#### Reclaim Farm Land.

That measure should be taken to develop our unproductive land and provide an easy way for our soldier boys to build up homes on farms at the conclusion of peace is urged by Hon. Franklin K. Lane, secretary of the interior. In his letter to President Wilson Secretary Lane makes public a plan and asks for a survey of unutilized land with a view of reclamation for homesteads.

The suggestion is timely. We have a vast area of arid, swamp and timber land that could be made available for production. It is true that it will require large expenditure for irrigation, drainage and clearing and the war will not permit this to be done until our enemy is subdued. But a survey can be made and when peace comes Congress can grant authority for the reclamation of valuable farming land.

We should and sure will be rigid in admitting aliens after the war. We have enough plots, bombs and treason to teach us a severe lesson as to admitting those who would destroy us. Our task will be to provide an opportunity for our own citizens so the war cost may be paid and our institutions not be destroyed.

Our boys who are defending us against the Hun must have the best possible chance to build up homes and transfer their patriotism and energy to peaceful pursuits. Farming will offer excellent opportunities. Food will be needed. The great demand for all kinds of farm products will enable many to produce and build homes in the land they have so nobly defended.—Farm and Ranch.

Cashier Tippen of the Mullin bank looked after business matters in this city last Saturday.

Mrs. B. H. Lones of the Bayou country was in the city shopping Tuesday.

Misses Lizzie and Ruth Watson of Moline were in the city Tuesday, visiting and shopping.

J. M. Sanderford of Priddy was among the business visitors to the city the early part of the week.

Mrs. Joe Jones of the Browns Creek community was an appreciative caller at the Eagle office Tuesday.

Joe W. Morgan was here from Antelope Gap one day this week and reported good rains in his section and small grain growing nicely.

Jake Sexton, who is now telegraph operator for the Santa Fe at Clifton, "remembered" the Eagle substantially this week, for which we thank him.

The recent rains have caused grass, as well as wheat and oats, to grow in profusion and cattle are improving on the range. It is wonderful to note the great change a rainy season makes in this country.

J. D. Lowe left Wednesday night for Camp Mabry, Austin, to enter the mechanical training school. He is one of Mills county's finest young men and will of course make good in any department to which he is assigned.

There is to be a change of schedule of the Santa Fe passenger trains on the 17th of this month. Just what the change will be can not be learned with certainty at this time, but there is a rumor that the principal change will be the arrival of the west bound train earlier in the morning and it is also predicted that the east bound morning train will come from San Angelo. These are all guesses, however, and are not to be depended upon.

#### ROCK SPRINGS

(Intended for last week)

Editor Eagle:

Here are some of the latest happenings of our community.

Little Ila Bell White was real sick the first of the week, but is much better now.

We have had a number of cases of influenza in our community but all are reported better and there are no new cases. Our school was suspended for two weeks on account of the "flu".

We have had a lot of nice rain lately which caused the farmers to get buisy.

Mr. Brooks Cox and family have moved to our community. We are glad to have them as neighbors.

Mr. Johnny Hendricks came home from Arizona last week.

Mr. Ben Davis returned from Virginia last week where he has been at work for several weeks.

Mrs. Anderson and son returned to their home in Brady last week after a long visit to her son and daughter, Mr. L. M. Anderson and Mrs. W. E. Calder of this community.

Mrs. Addie White visited home folks the first of the week.

Dr. A. T. Limly was down from Brownwood last Wednesday on a business trip to Goldthwaite and visited relatives in Rock Springs.

The sad news of the death of Mrs. Lucy James which occurred on Sunday night Oct. 20th reached us last week. At the time of her death she was suffering from an attack of influenza and pneumonia. She died in a sanitarium in Dallas and her remains were laid to rest in a Dallas cemetery. She leaves a husband, parents, three sisters, five brothers and many friends to mourn her death. Mrs. James will be remembered here as Miss Lucy Hammet. She lived in our community for several years and was loved by all who knew her. VIOLET

W. T. Vessell of Indian Gap was looking after business matters in this city Tuesday.

Charley Miller of the Big Valley section, dropped a dollar in the Eagle's strong box this week.

J. A. Harris of Indian Gap was among the prominent visitors to the city the early part of the week.

W. P. McCullough went to Lampasas the first of the week to visit Mr. Barnes, who is recovering nicely from a recent surgical operation.

Mrs. Jesse Oquin of Houston arrived Friday night in response to a message announcing the serious illness of her brother-in-law, Mr. George Covington, who died Friday night.

Dr. J. E. Brooking was here from Star the early part of the week, looking after business matters, and reported the "flu" subsiding somewhat in his section.

The Eagle request a report of all local items and events of interest to the people of the county. Those who have visitors, go for a trip or know any other item of interest are requested to report it.

P. E. Currie writes from Rainbow, Somervell county, to renew for the Eagle and says to "keep it coming." Mr. Currie is kindly remembered by a host of friends here, where he made good as a business man and official.

Leon Harris, who was one of Goldthwaite's foremost business men for a good many years and is now engaged in the dry goods business in Gainesville, sends in a renewal of his subscription and says, "Keep the old Bird coming." It is indeed encouraging to have the patronage and endorsement of such good men as Mr. Harris.

