Nearly 200 All Wool Suitings To Select From. Our Advice Is---BUY NOW!

Men who know predict that the present high prices of woollens may be doubled in the near future. Buy now, because next season it is highly probable you will have to pay around \$50.00 for a suit made from the identical quality of material offered in this sale. The wise man, the man who must economize on all expenditures, cannot help but heed our phenomenal offer of these **Splendid All Wool Fabrics Made to Order for \$25.00 and \$28.00.** And REMEMBER! Every garment is guaranteed, and no suit will be delivered unless it meets with your entire satisfaction. The material used in these **All Wool** suits is the same quality as any reputable merchant tailor MUST sell at \$35.00. Choose the fabric you want. If it's Serge—it's here. If it's Worsted, Tweed, Homespun, Cheviot, or any other popular fabric—it's here, made to your order, **\$25.00 and \$28.00.** ABSOLUTE SATISFACTION GUARANTEED.

BUY AN EXTRA PAIR OF PANTS WITH YOUR SUIT \$8.50

When you buy an extra pair of pants with your suit, you save 50 per cent. That extra pair gives double wear and cuts the cost in half. That's an argument that cannot be overcome. It's logical, unanswerable. It has made good in a thousand tests; it has been demonstrated by a multitude of clothing buyers that to make your clothing go twice as far you have only to buy an extra pair of pants with your suit. It's a mighty fine investment, as it gives you the wear of practically two suits—and all it costs you is the price of the extra pants. Indications are that next season you will have to pay \$12 to \$14 for trousers of the same quality for which we now ask \$8.50.

Buy Now! Absolute Satisfaction Guaranteed!

Checking Our List.

The checking over of the subscription list and mailing cards to all who have favored us with their patronage has been about completed, but it has been a much bigger job than many imagine. To be forced to change a business system so quickly entails an immense amount of work and worry, and there is no wonder we are glad to be "straightened out" once more.

We are indeed thankful to the many good people who have responded so promptly and cheerfully to the notices and placed their subscription dates ahead, in conformity with the requirement of the War Industries Board. Others will respond just as readily when they have time to give the matter attention and soon the Eagle's splendid list will be ready for an inspection of those whose duty it is to see that the Board's rules are obeyed by the publisher of the paper. It is indeed a pleasure to serve such a clientele and proves the Eagle's claim that the Eagle readers are the best people on the face of the earth.

A few have expressed the idea that the rule was simply a collection scheme with the Eagle and a plan to discontinue sending free copies to business men and others, but we can not think the suggestion is intended to be serious, since all must know that the same rule has been announced simultaneously by every publication in America, be they daily or weekly, religious or secular. Some have placed the date for the rule to become operative as late as Oct. 1, but how this can be done when the Board requires that a 15 per cent reduction be made in the use of paper in September the Eagle can not understand.

At any rate, the Eagle does sincerely and heartily appreciate the co-operation and kindly spirit of its patrons.

M. M. Lee was one of the good men of Star section who had business in this city Thursday.

Mrs. J. A. Gillespie and youngest son left Tuesday night for Ladonia, in response to a message telling of the illness of her mother.

W. B. McKimmey, one of the best men of Indian Gap section, had business in this city the first of the week.

Elder J. S. Hall of McGirk passed thru town en route home from a visit to Cherokee the first of the week.

L. A. and J. G. Jones were two of the prominent men of Center City country who transacted business in this city the early part of the week.

Mrs. Graydon Eiland of Snyder has been visiting Mrs. Nickols and family in Rock Springs community and other relatives in Big Valley the past week.

Mrs. Herbert Brown and sons of Houston passed thru the city the first of the week en route home from Portales, N. M., where they spent some months for the benefit of their health and to look after their landed interests.

Mrs. G. E. Brown left for her home in Oklahoma, Wednesday, after a visit to her brother, L. B. Ashley, and family in this city. Mrs. Brown and family lived in Goldthwaite in former years and are still kindly remembered by many friends here who were indeed glad to meet with her.

Will H. Trent and wife are now at home at the Webb boarding house, having disposed of their home to R. L. Ervin, late of Ranger, who was given possession the early part of the week. It is hoped and expected that they will build another residence in Goldthwaite in the near future.

Our Individual Part

Some observers think that the most characteristic thing about the American soldiers in France, something which astounds the enemy and excites the admiration of our allies, is the capacity of the American soldiers to do individual thinking and fighting. The Germans fight successfully only in mass formation, in organized bodies, while every American soldier has an initiative and independence of action which gives him remarkable efficiency in open fighting. They are not senseless cogs, but each is an individual working unit in a great fighting machine.

