Dr. S. O. Young and wife of Priddy were visitors to the metropolis Monday and made the Eagle an appreciated call.

W. T. Vessell was here from Washboard country the early part of the week and reported health good and conditions fair in his section.

The citizens should read the city treasurer's report with interest, for it shows the city to be in a splendid financial condition and proves the municipal affairs are in charge of careful and able business men.

The Eagle always appreciates news items, whether reported to the office verbally, by phone or in writing. Everybody can help in making the paper of interest and benefit to the public, thereby reflecting credit upon the town and county.

Rev. H. P. Wilsford and wife have returned to their home at Miama, after a visit to relatives here and in other parts of the county. He is doing well in his work as pastor of the Baptist church at Miama and likes that country very much.

Wm. Bird, one of the prosperous and progressive farmers of Rye Valley was here the first of the week to get a new Ford. Mills county farmers are prosperous and the time is not far distant when they will all be riding in automobiles and many of them are already in that condition.

R. F. Swindle, who recently returned from the west and determined to make his permanent home in Mills county and engage in the mercantile business at Priddy, was here Monday and made the Eagle an appreciated call. He is one of the finest fellows in the world and everybody likes him.

#### PREPARING FOR GRAIN

The people of the Southwest have harvested a larger small grain crop than was thought possible a few months ago. With good prices the income from wheat and oats in the Southwest will be considerable.

Since showers have refreshed the soil in many localities it is believed that late summer crops will be planted with prospects of more feed and food crops.

It now seems that the country as a whole will be short of grain. With our obligations to our Allies it will take an enormous amount of grain for food and feed.

With these thoughts before us it would seem desirable to plant fall grains liberally. Those who have land suitable will find it advisable to plant wheat and oats. Land that is not planted in late summer crops may be prepared and sown a little later in a fall crop.

There are advantages in having a portion of the farm sown to small grain crops. These crops require no cultivation. Preparing, sowing and harvesting requires careful work but row crops need not suffer while the small grain is being saved. The stubble land may be planted in legumes or other crops, and thus a systematic rotation practiced. Then with small grain for home use and for market farming is rendered more certain.

Grain will be needed for bread in our homes and for feeding the animals. Those who have an abundance for the needs of the farm will be fortunate.—Farm and Ranch.

Miss Lucile Frizzell has been visiting in Brownwood this week. Mrs. W. H. Thompson of Sealy was in the city this week, visiting relatives.

The work of laying the piping for the water works system is nearing completion.

Prof. D. W. Huckabee of Caradan was transacting business in this city Tuesday.

J. D. Brown and son Reuben returned Tuesday from a visit to relatives in Houston.

G. M. Pollard of Long Branch was among the visitors to this city the early part of the week.

Judge E. B. Anderson made a trip to the Panhandle country this week to look after legal matters.

J. D. Stewart, who recently moved back to Caradan from Sanco, was looking after business in the big town Tuesday.

Mrs. J. D. Gober and daughter, Miss Nettie Mae, arrived from Beaumont Saturday for a visit to her sister, Mrs. Will H. Trent.

A. L. Burk and wife and J. E. Pearce and wife returned the first of the week from an auto trip thru portions of eastern and southern Texas.

J. A. Boler and Eric Grille were two of the prominent men of the Priddy community who had business in the city the early part of the week.

B. P. Goode, who has been on a training ship at San Francisco, has been promoted to a position in the office of the captain of the yard at Mare Island. His friends know that he will reach a high place in the service and will all watch his advancement with interest.

#### MEETING TO BEGIN

Rev. Jo H. Frizzell will begin a meeting at Center City tonight to continue thru the coming week. Every indication points to a successful revival in the church there at this time and it is certainly hoped that great good will be accomplished. While the meeting will be conducted by the Baptists, those of other denominations are invited and urged to take part and co-operate in every way in making the meeting a benefit to the community.

#### WATCH THE LIGHT

Sheriff Neal arrested 15 auto drivers Saturday night for not having the tail light burning on their automobiles. There is a state law providing a penalty for not using the tail light on automobiles which has not been very rigidly enforced in San Saba county in the past, but the sheriff says it will be enforced to the letter in the future. Auto owners will do well to heed this warning.—San Saba Star.

