As the guests entered they were served punch, and required to register in a beautifully hand painted folder. Each was given one said, "junior, senior, quiz, skating rink, show, school," several other similar words, he was fined one bean by the person to whom he was talking. Maynard Fowler received the largest number of beans. Several games of Bunco were played and Miss Lela Berry received the prize, the register folder, for scoring highest. Delicious refreshments in the prevailing color scheme of pink and white, were served. The evening was made more delightful by the musical selections rendered by members of the party.

### BEAUTIFYING GROUNDS

G. G. Clements, who is in charge of the court house and grounds, has been doing some good work improving the appearance of the yard and surrounding. He is using his best endeavors to give the public good service.

### STAR SCHOOL DOTS

Much Interest Manifested In Educational Matters

The Parent-Teachers club offered a prize to each room for subscribers to Holland's Magazine. Lucile Hamilton came out ahead of the list, Esteen Hamilton second and Herman Lee third. Each of the three will be given a reward.

One of the teachers, Miss Palmer, has gone home to Indian Gap. She has a genuine case of the measles. She leaves many friends here who are anxious for a safe and speedy recovery. It was unnecessary to supply a teacher, as measles had left a small attendance so Miss Palmer's pupils were divided among the other rooms.

Lucile Hamilton won the prize offered by Mr. Peck for writing the best essay in the sixth grade on "Texas." Seventh grade was won by Herman Burney. We congratulate these pupils in their successful competition for the prizes and hope they will continue the work.

A large crowd of pupils and all the teachers attended the county meet at Mullin last Saturday and appreciate the royal reception Mullin gave. A most delicious dinner was served at the school building by the Mullin High school pupils. We wish to tender our thanks for the pleasant day spent.

Miss Allene Clary won the medal in essay writing, Christian Goode the medal in the spelling contest. In athletic games Christian Goode, Elois Roberts, Ray Mathis and Dee Slaughter carried off the honors. We congratulate these young people on their success.

### WATER WORKS PLANS

The water works system will be installed as soon as possible, but much delay has been occasioned by the failure of the railroads to deliver piping and other material which has been on the road a long time. As soon as this material is received active operations will be begun in laying and mains and preparing the system for service as soon as the railroad company can secure water from the big lake and allow the city the use of the wells at this place.

## THE NATION IS AT WAR

### Congress Has Declared Hostilities Against the German Empire

The Strength of This Country to Aid in the Suppression of Unrestricted Submarine Warfare and Violation of International Law

WASHINGTON, April 6.—The resolution declaring that a state of war exists between the United States and Germany already passed the senate, passed the house shortly after 3 o'clock this morning by a vote of 373 to 50. President Wilson will sign the resolution as soon as Vice President Marshall has attached his signature in the senate. It formally accepts the state of belligerency forced by German aggression and authorizes and directs the president to employ the military and naval forces and all the resources of the nation to bring the war against Germany to a successful termination. Without roll calls the house rejected all amendments including proposals to prohibit the sending of any troops overseas without congressional authority.

Passage of the resolution followed seventeen hours of debate. There was no attempt to filibuster, but the pacifist group under the leadership of Democratic Leader Kitchin, prolonged the discussion with impassioned speeches, declaring conscience would not permit them to support the president's recommendation that a state of war be declared.

### RECORD BREAKING PRICES

Robt. Robertson, Will Daniels, and J. O. McLarey returned Thursday from Fort Worth, where they shipped cattle and hogs and received record breaking prices. For yearlings weighing 657 pounds Mr. Robertson received 10c per pound, while one hog weighing 600 lbs. brought 14c. These gentlemen were well pleased with the results of their trip and well they might have been, for they topped the markets, as Mills county products always do.

### INFORMAL RECEPTION

Mr. and Mrs. W. E. Miller will give an informal reception at their home this afternoon, Saturday, from three to five o'clock, complimentary to the new Baptist pastor and wife, Rev. and Mrs. W. R. White. The object of the reception is for the pastor and his wife to get acquainted with the active members of their church at Goldthwaite. All the active members of the church, both ladies and gentlemen, are cordially invited to call, if for only a few minutes.

### HAPPY HEARTS

Harry Allen and Miss Edna Lowrie were married in the Methodist church Tuesday evening at 8:30 o'clock, Rev. I. T. Morris officiating. The announcement of the marriage was a complete surprise to many of the most intimate friends of the young couple, no intimation having been given by them that the happy event was so near at hand.

