CITY COUNCIL

The council held a regular monthly meeting Monday night and transacted considerable business, but it was all of a routine nature. While the water works and other matters were discussed, there were no transactions closed.

SINGING CONVENTION

The last session of the Mills county singing convention, held at North Bennett, voted to hold the next meeting in Goldthwaite on the first Saturday and Sunday in February, which will be Feb. 3 and 4. The singers in Goldthwaite are looking forward to a great occasion and the various classes in the county can be sure of a hearty welcome and a large attendance at the session. The present arrangement is for the convention to be held in the court house and it is likely no change will be made from this plan.

MEADOR-STEPHENS

Tom Meador and Miss Ethel Stephens were married at the home of the bride's brother-in-law and sister, Mr. and Mrs. Fred Martin, in this city Sunday morning at 10 o'clock, Rev. Jo H. Frizzell officiating. Only a few relatives and intimate friends witnessed the ceremony, but many friends here and elsewhere join in congratulations and good wishes. While the wedding was a surprise to many of their friends as to the time, it was known to be in prospect and only the day and hour had been kept secret.

Mr. Meador lived in Goldthwaite in his youth and has visited this place several times in later years. He has many childhood friends here as well as other friendships formed during his recent visits. Miss Stephens was reared in this city and has many admiring friends in this city as well as in other communities.

Mr. and Mrs. Meador left on the 9:30 train for their home in Corsicana.

W. W. Saylor is having a new residence built at his farm a few miles south of this city.

J. H. Kelly, who has several building contracts in Lometa, spent Sunday at home and returned to Lometa Monday.

Mrs. Goza and children are here from Jones county visiting her brother, E. L. Eubank, and other relatives.

The Men's Bible class is arranging for a special program and open meeting to be held in the court house Sunday afternoon, Dec. 24.

Mrs. W. H. Thompson returned to her home at Brenham on Sunday night's train after a visit to relatives here and in Brownwood.

Judge S. H. Allen was here from Waco the first of the week shaking hands with friends and looking after business. His little sons who spent several days here with relatives returned home with him.

Fire destroyed a considerable amount of the grass in Will H. Trent's pasture a few miles north of town last Sunday afternoon. The origin of the fire is not known, but the loss of grass at this time is indeed unfortunate.

Dr. and Mrs. Calaway left Saturday afternoon for the Trigger Mountain community to spend the winter with their children. They have a great many friends in this city who hope they will enjoy their stay at the farm and will return to their home in the spring much improved in health.

J. L. Warren, who has made his home in the neighborhood of Warren crossing for a long time, was a visitor to the city Saturday and informed us he was preparing to move back to his old home in Alabama. He has many friends here who regret his departure and hope for him prosperity wherever he goes.

MOTHER'S DISH WASHER

Editor Eagle:

Yes, here D. W. is, ready to rattle off again.

Is it real, or have I just had a dream? Really can it be true that we have heard from Uncle (no I mean) Smiling Billie again and if this is all real I am going to say his bye and bye piece was simply fine. Now, Billie may not know what kind of fine simply fine is, but D. W. hasn't the time to explain to him just now, but am perfectly satisfied the "old boy" will know in the bye and bye to come along yet, see.

Well, maybe I had better not tell all I know, just now, but Billie asks the "old girl" correspondents to put in a say as to how they liked his kind of dope and I was just about to give up all hope of that air ship sail, with the "old man" and call him all kinds of names—what I thought he ought to be called—all because he had failed to ask D. W. to give her opinion of his writing, but you see she just kept reading right down the line until she comes along where he said "you who have been calling for Smiling Billie" and she could do nothing else but know he was meaning D. W.—not the "old girl" writers, though of course, for D. W. isn't yet out of her teens, no not yet, for when that time comes along bye and bye—then she is sure enough Dupli-Kate's rival and—

Health of our community is good so far as the writer knows.

The Misses Jets and Miss Bertha James of the North Brown community were among those who enjoyed a party at the Marler home Friday night.

A number of the young people of this part attended the box supper at Trigger Mountain Saturday night.

Miss Sadie Owens spent Wednesday and Thursday in the Center City community visiting home folks.