Every American at home should feel an individual responsibility and do his or her individual part in winning the war. There is not an American citizen who can not help win the war. The Fourth Liberty Loan drive, which begins September 23, offers a great opportunity for concerted action and for individual action, and the loan will be a tremendous success if each American will do his or her individual part as each American soldier in France does his part. Our soldiers deserve such support from the people at home.

Waddy Thompson and family moved to Stephenville this week, in order that he might be nearer the center of his territory and at the same time have the benefit of the West Texas A. & M. college for his son.

Z. D. Kemp, farm demonstrator of Scurry county, was shaking hands with his friends in this city Monday. He has lots of friends all over this county who are glad to know he is prospering and making good in his work.

Miss Ollie Kelly of Santa Anna was a caller at the Eagle office Saturday and ordered the paper sent to her address for a year.

James Rahl visited in Brownwood the first of the week.

Miss Josephine Gartman was visiting friends in Temple last week.

Harry Allen and wife are the proud parents of a fine girl, who arrived at their home Sunday.

Marion Stephens is one of the Goldthwaite boys who will be in the State University the coming session.

Misses Nita and Velma Cockrum are preparing to return to their studies in the State University at Austin.

F. P. Young, one of the influential and wealthy citizens of Hanna Valley, was looking after business matters in the metropolis one day this week.

Wm. Weltecke of the Priddy country was here Tuesday en route to Bay City, where he expected to spend some time looking after business matters. He does not expect to move away from Mills county, however, which is pleasing information to his friends.

Dr. J. L. Williamson of Baird was here prospecting for a location last Friday and Saturday. He, like all others who visit this delightful community, was well pleased and decided to begin his residence here on Oct. 1. He has rented the Harris residence, at the corner of Fisher and Second street, and has arranged for an office at Miller's drug store.

Dr. J. H. Logan and family left Tuesday for their new home in San Antonio, carrying with them the good wishes of a host of friends throughout this section. Dr. Logan was engaged in the drug business a long time and he and his excellent family are held in high esteem by everybody and while we all regretted their departure, we trust the move will be beneficial to them.

Glory Enough for All

Whatever class has aroused a suspicion of trying to get selfish advantage during the war, surely farmers have not subjected themselves to this accusation. As a class they are not organized and in fact there are now very few organizations among actual farmers. Bonafide farmers are too busy producing and trying to help win the war to lose any time trying to organize for selfish benefit.

It is a noticable fact, too, that of the many advisory boards created for war purposes—the council for offensive, defensive or political purposes—farmers have been left free to go about their own affairs, to produce the nation's food. Most rules for food control have been made for dealers or with their assistance, and producers have not been forced to sacrifice time to serve in this way.

This is perhaps wise. There is no other class with as little time to spare in serving price-fixing committees or in making rules and regulations. Let the leisure class serve, but do not interfere with food production. When the war is over there will be glory enough for all and farmers will have the satisfaction of knowing they made it possible.—Farm and Ranch.

If you have visitors or know any other item of interest tell the Eagle about it.

Dr. I. L. Vaughn left Sunday night for Idabel, Okla., to look after professional business.

E. F. Casey, a banker and prominent merchant of Mulli was a business visitor to this city Monday.

George Clements, Frank and William Thompson and William Thompson have for Austin and will enter the State University.

Of the services held at churches, none
is more important than the Sunday school.
A Sunday school conducted by a wise, con-
secrated superintendent and taught by ef-
ficient teachers is indispensable to the re-
ligious, moral, ethical growth of the com-
munity. Even the preaching services can
not excel the influence of the Sunday school.
It reaches, interests and enlists the children.
And this puts the home in touch with the
church. The moral, industrial and educa-
tional influence of the Sunday school can
scarcely be over-estimated. Often it is the
binding force that holds young people in
the community and inspires them to a life
of Christian citizenship. The life and use-
fulness of the church will very largely de-
pend upon the Sunday school and the va-
rious organizations of the children and
young people in connection with, or under
the supervision of the rural church. The
meetings of the young people teach self re-
liance, parliamentary law, public speech,
research and other literary attainments as
well as religious principles. These young
folks religious meetings should be fostered
and encouraged for they train men and
women for the church work, especially for
community co-operation. Through these or-
ganizations most of the homes may be
reached and the community unified and
elevated. —Earm and Ranch.

