### IF

If we can get ten days of dry weather it will give great relief to those having grain to thresh. If it continues to rain the loss of grain will be heavy. The grass and weeds are growing above the tops of the shocks. If nothing happens to the cotton crop some person is going to crowd a bale per acre. If we could have gotten a bead on the future twelve months ago would we not be going some now? If E. F. Casey had known he was going to fall in the creek when he caught at the pole the fish pulled loose from the bank he would have fixed it more firmly to the bank. If T. D. Johnson knew Casey and Cobb had been fishing this week and made a big catch he would be ready to tell you something.

If the boys had known they were going to be caught they would not have been caught.

If you hear a new whistle blowing don't get alarmed, as Farmer's gin is liable to run any day.

If the girl who made a confident of that scape-goat of a boy instead of her mother, had known the sad results, mother would have been more precious to her.

If Brother Bob had not told in last week's Eagle what the man said about ye scribe's articles I don't know whether he would write this week. A little puff helps.

If the man who said so many sharp, cutting, mean things to his wife had known she was going to die so soon would he have said it?

If the parents who introduced card-playing in their homes had known it would make gamblers of their boys would they have done so?

If the devil can catch your boy and drag him down to ruin he will do so and then laugh at your folly for slackening on the lines and letting him go.

If all of us would resolve to quit all bad ways, magnify the good, be true to each other and to God, the wheels of progress would unclog and roll us on to brighter, happier days and ways. If you say so we will try it.  
H. C. COBB.

### HAPPY HEARTS

D. L. White and Miss Minnie Vaughn were married at the residence of Mr. Joe Curtis in this city Wednesday night, Elder Speck officiating. The young people have many friends in this city who are glad to offer congratulations and good wishes to them.

Mr. White lived here for several months and was engaged in the garage business with his father and brothers. He is a fine young man and has the esteem of all who know him. The bride is a daughter of Dr. I. L. Vaughn and has a large circle of admiring friends.

The happy young couple left Thursday morning for their home at Henrietta, where Mr. White is engaged in the garage business.

### OIL WELL REPORTS

The Texas Production Co. expected to "spud in" at the new location on the Loeklear place, west of the bayou, yesterday morning. All is in readiness for rapid work and the company expects to put the well down without delay.

Drilling has been resumed on the well in the Long Cove section, which was down about 1500 feet at last reports with encouraging indications.

A report came in Thursday of encouraging developments in the Cryer well, west of Mullin. It was said a considerable showing of gas and oil had been struck.

The Ware-Heywood well is going down as rapidly as possible. Double crews are being worked and it is thought the well will soon be completed.

The Sunday closing law is again the occasion of much concern. The attorney general has ruled that the law forbids the sale of cigars, cold drinks and the like and the moving picture show folks in some places claim they will insist upon the strict enforcement of the law if they are not allowed to keep their places of amusement open.

The Attorney General's Department rendered an opinion to the effect that a person otherwise a qualified voter is entitled to vote in any county election in such voting precinct of the county as he resides in on the date of the election, and is not required to live in such precinct six months unless such voting precinct is within a city of 10,000 population, or more.

Methodist preachers in Texas, Oklahoma, Louisiana and New Mexico opened the Soldiers' Memorial Building campaign last Sunday for the memorial building to be erected at Southern Methodist University in Dallas. Preliminary reports received in the campaign headquarters indicate that the fund is meeting with success.

A Seattle, Washington, report says that a man by the name of Delmas, who was sergeant-major in the British army and wears a Victoria cross for bravery in the war, has been arrested in that city charged with being an escaped convict from Texas. The report says he escaped from the penitentiary in 1912 and joined the British army; was discharged four years later, was re-arrested and again escaped and returned to the army service. If the report of his actions is true he will, doubtless be pardoned immediately.

