Miss Johnnie Reynolds of Moody has been here this week visiting Mr. and Mrs. Will H. Trent.

Mrs. Hugh Carroll came over from Brownwood the early part of the week to visit relatives and friends at this place.

Miss Ruby D. Hearne came in Sunday evening from Franklin, Temple and other cities, where she had been visiting relatives.

Wilbur Fairman left Saturday night in his auto for an extended trip including Waco, San Antonio, Leon Springs and elsewhere.

Alvin Priddy left Tuesday for Marlin to spend some time and secure the benefits of the hot baths. During his absence Charley Gardner will serve as operator at the depot.

Judge S. H. Allen came over from Waco to be in attendance upon the reunion. He is one of the moving spirits with the old soldiers and they have learned to depend upon him for whatever assistance they need. A reunion without the pleasant greetings and faithful work of Judge Allen could not be a success.

We should remember that our neighbors know us. They may not always be fair in their estimate of our activities, but they know our character and are seldom deceived in our motives. In addition to making a living on the farm we should strive to make a life. We should do the things that help make the community, leave an influence that is everlasting among young people, and thus develop into ripe old age refined and benevolent citizens. Not all of our energies should be taken in making a living. Some of the thoughts ordinarily given to less important things should be given to making a life. Let the making of a life be paramount among young people. If this be done there will always be a living commensurate with the life—a living that typifies and exalts the life that is worth living. This kind of character will be worth more than a wealth that could be accumulated and the end of such a life will be the beginning. Such a living makes life brighter and better. Such a living is worth making.—Farm and Ranch

RED CROSS WORK

Chapter Organized and Membership Growing

The work of organizing a large Red Cross society here to supply funds and necessities for those on the battle fields of Europe is progressing nicely. A booth was maintained at the reunion grounds during the three days of the gathering this week and many names were added to the membership list of the Mills county chapter. Many Red Cross buttons now decorate the wearing apparel of Mills county people and many ladies have indicated their willingness to sew and prepare bandages, articles of clothing and sick room furnishings. This is all fine and we are indeed glad to record the progress being made.

Mills county will be found to have done its full share when all the reports are in, for the Mills county people are neither slackers nor laggards. They are ever ready to do their part in any laudable undertaking and there is no cause that is more worthy of the support of all the people than the support of the Red Cross work.

Those who have not had an opportunity to unite with the local Red Cross chapter are urged to send their names with the necessary one dollar to Mrs. Will H. Trent, treasurer of the chapter, and the money will be forwarded to the proper authorities.

J. D. Bryan returned Tuesday from a visit to his brother at Gorman, Comanche county. He reports the drought severe in that section and crops very short.

Mrs. Ben Peak of Lampasas attended the reunion and visited friends here this week. As Miss Frankie Applewhite she was very popular with Goldthwaite people and we are always glad to have her visit us.

Rev. I. T. Morris, pastor of the Methodist church, announces a meeting to begin in his church Sunday. Rev. Pledger of Burnett is expected here for the first day and Rev. N. B. Reid of Lampasas will arrive Monday to remain, probably, throughout the meeting.

AN INTERESTING VISITOR

Mr. J. M. Courtney and wife of Franklin, Robertson county, have been visiting their daughter, Mrs. W. W. Johnston, and family in North Brown community this week. They came for the purpose of attending the Confederate reunion and Mr. Courtney, in company with Mr. Johnston made the Eagle an interesting call Monday. He stated that he visited this country in 1865 and on the occasion of this visit, after 52 years, he finds great improvement. At the time of his former visit this section was inhabited only by a few Indians. Now the Indians have all been driven out before the white man and the nice residences in the town and country take the place of the pole cabins. He says this looks like prosperity to him and he is glad to see it.

Mr. Courtney's father, Jeremiah Courtney, came to Texas in 1832 and served under John H. Reagan at Fort Sam Houston, near Palestine, at the time of the Fort Parker massacre. He was with Sam Houston at the battle of San Jacinto. Mr. Courtney was born in Leon county in 1844 and enlisted in the Confederate army in 1862 and was a loyal soldier until the close of the war in 1865. It was a pleasure for the old soldiers and others to meet with him at the reunion and to hear him tell of his experiences before, during and after the war.

Fred Crouse and daughter returned to their home at Palo Pinto the first of the week, after a visit to his sister, Mrs. John Nesbit and family at Pleasant Grove.

F. C. Smith has purchased from W. C. Dew the residence on Reynolds street now occupied by Mr. Lanford and family and he and his family will make their home at that place as soon as they can be given possession.

G. W. Vierling accompanied by Mr. Miller, were here from the Junction country this morning and report having traversed all this section in a futile attempt to find pasturage for their cattle and sheep. They report no grass whatever in their community, the livestock having had to make out an existence on leaves and twigs.—Brady Standard.

C. B. Mohler, manager of the Rural Phone company's business, spent Monday in Brownwood looking after business matters.

Mesdames W. C. and Fred Dew left Sunday night for an extended visit to relatives in Spokane, Washington, and other points. They expect to be away the remainder of the heated term.

Elder Foy E. Wallace and wife and baby arrived in this city Tuesday evening and after spending the night with friends left for Indian Gap, where he began a series of services Wednesday night.

Rev. Conrad Owen closed his series of lectures in the Baptist church Sunday night and left Monday for points in the west, where he will lecture. He expects to return to his home in Spokane, Wash., about Sept. 1.