### To the Speakers Named Above and to Every Man, Woman, Boy and Girl in Mills County:

Mills County is noted, state-wide, for doing things. She is noted for her patriotism. She has the very flower of her young manhood under the Stars and Stripes, giving their lives for the freedom of the world. Mills County is one of the first counties of the state in the Red Cross work. She buys her quota of Liberty Bonds and then some. No more loyal people exist in the American nation.

This United War Work Campaign is to raise \$7,500 or more in this county to take care of our soldiers and keep them well and happy. The Red Cross only takes care of them when they are sick or wounded.

I submit to you this proposition: Is it not of infinite value to keep them well and happy? If we do, the war will end more quickly and more of our brave fellows will come back to us out of the mud and lice and rats and the blazing hell of bursting shot and shell and poison gas and German bayonets, through which they are going for you and me.

I make this appeal to you: That every School Community in Mills County shall at once perfect your organizations; that the same spirit of sacrifice and devotion shall characterize this United War Work Campaign that has characterized all the others our people have so successfully made; that every man and woman and boy and girl in the county adopt the slogan, "To be Done in a Day," and put our campaign far "over the top" in one day, if possible.

Citizens of Mills County, we can do this by one great united effort. Let's bring up our quota for our own conscience' sake, for the sake of humanity and our soldier boys, and God will bless us.

Yours for a successful campaign,  
W. E. MILLER,  
County Chairman

### GAS MASK DAY

Attention, Conservation Committees, Mills County R. C.

Governor Hobby, in a proclamation, has set aside November 9th as "Gas Mask Day," and appeals to the people of Texas to use every effort on that day to gather for the government peach and fruit pits and nut shells, to be used in the manufacture of gas masks.

1662 pounds of fruit pits have already been shipped by this county and a large shipment goes out this week. Please redouble your efforts on November 9th and all the succeeding week. Deliver the seeds to Goldthwaite, Mullin or Star.

MRS. J. C. STREET, Ch'm'n.

### AT REST

The remains of Mrs. Tom Johnson of San Antonio were brought here on Thursday morning's train and carried to Pleasant Grove, where interment was made that afternoon, a host of friends attending the sad service, which was conducted by Rev. Weems of Mullin. Mrs. Johnson was a daughter of Mrs. Hinson of Pleasant Grove and was reared in this county. She had been ill for some time and it was hoped that a change from San Antonio to this climate would help her and the family started for this place, but at Temple she became too ill to travel and was carried to the sanitarium where her death occurred Wednesday night. The bereaved family has the sympathy of many friends.

The readers regret, as does the publisher, that our Star correspondent is suffering with the "flu" this week, but we all hope he will be fully recovered by next week.

### TO THE FOLKS

Editor Eagle:

I have been in the shipyard at Orange long enough to learn a few things. There has come to me a few inquiries concerning the demand for labor, prices, etc.

There are three shipyards at Orange. At present these yards are working something more than three thousand men—working men of all ages and classes, except decrepit and colored. They work no negroes—not even in the dining halls.

The town and yards have artesian water and mosquitoes—an endless supply of both.

Demand for more laborers cannot be definitely stated just now, because of confusion over reduction of hours per day. Up to the present since I came, my class of carpenters has been receiving seven dollars and fifteen cents per day, working ten hours. Cabinet workmen have been receiving, some of them, as much as nine dollars per day. Common labor is paid for four-forty per day, working ten hours. After today the work will run only eight hours per day and at a disadvantage to the laborer, because of lower wages.

I am supposing a few more men can readily find work and if many laborers discontinue, as they indicate, there will be a demand for numbers. Prices will run from four-twenty to eight dollars per day. The hour wage increased under the eight-hour system.

I am so much impressed with the magnitude of a large ship that I must say a few things about one. I work in the National yard, which builds larger ships than the other yards. I have been working altogether inside of a vessel. I interviewed one of our officials this morning and am giving such information as he was allowed to give. His yard is working fifteen hundred hands. There are now eleven vessels under construction.

The tonnage of this type is about five thousand tons displacement. One million and a half feet of timber is required to complete such a ship, which is three hundred and twenty feet long and forty-six feet wide. The walls are three feet thick. With the number above under construction the time to complete one after laying the keel is sometimes eight months to a year. The launching of a ship is quite an occasion in the shipyards. Only one has been completed and towed down the Sabine into the Gulf for its trial trip since I have been here. Some of the old shipmen declared it to be the most artistic and beautiful of all their observation. At present they are painted a water color above the water line, making them more difficult to see on the water. When these ships leave, the men are allowed to cease work long enough to watch their departure, and I heard no objection to the yelling which arose in almost deafening volumes.

Regard for humanity and the spirit of patriotism run high in the yards. It's easily felt and is to be much admired, but—but—but I am not in good old Mills county.  
L. L. HAYS.

### GEORGE COVINGTON DEAD

Mr. George Covington died at his home in Pleasant Grove community last Friday night and his remains were interred in the cemetery at Pleasant Grove Saturday afternoon.

Mr. Covington had been in Oklahoma at work, but came home in response to a message telling of illness in his family. He contracted influenza, which was followed by pneumonia and after a few days illness died. He was one of the county's best men—was an honorable and upright man and had the friendship of everybody.

He leaves a wife and three children, together with other relatives, who have the sympathy of all their friends.

### ELECTION RETURNS.

#### Republicans Gain In Congress—State and County Democratic.

The Tuesday's election returns show the Republicans have gained a number of congressmen and senators and it is thought they will have control of the lower house of congress. Their success was not as great as was at first thought, when the report was sent out that Speaker Clark and other leaders were defeated, but this was not correct.

