VICTORY AND PEACE!

KAISERISM DEFEATED AND THE GREAT MENACE TO THE WORLD'S WELFARE FOREVER REMOVED.

The Announcement of the Cessation of Hostilities Caused Universal Rejoicing—Parade and Speeches By Patriotic Goldthwaite Citizens

Victory and Peace!
The glad news of the signing of the armistice by the representatives of Germany on one side and General Foch, commander of the allied forces, on the other and providing for cessation of hostilities at 11 o'clock Monday, reached Goldthwaite at 2 o'clock Monday morning and was early communicated to the other towns and communities in the county, and soon the joy of the people was demonstrated.

It was glad news, for it brought the announcement of the triumph of right over wrong; of civilization over savagry and the powers of evil. It was also glad news for it meant that no more of the Americans and their allies would

be the victims of the horrible Huns.

For more than four years the most terrible battle in the history of the world raged in Europe and in those four years Germany waged a warfare so uncivilized, so brutal and wantonly murderous that every civilized nation on earth was arrayed against her—some in actual combat and others in spirit. In fact, so horrible and brutal was the German plan of warfare that even those of German nativity—whose veins run red with German blood—who live in America and other civilized countries arrayed themselves against their Fatherland and helped to bring defeat to those responsible for the reign of frightfulness. True, there was occasionally a traitor to America and allies found, but the number was very small.

The status of the war now is a temporary cessation of hostilities, but the terms under which this armistice was granted the enemies of civilization are such as to make a resumption of war by them under their former leaders a matter of impossibility. Besides this, Bill Hohenzollern, who was chief of the conspira-

tors and barbarous murderers, has fled the country and is now an unwelcome guest in Holland, while many of his advisers are in hiding.

The only source whence can come renewed hostilities is the revolutionists, but with a very limited supply of munitions and deprived of the devil-directed leadership of their war-lords, it is not believed they will prove a great menace to the peace of the world or interfere seriously with the plans for enforcing the terms which will guarantee a permanent peace.

America will necessarily maintain a large force in Europe for a year and maybe several years. The world gives full credit to this nation for having defeated the terrible Huns, and the same invincible power is expected to restore order and establish a stable democratic government for those nations that have been so long despoiled by autocracy and despotism.

In Goldthwaite the glad tidings were heralded to the populace by the ringing of bells and the discharge of firearms. Later in the morning a procession of automobiles, decorated with flags and bunting, formed at the High school building and made its way to the business part of town, followed by the school children and their teachers waving flags and singing patriotic songs. At-

ter marching thru the streets a halt was made on the square and the immense assembly was addressed by Supt. Willingham, Rev. W. R. White, Mr. J. C. Darroch, Rev. W. G. Callihan, Mr. A. J. Harrison, Elder C. H. Koen and possibly others.
The public school was given a holiday and some of the business houses closed for the day to celebrate the ending of the war.

PATRIOTIC MEETING

An Interesting Lecture—Good Speaking—Fine Collection

The lecture of Adjutant Starbard of the Salvation Army last Sunday night was most interesting and held an immense audience in close attention for two hours or more.

Adjutant Starbard is one of the noted war workers of America and France and his lecture tour has been of vast benefit in the United War Work Campaign now on, as it was in the Fourth Liberty Loan campaign recently conducted so successfully. The meeting in the court house here Sunday night was in the interest of the War Work campaign and was largely attended. Mr. W. E. Miller, county chairman for the campaign, presided over the gathering and introduced several local speakers at the opening of the meeting. Hon. J. C. Darroch made a most logical and interesting argument in favor of the campaign, as did Rev. W. R. White a little later on. Mr. P. A. Whaley, district chairman for the campaign, also interested the large congregation for some time. Mrs. Carroll Lowrie and Miss Normalee Frizzell each sang a beautiful solo, with violia accompaniment by R. F. McDermott.

Adjutant Starbard told of his experiences with the army in France and gave some idea of the pleasant side of army life, as well as detailing some of the disagreeable features. Every part of his lecture was appreciated and his exhibition of the helmet and gas masks gave information that could not be so well secured from reading.
At the close of the lecture Rev. White took a collection for the War Work campaign and the response was ready and liberal.

Don't Forget the United War Work Campaign—Nov. 11-18—Do Your Best in This Worthy Cause

The Goldthwaite Eagle

Saturday, November 16, 1918

F. A. Lane has been in Oklahoma several days looking after his cattle interests.

Hugh Moorland and wife have been quite sick this week, but are reported improved.