## RELATING TO CONFEDERATE PENSIONS AND INCREASING TAX RATES FOR PAYMENT OF SAME

House Joint Resolution No. 35, Proposing an amendment to Section 51 of Article 3 of the constitution of the state of Texas to provide that the legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (8.07) cents on the \$100.00 valuation of property in this state for the payment of such pension, providing that the legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof:

Be it resolved by the legislature of the State of Texas:

Section 1. That Section 51 of Article 3 of the constitution of the state of Texas shall be amended so as to hereafter read as follows:

Sec. 51. The legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipalities or other corporations whatsoever, provided however, the legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of this state since January 1, 1910, and to indigent and disabled soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the state of Texas during the war between the states served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the state of Texas who were in active service during the war between the states and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1866, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this state under any existing law or laws hereafter passed by the legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the confederacy under such regulations and limitations as may be provided by law, provided the legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the constitution of Texas a state ad valorem tax on property of seven (8.07) cents on the \$100.00 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the state of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the legislature may reduce the tax rate herein levied. And provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on Tuesday after the first Monday in November, A. D. 1919, at which all voters shall have printed or written on their ballots, "For amendment of Section 51 of Article 3 of the constitution authorizing the legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this state since January 1, 1910," and "Against amendment to Section 51 of Article 3 of the constitution, authorizing the legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The governor is hereby directed to issue the proclamation for said election and have the same published as required by the constitution and laws of this state, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this state not otherwise appropriated for expenses of publications and elections thereunder.

### ARE YOU NERVOUS?

Maybe There Is a Cause For It That You Can Correct

Many who suffer from backache and weak kidneys are naturally irritable, fretful and nervous. Not only does constant backache "get on the nerves," but bad kidneys fail to eliminate all the uric acid from the system and uric acid irritates the nerves, keeping one "on edge," and causing rheumatic, neuralgic pains. When suffering so, try Doan's Kidney Pills, the medicine so well recommended by Goldthwaite people. Read this Goldthwaite resident's statement:

Mrs. N.E. Knight, Goldthwaite, says: "I have been using Doan's Kidney Pills for a good many years when troubled with my kidneys. Sometimes the pains in my back were unbearable and I had a drawing down feeling. I also had headaches and was very nervous at times. I was bothered with the too frequent action of my kidneys, too. Since I have become a user of Doan's Kidney Pills, I have been relieved of all that trouble. Occasionally, I take a few doses to tone up my system and I always get good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Knight had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

S. J. Tullos returned the first  
of the week from a business trip  
to Corsicana.

L. B. Burnham of Rye Valley  
section was here Tuesday, look-  
ing after business matters.

Miss Fay Cockrum went to  
Galveston Tuesday for a visit to  
her uncle, Sam Templin, and  
wife.

J. M. Adams was one of the  
good men of Star who transacted  
business in this city the first of  
the week.

W. P. Rochelle of San Saba  
boarded the train here Tuesday  
for Tennessee and Mississippi to  
spend a couple of months with  
relatives.

J. R. Cooke was here from  
Winters the first of the week,  
looking after business affairs.  
He formerly lived here and has  
lots of friends who are always  
glad to meet with him.

Oil on the streets makes travel  
about town disagreeable for a  
few days, but the final outcome  
will be decidedly beneficial, for  
the dust will be kept down and  
the streets made firm.

Ed Jenkins, a prosperous young  
farmer living north of town and  
an appreciated friend of the  
Eagle, brought us a watermelon  
Tuesday that was a delight from  
every standpoint. It was one  
of the largest we have seen this  
season and one of the most deli-  
cious. Mr. Jenkins is noted  
for growing fine watermelons  
and this was one of his best.  
His crop is yielding well this  
year and he will make good  
money out of it.

Just one more week until the  
great San Saba fair opens. This  
is one of the best, if not indeed  
the best, county fair in Texas.  
They have an ideal location by  
the river side, in an immense  
grove, which gives plenty of  
shade and water, which are  
very essential elements for a  
gathering in the summer time.  
The exhibits at this fair, while  
not as extensive as at the state  
fair, are equal in quality. Mills  
county will be well represented  
at the fair Aug 12-15.