The groom grew to manhood here and is a young man of high character and industrious habits. He has the confidence of all who know him and all of his friends are glad to join in extending congratulations. The bride is a daughter of Dr. S. A. Lowrie and is one of the most universally popular young ladies of the city. She grew to womanhood here and is a leader in church work and Christian service among the young people. The good wishes of everybody are extended to her and her husband.

The young people have commenced housekeeping in the Book or residence in the southern portion of the city.

### SENIORS ENTERTAINED BY JUNIORS

Friday night, March 30, the Juniors entertained the Seniors at the home of Mr. and Mrs. E. B. Anderson. The house was prettily decorated with ferns and cut flowers.

On entering, we were lead to the punch bowl and served with delicious punch. We then registered, and before entering the parlor, we were each presented with a tiny sack of jelly beans. On the floor were pinned these words: "Junior, Senior, Show, Skating Rink, and School." If we used any of those words that night, we had to give up a bean in this game we lost and gained very many beans, and at last, Maynard Fowler had gained the most beans and received a jar of jelly beans. The progressive game, "Bunco" was the contest for amusement, in which Lela Berry scored highest and was awarded the guest book as prize.

The invited guests present were, Butler Evans, J. D. Lowe, Maynard and Grisham Fowler, Tom Lewis Brown, Virgil Jackson, Barton Keese, Roy Gartner, Brian Smith, and Misses Jarrett and Christian. SENIOR.

### CLUB MEETING

The Art and Civic club met on Wednesday, April 4, with Mrs. L. E. Miller as hostess. The following program was rendered:

The hostess served delicious cherry cream and cake. Plate favors were little chicks and Easter eggs reposing in the heart of beautiful American Beauty roses.

## MOTHER'S DISH WASHER

Editor Eagle: Dear readers, each and every one, a glad howdy-do-to-you.

Well, I am a very busy little girl this week and really haven't time to write, but now I think it is time I were saying something, since I have known Smiling Billie so well and he has always proved so true to me and then Miss Dupli-Kate would hint such a thing as me being "jealous." Well, the letter was signed Kate and Duplicate, but I can hardly believe Miss Kate said any thing like that, for she and I are "purty" good friends, and she knows me and I know her and we both know Smiling Billie, and of course I know it to be true, for he told me he would not give D. W. for Mr. Woodrow Wilson's position. Haha. Now I claim that is a slam on Woodrow Wilson and Miss Dupli-Kate, but it's just that way and can't be changed, and I am sitting with both eyes open, trying to see why I should be jealous.

Now, we (yes, all of we readers) surely enjoyed all those good letters last week and a most hearty welcome is passed over to Miss Doll Dimples. You all know I live at Pickens Springs, too, and I suspect I will be just a little partial and want her to sit, stand, and walk with Smiling Billie and me. But now, Doll Dimples, since you have entered this jolly band of Eagle writers and you know me and I know you, I am going to tell you just now, and right now, and sure enough for your own benefit, you need not begin your knocking and kicking. D. W. around, for if you do, Billie wont like you a little bit.

Rev. Vann preached a very interesting sermon at the school house Sunday afternoon, and immediately after the preaching hour, it was announced there was to be a wedding. Then by Rev. Vann, the words were spoken that united as man and wife. Miss Lizzie Goodwin and Willard Mosier. We learn they will make Mullin their home.

The young people enjoyed the "close of school" picnic Saturday. There was a large crowd and dinner was spread on the "green" and everyone seemed to enjoy the dinner hour the best of them all—every one looking forward with sorrow to the hour when our good and faithful teacher, Miss Sadie Owens, would leave us.

Mrs. Walker and daughter, Miss Lizzie, of Mullin, spent Wednesday in our community, guests of Mrs. Walker's parents, Mr. and Mrs. Sherfield.

Mr. and Mrs. Teffertiller were Mullin visitors Monday.

Clifford and Earrol Marler and Alvin Sexton spent part of last week on a fishing trip. Have not heard whether Mr. Good Luck was with them or not.

Well, guess I have taken up more than my share this week, but pardon me this time, readers, and I wont act so naughty again.

## There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

R. M. THOMPSON, Editor

A proclamation has been issued in Russia granting to Poland the right to choose its own form of government, which is predicated upon a system of universal suffrage.