Jim Frizzell came home yesterday from Tulsa, for a visit and his friends are glad to have him with them.

Lost—A lady's silk umbrella with gold and pearl handle. A small piece of the pearl is broken out. Finder please return to J. C. Darroch or leave at Eagle office.

The Baptist Ladies Aid society will meet Monday afternoon at 3 o'clock with Mrs. D. J. Lanford for the purpose of packing the orphan home box. All members are requested to be present.

Mrs. Oltrogge has opened a boarding house in the residence known as the Whit Smith place. Board with or without rooms. Sunday dinners a specialty. Will appreciate the patronage of the public. (adv)

E. F. Virden and his wife and baby left Thursday for Drumright, Okla., where they will make their home. They have a host of friends in this county who regret their departure, and wish them the best of fortune.

In the annual conference for the West Texas district of the Methodist church held at San Antonio Goldthwaite church was given a place on two of the quadrennial boards. Will H. Trent was selected as a member of the Church Extension Board and R. M. Thompson was made a member of the Board of Mission. Both are to serve three years.

The remains of Elmer Cozort were brought here from Rockwood, Coleman county, Monday evening and were interred in the cemetery at this place Tuesday. The young man lived here a number of years and is kindly remembered by many of his boyhood friends. The family moved from here to Brown and later to Coleman county and he was employed at the ship yard at Orange at the time he became ill. He returned to his home and died in a few days after reaching that place. The bereaved family have the sympathy of their Mills county friends.

GROVER KIGHT DEAD

Grover C. Kight died at his home in Bisbee, Arizona, Monday and his remains were brought to Mills county for burial in Harza Valley cemetery.

Mr. Kight grew to manhood in this county and had a host of friends here. He was married a little more than a year ago to Miss Alldredge daughter of Dr. Alldredge, and she with other relatives and many friends mourn his death.

CEMETERY WORKING

All who are interested in the Mohler cemetery are requested to meet at that place on Tuesday, Nov. 19, for the purpose of doing necessary work on the grounds. Come prepared to spend the day and work. J. S. BECK.

Mrs. F. N. Irwin, county chairman for the women's work in the Fourth Liberty Loan campaign, has received from Mrs. E. B. Reppert, chairman for the Eleventh district, a communication conveying to her and the other ladies who assisted in the campaign an expression of the hearty appreciation of the district committee as well as her own thanks. Mrs. Reppert says that fully one third of the subscriptions to the loan were secured by women.

Conrad Evans has been here from Fort Worth this week visiting his parents, Mr. and Mrs. J. C. Evans.

RETAIL PRICES

FIELD SUPERVISION AND PRICE SECTION PROTECT RETAILERS AND PUBLIC

Administrator Peden, under orders from Washington, has inaugurated a new department to be known as Field Supervision, with Chas. L. Desel as director. The field staff consists of F. T. Shepard of Washington, general field supervisor; John DeLesdnerier, Charles O. Oliver, S. B. McDaniel and Henry Joost as field inspectors. The field staff is now in North Texas. A second department recently inaugurated as a check upon retail prices is the Price Section, under John H. Regan. He is also Director of Education.

Tremendous energy and driving power is required to cover these two departments, as the sixteen districts in Texas would stretch over twenty-seven states like Massachusetts, New Jersey, Connecticut, Maryland, Vermont, New Hampshire and Rhode Island. The border line of the State extended in a straight line would reach from Chicago to Paris. Forty counties in the State are larger than the State of Rhode Island; while the area of Texas, covered by the two new departments, exceeds the total area of all the States bordering on the Atlantic coast from Maine to North Carolina, inclusive.

Texas has 150 Price Interpreting Committees with a personnel of 1,000 men and women. These committees issue Fair Price Lists on an average of once a week. The Lists appear in the local newspapers and are the recognized guide for selling by the retailer and buying by the consumer.

For Sale—I have two lots in Dalhart, Texas, to sell or trade for other property in Goldthwaite. The title is good and taxes paid on the lots. Any one interested come to see me.—Mrs. J. W. McAlexander.

Jack Saylor went to Portales Saturday night to visit his brother, J. A. Saylor, who has recently undergone an operation for an affection of his lower jaw bone. His condition is not satisfactory and a second operation will likely be necessary.

