Wm Biddle of Center City had business in this city one day this week.

J. R. Carter of Center City was one of the business visitors to the big town Tuesday.

I. L. Allard went to Fort Worth last Saturday night to see about the carpenter work there and the splendid wages being paid.

W. W. Tippen, cashier of the Mullin bank and one of the leading business men of that progressive town, had business in the county capital the first of the week.

Norman Grisham, who is studying telegraphy in the Santa Fe company's school in Brownwood, spent Sunday with home folks and said he was getting along nicely in his studies.

F. E. Schults, one of the prosperous and popular young farmers of the Democrat community, was transacting business in the big town Tuesday and called to set his subscription date forward, for which we thank him.

W. C. Urbach is at home from the sanitarium at Temple, where he spent some time under treatment and is improved. It is thought by the physicians, however, that an operation will be necessary to completely restore him to health.

The Big Valley people have organized a Red Cross auxiliary with H. A. Sykes as chairman; Mrs. J. F. Sellers, secretary; Mrs. W. M. Demard, treasurer. The membership is composed of some of the best people in that community and others will co-operate in the work as soon as they have an opportunity. W. M. Demard is the member of the county executive committee for that precinct and is enthusiastic in this as in all other good work.

COMMITTEE

A SLICE OF BREAD

I am a slice of bread. I measure three inches by two and a half, and my thickness is half an inch. My weight is exactly an ounce. I am wasted once a day by millions of people of the United States. I am "the bit left over;" the slice eaten absentmindedly when really I wasn't needed; I am the waste crust. If you collected me and my companions for a whole week you would find that we amounted to thousands of tons of good bread wasted. When you throw me away or waste me you are adding just so many submarines to the German navy. Soop it! Stop fighting the enemy by wasting me!—Cleveland Press

George Clements left Monday for Austin to enter the State University.

The Baptist fifth Sunday meeting is in session at Center City and will continue thru tomorrow.

Miss Fannie Jackson left Tuesday for Austin to enter upon her studies in the State University.

Miss Euna Rochelle returned to her home in San Saba Tuesday, after a visit to G. W. Jackson's family in this city.

J. V. Cockrum and wife went to Austin in their car Monday to enter their daughters, Misses Neita and Velma, in the State University.

Alvin Street, who has been buying cotton at Schulenberg this season, has been here a part of the week visiting home folks. He is a young man of splendid business qualifications.

Hubert Jones, who has been employed in Miller's drug store for a year or more, left Monday night for Atlanta, Ga., to study pharmacy in the University. He is a fine young man and has many friends here.

J. E. Perkins was one of the prosperous farmers of Star community who had business in this city the early part of the week and while here he added his name to the Eagle's list of readers.

Thos. E. Porterfield and wife, nee Miss Mabel King, were here from Waxahachie the first of the week, visiting his grand-parents, Mr. and Mrs. B. J. Park. These young people were married last Saturday and came over on a honeymoon trip to visit and while here made the Eagle an appreciated call.

EARLY PLOWING FOR CROPS

Regardless of what crops are to be planted those who give careful thought to the needs of their soil and the importance of fertility maintenance will agree that early fall plowing will be highly desirable this year. As a general principle of progressive farming, early fall plowing is necessary. It will be more important this year because of the heavy demand we are making upon our land thru intensive methods of cultivation to supply the necessary food and maintain our homes and sustain the nation.

Fertilizers are scarce and high and the supply of manure, as is generally the case, is quite limited. Any practice that increases or even maintains the fertility will be highly desirable. No better way can be devised as a rule to make use of weeds, stalks and other rubbish than to turn them under to increase the humus content of the soil and maintain the fertility of the land. And the earlier the plowing is done after crops are mature and harvested the more benefits will be derived from turning under weeds and stalks.

Of all the benefits to be derived from early, deep and otherwise satisfactory breaking perhaps none is more important than the insurance this affords against short droughts which may be so destructive to crops where the land is depleted of vegetable matter. Each breaking increases the vegetable matter in the soil and stores much of the moisture that falls during the fall and winter. By breaking in this way the chance for good crops are increased and the manager may have more time for other work in the spring.—Farm and Ranch

Mrs. I. E. Miller left Tuesday night for Oklahoma City to visit her sister, Mrs. Green.

Maurice Stephens has gone to Forney, where he has a position with a lumber company.

Miss Berta Kelly has been in Waco and Temple this week visiting relatives and friends.

Miss Alma Crockett of Mullin was here last Saturday, visiting and shopping and called to enter her subscription for the Eagle.

