#### Going To Berlin

Editor Eagle:

Just a few lines about our trip and the camp here.

We left Camp Bowie Tuesday the 16th at 10:30 a. m. The Red Cross met us and gave us post cards and cigarettes. We had Pullman cars, with three of us to every two berths, so the trip was more of a pleasure trip—when we weren't on K. P. We didn't know which route we were going to take, but were wishing we would go through St. Louis.

We got into Sherman about 4:30 p. m and our officers let us get off the train for a little exercise. The Red Cross again met us with cigarettes, candy, magazines and good things to eat. The Red Cross met us at several places along the way. We got off the train twice a day for exercise. There were many people at every station waiting for us to pass thru.

When we arrived at Springfield, Mo., we knew then that we were going through St. Louis, but it was about 1:30 when we got there. Some of us were asleep but they woke us up. The Red Cross people were waiting for us with hot coffee and cake and pies. We stayed there two hours. When we arrived at Lake Erie, N. Y., they let us get off the train and take a swim. We stayed there about one hour.

We crossed the Delaware river at Watson Gap into New Jersey. We left the train at Hoboken, N. J., and crossed the Hudson river on a little steam boat into New York city, then we stepped off the boat onto the Long Island train which brought us to Camp Mills in a very short time.

We arrived here Saturday evening at 5:30 p. m. The people here passed a few good comments on us, but when they learned we were from Texas they seemed

very much surprised that we were somewhat civilized.

Well, we saw lots of pretty country and lots of rough country, but I don't believe I would give old Mills county for any of it.

Well, I guess I had better chop this off, being as we have to wash today. Every day is wash day with Uncle Sam's boys. There are only three Mills county boys in this 131st F. A. and we sure want the Mills county people to remember us in their prayers. Well, I don't know where we will go from here, but I expect we will get off at France, but stop in Berlin.

WILL A. HARRIS.

The "Sammies" are dealing misery to our enemies across the sea. We are all proud of their achievements. Our faith in them was well placed.

The German soldiers are reported to denigrate the American soldiers as "satans," which indicates what our boys are giving them.

One of the highest prices yet paid for an oil lease at Ranger was \$16,000 paid to the Baptist church there this week for the lease of one lot.

Officials of the Dallas fair association announce there will be no fair this fall, owing to the fact that the grounds are needed by the government as an aviation field.

Great damage was done by a storm and hurricane in Louisiana Tuesday. Vinton appeared to be about the center of the storm swept district, altho great damage was done at other places.

Perhaps the drouth is more severe thruout the western part of the state than ever before in the history of Texas. Mesquite trees, which are native to that section, are dying and in some sections pecan trees along the water courses are dead as a result of the continued drouth.

Forty-nine convicts escaped from the prison house on the state farm at Sugarland, near Houston, Sunday night by filing the bars. A number of automobiles were stolen in that section and a country store was burglarized for clothing and the probabilities are that most of the men have made good their escape. A few of them have been captured.

A report has just been made of how some British sailors gave the crew of a German submarine a dose of their own "medicine." The submarine captured the vessel and the crew took to the boats. A woman with a baby in arms was left on the deck and she ran frantically about as tho in despair. As the submarine drew along side the vessel the "woman" threw the "baby" into the hatchway and it exploded, blowing the bottom out of the submarine.

The new order allowing only 2 pounds of sugar per person per month has become effective. The plan is for every person to be as economical as possible with sugar and save even a part of the two pounds if possible. Every loyal citizen is willing and anxious to help in every way they can, not only to win the war, but to provide the necessities for the boys somewhere in France who are fighting our battle. Save sugar and all other food that the soldiers need.

An echo from the Galveston storm of 1900 was heard this week from Alton, Ill. A lady whose husband was supposed to have been drowned at the time of the storm visited the insane asylum at Alton and discovered her husband confined there, a victim of loss of memory. The surprise of the meeting caused a return of his memory and they left the asylum together. Believing her husband dead, the woman married again, but her second husband died some weeks ago.

