Quite a number of bales of cotton have been brought to this market this week.

Walter Weathers of Dallas visited his home folks in this city the first of the week.

J. Everett Evans, Democratic nominee for sheriff and tax collector, is now employed in the Trent bank.

J. D. Lowe came in from Stephenville the first of the week for a visit to his parents and other relatives.

S. T. Wells came over from Brownwood for a short visit the first of the week and was given the glad hand by everybody.

One way Eagle readers can benefit themselves and the Eagle also is by telling the merchants of having read their advertisements.

Mrs. Ben Peak of Lampasas was a passenger on Monday's train en route home from a visit to relatives in Brownwood and Mullin.

E. P. Thompson shipped a car load of horses this week from his Antelope Gap ranch to southern Texas. C. M. Thompson went with them as salesman.

J. T. Guthrie, jr., of Mullin was an appreciated visitor to the Eagle office one day this week and set his subscription date forward, for which we thank him.

Telephone Company Meeting.

The annual meeting of the shareholders of the Goldthwaite Rural Telephone company was held Monday afternoon in the company's office in this city.

The business of the past year was gone over and authority was given the management to raise the rate for telephone service 25 cents per month, if the increased cost of material and service made it necessary.

The directors who served the past year were re-elected. They are: Dr. M. L. Brown, C. B. Mohler, J. C. Street, J. W. Roberts and R. M. Thompson. The directors then re-elected the officers, viz: Dr. M. L. Brown, president and general manager; J. C. Street, vice president; C. B. Mohler, secretary and local manager.

A Second Primary

Many of our people do not attach as much importance to the second primary as should be attached to it. They do not realize that this is a plan devised by our party for the purpose of securing a majority vote for each candidate who is to receive the party support in the elections in Texas and fill the offices from governor to constable. The plan is on trial and if a majority of the voters fail to show sufficient interest in it to go to the polls and vote the next campaign may find us with a law requiring only a plurality vote to secure the nominations. Then, it is important to show the voting strength of the party and prove that we are qualified and inclined to look beyond local matters and take interest in state-wide and nation wide subjects and policies. Let nothing prevent the Democratic voters of Mills county going to the polls on Aug. 24 and casting their ballots.

JNO. W. ROBERTS,
Chairman Dem. Ex. Com.

Mrs. P. H. Rahl visited relatives in Lometa this week.

R. L. Burns went to Clifton this week to visit his son Oscar and family.

Maurey Hearne and family of San Antonio are visiting relatives at Payne and in this city.

Miss Joyce Harrison left Tuesday for a visit to friends in Lampasas, Austin and San Antonio.

Fred Martin has been in the markets this week buying goods for Henry Martin's dry goods store.

O. H. Yarborough and family have been in Lampasas county this week visiting his father and other relatives.

If you don't think Goldthwaite is the liveliest town on the map it is a pretty good sign you haven't seen any other towns recently.

T. K. Cherry was a passenger on Monday morning's train on his return to Camp McArthur, Waco, after a visit to friends in Mullin.

H. A. Carter and family returned to their home in Peacock the first of the week, after a visit to Mr. and Mrs. Caraway and J. V. Cockrum and family.

Mrs. T. F. Lanford and little daughter returned to their home in Coleman the first of the week, after a visit to D. L. Lanford and family in this city.

Miss Berta Stephens of Arbuckle, Okla., and Miss Marth Louise Allen of Lometa are here this week, guests of C. L. Stephens and family.

Tom Montgomery of Browns creek section was a business visitor to this office one day this week and was kind enough to report having obtained good results from advertisements placed in the Eagle's columns.

Women Should Vote.

It is especially desired that all women voters cast their ballots in the primary August 24. Some may have the idea that they only had the right to vote in the first primary and can not vote in the second, but this is not correct. There are nominations to be made for lieutenant governor, attorney general and comptroller and the women voters are, or should be, as much interested in these candidates in the second primary as they were in those of the first primary. It is a matter of pride with us that so many of our women voted in the July election and were so intelligent in the preparation of their ballots, thereby successfully refuting the old argument that women knew nothing of politics and cared but little for the right of suffrage. Let us prove that we are in earnest by going to the polling places on August 24 and casting our ballots for our choice of the candidates whose names are submitted.