WAR WORK CAMPAIGN

The War Work campaign is in progress and returns indicate that the county will "go over the top" as in all previous drives. The rain has somewhat interfered with the work in the towns and rural communities and there has been considerable sickness, which has also retarded the work but in the wind-up the people of Mills county always do their full share and will do it in this matter. It was expected that a report of the names of the contributors to the funds could be published in this issue, but a number of communities and committees have not yet made reports, therefore, it was thought best to wait until next week for the report.

There is a question in the mind of many as to the date that will be proclaimed a holiday in commemoration of the cessation of hostilities in the world war. The armistice was signed at the 11th hour of the 11th day of the 11th month and many suggest that as the proper date for celebration, if the Eagle's guess, however, is that the date on which peace terms are actually signed will be the time proclaimed as a holiday.

Announcements made by Secretary McAdoo that the people need not expect a decrease in federal taxation for many years, as the government expense will necessarily be double and may be four times as much as it was before the war, while the interest on the outstanding obligations must be met and a sinking fund provided. This generation will not likely see a decrease in any form of taxation and may see it materially increased.

Much has been said recently about our natural resources and the importance of conserving and using them wisely. It is but right and just that our attention be called to this, as we are likely to forget the importance of our natural resources and our dependence upon at least some of them. But the great progress the world has made in recent years is more a result of human ideals and human efficiency than the natural resources at hand. The same natural resources that we have today existed many years ago. The soil was as fertile then as now, much of it virgin and far more productive than it is today. Why the difference in wealth and civic progress? The people are more intelligent and ambitious and more proficient at their various tasks. We owe our greater achievements in agriculture, art, science, etc., to greater human efficiency. The men and women today who are successfully in managing farms, directing great industries and exalting human life are not drunkards, gluttons or libertines. They are efficient because they have healthy bodies, clean minds and high ideals.—Farm and Ranch.

EMBLEMS OF DEATH

New York, Oct. 23.—Several thousand cases of German made toys arrived here today.—Associated Press.

Toys? For whom. For the innocents carried down when the "Lusitania" sank? For those tear-eyed Belgian children which stretched forth little arms from which the hands were struck off by swords of German officers? For those French boys and girls with pitiful sightless eyes? For those whose little bodies rest in the churchyards of Italy, that died in pain from poisoned Hun candy? For those other children slowly starved to death in Poland or was asered in Armenia?

Toys? Toys made by hands to whom innocence and childhood are but toys to be played with and then crushed and broken? Toys whose very contact contaminates and leaves upon the touch of babyhood invisible clots of blood? As well bring a deadly serpent into the home to spew its venom on the cradle. Why shall we befoul and taint the purity of American childhood with a reminder of the fiendish treatment the Huns have gloried in ever since that fateful August of 1914? Can one even look upon a Noah's Ark "Made in Germany" and put from mind those hundreds of helpless innocents whose silken locks are twined with seaweed? Can one hold a German doll in her arms and forget the thousands dead from famine who once made glad a mother's arms? Can a boy find delight in the contortions of a Hun clown and forget those brave young men who writhed in agony when crucified on castle walls by these same Huns? Can a ball colored with the red of Huns fail to suggest the flame from bursting grenades hurled by arms uplifted in the attitude of "kamerad?"

Let those who would invite fearsome ghost into the home to hover round the Christmas tree buy German toys. If one would hang the boughs with evil omens, and bid the wail of agonized spirits float through the branches and fan the flickering flames of candles, let him buy German toys. Let those who can, make merry with the products of those very lands which even at this moment are eagerly filling with poison gases and deadly flames and hurling them against our own flesh and blood.

And what of the merchant who for sordid gain would barter these souvenirs of a loathsome nation and insult the loyalty of hisping lips? What could more delight the cunning Hun, what more quickly bring the sneering smile to cruel faces, or gladden heartless hearts, or encourage him to hope that even now we tolerate his brutality and welcome what he wants to sell? If now, when as a nation we are in universal condemnation of himism, yet do we hold out our hands to accept his wares, what will he think and with what measure shall he estimate the sincerity of our expressions of repugnance and horror at what he has done since the sun rose this morning? What mitigation can we claim in the thought that America was not yet overseas when these trinkets were fashioned? Even while the gaudy paint was yet fresh upon these trinkets were Belgian girls being dragged into slavery worse than death.

