A JOLLY HOUSE PARTY

One of the most pleasing features of the holiday festivities was a house party given the S. S. club by Miss Eloisa Anderson honoring her house guests, Misses Yvette Ross of Fort Worth and Vera Dean of San Saba. Mercury had dropped away before the party, and Jack Frost played at "peek-a-boo" thru every keyhole, but all within was joy and gladness. Merry laughter echoed from everywhere. Even the wee small hours of the morning told of chafing-dish suppers, and weird ghost stories caused little shrieks when Jack Frost rattled the windows.

Miss Anderson proved a most charming hostess and each one is hoping that soon she will repeat this hospitality. Those enjoying this pleasure were Misses Laura Street, Shellye Mayberry, Mary Evans, Yvette Ross, Vera Dena and the hostess. A GUEST

RED CROSS SEAL SALES

We find in rounding in the untold Red Cross seals the past week that we will have more than \$30 to send to the Red Cross headquarters. The sales far exceeded our expectations, as we had to re-order twice.

We wish to thank each and every one that helped in this great work, especially R. M. Thompson for advertising, L. E. Miller, R. E. Clements, and J. D. Brown for selling the seals and the following for buying dollar's worth: Neal Dickerson, W. P. McCullough, Walter Fairman, Little & Sons, D. Lanford, L. E. Miller, Marshall & Dickerson, Wilson Bros, Bodkin Hurdle Co., J. C. Street, Dix Theatre, Bro White, Inc., B. O. Bro Callihan, W. E. Miller, R. E. ART AND CIVICS CLUB

CITY COUNCIL

The city council held its regular monthly meeting Monday night, with all members present. The report of the treasurer was received and accepted. The bid of Goldthwaite National Bank for the depository of city funds was accepted, the city to receive 3 1/3 per cent interest on daily balances. Accounts for current expenses were audited, approved and ordered paid.

J. D. Urouhart made a business visit to Brownwood the first of the week.

Miss Adeline Little left Monday for Temple and other points to visit friends.

Mrs. Sam Frizzell and family of San Saba visited relatives in this city this week.

Mrs. C. A. Eacott visited her brothers, Roach and Jim Tom Fox, at Camp Travis the first of the week.

Mrs. T. J. Rich of Parker county, who recently lived at Star, was a pleasant caller at the Eagle office one day this week.

W. E. Wiggins and his son Clarence went to Brownwood the first of the week, where the young man was placed in the Santa Fe telegraphy school.

A. O. Campbell has moved back to this city from Gatesville, to which place he moved some months ago, and now is content to remain in the best part of the known world.

R. L. Cockrum of Caradan community, president of the telephone company of that place, was a pleasant caller at this office Tuesday and placed an order with the Eagle for printing.

Rev. C. H. Miles of Caradan country, one of the best men in the county and one of the Eagle's most appreciated friends, was a pleasant caller at this office Tuesday.

Elder J. S. Hall was among his friends in this city the early part of the week and informed us he had moved from Hamilton to McGirk. His Mills county friends are mighty glad to see him getting nearer home.

Oscar Burns, who has served the Santa Fe as agent at Buffalo Gap for several years, has been promoted to the cashiership for the same company at Clifton. He was here the first of the week visiting his parents before going to assume his new duties.

Prof. T. L. Price of Goldthwaite was over during the holidays and reported his school progressing nicely. Mr. Price will probably try "scravage" some county official out of his warm place in the court house.—Richland Springs Eye-Witness.

CAMP TRAVIS

Brigadier General William H. Johnston, commanding the 90th Division, National army, extends in behalf of the officers and men of the Division, to their families and friends at home, wishes that during the year 1918 their families and friends may be as happy as they and that before another year the war for protection of the rights of American citizens may be terminated by the defeat of the enemies of this country.

The members of the 90th division will represent the States of Texas and Oklahoma, when, with the Allied forces, the Army of the United States breaks the Western line of the Teutonic forces and renders it forever impracticable for any despotic power to threaten the lives of American citizens.