There is no doubt that the age limit for military service will be changed so as to include the ages from 18 to 45, or thereabouts, but this need not cause undue alarm for business interests on the one hand or the youths of the land on the other. Those in authority will act with care and caution, but the extension of the age limit will make it possible to secure the man power needed without working a detriment to any line or section. Men can be "selected" whose places can be easily filled if they need filling.

MERE MATTER OF TRUTH.

After Knowing C. C. Mayfield Thirty-Three years G. P. Rumph Tells the Plain Facts About His Record As A Prohibitionist.

Austin, Texas, Aug. 9, 1918. Hon. H. B. Terrell, Austin, Texas. My Dear Sir:—Owing to some apparent misconceptions, relative to the attitude of Mr. C. C. Mayfield in Erath county, your opponent in the race for Comptroller, I am writing you this letter in the interest of fairness to all parties.

I have lived in Erath county for thirty-three years, in fact, taught school there for fifteen years, during all of which time, I personally knew Mr. Mayfield and lived most of the time neighbor to him. I have always been an ardent, active prohibitionist when this proposition has come up as an issue, either local or state. I know that Mr. Mayfield has during all this time been an active anti-prohibitionist, lending his aid and assistance to the defeat of prohibition at every opportunity. I further know that he has made the race at different times for the Legislature, Justice of the Peace and County Commissioner in Erath county, and in each race he made his position on the prohibition question the paramount issue. Needless to say that in every instance he was overwhelmingly defeated, just as he was in his home county this time; in fact in his home box where he is best known he received only 35 votes out of a total of 146.

I am writing you this letter for the reason that I understand many voters in the July primary voted for Mr. Mayfield on the assumption that he is a good prohibitionist and has always been such. I trust that all good people of this state who see this statement will rely on the truth of it, as I know all good people who know me will do.

In my opinion, however, regardless of the prohibition issue I am frank to say to you that the only sensible and logical thing for all us to do who desire to perpetuate efficiency in public office, is to give our votes and support to you in this election.

Yours very truly,
(Signed) G. P. RUMPH.

A Pleasant Afternoon

On Monday afternoon the retiring officers of the Baptist Ladies Aid society entertained the other members with a well-planned social at the hospitable home of Mrs. J. N. Weatherby.

An excellent program consisting of music, readings and a few well prepared papers was rendered, after which the retiring president, Mrs. I. O. Harvey, turned the meeting over to the new president, Mrs. S. A. Lowrie.

Slips containing the names of all the members were given the president, who passed them to the newly elected vice presidents Mrs. J. D. Priddy, Mrs. E. B. Anderson, Mrs. Earl Clements and Mrs. Jim Faulkner, while each drew her list of workers for the coming year.

Short talks were made by the president and a number of the members on plans for the coming year and an excellent line of work was agreed upon, not only for church work, but for a large share of war work as well. Every one present was full of enthusiasm and eagerness to do her bit in every good cause.

An hour of social conversation was enjoyed, after which a refreshing ice course was served.

CURE FOR DYSENTERY

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." For sale by L. E. Miller & Son. (adv)

MULLIN

Editor Eagle,
Amid the news of the greatest world war, the drouth, the almost numberless movers, the cry for water and pasture, with the almost unbearable dust storms and, last but not least, the break in price of cattle just at a time when it looks like the farmer is forced to sell, is quite enough to put a few blue streaks in a fellow's make up, but when we stop and consider the real help or value of these blue streaks we are forced to the conclusion that a ray of sunshine, with kindly feelings toward all men and a look at the fellow down and out worse than we, should stimulate us to be up and going with a hand shake, cheerful word and smile, that will come nearer letting our influence be felt for good.

While it is dry and dusty we don't have to wade around in Texas black mud, such as we have after rains, nor see our rich lands washing away and pouring out our strength and perspiration trying to get bumper crops put away. My! what a great world we are living in.