We do not lack for toys; toys by train loads, made in American factories by hands which are clean; toys also by carloads made by our ally in Japan, where child labor is sacred and love, not hate, is taught at mother's breast. Even were there no toys, far better our boys and girls should go without than find pleasure in the handiwork of a nation which made public holiday to celebrate the loss of the "Lusitania," and which in these days is steeped in the "glory" of manstrous ties. Could our little men who sacrifice many a childish pleasure to

About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.—For sale by L. E. Miller & Son. (adv)

MONUMENT SALE

A nice lot of Monuments and Markers at Close Prices. Can save you 15 to 25 per cent and give the very best material and the highest grade work. How? By eliminating the agent-commission-business, which means that amount saved for the buyer. Agents will tell you their firms can buy marble or granite cheaper than your home dealer and make you a better price, which is false and misleading, as we dealers pay exactly the same price for the same grade of stock. Figure with me before placing your contract, as I can save you money—and I guarantee my work. Will take feed or Good Stock in trade.

Obituary

The death angel came to the home of Mr. and Mrs. Fred Carpenter Nov. 5, 1918, and bore on his snowy pinions to blissful realms above their little babe. All that loving hearts and hands could do was done for it, but to no avail, for God had chosen it for His own and where it is His will human skill can do nothing. When we go into a garden to gather flowers we pluck the most beautiful buds to be found, and so it seems when God gathers flowers for Himself—He takes the choicest blossoms.

The little one leaves a father, mother, brothers and sisters to mourn its loss. We will say to the grief-stricken family: Our heavenly Father knows best and always does right. Your greatest comfort should be to think your babe is safe in the arms of Jesus; nothing can harm it now. Heaven will feel nearer to you now than ever before. Weep not, loved ones, for your darling will be at the beautiful gate to welcome you to its beautiful mansion, there to part no more. My prayer is that we shall all be drawn closer to Him by the going of this precious babe. May the Lord give grace to the bereaved family. I commend you to the grace of God.

Dear babe, I hope to meet you there,
When this earthly life is ended,
In heaven with sweet joy to share,
There by Jesus to be defended.

The little body was laid to rest in the Goldthwaite cemetery at three o'clock, Nov. 6.

A FRIEND,

Birthday Party

After many long shut-in days the wee tots enjoyed last Saturday afternoon, when little Jennie Adele Atkinson entertained with a party in honor of her fourth birthday. 'Twas a beautiful afternoon and more than thirty little boys and girls came, bubbling over with laughter and glee. Many little games were played, after which fruit and candy were served.

The little hostess was the recipient of many gifts which will for a long time remind her of her little friends and her first party.
A GUEST.

Just as the Herald and many good democrats predicted, government ownership of railroads has already shown the tendency to inject itself into politics. The democrat leaders have pointed to the high prices paid employes as being a reason why the democratic party should be continued in power. Are the people so foolish as to allow a system to be foisted upon this great country that will be such a political power as the government ownership of railroads? The two million employes on the railroads if voted solidly would perpetuate any party in power as long as the republic exists. And it will be used for that very purpose, too. Let us beware.—Hamilton Herald.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best. Get a 25¢ Box

With the Colors

The following letter to Mr. S. L. McCasland of Center City from his son, who is in the navy, will be interesting to Eagle readers, especially those who know the young man:

Shanghai, China, Oct. 7, 1918.

Dear Home Folk:
We arrived at Shanghai yesterday evening about four o'clock. Stayed out last night until ten o'clock, and loose from seven to twelve this morning.

This is a very beautiful town of 55,000 population—you can't imagine the number of them until you walk up the street. There were about 200 of us boys coming up the street and I think every one of the inhabitants tried to see us. The Y. M. C. A. is going to take us for a spin this morning over the town, which is real nice of them, and they gave us supper last night. We have been treated as nice as could be at every landing and I'm proud that I'm getting to see all this country.

If I ever get a chance at Fritz he had better duck, for I'm putting out every effort to be in shape for him. The boys that have been at Cavite say that we will be there two months, but of course they don't know, and just as soon as I get trained to manage the gun I'm ready to go, for I don't think the Germans have anything on us.

I'm still in the best of health and enjoying life. I wish you all could be enjoying life as I am, but I know about how life is at home; but be of good cheer, for we are going to lick Germany and do a clean job. Never fear for your son, for the navy isn't making a fool of him.

Well, I must close. Will write again soon. Hope you are all well.
ERCHER.
U. S. Navy Training Station,
Cavite, Philippine Islands.

Commissioners Court

Commissioners court met Monday and was still in session when the Eagle was put to press. The election returns were verified, the application for a pipe line thru the county was rejected and the petition for a road in Bulls Springs community was continued.