#### ENFORCING THE LAW

Prof. King A. Childress, superintendent of the Prairie school, was a pleasant caller at this office the first of the week. He stated he expected to be able to secure state aid for his school this year, as the special tax rate is already within 10 cents of the required amount and an election is to be held to authorize the increase to the required 50 cents on the \$100 valuation, in order to secure the state aid. Prof. Childress and wife have taught some of the good school in the county and the people Prairie community are fortunate in having secured them to charge of the school at place.

Joe Taff returned the first of the week from a visit to the coast country and Mexican border.

Miss Crews of Lometa, who visited Mr. and Mrs. J. W. Alexander in this city for several days, has returned to her home.

Ernest Jackson has been here from Austin this week visiting Mr. and Mrs. G. W. Jackson and other relatives. He joined the army as a volunteer in an Austin company and will be called into camp Aug. 5.

Rev. Chas. Jackson was here from Waco the early part of the week visiting his parents, Mr. and Mrs. G. W. Jackson, and other relatives. He left Thursday for home, near which place he will begin a revival at once.

J. C. Fulton returned the first of the week from a trip to Oklahoma, where he went in company with F. D. Wilson and others of his friends who were in Drumright when he left the state to return to good old Texas. He stopped a while at Waxahachie, but determined to come home.

"People do not seem to realize that the new highway law requires dimmers on all automobiles and motorcycles," stated County Attorney Wilson yesterday. "They should take immediate steps to equip their cars with such appliances before they are forced to do so at the hands of the authorities." The law requires that no lamps that produce a dazzling light be used or that they shall not project their lights to a height of over four feet above the roadway.—Brownwood Herald.

**School Trustees Meeting August 6, 1917.**

The County Board of Trustees, in compliance with law, have called an annual meeting of the district school trustees of the county, to be held in the District Court room at the court house on the first Monday in August, at which meeting will be discussed questions dealing with the location of high schools and the teaching of high school subjects, the classification of schools and such matters as may pertain to the location, conduct, maintenance and discipline of schools, the terms and other matters of interest in school affairs of the county.

The county board of trustees will be guided in their action by the result of the deliberation of this meeting and it is earnestly desired that every trustee in the county will attend and that each will have some question to ask and suggestion to make. Every trustee should feel it his duty to attend this meeting and all others who believe in the betterment of schools are invited. An interesting program for the entire day will be arranged and it will be well worth the time of the trustees as to individual instruction and in the interest of the schools.

ROBERT WEAVER,  
Secretary County Board.

**REMEMBERS OLD FRIENDS**

Editor Eagle:

Enclosed find \$1.50 for which please enter my name on your list beginning with next issue, or if possible send me one or two back issues for the reason that I want the list of those that are drawn for draft in the army, as I no doubt will be acquainted with many of them, being reared within 5-12 miles of Goldthwaite. The paper will be like a letter from home, as we used to be regular readers of it until moving away some time ago. I thought I could get along without it, but find it entirely too lonely and must have it.

I sometimes long to be back in dear old Mills with you people. I notice your crops are short from the drouth, but you are not alone, as we have almost a complete failure here this year.

Have had two very severe hail storms that just cleaned out everything as they went.

A great stir in this part caused by the war. Sad indeed, but it seems that our boys must go.

**AN ICE CREAM PARTY**

Mr. Davis Huckabee gave an ice cream party to the people of Caradan Monday night, July 15. There were several people present. The guests were first engaged in playing "snap." When this game had been continued for a long while, the boys were notified to choose partners and were invited in to eat cream.

Then part of them were engaged in playing "Pleased and Displeased," which was a very interesting game to the people and they were invited to cream the second time.

They were then engaged in singing some of the well known songs in which many of the guests took part.

For the third time they were called to eat cream. Then the guests were engaged in playing "Good Night," which was very interesting and as it was becoming very late now, the party came to an end.