Mrs. Everett Evans and chil-  
dren visited at Santa Anna the  
first of the week.

Tom Montgomery writes to  
have the Eagle sent to him at  
Banquet, Texas.

When you have visitors, go  
for a trip or know any other  
local item tell the Eagle.

Miss Sophia Martin returned  
Sunday from a visit to relatives  
and friends in Hamilton and  
Shive.

In a write-up of a two days  
celebration at Barnhart, R. E.  
Downey, editor of the Ranch,  
says: "Then there was Dave  
Gentry, 'the friend to man.'"  
Dave lived down in the free  
state of Mills when first we  
knew him and even now says  
that is the greatest country in  
the world, save only Irion coun-  
ty. He is county tax assessor  
and all round good citizen."

Our good friend A. F. Mc-  
Gowan of Rock Springs com-  
munity brought us a fine lot of  
delightful peaches Monday. They  
were beauties and some of them  
weighed a half pound each and  
measured 10 1/2 inches in circum-  
ference. This not only proves  
that Mills county can grow as  
fine fruit as can be found any-  
where, but it also proves the  
Eagle has some of the best  
friends in the world and Mr.  
McGowan is one of the most  
highly appreciated.

**PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES**

Senate Joint Resolution No. 23.  
A joint resolution proposing and submitting to the people of the state of Texas an amendment to Article sixteen of the constitution of the state of Texas by adding thereto a new section and authorizing the city of Galveston and county of Galveston to issue bonds for protective works, irrespective of constitutional limitation, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds principal and interest, providing for a sinking fund and creating an emergency.

Be it resolved by the Legislature of The State of Texas:

Section 1. The city of Galveston and the county of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to and irrespective of any provisions of the constitution of the State of Texas limiting tax levies and governing bond issues, and for that purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for such purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two percent, as a sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein defined; provided, however, that that portion of Galveston county not lying within the corporate limits of the city of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the city of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston county outside of the corporate limits of the city of Galveston; provided that no such bonds issued by the city of Galveston shall be valid unless such bond issue and tax levy be authorized by a majority of all qualified tax paying voters of the city of Galveston voting at an election to be called for that purpose by the mayor and board of commissioners of said city of Galveston.

Sec. 2. The governor is hereby directed to issue the necessary proclamation for submitting an amendment to the constitution to the qualified electors of the state of Texas on the first Tuesday in November, 1919, being the fourth day of November, 1919. Those favoring the amendment shall have written or printed on their ballots the words, "For the amendment to Article sixteen of the constitution of the state of Texas, authorizing the issuance of bonds by the city and county of Galveston." And those opposed to the said amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the constitution of the state of Texas, authorizing the issuance of bonds by the city and county of Galveston."

Sec. 3. The sum of five thousand (\$5,000.00) dollars, or so much thereof as is necessary, out of the funds in the state treasury not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out of the provisions of this resolution.

GEORGE F. HOWARD,  
Secretary of State.

**A SERIOUS ACCIDENT**

J. W. Hill met with a serious accident Wednesday evening near his home in the South Bennett community. He was driving home in his car from town and when he reached South Bennett creek he missed the crossing in some way and his car went over the bluff. He jumped before the car turned over and was thereby saved from serious injury, but was painfully hurt by the fall. The car caught against a tree and was pulled out the next morning but little worse for the accident. Mr. Hill remained at the place of the accident all night, unable to get home and was discovered Thursday morning by Mr. Dennis, who was hauling grain, and was assisted to his home and a physician summoned. The first report of the injuries to the gentleman was quite alarming to his friends, but we are glad to know the injuries were not nearly so serious and it is expected he will be all right in a few days.