At Camp Travis, the soldiers of Texas and Oklahoma enjoy peculiar privileges of taking advantage of climatic conditions permitting continuous training throughout the winter. The quarantine imposed for measles and mumps has been raised. Hospital facilities here are ample for those who may become sick. Training at the rate of eight hours per day, interrupted by Sundays and half holidays on Wednesdays and Saturdays, and by frequent opportunities to participate in field sports, and the men of this division are gaining in health and physique, and are as well clothed and fed as they would be out of the army.

They have rendered a magnificent example to all American citizens by responding to the call of the president to offer their time, their money, and perhaps their lives for a cause which has compelled this great republic to enter the war without precedent of magnitude. These men are entitled to the praise accorded by him who said: "Greater love hath no man than this, that he lay down his life for his friends." Complying with the law, all these men have made this sacrifice; even those who, have fought a successful battle abroad, return to their families and friends as more valuable citizens of a country which has never known defeat.

WILLIAM H. JOHNSON

C. B. Mohler made a business visit to Brownwood the first of the week.

L. O. Hicks and wife returned Tuesday night from a visit to relatives in Fort Worth.

Miss Ruth Watson of Moline visited her sister, Mrs. R. E. Ross in this city the first of the week.

A. L. Penland, the Ridge merchant, was looking after business in the metropolis one day this week.

J. R. Pierce and wife of Coleman visited the Moorland family and other relatives here Sunday.

R. L. Steen of Goldthwaite was in Hamilton for the week and to be with his nephew, Roger Miller, who was at home from Camp Travis. Mr. Steen is a former Hamilton man and was given cordial greeting by many old time friends on the occasion of his visit.—Hamilton Record

J. L. Gunter and his son were here from Mullin Tuesday and made the Eagle a pleasant call. They recently returned from a protracted stay at Midlothian, where crops were good last year and the people correspondingly prosperous. They have come back to good old Mills county to stay, however.

Roy Hicks, who has been in the United States navy for some time and has seen considerable active service, is here visiting home folks. He has had headquarters in Boston and has made several trips to the war zone. He expects to start on his return trip tonight to resume his duties. He like other Mills county boys is making a good record and we all expect rapid advancement for him.

Some of the good people of Ridge community feel that the announcement that their community did not do its part in the recent Red Cross drive is unjust, because a number of them took membership in the society at other places and, on account of the failure of a speaker and organizer to reach them during the campaign, they did not perfect an organization. Notwithstanding, a meeting was held there by appointment to meet the organizer. All who know the good people of that community feel confident they are always ready to do the right thing.

COMMUNITY CO-OPERATION

(Copyrighted Farm and Ranch—Holland's Magazine)

Those manufacturers who have standardized their products thru publicity cannot afford to mistreat the public in any way. The publicity expenditures are proof positive that they intend to remain in business relying upon narrow margins of profit from volume of sales, rather than wide margins from a few individual sales.

Trademarked-advertised goods have not advanced in price commensurate with advances in raw materials and manufacturing costs since the war started. These manufacturers realize that there will be a general readjustment after hostilities have ceased and they are looking to the future rather than the present for returns on their investments.

In times past many small towns and rural merchants adopted and adhered to the non-standard merchandise policy simply because they could exact wide margins of profit from this class of goods. As their trade became better informed and began to send or go to the large cities for standard brands, many of these merchants found it expedient to face about in order to hold their trade. It is now possible to obtain standard brands in practically all lines in even the smallest village and cross road stores.

The principal of "honesty in advertising" has become the watchword of reputable publishers and advertisers alike. Holland's Magazine guarantees the reliability of every advertiser using its columns.

The money spent in your local stores will revert to your personal benefit, and in the purchase of trademarked-advertised products you are protected against inferior quality and exorbitant prices, and at the same time you are assured value received for the money you invest in this character of merchandise.

J. P. Hutchingson and T. J. Williams were two of the good men of Center City community, who looked after business in this city the early part of the week.