When congress convened in extraordinary session Monday Hon. Champ Clark of Missouri was re-elected speaker of the lower house by a majority of twelve votes over Representative Mann, the Republican leader. The speaker was placed in nomination by a Progressive.

Governor Ferguson has very properly vetoed the free pass bill adopted by the recent session of legislature. It was attempted by the legislators to provide for free passage for themselves and the state officials, but the governor says there is "nothing doing."

A great deal of damage was done by the storm Sunday morning in various sections of the state. Comanche, Brownwood, Santa Anna, Dublin, Cleburne and Waxahachie are among the towns that suffered loss. In only one or two places were people hurt and there were no fatalities.

There hasn't been a time when people should be more careful of their utterances than the present. Expressions with the present high tension of the public pulse may lead to complications that will be regrettable. Most Americans, and a great majority of the foreign born citizens of this country, are patriotic and can be depended upon to protect—the stars and stripes.

The Hays county commissioners court has practically abolished the office of county treasurer and has arranged with a San Marcos bank to handle the business, a salary of \$250 per annum being allowed a bank clerk for the detail work. The treasurer having accidentally shot himself a few weeks ago, the court refused to select a successor, making the deal with the bank instead.

Business conditions over the nation have been undisturbed by the near approach of grim visaged war. In almost every line of industry and development advancement is reported and the great American people are not alarmed because of the disturbance. Everybody is confident of the outcome and has full confidence in the authorities being able to handle the situation, without any considerable interference with business and domestic affairs.

One of the most necessary enactments by the late legislature was the one making provision for another insane asylum. It has long been realized that the state's facilities for caring for these unfortunate people are inadequate. Many insane persons have been held in jails and other places intended for criminals and have been denied the care and treatment necessary for their wellbeing, if not their restoration. The new institution will be known as the Northwest Texas asylum.

The last legislature passed a law appropriating \$200,000 to pay for scalps of wolves and jack rabbits, but Governor Ferguson has vetoed it, giving as a reason that most of the money would be paid for rabbit scalps and that shooting rabbits is a matter of sport rather than industry. He adds that if the price of meat continues to go up the people will need the rabbits for food. He says he is willing to approve an appropriation for extermination of wolves and wild cats, but the law making body must leave out rabbits.

## FORMER SHERIFF A. R. ANDERSON NOW ENDORSES TANLAC

Prominent Houston Man Says, 'Money Could Not Buy The Good It Has Done Me.'

"Money could not buy the good Tanlac has done me and I gladly recommend it for what it has done for my case," said Hon. Archie R. Anderson, of Houston, Ex-Sheriff of Harris County, recently.

Mr. Anderson needs no introduction to the people of Texas, as he is unquestionably not only one of the best known, but one of the most popular men that ever held public office in "The Lone Star" state. After serving as Deputy Sheriff of Harris County for twelve years, Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the sheriff of Harris county died. Mr. Anderson's friends persuaded him to make race for the unexpired term of sheriff to which he was easily elected. He was honored with election seven different times and served the people in this important office for 15 consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this interesting and prosperous city.

"I was in a run down condition," continued Mr. Anderson "and had no appetite at all." "I could hardly sleep at night and never felt like getting up in the mornings, I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food. I had to take my coffee without sugar, as if I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I am telling all my friends just what I am telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let any and every suffering person who may wish benefit by my experience with this great medicine."

Tanlac is sold in Goldthwaite by L. E. Miller & Son and in Regency by Keeling and Keeling. (Advertisement)

### A PLEASANT AFTERNOON

On last Tuesday, April 3, a number of Mr. D. Y. Fox's elderly friends were invited to meet with him at the home of his daughter, Mrs. Claude Eacott, to celebrate his 66th birthday. The house was filled with bright, cheerful faces and everybody seemed to have a good time.

As each one entered the door, he was met and invited to register and then partake of delightful punch and nabiscoes. All the afternoon the Victrola discoursed sweet songs and instrumental music, which added much to the pleasure of the occasion. Several of the company told of by-gone days, reminiscences of long ago, some laughable and some sad, winding up by wishing the honoree many returns of the happy day.

It was a kind and thoughtful deed, remembering and honoring the loved father. Too often the elderly folks are left out of pleasant gatherings, while they enjoy them just as much as younger people.

The company left feeling refreshed and appreciating the kindly motive of the young folks who had entertained them so pleasantly. ONE PRESENT.