### AN OLD FAULT FINDER

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that acts regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. (adv)

### SCHOOL FUND DEPOSITORY

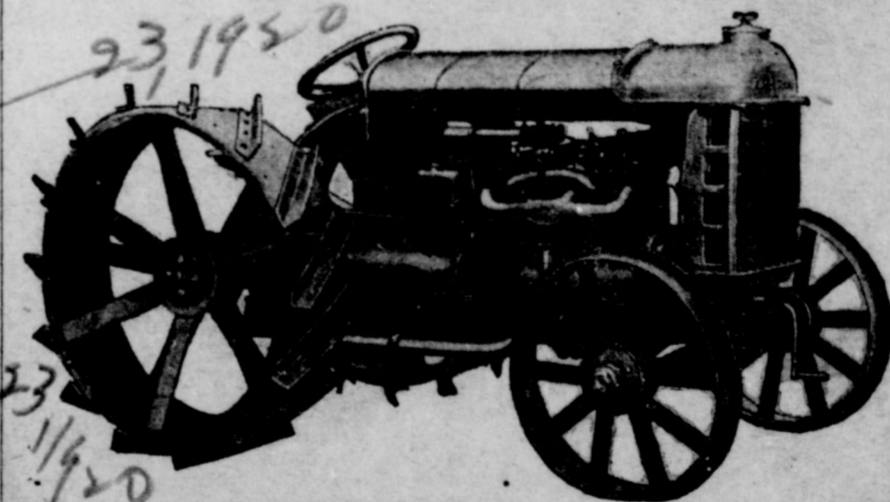

Notice is hereby given that, in accordance with the law passed by the 29th legislature providing for and regulating depositories for public funds, the school board of Goldthwaite, Texas, independent district, will, at its meeting to be held in said city of Goldthwaite on Monday night, August 25, 1914, receive proposals from any banking corporations, association, or individual banker in said city who may desire to be selected as the depository of the funds of the said school. All bids shall be delivered to the president of the board on or before August 25, 1914, at noon. Said bids shall be sealed and shall state the rate of interest that said bidder offers to pay on the funds of said school district for the term between Sept. 1, 1914, and Sept. 1, 1915, and shall be accompanied by a certified check for not less than one-half of one per cent of the school funds of said district for 1914 and shall otherwise comply with the law regulating depositories. The school board will publicly open all bids at the meeting of said board on Monday night, August 25, 1914, and reserves the right to reject any and all bids submitted.

### TRAVELING MAN'S EXPERIENCE

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man. (adv)

## FORGET YOUR GRAIN MONEY WITH THE NATIONAL BANK

Steph... 2 weeks... how come... on you need it. ER, President.

of sary... and pay up all back dues... then pay up promptly at least once a month in the future. When one subscriber falls behind with his dues it increases the burden on all who are paying. You may think that what you owe is a small amount and would make very little difference if it was never paid and it would not if you were the only one, but when you take in consideration that quite a number owe similar sums it amounts to a great deal in the aggregate. Don't wait for a collector to hunt you up, come to the office and pay promptly. I would regret very much to discontinue the service to any patron, but we can not afford to keep serving those who are not paying their dues.

Many of the country lines are in very bad condition and I wish to appeal to every shareholder in a country line to make a special effort to repair such lines and put them in good order. This is of vital importance because bad service will render the Rural system unpopular.

I truly hope that each patron of the Rural Telephone company in Mills county will join in a strong united effort to make this system a blessing to themselves individually and to the county generally. I have implicit confidence in the citizens of Goldthwaite and Mills county and will depend on their cheerful co-operation.

There will be a meeting of the shareholders of the company at our office in Goldthwaite next Monday afternoon at 2 o'clock, when officers are to be elected and other business transacted. All patrons of this system, whether in the town or country, are cordially invited to be present at the meeting, no matter whether they have stock in the company or not.

JNO. W. ROBERTS.

### PROTECTION OF GRAIN

Several farmers protected themselves against loss to their growing grain by hail with a hail policy and many others wish they had taken the protection offered them, but waited too late.

Corn, cotton, cane, maize, etc., can be protected the same as small grain by a hail policy.

I now offer you protection against fire on your grain while standing in the field uncut, cut, shocked, stacked, sacked or stored in your granary anywhere on your farm, one policy covering in all these conditions.