One other benefit we can enjoy on account of the drouth: We have learned not to dig any more for earth worms for fish bait, as they have gone far beyond our digging, hence we are not bothered with our hooks and lines, climbing banks, watching the corks and wondering why the fish don't bite. We heard of one little colony of earth worms between here and China, but when Windy Wilson went out in search he heard they were far beyond his reach and going the other way in search of moisture in which to subsist until something more damp happened near the top in Mills county.

The writer in company with other distinguished Mullin citizens accepted an invitation last Wednesday from one of the Mills county magnates to visit the oil field near Mullin, where we found everything on the go with apparently fine prospects for a hole in the ground that may put this part of earth's domain in a state of excitement and hopeful expectation as the gas and oil roll out at the top. Our imaginative powers took on such proportions that as we sped over the road from well to well we found ourselves building aircastles that should they become realities Mills county will soon come to the front and some of us who have at times almost reached a state of despair will be among the upper tens.

As I have seen no account of the Primitive Baptist association recently held on Mullin creek, near our little city, where they assembled coming from the east, west, north and south to take part in this annual feast which was greatly enjoyed by all. It resembled an old time camp meeting. The audiences were large and every person seemed to have lain aside all dark forebodings and stepped out and above all troubles to have three days of uninterrupted peace and happiness, which from all appearance they had as they sang, preached, shook hands, laughed and shouted. While they preached some countries we don't endorse, yet our mantle of love was large

enough to spread over and cover us for the time these differences; no allow them full sway at every thing that seemed to bring peace to their minds. More than once they sent a few darts at the Sunday school as being without a scriptural foundation and they challenged the audience to whom they administered to find any scripture justifying a Sunday school. As many of them came in automobiles, wagons and buggies without any scriptures for thus traveling and as many of them broke camp, packed their belongings and hit the trail for home on Sunday, had a great farewell song, shook hands, wept and shouted without any "Thus saith the Lord in Holy writ" we felt contented to go on with our Sunday school in obedience to the command of Him who said, "Forsake not the assembling of yourselves together" as the manner of some is and to search the scriptures, etc. We doubt if the preachers who challenged the audience for "Thus saith the scriptures," for a Sunday school were ever in a Sunday school and know but little if anything of the blessings that have come to humanity through this channel.

Many of our men and some families have gone and still preparing to go to hunt work. Some are going to stay.

Our old men who have so faithfully held down the curbing, benches and boxes along the street are still faithful and the fruits of their sittings are becoming very discernable to the outward appearances of their overalls.

R. M. THOMPSON, Editor

Voters should not fail to go to the polls on Aug. 24 and vote for their choice in the second primary. Ladies who voted in the daily primary are qualified voters for the second primary and should not fail to vote.

The inclination appears to be prevalent to look on the dark side of the drouth situation, which inclination is detrimental to every interest. There is no advantage in a pessimistic spirit, while optimism pays large dividends. Look on the bright side.

A speaker before the Farmers Union in Fort Worth this week urged that the Texas homestead law be amended so as to allow the placing of a mortgage on the property for money with which to make improvements. One of the best laws Texas has is the homestead law and it will be a sad day indeed when the security of the homestead is annulled and Texas people are not likely to accept the suggestion to allow the change.

Military authorities urge that the country does not become too sanguine of an early close of the war and neglect to observe the strictest economy and support the war policies of the nation in every way. While the conditions on the battle field indicate that the enemy is badly beaten and discouraged our armies are a long way from Berlin and no articles of peace have even been suggested. The ultimate result is not doubted by anybody—even the kaiser must see his finish by now, but we must not expect the end too soon and thereby become careless.

It was important to secure subscriptions for War Savings Stamps, but it is more important that those subscriptions be paid. Every one who promised to buy these stamps should realize that it was a solemn pledge, made on their honor, to buy and pay for the securities and depending upon the people carrying out their part of the agreement the government has made plans for the use of the money. August 27 has been fixed as the date for all pledges to be redeemed and the president requests that all who can pay their full subscription at that time shall do so. Of course, where it is impossible to pay it all the subscriber need only pay for the amount of stamps agreed upon for the purchase up to that time and can buy the balance during the remainder of the year.