In the state, of course, there was no real contest and the Democratic nominees suffered no uneasiness as to the result of the voting.

This good county is also safely Democratic and a nomination is equivalent to an election. All of the nominees were elected, but the vote was much lighter than the primary vote, as will be seen by the following tabulation.

| Box          | Nov. | July |
|--------------|------|------|
| Goldthwaite  | 148  | 692  |
| Nabors Creek | 24   | 24   |

| Rye Valley   | 6    | 23   |
| Mount Olive  | 8    | 41   |

\*No report received.  
This report is based on the total Democratic vote for governor in both elections. There were some votes at most of the boxes for other party candidates.

#### Ollie Morris Dead.

Mr. Ollie Morris died at his home in Ratler community Tuesday night, after a short illness with influenza. He had been in Brownwood assisting in caring for sick relatives and it is supposed he contracted the disease there and it developed soon after his return home.

Mr. Morris was a son of Mr. Dave Morris and was reared in the Center City community and moved with his father's family to the Jones Valley section a few years ago. He was a man of high character and had the friendship and esteem of all who knew him.

His remains were carried to Center City for interment Wednesday and the sad service was attended by large number of the sympathizing friends of the family.

Our new jewelry is arriving. See our stock, for we can save you money.—Clements Drug and Jewelry store.

### Death's Visit.

There was universal sorrow here Wednesday when the announcement came that Mrs. H. R. Graves had died at an early hour that morning at the home of her son in San Antonio, where she was stricken with apoplexy some days previous to her death.

Mrs. Graves left home some weeks ago to visit her son and family at Connell, near Beaumont, and from there she went to San Antonio to visit another son and his family. Relatives here and elsewhere were notified of the seriousness of her condition when she was stricken and a number of them hurried to her bedside, but it was realized from the first that there was little or no hope of her recovery.

Mrs. Graves and family lived at Center City a good many years and moved from there to Goldthwaite several years ago. She was a sincere and devout Christian and a faithful member of the Methodist church, and was ever with the foremost in deeds of kindness and charity. She leaves six children, besides other relatives and many friends to mourn her death. Her children are: Ed Graves and Mrs. Miller, Belton; W. A. L. Graves, San Antonio; T. B. Graves, Connell; Mesdames L. E. Patterson and Neal Dickerson of this city.

Her remains reached here on Wednesday evening's train and were conveyed to the family home, where funeral services were held at 10 o'clock Thursday morning, after which interment was made in the Odd Fellows' cemetery.

#### In Memory of Little Elton Doggett

'Twas just a rosebud that was plucked this time,  
Among the sweetest of the floral kind;  
A little soul filled with heavenly bliss,  
Too sweet to live in a world like this.

It was early one morn the sun shone bright  
When the little spirit took its flight.  
It flew away to realms of love  
To rest in perfect peace and love.

How sad it was with him to part;  
It wounded many a tender heart.  
Altho we have a promise sweet  
Again we will our darling meet.

Hark! The little voice is calling,  
"Precious loved ones follow me,"  
For I've cleared the path to heaven,  
And the way is bright for thee.

Weep not, dear friends, tho your loss is great.  
Little Elton will for you await  
And some glad day on yonder shore  
You there shall meet to part no more.  
CORDA AND CLEMMIE NICHOLS.

### SAN SABA

R. A. Doran and Clyde Kirby passed through here Tuesday for Houston and other points prospecting.

Ward Homan and wife left the first of the week for Oakland, California, where they will make their home.

School opened Monday with a good attendance. The influenza is about checked. Regular services at the various churches are being held and with this beautiful weather everything is rocking along nicely.

### COMANCHE

Last Monday night as E. W. Harris was getting out of his car in his garage he dropped the key to his car and stooping to pick it up struck the automobile door, smashing the glass over his left eye and the broken glass cutting through his upper eye lid and penetrating his eye.

That there will be an immense grain crop sowed in Comanche county is evident by the amount of oats, wheat, etc. hauled out for planting purposes by the farmers. One concern has sold five thousand bushels of wheat for planting purposes and a number of ears of oats have been sold besides the rye and barley that is being planted.

The surveying crew at work on the national highway reached Comanche Thursday from the Brown county line and are now at work toward the Erath county line. The preliminary surveying has been completed and the state engineer will be brought out and will go over the road and if he accents the route as surveyed the detail surveying will be completed promptly and estimates will be made upon which to base the contracts.

### LAMPASAS

Mr. and Mrs. J. E. Vernor are here from Shelbyville where they spent three weeks in the home of their daughter, Mrs. W. C. Windham.

Rev. A. C. Searcy who recently lived in Star, has since the Methodist Annual Conference been appointed to San Saba Circuit and will live in Chappel. Mr. and Mrs. Searcy passed through Lampasas Wednesday.

J. D. Hall, colored, was arrested here Sunday night by Sheriff Mace and Nightwatchman Smith as a deserter from the army. He left a camp in Virginia on Sept. 15th and the officers here had been notified. He was placed in jail and will be returned to the camp.—Leader.

R. M. THOMPSON, Editor

Austria-Hungary surrendered abjectly, as Bulgaria and Turkey. Germany is left alone and must accept the allies' terms mighty soon.