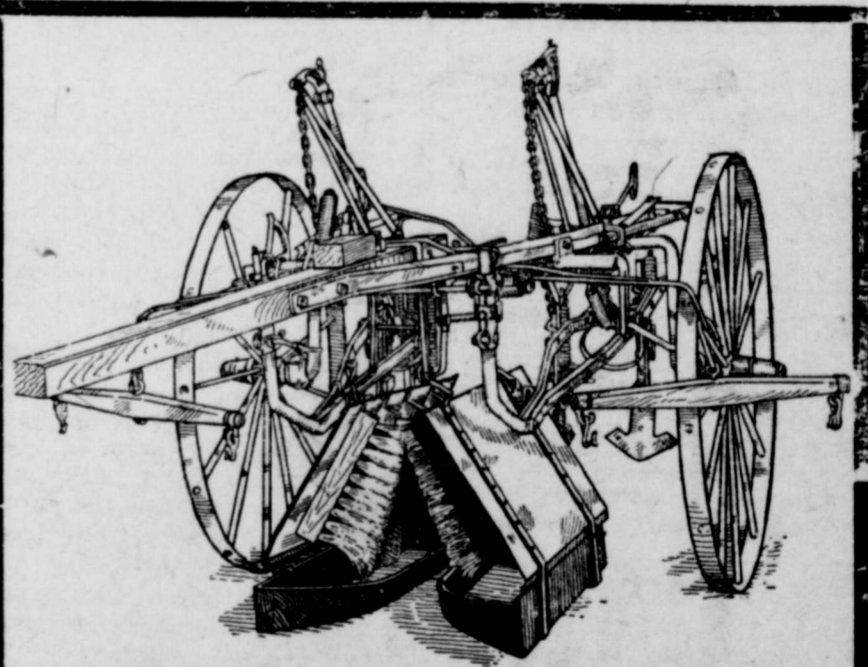

Every one had a good time and enjoyed themselves very much.

John B. Schlee, one of the most prominent and prosperous citizens of the Priddy country, had business in the metropolis Thursday and made the Eagle a pleasant business call.

Chairman W. H. Trent of the Red Cross society has issued a call for the members of the county executive committee of the Red Cross society to meet in the city Monday to consider matters of importance in connection with the work.

W. C. Hardman, one of the Eagle's good friends and one of the county's best citizens, presented us with the finest watermelon we have seen this season. It was indeed a beauty and was nice as it was good looking. Mr. Hardman has a fine lot of melons and has already marketed a considerable number and will have a great many if he gets rain soon. We are mighty glad he has grown these melons and that he is our friend.

**MEETING IN PROGRESS**

The protracted meeting which was begun at the Methodist tabernacle last Sunday morning has grown in interest during the week. Rev. I. T. Morris, pastor of the church, has the assistance of Rev. N. B. Reid of Lampasas and Rex Pledger of Burnet, the former doing the preaching and the latter leading the song service, and the meeting is great from every standpoint. Rev. Reid is one of the strongest preachers of the Methodist denomination and no more forceful sermons were ever preached in Goldthwaite than those delivered by him.

While Rev. J. A. Pledger is a preacher and pastor, he is still a choir leader of ability, having led in the song service in meetings conducted by Abe Mulkey and others, as well as having an aptitude for the work. Under his direction the singers are doing their best work and the song service is one of the most attractive and interesting parts of the meeting.

Services are held each morning from 9 to 10 o'clock and at night at 8 o'clock. Ladies prayer meetings are held in private residences in different portions of the city each afternoon.

The meeting is scheduled to continue thru next week.

**IMPORTANT MATTER**

To the Baptist Churches of Mills County:

Dear Brethren:—The time for our Annual Association meeting is drawing near when we shall come together to make a report of our stewardship and what the Lord has done for us during the past year.

Most of us will no doubt be in revival meetings for the next few weeks and I trust the Lord will greatly bless the efforts being made, both by the churches and the missionary on the field. In the midst of our own labors as churches let us not forget the missionary, who has no individual church to stand by him with its sympathy and prayers and means, but who is looking to us, as an association, for support and encouragement.