No town or city is a success that does not see that all business interests pull together. And when I find a town that is progressive and is up-to-date, has clean streets, good sidewalks and, if the town is large enough, paved streets, waterworks and splendid schools and well supported churches. I never fear about that town getting its share of the country trade. When I see a town that measures up to this description I will be sure to find merchants carrying complete stocks of the highest class merchandise and the rural communities are now demanding. Good merchandise, expensive stocks to select from, good churches and good schools are the town builders. The automobile has brought the town and the country city to the farms and the town that sees to it that the country has good roads and that merchants carry the well known brands and of the latest style of merchandise, will not have to sit back and watch the trade go to the mail order houses.—T M Darling.

CENTER CITY

Editor Eagle:

Here I come for the first time. Health in this community is fine. Everybody has the blues over the hot and dry weather.

Mrs. Bud Welch received a letter from her son, Earl Welch, that he had reached France safely.

Quite a number of us enjoyed ourselves last Sunday week in the evening at Mr. Thompson's. Those present were: Mr and Mrs. El Reeves and children, Miss Corda Langford, Miss Berta Carter, Miss Ida Dalton and Mr. Thompson's daughter from Mullin.

Mrs. Tom Venable received a letter from her son, Henry, who has been in France some time and he said he is now in the middle of the fighting over there.

We have some new people attending to our central office now, as our good central office keepers, Mr. and Mrs. Mai Booker, have sold out and are thinking of leaving us. The central office was moved last Wednesday week to Mr. Allen Carter's.

One of Mr. Charley Evans' little sons, De Orvil has been quite sick, but was improving the last report.

Miss Berta Carter, one of the pretty Misses of Center City, visited Mrs. Dick Wilcox last Wednesday.

Mr. Tom Gardner, one of our good men, has sold out and has bought Mr. Atchison's place four miles west of Center City.

Mr. Barney Carter has also sold out to a Ranger oil man.

Mr. Dick Wilcox's two nephews from Slive were visiting them last Wednesday.

Mrs. Jack Bachelor and her daughter, Miss Lula have moved close to Center City.

Mr. Standfords and family were visitors to Mr. J. M. Dalton's last Sunday.

Mrs. McCasland and her son were down on the river one day last week, buying peaches.

Mrs. Mattie Wilcox's two sisters and Miss Jewel Lee from Slive and also Miss Berta Carter were visitors to Mrs. Dick Wilcox's last Friday evening.

Miss Lavonia Thompson visited Miss Corda Langford last Monday.

Mr. Thompson's daughter left for her home at Mullin Tuesday, after a short visit to her home folks and now she and her husband are moving to Oklahoma.

Rev. W. R. White and Rev. J. H. Frizzell visited Mr. Charley Evans and family last Saturday.

Mrs. Tina Knight and daughter are back on a visit to home folks and relatives this week.

Mr. Ray Knight and family visited E. M. Geeslin and family Monday.

Miss May Dalton is taking a visit to Tyler and Austin.

I'd rather be the little end of nothing, whittled down, than be in Kaiser Wilhelm's place up there in Berlin town. I bet he feels the throne he's on begin to rock and quake; I bet he feels his liver go like an old time milk shake; I bet he feels the rope draw tight about his skinny throat; I bet he feels right now that he has lost his nanny goat. I'd hate to be in Wilhelm's place and due for what he'll get. I can't see the end of things for him, already yet. Where Britain crowds him he feels hot, where Yanks crowd he is sore, the Poilus sock their points to him and he lets out a roar; and up from southern Italy across the snow capped Alps the brave spaghetti men come in to gather German scalps. I would hate to have given up my nation's bravest sons to try and steal a world and have them fall before the guns. I'd hate to have my own sons as safe as safe could be. I'm glad fate did not hand the job Wilhelm out to me. I'd rather be a dog, I would, a homeless, endless cur, with fleas and other kinds of game a-romping through my fur. Because when that dog dies he's dead, beyond all care and fret, but when old Wilhelm dies he's got to go to old hades yet.—Judd Lewis in Houston Post

Which is Better—Try an Experiment or Profit by a Goldthwaite Citizen's Experience

Something new is an experiment.

Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit, but the endorsement of friends is.

Now supposing you had a bad back, a lame, weak, or aching one—Would you experiment on it?

You will read of many so-called cures.

Endorsed by strangers from far away places.

It's different when the endorsement comes from home.

Read the Goldthwaite case:

D. Y. Fox, deputy city marshal says: "My back caused me a lot of suffering and I had rheumatic pains in my legs and arms. My kidneys acted irregularly, too. I got Doan's Kidney Pills from Clements' drug store and they relieved the rheumatic pain and backache and regulated my kidneys. As a rule, I have Doan's Kidney Pills in the house, as I know I can depend on them."

LOANS TO FARMERS

President Wilson has placed at the disposal of the Treasury and Agricultural Departments \$5,000,000 to enable them to furnish aid to wheat growers in certain sections of the West who have lost two successive crops by winter killing and drouth. The Federal land banks will act as financial agents of the Government to make and collect the loans.

This fund is not intended to be lent to farmers who have banking collateral; the action of the War Finance Corporation in urging the banks to finance such farmers and its promise to support them in such financing, it is believed, will amply provide for them.

Loans from this fund will be made to individuals who have not banking collateral, and only where it is necessary to enable a farmer to continue to grow food products. The money will be advanced upon the crop of wheat or substitute grains planted on the land and no loan will be in excess of \$3 per acre and no applicant financed beyond 100 acres.

The use of the fund will be under the joint control of the Treasury and Department of Agriculture; as the machinery for the work is already in existence, no substantial delay is expected.

The co-operation of local banks and local associations and individuals is looked for.

CURE FOR DYSENTERY

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery and had been given on by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." For sale by L. E. Miller & Son. (adv)

WISDOM IN HARVESTING

It is important to produce but quite as necessary to save. In prosperous times when crops are large and profits fair it is an easy matter to waste products in harvesting, gathering, storing and marketing. Where labor is expensive and the weather warm often there is a tendency to leave products in the fields under the assumption that the products left are scarcely worth the time and labor necessary to save them. This is especially noticeable in harvesting small grain, pulling corn, cutting maize and picking cotton.

This year it will be desirable to save every product that can be sold, eaten or fed. The enormous demand made upon American farms for food and feed will be a stimulus to undertake heavy labor and considerable expense when necessary to save that which has been produced. In fact a little extra work will hardly be considered when prices are as high as they now are and are expected to be later.

Not only are we to save the products for our own use, but the safety of the nation appeals to us. While our boys are leaving for the front we must be producing and conserving the resources of the nation to sustain them. Farm and Ranch.

STAR SIFTINGS

By Our Regular Correspondent

Silence.—Two hundred fathoms in depth and only the mournful sigh of the wind northward bound through the telephone wires and around house corners. But listen! Just the crackling buzz of a grasshopper, seeking that which groweth not. "Do tell!" What is that lumbering noise? Only Ben Soules trying to move without disturbing his clerk, Mrs. Clifton. "Oh dear me!" That disintegrating sound? Just the bones of a horse and the tires of a buggy going to mill. "Well, now listen!" Don't be alarmed, that is Dick Jeske, dozed and dropped that fishpan he failed to sell to some buyers this morning. Close that door! No, it's only Ollie Hamilton's gourd saw, his foot will slip from the chair directly. Mercy alive! has the roof fallen in? "Land sakes, no!" Prof. Benton failed to hold his perch on a lunch counter stool. Now there is no one dead yet. Is that the parson coming? No it is R. H. Patterson walking in his sleep. Oh Maggie! the calf must be choking. Can't you hear? It's a yawn from the Star Drug Co. Now be quiet! that wasn't the wall paper tearing, it was our new barber doing a ton-social stunt around a deaf and dumb "patient." And that far away "celebrating sound"? Well I'll explain, that is Ed Hamilton giving a "female night horse" whoo, just like he did when the bulletin board said Hobby 300-COO. Quick! See what that Ford honked for? The "land of pepper sauce" That was R. L. Clemons dozed over on his feline. Now be quiet or I will wake Dr. Brooking for fear this is a genuine six-cylinder case of suspended animation—A birthday airplane research indicates that this is Monday, August 13th in Star.