Once more we make the declaration that law is not an exact science, but the opinion of the last judge that gets a guess at it. The Judge of the Court of Appeals at Austin says the state-wide law is no good, the District Judge at Austin says it's O. K. The opinion of the Court of Appeals judge will be the law of the land unless an appeal is granted and the opinion is reversed. But if the judges should swap benches the opinion of the judge who says the law is valid would set aside the opinion of the judge who says the law is no good.—Honey Grove Signal.

Secretary of the Treasury McAdoo has announced that, no matter what the results of the pending overtures for peace may be, there will be another Liberty loan. To use his expression, "We are going to have to finance peace for a while just as we have had to finance war." There are over 2,000,000 United States soldiers abroad. If we transport these men back to the United States at the rate of 300,000 a month, it will be over half a year before they are all returned. Our army, therefore, must be maintained, victualled and clothed for many months after peace is an actuality.

Some get-rich-quick concerns are endeavoring to persuade patriotic Liberty bond holders, whom they know will not sell outright their Liberty bonds, to turn over their Liberty bonds to these companies as security for a loan and with the money thus borrowed purchase stock in their companies. A Liberty loan bond is the safest investment in the world, and a prudent man will very carefully investigate any effort to induce him to exchange it for a less safe investment. This lending one's money on Liberty bonds as security to purchase stock in the lender's company is in many cases only a thinly disguised method of exchanging stock of doubtful value for Liberty bonds of unquestioned value. It is a good business and it is patriotism to hold your Liberty bonds.

The government war board requires the saving of paper by dealers, wholesalers and publishers and this is right and proper, but one of the sources of waste in paper has been overlooked entirely and that is the various bureaus, commissions, committees and boards. They send out piles and piles of circulars which are never read and every newspaper office in the country receives vast quantities of this literature which is consigned to the wastebasket without even a casual reading. The Eagle receives enough letters, circulars, communications and appeals every day to fill any weekly issue. Some of this is good and necessary, to be sure, but the question appears to be—why the profuse production and distribution of all this matter without an idea of the possibility of it being used? Numbers of stenographers and printers are employed in the issuing of these circulars and a vast number of mail clerks are required to handle them, when the country papers cannot use ten per cent of the matter.

## CHRISTMAS BOXES.

Instructions for sending Christmas boxes to our soldiers overseas.

The war and postoffice department and the American Red Cross have made an arrangement by which every man in the army overseas may receive a Christmas parcel from his family or friend. The amount of shipping space which can be set aside for the transportation of these parcels will permit the sending of but one parcel to each man.

Each soldier overseas will be provided with one Christmas parcel label. This label will be forwarded by him to the person in the U. S. from whom he wishes to receive his Christmas package and packages that do not bear this label will not be accepted by the Red Cross for delivery to the postoffice authorities. Labels that are lost will not be duplicated. Christmas parcels must be placed in standard cardboard boxes 3x4x9 inches in size. These boxes will be provided to holders of labels by the American Red Cross. They will be obtained at the Red Cross chapters or branches. When boxes are packed, but unwrapped, they must not weigh more than two pounds and fifteen ounces. If the parcel is over weight, some articles must be removed. Do not mail the box yourself. When packed, the box, unwrapped, ready for inspection, should be taken to the nearest collection station designated by the Red Cross. The Red Cross representatives are authorized to remove objectionable articles from parcels. Shippers will then affix sufficient postage on their parcels to carry them to Hoboken. Parcel post zone rates will be charged. The parcels are to remain in the custody of the Red Cross until delivered to the postal authorities. No Christmas parcel will be accepted by the Red Cross for shipment after November 20th. Keep this fact in mind when planning a merry Christmas for the boys "over there".

The committee having in charge the receiving and examination of the boxes to be sent our soldiers overseas will be in the Red Cross room in the Court House, November 16, 18, 19 and 20, from 1 p. m. until 4:30 p. m. Every box must be in by November 20, as they positively will not be sent later. Every one receiving labels will, upon presentation of label at their nearest branch, receive a box with full instructions. Read carefully and see what you can send and return same for examination by Committee.

Headquarters will also be maintained at Mullin and Star on the same dates as above and at the same hours. If more convenient, take your parcel to one of these places.

### Greatly Benefited by Chamberlain's Tablets

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired jaundiced feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. H. P. Howard, Auburn, N. Y.—For sale by L. E. Miller & Son. ### City Council.

The city council met in regular monthly session Monday night with Mayor Trent presiding and the aldermen and other officials present.

The monthly report of L. R. Conroy, city tax collector, was examined and approved.

The city marshal was instructed to strictly enforce the ordinance forbidding spitting on sidewalks and railroad platforms, also on floors in public places.

Aldermen Burch and Walters and Attorney Darroch were appointed to make a new contract with the light company, the present contract expiring in December.

Accounts for current expenses were examined and allowed.

### Telephone Rates and Service.

We wish to thank those who have responded to our call of recent date and most every one agreed that all should pay up regularly. We do not wish to disconnect any line, as some on every line have been good and regular to pay, but unless the matter is attended to at once we will have to ask whether you are paid up or not.

To our local patrons: Instructions have been received by us to observe the government order No. 1931, which says we must charge \$5 for installation where the rate is \$2 or less and \$3 for moving a telephone and the service connection of \$5 must be paid in advance. These orders are issued to us by the government and we will be compelled to observe them. Very respectfully, GOLDTHWAITE RURAL TELEPHONE COMPANY.