J. W. Mason was one of the good men of Center City who transacted business in the big town Tuesday.

One of the most severe snow storms ever known in this section has held the country in its grip since Thursday night. Snow was only a few inches on a level, but drifts are quite deep. The warm sunshining will soon cause it to disappear, however.

J. R. Crowell came in from Beaver county, Okla., last Friday night for a visit to Rev. D. I. Haralson and family. Mr. Crowell formerly lived here and was a member of Jeff Day's Camp of veterans. He was the first man to pay taxes in Mills county when the county was organized.

Governor Hobby refuses to state positively what action he will take relating to calling a special session of the legislature to consider the recommendations of the investigating committee from the house and senate that has been busy for several weeks looking into the manner in which the state's business is being conducted in the various departments and institutions, but it is believed a special session of the lawmakers will be held sometime in February. Several vacancies in the lower house and at least one in the senate will have to be filled by elections before the session is held.

CAMPAIGN NOTES

More Good Men Offer Their Services To the People

The campaign has grown older since last week, but not much warmth has been developed so far. When the weather warms up it is thought the campaign will likely follow the lead. A number of good men have announced their candidacy, however, and others will make known their desires later.

M. N. BRINSON

In the announcement column appears the name of M. N. Brinson who is a candidate for District Clerk. He is well qualified to fill the position and his friends here and in other parts of the county are glad of the opportunity to prove their friendship for him and their confidence in him by placing him in official position. He was reared in this county and is one of the most worthy men Mills county claims. He is courteous and affable in his dealings with the public and is ever ready to lend a helping hand to those who need his assistance. If the voters select Mack Brinson to be district clerk they can be sure he will fill the office well.

LEWIS HUDSON

Mr. Hudson asks for a second term as county treasurer and his announcement appears in the proper column. It would be useless to speak of Mr. Hudson's qualifications for the position, for the manner in which he has handled the business of the office since his election proves his qualifications. He has lived in Mills county so long that he is personally known in all precincts and his courteous treatment of the public and his careful attention to his official duties have caused him to be even more popular with the people than he was before his election.

JOE TAFF

There is not a better man in this campaign than Joe Taff or one who would be more faithful in the discharge of duty. He has served this precinct as constable for a number of years and in this way has become quite familiar with the work of the sheriff's department. The good record he has made and the friends drawn to him by his conduct of his official business will be of benefit to him in the race for the position to which he aspires. Joe Taff is always ready to aid his fellow man and few can claim a larger list of friends. He has enthusiastic supporters in every part of the county and will prove to be one of the leading men in the race.

Build Now!

Buying lumber and hog wire at this time is the best investment you ever made. There are several very good reasons.

Unusual conditions make it possible to get twice as much lumber and hog wire as you did in 1914 for the same amount of farm produce.

Interest in lumber and hog wire and the placing of new buildings on your property will increase its value out of all proportion to the cost.

Lumber---the world's greatest building material---and hog wire have advanced much less than any other material used for building.

Double value can be had without sacrificing quality ---and the lumber and hog wire of today are better than ever before.

Nothing is more important than conservation at this time, and all grain, stock and implements must be properly sheltered.

Opportunity---such as you have NOW---may never come again. After the war, lumber and hog wire prices may be higher.

We are giving you this information in the right spirit ---with a desire to see you buy when you can get more for your farm produce.

LIGHT, ARIZONA

Dear Friends at Goldthwaite:

The time that I have been dreading for so long has nearly passed. Now it seems strange that anyone should dread Christmas holidays which usually is such a happy time, but being away from home at Christmas time—Oh, but, it kinda' gets next to a person's feeling. The little japs of loneliness and homesickness keep talking around trying to overpower me and I have hard work sometimes to drive them away. However, I have had as happy a Christmas perhaps as one could have away from home and loved ones.

Miss Wolfe, a neighboring teacher and I had our Christmas programs and Christmas tree together here at Light.

My sister had Christmas dinner and invited the family relatives, Miss Wolfe and Miss Eastham, another neighboring teacher, whose home is in California and who couldn't go home for the holidays. So we had a jolly crowd and had a very good time.