There was also some routine business.

Trains Schedule Change.

A change of schedule of the early morning passenger train is to be made Sunday morning in that it will arrive at the grand central depot in Goldthwaite at 7:12 instead of 8:03. The other trains will be continued as at present. However, the night train from Brownwood to San Angelo will be eliminated, as will the train which leaves San Angelo in the morning, reaching Brownwood at 2 o'clock in the afternoon. The train from San Angelo will be consolidated with the east bound thru train at night at Brownwood, the train crew will then remain over night in Brownwood to bring out the east bound train next morning.

Change of Officials.

On the Dec. 1, when the newly elected officials take the oath of office, there will be several "new faces at the window" in the court house. J. Everett Evans, the newly elected sheriff and tax collector, will have for his office deputy Mr. H. C. Ezzell, while Clyde D. Lane, the new county clerk, has named Miss Mattie Johnston as his deputy. Mrs. Keel, district clerk-elect, and A. T. Pribble, the incoming county attorney, are expected to enter upon their official duties Dec. 1, and the re-elected officers will take the oath of office again at that time.

Produce.

We are in the market for Turkeys. The price has been raised since we came into the market in all towns around Goldthwaite, showing our contention to be correct, viz: That Goldthwaite is the best produce market in west Texas; we make the price and the rest of the towns come to it. Why not trade at headquarters and show us you appreciate our efforts in your behalf? Don't Sell Until You See Us. We can save you money.

STAR SIFTINGS

By Our Regular Correspondent

Our delight and thankfulness for the victory over the hordes of Germany and her allies is simply beyond our words and actions to express, and the afterthought—what a world of work is yet to be done in helping and leading aright the deluded mass of human beings, and our enemies, that are left helpless and on the verge of starvation?

If our soldier boys are each given the privilege of receiving a Christmas remembrance, then something has caused us to wonder why but one permit has shown up here, when each family having a boy over there is expecting a request and the boys know that the folks at home are especially anxious to send this Christmas greeting. May show up yet.

The splendid rains have given us the best grain prospects that we have had since 1913—reports from those who know.

Mr. and Mrs. G. M. Pollard of McGirk received the sad news of the death of their son Roy Oct. 11 in France, caused by pneumonia. They have the sincerest sympathy of all and ever the consolation that their boy died in a cause that brings a blessing to future generations.

Frank Mills has been a several days visitor with friends and relatives, at the same time shipping stored household goods to Santa Anna, where with his mother, Mrs. Callie Mills, and family they will make their future home.

J. W. Bradley was a Wednesday visitor, purchasing and shipping wheat—for planting—to his Runnels county farm.

Uncle Jackie Shave wagoned over to Goldthwaite Tuesday on business and to attend the I. O. O. F. meeting.

Charles House, who came home to do his influenza suffering, made a success of the proceedings and returned to his carpenter work at Sour Lake.

We believe our judgment would stand in the court of last appeal at any baby show, so just call on "Miss Net" Hamilton to show you baby Mary Ruth Sargent of Balboa, Panama, and you will see the picture of a cherubim.

A letter to Mrs. Henry Morris states that her son Howard at Brownwood has been promoted to corporal and sent to Waco, also finds himself much pleased. Well, so are we, Howard.

John Carter, jr., is a serious sufferer from influenza-pneumonia. Doing fairly well.

John Tubb and family have finished moving and are pleased in their new home—the Webb residence.

Uncle Jack Bell, Lon Sheldon, Jepp Tubb and Tom Beal caused us to think we were in McGirk Monday instead of Star.

J. H. Randolph, Goldthwaite's popular lumber dealer, was a 2 day business caller, the guest of R. H. Patterson.

Prof. King Childress and wife of Prairie were enjoyable visitors with friends and relatives the past week.

A short and pleasing visit establishes the fact that Ed Mor-

ris is still in the land of liberty and enjoying life at Raftler.

T. S. Beck of Goldthwaite, accompanied by Rev. Henderson of Waxaha hic, were our interesting U. W. W. speakers Sunday. We regret to say the audience was not what it should have been.

Mr. and Mrs. Dave Morris are with Mr. and Mrs. Henry Morris since the burial of their son Ollie Tuesday week. Our hearts carry a sympathy inexpressible for them in their sorrow.