It is very important that we come to the close of the year out of debt. To do this will require some efforts on the part of the churches, which I am sure will be made this time as it has always been done in the past, and I am only writing this to stir up your pure minds by way of remembrance. Let every church in the association take a collection for associational missions before our meeting at North Bennett Thursday night before the fourth Sunday in August.

One other thing: It is very important that we have a complete report from all the churches to go into the minutes of the association.

In July 12th number of the Baptist Standard, will be found a church letter to the association. If each church will cut these out and use them we will have a uniform report.

Trusting we shall have a gracious meeting, I am your brother in the work of the kingdom.

A. R. Biffle and wife of Clifton, Texas, were here Friday to attend the funeral of their niece, Miss Pearl Lockett.

On Next Tuesday, July 31st, there will be quite a number here from Goldthwaite for the purpose of organizing a Red Cross Auxiliary at Mullin.

Jack Perkins, the thirteen year old son of Mr. Will Perkins of the Duren community, recently caught a very large wolf in a steel trap and was successful in killing him and getting his scalp.

Rev. G. W. Templin left for Galveston Friday night where he spent some time visiting his son and will also be under the care of physicians while there. Rev. Templin's health is in a very low state and he thinks that the change will be beneficial to him.

Clifford McCormick, a Mullin boy, was married to Miss Annie Teagle of Mart on Tuesday night July 17, the wedding taking place at the home of Miss Teagle. Mr. McCormick enlisted for service in the National army a few months ago and soon after their marriage he returned to army life at San Antonio and his bride remaining at Mart. Miss Teagle visited in Mullin a few months ago and it was here she became acquainted with Mr. McCormick.

R. M. THOMPSON, Editor

When the American troops reach the battle front and get warmed up to the job, the German chancellor is likely to change his opinion of the importance of America's entry in the war.

The nearer the time comes for our relatives and our neighbors to enlist in the army and navy and engage in the mighty struggle for democracy and humanity the more the call of the Red Cross society appeals to us. We know that some of our own people will need and receive the assistance of this splendid organization.

Congress this week appropriated \$40,000,000 to build and man a mighty fleet of airplanes the like of which has never been seen or contemplated in the world. While the full details of the plans have not been made public, it is known that 22,000 air craft are to be built and that 100,000 men will be required to operate them. America is going into this war with magnitude that assures victory.

"Keep business going" is the slogan that should be adopted by everybody. The appeal by government agents and individuals for economy does not mean that the gaunt wolf of want is skulking near the door or that there is danger of famine in this country. The food and other necessities to be conserved are needed in Europe and it is a patriotic duty to prevent the waste of such articles of food or clothing as are needed in the warring countries where our forces are allied, but this appeal does not intend to influence people to stagnate business or close channels of commerce. "Keep business going."

The United States Department of Agriculture says: Let everyone plant a "Fall Food Acre" in July or August. A well planned well tilled Fall Food Acre will provide the family with ample food and save drawing on the general food supply of the country during the months between now and January. Put in turnips, beets, peas, cabbage, carrots, onions, kale, spinach and collards in rows. If seed can be bought at reasonable prices, plant Irish potatoes for fall and winter use. About half of the acre can be planted in this way, and the other half in turnips and rape, either in rows or sown broadcast. Crops obtained from this acre should prevent the necessity of drawing in spring-grown crops for the food of the family during the fall. An old saying in the South is: "Sow turnips in July, or dry."

The report that itinerant plasterers are scattering through the country and to let various kinds of infected germs is giving the public general concern. If such acts of schery and treason are in being committed the persons can be sure of swift and terrible punishment. As long as war was confined to the countries and the people of America only know of it interested way little attention is given to acts and that will now be given attention and punishment commensurate with the crime. Our own people—our relatives and our neighbors—are now in the battle fields and our country is at war, therefore, we are to honor to temperize with those who might be the enemy of a foreign foe.