Prof. Price, the new superintendent of the Goldthwaite public schools, was here this week looking after business. He expects to return to this city in a few weeks to remain and prepare for the opening of school.

T. J. Lowe of Colorado City, Texas, is visiting his niece, Mrs. M. M. Weathers, and family. He came over at this time in order to be in attendance upon the Confederate reunion and meet with his old comrade in arms.

A letter from Miss Elizabeth Cooke states she and her sister, Miss Myrth, are spending the summer in Dallas, where she taught in the public schools for a number of years. She has been re-elected for the next school year at a pleasing advance in salary. These ladies have many friends in Mills county who are glad to know they are getting along nicely.

B. P. Goode, who is in the United States navy, stationed at San Francisco, sent in a renewal of his subscription a few days since and stated he had been rated yeomen of the second class in the navy and hoped to be made chief before many years. His ambition is laudable and he is well worthy of any honor that may come to him and his friends will always be glad to know of his prosperity and advancement.

Mrs. Carrie Whicker left for Ballinger yesterday for a visit to relatives.

Mrs. H. H. Taylor and daughter of San Saba visited here this week and attended the reunion.

Protect yourself against loss by fire or storm by taking out insurance with W. A. Bayley.

Mesdames W. B. Jackson and W. T. Keese went to Brownwood yesterday for a visit to relatives.

Mrs. W. R. Hester returned to her home in Lometa yesterday, after a visit to relatives in this city.

We will have no picture shows during next week, until Saturday night, on account of a meeting in progress at the Methodist church—Dixie Theatre.

C. F. Griffeith, a prosperous farmer a short distance north of town, called yesterday to add his name to the Eagle's growing list of readers.

The meeting conducted by Rev. Bynum at Crier closed Sunday. It was interesting throughout and a number of conversions resulted from the series of good sermons.

Monroe Ehridge, who is now a soldier and member of company I, 4th Texas infantry, was here this week visiting friends. He was on guard duty on the border for several months.

J. A. Scrivner and family are here from Snyder visiting Mrs. W. H. Welch and other relatives. They formerly lived here and have many friends in this and other communities of the county.

Take your prescriptions to Miller's Drug and Jewelry Store and you will get them filled by a graduate pharmacist and we guarantee you will be more than pleased with our service, prices and treatment. (adv)

Revs. W. R. Bynum, J. D. Long and J. T. Weems commenced a meeting in lower Big Valley last night to continue thru the coming week. This will be a union meeting and people of the community, regardless of denominations, are invited and urged to participate.

J. S. Beck's 24-ounce Ford was stolen from the reunion grounds Wednesday night and up to the time the Eagle was put to press it had not been recovered, but the party or parties who stole it can take the assurance that Sheriff Burnett and his deputies will get the car and them. Prior to July the theft of an auto was not a very serious crime, but the new law which became effective this month makes it a felony.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, and we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's the original and genuine. E 72

30th ANNUAL REUNION

On Tuesday morning of this week began the 30th annual reunion of Jeff Davis Camp No. 117, U. C. V. This was the most helpful and entertaining reunion in the history of the camp. Tuesday morning was spent in preliminary business sessions of the camp for the direction of the exercises to follow. On Tuesday afternoon Hon. Mark McGee of Brownwood delivered the address of the day. His tribute to the Confederate soldiers for unstinted loyalty to the cause of the South was ably presented and much appreciated by a large audience. In conclusion he appealed to the young men present to enlist for service in the present war with Germany. Mr. McGee is a recruiting officer in the American National Guard.

Wednesday morning the exercises began with a program consisting of songs, drills and readings by a number of our young ladies. This was followed by an address by Hon. John A. Erhard of Waco. Though a young man, he soon convinced his large audience that he has few equals as an orator and reasoner. It is safe to say that no address has ever been more ably delivered or better received at any reunion of this camp. The old soldiers beamed with pride as the speaker told how the part they played half a century ago helped to make the world's struggle for Democracy hopeful today; how their example and of their heroic leaders make heroism for the war a natural thing in the South. Mr. Erhard captivated his audience and carried home with him their admiration and their blessing.

The afternoon exercises were opened by old time singing from the sacred harp ably led by and participated in by a large number. This was continued for an hour and was one of the most inspirational exercises it has ever been the privilege of the writer to attend.

This was Red Cross day and R. M. Thompson, whose former record for ability and enthusiasm in promoting enterprises that appeal to him was broken in his presentation of the merit of the work and his appeal to every man to do his duty in support of the work.

His address was followed by Hon. J. C. Darroch of Goldthwaite. Mr. Darroch made an able defense of the administration of the Texas University and an ungloried denunciation of the governor's onslaught on that institution in the present agitation. The latter part of his address was a further appeal on the behalf of the Red Cross work.

His address was followed by memorial exercises for camp members who have died within the year, after which able, appropriate and inspiring addresses were delivered by Revs. I. T. Morris and W. R. White, pastors of the local Methodist and Baptist church respectively.

At 8:30 p. m. began the rendition of an excellent program directed by Mrs. John Scott and Miss Nora Hooks. The large auditorium was crowded to its utmost capacity. Despite this fact the most marked attention and interest were in evidence throughout the evening. Goldthwaite's best young men and women helped in this entertainment.

Thursday was given to a discussion by Rev. D. I. Haralson of some questions of importance to the farming interest of the county, and the adoption of resolutions and the fixing of policies for the future conduct of the camp's affairs.

