J. H. Clifton was one of the good men of Star who transacted business in this city the early part of the week.

T. W. Cryer, a leading citizen and former banker of Mullin, was looking after business matters in this city Monday.

Rev. J. D. Simms and wife returned to their home at Killeen the first of the week, after a visit to their daughter, Mrs. R. V. Littlepage, in this city.

John C. Witty, the accommodating operator of the freight truck between Goldthwaite and Star, has our thanks for a number of courtesies extended recently—one this week.

Our good friend Sam McCasland was here from Center City Saturday. If there are any better men than Mr. McCasland we have not had the pleasure of meeting with them.

Rev. J. S. Bowles will fill the pulpit in the Methodist church Sunday morning at 11 o'clock. He expects to leave next week for Georgetown to attend the Methodist annual conference.

E. B. House and wife were visitors to this city from San Saba county the first of the week. Mr. House is state revenue agent and is kept very busy with his official duties, which gives him but little time to visit among his friends.

The scare throughout the country over the report that Russia had abandoned the war has abated, since the truth of the situation has become known. Russia apparently has no idea of surrendering to the Germans or abandoning the war, but simply asks that the allies give much needed aid to that nation in the way of munitions, supplies and finances.

INDIAN GAP

To show their patriotism, the Indian Gap school children rallied together and purchased a Liberty Bond, thus showing the government that the schools were willing to help back the boys in the trenches. Indian Gap is always in the lead with all good things.

On October 27 the basket ball girls of Indian Gap met the Star team on their home court and came back victorious. The score being 8 to 2.

REPORTER

Judge E. B. Anderson had legal business in Brownwood the early part of the week.

Rance Richards and wife left Tuesday for their home in Little Rock, Ark., after a visit to relatives and friends in this city.

Waddy Thompson and family have moved to this city from Mullin and occupy the T. T. Nickols residence, corner of Second and Hutchings streets.

Mrs. E. S. Flippo of Dallas visited her sister, Mrs. Walter Stueck and family in the North Brown community for several days and left Tuesday morning for Lampasas to visit with other relatives.

C. C. Yarborough was here from Lampasas the first of the week visiting and meeting friends. He has sold his farm in the Lake Victor section and his friends here hope he will decide to again become a citizen of good old Mills county.

Mrs. J. F. Jones and her daughter of Center City boarded the train here Monday enroute to Ballinger, where they were called on account of serious illness of the little son of Mrs. R. L. Williams of Talpa, who was in the sanitarium at Ballinger. Mrs. Williams is a daughter of Mrs. Jones.

W. D. Koen, who has been in Brownwood some time drilling for oil, was a pleasant caller at the Eagle office Tuesday. He has sold his interest in the drilling machine to his former partner, S. M. Blecker, and has ordered another rig, which he will likely put in operation in this county, as he, like others, is confident there is a paying oil field in this section.

RED CROSS MEETING

The meeting of the Red Cross society, held in the district court room Monday afternoon, was fairly well attended.

Reports were received from the officers and were encouraging. The local chapter now has approximately 500 members and a considerable amount of sewing and knitting has been done and material has been ordered for more work of that character.

In accordance with the requirement of the order that permanent officers be elected sixty days after the formation of the chapter, the following officers were elected: W. C. Dew, president; Miss Nora Hooks, vice president; J. A. Gillespie, secretary; Mrs. J. A. Gillespie, corresponding secretary; Mrs. W. H. Trent, treasurer.

CLUB ENTERTAINED

Mrs. J. V. Cockrum, Floyd Jackson, James Faulkner and Miss Lillie Martin entertained in delightful manner Thursday afternoon the members of the Central Embroidery club and a few friends, in the lovely home of Mrs. James Faulkner. Forty-two and victrola music formed agreeable diversions during the hours. Mrs. O. E. Priddy received high score.

Hot chocolate, sandwiches and cake were served. Dainty white cards bearing the name of a country were tied to the caps with yellow ribbon and at the close of the party Mrs. Faulkner gave a pair of silk hose as a souvenir to the guest whose card bore the name Americ. Mrs. D. A. Trent being the lucky one.

Those enjoying the hospitality other than club members were Mesdames D. A. Trent, Robert Littlepage, Claud Eacott and Miss Avery of Amarillo.

HOME MISSION SOCIETY ENTERTAINED

Monday afternoon at the hospitable home of Mrs. R. M. Thompson, with Mesdames Thompson, Eli Fairman, W. K. Marshall, and W. A. Bayley as hostesses, the Home Mission society was delightfully entertained.

After a short business session, in which much of interest to the society was discussed and plans for the future made, business adjourned and a pleasant hour was spent in music, readings and contests.