## EVERYBODY SEES A CHANGE IN FATHER

Suffered Over Twenty Years And Spent Thousands of Dollars Trying to Get Well

"My father has suffered from chronic stomach trouble for over twenty years and has paid out thousands of dollars on medicines and doctors," said G. W. Slayton, a well-known Cobb county farmer, who lives near Smyrna, a short distance from Atlanta.

"We tried nearly everything trying to cure him, and he went off to the springs, thinking maybe the water would help him, but it just looked like nothing would reach his trouble. Then he tried dieting and lived on liquid food until he almost starved—but even that failed to do any good and he just kept going from bad to worse.

"I don't guess there was a case as stubborn as his, and if there ever was a confirmed dyspeptic he was one of them, and I guess he would have been one yet if it hadn't been for Tanlae.

"The first we heard of this medicine was when my father saw an advertisement in the paper from parties he knew in Tennessee, who were friends of his, and he knew what they said about it was the truth—so he got it right away and began taking it.

"Well, sir, it acted just like magic—and everybody notices the change in father now—why, he is just like a different man, and sits down to the table and eats like a farm hand. Only yesterday, he ate pork and turnips for his dinner, and ate so much we were actually afraid he was overdoing the thing, but he laughed and said nothing hurt him now, and that he was hungry and expected to eat and make up for lost time.

"Now, when a medicine will do things like that, I think people ought to know about it, and I want to say right now that I would not give one bottle of Tanlae for all other medicines and health resorts in the country put together."

Tanlae is sold in Goldthwaite by L. E. Miller & Son, in Reiney by Keeling & Keeling and in Mullin by J. R. Clark, (adv)

### FARM IMPROVEMENTS

The safety of farming demands that we look to the future as well as the present. We cannot afford to use our land intensively without making wise provisions for the future. To require a heavy yield to meet present needs without ample means for maintaining the soil for future crops is hazardous.

While the cost of keeping the farm supplied with suitable and necessary equipment will be greater than usual, yet we cannot afford to neglect such equipment. Without it the farm is sure to deteriorate rapidly and perhaps soon reach a state of low yield when it will be a gigantic task to reclaim it.

Those who have had experience in improving the soil know that it is much cheaper and easier to build up the yield when the soil produces fair crops than if the manager permits the yield to run down to where it is very low before beginning methods for soil improvement. Very poor land is hard to improve and it is seldom men of small means do it. Where the manager must have quick returns on his money invested in soil improvement it may take many years to build up poor soil.

The best plan will be to use a portion of the income every year for improved implements, machines, drainage, terracing, cover crops, manure, fertilizer, buildings or other needed improvements necessary to provide for future crops. Investments in needed equipment will be required to keep the farm in a high state of productivity and the manager from hazard of crop failure.—Farm and Ranch.

Arrests are being made in large numbers in many of the counties where auto drivers have not obeyed the law requiring the shading of the front lights on their cars to prevent throwing a glare. This is a mighty good law and the Eagle hopes to see it enforced in every county and township in Texas.

A modern excuse for relief from jury service was offered by a citizen of Harris county this week when he responded to the summons of the court. He stated to the judge that he was needed at home to set out potato slips and was excused, after assuring the court that he would not require his wife to do the work if he was allowed to go.

Speaker Fuller of the Texas house of representatives has called a special session of the lower house to decide whether or not impeachment proceedings shall be instituted against Governor Ferguson. His action is based on the governor's veto of the appropriation for the support of the state university and his representations to members of the west Texas A. & M. college locating board. The special session is to convene on Aug. 1 and a "hot time in the old town" on the banks of the Colorado may well be expected.

At Henderson, Iowa, a peddler came along selling innocent looking court plaster. He was arrested on suspicion and when sear heard a sample of his court plaster was sent to Council Bluffs for chemical analysis. AED the analysis shows, says the Conway Record, that the plaster was coated with a culture of leprosy germs capable of spreading throughout this country the most malignant and loathsome of human diseases. The peddler appeared indifferent as to his fate when his nefarious mission was found out.—Princeton (Mo) Post

Mr. and Mrs. Roger Smith and baby have returned to their home in Goldthwaite after a visit of a few days here in the home of Mr. and Mrs. J. M. Reed. Their baby is a great-niece of Mrs. Reed.