Rev. A. C. Searcy returned Sunday from his visit to his wife at Carlsbad, but left immediately with Dr. Hicks of Moline for an evening sermon at Moline. Who was it that suggested a Home Defense Council to suppress Cupid? We believe asking for a very near the "article" for if ever we suffered the tortures of "break bone" fever, grippie, yellow jaundice or that horrible submarine feeling it was when we stood (tried to) before the Pa and depended upon his maintenance to reveal to our weak ones a question of live or die. "We have heard from that "Isle of View" and it is another one next week. Just losing all of our pretty maids.

We are tipping our hat to H. C. Cornelius of McGirk as he presses in his new indispensable—a Ford. J. Frank Jeter, now in France, will receive last week's Star items—the thoughtful interest of Messrs. Patterson and Hamilton. The Eagle scribe extends thanks and appreciation to Uncle Jackie Shave for a large Geologic Survey war map. Our citizens will also appreciate this as it can be consulted in connection with the daily war bulletins.

The following load of workers left Monday for the Ranger oil fields: Wm. Gent, Elb. Garrett, Luther Teague and Hubert Keith. We wish them success. J. M. McCarty of Moline is a South refugee to the Sour Lake oil fields.

Mrs. J. S. Waddill is at home from her Oklahoma visit with her faith in Texas weather unshaken. The percolation of the Star items as far as Sour Lake is an enjoyable feature of the Eagle to Mr. and Mrs. Rolla Livingston.

Any one speaking of rain in this "deestrick" gets a sympathetic Red Cross gaze and then we turn and ask, "Who is that?" Miss Mamie Ruth Hunt is happy General Superintendent of a "new dobbin" and nice buggy and the boys are on the re-treat.

Getting a personal over the phone—Hello! Who was that young lady with Mrs. Ba—? Oh, yes I know—Did you? But hear! Isn't she from Priddy? "Pretty" Well I should say so. No. No. I know that, but wait, isn't she from Butte? Oh, goodness man, she is certainly a "beauty" and Oh I know that, too, but listen a minute. Where is her home and give me her name and how long will she—Wait a minute—Say, call Mr. Henry Baker? How is that now? Oh, tell it again. Yes Miss Gallie Roddy of Colorado City, my granddaughter—been here about four days. Came over from Hamilton and is going home Saturday. (We regret so short a visit, Miss Hallie.)

Mr. Frank Soules demonstrates his faith in Mills county and this section by purchasing the J. W. Parrett place east of Star. To emphasize this and boost things along he purchased 100 head of cattle.

It will be pleasing to Mrs. A. C. Searcy's many friends to know that her health is steadily improving.

Ice creams' incompatibility to a mysterious constitutional defectiveness has knocked John Ising out of class I for the time being—8 too much.

Dyer Stephan is visiting with friends and relatives at Giddings, Texas. Expects to remain thru the fleecy staple season.

Our assistant phone operator, Little Miss Delena Garrett, is on the sick list. We can't allow that, Delena.

"Johnie" Weathers of Goldthwaite was a social, business visitor, also had an eye on the cattle market for a Panther City firm.

B. W. Mason pleased us with stop over respects on his way home to Gatesville. He has been visiting with his father, J. A. Mason, near Ridge.

Lant Adams takes it as no end, a long lane. He has harnessed up his thrashing engine and is pulling all the plows he can muster up, plowing for fall seeding. He has rented the Ward-Seims place. Wm. Lucas and wife of Center

City were Star visitors the first part of the week.