We were delighted to have our new pastor, Rev. and Mrs. Callihan, Bro. Bowles and wife with us. Mrs. Bowles favored us with one of her splendid readings which was highly appreciated. We all feel a great interest in Mrs. Bowles, as she is one of our home girls, and with her strong personality and gracious manner she can and will do a wonderful work where she goes and all wish that their work may fall in a pleasant place.

Delicious cake and cream was served and all too soon the hour for leave taking came. Many thanks were extended our hostesses for a pleasant afternoon.

FIRST LIBERTY BONDS

The United States government is very desirous that every man, woman and child in our nation should own a Liberty Bond. In order that every person may have the opportunity to do his or her patriotic duty at any and all times, the sale of Bonds will continue. Every Bond you buy will help to feed our soldiers and help to take care of our wounded.

Won't you "do your bit" right now by purchasing at least one Bond, so we can send in your name to be placed in the Archives at Washington to be read by future generations that you have done your duty?

To all those who desire to purchase First Liberty Bonds or Second Liberty Bonds, the Goldthwaite National Bank is ready to supply your needs with pleasure.

A FINE SHOWING

The display of culinary and art products, by the Civic League last Friday and Saturday, was indeed interesting. The displays were fine and the interest by the public was good. Some of the exhibits would have done credit at a state display and the entire showing was far better than the uninformed would have expected. The exhibitors are entitled to great praise and the ladies of the League, who planned and prepared for the exhibition should and do receive the thanks of the people of the town and country. The liberal business men who provided the prizes also come in for a good share of the praise and thanks.

As an example of the extent of the display the amount of preserved fruits, vegetables, etc., by the ladies is interesting: Mrs. C. M. Barch had 42 varieties; Mrs. W. E. Miller, 22 varieties; Mrs. A. J. Harrison has 520 quarts; Mrs. J. W. Weathers, 293 quarts; Mrs. J. C. Street, 231 quarts; Mrs. Kelly Saylor, 270 quarts. This is an indication of the volume of preserving throughout the county the past fruit and vegetable season.

The Eagle this week received the announcement of the marriage at Waco on Oct 14 of Mr. L. O. Peck and Miss Ella Moore and is pleased to offer congratulations and good wishes. Mr. Peck is editor and owner of the Hamilton Record, one of the best edited and finest equipped newspapers in this part of Texas. He is a man of high character and the Eagle esteems him as a neighbor and co-worker for this section of Texas. His bride is one of Hamilton's most talented and charming young ladies. May their pathway thru life be strewn with flowers and may unlimited happiness be their portion.

A VISIT TO CAMP

Soldier Boys Well Treated and Well Fed

Editor Eagle:

I will give you an account of my visit to see my boy, Alvin Oglesby, at Camp Travis, Texas. I left here on Oct. 25, and arrived in Camp Travis on the evening of the 26th. I had some trouble finding Alvin, as he had moved to another Barrack, but found him in fine shape and doing well. He had gained fifteen pounds in two months. There never was a time when the American soldier was taken care of as well as he is now. They have all the conveniences that can be had; you should see how clean the barracks are kept. I will always be glad that I had the pleasure of shaking the hand of Alvin's Lieutenant Kirksell, Lieutenant Kirksell said, "I am glad that you came to see your son, and wish that all mothers and fathers would come to see their boys. It does the officers good, as well as the boys. Lieutenant Kirksell carried me through the barracks, and I have never seen a cleaner place in my life. Their bath rooms are ever so nice, both hot and cold water. When he took me to the pantry what a sight it was to me, barrels of apples, oranges, grapes and all kinds of fruit. You may have often heard it said that the soldier has nothing to eat but bacon and beans, but such is not the case. They have something different every day. Thursday is fish day; Friday, chicken day. I will give you what they had on Saturday for the three meals. This amount is what is prepared for 171 men:

MENU—OCT. 26, 1917

Breakfast	Ingredient	Cost
Hamburger	Steak 50c; onion 2c	
	Lard 4c	9 55
Fried potatoes:	Potats 40; lard 2c	1 95
Post toasts	Toasties 4; sugar 3, milk 3	2 18
Pears	Two crates	2 05
Biscuit	Flour 26, lard 4	
	Bak powder 24oz	2 65
Coffee	Coffee sugar	1 45
Cost of breakfast		\$18 33
DINNER.		
Baked beans with bacon		\$4 92
Rice pudding		3 82
Tomato salad		2 23
Boiled cabbage		1 40
Rolls		1 46
Bread		2 40
Cost of dinner		\$15 83
SUPPER.		
Beef hearts with tomatoes		6 42
Spanish rice		2 66
Sweet potatoes		4 03
Stewed prunes		3 08
Bread		2 80
Ice tea		84
Total cost of three meals		\$51 69

They are allowed \$71.00 a day for the 171 men and when they do not use the entire allowance on a day, later they have what they call a feast day, and use up the surplus in something extra to eat.