## Quit Laxatives, Purges; Try NR

NR Tonight — Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Don't you begin right today to come your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs — promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

### IN MEMORY OF

DAN C. CAMPBELL.

On Monday evening Oct. 28, 1918, at 6:30 o'clock the death Angel spread its broad wings over our community and called from this world Dan Cornelius Campbell the son of Mr. and Mrs. Jno. T. Campbell.

He was sick only two weeks when death called him across the rolling river into the Blessed Eternity where he is now at rest.

Dan was a much loved and beloved young man by all who knew him, and was never known to do an act of questionable character, but was always willing to aid in every movement tending to better the condition of his community. He was in his twenty-second year.

The remains were laid to rest in Payne Gap cemetery Tuesday p. m. at 3:00 o'clock. The funeral service being conducted by Prof. M. L. Garrett of Moline.

The deceased leaves a father, mother and sister, Mrs. Charlie Cook, other relatives and a large number of friends to whom the sympathy of our entire community is extended. A FRIEND.

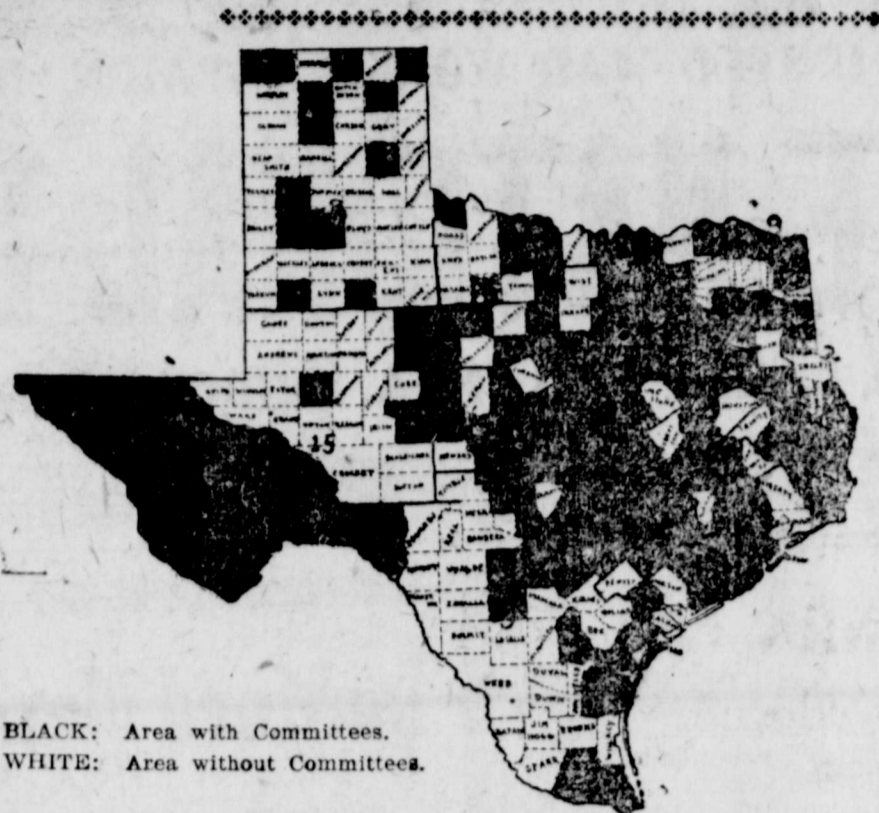

Melvin Booker was here from Cabedan Monday and as a result the Eagle will hereafter go to him at that place.

## COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.— Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was weak I could hardly stand alone. I was not able to go anywhere and had to get my house work done. I suffered with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

BLACK: Area with Committees.  
WHITE: Area without Committees.

The Price Section of the Federal Food Administration for Texas has grown to such proportions in Texas that an inventory of the Committees shows 151 with a personnel of 675 men and women, while the Price Reporting Section has a personnel of 325.

All Price Interpreting Committees are appointed direct by Administrator Peden. Each committee has a chairman and the committees meet in the larger cities twice a week and in the smaller cities and towns once a week.

The FAIR PRICE LISTS issued are published in the local newspapers and are intended as guides for the retailer and the consumer. The prices as interpreted must be adhered to by the merchants, and the consumers are urged to report all cases of violations to the County Food Administrators.

The Price Reporters make checks upon the retail merchants. Their reports are sent to the Price Section. Federal Food Administration for Texas, where the prices are compared with the local Fair Price Lists. Wherever there are indications of excessive charges, the matter is referred to the County Food Administrator for adjustment. Where the profiteering is flagrant it is referred to the Field Inspection Division and upon investigation turned over to the Enforcement Division for action.

It is the wish of Administrator Peden to have every county in Texas covered with a Price Interpreting Committee as a protection for the law-abiding merchant and for the consumer. At the rate the Section grows, all counties with any considerable population will be covered by November 1.

### RETAIL PROFITS ON EGGS, BUTTER, CHEESE, BREAD AND POTATOES.

CHEESE—1. Maximum margins governing sale of American or Cheddar cheese by retailers have been announced at 6c and 7c per pound with fractional cost in dealer's favor. Six cents is maximum for cash and carry stores, and 7c for extra service stores.