MULLIN

Editor Eagle:

Mr. D. B. Eaton is very sick at this writing. Was carried to the sanitarium at Brownwood Wednesday morning.

Mrs. D. R. McCormick, we understand, is very sick. Has also gone to Brownwood.

Prof. Daniel and Miss Iva Lovelace were married at the home of the bride Friday evening, Rev. Tuppen officiating. Only a few present to witness the ceremony. They took the train for Fort Worth immediately after the ceremony, returning Sunday night and were met at the train by the young people of Mullin who treated them to a copious shower of meal, flour and rice, which gave them the appearance of having been in a snow storm. Not being contented with that sort of program, the young people gave them an old time serenade about 11 o'clock Monday night. Miss Iva is one of Mullin's best girls and we think the professor is to be congratulated on securing her love, hand and heart as a companion. We are sure the entire community would join us in best wishes for their future happiness and success.

The Mullin Enterprise has changed hands and Mr. Keys from Oklahoma is now the sole proprietor, whom we welcome to our town and wish for him the hearty cooperation of the town and community to help make a first class, profitable paper.

Quite a few Mullinites motored up to Brownwood last Friday and Saturday nights to see the show entitled "The Birth of a Nation." All came back delighted with what they saw.

Bro. Van tied the knot last Sunday eve that made Mr. Virgil Conner and Miss Spinks man and wife. May their voyage through life be crowned with all the blessings to make them a happy, useful couple wherever their lot may be cast.

Mr. Luther Watkins, wife and little boy took the train last Saturday night for New Mexico. Mr. Watkins felt compelled to make this move, with the hope of it improving his health.

One of the restaurants in Mullin is changing hands so frequently of late a person can't guess who made the chili that is set before him. The last purchaser is Mr. Almon Johnson, who has had years experience in the restaurant business.

Deputy Sheriff Tuppen received orders from the sheriff to halt and arrest a man who was headed this way in an auto with two girls. Shortly afterwards the car drove in sight, was ordered to halt and a weeping and wailing was set up by the girls, while the man began making explanations as to why and wherefore, of course in favor of himself. The sheriff came, took charge of the man and turned the girls over to their brother. Final results unknown at this writing.

On Wednesday evening of this week Mr. Percy Smith came into town in an automobile from the city of Brownwood, where he had been to ask the county clerk of that county for license to marry the girl of his choice. The county judge accepted the papers as legal documents and after a few brief words another young man and his wife were on the way to Mullin to add another couple of married people to the already growing list of newly weds. May joy, peace, happiness and long life attend them on life's journey.

H. C. COBB

TO THE PEOPLE OF GOLDTHWAITE AND MILLS COUNTY

I have purchased the stock of goods formerly owned by Mr. J. M. Bateman and will conduct a First-Class Grocery Store at the same stand, taking possession next Monday, Dec. 11th. I would like for his old customers to continue their patronage with me and wish to make as many new ones as possible. As it will take me some little time to complete my stock and get it in proper shape, I am unable to quote prices on the many articles we expect to carry, but assure you we will sell at

Live-and-Let-Live Prices

I will run a Free Delivery for the city trade, and will also deliver any order for Fresh Meats made with Groceries from my store. I will take your order for Meats and get just what you want. I will have an Up-to-Date Meat Slicing Machine in my store and will slice all Breakfast Bacon, Boiled Ham, etc., if desired.

DUE TO ARRIVE NEXT WEEK! A SOLID CARLOAD OF THE FAMOUS HOME-MADE EAST TEXAS PURE SUGAR CANE SYRUP

This Syrup was grown and manufactured from sugar cane on my own plantation back in East Texas and made under my own supervision. Nothing is extracted, nothing is added to this Syrup. Just the pure cane juice boiled down and canned in standard 10-lb. pails. You had better get a case or two for your winter's supply while you can get the pure Syrup.

We will have both phones in our store, but we especially invite the ladies to come in and see our stock and get acquainted.