Mrs. C. E. Strickland and little daughter visited relatives in Mullin the first of the week. They went over to meet Mrs. Nettie Baird of California, a cousin of Mrs. Strickland, who is visiting relatives at that place.

County Treasurer Lewis Hudson this week received a warrant for \$733.43, which is Mills county's half of the license money paid the state highway commission by automobile owners in this county for license, tags, etc. This money is to be expended on the public roads by the county commissioners. The highway commission is to remit to the counties their pro rata of the license money twice a year—in March and September.

There is evidence to bear out the belief that loyalty will be cheaper than disloyalty for Americans who intend to remain citizens of the United States. Perhaps those who expect to run away to some alien country to avoid their share of the burden of civilization may escape the war, but they will ensnare themselves in difficulties of some other sort which will be just as bad or worse. It does not pay to run around over the world to avoid the consequences of war. Take them and adjust yourself to the circumstances.—Temple Telegram

SOCIAL MEETING

Last Saturday afternoon we, the K. M. Class, met at the home of one of our members—Miss Norma Frizzell—for our semi-monthly social class meeting. We were pleasantly entertained with music by Miss Lucille Frizzell, while we worked. Afterwards the program was rendered: A reading by Miss Brazzie Clements, a musical selection by Miss Earline Nickols, a reading by Mrs. E. B. Anderson and a musical solo by our hostess.

After our program we were served with ice tea and sandwiches and the class showed its appreciation by eating "a picnic" and as our time was up we adjourned until next time.

PARENTS AND TEACHERS ASSOCIATION

The Parents and Teachers association met at the High school building last Friday afternoon at 4 o'clock with a good attendance. They elected Mrs. McElroy president of the association, Bro. Morris gave an inspiring invocation and then Bro. White followed with an interesting talk. Mr. Price gave a talk for the coming year and Miss Rosa Keese gave a humorous interesting reading. Then a round table talk gave these present opportunities for good talks which they gave in good measure. It was suggested that a picture be given the room whose pupils brought the largest number of parents.

PRAIRIE

Editor Eagle: Many of the farmers of our community are away picking cotton.

Messes Eula and Maude Bailey are visiting relatives in Collin county.

Messrs Jim Curb and W. C. Johnson had business in Mullin on last Saturday.

J. S. Blackburn, Mrs. Seoggin and daughter, Miss Lillie, were shopping in Brownwood Monday.

Prairie and Fisher school districts have consolidated. The Prairie school building has been moved near the center of the district. The patrons are hauling lumber preparing to build a new room. We expect to have one of the best rural schools in the county.

Miss Agnes Botts, who has been visiting in the Johnson home for the past two weeks, has returned to her home in Comanche.

Mr. Lee Stephens and family, who have been near Ft. Worth picking cotton, returned home Tuesday.

Messrs. G. B. Baskin, M. Black and J. W. McMillan were among those who had business in Zephyr the past week.

Mrs. Rube Dudley has moved to Comanche in order to get the benefit of the good schools at that place.

Mr. J. C. Davis was among the boys who left for the training camp at San Antonio on last Wednesday.

Miss Mary Johnston returned last Sunday after three months spent in summer school.

Messrs. George Tomlinson, Will Jenkins and Pete Trommel, with their families left the last week for California to make their future homes.

Mr. J. W. Bailey and family were in Zephyr shopping on Wednesday.

Prof and Mrs Childress have returned to our community to be ready for the opening of school.

Mrs. J. E. Smith and family visited in our community Wednesday.

Mr. Jim Slove and family of near Comanche, were week end visitors in the Smith home.

Mr. R. H. Scott and family of Zephyr visited Mrs. Will Hill on last Saturday.

Mr. Geo. Baskin, and family visited relatives in Zephyr one day last week.

Messrs. Winfred McCormack, Cord Johnson and Raymond Blackburn are near Ft. Worth at work.

A prohibition election has been ordered in McLennan county for Oct. 20.

Four persons were killed when their automobile was struck by a railroad train in the suburbs of Fort Worth Sunday morning.

Strikers in the industrial plants may feel that they have a just cause, but they are giving aid to the enemies of the country anyway.

A bale of long staple cotton was sold in Clarksville this week at 40 cents per pound. It is claimed this was the highest price ever paid for cotton in Texas.

In almost every line of work women are taking the places of men, where the latter have been called to do army duty. The stockyard companies at Chicago are employing women to do work heretofore done by men.