The reunion closed Thursday night with another entertainment under the direction of Miss Hooks and Mrs. Scott.

The old soldiers were made happy throughout the occasion by the thoughtful consideration of many. They had their camp on the grounds where a first class cook provided their meals. The ladies of the town cooked

in their several homes, pies and cakes of many kinds in superabundance, placed them in a convenient place to be used by the members of the camp at will. This thoughtful provision by good women meant more than they have thought. In fact a great many more people contributed to the comfort and entertainment of the camp members this year than ever before. These old people noticed these things and are made happier by them. If it were possible they would extend personal thanks to every one who has helped.

Respectfully,
S. H. ALLEN

RESOLUTIONS

Whereas: A number of women and girls in and about Goldthwaite have laid aside their own work and interest during the past few days and have devoted their time, talent and energy to the promotion of the interest, entertainment and comfort of the members of Jeff Davis Camp No. 117, U. C. V., and

Whereas, Miss Nora Hooks and Mrs. Jno. Scott have specially labored and sacrificed in preparing three most excellent and high class public entertainments for our reunion occasion.

Therefore, Be it resolved, 1st That a vote of thanks be extended by the camp in session assembled to all these for the service rendered, with special reference to the last mentioned.

(2) That we prize their efforts and their thoughtfulness in our behalf and we pray for them the blessings of our Heavenly Father, who alone can fittingly reward them. In our feeble way we appreciate them and bless them.

JEFF DAVIS CAMP,
No. 117, U. C. V.
Goldthwaite, July 20, 1917.

Goldthwaite, Texas

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Dr. Price's Cream Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Some baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

DR. PRICE'S CREAM BAKING POWDER

MADE FROM CREAM OF TARTAR
DERIVED FROM GRAPES

We Have Plenty of Money to Loan We Solicit and Appreciate Your DEPOSITS

Sword Drill.
Closing prayer—Bro. White.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 74

SELECTIVE DRAFT

Numbers Drawn Include the Following Mills County People

From the Fort Worth Star-Telegram, special to the Eagle;

Following numbers have been drawn in the federal draft, which was made at Washington yesterday. These numbers correspond with the names given, as shown by the exemption board's list on the bulletin board at the court house. Those drawn will have five days after being officially notified to appear for physical examination and five more days in which to file their claims for exemption. It is not likely they will be called into training camps before September.

The entire list of ten million registered men was drawn and will be called out in the order drawn. This county's quota will be 55 and the following is a list of the first 188 as drawn. There may be a few errors and omissions in the list here given, due to the hurry of transmission and handling, but the Eagle believes it to be correct; however, we can not guarantee its absolute accuracy:

NO.	NAME	P. O.	NO.	NAME	P. O.

METHODIST TABERNACLE JULY 22, 1917.

There will be a meeting begun at the Methodist tabernacle next Sunday. The meeting will probably last for two weeks and will be conducted by Revs. N. B. Reid of Lampasas and J. A. Pledger of Burnet, Texas. All members of the church are urgently requested to be present at the morning service Sunday. We cordially invite all Christians of the city to come and co-operate with us.

We cordially invite all who will help in the singing to come to the platform and join the choir.

We have a nice cool place and hope to be able to make these services interesting and profitable to all who will come. Gentlemen are requested to come without their coats, if they prefer to so. I. T. MORRIS.

Miss Sophia Martin has returned from a visit to friends in Brownwood.

Mrs. Walter Lindsey and children have been in Mullin this week visiting friends.

BE CAREFUL

The following appears in a special to the daily papers from Kansas City:

Federal chemists and bacteriologists were preparing today to inoculate guinea pigs with cultures obtained from specimens of court plaster, believed to be impregnated with tetanus germs and alleged by the authorities to have been disseminated throughout Kansas by peddlers as part of a plot to plange the state into an epidemic of disease. The first possible fatality from such a plot was reported here last night from Winfield, Kan., where a man died after treating an apparently harmless sore on his leg with court plaster and poisoning his entire system as a result. No definite connection with the men under arrest, however, has been established with this instance.

We want to demonstrate to you how well we can please you in price, service and treatment in filling your prescriptions and family recipes. A graduate pharmacist is in charge of our prescription department. None but the purest and best quality of drugs are used at Miller's Drug and Jewelry Store, and we guarantee you will be well pleased with our prices, service and treatment. (adv)

Entered at the Goldthwaite post-office as second class mail matter.

R. M. THOMPSON, Editor

A Chicago judge dismissed a case against a party arrested for appearing on the streets in a bathing suit and stated that a person had as much right to appear in a bathing suit as in any other apparel, provided their behavior was proper.

The very pleasing information was published this week that the German government admitted the loss of four of its largest and best submarines at the time of the attack upon the American transports conveying soldiers and munitions to France. The American gunners appear to have no trouble in finding the mark.

The resignation of Bethmann-Hollweg from the German cabinet was announced the early part of the week. The change in the men in charge of the imperial chancellor's office in Berlin will have no bearing on the continuity of the war, but it is at least good to see that those carrying on the war against us are having troubles among themselves.

Commissioner of Agriculture Fred Davis of Texas, accompanied by a delegation from the Rio Grande country, conferred with the federal department and with congressmen in Washington this week relative to steps to prevent the spread of the pink boll worm in Texas. The question of establishing a zone about 50 miles wide along the Rio Grande in which no cotton will be grown was seriously considered.