The next day, Miss Wolfe, who lives here, keeps house for her father and teaches, had Miss Eastham and me to come to her home to spend the remainder of the week with her.

Miss Wolfe is a rare young woman of the old fashioned common sense type, who has been in this state two years from the state of Indiana. She was an ideal hostess allowing us to do just what we pleased, but at the same time doing everything in her power to make things pleasant for us.

I must tell you about our trip to the Chiricahua mountains Thursday. We were up bright and early Thursday morning, Miss Wolfe had prepared us a nice lunch, her father had a couple team hitched to the buggy and we were off for the mountains six miles away. It was an ideal day and was warm and sunshiney like spring time. By the way, I'm beginning to think they don't have winter at all in this country except at nights. The nights are always cold, but there has been only one day since I have been here that was anything like a winter day and the sun shined all that day.

We drove about 6 miles into a canyon of the Chiricahua un-

til we found an interesting place for climbing. Such dizzy heights as we did ascend, I climbed until it looked impossible to go further, but the girls seemed to have no inclination to turn back, so I said to them, "If you're going any higher, I'll sit on this rock and crochet till your turn." I sat down to work and rest and pretty soon they called to me from a cliff so steep and high that I could not conjecture how they got there.

We returned to the canyon at noon for lunch and hunted a green shady place and ate while the birds sang over our heads and the butterflies flitted about as if it were summer time.

There are many large evergreen trees in the canyon and the mountains such as the oak, pine, and the juniper.

We saw no wild animals but saw the tracks of all kinds such as we thought were wild cats, bob cats, deer, bear and perhaps mountain lions. I'm told that many such animals are found here by hunters. Mountain lions are common in the mountains and are very destructive to cattle, often killing many of the young calves and sometimes attacking a grown cow or horse. The cattle company of this valley gives a fifty dollar reward for every lion killed.

After lunch we took another siege of mountain climbing, but did not climb long for we could find no water in the canyon and we soon began to get thirsty. We returned home early.

Friday we read a book together, which was full of wit and humor and helped us to laugh and be merry. So you see a Wolfe saved two lonely bodies from a spell of homesickness, because they could not go home for Christmas.

Saturday we returned to our homes and now settled down to thinking of the problems that are out before us to be solved in the next four months in the school room.

Did I say four months? That doesn't sound like a long time after all does it? I always loved dear old Texas, but I didn't know I did love her so well. I hope the days will fly by until they bring me back to her again.

Your friend,
MRS. S. A. LOWRIE.

Peace negotiations between Germany and Russia were broken off and then resumed, but the indications are that there will be no "get together" on the terms each propose.

Every one of the fourteen "planks" in Mr. Wilson's peace platform are right and proper. No objection can be reasonably raised to any of them and no reason can be assigned by any nation for refusing agreement.

Mississippi is the first state to ratify the national prohibition amendment submitted by congress. Within fifteen minutes after the subject was submitted to the legislature of that state the amendment was adopted with only eight dissenting votes.

The supreme court of the United States this week rendered a unanimous decision upholding the federal conscription act. The holding of the court was that the power given congress to declare war included power to compel citizens to render military service.

The public school of Winters is the first to inaugurate a six-days-a-week school system. The plan was inaugurated as a means of conservation of labor, the extra day in each week shortening the school term to that extent, releasing pupils sooner for farm and other work.

A jury in Fort Worth last Saturday gave J. E. Mirick 99 years in the penitentiary on a charge of criminal assault upon a 11-year-old crippled girl. There are other charges against Mirick, who up to the time of his arrest was stationed at Fort Worth as recruiting officer for the navy.

A most distressing accident occurred in San Antonio last Sunday morning when Judge Henry Borden, a leading citizen of Houston, fell from a window in the second story of a hotel and died as a result of the injuries received. An open window in his room was mistaken for the bath room door, which caused the accident.