The compulsory school attendance law has made it impossible for the telegraph companies to secure a sufficient number of messenger boys in some cities and girls are now employed to deliver messages.

The explosion of an acetylene gas tank in a machine shop in San Angelo Saturday resulted in the beheading of a young man who was in the shop. His brain and fragments of his head were scattered over a number of cars in the shop.

There appears to be some difference in the reports as to where "Citizen Jim" Ferguson will make his home, but there is no danger of getting cross on the matter whether or not he will occupy the governor's mansion in Austin. All agree that he will not.

W. D. Cowan, editor and owner of the San Saba Star, has returned to his sanatorium after several months spent in associating with the political leaders in Austin and incidentally serving as chief clerk in the warehouse and marketing department. The last issue of the Star gave full assurance that the "big noise" was again on the works, the paper having doubled in size after the first issue he was in charge. Cowan makes good anywhere and the Eagle is glad to have him back as a neighbor.

Announcement is made by the chairman of the Texas prohibition committee that a campaign will be at once launched for state wide, statutory prohibition. He says that by making the law forbid the sale of liquor within ten miles of any school or army camp will put practically every saloon in Texas out of business.

The Texas senate, sitting as a court of impeachment in the case of James E. Ferguson, voted last Saturday finding him guilty of ten of the twenty-one charges filed against him. Tuesday judgment was formally entered ousting him from the office of governor and forbidding him ever again holding an office of honor, trust or emolument in Texas. The highest vote recorded against him on any of the charges was 27 to 4 and in the vote on the final judgment 25 voted favorable to it and 3 voted against it. In every vote at any time involving the charges or impeachment Senator Woodward of this district voted for Ferguson, against finding him guilty and against impeachment. After the judgment was entered and Lieutenant Governor Hobby automatically became governor announcement was made that Mr. Ferguson had resigned the office Monday and had filed such resignation with the secretary of state, announcing he would be a candidate for a third term. His announcement, however, is not taken seriously by most people.

Prof King Childress and wife, prominent Mills county teachers, were mingling with acquaintances and friends in Hamilton Friday.

The ladies of the Hero Red Cross chapter honored the young men of the selective draft in Hamilton county with a banquet at noon last Saturday, Sept. 15, the tables were arranged in a large hall over the grocery store of E Morrison.

The Blue Ridge and Live Oak Camps W O W held ceremonies in aid of the unveiling of the monument placed by the Order over the grave of Sovereign Floyd Drake in the Blue Ridge cemetery last Sunday afternoon, September 17.

Mr. and Mrs. J. Wesley Clements went to Copperas Cove last Sunday to be with a sister of Mr. Clements, who is seriously ill at the home of his father, C. V. Clements, and to visit his parents. Mrs. Clements remained for the week in Copperas Cove and Goldthwaite where she will visit in the home of her parents, Mr. and Mrs. G. G. Clements.

Mr. and Mrs. Vincent Steen of Floydada, Texas, are in Hamilton visiting relatives and friends. Mr. Steen is the brother of Mrs. J. H. Taylor and Mrs. Minnie Miller, and is well remembered by hundreds of old time friends. They moved away from this city some sixteen years ago, and have prospered and Mr. Steen has won honors in the new Lome even as he did as a citizen while living here among us.—Record.

The union revival that has been in progress at Bend for the past six weeks closed Sunday night with sixteen additions to the churches. Rev. Aron and Rev. Woodson had charge of the services, both gentlemen being able evangelists.

The funeral services of Rev. H. B. Doak, who died at the home in LaRue, Texas, Wednesday of last week, were held at the local Methodist church Friday morning. Rev. W. L. Wall, assisted by R. A. Waltrip and C. H. Maloy, conducted the funeral services.

About 11:30 o'clock Saturday morning fire started in the Pfeuffer Cedar Co. depot and spreading to the adjacent yards soon destroying about \$30,000.00 worth of extra fine cut and stacked cedar timber. The fire started in the old depot, building which was full of hay and had made such headway that the use of a chemical engine had little effect on the flames and the few workmen who were present had to rush from the building for their lives. It was pay day at the yard and the book-keeper, Aubrey Lean, had the pay envelopes ready with \$500 in paper money ready for distribution to the workmen. This was mostly consumed by fire, also office fixtures and furniture, besides two cars belonging to the Santa Fe. This loss will be partially covered by \$20,000.00 insurance on the timber.—Reporter

TICK FEVER IS RAGING!