The expense of a candidate for a state office has grown to such proportions as to be burdensome, even to rich men, but it is hard to figure just where a reduction could be made or even expected. Time was that the expenditure of \$48,000 in one campaign would have been looked upon with disfavor and even suspicion, but it is now known to be necessary to spend that much and more in a state campaign. The statement of Governor Hobby's expense in the present campaign shows \$48,852.45.

## COUNTY CONVENTION.

### Democrats Send A Strong Delegation To Waco With Instructions.

The Democratic convention for Mills county was held in the district court room last Saturday afternoon. Chairman Jno. W. Roberts of the county executive committee called the convention to order and was elected permanent chairman. R. M. Thompson was selected for secretary.

Judge E. B. Anderson, Judge G. H. Dalton and T. A. Gardner were appointed a committee on credentials and reported fifty-one accredited delegates representing twelve of the eighteen precincts of the county.

J. C. Street, Geo. W. Jackson and W. E. Reid were appointed a committee on resolutions.

Mrs. W. R. White, J. A. Allen and J. A. Hester were appointed to select a list of delegates to the state and various district conventions and submit the list to the convention for ratification.

The delegates to the state convention were instructed, on motion of Judge Anderson, to vote for Walter C. Woodward of Coleman for a member of the state executive committee.

A motion was adopted instructing the delegates to vote in the state convention in accordance with the resolutions of the convention.

Following resolutions were adopted:

#### RESOLUTIONS

Be it resolved by the Democracy of Mills County, Texas, in convention assembled this Aug. 3, 1918:

1. That we again declare our allegiance to our noble and esteemed president, Hon. Woodrow Wilson, and extend to him anew our expressions of confidence and our assurance of co-operation in every effort toward winning the war against autoocracy.

2. That we extend cordial congratulations to our fellow Democrats of Texas in the great victory won at the ballot box last Saturday, when our splendid governor, the Hon. Wm. P. Hobby, was re-nominated by the largest majority ever given a candidate for public office at the hands of the Democracy of this great state. We are in hearty accord with Gov. Hobby's program for making Texas 100 per cent efficient in winning the war and giving assistance to our great president and his administration.

3. That we favor the submission of a constitutional amendment to the voters of Texas giving women equal suffrage with men. We endorse the Texas statute allowing them the privilege of the ballot in the primary elections and believe they should be accorded full suffrage in every respect.

4. That we instruct our delegates to favor a plank in the state Democratic platform demanding the submission of a constitutional amendment forbidding the sale, manufacture and importation of intoxicating liquors for beverage purposes.

5. That the delegates to the state convention be instructed to support for chairman of the state executive committee Hon. M. H. Wolfe.

6. We extend to our faithful and efficient county chairman, Hon. Jno. W. Roberts, our hearty and sincere thanks for his untiring efforts in behalf of the party and his faithfulness to every duty imposed upon him as county chairman.

7. That we extend the thanks of this convention and of the Democracy of Mills county, as well as the public generally, to the telephone companies, their managers and operators for the good and faithful service rendered in expediting the election reports last Saturday.

Following delegates were selected to represent the county in all conventions to be held this year:

J. C. Street, Mrs. Jno. C. Street, W. W. Tippen, Ed Hamilton, J. C. Darroch, Fred Dew, Mrs. W. H. Trent, Jno. W. Roberts, Jno. R. Clark, R. M. Thompson, Mrs. R. M. Thompson, Miss Dera Humphries, Mrs. Calvin R. Wilson, Mrs. W. W. Tippen, Mrs. J. A. Gillespie, C. A. Head, Mrs. W. R.

White, J. A. Hester and J. A. Allen.

A number of ladies were present as delegates to the convention and they were invited to tell of their impression of politics after having participated in the primary and observed more closely than usual the working of the political machinery. They expressed themselves as being highly pleased with their political experience and some of them stated they were agreeably surprised to find that there were no disagreeable features connected with voting or participating in elections and conventions.