Mr. and Mrs. R. H. Patterson and Dick Jeske motored to Live Oak Sunday, where Mr. Patterson gave a U. W. W. talk. From there they went to Goldthwaite for the address by Adjutant Starbuck.

Profs. Goodnight and Neighbors failed to reach their destination for the U. W. W. meeting Sunday on account of mud and regret it. We feel like boasting of this mud since our droothy ordeal.

Don't worry. Uncle Sam will be as efficient in returning our boys as he was in taking them over there.

Mrs. M. N. Brinson was the enjoyable guest of Mrs. T. D. Hamilton Tuesday, while the judge was on an official visit to our excellent school.

Messrs. Dave and Henry Morris left Wednesday to be with Mr. Sam Morris of Brownwood, who is seriously ill with pneumonia. He is reported as doing as nicely as can be expected.

Star wood buyers are boasting (?) about paying from \$10 to \$12 per cord for heater and stove wood. If you can get a few sticks to show up above the wagon bed, it's a "shore sail" (!).

Lant Adams and T. E. Hamilton accompanied B. Slaughter, W. A. Hawkins and Jim Slaughter to Goldthwaite Wednesday evening en route to their homes, after their sad mission of attending the bedside, death and burial of Mrs. Zillie Slaughter.

D. Slaughter gives up his work at Houston and will remain at home to take up, with Miss Arle, that part of love and care of mother and father given up in death, and they are assured of the love, help and sympathy of the entire community.

Since taking up the pleasant work of representing Star in the Eagle only a few months past, I have recorded seemingly a death every other week, though a few not occurring here, the death was one who was known and had loved ones living here.

Though practically a stranger in each instance, I almost could see the heart throbs of our little village, which would help me in my feeble attempt to not only speak for them but at the same time offer a sympathetic and consoling word. Death should not bring a heart-breaking sorrow, for when a loved one has accepted the promises that God has given to all and then answers the final summons, we have the sweetest and the only healing consolation to our grief and sorrow. If they die without the promise of eternal life—then oh, that grief (I have suffered this loss of a loved one with

Christ unconfessed). Can her children, her brothers and her friends accept and realize just this one sentence? Mrs. Slaughter accepted the promises of Christ. She was a Christian and leaves us here to follow her, where she in her life hoped for that eternal life with friends and loved ones. Our hearts go out to each of the family and especially to the little ones who lose the unfinished mission of a father's and mother's love (Mr. Slaughter died July 8).

Mrs. Zillie Slaughter died Monday morning at 10:15 and was laid to rest in Hurst cemetery at 5 p. m. Elder Hall of the Christian church delivered the funeral sermon at the grave, with a large attendance Mrs. Slaughter (nee Roberts) was born in Van Zandt county February 8, 1870; married John F. Slaughter at the age of fifteen years and moved to Star about 1891. She is survived by six children, also five brothers. Her children and four of her brothers—Henry, John, Albert and Ed Roberts of Wills Point—were present when she died. Mrs. Slaughter was loved and esteemed by all who knew her in her life of consecrated devotion to her husband, home and children. Her death was caused from influenza with complications lasting about eight days, thus coming as a shock to the entire community. We can not pay full tribute to the life of this mother in words, neither can we express our sympathy to the family, which comes from overflowing hearts.

Messrs. Henry, John, Albert and Ed Roberts with sorrowing hearts left Tuesday evening for their home at Wills Point.

CARD OF THANKS

Messrs. Henry, Johnnie, Albert and Ed Roberts desire to express their sincere thanks to the people of Star and surrounding country for their kindness and attention to their sister, Mrs. Zillie Slaughter, and her family during her illness and for the kind attention given her after her death. They are all deeply grateful for the many acts of kindness and in this expression they are joined by the other members of the bereaved family.

CARD OF THANKS

The members of the family of Mrs. H. R. Graves desire to express their thanks to the people of Goldthwaite, as well as San Antonio and elsewhere, for the kindness shown them and the care given her during her illness. The kind attention and solicitation and sympathy of their friends caused them to feel indeed grateful to their neighbors and other friends.

MILK SUPPLY DEPENDS ON DAIRYMEN UNITING ON THE MARKETING OF PRODUCT

A shortage in the supply of milk has been apparent for some time in Texas, and the Food Administration has observed the question of decreased milk supply with great concern. Certain factors, however, entered into the shortage which could not be met: First, a world shortage in feedstuffs and a consequent premium for feed; second, a shortage of labor due to labor conditions and heavy drafts upon the dairy industry by war industries and the military.