Now, don't you fathers and mothers ever get it into your heads that your boy is not going to France, for he is going, and that soon. Now my advice to you fathers who have a wife, is to stay with that wife, but it is different with me, and if my boy or boys go to France, I will endeavor, by the help of our local board to get some kind of a position where I can be of help to our government, and I will surely go to France. Now if I go and should fail to return, there will be this consolation to you who know me, that I gave my bit for universal peace.

—W. H. OGLESBY

LENIENCY OFFERED

The military exemption boards have received a communication from the authorities cautioning them to be lenient with those who have been notified to appear for military duty and have failed to do so for reasons other than a willful desire to disregard their duty. In this connection the instructions say: "If it appears that the delinquency of persons who have failed to report is not willful, and if such persons present themselves for military service the local board will immediately send them to the Mobilization Camp so far as practicable in the manner prescribed therein for the forwarding of other selected men to Mobilization Camps. A list, registration cards and reports of physical examination of each of such persons will be forwarded both by registered mail and by persons sent as hereinbefore prescribed, and with the mailed copies the local board will enclose a certified narrative report of the delinquency of the persons forwarded, which shall contain the local board's recommendation as to the degree of culpability and the cause of the offense."

This proves that the military authorities are inclined to be lenient with inexperienced men and do not desire to brand as deserters men who have failed to appear thru a misunderstanding or have some reasonable excuse.

LITERARY SOCIETY

On Tuesday morning, Oct 6, 1917, the students of the Goldthwaite High School assembled in the auditorium for the purpose of organizing a Literary Society. Supt. Price conducted the meeting and the following officers were elected:

Lewis McElroy, president; Roxie Gaddis, vice president; Ruyel Keese, secretary and treasurer; Shellye Mayberry, reporter.

The purpose of the organization is three-fold: To add to the enjoyment of the pupils, to raise funds for the library and annual, and to accustom the students to public speaking and acting. Part of the meeting will be devoted to preparation for the different contests for the Interscholastic League.

The student body as a whole enrolled and the meetings will be held twice a month on Friday afternoon. There will be evening programs at stated times about every six months. X

The success of the revolutionists in Russia is causing serious concern to the nations of the world. Premier Keretsky has been deposed and is in prison while the revolutionist are in full control of the government and the militia at Petrograd and perhaps the entire military strength. The United States government authorities are inclined to take an optimistic view of the situation, however, and hope is indulged that conditions in Russia are not as bad as they appear.

The courtmartial of the negro soldiers implicated in the Houston riot is now in progress at San Antonio and the indications are that those guilty of the murders and outrages will receive just punishment.

A train on the M K. & T. railroad hit an auto near Waco Monday and killed six of its occupants. A party who witnessed the accident said the car appeared to "die" on the track in front of the moving train.

It is the duty of every citizen to assist in the conservation of food supplies as far as possible. The matter is one of extreme seriousness and the sooner it is understood and the gravity of the situation realized the better will be the conditions later on.

The first American blood shed on the European battlefield was reported last Saturday when eight Americans were killed and a dozen taken prisoners at the battle front. As the days go by the people of this nation are realizing more and more that the war in which we are engaged is a serious matter.

The treasury department is confident the second liberty loan was over-subscribed by a large amount. While the figures have not all been compiled, enough is known to make it certain that the people of America have demonstrated their patriotism and confidence in their government in a very substantial way.

While in Houston this week James E. Ferguson of Tangle stated he would begin the publication of his paper, The Forum, and it would be "agrarian and largely political." His friends gave assurance that he would make announcement for governor within the next sixty days and would make the state university a leading issue in his campaign.

The articles being published in the Farm and Ranch under the heading of the "Heavy hand of invisible rule" should be of vital interest to every taxpayer in this state. Senator John G. Willacy the author of the series of articles is well versed in political history and knows the "inside of things" about which he writes. He deals with the ever increasing tax burden and gives the reasons and suggests the remedies.

People should not find consolation in the expression, "We are poor farmers." Farmers are seldom what would be called rich men, but there are perhaps fewer "poor" among them than any other occupation. While the amount of cash on hand or on deposit among farmers might not compare very favorably with the cash available among people of other occupations, most farmers have land, livestock, farm equipment, crops food and other things that it takes money to obtain. They can live and prosper, war or no war, high taxes, politicians to the contrary notwithstanding. Poverty is less among farmers than any class that we know of but prosperity, contentment and exalted citizenship are everywhere notable and commendable. And the wealth of farmers is a general rule benefits society, for it is invested mostly as productive capital to bring larger crops, better homes and better people. Surely few farmers could be called "poor." But they keep up the poor as well as the state and national governments and are proud of it. Most of the poor farmers have changed their occupation for they are not found on farms—Farm and Ranch.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Head-ache, Malaria, Chills, Etc.