#### City Council

The city council held a regular monthly meeting Monday night and transacted considerable business.

The city secretary was instructed to correspond with the state insurance department with a view to securing a lower key rate for this city.

Alderman Walters was authorized to sell the city's chemical fire engine for \$50.

An order was passed requiring that all matters necessary for adoption by the council should be laid before the body in regular or special session and "agreements" reached by personal interview with the mayor and aldermen, in lieu of a council meeting, would not hereafter be considered effective.

The Light Co. was directed to turn the exhaust pipe from the engine operating its plant into a pit.

An order was made for the purchase of a large plow from Mrs. J. E. Lindsey, the plow having been in use in street work for some time.

The auditing committee reported the treasurer's accounts in proper condition.

Accounts for current expenses were ordered paid.

## JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Goldthwaite Citizen's Experience

Something new is an experiment.

Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit, but the endorsement of friends is.

Now supposing you had a bad back, a lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Read the Goldthwaite case:

D. Y. Fox, deputy city marshal says: "My back caused me a lot of suffering and I had rheumatic pains in my legs and arms. My kidneys acted irregularly, too. I got Doan's Kidney Pills from Clements' drug store and they relieved the rheumatic pain and backache and regulated my kidneys. As a rule, I have Doan's Kidney Pills in the house, as I know I can depend on them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Deputy Marshal Fox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

## LESS COST IN SERVICE

Service cost is having its trial these days of war prices and struggle among those who are charged with giving economical service. It is discouraging to note how often the burden of higher cost is shifted to the consumer who has no one to advocate his cause. The fact that he rather than corporations and the organizations must bear the greater burdens of war seem not to have taken seriously. Higher prices for necessities weaken producers and consumers and have a tendency to retard thrift and war preparations.

It is of less importance to the nation now engaged in a life struggle to favor the classes than the masses. In fact we should strive in making any readjustments to favor no class, but to safeguard the interest of all. All must do their part, all must bear war burdens. It is especially important that no special favors be allowed these critical times.

In conserving and distributing foods it is highly desirable that encouragement be given producers and consumers so that the least possible cost be added to the people's food. People of cities and towns need food, farmers wish to sell it to them and buy necessities they cannot raise. Why not closer co-operation?

Society will be best served when it is served economically. And all citizens owe it to their neighbors and patrons to give economical service in whatever occupation they are engaged. No class or occupation should ask for or expect special favors, but each should strive to meet the demands of the present conditions. —Farm and Ranch.

## CURE FOR DYSENTERY

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." For sale by L. E. Miller & Son. (adv)

## THE RIGHT SPIRIT

The next Liberty Loan campaign will be launched September 28. Hamilton county was never in worse condition to meet the heavy demands that are being made to carry on the war, but our brave boys who have left their homes and gone out to fight for their country's cause will not be allowed to suffer for food, clothing and whatever they need. Although we have failed to make any crops this year, we know our people will sacrifice everything if necessary in order to properly care for the boys "over there" and help to win the victory for humanity and civilization.—Hamilton Herald.

That's the right talk. No matter if the drought has been detrimental to our business interests and the crops are distressingly short, the boys "over there" must not be allowed to know about it and especially must they not feel the effects of the drought. We at home can afford to make every sacrifice necessary to take care of their physical needs.

Jim Hamilton and Riley Lee are the proud owners of as fine a set of wolf hounds as royal kennels ever turned loose on the enemy of the wool source and the only thing they know is wolf and more wolf. Arthur Keith is the proud owner of a fine bird canine—and for that fine set of educated wolf hounds with malice and harmful intent to decide that Keith's "bird pup" was a wolf and nothing but a wolf and chase him. The life saving race of his life up one street and down the other, only to take refuge under his master's bed at 2 a. m. and wind up with a pile of bed-sheets, mattresses, quilts, sheets, pillows and 13 howling hounds is yet a puzzle to Arthur and his family. ## LETTER FROM FRANCE

July 17, 1918.