We will Do Nothing but a Cash Business

We will not do a thirty-day business, nor till "Saturday night." We will have no book-keeper, nor books to keep. You can order your goods, either over the counter or by phone, pay for the goods in the store or pay the delivery-man when he delivers the goods at your house. This prevents mistakes, saves the expense and worry of book-keeping and collecting. We will not credit the president of a bank nor the laborer—cash to each and every one.

We have come to Goldthwaite to make our home, and we want a reasonable share of your business. We hope to merit your confidence and friendship by honest, upright, business methods. Come around, lay aside formalities, tell me who you are and let's get acquainted.

Yours respectfully,

O. C. GOODWIN

BRANCH HOUSE OPENED

Ernest Wilson and Grady Bates left this week for San Angelo, where they will open a produce house for Wilson Bros. of this city and Ewell Wilson went to Burnet yesterday to open a produce house for the same firm. All produce will be shipped here and combined for shipment to the different markets. This is one of the most successful business concerns of the city and its rapid growth and unprecedented prosperity is due largely to the enterprise and energy of the management. The Lampasas Leader has installed a Menenthaler machine, commonly called a "type-setting machine" and now has it in operation. The Eagle congratulates its neighbor upon this evidence of prosperity and progress.

The old man Watson, charged with killing Banking Commissioner Patterson at Teague a few weeks ago, was convicted of the crime in the district court at Waco last Saturday and given 99 years in the pen. A rumor that threats had been made against officers of the court because of the conviction was investigated by the sheriff's office, but no corroboration of the rumor could be secured.

The supreme court of the United States has rendered a decision upholding the New Jersey automobile law, which imposes a license tax upon persons operating automobiles or motor vehicles upon the roads of that state, whether residents or non-residents. While the law appears unreasonable in exacting the tax from transients and travelers, the higher court rules that the legislature of a state has a right to enact a statute of that character.

A petition with a thousand names attached was presented to the county judge of Travis county last Saturday asking for a prohibition election in that county. Under the law there was no alternative, had the judge desired to reject the petition, hence the election was ordered for Dec. 21. The Ham-Ramsey evangelistic combination has been conducting a revival in Austin for several weeks and this election is one of the results.

Speaker Clark is favorable to a plan to reduce the gallery space of the national legislative hall and discontinue the publication of the Congressional Record. It is not likely any such reform will be adopted by the present session of congress or any other session for a long time to come. While many people receiving the record use it for starting their kitchen fires, yet it is one place the "mighty statesmen and orators" get their speeches quoted and many of the speeches printed therein were in fact never delivered.

When a killing occurs in Canada, which is an extremely rare occurrence the sheriff begins getting ready for a hanging. That's all there is to it. The Canadians love money like all other civilized people, but the richest murderer in that Dominion will stretch hemp with certainty and dispatch. The result is in no country on earth, not even in England or Germany or France where civilization is thousands of years old is the life of a law-abiding man as safe as in that vast domain lying between Quebec and Vancouver. A common excuse for the many murders in Texas is that it is a "new country." And so it is—but it is a good deal older than Central Canada, where murder is almost wholly unknown.—Dallas News.

The last issue of the Mullen Enterprise contained the announcement of the sale of that paper to Mr. Egbert Key, a newspaper man of experience and ability and the Eagle bids him a hearty welcome as a neighbor and co-worker for the upbuilding of every interest of Mills county. The paper does not say what Mr. Bradbury's plans are for future work, but the Eagle feels sure he will not long remain idle. He is possessed of fine ability and has other qualifications which go into the making of a first class newspaper man. Besides this, he is a gentleman of high character and a citizen who is a credit to any community. Wherever he goes and in whatever line of business he may engage the Eagle's kindest regards and best wishes will go with him.

ALLEN-BAUCHMAN

Belton, Dec. 1.—Wednesday evening at the Methodist parsonage Rev. W. H. Howard uttered the words which united in marriage Mr. Alonzo Bauchman of Alpine and Miss Lella Allen of this city. The bridal couple were accompanied by Mr. Ivy Brooks and Miss Eva Allen, sister of the bride.

Not until Thursday morning was the marriage made known to other members of the family and friends.