Ringgold, Ga.— Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, and we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's, the original and genuine. E 72

NOTICE TO FARMERS AND STOCK RAISERS!

This is the time of the year your stock need attention as the change of seasons is here and the stock are more delicate at this time. They need to be vaccinated against Blackleg and Tick Fever, as they are too high for a man to take any chance on losing any of them. An ounce of prevention is worth a pound of cure. I urge every farmer and stock raiser in Mills county to have their cattle vaccinated against Blackleg and Tick Fever, and also to come to my office and get some of my Tick Eradicator and mix it in the salt and rid their cattle of the ticks. Feed is too high to be feeding a lot of pesky ticks that suck from the animal the life blood that it needs to carry it thru the winter months. I have a preparation to mix in salt that will rid your cattle of ticks in a few days. Think what it is worth to your cattle to get shut of ticks. There are thousands of dollars lost in Texas every year on account of ticks sucking the blood from the cattle.

I also keep a line of the best known stock medicine at my office. A line of Stock Lips and most anything you need for your animals, such as physics for horse and cow, a line of Park Davis stock tonics for horses and cattle, and a full line of liniments and heal up powders for wire cuts and other ailments of animals—all of which I sell at a reasonable price. When you have any of your stock ailing, phone me. It won't cost you anything to consult me about the animal. When in town, call at my office, and if you require any stock medicines I can supply your wants and needs in this line, as I have most anything that is found in a first-class veterinary office. Office next door to Clements' Drug Store.

ALOMEL DYNAMITES A SLUGGISH LIVER

crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes to it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children, they like it.

THIS WOMAN GAINS SEVENTEEN POUNDS

Tanlac Makes Her Well and Strong after Fifteen Years Of Suffering

"Tanlac has made a well woman out of me after I had suffered for fifteen years and had gotten to the point where I didn't believe I could possibly live much longer," was the remarkable statement made a few days ago by Mrs. Lottie Swofford, wife of H. H. Swofford, the popular salesman for the Jewel Tea Company, and living at the St. Charles Hotel, Galveston, Texas.

Yes, it is true," continued Mrs. Swofford. "I have gained seventeen pounds on Tanlac and I am stronger and feel better than I have since I can remember. Ever since I was a child I have suffered terribly with catarrh of the stomach and don't believe anybody could have been in a worse condition than I was for the past few years. I suffered constantly with the most awful pains in my stomach and nearly all over my body and had such terrible headaches that sometimes I almost went distracted.

"My food soured on my stomach and formed gas that would get around my heart and smother me so I could hardly breathe and my heart would flutter and palpitate until I almost thought it would jump out. I got to where I didn't hardly eat enough to keep a bird alive, but even that little would come right back up in my throat undigested and at last my stomach got into such a condition that it wouldn't even retain raw eggs and I had to live on beef tea alone.

"I was so weak that I couldn't walk across the room and when I tried to walk I would get so dizzy I would fall, and would have to be lifted around from place to place. I was as nervous as I could be and the slightest sound would make me jump and tremble all over, and I gradually went down in weight until I only weighed eighty-five pounds. I was an absolute wreck and didn't see how I could possibly ever get well. I tried everything I could find but I didn't get one bit of relief and goodness only knows where I would be now if it hadn't been for Tanlac.

"I began taking this medicine as a sort of last resort and I couldn't tell at first whether it was doing me any good or not, but I stuck to Tanlac determined to give it a thorough trial. Well, sir, when I was on my fourth bottle I began to notice an improvement and from that time on I kept getting better and now, after taking eight bottles, I feel as well as I ever felt in my life. I never dreamed or dared to hope that I would feel as well as I do now and I can't begin to tell how grateful I am.

"All my troubles are gone and my nerves are steady as iron. I eat just anything I want and nothing gives me a minute's trouble and I now weigh one hundred and two pounds. I sleep splendidly and feel strong and full of energy all the time. Why, it's no effort at all for me to walk from here to the beach and back and that's a distance of two miles, and I feel so fine I can't help telling everybody I meet about Tanlac. My husband thinks it's the greatest medicine that was ever made and he tells all his customers how it brought back my health when nothing else would even help me. I am glad to give this statement and hope that lots of other suffering people will read it and get relief like I did."

Tanlac is sold in Goldthwaite by L. E. Miller & Son, in Mills by J. R. Clark, in Regency by Keeling & Keeling and in Priddy by G. H. Spiser. (adv)

OBITUARY

On Oct 23, just as another bright day was reaching its zenith, the pure spirit of Mr. W. E. Gray was wafted to the great God who gave it.