The action of the board of regents of the state university in session at Galveston on last Friday indicates that Dr. Vinson, president of the university, will not be displaced, altho seven members of the faculty and the registrar were dropped from the roll. The board adjourned to meet in Austin in October, which will be after the opening of the University. The board evidently concurs in the opinion of the attorney general that the appropriation for the maintenance of the University was not vetoed by Governor Ferguson.

An encouraging estimate of the condition of food crops in Texas has been issued. In the statement the estimate is made that the wheat yield in Texas will be larger this year than last in spite of the drouth. The corn acreage is larger though the yield has been cut down in many sections by the drouth—600,000 acres have been planted to peanuts, with prospects of a good yield, the sweet potato crop has increased 25 per cent in acreage, while the acreage planted to sorghum and ribbon cane for the purpose of making syrup for home consumption is represented as 50 per cent.

A very timely suggestion is offered by an exchange in the following: With the government need of increased production and the practice of some economy on every hand, we should not for a moment lose sight of the fact that the human brain and body require a certain degree of periodical relaxation. We must work—work hard and for long hours—in order that we may each perform the duties allotted to us. But must have our hours of relaxation, or our overburdened frames will suffer and our energies will ceteriorate. A wise head is needed to advise some form of community amusement in which all may share—healthful exercise which is more play than work, and which will take the mind from more serious problems of the day.

CLAIMS FOR EXEMPTION

Grounds For Relief From Military Service

All men whose numbers are drawn for military service will be required to submit to a physical examination, regardless of their claims for exemption. Those who enter claims of exemption will secure the necessary blanks from the local board and will be given all information for their guidance. Notice of having been selected does not summon the selected one to service, but such notice will be given later.

The following are the only grounds for exemption:

1. That you are an officer, legislative, executive or judicial of the United States, a state or the District of Columbia.
2. That you are a regular or duly ordained minister of religion.
3. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.
4. That you are in the military or naval service of the United States.
5. That you are a subject of Germany, whether you have taken out papers or not.
6. That you are a resident alien who has not taken out first papers.

In addition to claims for exemption, claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board.

1. That you are a county or municipal officer.
2. That you are a custom-house clerk.
3. That you are employed by the United States in the transmission of mails.
4. That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.
5. That you are employed in the service of the United States (under certain conditions). See paragraph (e) or section 20, regulations.
6. That you are a licensed pilot regularly employed in the pursuit of your vocation.
7. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.
8. That you are a married man with a wife or child dependent on you for support.
9. That you have a widowed mother dependent on your labor for support.
10. That you have aged or infirm parents dependent on your labor for support.
11. That you are the father of a motherless child under 16 dependent upon your labor for support.
12. That you are the brother of an orphan child or children under 16 dependent on your labor for support.
13. That you are a member of any well-recognized religious sect or organization organized and existent May 18, 1917, and whose then existing creed or principles forbade its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organizations.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

J. W. Hopson, one of the Eagle's good friends of Big Valley, presented us with a nice cantaloupe one day this week and his daughter, Miss Lora, gave us a mighty fine watermelon. We are certainly appreciative of these presents and assure the givers we enjoyed the melons very much.

IDEAS AND THEIR RESULTS

Reforms seldom if ever come as a result of revolution. The natural, logical and stable improvements in society, in Government, and in citizenship come as a result of growth. Progressive ideas and ideals are evolved into concrete achievements. Many of the best laws in our statutes took many years of discussion and some of them patient waiting before they were enacted.

The people are the forces that control progress. It is true people have their leaders who are placed in authority and who may have the power temporarily to hinder progress. But the time will come when the people's will must be done. Corrupt or reactionary leaders cannot always defeat the will of the people.

All of the people seldom unite upon progressive laws and progressive customs in society. There are some generally who oppose progress either because it would interfere with their own affairs or because they are satisfied with the old order of things. Some of these can be convinced that it is right and proper for the majority to rule, others may never consent. Hence it follows that there are some always out of harmony with progress and this puts an additional burden upon the majority, for progressive measures must be proved.—Farm and Ranch.

REDUCING SERVICE COST

There has never been a time so far as we know when it was more important for townspeople and country people to co-operate for mutual benefit. The people of cities and towns need the food crops produced on farms; farmers and their families need conveniences for their homes; farm equipments and other necessities kept by merchants. Why not co-operate, each to save as much as possible and thus extend the buying and selling values of each dollar used?

There will be ways and means of reducing cost of service. Each is entitled to the best and most economical service of the other. Why not study the local problems and reduce cost of selling to a minimum?

This co-operation should extend to banks, professional people, transportation companies and all others engaged in useful services to society.

Society will be best served when it is served economically. And all citizens owe it to their neighbors and patrons to give economical service in whatever occupation they are engaged. No class or occupation should ask for special favors, but each should strive to meet the demand of present conditions.—Farm and Ranch.

WILL PAY CASH FOR RANCH

See "The Lash of Destiny" -- A Powerfully Dramatic Story of a Country Girl's Struggle -- At Dixie Airdome Tonight
Against the Temptations of the City

The Goldthwaite Eagle

Saturday, July 21, 1917.

T. A. Gardner and family of Center City were among the visitors to this city this week.

Mrs. D. D. Kemper and children are visiting relatives at Weilder.

Mrs. J. N. Keese left Thursday for Abilene to visit relatives. Her daughter Miss Rubie, has been visiting there for several days.