Lots of cattle are dying every day. Most people wait till they lose one or two head of good cattle before they have them vaccinated. My advice is to have them vaccinated before you lose any. That is the most economical way—not to lose any cattle are too high for a man to take any chance on them getting Tick Fever. I have vaccinated 1500 or 2000 head in the last 8 months and none of them have taken tick fever yet, so I think that is mighty good proof that "an ounce of prevention is worth a pound of cure." The thing to do is to vaccinate your cattle against this dreadful disease. I can vaccinate them and render them immune for 6 months. If one takes tick fever within 6 months after being vaccinated, I will furnish the medicine free with which to treat it.

THIS MAN SAYS HE FLIRTED WITH GRAVE

Fell Off Until He Only Weighed Seventy Pounds—Takes Tan-lac And Gains Twenty One Pounds

"I'll tell you the truth; if I knew this Tanlac was not going to be sold any more I would buy every bottle on that counter over there before I left here tonight," said W. A. Spitzer, at Patton-Pope's Drug Store, Birmingham, Ala., recently. Mr. Spitzer is a well-known painter employed by the Tennessee Coal, Iron and Railway Company, and resides at 910 South Sixty-eighth street, Birmingham.

"Before I began taking it I only weighed 135 pounds. Today I got on the scales and tipped them at 156—a gain of 21 pounds—and more than I ever weighed in my life. That's exactly what four bottles of Tanlac did for me. Just look at this belt! I had to let it out four inches and it is still tight on me.

About seven years ago I commenced having stomach trouble and it kept getting worse until I began having attacks of acute indigestion. When these attacks came on me I would just swell up like a mule with the colic and get as limp as a rag. My breath would get short, and my pulse so weak, I was afraid my heart would stop beating. The stomach pump had to be used every time, as this was the only thing that would relieve me. Finally my kidneys went back on me, and don't believe I was out of pain eight or day for four long years, and I actually got so weak I could hardly stand on my feet—much less work. I was fading away fast and got down to where I only weighed seventy pounds. I was almost a walking skeleton, and I tell you I flirted with my grave and guess I would have been in it if it hadn't been for Tanlac. For four years I could not hit a lick of work. I guess I was as near dead as any man you ever saw to be alive. But, look at me now; I am strong and well now as I ever was in my life, and can do as big a day's work as any man.

"Yes, sir, if ever a mortal man had been thru the rub I am the man, I paid out, I guess not less than \$2,500 in the past six or seven years for doctors' bills and medicines, and have bought enough medicine to own an interest in one of them, and I was lucky not to have an undertaker's bill to wind it all up.

"I have been a painter all my life, and have had painter's colic several times, so guess that had a lot to do with my condition. Anyway, there seemed to be nothing that would straighten me out. Every time I heard of a new medicine I would get it. I read of Tanlac one day, and that's the time I hit it right. That's what saved me. Why, Tanlac just raised me right out of my grave. I can eat anything now, and actually I eat so much I get ashamed of my self. My landlady said the other day she would have to raise my board. I told her, though, she must remember that for four years she made money off of me, and that I was only making up for lost time. Why, seven or eight biscuits at a meal don't satisfy me now, but I just quit at that for fear I will overdo matters, but everything tastes so good to me now! And sleep! Why, I never would wake up if they didn't come in and shake me. I haven't a pain in me now.

Tanlac is sold in Goldthwaite by L. E. Miller & Son, in Mullin by J. R. Clark, in Regency by Keeling & Keeling and in Priddy by G. H. Spicer. (adv.)

Miss Vangie Kaubs of Priddy was visiting and shopping in the city Thursday.

Misses Joyce Harrison and Lucile Street left Wednesday for Austin to resume their studies in the University.

J. E. Mayo, at one time a valued employ of the Eagle office, was here from Brownwood this week and made us an appreciated call. He has an advertisement in this issue.

The friends of Mrs. P. H. Clements deeply sympathize with her in the death of her sister, Mrs. Anna Cain, who died at her home near Lebanon, Ind., Thursday of this week.

J. L. Jay and wife and daughter of Comanche county were here the first of the week visiting Mr. and Mrs. W. W. Johnson in North Brown community. They went from here to Austin to visit their son, who has a good position in that city.

E. G. Triplett is here from Clovis, N. M., closing a deal wherein he sold his farm in Center City community to Mr. Dickerson of Evans. Mr. Triplett is an old citizen of this county and the Eagle hopes he will continue to call this county home.

A report reached this city this week that Charley Sullivan had the misfortune to get an arm cut off in an accident in Drumright, Okla. The Eagle is glad to know the report was erroneous. He met with an accident and his arm was hurt, but the injury is not thought to be serious.