Mrs. W. P. Darby, W. F. Barnes and Key Bros. closed a deal here Tuesday in which they sold their ranch near Lometa to H. A. Evans of Santa Anna. There are nearly 5000 acres of land in this tract with 280 acres in cultivation and the place is well improved in every respect. The consideration was \$70,000.

J. P. Adams and family, who live on the Minet Hallmark place one mile south of Grundyville, lost all their household goods by fire Saturday afternoon when the house burned. The family was on the creek at the time and it is not known how the fire started. The house was valued at \$400 no insurance.

Married at the home of the bride's mother, on Saturday, July 15, at 2:30 p. m., L. Walker Yarborough and Miss Leora Shelby. The groom is the son of C. C. Yarborough, the bride is a daughter of Mrs. J. M. Shelby, both of whom live in the Fairview community, some 8 miles southwest of Lampasas. The relatives from a distance present were: O. H. Yarborough and family of Goldthwaite, W. Lee Yarborough and family of Copperas Cove.—Leader.

**LOMETA**

The interior of the Methodist church is quite attractive since contractors Pearce and Willsford have finished hanging the new wall paper.

Otis Page, who now has a responsible position with a dry-goods firm in Lockney, came in Monday night for a visit with his mother, Mrs. W. F. Page.

Mrs. Parma Horne was hostess to a number of her girl friends Saturday night in the form of a slumber party at the home of her sister, Mrs. Ben Hester.

Mrs. W. E. Carlton, who submitted to a very serious operation at a Temple sanitarium three weeks ago, has returned home and is very much improved in health.

A fire of unknown origin destroyed a large amount of cut lumber in the Heller Cedar Brake last Saturday and also burned about 300 yards of track. Manager Watson stated that the total amount of damage is estimated at \$700, with no insurance.—Reporter.

**SAN SABA**

J. E. Rancy sold his flock of 225 sheep to Jack Smith last week at \$6 a round, including lambs.

A considerable ranch deal was closed last Friday. T. S. Walker sold his Simpson Creek ranch to John Kelly.

### MOTHERS DISH WASHER

(Intended for last week)

Editor Eagle: Hasn't it been quite a while since I have sat down for a chat with our correspondents thru the Eagle's columns.

Am sorry I have not written in so long a time, tho you see it keeps me busy fanning to live thru this hot weather we are having.

Some of the people here have been attending the revival now in progress in Mullin. Rev. Vann of Mullin preached two interesting sermons at the school house Sunday.

Clifford Marler had business in Mullin Friday.

Quite a few plum gatherers passed our way Thursday.

We would say plum gathering is some "sport," especially during this pleasant weather.

Where are ye? You correspondents, I don't hear you chattering quite so much as in the days of old. Come again all of yousnes.

Misses Dora and Thelma Marler were with the merry bunch who enjoyed an ice cream supper at the Davis home in the North Brown community Saturday night.

J. A. Williams was a Mullin visitor Friday.

While gathering news of our community we learn some of our young men are to be highly complimented as to the farming they have been so patiently and hopefully carrying on, despite the dry weather.

Mrs. Trox Harmon has been quite sick, but we are glad to report her improving.

Mr. and Mrs. Willard Mosier of Mullin attended the church here Sunday.

Jesse Green of Duren attended church here Sunday. Mr. and Mrs. Conner of the Trigger Mountain community attended church here Sunday and were guests at the Angelo Smith home.

Charlie Toffertiller made a business visit to Mullin one day this week.

Henry Sexton and wife and baby are spending a few days in the Democrat community, guests at the Mart Farmer home.

Mrs. W. A. Hawkins of Star passed thru our community Wednesday en route to Mullin for a visit to the home of her father, J. B. F. Wigley, and family.

Mrs. J. A. Williams and daughter spent Tuesday visiting in the Calvin Williams home in Mullin.

Mr. and Mrs. Sherfield were Mullin visitors one day this week, visiting in the J. L. Walker home.

Well, I beg pardon to be granted me and I'll not detain you readers so long next time.