To The Eagle And Its Many Readers.

Well, this is France at last and a more wonderful place I have never seen. I have been here nearly two months and to be real truthful, will say in the short time I have been here, I have learned more about the true France and her very patriotic people than I had learned in the whole time I was growing up. I cannot begin to tell what I have learned about these neighbors of ours, only that they have a very pretty country, also that they seem to be very glad to see the Americans coming over so fast. And you may be sure it makes one feel good. When one is going down the street, if he is not absolutely blind, he will see a crowd of children playing. They leave their play and come to meet the Americans. Up they come and will crowd around them to hold their hand as they pass. Again you may see a flower girl to the ground ahead, and on looking up will see high in a window the face of a pretty girl or often that of an aged mother, then you will catch these words, Je vous suis bien oblige. Often when I meet a soldier who has

been wounded he will salute and take his hat off till I pass on.

I can only give you a vague idea of how we are received, but take it from me, the old man and boys (also the snickers) are missing a wonderful time here. Sure and I have never been on the firing line, but let me tell you, I have heard from more than one man, "The firing line is not half as bad as I thought it would be." Men do not get hurt there, but when one American goes down he takes five or six of the Hun's along.

Now to the men who are waiting for the draft, if you have no wife and kiddies, come on in. Don't be afraid some fellow will get your girl while you are away. If she is that kind to go back on you, while you are doing your part for humanity, I say let her go. It is best for you both and the man who have sickly wives (who do most of the farm work) remember, you might possibly make more money and get by easier and be less burden to that sickly wife, if you were in some branch of the United States service. I hope the men with the small children will stay at home, but even they are missing a great opportunity. The allotment and insurance make them safe and especially so in the case of dependent parents or the sickly wife.

I am sure old Mills county is doing her part to help out. I have met many men here from Texas. None happen to be from Mills county, but I suppose most of the fellows I knew there are in the army, however, from what I hear there must be a few waiting for the draft.

Here's hoping health and prosperity will be the lot which is cast to you this year and that Mills county and Texas will go "over the top" with a bumper crop.

May all my friends who wish write me at my address, send you salutations.

U. S. Naval Air Forces, Pauillac,  
Care P. M., New York City,

J. H. Kelly, the builder, has moved his family to Brownwood, where he expects to engage in contracting until business here in his line improves, when he will move back home.

E. G. Kingsbury, one of the Eagle's good friends of the Star section, was a pleasant caller at the Eagle office Wednesday. He reported the drouth severe in his section, but thought the best dry weather feed crops were feterita and soudan grass.

W. C. Dew was called to Waco the first of the week to attend a committee meeting of the Texas Bankers association to promulgate plans for the relief of the drouth sufferers of the state. It was decided for the committee to hold a conference with Governor Hobby in the next few days in furtherance of their relief plans.

Rev. W. G. Callihan received a message last Sunday announcing the serious illness of his stepfather at the family home in Lockhart. He and his wife left that afternoon in their car for Lockhart, reaching that place about 3 o'clock Monday morning. They found his stepfather somewhat improved and returned home Wednesday.

Under the combination plan of the railroad management a joint agency is maintained in all towns and by the seniority plan the agency at Sweetwater fell to the Texas and Pacific representative, J. M. Arnold, who has been the Santa Fe agent at that place has been returned to the Goldthwaite station and F. F. Richards will be returned to Mullin. It is expected the changes will take place in the next few days.

### Mr. Denison Dead.

Mr. G. H. Denison died at his home in this city Saturday morning at an early hour and his remains were laid to rest Saturday evening at 7 o'clock in the Odd Fellows cemetery with Masonic honors, religious services having been conducted in the Methodist church at 6 o'clock, attended by a large congregation.