### FAREWELL SOCIAL

Upon entering, each guest was requested to write a farewell wish in a hand-painted book, which was presented to the guest of honor.

Mrs. C. M. Burch scored highest among the club members and won the prize, a box of stationery. Mrs. Leigh took the guest prize. Nut cream and wafers were served with plate favors of little Easter chicks.

Mrs. Wallace was a charter member of the Art and Civic club and we certainly hate to give her up. REPORTER.

## CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

### WILL CANNON KILLED

The news was received here Wednesday evening of the killing of Will Cannon at Killeen, and it was stated the fatal shot was fired by the city marshal of that town, who was killed by Cannon, but it is supposed that Cannon was shooting at another man and struck the marshal by accident. Cannon's son, aged about 19, was involved in the difficulty and was placed under arrest after the shooting, as were two other parties. Family trouble is supposed to have been the cause, but its exact nature is not known.

Will Cannon was quite well known here, where he lived for a number of years. He was employed in Henry Martin's hardware store for some time and was also employed in other lines of work and business in this place. He had been in Mexico for several years and only recently returned to his former home at Killeen. He was a brother-in-law of Ausin Cooke and Jack Costley and had other relatives here including several sisters. He was a visitor to this place last week and met with many of his former friends and acquaintances at that time. He was popular with those who knew him and all regret his tragic death.

### HAZEL BROWN.

Miss Brown, contralto, is a woman of splendid presence, admirably suited to the part of Katisha in "Mikado," being naturally of a dramatic temperament. Her voice is glorious, rich and full, and has an appealing quality that wins friends and applause instantly. She is with the Hinshaw Conservatory Party on the first day of the Chautauqua.

### BERNICE HARDY DUGGAN.

Miss Duggan is the Reader with the Lone Star Ladies' Trio. She is a Texan, born and educated in the southland with the very best advantages in her chosen line of work—Expression and Dramatic Art. Her audiences may confidently expect a program which will both entertain and captivate the most critical listener.

### HELEN LEILA BLOSE.

Miss Blose, with the Lone Star Ladies' Trio, is an accomplished pianist. Miss Blose will be a great inspiration to the younger musicians, as she portrays in her remarkable ability the success to be obtained by application and hard work.

### TRUSTEE ELECTION

Three members of the Board of Trustees of Goldthwaite public school are to be elected today, the terms of Messrs. G. W. Jackson, J. N. Keese, and J. D. Brim having expired.

The board has not yet fixed a date for the election of teachers for next term, but it is likely the time will be announced in the near future. The school affairs are in good condition and the pupils have made good progress for the session and the teachers and pupils, as well as members of the board, are entitled to the commendation of the community.

At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The all treatment not only helped me, but it cured me."

## The Goldthwaite Eagle

Saturday, April 7, 1917.

Joe W. Morgan was here from the Antelope Gap community the first of this week, looking after business matters.

Judge John W. Goodwin of Brownwood was here the early part of the week looking after legal matters.

J. L. King has been here from the Zephyr country this week, visiting and looking after business affairs.

J. F. Priddy was here from Priddy the first of the week and took advantage of the opportunity to renew his subscription for the Eagle.

It is announced by military authorities that national guardsmen who have dependent families will be mustered out of the service as rapidly as possible.

The concrete framing is being placed in position for the third story of the Saylor hotel building. Everybody will be proud of this fine building when it is completed.

Lost—A package containing a blue silk kimono. Finder will be rewarded for leaving it at the Eagle office or returning it to me at the Big Valley store—W. S. Jarrett.

Mesdames H. C. Holcombe and L. H. Strickland and Miss Estel Cannon were called to Killen Thursday morning on account of the death of their brother, Will Cannon.

Mrs W. H. Thompson of Brenham was in the city a few days this week visiting relatives and friends. She went from here to Brownwood for a visit to her son, Lindsey, and his wife.

A fire loss of perhaps \$250,000 was suffered at Wichita Falls Tuesday night. The fire swept over seven blocks before it was gotten under control. It is said boys smoking cigarettes started the fire by accident.

Mrs. F. N. Irwin returned Tuesday from Temple, where she went last week to be with Mrs. C. L. Bodkin and other members of the family when Mr. Bodkin underwent a serious operation in the sanitarium.

