher Street

J. H. Saylor has adopted plans for the new hotel building he is to erect on the site of the old Saylor house, better known as the Daugherty hotel site, and workmen are already engaged in the preliminaries incident to the erection of the building.

When completed this hotel will be one of the most modern and conveniently arranged to be seen in any town double the size of Goldthwaite. It will occupy a space 53x80 feet, will be of reinforced concrete and absolutely fireproof. The building will be three stories with a basement at the rear. It will contain 26 guest rooms, besides a lobby, dining room, kitchen, pantries and other necessary rooms. On the first floor there will be a barbershop and a tailor shop connected with the lobby. The building will be of modern architecture and will cost approximately \$15,000.00, and will indeed be an ornament to Goldthwaite.

The German church at Priddy known as the Becker mountain church is nearing completion and when finished it will be among the best and most up-to-date church houses in the county. Its members should be proud of it and should praise their building committee for their untiring efforts.

All autoists would appreciate a law requiring all vehicle owners out after dark to hang a light of some sort in their conveyances. There is always great danger of accidents through neglect of this precaution. The traffic laws of many localities require this—notably Houston and Dallas. When you say danger of accidents occurring, you are not going far enough—they do occur. One occurred last night of this kind in this city that could have been avoided by any kind of a light ahead. A dark foggy night or a rainy night so obscures the auto lights and wind shield through moisture collecting on them that one can't see very far away. Dust does the same thing. Dr. Joe Stuart was killed in Houston a year ago by running into a dark wagon on such a night as mentioned and the driver of the wagon seriously hurt.—A Citizen in Austin America.

WHAT'S THE REASON?

Many Goldthwaite People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have failed behind in their work of filtering the blood and that they may be the root of the trouble. Look to your kidneys assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Goldthwaite.

Mrs. Claude Dickerson, Goldthwaite says: "I have great confidence in Doan's Kidney Pills, as I have used them and they have benefited me very much. I have no objection to recommending Doan's Kidney Pills, as I believe they will give good results to anyone who needs a kidney medicine."

Price 50c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mrs. Dickerson had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

NOW LOOKOUT

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere. (adv)

DO YOU HAVE SOUR STOMACH?

If you are troubled with sour stomach you should eat slowly and masticate your food thoroughly, then take one of Chamberlain's Tablets immediately after supper. Obtainable everywhere. (adv)