Messrs. Duke Mann and Ralph Fiummer returned Wednesday night from Sabinal, where they were holiday visitors with Rev. and Mrs. I. T. Morris and family. Mrs. Mann will continue her visit with her parents for some time. While there, Mr. Mann and Rev. Morris enjoyed a hunt and Rev. Morris was successful in bringing down a big buck.—Brady Standard.

A Santa Fe engineer by the name of W. W. Short was arrested at San Angelo Saturday evening by a United States marshal on charge of violating the espionage act. The complaint alleges that he said he hoped "every armed vessel would be sunk, ever ambulance carrying a United States flag would be burned" and he would "rather work for the Kaiser than for Wilson." He was placed under a \$1500 bond and denies his guilt.

Governor Hobby has announced his candidacy for the nomination for the office to which he was elevated by the impeachment of the former governor. Mr. Hobby has made a good record so far as chief executive and will be mighty hard to beat for the regular term. Several gentlemen have been slated for the nomination for some time and a number of them will likely be candidates, but the man who beats Hobby will be governor. Comptroller Terrell, who has long been considered a candidate for the governor's office, announces that he will not be in the race.

SAN SABA

Rufus Gage died at the family home across the river from town last Saturday. The body was buried in the High Valley cemetery near Bend.

The ladies will meet at the court house every Monday, Wednesday and Friday afternoons to sew. Great quantities of material for bandages and garments are here.

The many friends of R. W. Burleson, cashier of the City National Bank, are pleased to find him down town this week. He has not gone back to the bank duties yet but is spending some time at the office. He was operated on in the sanitarium some three weeks ago for appendicitis.

W. J. Moore left for Kansas City the first of the week to close a deal for a large plantation on the line of Arkansas and Louisiana. Mr. Moore has been interested in the wintering and feeding a large number of cattle in the fields of Arkansas and there became interested in this plantation. It is understood the family will move to the plantation in the spring. Mr. Moore retains his large ranch holdings in San Saba county and will continue to have an interest in the welfare and progress of our town and county. He is at present the president of San Saba National Bank and his moving away will be a distinct loss to the material and educational interests of the town.—News.

Storm-Proof Pigs are Scarce!

AND every Spring they get scarcer, because cold, wet and exposure kill off enough young pigs every year to fill the packing houses if they had grown to maturity.

Warm, dry, light hoghouses are absolutely essential to profitable pig production—otherwise there will be heavy losses from disease and hardship suffered in inclement weather.

Why sacrifice valuable pigs to the weather when so little money will buy strong, durable, economical Southern Pine or other good lumber sufficient to provide adequate shelter? One pig saved from death due to exposure will more than pay for a good portable hoghouse!

Stop attending pig funerals and come in and get the necessary lumber that will save many future generations of pigs. We have plans for hoghouses, too, from which you can select and build the type you prefer—they're free.

DO IT NOW—and save your bacon!

NOTICE TO FARMERS AND STOCK RAISERS!

This is the time of the year your stock need attention as the change of seasons is here and the stock are more delicate at this time. They need to be vaccinated against Blackleg and Tick Fever, as they are so liable for a man to take any chance on losing any of them. A vaccine of prevention is worth a pound of cure. I urge every farmer and stock raiser in Mills County to have their cattle vaccinated against Blackleg and Tick Fever, and also to come to my office and get some of my Tick Eradicator and mix it in the salt and rid their cattle of ticks. Feed is too high to be feeding a lot of pesky ticks that suck from the animal's life blood that it needs to carry it thru the winter months. I have a prescription to mix in salt that will rid your cattle of ticks in a few days. Think what it is worth to your cattle to get about of ticks! There are thousands of dollars lost in Texas every year on account of ticks sucking the blood from the cattle.

I also keep a line of the best known stock medicines at my office. Plenty of Stock Dips and most anything you need for your animals, such as physics for horse and cow, a line of Park Davis stock tonics for horses and cattle, and a full line of liniments and healing powders for wire cuts and other ailments of animals—all of which I sell at a reasonable price. When you have any of your stock ailing, phone me. It won't cost you anything to consult me about the animal. When in town, call at my office, and if you require any stock medicines I can supply your wants and needs in this line, as I have most anything that is found in a first-class veterinary office. Office next door to Clements' Drug Store.