S. M. Bull has sold his ranch south of town to D. G. Barnett and left yesterday for Rodio, N. M., where he will make his home. Mr. Bull was a pioneer settler of this section and has the friendship and good will of everybody. He carries with him to his new home the assurance that his friends in this county are legion.

Mrs. D. B. Tombaugh and little son were pleasant callers at the Eagle office one day this week. The family expects to move to New Mexico in the near future, Mr. Tombaugh having already gone there to select a location.

Messengers came in Tuesday for a coffin for Mr. J. A. Neal, sr., who died at his home near Caradan at 4 o'clock that morning. Mr. Neal was 84 years old and had been a resident of that section a long time. He was the father of Mr. J. A. Neal of the Caradan country and had other relatives and many friends in that section.

DISTRICT COURT

Term Begins Monday—Only
Non-Jury Cases the First
Week

District court will convene here Monday and while the term may continue four weeks if necessary, it is not believed more than three weeks at most will be required to dispose of the business, altho there are several cases of importance likely to be tried.

No petit jury has been summoned for the first week, but the grand jurors are to appear at 10 o'clock Monday. The petit jurors for the second week are to appear at 9 o'clock Monday Oct. 8, and only one week's jurors have been ordered. The fact that Judge Spann objects to the names of the grand and petit jurors being published in advance of the session of the court makes it inexpedient to give the list this week.

OUR SINGING SCHOOL

On August 27, 1917, a singing school was begun at Center City for the duration of twenty days. This school was under the direction of Prof. J. H. Carr of Brownwood, who was assisted by Prof. Peters of Madison county.

Most people regard a singing school as a place where the young set go to enjoy themselves in idle amusement. If such has been their theory, a very different conclusion would have been formed by a visit to our school that has just closed. It was most surely a place for work and not play.

Our teacher tried to instill in our mind the importance of studying vocal music, not only for our own satisfaction, but for the benefit of those with whom we were associated. It was a great privilege to take advantage of the instruction given by these eminent teachers and our appreciation of their work is much too deep for an expression in words.

On the evening of September 18 a musical comedy was given and the applause which came from the attentive audience gave sufficient evidence that our work and efforts were not without reward.

The sentiment of the students was expressed on the following afternoon by the touching scene which marked the close of our school. Tears of regret were shed at bidding good-bye to our faithful teachers, and we could only be consoled by the most pleasant announcement that another school for next year had been arranged for.

PROCLAMATION

The state fire marshal has issued a proclamation asking for the people of this state to make Wednesday, Oct. 10, general clean up day and in conformity with his suggestion I hereby request all citizens of Goldthwaite to cooperate in a clean up campaign on or before that date. Have all weeds cut about the premises and on vacant lots, clean up the yards, lots and alleys, burning or hauling away the trash, in order that our city may continue to merit its good name for cleanliness and sanitation.

Another matter that deserves special mention is the inspection of flues before putting up stoves. The state fire marshal asks that this matter be given careful attention. It is much cheaper to have a flue examined and repaired than to repair the damage done by fire.

Let all of our citizens give hearty co-operation in this matter. WILLI H. TRENT, Mayor

SOLDIERS TO LEAVE

The military board of exempt on was in session yesterday notifying those who have been accepted for service to assemble in Goldthwaite next Wednesday to proceed to Camp Travis for training. It was thought at one time that only a part of the quota would be required but later advice was that all should be gotten in readiness.

The young men will be entertained by Mr. W. C. Dew Wednesday night on the court house lawn. Speakers have been secured for the occasion and the time will be made as pleasant as possible for the young men. The Loyal Girls are preparing comfort bags for each of the boys, which is indeed kind and thoughtful of them.

MULLIN

From the Enterprise:

Bert Ehrhidge and family left this week for Bakersfield Cal. where they expect to make their home.

Tip Eaton of this city has resigned his position in the Loeker school and accepted the position as farm demonstration agent of Erath county at a very handsome salary. The Enterprise is glad that Mr. Eaton has secured such an important position.

Mrs. T. M. Kemp and children will leave tonight (Thursday) for Bisbee, Ariz., where they will reside. Mr. Kemp has been there for several weeks and has permanently located. Mrs. Joe Ivy will also go with them as Mr. Ivy is also located at Bisbee.

Master Earl Crockett, who was so seriously wounded by being kicked in the head by a horse several weeks ago is reported not doing so well during the last few days and the family is thinking seriously of returning to the sanitarium with him.