A cast of unusual strength and brilliance is seen in support of Gertrude McCoy in "The Lash of Destiny,"--Dixie Airdome tonight.

Mrs. Marshall Jones of this city and her sister, Miss Della Eddy of Plainview made the Eagle a pleasant call Thursday afternoon.

"The Lash of Destiny" is strikingly romantic, and its wealth of incident makes it particularly susceptible to picturization.--Tonight at the Dixie.

Ernest Cooke and wife of Ovallo, who are spending some days with relatives at Rock Springs, were among the reunion visitors this week.

Misses Carrie Miles, Addie Melton and Lena Payne left for their homes at Malakoff Thursday, after a visit to Dr. Fowler's family in this city.

Rev. Jo H. Frizzell is conducting a revival at Big Valley. Rev. W. R. White, pastor of the Baptist church at this place, is doing the preaching and a most interesting meeting is reported.

Mr. and Mrs. Ottie E. Parton of Madisonville were here this week visiting her brother, O. C. Goodwin, and family. They left Thursday in their auto for a visit to Ballinger and other points and were accompanied by Mr. Goodwin's little son Ottie.

Thos. J. Harrison of South Berrett presented the Eagle with some nice samples of his fruit this week. He has a good orchard and has not failed to get fruit in a dozen years, which proves that Mills county is a good fruit country as well as for everything else.

A. A. Hufstutler and wife and daughters were here from Georgetown Tuesday visiting friends. He is a well known cattle man and has recently made a fortune in the oil business, a well in which he held a large interest having been sold for more than half a million dollars.

Friends here of Miss Mary Sullivan were pleased to learn this week of her marriage to Sparks Bigham at Salado. She is one of Goldthwaite's most popular young ladies and spent the past school session at Salado, where she taught in the public school. She and her mother left here a few days since for Cleburne to visit relatives and the announcement of the marriage was a complete surprise to most of her friends at this place.

INFERTILE EGGS PAY

Infertile eggs, fresh gathered and "stamped," bring 25c a doz. and no loss. Ordinary eggs: firsts, 20c; seconds, 8c; with a considerable number of rots coming in now. Ordinary eggs average 12½c a dozen, while infertile eggs bring just twice as much. Get a stamp and start now.

Keep your hens and turkeys. Prices will be better. If you have a car load of produce of any kind see us.

WILSON-BROS.
PRODUCE COMPANY

AT THE UNIVERSITY OF TEXAS

One of the hardest things I have ever tried is to learn to go to school at my age. But as I am fully determined to teach school no more, without making further preparations, I am attending the summer term of the University.

I arrived in Austin June 13 and stopped at the Rains Mansion. There were about sixteen students of the University staying at this place, among them a member of the legislature and ex-county school superintendent. I registered for my courses of study the day I arrived, and after registering and finding out what books I needed, I returned and asked the boys if they had any second hand books for sale. They replied that they had no books for sale, but asked me what books I needed. I mentioned the books I wanted and they said that they had the books I needed and would lend them to me. I told them I did not like to borrow school books. And they said, "That is all right. After you have been here awhile you will not mind borrowing or lending anything you have."

So I entered the University without buying a book. When I commenced my studies, the thing that impressed me above all others, was the strictly business like manner in which the school was carried on. The classes that I recite with average about forty students to the class, and in age they are from sixteen to forty years. I have not seen a breach of discipline since I have been here. The students all seem to be doing their best to do their work. They know that if they do not do their work they will not get credit, and if you think the work that is done in the University is easy, come and try it. The first week I was here I ate at Cafeteria, cost me forty-eight cents a day and as I gained two pounds in weight during that week, I shall always believe that I got my money's worth. After the first week, Mrs. Harris kindly consented to come on to Austin and act as my chaperone and since coming she has generously allowed me to take my meals with her.

When you register for work in the University you are requested to give your church affiliation or church preference and in a few days after I registered I received a letter from the pastor of the University Baptist church informing me that my presence at their service would be appreciated.

There are about thirteen hundred students attending the University of Texas this summer. The largest class of this number of students is composed of boys and girls from the farm. But there are not as many boys and girls here from the farm as there should be, and there are not as many here as there will be, when the farmers of this state learn the kind of work that is done at the University. And the farmers of this state will learn to appreciate this school. For men may come and men may go, but the University of Texas goes on forever. B. F. HARRIS