Cooper, Bodkin Hurdle & Co., and W. J. Gregg, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district Court of Mills County, to be holden at the court house thereof, in Goldthwaite on the first Monday in May, A. D. 1918, the same being the 6th day of May, A. D. 1918, then and there to answer a petition filed in said court on the 13th day of December, A. D. 1917 in a suit numbered on the docket of said court No. 1791, wherein, W. E. McAnelly is plaintiff and T. M. McHorse, H. M. White, W. J. Gregg, Geo. H. Gay, Brown Shoe Company, Inc., Galveson Hat and Shoe Company, Inc., W. S. Beshears, Beshears Bros., a firm whose individual names are to the plaintiff unknown, W. T. Cooper, Bodkin, Hurdle & Co. and B. G. Sweet are defendants, and said petition alleging that plaintiff files suit to foreclose the vendor's lien securing the payment of four vendor's lien notes dated Dec. 14, 1915, bearing 10 per cent interest from date, the first for \$219.13 due Nov. 15, 1916, the second for \$219.13 due Nov. 15, 1917, the third for \$500.00 due Jan. 1, 1919, the fourth for \$252.62 due Jan. 1, 1921, all providing for interest to be payable annually and providing for ten per cent attorney's fees, said notes payable according to their face, to T. D. McDougle, who transferred them to W. E. McAnelly, who is now the legal owner and holder of said notes; that said notes have a clause in them giving the holder the right mature all of said notes upon default in payment of any note or any installment of interest; that no note nor any installment of interest has ever been paid, and the notes are matured by W. E. McAnelly, and sought to be foreclosed in this suit; that said notes constitute a lien on the hereinafter described land and premises.

That on Jan. 12, 1917, in Cause No. 3254, in the District Court of Brown County, Texas, T. D. McDougle, plaintiff, vs. T. M. McHorse, et al, the plaintiff recovered judgment foreclosing a certain series of vendor's lien notes described in said judgment, which said notes constitute a lien on the hereinafter described land; that said plaintiff transferred said judgment to Howard Ownes, who assigned the judgment to T. D. McDougle, who in turn transferred the judgment for \$791.47 to W. E. McAnelly for a consideration of \$850.00 on March 5, 1917, and the said W. E. McAnelly is the legal holder and owner of said judgment at this time.

That the vendor's lien notes sued on herein and the vendor's lien notes foreclosed in the Brown County judgment constitute a lien on all that certain tract or parcel of land, lying and being situate in the County of Mills, State of Texas, about 13 miles N. W. Schinkoth to T. C. McDougle, who in turn conveyed it to the defendant, T. M. McHorse, by deed which is of record in Vol. 41 page 481 of the Deed Records of Mills County, Texas, to which deed and record thereof, reference is made.

Plaintiff alleges demand of payment of the vendor's lien notes above set out and the judgment above set out, and refusal of payment to the plaintiff's damage in the aggregate sum of \$3,816.76.

Plaintiff hereby notifies all parties defendant to produce on the trial hereof all deeds and documents hereinbefore alleged and mentioned, or secondary evidence of their contents will be offered.

Plaintiff prays for judgment for the amount of his debt, interest and attorney's fees, in the aggregate sum of \$3,816.76, together with ten per cent interest from date of petition; for a foreclosure of his vendor's lien and judgment lien; that his liens be held superior to any lien, claim, interest or title that any of the defendants may claim to said premises, but that if any claims be proven superior to his vendor's lien claim, that such claims be held inferior and secondary to his judgment lien by reason of the Brown county judgment, for an order of sale, writ of possession, costs of court, etc.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed same.

CROPS IN THE ROTATION

Most farmers are specialists in producing certain crops or animals. All of us have our preferences for certain work, and for certain crops and livestock. These are our specialties, although we may never reach the dignified term "specialists."