Many places throughout the nation have organized citizens training camps, where men can learn military tactics and be ready for active service should the necessity arrive. A camp of this kind could easily be organized at Goldthwaite.

Mr. Robert Handley, a contractor of Brownwood, who was visiting with his wife at the home of her parents, Mr. and Mrs. Zeb. Keeling, of Regency, died at 3 o'clock Wednesday morning at that place, after an illness of only two or three hours, with some stomach trouble diagnosed as acute indigestion. Mr. Handley was 42 years old and came to Texas from Missouri.

Burglars at Texarkana were surprised by the appearance of a face at the window and escaped from a residence of a prominent citizen of that place, having secured only \$1100 in money, overlooking a much larger amount that was in the house. In most places people keep their money in the banks, where it is protected from danger of loss by theft or fire.

J. D. H. Wallace, who for the past several years has lived in Goldthwaite, having been connected with McKinley-Corrigan Co.'s house in that city, moved back to Hamilton this week and is with the firm here, being employed in the dry goods department. Mr. Wallace is one of the principal stockholders in the firm, and he and Mrs. Wallace have lived in Hamilton the greater part of their lives and a host of friends welcome them home again. As is readily recalled, Mrs. Wallace is the daughter of Mr. and Mrs. J. G. Jones.—Hamilton Record.

## PRESIDENT VINSON MAKES STATEMENT

"Let me say at the outset that I am not opposed to the policy of having the sons and daughters of rich men in the University of Texas. In my judgment, there are far too few of this class of Texas boys and girls patronizing this institution. Figures recently compiled reveal the interesting fact that each year some 3,000 Texas students are registered in schools beyond the confines of this state. We may reasonably say that this figure represents to a large extent the boys and girls who go from the homes of well-to-do people of Texas for their education. It is a great pity that the sons and daughters of our rich men and women are educated altogether out of that environment in which their lives for the most part must be lived after graduation. They lose tremendously. We also lose. It is an economic problem. If the expenditures abroad of each of these students are placed at only \$500 per annum, it means that something like a million and a half dollars are annually paid to institutions outside of Texas for educational advantages which the state does not afford, or at least for advantages which some of our people feel cannot be obtained at home. But, when all of this is said, it still remains true that both from the standpoint of policy and from the standpoint of practice, the University of Texas is gaged to the requirements of the poor man, and not to the abilities of the rich man. It is a fact of tremendous significance that during the past session more than fifty per cent of the men students of this University were dependent upon themselves for the expenses of their education. This money was made either before coming to the University or while in attendance at the University. Out of the entire student body, both men and women, more than forty-two per cent paid their own expenses in the University either in whole or in part during the past session; and these self-supporting students earned during that session the total sum of \$16,000 while carrying on their University studies. Certainly the fees charged by the University itself do not demand riches for their payment, as these, including all student activities, may be paid for with the small sum of thirty dollars per year."

### GIVE BACK BOOKS

Those who have books belonging to the Self Culture Club's library, should return them to the ladies, if they have been out more than two weeks. This library was secured by these ladies for the public good and the books are purchased with the private means of the members of the club and the fees secured from book rentals. It is not fair or right to take their books and keep them, either thru negligence or design. Those who know they have patronized the library should make an inspection of their premises and see if the books are unreturned; and if so, they should lose no time in making restitution. Of course, it would be only fair to pay for the time the books have been kept out, but the ladies will be mighty thankful to secure some of the books they know about that have been kept out of the library for months and now ornament private library shelves.

**UNIVERSITY SCHOLASTIC LEAGUE.**

In December, 1910, at the State Teachers' meeting at Abilene there was organized what is known as the University Inter-scholastic League, which has for its purpose the organization and direction of desirable school activities, thereby assisting in the preparation of pupils for citizenship.

For the first year the League confined its activities to debate among high schools affiliated with the University. The following year, declamations were added, and membership in the League was thrown open to all public and private schools below college rank, excepting schools conferring degrees and colleges of oratory. Since then have been added contests in spelling, essay writing, and athletics.

In 1911, the first year after the organization of the League, 35 high schools were enrolled, but in 1916 this number had increased to 1296, all of which were represented in one or more of the contests.

The county meet of Mills county was held at Mullin, Saturday, March 31, at which were represented several of the county schools, in declamation, essays, spelling and athletics. In behalf of all visitors who were present, I take this opportunity of thanking the ladies of Mullin for the sumptuous spread of appetizing refreshments served, the citizens who freely donated medals, and the community as a whole for their hearty welcome and enthusiastic support of the league work.