BREAD—2. Baking Division's investigation of manufacturing cost, and wholesale prices and retail prices for bread warrant establishing the maximum retail price for one-pound loaf at 10c and one and one-half pound loaf at 15c. These are the maximum prices for either cash and carry or credit and delivery, and should be enforced in each State. Furthermore, investigation shows 8c and 12c wholesale price. In many sections these wholesale prices warrant a retail price of 9c per pound loaf, and 14c for pound and half loaf, cash and carry, and administrators should arrange for distribution at these figures in as many places as possible.

BUTTER—3. Retailer's margins are set forth in Special License Regulations No. 20A, dated August 22, 1918, which provides that cash and carry stores' profit shall not exceed 5c per pound, and that credit and delivery stores' profit shall not exceed 6c per pound over their cost price. A clear definition of the items making up a retailer's cost is shown in these rules.

EGGS—4. Washington advises that it hopes to announce in the course of the next week or so definite margins of profit on eggs. From investigation now being conducted it has developed that there is a very wide range of retail margins throughout the country, varying from 3c per dozen to 15c. On the present margin it would seem to us if you would base your retail selling price at a margin over cost of 5c to 8c, for the time being, it would not be far out of line.

POTATOES—5. A profit of 20 to 25 per cent on potatoes would probably not be greatly out of line, although these may be too large margins in some sections and not quite adequate in others for a fair return.

### RULES GOVERNING SALE OF FLOUR TO FARMERS.

Restrictions covering the amount of flour that can be sold a consumer by a retailer at one time have been lifted by the Revised Wheat Flour Regulations, provided that not more than a sixty days' supply is bought; however, it is necessary for the consumer to purchase 20 per cent substitutes at the time the flour is purchased.

In case of the farmer who has his own home-grown substitutes, it is not necessary to sell substitutes at the time flour is purchased, provided the farmer makes a written statement to the merchant at the time of purchase that he has these substitutes on hand and will use the same.

### ADVANCE IN COFFEE TO MEET PRE-WAR PROFIT.

While the Food Administration is opposed to a general advance in the price of roasted coffee to consumers, Administrator Peden has been advised by Mr. Hoover to permit, where necessary, an advance sufficient in price to insure roasters a profit in cents per pound equal to their pre-war profits.

Owing to the elimination of expensive packages and consequent saving on this item, it is assumed that an advance on package coffee is not warranted. Full statements satisfactory to Food Administration will be required, showing advance on bulk roasted does not exceed pre-war profits and is warranted in each particular case.

## LUMPS FROM THE SUGAR BOWL

### SUGAR SLACKERS.

Said the Yellow Sugarite  
To the Yellow Sugarette:  
"I'm a-goin' to have my sugar,  
And as much as I can get.  
What's the difference whether war lasts  
For a year or for a day?"  
Then he sneaked a lump of sweetness  
That he'd slyly hid away.

Said the Yellow Sugarette  
To the Yellow Sugarite:  
"All this food talk makes me tired;  
You are just exactly right."  
Then she snopped into her handbag  
And withdrew a sugar lump.  
Which she dropped into her coffee  
With a Kaiseristic "plump."

Said the citizen and patriot  
To the slackers, as they stirred:  
"I have seen you, and I know you,  
And I've heard your every word.  
And this message I would give you,  
From the loyal U. S. A.  
That the Limp-spined Sugar Slacker  
Hasn't very long to stay."

—F. McMINN.

### "YELLOW SUGAR" USERS ANOTHER FORM OF SLACKERS.

"Yellow Sugar" is the brand which patrons of public eating places carry in their pockets and add to their drinks, desserts and cereals after the restaurant proprietor has fulfilled his solemn obligation to the nation by serving only what is allowed on the basis of two pounds per person per month.

The "Yellow Sugarite" and the "Yellow Sugarette" is the male and female decision of these thin-skinned men and women who have only a casual interest in the winning of the war. Handling these men and women is a rather unpleasant task of the Food Administration; and their selfishness is the source of embarrassment and worry to the patriotic proprietors who are complying with the rules and regulations.

Administrator Peden announces that the law of public opinion should be invoked in all such cases and has requested that all loyal citizens noting patrons bringing sugar into public eating places send the names to the Houston headquarters so that the names may be made public. Name of person making report will be protected. Herbert Hoover, speaking to the State Food Administrators on the issue of sugar, said: "Sugar is the one commodity that voluntary conservation does not seriously reach. I suppose the great sugar eaters are those of the community who have the least moral resistance."

### Proclamation by the Mayor of the City of Goldthwaite, Texas.

Whereas, the increasing needs for supplies essential to the successful prosecution of the war for the freedom of the oppressed and the crushing of militarism, has created a demand for labor, requiring serious and unselfish consideration by all liberty loving people; and,

Whereas, the government of the United States has established, through the Department of Labor, the United States Employment Service, upon whom the responsibility has been placed for recruiting and judiciously distributing the vast industrial army of approximately 32,000,000 men directly engaged in supporting the land and naval forces of the United States; and,

Whereas, the United States Employment Service has built up an organization capable of supplying and distributing the skilled and unskilled labor necessary to supply all demands with maximum efficiency.

Now, therefore, I, Will H. Trent, Mayor of the City of Goldthwaite, respectfully urge all employers of labor in said city to lend the United State Employment Service and the Community Labor Board, an adjunct of said Employment Service, every possible assistance in furnishing laborers for essential war industries as they may be called upon from time to time to supply and, furthermore, that every employer of labor in the City of Goldthwaite give your support to the United States Employment Service by pledging it to employ no person, male or female, who has not registered with the United States Service for employment.