The Kaiser thought that the instant
America decided to go to war against the
Imperial Government of Potsdam, the Ger-
man-Americans would rise up en masse,
and bolshevikize the United States to such
an extent as to make its contribution to
the powers warring against Germany a
matter of little account. But the Kaiser was
living in a castle in Spain. The few Ger-
man-Americans in this country who were
disloyal are now either back in the father-
land, or are cooling their heels in an inter-
ment camp. The thousands and thousands
who were loyal to the United States, how-
ever, are now buying Liberty bonds and
War Savings Stamps, and writing cheery
letters to their boys in France, and those
boys of German parents in France—what
are they doing? The latest tale that comes
back tells of a division composed almost
entirely of German-born men, who advanced
eleven miles in seven days during the
recent counter-offensive on the Marne,
captured eight villages and stormed three
woods, one hill and one farm in hand-to-
hand fighting. The division, it is said,
fought continuously one time for seventy-
two hours. The plans of mice and Kaisers
"gang aft agley."—Dallas News.

The importance of preparing land early
and thoroughly for planting fall and win-
ter crops cannot be too strongly empha-
sized. So much depends upon wheat and oats,
as well as pasture crops that one will be
justified in any reasonable expense to get
the land ready planted on time. Those
who have tractors are fortunate. They can
turn the stubble land with a minimum of
moisture. Where there are tractors it is
seldom necessary to wait for rain as farmers
can turn the land in dry weather and get
it ready early, often increasing the amount
of vegetable matter incorporated in the soil.
Sometimes it is advisable with teams to
turn stubble or weed land when there is
little moisture as it may be worth much to
the manager to get the land ready for
sowing as soon as rains come. It is highly
desirable that the land for wheat be pre-
pared early. Experiments have everywhere,
so far as we know, shown that the yield is
better if the land is prepared early than
when prepared late. There is very little
danger of wheat failing because of severe
freezes if sown in a settled form, fine seed-
ed.—Exchange.

STABBED IN THE BACK

How Many Goldthwaite Readers Have Had Those Sudden Twinges

Have you ever had a "crick" in the back?

Does your back ache with a dull, heavy, draggy throb?

Is it hard to straighten up after stooping?

Hard to arise from a chair or turn in bed?

Is the urine dark colored? Passages irregular?

When your kidneys need attention, use a tested kidney remedy.

Use Doan's Kidney Pills—a remedy that has proved its merit.

Convincing testimony in the following statement:

Martin L. Watkins, Mullen, Tex., says: "I had a bad attack of kidney trouble, caused by the drinking water, which contained so much alkali. My back became lame and stiff I could hardly get about. When I stooped, sharp pains shot up my back and nearly floored me. I felt badly all over and my kidneys were in bad shape. Another of the family recommended Doan's Kidney Pills so I tried them. Two boxes of Doan's cured me.

Prices 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Watkins had.

Lard Is Worth More Than Lumber

It takes more than bristles to keep a hog comfortable; and less he is comfortable, he won't produce results.

If he is not otherwise properly protected he will have to absorb his own protection—his fat—**COSTLY LARD.**

It is cheaper to use **CHEAP LUMBER** than **VALUABLE** to keep your hogs in condition.

Also—even a hog responds to the right kind of care.

ALL OF WHICH MEANS—

It is **PATRIOTIC** to raise hogs to supply the fats needed to world;

It is **WISE** to give hogs the proper shelter and care to produce the maximum of fats from the minimum of feed;

It is **ECONOMICAL** to build the **RIGHT KIND** of shelter rather than afterwards;

It is **PLAIN GOOD BUSINESS** to secure designs and materials from people who have the right kind at the right price.

And our claims to have both the **DESIGNS** and the **MATERIALS** best suited for this work can best be proven by your personal investigation. Remember—lard is worth more than lumber.

Horse Power is merely a term for work; Hog Power is a synonym for RESULTS.

The spicy odor of frying sausage will bring the laziest boy down to breakfast, when a team of horses wouldn't wake him.

You have to **WORK WITH** a horse to make him pay, while you just leave a hog alone and protect him properly and he will eat himself into your affections.

A horse can pull a wagon, but a hog can lift a mortgage.

Blessed be the man who first wrote the stirring lines: "This little pig went to market."

We have Everything YOU need in the way of **LUMBER** and **WIRE** Housing and Fencing to properly Protect your Hogs. **SEE US FIRST!**

There are 200,000 Chinese coolies in France, making roads, digging trenches, grooming tanks and even making munitions. The question that this army of Chinese presents to the western world is this: Are these 200,000 to go back from a Christian country, still pagans, still preferring the customs of Christians, alert and understanding in the ways of the rest of the world? The Y.M.C.A. decided not to miss an opportunity for missionary work on such a large scale. They are sending over ninety American and thirty-two Chinese Y secretaries to hold educational and evangelistic classes among the coolies. The Y men are going to try to make an asset out of the mass of unskilled labor which so far has been one of China's liabilities.—World Outlook.