After the ceremony the party returned to the Allen home and spent some time in a pleasant social way. Mr. Bauchman then bidding other members of the party good night and returning to the hotel.

It was expected by the parents of the bride and friends that the marriage would be solemnized Thanksgiving day. The young people began to be afraid the marriage would not be as quiet a one as they wanted it to be if they waited until the time arranged.

The bride is the daughter of Mr. and Mrs. J. M. Allen of this city. Though residing here only a few months, Miss Lella made a host of friends, won by her gentle, sweet womanliness. Her former home was at Goldthwaite, the family coming to this city in the late summer.

Mr. Bauchman is one of the most prominent young lawyers of Alpine. He is a young man of sterling worth.

The marriage was the culmination of a school romance, these young people having met some four years ago, while students at Howard Payne college, Brownwood.

Mr. and Mrs. Bauchman left yesterday afternoon for their home at Alpine.—Belton Special in Temple Telegram.

The announcement of this marriage was not a surprise to the many friends of the charming young bride, for they had known for some time that the happy event was in prospect. While Mr. Bauchman is known to only a few Goldthwaite people, he is recommended as a man of high character and sterling worth. Miss Lella was reared here and all who know her admire her and offer best wishes and congratulations.

OUR SCHOOLS

From year to year it has become more evident that our rural schools need to be made stronger and more effective. It needs no argument to the observing individual that education is the one thing required to make life most helpful to community and nation. Human powers cannot be developed to their best without constant effort along lines of literary and scientific improvements.

The Texas compulsory law relating to public schools will finally prove to be one of the most fruitful steps taken by a Texas Legislature.

One thing making the little country Germany so powerful is the fact that she is a remarkable scientific nation. Germany began foundations of strength and power a little more than four hundred years ago when she adopted laws. Comparing our great nation with other nations of the world should inspire us to continue to lead in strength and beauty of civilization. Comparing Texas with some states of the Union or comparing Mills county with some of our sister counties is a sufficient call for our citizenship to harken to the on going of the educational trend. It is a distinct call for the parent with meager or no means to arrange without delay for his offspring to have an even chance at life.

One of our greatest statesmen of the past is said to have exclaimed that "a dollar in the hand is worth two in the pocket and you might say ten on the back. Money in your pocket will get out while that on your back will wear out, but that in the hand will grow more valuable by using." Such a statement still remains a matchless truism. I say as stated by one compiling rural statistics that the country church and country schools in Texas are wanting. Either one of these institutions will fall or flourish with the other.

One of the difficult conditions in the richer parts of the state is the tenant problem. It is stated that a little more than fifty-two per cent of the farms in Texas are operated by tenants. In this part of the

state we are better situated because a larger per cent of farms are operated by the owners.

The only thing in sight to meet the needs of the country is consolidation of schools until schools in the country are sufficient to meet the important requirements of the present age. The hopeful sign is the growing disposition among the people to unite weak schools. Some citizens are seeking consolidation who five or six years ago were in stout opposition. One thing arguing for it is the large number of transfers from year to year into the high schools from the country. It is a fine sign, when high schools with good length of term are sought into which the country youth is committed but it's doing things in a better fashion where such schools are built about our homes in the country districts. Success will come to any community by continuance in agitation. Treat the knocker kindly, but keep on talking it, keep agitating. If anything else is needed it is more agitating. SAM SAY

Fortunately he nor any of the others were seriously hurt.

It is now proposed to build a three story fire proof building faced with San Saba Marble, at a cost of from \$20,000, to \$30,000, facing east on the public square, and running back west 140 feet on Commerce street, leaving part of the back lots for storage purposes. COMANCHE

Last Saturday the store of Higginbotham at Blanket was burglarized, the robbers taking a thousand dollars worth of goods. No clew has been found and it is supposed the work was done by professionals.

The ever hospitable home of Hutton Burks was thrown open for the entertainment of the Brownwood and Comanche football teams and friends Saturday evening, with Miss Louise Burks as hostess. Dancing was the principal diversion.