In testimony whereof, I have hereunto signed my name officially, and caused the seal of Goldthwaite to be hereon impressed, this the 4th day of November A. D. 1918.

(Signed) WILL H. TRENT,  
Mayor, City of Goldthwaite.

### Indispensable Equipment.

Farmers are more conservative in their expenditure for necessities and luxuries than city people. They do not handle as much cash as wage earners and salaried people and as a rule they do not spend as much as others who must buy their living as well as others things for comfort and convenience.

But farmers may depend upon to live well and enjoy the comforts and pleasure of life whenever crops bring good prices. Their conservatism as a rule is to avoid debt and enable them to be independent and frugal. They usually delight in being able to get what they need for progressive living.

Of labor-saving, money-making equipment there is generally a critical conservation, but sooner or later you will generally find the articles best suited to local and individual condition. In recent years such as automobiles, tractors, trucks, engines, etc., are considered necessary equipment. In fact there machines have been the means of profitable farming and educational advantages for the children in many instances. Now that the boys have gone to the front such improved equipment is considered indispensable.—Exchange.

### In Memory

Mrs. Nora Randles, eldest daughter of Mr. and Mrs. H. T. Long, was born in February, 1891, and died Oct. 14, 1918. She was reared to womanhood in Trigger Mountain community, near Goldthwaite, Texas, where she was known for her loveable disposition and her beautiful Christian character.

She professed faith in Christ at the age of twelve years and showed her devotion to her Savior by her daily Christian walk up to her death.

She was married to Mr. Sam Randles Oct. 30, 1907, and to them were born four children. For two years they have made their home in the State of Colorado, where she had made many friends. The esteem in which she was held in her new home, was shown by the beautiful floral offerings. To know her was to love her. To her loved ones: We commend you to the Heavenly Father whom she trusted and say, weep not! Your loss is her gain. You would not have her return to this land of sorrow, toil and pain, but live ever to join her in that eternal home not made with hands.

### MULLIN

Editor Eagle:

Prof. Frederick Eby, professor in the university of Texas and one of the finest lecturers in the state, will lecture in Mullin Saturday night, Nov. 9, subject, "German Propaganda in America." Don't fail to hear this lecture. He will tell you something startling about this already agitated subject.

More oil news. Mr. A. R. Foster of Oil City, Penn., representing a good company, has contracted with Francis Leineweber to drill a well on one of his lease blocks, four or five miles west of Mullin. The depth of his contract is to the Ranger sand. Forfeit of \$3000 on deposit in the Mullin bank, if work is not begun in sixty days.

The sickness seems to be abating in and around Mullin.

Wm Burleson is dangerously ill in the sanitarium at Temple. Messrs. Ezra Burleson and Jas. Holland went to Temple this a. m. (Monday) and a telegram later in the day from them was not at all encouraging.

Mr. Ivey left Mullin again Monday with another car of horses and mules. He has shipped several cars from here this fall.

Messrs. Harmon Weston and James Holland are sowing between six and seven hundred acres of wheat and oats.

Jeff Clendennan's son, who has been so seriously ill, is in the sanitarium at Brownwood and still in a critical condition.

The large acreage of small grain and its rapid growth is surely encouraging to the farmers around here.

T. G. Harris shook the dust off his feet and bade adieu to his ranch and the people of that community to find employment elsewhere.

Mullin polled 100 votes in the election Tuesday. H. C. COBB.

### TO ELECTRIC LIGHT CONSUMERS

We have received a lengthy letter from the Department at Washington, advising us to inform our light customers of the necessity of conserving light, and, if possible, to visit each consumer and advise same as to the size of lamp to use; also to see that only the Mazda lamps are used.

We will advise here some of the ways in which you may conserve light and thus help win the war:

FIRST—Don't burn any lights in your residence all night.

SECOND—Take out or disconnect all lights in chandeliers except one.

THIRD—Don't burn over a 60-watt lamp in your residence. We have sold several 100-watt lamps, but will gladly exchange smaller sizes and show you how to get better results with the smaller sizes.

FOURTH—Don't burn over one or two lights at a time. Get the habit of turning out lights when you go into another room. Ask yourself the question—"Would I let this light burn if my lights were on a meter?"

If the above rules are followed, you will greatly help to conserve fuel and we may not have to suffer from lightless nights as other places have.

### Mrs. Koen dead.

Mrs. Koen, wife of Mr. Caleb H. Koen, died at the home of her daughter, Mrs. Crouch, in Mullin Tuesday night and her remains were interred in the cemetery in the Caradan community Wednesday.

Mrs. Koen lived in this county a long time and her family is numbered among the most highly esteemed families of this section. The aged husband and children, as well as the other relatives, have the sympathy of a host of friends in their sad bereavement. Mrs. Koen, nee Dunlap, was a survivor of the Mountain Meadows, Utah, massacre of 1857, and her memory of the horrible affair was quite vivid, notwithstanding she was very small at the time—in fact so small that the Mormons, who committed the murders thought she and her younger sister were too young to realize what was going on and relate it afterwards. Her parents and other members of the family were among the hundred and thirty-three persons killed by the fanatical, murderous band. Her sister, now Mrs. George Ann McWhorter, lives on Birmingham avenue, Dallas, and is doubtless the last survivor of the massacre.