The kaiser really es very little for what we say r think of him, but we swat him hard when we demonstrate our support of the "Sammies" by the purchase of Liberty Bonds.

One who can read of the great record the American soldiers are making in Europe—their deeds of valor and splendid achieve- ment—without a feeling of pride and patriotism is unworthy of the noble young men who repre- sent the nation on the battle fields. Every true American has cause for national pride because of the heroism of our soldiers and the praise given them by the press and people of all nations. Even the enemy nations have been forced to a recognition of their skill and daring as well as their power.

The peace conference proposal of Austria-Hungary was very properly rejected by this govern- ment as soon as a reply could be written. The action of President Wilson and Secretary Lansing meets with the hearty approval of the people of this nation, as well as the allied nations. St. Louis, Mo., Sept. 12, '18. Rev. W. G. Callihan, Goldthwaite, Texas.

My Dear Mr. Callihan: I have your inquiry of the 9th regarding sending packages to soldiers.

Not only is it not necessary that packages should be sent through the Red Cross to the boys in France, but it is impos- sible. We do not accept pack- ages for individuals. Nor will the postoffice accept packages un- less you have a requisition from the soldier for the articles, and this requisition is countersigned by his major or colonel. This rule has been made necessary by overloading of the mails with- uly yours.

People From Florida, Texas, Georgia, Alabama and North Carolina Write Mrs. O'Connor Regarding Tanlac

"If anybody had told me that there was a medicine that would make me gain eight pounds in ten days I couldn't have believed it, but that is what Tanlac has done for me," said Mrs. John O'Connor, 338 East Oldham Street, Knoxville, Tennessee, a few months ago.

"For the past five or six years," she continued, "I have been in a rundown condition from nervous indigestion. I had no appetite and lived on the lightest diet. My head ached most of the time and I had awful dizzy spells. My nerves were worn out so I could get very little restful sleep. I was troubled with a bad case of catarrh that I couldn't get rid of and felt miserable day in and day out.

"I began to feel better right from the time I started taking Tanlac. My appetite is fine now, I can eat and digest anything and I am gaining in weight. My nerves are quiet and I sleep like a child at night. The catarrh does not bother me like it did and I am strong enough to work every day."

In another communication received recently, Mrs. O'Connor says: "People from Texas, Florida, Georgia, Alabama and North Carolina have written me asking about Tanlac and it has been a pleasure to me to recommend it." Tanlac is sold in Goldthwaite by L. E. Miller & Son. (Adv)

In Memoriam

These lines are in memory of Sister Mary Carter, who died at her home near Center City August 30, 1918. She was born in McGoupin county, Ill., on Nov. 12, 1867, and came early in life with her family to Hamilton county, Texas. At the age of 13 years she embraced religion and became a member of the Baptist church. On October 10, 1889, she was married to Bro. John Carter, who was at that time a widower with six children. There were two children from this marriage, and Sister Carter lived to see them all grown and married.

All these children now are responsible citizens, all members of the Baptist church, and were all present at the last sad service. Her mother, a brother, a sister and a number of friends from Hamilton county were there, and the church house at Center City was more than full of loving, sympathizing friends.

These things indicate that Sister Carter neither lived nor labored in vain, for "blessed are the dead which die in the Lord; yea, sayeth the Spirit, they rest from their labors and their works do follow them."

Bro. Carter and the entire family have the sympathy of many friends and the desire that this affliction may be sanctified to their good.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.— Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. I was unable to do a thing. My life was a misery, my stomach got in an awful condition caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui today."

Green, whose death occurred Sunday evening at 7:30 o'clock. Mrs. Green and family were residents of Goldthwaite some years ago, when Mr. Green was a merchant here, and she is remembered kindly by many friends who were grieved when the announcement of her death came and sincerely sympathize with the bereaved family.

Rev. W. R. White, the beloved pastor of the Baptist church of this city, has volunteered for service as a chaplain in the army and has been notified to report at Camp Taylor, Louisville, Ky., on Oct. 4. He expects to leave for that place one week from next Monday. The announcement of his contemplated departure was received with sorrow by the people of Goldthwaite, for he is held in high esteem by everybody, both as a Christian gentleman and a minister of the gospel. He is a man of splendid attainments and natural ability and will be able to accomplish a wonderful amount of good in his new field of labor.