The government alone took over 85 per cent of the evaporated and condensed milk for the military. This gigantic order threw a heavier burden upon the distributors of milk and shortages have developed in many districts, due to the reduction in the use of canned milk, when the actual supply of local milk has not been altered.

Administrator Peden, believing that scarcity of feed and a depletion of the ranks of dairy labor by war industries and the military were the chief elements responsible for the shortage in the supply, felt it best to leave the matter with the consumers and the dairies to adjust; but complaints have become so general and the fact established that children and babies needing milk are undergoing hardship because of a lack of it, he determined upon a statewide inquiry.

Reports from the sixteen District Administrators, with headquarters in the principal cities of Texas, indicate that the situation is less acute in East Texas than in South, West and North Texas. The general report is that the shortage and high price of feedstuffs is a dominant factor; next that of labor; third, complex, instead of concentrated systems of delivery; fourth, the normal decrease in the milk supply during the winter months due to dairy cows becoming dry; fifth, discouragement of many dairymen because of increasing regulation of their industry by health departments and a hesitancy to adapt themselves to the changing order.

Holding the view that the problems of the dairymen are in common over the State, and with the purpose of making local experiments in order to decide just what the situation is at large over Texas, Administrator Peden, jointly with Mayor A. E. Amerman of Houston, called a conference of dairymen of Harris County in Houston on October 22.

The principal suggestion growing out of the conference was that the dairy industry should organize locally to study and best develop the industry, instead of following an antiquated program of distribution; that when the issue of feed is involved it might be thoroughly taken up with the distributors of feedstuffs, arrangements be made for standard grades and dependable deliveries, and a lot of lost motion be permanently eliminated.

The Houston conference indicated very clearly that the larger cities of Texas must sooner or later come to the distribution of milk through the large distributors and the complex and duplicate deliveries, not excepting their uncertainty, must give way to a method under municipal regulation. Indications, too, pointed to the fact that inspection of milk, pasteurization of milk, the safeguarding of the consumer must be taken into account as a procedure which sanitation and health demand be increased rather than diminished, and that the dairymen must move forward with progress.

Organization of the dairymen, adaptation to the sanitary code, co-operating with each other in the marketing of their product, and joint arrangement for their feedstuffs, joining hands in developing their dairies and plants, and moving forward with the times is the only answer to the question: How shall the milk supply be increased, and how shall the dairymen get a decent livelihood out of it?

AMOUNT OF FAT IN CREAM FOR RETAILERS AND CONSUMERS RESTRICTED TO 25%

Rule One, Special License Regulations 22 have been amended by wire from Washington, as follows:

"No licensee of the Food Administration shall sell sweet cream which contains more than 25 per cent butter fat to consumers or retail distributors of cream, provided that this rule shall not prevent the licensee from selling sweet cream containing more than 25 per cent to manufacturers for manufacturing purposes."

SAVE FOOD

The sternest task yet set for the people of the United States, in the opinion of the highest authorities, is the shipment this crop year of 17 1/2 million tons of food.

So many million tons of food does not mean much to the average citizen; if it was thousands or billions it would look about the same to the man in the street. Translated into performance it is a tremendous undertaking. We shipped to Europe in the last year close to twelve million tons of food. Now from a stock, not materially larger, we are pledged to send half as much again.

That means saving—saving hard, saving every day and every meal the year round. It means scientific saving in each household, that it may be done without impairing the health or strength of our people—and all from the stock of food now in hand.

There is no leeway in this program. While the allies have been put on an equal footing with the United States in the supply of bread, the program in general requires them to tighten their belts once more after four years of privation. This is the least that will meet the emergency of war. Whatever is sent for the victims of war, released from German bondage, is additional.

The shipment can not be made by shifting from one food to the other. All food must be saved. The surplus can not be created by eating corn instead of wheat; the corn also is needed—we can not dip very much into the supply of feed for animals, because it is in the same boat with bread grains.

Relying on food supplies out of the ordinary, will help some, but it won't solve the problem. Rabbit stew, eggs, oysters, nuts and raisins, used instead of meat, somewhat increase the general stock, and so far the substitution is all to the good. But that will not accomplish the main purpose.

Calculations show that 95 per cent of our sustenance is from staples. We can not make up the enormous deficit in staples from the fringe of food stuffs. The main reliance is always on staples and the main saving must be made in staples.