How difficult it is for us to recognize in the death of this most useful and much needed man, whose life was full of duties and noble purposes, the loving hand of a kind Heavenly Father who does all things well.

He was steward in his (the Methodist) church, teacher in the Sunday school, president of the Farmers' Union in this county. It seemed to us that the very foundations of Bethel were shaken when they told us that Billy Gray was no more, but then we remembered that in six troubles God would be with us and the seventh he would not leave us, so we took up the burdens that he has laid down and we think that success will be ours if we are as faithful as he was. His name was interwoven with the interests and affections of all the hearts in the country round about him, which has been his home almost all of his life. He escaped the chastening of the weary score and ten years allotted to the pilgrimage of many. He was born Oct. 15, 1855, was married to Miss H. L. Tubbs January 8, 1880. Four daughters blessed this union. His wife preceded him to the better world on Dec. 11, 1900. He leaves an aged and afflicted mother and four daughters with their families and four brothers and three sisters, who are bereaved because of his death. The funeral services were conducted by his former pastor, Rev. J. T. Weems, assisted by Rev. W. R. White of the Baptist church.

The light of his pure Christian character will shine like a lamp in the pathway of his children, cheering with its bright and steady beam the darkest seasons of their pilgrimage and will light them to their long sought home, where the Savior has prepared a mansion for all who love his appearing.

The floral offerings were beautiful, but not more beautiful than the face that rested among them. Billy Gray lived a beautiful Christian life and looked so very peaceful in death.

Flowers seem to be the best emblem we have to express our love, for we wreathes them around the cradle, the marriage altar and the tomb. Thus we leave him so peacefully sleeping among the fragrant flowers by the church and near the home that he loved so well. A FRIEND

WITH THE COLORS

Camp Travis, Nov. 4, 1917. Editor Eagle:

A few lines will let you know we are preparing for a great war. We are in training camp the 90th division 315th Engineers, Co. B, and A. We are experiencing quite a different life from home life. Our work is trench digging and drilling with arms. We are learning to be soldiers for Uncle Sam.

It requires a great deal of time and patience to become a good engineer in the army for Uncle Sam. The engineers are considered the highest class of soldiers, as a great many people do not understand electrical and mechanical engineering. It takes a talent for this kind of work and we are to know Mills county is represented with some of this class.

Our Uncle Sam sure is preparing in a hurry for the greatest war the world has ever known.

When we left our home town and started for the training camp the Ladies Guild of the Red Cross handed us comfort bags, boxes of candy and lunches, which the Mills county boys do highly appreciate.

We have been separated from the other Mills county boys and have not seen them for some time. Nevertheless we are striving to obtain the high mark as soldiers. Humphries is in A, and Head in B.

Sam Tullos, who was selected for army duty but was unable to go with the last detachment of soldiers on account of sickness in his home, left Thursday night for Camp Travis, to take up training.

E. G. Crawford of Chaffers, who was county clerk of this county some years ago, was a passenger on Tuesday morning's train en route to San Angelo to join a party of friends on a deer hunt. Mr. Crawford has many friends in this county who are always glad to meet with him.

Riches are only valuable when other considerations are equal. To have a store of wealth and a private heartache is to make the things that wealth can buy but the merest trumpery. What would it profit a man to own the riches of Solomon and endure the miseries of Job or the sorrows of Jeremiah? The father who forgets his own child in the pursuit of a golden ignis fatuus commits a folly irreparable. Of course parents' motives for wishing wealth are mostly for the consequent easement of their children's lives, but to miss the friendly comradeship of one's child, to ignore the sweets of companionship and sympathy and understanding, to make no entrance into the little one's world of fantasy and make-believe, is to lose the sweets so freely offered to every parent, high and low. Too many otherwise reasonable men neglect their sons, the elders in their maturer intelligence feeling little of interest in the childish sentiments of the immature. Sons too often grow up semi-strangers to their fathers, little affected by the enormous moral influence which in sympathetic contact might be wielded by the latter. And while the father is busy in the world of men—as he should be in the course of his day's work—the child is busy in the realm of imagination, and in that realm the young one may acquire good or bad incentives, perhaps thru life. If the father is himself a fit man, he is not only remiss in his duty to the state, but blind to his own happy interests if he fails to make his child confident and friend and companion and partner. Many fathers realize this to their lasting sorrow after the child is no longer a child.—Dallas News.

COMMUNITY CO-OPERATION

(Copyrighted Farm and Ranch-Holland's Magazine)

A little thought on the subject will invariably convince one that the degree of satisfaction we get out of life depends largely upon the conditions prevailing in the community in which we live.

Whatever advantages the community affords we enjoy, while to whatever extent the locality is deficient, or poor in public utilities and opportunities, we who make up its population are circumscribed in life's pleasures and comforts.