Neely-Harris-Cunningham Co., Monday of this week failed to open their

doors and went into voluntary bankruptcy after a long career as a business institution. Neely-Harris-Cunningham Co. were successors to Neely-Adams-Harris Co., which had succeeded Campbell-Neely Company, which firm was among the early large establishments of this section. It perhaps reached its zenith under Judge Neely, who was foremost among some very able financiers Comanche has produced. Last year when so many of the big firms of the city were forced to close this one held intact and it seemed for a time it would weather the storm under the management of S. B. Todd, but it could not be done.—Chief.

HAMILTON

C. D. McKinley went down to Temple Wednesday to accompany Mrs. McKinley home from the sanitarium where she had been a patient for the past six weeks. She has recovered from a very serious surgical operation and is fast regaining her strength.

Dan Cupid is laughing in his sleeve this morning, or rather would be if he had any sleeves, since his labors in Hamilton culminated last night, November 29, in the marriage of Ira Austin and Miss Ermene McKinley at 8 o'clock, Rev. C. B. Diltz of the Methodist church reading the marriage rites.

With the members of the immediate family gathered in the parlor at the home of the bride in North Hamilton, the marriage vows were taken last Saturday evening, November 25, at 8 o'clock which united Miss Mattie Martin and R. Q. MacQuinn in the holy bonds of wedlock, the Rev. Hardy E. Baugh, of the First Christian church, reading the marriage rites.

News date in gaining circulation in Hamilton, the old home town of the groom, Robert Emmett, is the happy message of his marriage on November 8, to Miss Myrtle Madden of Colorado, Texas. The ceremony took place at the home of her parents, Mr. and Mrs. C. F. Madden, and the happy young people went to their home in Fort Worth immediately after the marriage. Robert Emmett was born and reared in Hamilton, and resided here until some two years ago when he became a traveling salesman with headquarters in Fort Worth. Many life-long friends would wish for him and his bonny bride a wedded life filled with the sunshine of happiness and prosperity.

If you appreciate your home paper now is the time to show it, for the publisher needs all the assistance you can give him. The prices on materials that he uses in making the paper are so stupendous that he is continually buried under bills, and the friends of the paper should not only pay in advance themselves but they should get the neighbor who borrows their paper each week to come in and pay the warm cash for a year or two in advance on subscription. And don't depend on taking in a load of cabbage or turnip greens to pay the editor for he needs the cash.—Record.

DANGER SIGNAL

If the fire bell should ring would you run and stop it or go and help put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for backing up these attacks and you cannot get him to take any other Obtainable everywhere. (adv)

COMMERCIAL CLUB

Important Meeting Held—Plans for Work and Entertainment.

The Commercial club held a meeting in the court house Wednesday night to discuss matters of importance to the city and county. This was the first meeting of the club for several months, it having been decided by the organization to have the business conducted by the board of directors, thereby obviating the necessity for frequent meetings. Some matters of more importance coming before the board, however, made it necessary to call the entire club in consultation.

It was decided by the meeting that a committee should go before the meeting of the commissioners next Monday to discuss road work for the coming year and offer the co-operation of the club in every way possible. The delegation selected is composed of Messrs. W. C. Dew, L. E. Miller, H. G. Bodkin, Will H. Trent and W. P. McCullough.

Another matter coming before the club was a "Business Men's Banquet" to be held on New Year's night. It was decided to provide finances for the expenses by the sale of tickets, a general invitation to be extended to the people of the town and country to participate in the entertainment. A committee was selected to take the management of the banquet, provide a place, sell tickets, formulate a program and arrange all details. The committee is Messrs. Will H. Trent, H. G. Bodkin, L. E. Miller, W. C. Dew, O. H. Hearne, A. E. Evans and O. C. Goodwin. This committee was given authority to appoint sub-committees from the membership of the club and purchasers of tickets for all duties to be performed, also to make full arrangements for the entertainment.

COUNTY COURT

County court has been in session this week, but there have been no jury trials and only a few cases have come before the court and they were pleas of guilty in misdemeanor cases.

The jurors were dismissed Monday afternoon and it is not likely any trials will be had at this term other than in probate matters.

Judge Weaver has conducted the court in a way that proves he is well qualified for the responsible position and he has been frequently complimented by those who have been about the court.