A letter from Joe Tumlinson, now at El Campo, Wharton county, has caused the following Star boys to respond to the call of workers: Theo Manning, Herbert Waddill, Lloyd Waddill and Audrey Gent. They left Wednesday night, J. Y. Hamilton at the same time goes to Houston with apprentice prospects in the railroad shops.

Mrs. Dr. Brooking informs us of the serious illness of a child of "Bud" Higgins near Hurst. They recently returned from Dallas. The little fellow has typhoid-pneumonia.

Mr. and Mrs. Jim Witty's little son, James, is on the convalescent list, after several weeks illness.

Uncle Billie Patterson of Adamsville was a passing thru visitor Saturday en route to Rannels county for a visit to his two sons.

Misses Lillie and Belle Brazelton of Sterling City are enjoying a visit with their sister, Mrs. Len Springer.

Miss Arie Slaughter, one of Star's popular and efficient lady school teachers, has accepted a six months school term with the Lamar school district at Jean, Texas, Young county. Miss Arie taught the Plainview school last year. We regret her far away field of work, but wish her a very pleasant and successful term at Jean.

J. D. Tumlinson and Ollie Hamilton were visitors to Goldthwaite Wednesday on business and to help J. Y. off on the chu chu.

Melvin Roberts thought that he could sneak off to the Sour Lake oil fields without "we'uns" knowing about it.

G. J. Carroll (Hurst) and family are caravanning it to Hill county's fleecy fields. We hope for success and a change in conditions that will bring them back home again.

The Star motor truck line took Martin Barnes off Wednesday on his way to the Houston ship yards. Mr. Barnes has rented the Pollard place and his family will remain in Star as their home.

Our friends kindly ask, "Well, what have you got to write about this week?" Each week we are afraid the "bucket" will come up empty but always something comes up and we have to Hooverize on the subject, but we have one subject hid away.

We may next week mention our single cylinder views on the past, present and prophetic history of the Muffler Cut-Out as related to automobiles or just plain cars. Mrs. John Hunt has returned from a visit to the Panther City.

Henry Morris and family were Thursday visitors en route to Brownwood.

War Time Sweeteners

AMERICA has several excellent war time sweeteners that will be used largely during the shortage in the sugar supply.

They are maple sugar, syrups, honey and molasses and may be used in preparing desserts and other dishes requiring sweetening. When a cup of syrup or honey is used to replace a cup of sugar the liquid in the recipes should be decreased one-fourth. One-third of a cupful of sugar is equivalent to one-third of a cup of honey, about one-half cup of syrup and about one-half cup of corn sugar. One-fourth of a cup of sugar is equal to about one-half cup of syrup or one-third cup of corn sugar. One tablespoon of sugar is equal to one tablespoon of honey, about one and one-half tablespoons of syrup and one and one-third tablespoons of corn sugar.

Sugar may be saved by the use of raisins, dates, figs, dried pears and fruit pastes used on the breakfast cereals. Fruit marmalades, butters and jellies should be used to take the place of the ordinary sweetening at a meal and not as accessories to it. Fruits may be preserved without sugar. It may be added when sugar is more plentiful.

Preserving demands this year a thin syrup instead of a heavy syrup.

If sugar is used one-half of the amount may be replaced by another sweetener.

Drying is a means of preserving (without sugar) apples, cherries, strawberries and black caps. When ready to use they may have added the needed sugar in the form of a syrup. When sugar is more plentiful fruit juices may be made into jellies or may be used as fruit juices with or without sugar, as beverages, fruit gelatins and frozen desserts.

Fresh fruits supply the place of sugar in the diet. They should be used freely. Desserts where sugar is scarce may be made of gelatins, junkets, custards, puddings and cakes.

A BOX FROM HOME

Drawn by Gaar Williams, Division of Pictorial Publicity.

Food savings of millions of Americans during our first year of war enabled this government to send enormous food shipments abroad for our fighting forces and the Allied nations. Our savings in cereals—out of a short crop—amounted to 154,900,000 bushels; all of which was shipped to Europe. We increased our meat and fat shipments 844,600,000 pounds. This was America's "box from home" to our army abroad and the civilians and military forces of the Allied nations.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.