Mr. and Mrs. A. T. Blackship have the sympathy of many friends because of the death of their baby, which occurred last night. The little one had been sick for some time and death was not unexpected.

Mr. and Mrs. Gilmore of Franklin are visiting relatives here. Mr. Gilmore is county attorney of Robertson county. Mrs. Gilmore, nee Miss Elsie Heaene, has a great many friends here who are pleased to have her with them again.

Mrs. J. H. Godwin of Rock Springs community was a pleasant caller at the Eagle office one day this week and informed us that she was expecting her son from New Mexico to arrive in a few days to take charge of her farm and stock and she would then go to Fort Worth and elsewhere to visit relatives.

### ASSIGNMENT FOR CREDITOR

O. C. Goodwin, who moved here from Crockett some months ago and has since been engaged in the grocery business, made an assignment this week for the benefit of his creditors. He estimates his liabilities at \$2800 and his assets at \$3300. The creditors selected Judge L. E. Patterson to act as trustee and he is now engaged in making an inventory of the stock of groceries and other assets.

Mr. Goodwin announces that his plans for the future have not been made, but expects to give a good portion of his time to Goodwin-Evans land agency. It is hoped by the himself and family will continue to make their home.

### SELECTIVE DRAFT

#### Numbers Drawn For First Supply of Troops

The list of those to be notified to appear for examination in response to the selective draft of last week has not yet been received by the examination board at this place. It is understood the list has been mailed to the board, which is composed of Dr. J. M. Campbell, J. V. Coekrum and J. A. Hester. As soon as the list is received the young men will be notified to appear for physical examination and all will be required to submit to this examination, no matter what may be their claim for exemption.

After the physical examination those desiring to be exempted will be required to file their claims, but this local board will have no power to exempt them, the matter being in the discretion of another board.

Mills county's quota for the first call is 79 and double that number will be called for examination, which allows for a 50 per cent exemption, but it is not thought the exemption list will be anything like that large.

The following list was furnished the Eagle by the Fort Worth Star Telegram and was verified by other daily papers. We do not guarantee its accuracy, however, for a number of errors have been found already in the telegraphic report. We believe it will be found to be approximately correct and it is likely the 158 men named here will be notified to appear for physical examination:

#### DAVID INCE DEAD

David Ince died at the home of his parents, Mr. and Mrs. J. J. Ince, in the Bayou country, west of Mullin, Saturday afternoon and his remains were interred in the cemetery at Mullin Sunday. He was in ill health for two years and for several months before his death, it was known to his family and friends that his condition was critical. He was a young man of high character and sterling worth and his fair to make a useful citizen and his passing away has caused sadness for many friends as well as for his parents and loved ones.

The bereaved family can be sure of the sympathy of all of their friends in their home community and elsewhere.

#### NEEDS MONEY

Kind Friends: In my present predicament I must say you ought to pay me a little something of what you owe. I have not, nor will I be hard on you. Each one of you pay a little which will enable me to live.

Kindly,  
DR. J. D. CALAWAY.

Those who know themselves indebted to Dr. Calaway should certainly make an effort to pay him, for there is no doubt about his need of it. He offers to discount the Calaway & Towns accounts 25 per cent, which should be an inducement to those who expect to pay him. (adv)

#### SOCIAL

The Junior B Y P U met at the hospitable Harrison home Saturday evening and enjoyed a delightful social. The hostesses were Misses Gladys and Dell Harrison.

The guests were received by Miss Dell, who proved a wonderful little hostess. Delightful music was rendered through the evening by Misses Gladys Harrison and Ruth Hurd.

A very interesting game of Rummy, also some out of door games were enjoyed, after which refreshments of watermelon and peach were served.

Ten o'clock came too soon, but the merry crowd bade each other good night and hoped to meet with the jolly crowd again soon.

S. T. Wells returned Friday night from a visit to relatives in Tucson, Arizona. He stopped at Rodio for a visit to Frank Bull and family, who are pleasantly situated on a fine ranch and are doing well. Mr. Wells was at Bisbee when the citizens loaded the great gang of strikers and agitators on a special train and shipped them out of the state. His idea of the trouble agrees with the newspaper reports that those who were deported were not entitled to public sympathy.