EPWORTH LEAGUE

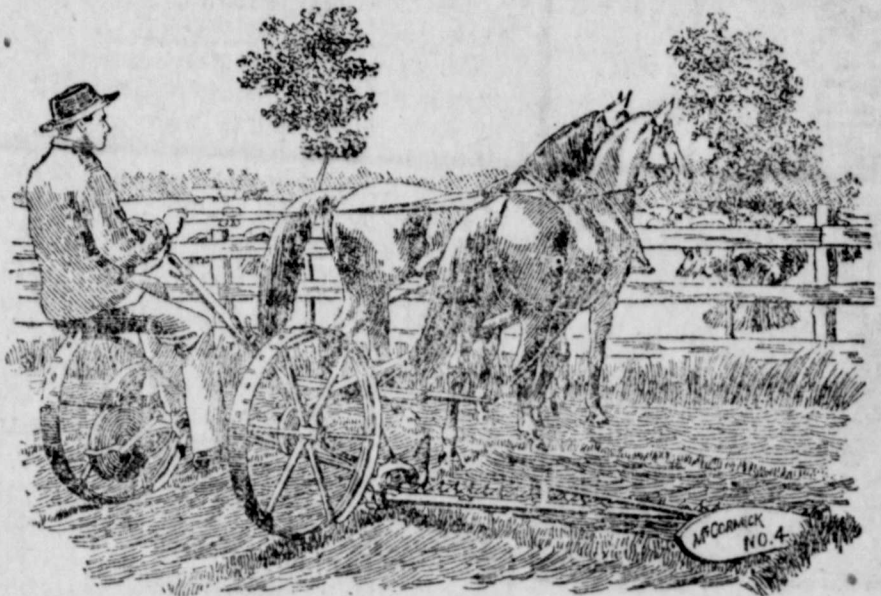

Program for July 22, 1917.
Subject--Applying the Golden Rule of Life.
Leader--Mary Morris.
Open with sentence prayer.
Song--Is the World Any Better.
Responsive Reading--Psalm xxiv.
Piano Solo--Mary Alice Loyrie
Reading--Ruyel Keese

ROCK SPRINGS

Editor Eagle:

I will try and send in some of the latest news to the Old Bird.

Mrs Parks McWhorter has been on the sick list for some time.

Sunday was the regular singing evening.

The Baptist protracted meeting will begin at this place next Saturday night. Every one come and let's have a glorious meeting. Mr Virgel Mahan and Miss Lorena Faulkner surprised their many friends here, by being united in the holy bonds of matrimony last Wednesday evening. Mr. Virgel is a soldier in the U. S. army. They were both reared in this community. This was a happy ending of a romance which began several years ago. The young people left for San Antonio where they will make their home.

J. R. Cooke and family of Winters left for home last Sunday after visiting relatives in our community. Miss Sasie Stark accompanied them home to visit during the summer.

Grandpa Cooke came with Mr Cooke and will make his home with his son, Austin, for some time.

Ernest Cooke and wife of Ovallo have also been visiting in this community.

Mrs. J. R. Davis was called to the bed side of her father near Dublin, who has been dangerously sick.

I will ring off for this time. JENNIE LIND

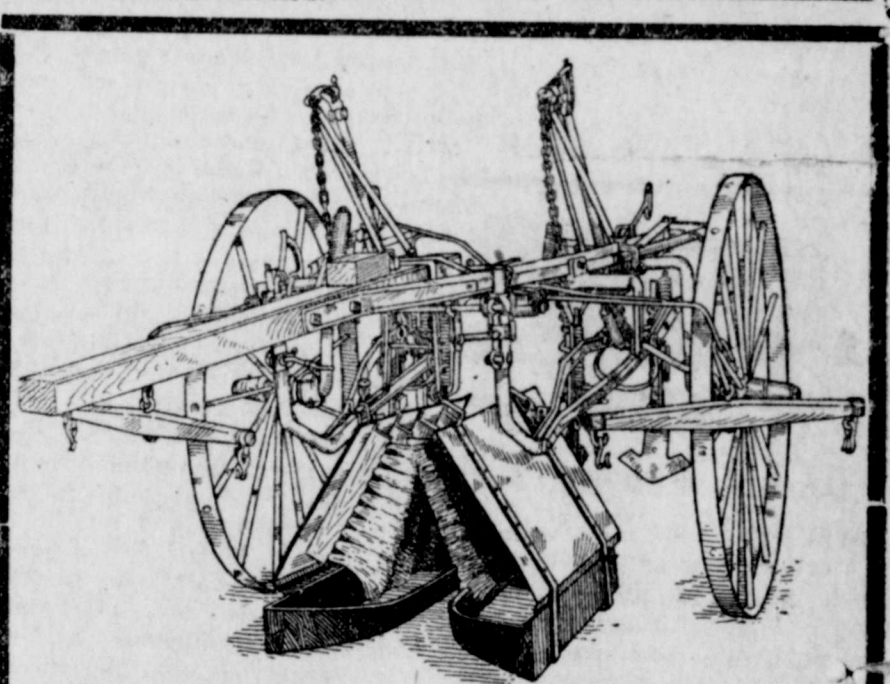

FOR SALE

One of the best saddle and buggy horses in county. Fine gates, good disposition, gentle for lady. In fact the best all-purpose-horse you can find.

O. C. GOODWIN

Quality, service and correct prices with the best of treatment is making our business grow. It will be to your interest to get our prices--Miller's Drug and Jewelry Store, the store of quality service and best treatment.

Mr. S Stokes of Lometa was among the visitors to this city during the reunion.

Hitt Boll Weevil Catcher

Don't expend your labor on a crop and then allow the Boll Weevil to destroy it, when by a small investment you can exterminate the insects. Better place your order in time to get a "catcher" for the coming season. See me for full particulars and testimonials from farmers you know.

REUNION A SUCCESS

Great Crowds And Interesting Programs

The 30th annual confederate reunion held by Jeff Davis camp of veterans was concluded Thursday, three days having been devoted to this delightful occasion. The crowds in attendance were large all three days and nights and there was a great time for everybody.

The camp's program composed of speeches, reminiscent talks and business sessions held the attention of the people at the tabernacle on the grounds each day, the young folks gave entertainments at the same place Wednesday and Thursday nights and there was something doing on the joy way all the time.

Judge S. H. Allen of Waco and Goldthwaite was the master of ceremonies, relieving the old soldiers of the work and worry of looking after the details and making announcements. His services were indispensable to the camp and were thoroughly appreciated by all who attended this most pleasant reunion.