Mr. Denison was engaged in merchandising at Shive for several years and when he retired from business he moved to this city, where he spent the remainder of his life. He was 77 years of age and had been a consistent member of the Methodist church for 67 years. He was a Confederate veteran and a man of the highest character.

A daughter and grand daughter survive him here and they and relatives elsewhere have the sincere sympathy of many friends. As an evidence of the high standing of Mr. Denison, the following resolutions were adopted by the Wesley Bible Class:

#### RESOLUTIONS

Whereas, thru the goodness and mercy of God, it was our privilege to be associated with Brother G. H. Denison for a number of years; and

Whereas, the All-wise Father saw fit to call him from this life to a higher and better life on August 3, 1918;

Therefore, be it resolved by the Wesley Bible Class of the Goldthwaite Methodist Sunday School:

1. That we sincerely mourn the absence of our beloved brother from his accustomed place in our class, but we bow in submission to the divine will and praise God for the grace which enables us to say, "Thy will be done."

2. That the saintly life and example of Brother Denison was an inspiration to us and reflected honor and credit upon our class and our denomination, forcing the world to acknowledge a reality in the Christian profession. We are thankful to the Great Superintendent of the Universe for having spared Brother Denison to us so long, that we might enjoy his fellowship and have the benefit of his example.

3. That we extend to the members of the bereaved family our heartfelt sympathy and assure them that they are not alone in their grief, but that the members of the Wesley Bible Class join them in sorrow.

4. That a copy of these resolutions be presented to the family by our secretary and a copy be published in the Goldthwaite Eagle.

### TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

### FIVE PEOPLE IN ONE FAMILY BENEFITED

"Finest Thing I've Ever Seen" Says Compton—Gains Ten Pounds On Taniae

There are five of us at home who have taken Taniae and it hasn't failed to bring good results in a single case," said Arthur M. Compton, a popular clerk at the Oriental Hotel and living at 1206 Wood street, Dallas, Tex., recently.

"As to my own case," Mr. Compton continued, "Taniae has increased my weight ten pounds in the past three weeks and has certainly relieved me of an awful lot of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was so nervous I could hardly sleep, was all run down and had that tired, sluggish feeling all the time. I had fallen off in weight and was awfully sick and discouraged.

"Finally my uncle from Terrell, Texas, persuaded me to try Taniae and it was a wonderful thing for me. My appetite is fine and I eat like a horse. My nervousness is entirely gone, I sleep like a log and all my sluggish, depressed feelings have left me. I recommend Taniae every chance I have because it has done me so much good. It has helped our whole family and we are all boosting it. It certainly is the finest medicine we ever had in the house."

Taniae is sold in Goldthwaite by L. E. Miller & Son, in Mullin by J. R. Clark, in Regency by Keeling & Keeling, in Priddy by G. H. Spiser and in Star by Star Drug Co. (adv)

The government will offer the fourth Liberty loan the last week in September. Every citizen should prepare to do a full share in taking up this loan.

The Democratic state convention which meets in Waco Sept. 3, will be one of the most interesting as well as one of the most important political conventions ever held in this state. It is a foregone conclusion that at least two constitutional amendments will be among the platform demands, one for state-wide prohibition and one for equal suffrage for the first time in the history of the state there will be many ladies in the convention as delegates and they will doubtless have some reforms to suggest and platform demands to offer.

While the Eagle admits being an interested party, it appears to us to be a short-sighted policy to reduce or discontinue advertising when business gets dull. If advertising is worth anything at all it should stimulate business and help to sell goods to the people. It is true the competition for merchandise is not so great now as it would be were crop better and the country in a more prosperous condition and the simple act of placing a small advertisement in the local paper will not make business normal, but we claim it helps mightily. We note the mail order houses will advertise by circulars and otherwise and we also note that the amount of business they get from every station would make the local merchants of those sections prosperous, even in the "hardest" time. Advertising in the local paper helps to defeat the mail order intruders.