This is the basis underlying the new home card which will serve as a daily reminder to our people of the pledge made in their name and with their assent to sustain the allies during the war, in health, comfort and courage, and send help quickly after the war to those whose need is greater than ours.

On the face of it, the thing is impossible. To send from the same stock of food as last year, half as much again—and we thought we were saving last year. What we are asked to do is to get down to the war basis—the same basis on which the people of Europe have sustained themselves for four years, though without their privation.

It can be done. Even in Belgium where the supplies of the Relief Commission have been the only resource, the health of the population has been maintained; the death rate shows it. We have larger resources, a more varied diet; it will not be necessary for us to depend on a daily dole of stunted rations. It is necessary to make every ounce of food count, every morsel contribute its last bit of nourishment.

Approaches Damaged

The high water last week damaged the approaches to the river and bayou bridges, as well as that of Blanket creek bridge. This will not be serious or expensive if the repairs are made at once; but if there is any considerable delay it may become both serious and expensive.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel perfectly harmless and

BEEF CATTLE ON FARMS

Much emphasis has been placed upon hog raising, especially during the war, when the demand for cured meats is so strong. This is right and no one who is familiar with the needs of our country for meat would underestimate the importance of pork. It sees that few people realize the critical situation now confronting us for beef. Beef is still a very important item in our meat supply. While it is not as easily cured and as easily transported with armies as pork it is nevertheless a very essential food and without a sufficient supply would cause suffering.

Hogs increase faster than cattle; they are more economical feeders than cattle. Consequently farmers who have not the pasture and grass for beef may raise a few hogs every year. Besides less expense in land, building, etc., is required for raising pork than for beef.

The ranchmen have had very trying difficulties for two years. The seasons have been so unfavorable that they have not been able to meet the demands that war have brought.

If we are to have beef during the war and immediately afterwards farmers must raise a few beef cattle. The large ranches will no longer be able to supply the country, and the country must have beef.

Every farmer who has facilities should begin now and raise a few calves of the beef type. The country is vitally concerned. And it is believed that those who raise our future beef supply will find it remunerative.—Exchange.

ARIZONA MINE BOSS LAY HELPLESS WHEN WIFE GOT TANLAC

Was Six Feet Tall And Got Down To Where He Weighed One Hundred And Sixteen Pounds

"I lay helpless when my wife ordered our first bottle of Tanlac from El Paso, Texas," writes Harry E. Scott, of Dragoon, Arizona, in telling of his remarkable recovery.

"Mr. Scott's letter was addressed to C. F. Moss, a well-known druggist of Benson, Ariz., who has the Tanlac agency for that town, and was forwarded by Mr. Moss to the Tanlac offices in Atlanta. His letter follows: Dragon, Arizona.

Mr. C. F. Moss, Benson, Ariz., Dear Sir:

"As you expressed a desire to hear more about my case, I will try and tell you part of it. I was down and out nearly all the time for two years with rheumatism and stomach trouble, and went to eight doctors, two of whom were osteopaths. Three of them refused to take my case, saying it was incurable, and others might as well have done so, as they did me no good. I guess I have taken a barrel of medicine externally and internally. I also went to Hot Springs and out of all that was ever done I never got over one week's relief at a time.

"After going down to one hundred and sixteen pounds—which is very light for a six-footer—I kept getting worse until I couldn't move, even to feed myself, had no desire to eat and couldn't sleep more than two hours a night. Some of the officials of the mine, of which I am foreman, would call to see me and then go out and say, "Poor old Scott, I guess he has fixed his last man." My wife thought I would never get out of bed alive and she knew my condition better than anyone else.

"At last when I lay helpless, my wife ordered a bottle of Tanlac from El Paso, Texas, which was the nearest place we could get it at that time. One evening about four days after I began taking Tanlac, I ate a fair meal and enjoyed it, the first in many months. By the time I had taken half of the first bottle I thought I had a good appetite, but when I had finished my second bottle I could hardly eat enough to satisfy me. Well, I have just finished my ninth bottle, have gained eighteen pounds and am back on the job every day.

"I have converted lots of sufferers to the 'Tanlac Route' and it affects them all as it did me—their stomach trouble, nervousness and rheumatism—all yield to Tanlac. Mrs. Scott and myself are willing to go before a notary and make affidavit as to the truth of every statement in this letter, which you are at liberty to publish for the benefit of others."

Yours very truly, HARRY E. SCOTT. Tanlac is sold in Goldthwaite by L. E. Miller & Son. (adv)