There are the most satisfying lives who live in a well-equipped community and who go to make up a congenial neighborhood. It goes without saying that a prosperous population is almost always a contented, happy population.

One of this country's greatest financiers made the statement a few years ago that one of the prime reasons for the increasing cost of living was the lack of well directed effort on the part of small-town community people. He went on to explain that lack of co-operative effort on the part of the people living in small towns naturally resulted in an impoverished community—one in which life becomes a burden rather than a pleasure. It is from localities and conditions of this kind that the large cities draw their myriads of young men and women, boys and girls.

For most of us a community must have a minimum equipment, strong church advantages, good schools, good roads, easy communication with the outside world, and adequate shopping and marketing facilities. These essentials make possible the many other elements necessary to a prosperous neighborhood.

CITATION BY PUBLICATION OF ANNUAL ACCOUNT

The State of Texas

To the Sheriff or any Constable of Mills County—Greeting:

W. J. Ford, guardian of the estate of Hamilton Faith Ford, a minor, having filed in the County Court of Mills County, Texas, his annual report showing the condition of the estate of said minor, together with his application for an order of approval of his annual account of said ward, which will be heard by said court at the next regular term thereof.

You are hereby commanded, that by publication of this writ for twenty days before the return day hereof, in a newspaper printed in the County of Mills, State of Texas, you will give notice to all persons interested in the estate of said minor, to appear and contest the same if they see proper so to do, on or before the December term, 1917, of said County Court, commencing and to be holden at the court house of said County, in the City of Goldthwaite on the 3rd day of December, A. D. 1917, when said account and application will be acted upon by said court.

Herein fail not, but of this writ make due return, showing how you have executed same.

Given under my hand and the seal of said court, at my office in the City of Goldthwaite, this 13th day of September, A. D. 1917.

W. B. SUMMY,
Clerk County Court, Mills County, Texas.

NEIGHBORS AS FRIENDS

There is much satisfaction in living so that you have the confidence and respect of your neighbors. When neighbors have confidence in you and trust you, not only in affairs connected with transactions between individuals, but for the general welfare of the community, you may well congratulate yourself that you have lived a useful life.

It is well that men accumulate wealth that will enable them to be of benefit to society. But the wealth they acquire is by no means the full estimate of their service to humanity and to the state and the nation. Each citizen has personal responsibility and personal worth in the community. Wealth as important as it may be is not more important than the life and character of the man that produced it. The sympathy, encouragement and help you give to your neighbors may be of more benefit to those in need of such assistance than the richest men in the community.

It does not require great loss of time to be of help to one's neighbors and thus be active for progress in roads, schools, libraries and churches. These are factors that build rural communities. Some one must take the initiative in such improvements as are required to make wise and useful investments for the benefit of young people—Farm and Ranch.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Dr. Price's Cream Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