**CALOMEL SALIVATES AND MAKES YOU SICK**

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

**PLENTY OF PROOF**

**From People You Know—From Goldthwaite People**

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Goldthwaite, of people who can be seen at any time. Read the following case of it:

D. Y. Fox, deputy city marshal Goldthwaite, says: "My back caused me much suffering and I had rheumatic pains in my legs and arms. My kidneys often acted irregularly. I got Doan's Kidney Pills from Clements' Drug Store for these ailments and they always relieved the rheumatic pains and backache and regulated my kidneys. As a rule I have Doan's Kidney Pills in my horse, as I know I can depend on them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Fox used. Foster-Milburn Co. Mfgs., Buffalo, N. Y. (adv)

**ADMINISTRATOR'S NOTICE**

The State of Texas, County of Mills.

To all who are indebted to or holding claims against the estate of John McDermott, deceased:

The undersigned, having been duly appointed executor of the estate of John McDermott, deceased, late of Mills County Texas, by the County Court of said county, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present their accounts within the time prescribed by law at his residence at Goldthwaite, Mills County, Texas, where he receives his mail.

This the 7th day of July A. D. 1917.

R. F. McDERMOTT, Executor of the estate of John McDermott, deceased.

It is a very common practice to circulate subscription lists among the city's business men to secure assistance for those who have met with misfortune, either by flood, fire, sickness or some other cause. This is right and those who can assist such unfortunate people should be glad to do so and doubtless most of them are glad to help those in need, but the necessity for the circulation of such lists at frequent intervals should cause the public to seriously consider the matter of patronizing mail order houses. When a person is a patron of mail order houses they should not call on local business men in time of misfortune. While most business men make no distinction in time of need and trouble between their own customers and those of mail order houses, justice demands that local dealers be given the patronage of those who expect to call on them in times of adversity.

Whiteman, manager of the West Texas Telephone company's business at Brady, sent out invitations to his friends and the friends of his company to attend a reception at the new home of the company a few days ago. The many friends here of Manager Whiteman are glad to know of his advancement and prosperity.

**FARM LABOR**

Upon the farmer rests in a large measure the final responsibility of winning the war in which we are now involved. The importance to the nation of food and clothes, especially for the present year, cannot be over emphasized. The world's food reserve, and of raw materials for the manufacture of clothing and other necessities is very low. Not only our own consumers, but touch of the world at large must rely more completely than ever before upon the American farmer.

One of the principal limiting elements of production on the farm is the shortage in the supply of labor, and the haphazard methods and lack of system heretofore used in securing uniformity in distribution of farm labor.

In order to secure the greatest uniformity in distribution of farm labor, and to offset the shortage that now exists, especially throughout the South and West, the United States Department of Agriculture, co-operating with the State Labor Department, the Co-operative Extension Department of the A. & M. College of Texas, the Texas State Council of Defense, the state Department of Agriculture and a number of other state departments has undertaken the mobilization of farm labor in Texas.

Under the plan adopted the United States Department of Agriculture has appointed a "State Farm Help Specialist" whose office is with the State Department of Labor, and who has the direction of the work in Texas. In counties having a county demonstration agent of the Extension Department of the A. & M. College, the county demonstrator becomes the county man in the mobilization work. In counties having no county demonstration agent, some one is selected by the State Farm Help Specialist to act as county man.

All farmers who are wanting help, or will want help, and all laborers who are seeking employment on farms should immediately get in touch with their "County Man" or if there is no county man in their county, with T. C. Jennings, State Farm Help Specialist, Box 266, Capitol Station, Austin, Texas, and be enrolled. This service is absolutely free, no cost to either the farmer or laborer.

A scientific test of lenses for automobile lights was made in the laboratory of the State University at Austin this week and resulted in a determination by the scientists that there is no scientific definition of "glare" and a physical test is necessary to determine the observance of the new automobile light law.