—If you intend to buy land be sure and demand an abstract of the title, so you may know its condition, as otherwise you may get a bad title.—
E. B. ANDERSON, Abstractor.

Sheriff Burnett, Fred Martin, H. C. Ezzell, Hugh McCullough and William Scott went to Gatesville Wednesday to identify a man thought to be the one wanted here on a charge of forgery. The Gatesville man was not the one wanted, however.

Mrs. Helen M. Stoddard of Lemon Grove, California, stopped off here for a visit with Dr. and Mrs. J. W. Carson. She is en route to her home from a trip to Indianapolis, Ind where she has been attending the National W. C. T. U. Convention. She will go from here to Fort Worth where she will be entertained Wednesday night by the W. C. T. U. organization of that city. She is a lecturer of note and is one of the leaders in temperance work in the United States. Mrs. Stoddard is well known in Texas; the Stoddard Hall of the C. I. A. at Denton being named in her honor.—Brownwood Herald.

WILL HUDSON DEAD

Friends here of the Hudson family sympathize greatly with them in the death of Mr. Wm. F. Hudson, youngest brother of Mr. Lewis Hudson, which occurred in El Center, California, a few days ago. The remains were shipped to Round Rock the home of the aged mother and other members of the family and were interred Thursday. While the deceased was never a resident of this place, his parents lived here some years ago, when Rev. Hudson was pastor of the Presbyterian church and the family is well known and has many friends in this section.

The members of the family are all quite well known here. His brothers and sisters are: Lewis Hudson, Goldthwaite; Jas. A. Hudson, Fayetteville, Ark.; Dr. S. E. Hudson, Austin; Mrs. W. A. Gant, Round Rock; John D. Hudson, mayor of Georgetown; Mrs. Lenora McMorris, Terrell; Dr. R. D. Hudson, Copeland. They were all present at the funeral except Jas. A. Hudson of Fayetteville.

ART AND CIVICS CLUB MEETING

Mrs. J. M. Arnold opened her home to the members of the Art and Civics club and a few friends on Wednesday afternoon. After the business session of the club the guests for the afternoon arrived and tables were placed for the ever enjoyable game of "forty-two." Excitement reigned high throughout the game hour and there were several ties for high score.

After time on the games was called the hostess served a luncheon course consisting of nut salad, olives, midget pickles, sandwiches, ice tea, fruit cocktail and cake.

The guests for the delightful afternoon were Mesdames Ebers, Kennerly, Cunningham, Thompson and Misses Tackett and Thompson.

A GUEST.

PASTOR J. R. DAVIS

The body of Frank McLauren was found burned beneath his overturned automobile on the Taylor-Georgetown road a few weeks ago and it was supposed he came to his death by accident, but later developments caused a suspicion that it was not so much of an accident. This week his divorced wife and her son and nephew, together with a negro man, were arrested in connection with the case. McLauren was wealthy and stood high in Williamson county.

ACT QUICKLY

Delay Has Been Dangerous in Goldthwaite.

Do the right thing at the right time.

Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Goldthwaite evidence of their worth.

J. C. Carlock, farmer, Fisher St., Goldthwaite, says: "I was doing some heavy work and I strained my back and kidneys lifting. At first I commenced to have pains in my back and mornings I couldn't straighten up. The pains extended in my hips and limbs. My kidneys became weak and I had to pass the kidney secretions far too often. I used a kidney medicine, but it did me no good and finally I began taking Doan's Kidney Pills. Soon the pain in my back left and the action of my kidneys became regular. I have had no need of a kidney medicine since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Carlock had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

BUILDING SCHOOL HOUSE

The citizens of the Plainview school district have determined to build another school house on the site where their building was destroyed by fire last week. All of the necessary material has been purchased and hauled to the place of building and workmen are busily engaged in erecting a house. The destruction of the building was a severe loss to the community and the expense of building is heavy on the people of the community, but they have responded liberally to the demand made upon them and have been promised assistance from their friends in other communities. The school will soon be in progress at that place again.

COUGH MEDICINE FOR CHILDREN

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable everywhere. (adv)