Goldthwaite public schools were represented in five of the contests at this meet and carried away three medals. Below is a list of the various winners:

**Junior Declamation:**  
Boys—Jesse Coody, Mt. Olive.  
Girls—Myrtle Halrod, Democrat.

**Senior Declamation:**  
Boys—Kent Brannan, Goldthwaite.  
Girls—Ruby Welch, Goldthwaite.

This organization should have active co-operation of not only every teacher, but also of every patron and citizen. Active co-operation will come only as a result of wide-awake interest in the children as citizens in the making, and putting their welfare above and away from the commercial idea. Everyone has a part in arousing and stimulating this interest. The pupils should vie with one another in various contests not only for the material badge of honor, but for the prize of increased mental ability, remembering that neither can be won without an effort being made. They should also keep in mind the fact that jeers and ridicule come only from those who seldom attempt anything worth while.

Teachers have daily opportunity of inculcating the worth of the mental development received from declamations, debates, and

essays. This training not only improves the recitation, but the knowledge gained remains fixed. So teachers should encourage these contests and discourage the tendency on the part of so many to ridicule those who really desire to take advantage of opportunities offered.

Parents often discourage their children from engaging in this work for the reason that they may give time to this which should be devoted to their studies. This is not a fact, for the reason that pupils who are not making passing grades in at least three or four studies are not permitted to enter any contests. This restriction really spurs them on to even better work than they would otherwise do. Parents, remember that school children are at an impressionable age and that a chance remark from you may cause them to succeed or fail. Remember, also, that your interest is estimated by your presence or absence from school affairs.

The interest of citizens in their town is determined by their interest in, and co-operation with, their public schools. The merchant, the banker, or the patron who seldom, if ever, inquires about or visits the schools, cannot rightfully speak of them as "our schools," even though he does help support them by payment of taxes, for he pays this tax only upon legal compulsion. The teacher who spends little time with her school work just enough to receive her salary, or who begrudges an extra effort in behalf of the pupils, excusing herself with the idea that she is not appreciated, cannot truthfully say "our school." Nor can the boy or girl, whose only thought is to while away the time or aggravate the teacher claim to be a part of the school.

The business man and the professional man know that in order to obtain the success for which they are striving, they must give their personal attention to their work. Not one of them would keep a manager who seldom enters his place of business. The school, being a business, cannot be a success until the patrons, who are the owners, and the trustees, who are the managers, are willing to devote a part of their time to this business.

A little bit of co-operation would accomplish great results here in all affairs of our city. Because of various conditions that have arisen, some avoidable others unavoidable, the school work has not reached the standard desired, but it has reached and maintained its present standard only because of the co-operative effort of the teachers. And its present classification of class 1A, is to be maintained only because the patrons said we must have a nine month's term of free school, and subscribed their money for that purpose.

Goldthwaite having the only first class high school in Mills county, and being, at the same time the county seat and most accessible place in the county, is the logical place for holding the county contests of the Inter-scholastic League. A few pupils, as contestants, a little more attention and encouragement by the teachers, a little interest of patrons evidenced by their presence and approval, a little bit of material inducement on the part of the citizens in general, in the way of prizes for winning contestants, and invitations and entertainment for visitors from the county schools, will benefit Goldthwaite educationally, socially, civically and financially.

The lack of these few items was the cause of the apparent failure of the county meet here last year, and also resulted in Mullin securing the meet this year. Let's get together and see that Goldthwaite secures what belongs to her, in the future.

THOS. E. GAY,  
Superintendent.

My kidneys became weak and I had to pass the kidney secretions far too often. I used a kidney medicine but it did me no good, and finally I began taking Doan's Kidney Pills. The "BUY IT MADE IN TEXAS" business slogan is the best we have had for our industrial development

In the past two years, the buying of Texas-made goods has kept thousands of Texas dollars in the state, to go out through the regular channels of trade and the result is the development of our home industries.

Insurance is no exception to the rule—"THE TEXAS COMPANIES" are owned and controlled by Texas men, their home office is in Dallas, Texas, their surplus earnings are invested in loans on Texas real estate, and in other ways they contribute to the general welfare of our great southwest.

## MONUMENT SALE

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take feed or Good Stock in trade.