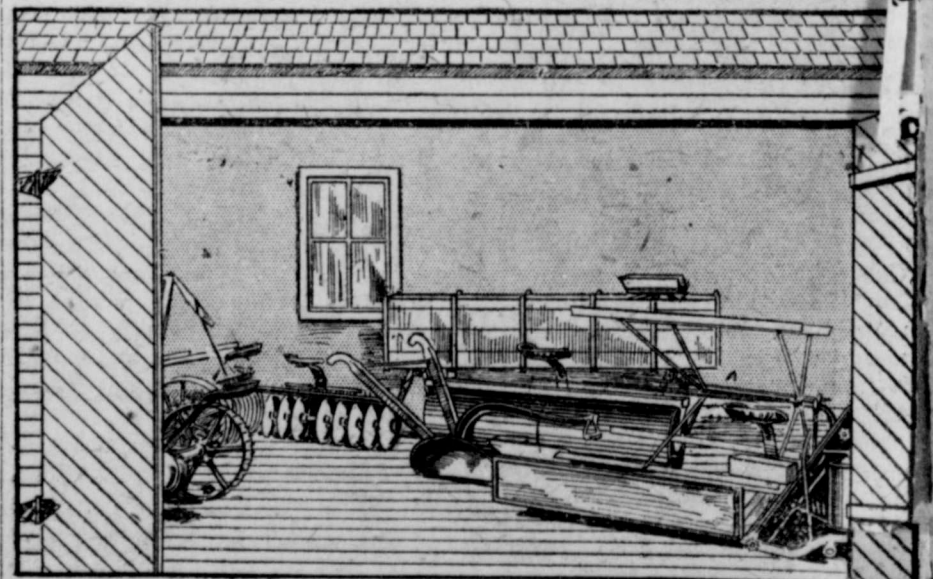

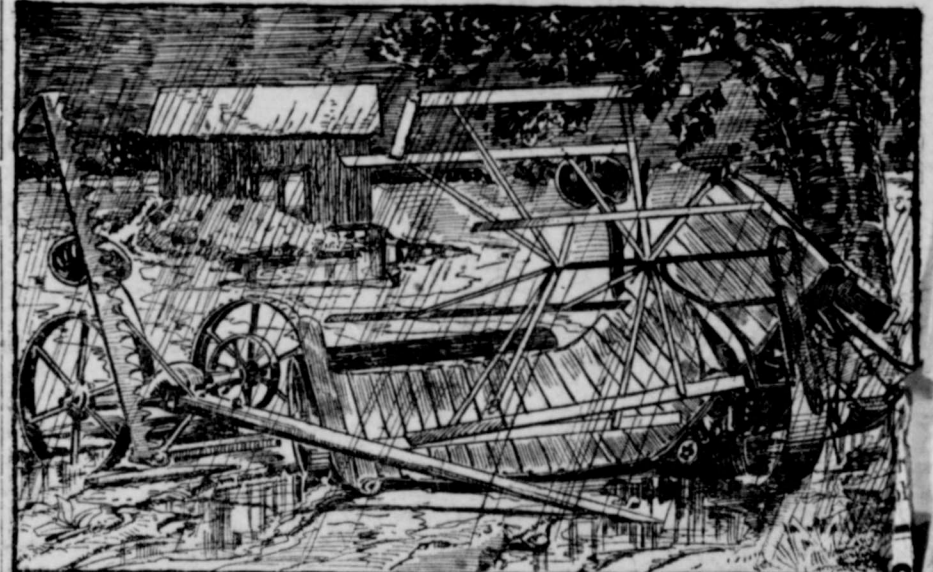

Some baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

UNION RESOLUTIONS

The following resolutions were adopted by the Bethel Local of the Farmers' Educational and Co-operative Union of America at their regular meeting Saturday night, Oct. 27, 1917, with the request that they be published in the Goldthwaite Eagle.

Whereas, the Allwise Creator for reasons that seemeth good to himself, has withdrawn from our midst, our beloved brother and friend, W. E. Gray, and

Whereas, by the death of Bro. Gray, this community has sustained the loss of one of the noblest, most consecrated Christian characters, with which God in his wisdom has ever blessed any community or state; therefore, be it

Resolved, by the Bethel Local Farmers' Union that we realize that this organization has lost one of its most faithful, loyal and useful members, one whose wise counsel and unselfish brotherly love has ever been extended to those members of this organization that stood in need of aid or advice, and one who has labored faithfully for the upbuilding of the principles for which it stands—equity and the golden rule. Further more be it

Resolved, that we extend to the sorrowing relatives of our beloved brother our heart-felt and sincere sympathy in their bereavement and can only point them to One who is able to bring comfort to their sorrowing hearts. Furthermore be it

Resolved, that a copy of these resolutions be presented to the family of Bro. W. E. Gray, a copy be sent to the Goldthwaite Eagle and a copy be spread upon the minutes of the Bethel Union.

THRILLING EXPERIENCE

The following letter from Tommie Weathers to his home folks will be interesting to the readers:

Oct. 30, 1917.

With the Rainbow Division, Long Island, N. Y.

Dear Home Folks:

How are you now? I am fine except a little cold. It has been raining here all day and everything is sloppy.

We left here for Florence the 18th and got back the 29th. We were on the President Grant, a ship that belonged to the Germans when war was declared. It was in American waters and was held by the U. S. It is 624 feet long and a hundred and ten feet wide and from top to bottom is two hundred and ten feet.

There were * * * men aboard. We were out a little over * * * miles and the tubes burnt out in the boilers. The captain of the boat sent a wireless to New York asking what to do, and the answer was, "Come back to New York." There are eight boilers in the ship and six of them went on the bum and we couldn't keep up with the rest of the fleet. There were eight transports and three destroyers and one sub with us. We were making fourteen knots an hour and when the tubes burnt out the two boilers couldn't keep up enough steam and we only made from two to six knots an hour coming back. A knot is equal to one and an eighth of a mile, so you see we were not going very fast.

This ship was one of the Hamburg-American line, one of the finest ships to carry passengers across the ocean. I am told it made the trip in 1915 in eight days, but it is remodeled now and fixed for carrying soldiers and can't make over eighteen knots an hour. That was its last trip. It has been lying at Brooklyn, N. Y. ever since and was eaten up they say.

I don't know if I will go across now. I will take mud and rocks for mine. Of course my work will be two or three miles back of the trenches, hauling supplies for my company, but I am going in the trenches and do my bit before I come back.