The entertainment by the Loyal Girls of America, directed by Miss Nora Hooks, assisted by Mrs. John Scott, delighted the audiences on each occasion. Every number is deserving of special mention and every number was rendered in a pleasing manner. The songs, readings, cake walk and various other features of these entertainments were appreciated to the fullest extent by the vast audiences and great praise has been given the ladies in charge of the preparation as well as all who assisted them in presenting the entertainments or in preparing for them. These entertainments necessitated long hours of practice and drilling, all of which time was gladly and freely given by the young people, and the general public as well as the old soldiers are sincerely appreciative of their work.

During the time of the reunion the members of Jeff Davis camp held a meeting and elected officers for the ensuing year, who are: D. E. Hopkins, commander; J. W. Allen, first lieutenant; W. C. Kirby, second lieutenant; G. H. Denison, adjutant; W. D. Reynolds, flag bearer; Rev. D. I. Harbison, chaplain.

Those interested in the Red Cross maintained headquarters in a tent on the grounds the three days of the reunion. Rev. J. T. Weems kindly gave the use of the tent for the good cause. Geo. Mayer, the sign writer and painter, did the sign work free and the artistic manner in which the sign was arranged proved Mr. Mayer to be an artist indeed. J. C. Mullan, John Berry, jr., and other good and patriotic citizens, placed the tent in position and arranged all details. Will H. Trent and wife are also credited to much of the credit for preparing the headquarters and looking after the work. Members of the Red Cross society were appointed to keep the record of membership in the tent and solicit new members and by this means the roll of the county chapter was largely increased.

The Loyal Girls of America, headed and directed by Miss Nora Hooks, not only secured a large number of members for the Red Cross, but raised a considerable amount of money for the cause by sale of tags. They

were also given a commission on the sale of base ball tickets and placed that amount to the credit of the Red Cross society. These most admirable young ladies can be sure of the hearty appreciation of the public and they have the consciousness of a duty well performed and the knowledge that by their work they have advanced the interest of a cause that does and should appeal strongly to every right thinking person.

The ball games were good and attracted large crowds at every game. The three days series was played by the Star and Goldthwaite teams, the results being a score for the visitors Tuesday, the home team victorious Wednesday and the visitors again victorious Thursday. Wednesday morning there was a game between the Mullin team and Goldthwaite second nine, resulting in the home team being defeated.

There has never been a better carnival here than the Geo. W. Parker Amusement Co. The shows were clean and well worth the admission price, while the Ferris wheel and hobby horses were the best of the kind to be had. They were well built and presented an attractive appearance. All of these entertainments were well patronized and Mr. Parker has made a fine reputation for himself and his line of amusements.

Lane brothers and A. J. Cockram were the purchasers of the rights for concessions on the grounds and sublet them. They were careful in securing such attractions as could be patronized by the general public and their discriminating care in this matter is highly appreciated by all who were in any way connected with the reunion and those who patronized the entertainments.

Speech making is always an important part of a gathering of this character, but never have the people assembled at a reunion to hear better speeches than were delivered at this time. A number of local speakers delivered addresses. The people knew they would speak interestingly and were of course pleased. Several visitors came to deliver addresses, and this was decidedly pleasing to everybody.

Mr. Mark McGee, a young attorney of Brownwood, who has enlisted in the National Guard and is now engaged in recruiting a company in his home county, delivered a splendid address Tuesday afternoon on the subject of the Confederate veterans and the principles for which they stood and still stand. The audience heard him with close attention and his address was appreciated to the fullest extent.

Mr. John A. Erhard, Jr., a young attorney of Waco and a University man, spoke at 10:30 Wednesday morning to an audience that was far beyond the capacity of the auditorium and people stood for some distance on all sides to hear the spell-binding oratory and splendid logic of this gifted speaker as he portrayed the lives of the Confederate soldiers and told of their ideals and achievements. Being the grandson of a Confederate veteran put force and feeling into his words that caused them to be doubly appreciated by his audience.

Among the local speakers were Revs. L. T. Morris and W. R. White and Mr. J. C. Darroch, all of whom delighted their audi-

ences and acquitted themselves in a manner that was decidedly pleasing to their friends.

The Loyal Girls served dinner to the old soldiers at the camp grounds Wednesday and Thursday and assisted greatly in making this one of the most pleasant and successful reunions ever held by Jeff Davis Camp.

The Eagle is authorized by those in authority to announce that the Baptist fifth Sunday meeting, which was to have been held at Center City has been postponed. The fact that the meeting would conflict with a revival at Center City and perhaps at other places caused this decision to be reached. The Baptist association is to hold its annual meeting in August and, therefore, the church authorities thought it wise to call off the fifth Sunday meeting.

Program for Sunday 7:15
Subject—Why should we have the right kind of faith in Christ.
President in charge—Mr. Goslin

Song service of praise songs
Prayer—Mrs. Littlepage.
Bible Quiz—Bro. White.

Reading—Mrs. S. A. Lowrie
Evidence of the right kind of faith—Georgie Frizzell
Poem, Crown or Crucify—Lela Berry.
Where am I wrong?—Mr. Littlepage.
Duett—Neita and Velma Cockrum.