Oct. 15 and 16 the state representative of H. M. Marks & Co. will conduct a tailoring sale at my shop. With each suit or overcoat or coat and pants ordered will give an extra pair of trousers or rain coat at half price. Don't forget the date, Friday and Saturday, 15th and 16th.—Steve the Tailor.

To save a big waste of money, time and persons from having seven different campaigns, the United War Work Campaign combines the seven following named organizations into one great campaign: Young Men's Christian Association, Young Women's Christian Association, War Camp Community Service, American Library Association, National Catholic War Council, Jewish Welfare Board and The Salvation Army.

From the above we can realize that these, our agencies at the front, are constantly looking after our soldier boys to make of them better and happier men, spiritually, educationally and physically. Therefore, whether a person is religious or not religious, he has no excuse left for not contributing something in this campaign.

### HONOR ROLL

There will be printed in the paper an Honor Roll containing the name and amount of every man, woman, boy, girl and child who contributes or for whom some one contributes in this campaign, beginning November 11th and ending November 18th. The Honor Roll will be sent to each one of our Mills County soldier boys, and oh, what joy and happiness it will be to them to see how many of their dear Mills County friends are backing them up at the front while they are risking their lives for us.

Now, since our Commander-in-Chief, President Woodrow Wilson, says: "It shall be a united campaign," to dissent is to be disloyal. Then let every man, woman and child in Mills County show their loyalty and patriotism by giving something to this worthy campaign for the betterment of our noble soldier boys and thus do our duty.

Yours truly,

W. E. MILLER, County Chairman.

**TRY IT! SUBSTITUTE FOR NASTY CALOMEL**

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

**The Type Used in One Year Published Endorsement of Doan's Kidney Pills**

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Fifty thousand benefited people gladly testify in the newspapers of their town. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Goldthwaite sufferer who wants relief from kidney and bladder ills. Here's a Goldthwaite case. Don't experiment. Use the remedy endorsed by people you know.

Joe Taff says: "I was subject to spells of backache for years. When these attacks came on, it was hard for me to stoop or do anything. I got Doan's Kidney Pills at Clements' drug store and they gave me relief from the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taff had Foster-Milburn Co., M'pers., Buffalo, N.Y. (Advertisement)

**SUGAR REGULATIONS**

District and County Administrators:

On account of the rapid manufacture of the new crop of beet sugar in the West and the new crop of cane sugar in the South, the reduction that we have made in the consumption of sugar to the manufacturing trade, enables us to increase the household allowance of sugar from two pounds per person per month to THREE pounds per person per month. This same increase will be granted the public eating places. This makes good our promise to increase the household allowance of sugar at the earliest possible moment that our supply would justify. This increase is effective November 1st.

Washington desires to have a uniform scale throughout the country covering the sale of sugar therefore, beginning November 1st, merchants will be permitted to sell a family one month's supply of sugar, based on three pounds per person per month.

This naturally cancels the two and five pound package rule. Unfortunately we only received advice of this increased allotment today, and as we have already issued Statement E and Statement O certificates, we shall immediately mail to all retailers and public eating places additional certificates to bring up their supply to a basis of three pounds per person per month.

There will be no change in the November allotment of Statement A, B and D.

It is still necessary for merchants to keep records of their sugar sales on the Three pound basis, as on the two pound basis. Yours very truly,

E. A. PEDEN,

Federal Food Administrator for Texas.

**About Croup.**

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.—For sale by L. E. Miller & Son. (adv)

**RESOLUTIONS OF RESPECT**

On Monday, October 14, 1918, death entered the ranks of our order and from Ochiltree Lodge, A. F. & A. M., No. 910, claimed the mortal form of our beloved brother, D. I. Hawkins, who was raised to the sublime degree of a Master Mason at Center City Texas, May 13, 1911, exalted to the Royal Arch Mason's degree at Goldthwaite, Texas, August 14, 1915.

He was born at Center City, Texas, on February 24, 1888, his father and mother being T. S. and Helen Hawkins. He was married in 1914 to Miss Ivy Hudson of Me Girk, Texas, who, with two children, survives him. There are also two brothers, Wm. A. Hawkins of Menard, Texas, and E. G. Hawkins of Star, Texas, and one sister, Miss Irma Hawkins of Ochiltree, Texas. He moved to Ochiltree in 1916, where he engaged in the drug business, which he followed till the time of his death.

As a citizen he was honest, upright and worthy, and shirked not hardships nor toil to make a honest living. When warned during his last sickness to take a rest or the consequences might be serious, his reply was that if he could save a hundred of these people, although he himself should die, he would have accomplished something. Loyal to his duty at all times, as a husband he was loving and kind to his family, considerate of their needs and tried to lead them to usefulness and happiness.

As it is the Heavenly Father's will, in His infinite wisdom, to remove Bro. Hawkins from our midst, Be It Resolved

(1) That we bow in humble submission to our Father's will and await that happy reunion on eternity's shore.

(2) That we cherish his memory as one who lived for the right, loved his order and delighted to greet his comrades in fraternal fellowship.

(3) That we tender our sympathy to the bereaved family, assuring them that with their sorrow and tears we mingle ours and pray that the Lord may bless and guide them.

(4) That these resolutions be spread on the record books of Center City Lodge, No. 558, A. F. & A. M., that a copy be sent to the family and to Ochiltree Lodge, No. 910, A. F. & A. M.; also that a copy be sent to the Goldthwaite Eagle for publication.

(5) That our obituary be draped with mourning for sixty days.

J. M. HARRIS,