Water and jelly fish were all we could see and the water was so salty that when it lapped up against the ship and fell back it looked like you had emptied salt in it and it was settling. The soap we used wouldn't lather until we got some salt water soap. It was hotter than the very dickens at night inside. When we got back to Hoboken, New Jersey, the supply company had to unload the ship. We worked eighteen hours without stopping. I sure was tired out and am sleepy now, so I will quit for this time and write you again soon.

I got yours and Grandma Hines' letter and several from friends in Iowa. The postmaster in New York takes care of our mail. My address is the same.

Write me soon
With love

MERRY WIVES

Mrs. O. H. Yarborough received the Merry Wives Tuesday afternoon in her usual friendly way. During the business hour much was said of the war and in a patriotic spirit the members decided to limit the refreshment course for the time of the war crisis, and thus conserve sugar and other food stuff the boys at the front need.

Forty-two was the chosen diversion. Mesdames W. H. Trent, J. D. Brown and D. A. Trent scored high.

Mrs. J. C. Mullan, as a guest, added much to the pleasure of the afternoon.

The next hostess will be Mrs. D. A. Trent.

A tempting refreshment course was served just before good-byes were said. REPORTER

FALL DISPLAY

Exhibits Were Creditable to Town and Country

The Fall Display and Pure Food show held by the Civic League in the Trent building ends the active work of the League for this year. We feel encouraged to greater activities by the interest shown in the display. The exhibits were of high class and reflect great credit on the ones who prepared them. The exhibition was held for both city and county, and the prizes attest that both were well represented. Many nice and valuable prizes were not awarded, as there were no entries from some districts or on class of exhibits. We hope the interest will be more general at our next show. Prizes were placed on both city and county exhibits, as the League is anxious to show fairness to all.

AMBEROLA**

"The Human Phonograph"

in your home for three days

When you put an orchestra record on the New Edison Diamond Amberola, the Amberola becomes an orchestra; when you put on a vocal record, it becomes a singer; when you put on a violin record, it becomes a violin; when you put on a piano record, it becomes a piano. And so real, so "human" is the reproduction that it is difficult to believe that the singer or player is not actually in the room.

When you own a New Edison Diamond Amberola you do not even think of needles, because there are no needles nor any other kind of reproducer "points" to change. The stylus (or reproducer point) of the Amberola is a genuine diamond that never wears out. Neither do you have to worry about wearing out and breaking expensive records, because Edison Blue Amberol records are almost un-

wearable and unbreakable. They have been played three thousand times in Laboratory tests without showing a sign of wear.

Listen! Our Liberal FREE Trial Offer

permits you to have an Amberola and a choice selection of Blue Amberol records in your home for three days without costing you one cent nor obligating you in any way. We make this offer so that you will be sure to at least HEAR the Amberola before you consider purchasing any phonograph or talking machine, whatever name it might have.

And when you do hear the Amberola, we want you to hear it in your own home, right where you would expect to use it after you bought it.

Why wait? Why deny yourself the delight of having "real music" of all kinds in your home? Come in today and get full particulars of our FREE trial offer, an offer without a string of any kind attached to it.

Rev. and Mrs. I. T. Morris and daughter, Miss Mary, were guests of their daughter, Mrs. Duke Mann, this week, while en route to their home at Sabinal, Texas, to which place Rev. Morris was sent as pastor by the West Texas Methodist conference at its recent annual meeting at Corpus Christi—Brady Standard.

An appeal that is of importance and should receive careful consideration has been sent out to farmers by the state council in defense urging careful preservation of farming implements. The fact is pointed out that the and steel required in implements are needed in other equipment, but the farm machinery must be provided in order that the world may be fed. This one way in which every farmer and every farm laborer can win the war.

If tin tags like these can be made for one-half of a cent each at a good profit, why was a bill proposed in the legislature to force the farmers to mark the 3,800,000 bales of Texas cotton with these tags at ten cents each? WHY?
 "For the good of the farmer"—so said the legislator who introduced the bill. Do you believe it?

These tags at 1/2c each would have cost \$19,000. At 10c each they would have cost \$380,000. That would have made a minimum profit for somebody of \$361,000! SOME profit!

Who do you believe would have benefited from this bill—the farmer or the man who made the tags?

PLENTY OF PROOF

From People You Know—From Goldthwaite Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Goldthwaite, of people who can be seen at any time. Read the following case of it:
 D. Y. Fox, deputy city marshal, Goldthwaite, says: "My back caused me much suffering and I had rheumatic pains in my legs and arms. My kidneys often acted irregularly. I got Doan's Kidney Pills from Clements' Drug Store for those ailments and they have always relieved the rheumatic pains and backache and regulated my kidneys. As a rule I have Doan's Kidney Pills in my house, as I know I can depend on them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Fox used. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Advertisement)