STAR
Editor Eagle:
There's one consolation to this weather, it gets cloudy down this way every few days if it doesn't rain. Of course we've had a little sprinkle, enough to settle the dust. Some comfort!
Little Miss Verena Stinson of Lampasas, visited in the homes of Mrs. G. D. Burney and Mrs. Fred Baker last week. Little Verena is a sweet and accomplished little lassie for her age and it is, indeed, a pleasure to have her with us.
Mrs. Ed Harper and daughter, Miss Belle, are in Dallas this week on business. Mr. Harper contemplates moving to Gatesville in the near future.
Miss Henry Morris was on the jury list for a few days this week. Able to report her better at this writing.
Miss Grace Williams of Cross Plains, is visiting her sister, Mrs. Lester Teague.
Mrs. Langford of Center City, visited with her sister, Mrs. Henry Morris, over Sunday last.
The Baptist meeting at this place closes soon. Bro. and Sister Robinson have done wonderful work. We wish them God's blessings wherever they may go.
The thrasher's hum has ceased. The baler follows in its wake. The men and boys cut corn tops while the women and all surplus hands scour the mountains for wild plums. Plums are rather plentiful this year and the good housewives are laying in a supply for next winter's jellies. Sugar? My, yes! SUM KID

YOU WANT THE BEST
If this applies to good things to eat properly prepared you should come to the Recall Restaurant, the Hungry Man's Delight, where everything is served in the most appetizing style and our prices are always right, IVY RICHARDS, Proprietor.

NEEDS MONEY

Kind Friends:
In my present needs I must say you ought to pay me a little something of what you owe. I have not, nor will I be hard on you. Each one of you pay a little which will enable me to live.
Kindly,
DR. J. D. CALAWAY.

Those who know themselves indebted to Dr. Calaway should certainly make an effort to pay him, for there is no doubt about his need of it. He offers to discount the Calaway & Townsend accounts 25 per cent, which should be an inducement to those who expect to pay him. (adv)

The Goldthwaite Eagle

Saturday, July 21, 1917.

For Sale—6 lots at Mullin within half block of depot, two blocks Post Office, \$35.00 each, write C. D. Jeffords, Room 25 Produce Exchange Building, Los Angeles, Calif. (adv)

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

PLENTY OF PROOF

From People You Know—From Goldthwaite People

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Goldthwaite, of people who can be seen at any time. Read the following case of it:

D. Y. Fox, deputy city marshal Goldthwaite, says: "My back caused me much suffering and I had rheumatic pains in my legs and arms. My kidneys often acted irregularly. I got Doan's Kidney Pills from Clements' Drug Store for these ailments and they always relieved the rheumatic pains and backache and regulated my kidneys. As a rule I have Doan's Kidney Pills in my house, as I know I can depend on them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Fox used. Foster-Milburn Co. Mfgs., Buffalo, N. Y. (adv)

ADMINISTRATOR'S NOTICE

The State of Texas, County of Mills.

To all who are indebted to or holding claims against the estate of John McDermott, deceased:

The undersigned, having been duly appointed executor of the estate of John McDermott, deceased, late of Mills County Texas, by the County Court of said county, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present their accounts within the time prescribed by law at his residence at Goldthwaite, Mills County, Texas, where he receives his mail.

This the 7th day of July A. D. 1917.

R. F. McDERMOTT, Executor of the estate of John McDermott, deceased.

RAISE HOGS

Another appeal has been made by the department of agriculture to American farmers to raise more hogs as the quickest and surest way of increasing the meat supply of the nation. The hog is the most important animal to raise for meat and money, according to these department of agriculture experts. He requires less labor, less equipment, less capital and produces himself faster than any other domestic animal. As a consumer of by-products the hog has not a rival. No other animal equals the lard hog in its fat-storing tendency. There is no animal which produces more meat and meat products than the hog. The Texas plains is the greatest hog-producing section of the southwest. Hale county ships more fat hogs to market than any county in Texas. The Plains farmers will continue to grow hogs and on an increasing scale. There is a meat shortage and a high-priced era for meats has been ushered in. There is big money in the hog industry and the demand is assuming enormous proportions—Plainview News.

Red pickets, different lengths, now in stock.—J. H. Randolph.

Dow Hudson is here from Galveston visiting relatives—and meeting with friends.

Phone me when you want gasoline or lubricating oil and I will be there with the goods promptly.—Harry H Martin.

Am making a specialty of exchanging new furniture for second hand articles of house furnishings.—J. T. Weems.

J. M. Puckett and wife and daughter have been here from Ozona this week visiting their relatives, the Hudson family.

Another car of hog wire just received this week. We have an assortment of sizes and weaves.—Barnes & McCullough

Mrs. Carrie Bates of Alexander, La., is visiting her parents Mr. and Mrs. W. H. Morgan, and other relatives in this city.

Capt. Jack Ball of McGirk, one of the finest old gentlemen we know and one of our best friends, was among the visitors to the reunion this week and took occasion to renew his subscription to the Eagle

G. T. Stewart and family have returned from an automobile trip thru the west as far as Trent and Roscoe, where they visited relatives, among whom are the Estep brothers, who are doing well. Mr Stewart reports rain needed badly in the sections thru which he traveled.

Bevo
A BEVERAGE

Watch!!

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer." Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and complete success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

Look!!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal
See that it is unbroken covering the Crown Top
Look at the Crown Top and see that it bears the Fox
Be sure the Bottle bears this label

Listen!

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

* You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by

MONUMENT SALE

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take feed or Good Stock in trade.