Intelligent diversified farming provides that the manager supplement the crop or crops or the livestock, as the case may be, with other crops and animals in such a manner that he will be more successful with the specialty. Some of the crops will supply labor, some improve the soil, others feed the livestock, still others provide food for the family, while other crops are being produced for the cash. The idea is to utilize the labor, capital and other equipment to the best possible advantage and leave the soil capable of producing large crops the next year. It is impossible to do this when one crop only is raised or when livestock without crops are raised. It takes diversification, intelligently planned, to get the best results in farming.

Intelligent diversification of crops does not mean to generalize with crops and animals at the expense of becoming proficient with one or more. No intelligent farmer would think of planting a variety of crops merely for the sake of diversification. Every crop must have a well defined and important place in the rotation before it is selected as one of a diversified system. Crops and animals must be selected according to their value in the rotation.—Farm and Ranch.

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take feed or Good Stock in trade.

CHRISTIAN EDUCATION RALLY

The Association Board decided, in its meeting Tuesday, to have a series of rallies touching every church in the association during this and next month. These rallies will have a twofold purpose: One to push the Christian Education campaign; the other to create a deeper religious interest in all our churches. The program for the rallies may be worked out in detail by the churches and their pastors. If any desire additional help to that suggested here feel free to obtain same. In fact, the committee urges same where possible, for we haven't the time to do more than give a general outline of the rallies and speakers.

The next Fifth Sunday meeting will be held with the Priddy church.

A CLOSE CALL

Rev. A. A. Carter of Center City had a narrow escape from being badly hurt Thursday while on his way to Goldthwaite. He was coming down a hill and in attempting to pass another car his car turned turtle. His leg was hurt and he suffered several painful bruises, but nothing of a serious nature.

Secretary McAdoo has called upon shippers and business organizations everywhere to assist in expediting the unloading of freight cars, prevent delay and also the release of all equipment for moving the freight of the country.

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

FAIR WARNING

The mayor has instructed me to impartially and strictly enforce the traffic ordinances of the city and I will obey the order at all costs. The citizens know the requirements about turning cars or other vehicles in the middle of the block, stopping on the wrong side of the street, etc., and I hope they will realize that I am employed to enforce the laws and must do so. Don't expect violations to be overlooked in the future, for those who violate the city ordinances will have to appear before the corporation court. C. A. EACOTT, City Marshal.

STRAIN TOO GREAT

Hundreds of Goldthwaite People Find Daily Toil a Burden

The hustle and worry of business men,

The hard work and stooping of workmen,

The woman's household cares,

Often weaken the kidneys,

Backache, headache, dizziness,

Kidney troubles, urinary troubles—frequently follow.

A Goldthwaite man here tells you what to do.

J. C. Carlock, farmer, Fisher st., says: "I was doing some heavy work and I strained my back. At first I had pains in my back and mornings couldn't straighten up. The pains extended into my hips and limbs. My kidneys became weak and I had to pass kidney secretions frequently. I used a kidney medicine but it did me no good and finally I began taking Doan's Kidney Pills. Soon the pain in my back left and my kidneys were regulated. I have had no need of a kidney medicine since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same Mr. Carlock used. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

PEAR BURNER

I am agent in Mills county for the B. & M. Pear Burner, which is a great device for preparing prickly pears so the cattle can eat them. At this time of shortage and high price or feed it is necessary as well as patriotic to conserve the feed supply by preparing the pears for cattle. All stockmen know the cattle thrive and fatten on pears, provided the stickers do not interfere. This burner is a demonstrated success and can be purchased for \$20 f. o. b. factory. The burner is equipped for burning gasoline but for \$2 extra a kerosene jet will be attached. Phone or write me about this burner.

GOLDTHWAITE ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. I also had stomach catarrh. One spoonful buckthorn bark, glycerine, etc., as mixed in Adler-ika relieved me instantly. Because Adler-ika flushes the entire alimentary tract it relieves any case constipation, sour stomach or gas and prevents appendicitis. It has the quickest action of anything we ever sold."