Also tornado protection after grain is in granary or barn. The rates are very reasonable on this class of insurance.

I am also prepared to take care of your insurance needs in all respects, whether in city or country.

I can get bonds for those who have to give bonds of any kind.

Notary work is also done, and will appreciate your business.

W. A. BAYLEY, Agent, Goldthwaite, Texas.

GEORGE F. HOWARD.  
(Attest—A True Copy.)

In those states where cider-making apples grow with something of the surety and lusciousness that peaches do in the South, the farmers have been in some degree immune to prohibition laws. Either the laws have specifically exempted cider-making for home consumption, or, when they have not, the farmers have exercised the theory that to forbid the transmutation of their unmarketable apples into cider would be to deprive them of their property without due process of the law. This constitutional exegesis has long been prevalent in Maine, Vermont and New Hampshire. Hence it is in the form rather than in the substance of prophecy that Ex-Speaker Cannon delivered himself when, to quote the Associated Press dispatch, he "warned the House it could not enforce a law which said a man could not make a barrel of cider at his own home or drink it." The former speaker, the dispatch also testified, "has stood with the prohibitionists." But his prohibitionism is tempered with an intimate knowledge of human nature, and especially with that variety of it which is manifested in the rural communities of Illinois. It is easy to forbid the making of cider, but it is hard to prevent the making of it in those states where the apples grow plentifully and get to be big, juicy and sweet.—Dallas News.

**Starts your liver without making you sick and can not salivate.**

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

**VICTORY IN PRIVATE LIFE**

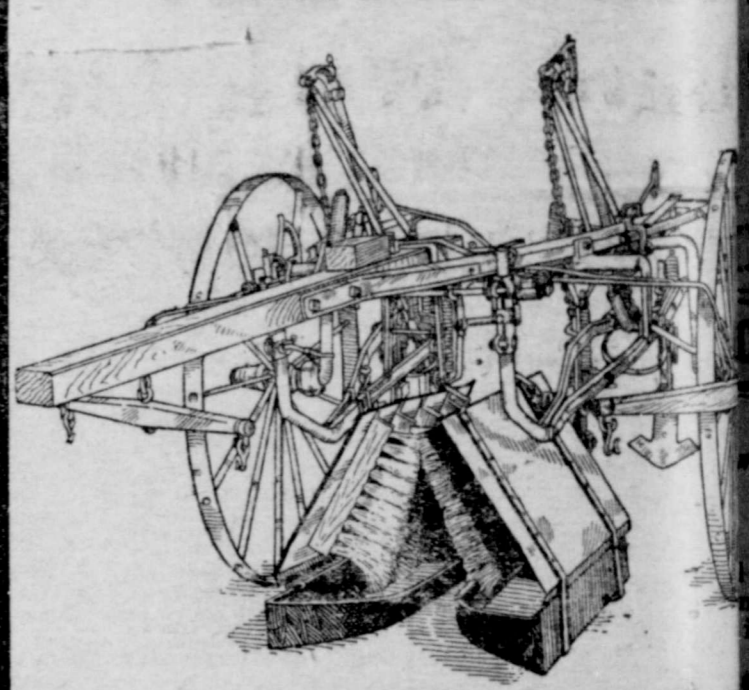

It is unfortunate that many young people are inclined to minimize the work of private individuals on farms, in homes and in the various divisions of business. The passion for public honor where there is more or less authority has grown very rapidly in this country. When will we as American people realize that the "royal family" of patriots reside on our farms and in our cities and towns and make it possible for our influence as a powerful force in the world?

The war has greatly increased the number of salaried positions under the government and the various states. These salaries are in many instances tempting to young men and young women who have never realized the low value of money in buying a living in the cities and towns. It is quite true that the government and the states are paying liberally, all things considered, but unless our farms produce this revenue and the other industries serve them in a mutual and economical manner there will be no positions and our country must cease to be a power for democracy.—Exchange.