Arrangements have been made for the opening of the Mullin school Monday morning, and it is expected that the school will open with a full enrollment as most of the farmers are through picking cotton.

The dwelling on the farm of Mrs. Williams of Chesser Valley community was totally destroyed by fire Monday night at about the hour of midnight. The building was occupied by J. E. Rutherford and family and the flames were lapping thru the hallway before the family awoke, and they had only time to escape in their night clothing. Everything in the house was destroyed with exception of one trunk and one feather bed, which were saved. It is not known just how the fire caught; only it is supposed that it originated in the kitchen flue, as that was the only place any fire had been during the day.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

AFTER THREE YEARS

North Lampasas Testimony Remains Unshaken

Time is the best test of truth. Here is a North Lampasas story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. H. F. Brooks, North Lampasas, Texas, says: "I was bothered by an attack of kidney complaint. My back was weak and my kidneys did not act right at all. I couldn't stoop without severe pains catching me in my loins. Often they extended into my shoulders. I was subject to headaches, dizziness and blurring of my sight. I got no benefit until I began taking Doan's Kidney Pills. They had been used with good results by one of my family and that led me to try them. Two boxes entirely cured me."

Over three years later Mrs. Brooks said: "Doan's Kidney Pills are all that is claimed for them and they are the best kidney medicine I ever used. The benefit they gave me has lasted."

Price 60c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mrs. Brooks has twice publicly recommended. Foster-McLern Co., Mfgs., Buffalo, N. Y.

SOLDIERS PLEASED

The Mills county soldier boys who are at Camp Travis, San Antonio, are well pleased with their surroundings, according to letters received by their relatives and friends at home.

Willis Hill writes under date of September 22:

Editor Eagle:

The Mills county boys are anxious for the Loyal Girls of America at Goldthwaite to know of our appreciation of their kindness and gifts. We think they are the best in the state. We hope these girls will not be disappointed in us and I feel sure all the boys will try to make good.

We will not forget the kindness of the people of Goldthwaite and are glad the local board was able to fill the quota without taking any of the married men. I think most of the boys are well pleased here.

It is grand to work for Uncle Sam. The boys all feel at home in the Y M C A. I don't know what we would do without it.

We felt like we were leaving a great many friends when we saw the immense crowd at the depot the night we left Goldthwaite and we hope to outlive the war and come back to grand old Mills county.

A SYMBOL OF CIVILIZATION

It has been said that the orchard is a symbol of civilization. That it is one of the best indications of progressive farming and comfortable home life on the farm none will deny. More fruits and better fruits for the family have been a distinctive feature of progress made on farms for two centuries.

The home orchard has meant more to the farm and the community doubtless than most people have believed. Not only has it furnished better foods and stimulated better health but it has made farming more stable and permanent. The man who established an orchard is striving to build a home on the farm and is thus vitally interested in the rural community. He will take interest in the schools, churches, roads, markets, and everything that contributes to better society.

Fruit growing has had a very rapid growth in this country. But there is much to be done in discovering better varieties; more effort is needed in testing, selecting and evolving the kinds and varieties to reduce uncertainties and supply the needs of a critical demand. This is a field for young men who would render valuable services to their associates and those who live after them.—Farm and Ranch

Chesterfield CIGARETTES

of IMPORTED and DOMESTIC tobaccos—Blended

"They please the taste great! But also—"

If a cigarette simply pleased the taste, smokers used to let it go at that. But not now.

Because Chesterfields give smokers not only a taste that they like, but also a new kind of smoking-enjoyment—

Chesterfields hit the smoke-spot, they let you know you are smoking—they "Satisfy"!

Yet, they're MILD!

The new blend of pure, natural imported and Domestic tobaccos—that tells the story. And the blend can't be copied—don't forget that!

They "Satisfy"—and yet they're Mild!

We favor a levy of sufficient tax and the appropriation of every dollar necessary, adequately to support the state government wisely and economically administered; we are opposed to the levy of one penny of the people's money for the purpose of supporting political machines, visible or invisible. The creation of needless public offices and the appointment of political friends for the purpose of discharging political debts, is nothing less than betrayal of the public confidence and the embezzlement of the people's substance; the use of the party machinery, the legislature or other departments of the people's government, to further wrongful schemes of men or those of selfish interest is little short of treason. Every department of state government should be economically administered with a view of rendering service to the people. No bureau, board or department not actually needed to serve the people should be established or permitted to exist—Exchange
